The Crown Agents for the Colonies are appointed by the Secretary of State for the Colonies, and act as commercial and financial agents in England for all Colonial Governments which do not possess an Agent-General. The self-governing colonies cannot avail themselves of the services of the Crown Agents and have established Agents of their own. The Crown Agents are paid by fixed salaries settled by the Secretary of State and derived from moneys paid by the colonies for services rendered. The office is self-supporting. The accounts are audited by the Audit Office and rendered to the Secretary of State.

## THE MOON'S PHASES.

The Moon's phases (pp. 13-18) are given for 75th Meridian Time as the time adopted in the Island, excluding the Jewish Calendar.

## SUNRISE AND SUNSET.

The mean time of sunrise and sunset for every day in the year, given in the Calendar above, has been computed for the latitude of Kingston and includes the correction for the Equation of Time and for refraction. It is local mean time for every place on the parallel of 18° N.; and to obtain standard time of sunrise and sunset at any place in Jamaica, the longitude of that place (in time) less 5 hrs. must be added to the time given in the calendar. Thus for Kingston, 7 mins. must be added, and for the Morant Point and Negril Point Light Houses, 5 and 14 min. must be, respectively, added to obtain standard time of sunrise and sunset at these places.

## EQUATION OF TIME.

The equation of time is a correction which must be applied at noon to *apparent* time, or time obtained from observation of the Sun, in order to obtain local *mean* time.

The last column in each month of the calendar above gives this correction for every day in the year. Care must be taken to add or to subtract the correction according to the precepts.

For instance on Jan. 4th we must add 5 min. to the time shown by a good sundial in order to obtain local mean time; but on Oct. 4th we must subtract 11 min., and so on.

To obtain standard time as adopted in Jamaica (see p 13) for any place under consideration, the longitude of that place (in time) less 5 hrs. must be added to the local mean time.

## TIDES ON THE COASTS OF JAMAICA.

The rise and fall of the tides round Jamaica do not exceed 16 inches.

From the late Mr. Charlton Thompson's observations in Kingston harbour it appears that there are two kinds of tides on the coasts of Jamaica. The first and more important kind are *diurnal*, giving high and low water once in every 24 hours; they occur when the moon's declination is greater than 9° north or south. The second kind are *semi-diurnal*, giving high and low water twice in every 24 hours; they occur when the moon's declination is 9° or less, north or south.

For the diurnal tides, when the moon's declination is north, the time of high water does not greatly differ from the time of the moon's lower meridian passage; and when the moon's declination is south, the time of high water does not greatly differ from the time of the moon's upper meridian passage.

For the semi-diurnal tides the times of high water do not greatly differ from the time of the moon's upper and lower meridian passage.

In Kingston harbour the range of the diurnal tide is only 8 inches; and the range of the semi-diurnal tide is only 3 inches; but these small ranges are frequently obscured by larger irregular fluctuations in the ocean level which cannot be attributed to the action of the sun or moon. Further particulars will be found in Weather Report, No. 227.

## ECLIPSES IN THE YEAR, 1923.

## 1. A Partial Eclipse of the Moon, March 2-3, visible in Jamaica.

| Eclipse ends, upper limb (at sunset) | .. | 6.12 p.m. |

The northern limb of the Sun will be visible as a thin crescent, about 2' arc in max. width, and about 1/16 of the Sun's diameter.

The northern limit of totality will be about 130 miles to the south of Jamaica.

## LATITUDE AND LONGITUDE OF KINGSTON.

During the years 1875 and 1876 the latitude and longitude of Kingston were determined by Commander F. M. Green, U.S.N., with great accuracy.

The station at Kingston was 12 feet west of the centre of the pedestal on which the statue of Lord Rodney was then mounted, and on which the statue of Sir Charles Metcalfe now stands, at the lower end of King Street, near the market-place and overlooking the harbour.

A tablet was inserted in 1893 by the Institute of Jamaica in the north side of the pedestal which states that the above-mentioned longitude refers to a point 12 feet west of the centre of the pedestal.

The latitude of this station was obtained from 43 observations of pairs of stars, by means of an instrument suited for the purpose. It was a combination of a transit-instrument and a zenith-sector. The latitude thus found was 17° 57' 41.0" N.

The longitude of this station was determined by telegraphic signals between Greenwich and Washington, Washington and Key West, and so on to Havana, Santiago de Cuba and Kingston; the latter three sections forming part of the work conducted by Commander Green, U.S.N. The longitude thus found was in arc 76° 47' 39.8" west of Greenwich; or in time 5 hr. 7m. 10.65 sec.

By notice in the Gazette, January 18, 1912, the Governor approved of the adoption of Standard Time in Jamaica, namely Mean Time on 75th meridian west of Greenwich. On 1st February accordingly the chronometer of the Jamaica Time Service was put forward 7 minutes 11 seconds and all Railway and other Government clocks were similarly regulated.

Standard time, correct within a few seconds, is supplied to the Post Office, and as often as may be required to other Government Offices in Kingston.

## THE MAGNETIC DECLINATION.

*(Or Variation of the Magnetic Needle in Kingston.)*

About the year 1890 the variation was decreasing rapidly; then it was found in 1895 that the rate was diminishing; and further observations in 1906 render it necessary to readjust the former table.

| Year. | Observed variation East.     | Year. | Observed variation East. |
|-------|------------------------------|-------|--------------------------|
|       | ° ' "                        |       | ° ' "                    |

## PART III.

### DESCRIPTION OF JAMAICA.\*

THE island of Jamaica is situated between 17° 43' and 18° 32' N. lat., and 76° 11' and 78-20' 50" W. long., about 5,000 miles to the south-west of England, 100 miles west of St. Domingo and 90 miles south of Cuba, 445 miles north of Carthagen and 540 miles from Colon.

Jamaica is bounded on the north and east by that part of the Caribbean sea which separates the islands of Cuba and Hispaniola from Jamaica and which at its north-eastern part is called the Windward Passage, the waters of which mingle with those of the Atlantic Ocean. On the south and west Jamaica is washed by the Caribbean sea.

The islands of Grand and Little Cayman, with Cayman Brac, are situated the first about 170 miles and the second about 130 miles and the third about 120 north-west of Negril Point. The Pedro Bank and Cays commence about 40 miles south of Portland Point and extend westerly for 100 miles; this bank is about three fourths of the size of Jamaica. The Morant Cays are 32 miles from Morant Point in a south-easterly direction. These several islands and cays, together with the Turks and Caicos islands, are all dependencies of the Island of Jamaica.

The nearest part of the continent of America to Jamaica is Cape Gracias a Dios, in the Mosquito Territory, which is 310 miles south-west of the west-end of Jamaica.

From its central situation as regards the other West Indian islands and the fact of its being in the direct track between Europe, and the United States and the Isthmus of Panama, Jamaica furnishes special advantages and conveniences for trade and commerce between these points.

The aboriginal Arawak name of Jamaica, *Xaymaca*, which it has retained till to-day, is supposed to imply an overflowing abundance of rivers.

The extreme length of Jamaica is 144 miles, its greatest width is 49 miles and its least width (from Kingston to Annotto Bay) 21½ miles. The island is divided into three counties and fourteen parishes, namely:—

| SURREY.       |               | MIDDLESEX.       |               | CORNWALL.        |               |

giving a total of 4,450½ square miles, equal to 2,848,160 acres, of which only about 646 square miles, or 413,440 acres, are flat, consisting of alluvium, marl and swamps.

#### GENERAL GEOLOGICAL FORMATION.

The foundation or basis of the island is composed of igneous rocks, overlaying which are several distinct formations.

#### COUNTY OF SURREY.

The coast formation is of white and yellow limestone: the interior consists chiefly of the metamorphosed and trappean series, with carbonaceous shales and conglomerate. The greater part of this county is very mountainous; the only flats are the plain of Liguanea (north of Kingston) and the valleys of the Morant and Plantain Garden rivers, and smaller flats at and near the mouths of the other chief rivers. Mineral deposits are numerous in the mountain districts. Iron, copper, lead, manganese and cobalt have been found and worked to some extent, but no profitable industry has been the result. Marble of good quality has also been found at the head of the Blue Mountain Valley.

The only volcanic formation in the island is that at Lowlayton and Retreat estates in the parish of Portland, a mile from the sea; there is, however, no defined crater, and the volcanic materials are the only evidence remaining.

\* The description was originally written by Thomas Harrison, Surveyor-General

## COUNTY OF MIDDLESEX.

The parish of St. Mary exhibits a great diversity of formation, consisting of white and yellow limestone, carbonaceous shales, metamorphosed, porphyritic, granite and conglomerate rocks, with many mineral-bearing rocks. The district of St. Thomas-in-the-Vale is of granitic formation, overlaid considerably by cretaceous and white limestone and marl beds.

St. Catherine possesses an extensive alluvial flat stretching from Kingston harbour to the boundary of Clarendon; the rest of the parish is of white limestone.

In Upper Clarendon the metamorphosed trappean and conglomerate series prevail; the central districts are of white limestone, and the southern part, with the district of Vere, is alluvium, and embraces an area of about 132 square miles, which is the largest continuous flat in the island. The mineral deposits of upper Clarendon are considerable, and, it is believed, offer a fair field for mining enterprise.

The parishes of Manchester and St. Ann consist almost entirely of white limestone.

## COUNTY OF CORNWALL.

The parish of St. Elizabeth has an extensive area of alluvium from the boundary of Manchester to the boundary of Westmoreland, narrowing so considerably at Lacovia that the north and south limestones nearly meet; much of this flat is covered by swamp.

In the north-east of the parish there is also an extensive flat called the Nassau valley. The rest of the parish is white limestone with some patches of yellow limestone.

The parish of Westmoreland also presents extensive alluvial deposits and marl beds. The north-western part of the parish furnishes trappean rocks with yellow and cretaceous limestone. The eastern part is chiefly white limestone with some trap formations at the head of the Great River.

In Trelawny the district called "The Black Grounds" consists of trap formation. The rest of the parish is of white limestone with some alluvial valleys; that called "The Queen of Spain's Valley," on the borders of and extending into the parish of St. James, is remarkable for its picturesque beauty and great fertility.

The interior of St. James presents a trappean formation, with some overlaying yellow and cretaceous limestones. The rest is of white limestone with some alluvial deposits round the coast.

The eastern part of Hanover is chiefly white limestone, and the western part black shale, with some metamorphosed rocks and yellow limestone \*

## MOUNTAIN RANGES.

The surface of the island is extremely mountainous and attains considerable altitudes, particularly in the eastern part where the central range is known as the Blue Mountains.

The following table will give a general idea of the area in square miles embraced in the different zones of elevation, above sea level, in the several parishes:—

For a more complete account of the geology of the island see Sawkins's "Geology of Jamaica," and Hill's "Geology and Physical Geography of Jamaica."

From the above table it will be observed that a great diversity of climate is obtainable. From a tropical temperature of  $80^{\circ}$  to  $86^{\circ}$  at the sea coast the thermometer falls to  $45^{\circ}$  and  $50^{\circ}$  on the tops of the highest mountains, and with a dryness of atmosphere that renders the climate of the mountains of Jamaica particularly delightful and suitable to the most delicate constitution.

The midland parts of the island are the highest. Through the county of Surrey, and partly through Middlesex, there runs the great central chain which trends generally in an east and west direction, the highest part of which is the Blue Mountain Peak attaining an elevation of 7,388 feet.

From this range subordinate ridges or spurs run northerly to the northside of the island and southerly to the southside; these ridges in their turn are the parents of other smaller ridges, which branch off in every direction with considerable regularity and method; and they again throw off other ridges, until the whole surface of the country is cut up into a series of ridges, with intervening gullies.

Many of the subordinate ridges vie with the main ridge in importance and elevation; such, for instance, as the great ridge starting from Catherine's Peak, above Newcastle, and passing through the parish of St. Andrew in a south-easterly direction, culminating at great elevations at Newton and Bellevue, and expending itself at Albion in the parish of St. Thomas. Also the ridge known as Queensberry Ridge, starting from the Blue Mountain Peak, passing by Arntully, Belle Clair and Windsor Castle, where it is known as Coward's Ridge, and extending to the sea at Belvedere and Creighton Hall, to the north of which place it forms the conspicuous mountain known as Yallahs Hill, 2,348 feet high. On the northern side of the island three great ridges may be mentioned, one extending from the Blue Mountain Peak through the parish of Portland dividing the waters of the Rio Grande from those of the Swift River, and expending itself at St. Margaret's and Hope Bays. Another starting from Silver Hill, dividing the waters of the Buff Bay and Spanish rivers, and the other very high ridge extending from Fox's Gap at the boundary of St. Mary and Portland, north-easterly, culminating in a conspicuous elevation called Haycock Hill, 2,500 feet above the sea, and terminating on the coast near Dover.

The John Crow Mountains, which run in a north-westerly and south-easterly direction in the parishes of Portland and St. Thomas, divide the Rio Grande valley from the eastern coast of the island. They form a plateau of about 2,000 feet elevation rather than a mountain range. In their higher parts they are a barren, waterless tract of limestone formation; much of it covered by the sharp rocks known as honeycombed rocks, over which it is almost impossible to walk. These mountains may be said to be an offshoot from the great central range which, from the depression known as the Cuna Cuna Pass, north of the town of Bath, turns suddenly north and forms itself into this plateau.

The central range suffers a considerable depression at Stony Hill, in the parish of St. Andrew, where the main road to the north side crosses it at an elevation of 1,360 feet. Here the range is divided into two ridges; one of limestone formation, extending westerly through the district known as Mamme Hill, reaches a conspicuous elevation known as Lunan Mountain, at Highgate, in St. Catherine, and expends itself at Bog Walk; the other, which is the continuation of the central dividing ridge, is of granite formation and extends in a north-westerly direction. It passes the district of Lawrence Tavern and Mount Charles, where it commences to form the boundary line between the parishes of St. Mary on the north and St. Catherine on the south-side; continuing north-westerly it passes Pear Tree Grove and turns suddenly to the south-west at Windsor Castle and Decoy, and it then joins the limestone formation at Guy's Hill and Middlesex township, continuing as a well-defined range to Mount Diablo, where the main road crosses it at an elevation of 1,800 feet. It continues on to Holly Mount, a little beyond which it unites with the St. John's range, which forms the eastern boundary of Lluidas Vale.

From this point, although these mountains continue as a separate range, they become irregular and broken, chiefly on account of their limestone character, and with this formation they extend through the parish of St. Ann, expending themselves in the Cockpit country to the east of the district called "The Black Grounds," from the rich black soil in contra-distinction to the red soil, of Manchester, in the parish of Trelawny. To the south of this locality, along the borders of Clarendon and Manchester, the trappean series is again met with and two great inland rivers flow there.

Running in an irregular north-westerly line, almost parallel with the last range of mountains described, is another limestone range which may be said to commence from the western bank of the Rio Minho or Dry River above Lime Savanna, and, forming first the range known as Mocho Mountains, it includes the Whitney valley and joins the Manchester Mountain range at Cumberland. Thence trending north-westerly it

passes through the northern district of Manchester and enters the parish of St. Elizabeth at Hector's River Sink; thence it continues on to Accompong and becomes lost in a peculiarly wild formation of what is usually known as Cockpit Country. In this quarter, and extending for a considerable distance into the parishes of Trelawny and St. James, the Cockpit land bids defiance to the traveller.

This formation is of white limestone, sharp, irregular and jagged, with little earth, and formed into a series of circular arenas like inverted cones with extremely irregular sides but preserving the circular formation throughout and terminating in most instances with a sink hole in the apex.

These arenas are of all diameters, from half-a-chain to two and three chains. The ridges or edges where these cones unite are of course, very irregular and sharp, presenting very steep or vertical rocks of considerable height. Such a country may be said to be almost inaccessible.

The May Day and Carpenter's Mountains pass through the parish of Manchester in a diagonal direction. Commencing at the Round Hill in Vere at the south-east extremity of Manchester, they traverse the parish to its north-western angle, where they join the main ridge near the Hector's River Sink; one off-shoot forming the Nassau mountains of St. Elizabeth.

The Santa Cruz mountains in the parish of St. Elizabeth run parallel with the Manchester mountains. They commence at the sea at the precipice called The Lover's Leap, 1,660 feet high, and terminate near Lacovia, where the passage of the Black River produces a break in the hills. These mountains, as well as those of Manchester, are justly considered to be very salubrious.

Another range of mountains, a continuation of the same line as the Santa Cruz Mountains, commences above Lacovia, to the north, and extends to Mulgrave near the line of St. James, and traverses the parish of St. James in a northerly direction, terminating in the hills south of Montego Bay.

The last and most westerly range of mountains, extending through Westmoreland and Hanover, commences about the locality called Middle Quarters and extends northerly, with some irregularities, to Chesterfield at the head of the Great River, which forms the boundary between St. James and Westmoreland; it then trends north-westerly to Chester Castle and Knockalva, near the boundary of the parishes of Westmoreland and Hanover and then westerly, culminating in a conspicuous hill called Dolphin Head, with an elevation of 1,816 feet, and terminating in several small ridges towards the west end of the island. There is also a coast line in Westmoreland called the Bluefields or Surinam Range commencing at Middle Quarters in St. Elizabeth and extending towards Savanna-la-Mar.

## RIVERS AND GENERAL DESCRIPTION.

The numerous rivers and springs which abound along the coast in most parts of the island to a considerable extent justify the name of "The Land of Springs," although there are extensive districts in the midland and western parts of the island singularly barren of water.

When it is remembered that the chief range of mountains, or back-bone of the island, runs generally east and west, it will be easily understood that the chief rivers, starting from the northern and southern slopes of this range, would generally run, the ones northerly, the others southerly, to the sea. There are some exceptions to this general rule, the chief of which is the Plantain Garden River in the parish of St. Thomas, which, rising in the Cuna Cuna Mountains, runs southerly in its upper course, but suddenly meeting the coast range of hills turns easterly, and flowing through the fertile district to which it gives its name, empties itself at Holland Bay. Another is the Montego river, which, although it flows northerly in its upper course, turns westerly through the greater part of its flow, discharging at Montego Bay.

There are interior rivers (which have no outlet) which are also exceptions to this general rule, such as the Cave and Hector's rivers.

While most of the rivers have generally either northerly or southerly directions, it must not be forgotten that the subordinate ridges which are nearly at right angles to these lines will produce subordinate streams, meeting the rivers on their eastern and western banks.

In consequence of the great elevations from which most of the rivers flow they are very rapid in their descent, and, in times of flood, become formidable torrents, sweeping everything before them and operating as dangerous obstructions to the traveller. Many of these rivers now, however, have substantial bridges erected across them.

Some of the chief of these are the Plantain Garden river already mentioned, and the Morant and Yallahs in the parish of St. Thomas. The Rio Grande, in the parish of Portland, is one of the finest rivers in the island; it flows from the northern slopes of the Blue Mountains. The Back and Stony rivers, two of its great affluents, furnish not only some of the lofiest and most picturesque waterfalls but the wildest and most romantic scenery in the island.

It was on one of these naturally fortified ridges, nearly surrounded by the Stony River that the notorious Nanny, the renowned Maroon leader, held out against the regular troops about the year 1739.

All the upper part of the parish of Portland remains unsettled to the present time in consequence of the steepness of the country and the want of roads, but there is no other part of the island richer in valuable timbers and other natural productions, and possessing greater advantages for the growth of coffee, cacao and cinchona than this district. The character of the soil and climate is the same as that of the St. Andrew and Port Royal Mountains where the best coffee is produced, but where the coffee fields are fast wearing out.

The other rivers of Portland are the Swift, Spanish and Buff Bay, all possessing the same character as the Rio-Grande.

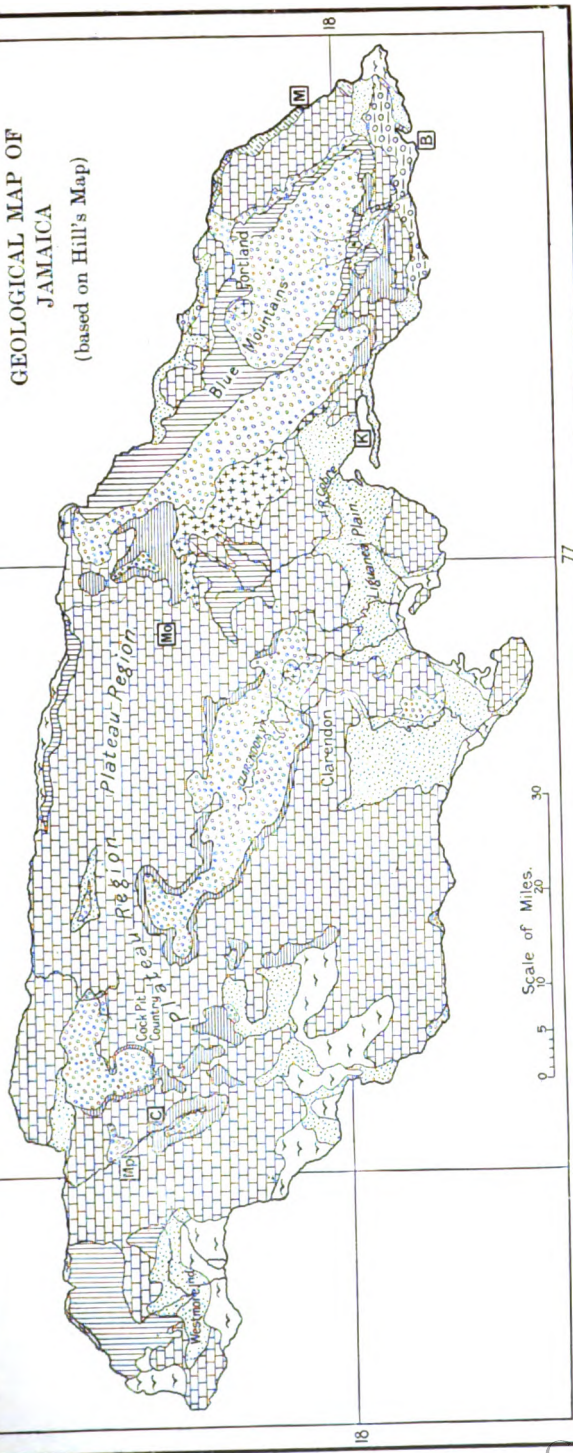

In St. Andrew there is the Wag Water (corruption of Agua Alta) river, which, rising in the mountains behind Stony Hill, runs through the parishes of St. Andrew and St. Mary, debouching at Annotto Bay. The Hope river rises in the hills around Newcastle and joins the sea at the sixth mile stone from Kingston on the windward road; from this river the city of Kingston and district of Liguanea receive part of their water supply. From the Above Rocks district of St. Andrew flow the sources of the Rio Pedro, a large tributary of the Rio-Cobre, which, with its numerous affluents, traverses the parish of St. Catherine. The gorge known as Bog Walk, through which the Rio-Cobre flows, is remarkable for its picturesque scenery. This river is utilised for irrigating the plains of St. Catherine, and for the motive power for the Kingston electric tramways.

The rivers of St. Mary, besides the Wag Water, are the Dry River, the Annotto, the Port Maria, Oracabessa, Rio Nueva and the White river, which latter forms the boundary between the parishes of St. Mary and St. Ann.

The volume of water in the White river is considerable, and the great cascade above Industry and the fall at Prospect are very grand and form objects of attraction to visitors.

The parish of St. Ann, being chiefly of limestone formation, furnishes no rivers of any consequence in the interior. The sea coast rivers are numerous; the Roaring river and the Llandoverly river possess large volumes of water.

The cascades on both these rivers are very beautiful, particularly those of the Roaring River where the main road crosses it. In the yellow lime-stone and granite formation at Guy's Hill the Great River flows and sinks at Middlesex township, rising again at intervals of from 12 to 23 years at Rio Hoe, where it forms the Moneague Lake; which receives additional water forced up on Unity Valley, Riverhead and Falmore, the waters of which disappear in sink holes at Walton, Rio Hoe.

The Cave and Hector's rivers near the junction of the parishes of Clarendon and Manchester with St. Ann and Trelawny, and, running in opposite directions form the northern and southern boundaries of these parishes respectively.

The Cave river, with its affluent the Yankee river, flows easterly, sinking at Greenock estate; thence it is supposed to have a subterranean course of  $13\frac{1}{2}$  miles or more and, rising near Dornock pen with considerable volume, is called Rio Bueno, and, with a course of  $6\frac{1}{2}$  miles to the sea, forms the boundary between St. Ann and Trelawny.

Hector's river runs westerly and, after a course of about 12 miles terminates in several sink holes in a wild and broken country. This river again makes its appearance at Oxford, in Manchester, where it goes by the name of One Eye river, and, again sinking there, it passes through a ridge to the north of the Bogue Hill and rises in considerable body at Mexico and Island estates, from which point to the sea it is called the Black river. This is certainly the finest river in the island. With a tortuous course of about 44 miles it debouches at Black-river bay near the town of that name. It is navigable for boats of considerable size for a distance of about 25 miles, and is used for conveying the produce of a large district to the sea.

The Black river receives several tributaries of considerable size, which are also partially navigable, such as the Y. S., Broad, Grass and Horse Savanna rivers.

The Rio Minho, or Dry river, rises with numerous tributaries in the Clarendon mountains, and, flowing through the entire length of the parish of Clarendon and district of Vere, discharges near Carlisle Bay.

In consequence of, the arenaceous character of the soil the water of this river sinks a little below Longville estate, 16 miles from the sea. The lower part of this river, say from Seven Plantations estate to a little above the Alley in Vere, is, therefore, usually dry, except a considerable spring at Parnassus estate where the water flows for a short distance; the water appearing a little above the Alley flows to the sea. In floods this is a most formidable river and formerly, when "down," (as the expression is) all communication along the south side of the island was cut off, until an iron bridge was erected across the river at May Pen.

The Cock Pit and Salt rivers are short but deep rivers. The Milk river, a very fine river, navigable for some two miles, supplies a system of canals for the irrigation of Vere. A considerable quantity of logwood and fruit is shipped from it.

Along the foot of the Manchester mountains considerable water rises and, with short channels, flows to the sea. The largest of these rivers are the Alligator Hole, Swift and Gut rivers.

Trelawny furnishes only one river of importance; this is the Martha Brae river. This river rises at Windsor in the interior of the parish and seems to be the waters of the Quashie and Mouth rivers, as well as many other small streams which are interior rivers that rise and sink in the black grounds. The Martha Brae is a fine river, navigable for some distance up, and discharges to the east of Falmouth.

The Montego river rises in the trap formation near Maroon Town and is there called Tangle river. It sinks and re-appears, and after receiving numerous tributaries, enters the sea southwest of the town of Montego Bay. The Great river is the boundary of St. James next to Hanover and Westmoreland. It is a long river, but has few tributaries, the Lamb's and Seven rivers being the chief.

The rivers of Hanover are the Flint, Maggoty, Lucea (east and west), Lance's, Davis, Cove, Pell and Green Island rivers; none of these are large rivers or demand any special notice.

In Westmoreland the chief river is the Cabaritta. This is also a very fine river and, with its tributaries, the Thicket and Morgan's rivers, waters the alluvial districts of the parish. There are also the Dean's Valley or Sweet river, from which the town of Savanna-la-Mar is supplied with water, New Savanna and Negril rivers.

#### CAVERNS.

The limestone formation, prevalent in Jamaica, furnishes many caverns and sink holes of great size and grandeur the chief of which is the beautiful cave at the place

called Cave Hall pen, two miles east of Dry Harbour, near the main road. This cave is of great length and has two branches: the various apartments are designated grottoes, halls, domes and galleries; and the stalactites and stalagmites, formed by the dripping of calcareous water, glittering in the torch light, impart a magical effect to the scene.

The Grand Cave at River Head in St. Thomas-in-the-Vale is a very remarkable place. The Rio Cobre, after sinking at Worthy Park, emerges from this cave. It is of great dimensions and in former years was a favorite resort for picnics; it is traversable, with the assistance of a raft to cross some deep water, for a distance of over a quarter of a mile, until the "floodgate" is reached where the water gushes from the rock.

The cave at Mexico, in St. Elizabeth is probably the longest in the island; it is nearly a mile from the One Eye Gulf to Mexico Gulf (the mouth of the cave). The One Eye or Black river passes through this cave.

It has been explored for some distance in, but, in consequence of some deep bodies of water obstructing the passage, less is known of it than of the cave on the Rio Cobre. A thorough exploration of this cave would be most interesting.

The Peru Cave, also in St. Elizabeth, is very beautiful, and the stalactites and stalagmites here show to great effect. There is also a very fine cave at Mount Plenty in St. Ann, which can be traversed for a distance of ten chains; it has two branches and the vaulted chambers are particularly fine. At some distance from the mouth it is illuminated by a sink hole from the top.

Another very fine cave is that from which the Mouth river flows in the black grounds of the parish of Trelawny. There is also a remarkable cave near this at Spring Garden. The cave at Portland, in Vere, is very fine and used formerly to be a great place for picnics.

There is also a remarkable cave and subterranean river at Epping Forest in the parish of Manchester.

There are numerous other caves of smaller dimensions throughout the island. Sink holes, as already stated, are also very numerous. The Light Hole at Tingley's in St. Ann is a sink hole on a large scale. This is a great arena of vertical rocks some three or four chains in diameter and of considerable depth, with large trees growing at the bottom.

Many of the sink holes and caves throughout the island have springs at the bottom, such as the Governor's Cave at Healthshire; a sink hole near Fort Clarence opposite Port Royal; a cave near Salt River and one at Swansea on Lluidda's Vale.

#### MINERAL SPRINGS.

THERE are many mineral springs in Jamaica, some of them possessing valuable qualities for the cure of various diseases and infirmities of the body.

The two principal are, the spring at Bath, in St. Thomas in the East, and the spring at Milk River, in Clarendon. Both of these are treated of separately in another part of this work.

In the Parish of Kingston, at Rockfort, there is a mineral spring at the sea edge, but it is not believed to be of any specific medicinal value.

In St. Andrew there are two Springs. One is a series of springs which come to the surface at Rock Hall Estate, near the Ferry and form the source of the Salt River. The other, at Silver Hill in the Blue Mountains, was formerly known as the Jamaica Spa, and was maintained as a Government Institution. The waters are chalybeate aerated, cold, tonic; beneficial in most cases of debility, particularly after fever, dropsy and stomach complaints. A full account of this Spring is given in Dr. Phillippo's "Mineral Springs of Jamaica."

In St. Thomas in the East, the spring at Bath has already been alluded to.

At Garbrand Hall there is a series of warm springs. On the Adam's River, about  $\frac{1}{2}$  of a mile south of Downer's Hut Gap on the main range, there is a spring which belongs to the Crown.

At Moffat there is a spring on the White River, a tributary of the Negro River.

In Portland, on the Guave River, about one mile north of Downer's Hut Gap, on the main range there is a spring which belongs to the Crown.

A spring formerly at Golden Vale disappeared after the Earthquake of 1907. A spring also referred to in the past as being at Priestman's River, cannot now be discovered.

In St. Mary, a spring at Quebec, mentioned by Dr. Phillippo, does not now exist.

In St. Ann there is a spring at Windsor, which at one time was very popular, people coming from all parts of the Island to get the water.

In Hanover, there is a Hot Spring at Buxton on the Cabaritta River.

In Westmoreland, the spring alluded to as Rickett's Savannah, cannot now be identified.

In St. Elizabeth, there is a Sulphuric Spring at Lower Works near Black River.

The Bath of Milk River in Vere in the parish of Clarendon has already been alluded to.

In St. Catherine, there is at St. Faith's in the St. John's district a spring on "Good Hope." The spring at Port Henderson was once a favourite bath for the inhabitants of Spanish Town.

An analysis of the water of the spring at Manatee Bay is given by Dr. Phillippo.

### POPULATION AND VITAL STATISTICS.

It may be interesting to notice the gradual increase in the population of Jamaica since the earliest period when there was any authentic record. The first regular census was taken in the year 1844; although there had previously been approximate calculations as to the inhabitants of the island.

There is diversity of statement as to the Spanish inhabitants. In 1596 there were said to be only 120 Spanish inhabitants. In 161 the Abbot of Jamaica reported to the King of Spain that there were:—

|                   |    |    |    |    |                   |
|-------------------|----|----|----|----|-------------------|

|                   |    |    |    |    | <hr/> 1,510 <hr/> |

In 1633 there were about 300 men (Spaniards) who could bear arms. It was estimated that there were, in 1655, prior to the English occupation, about 1,500 Spaniards and 1,500 slaves. But Ramirez, the then Governor, talks of more than eight thousand souls scattered about the mountains—children, women and slaves. Long tells us that "in 1658 there were about four thousand five hundred whites and one thousand four hundred negroes." An attempt at numbering the people was made in 1660, when "the relicts of the Army" were put down at about 2,200, and the planters, merchants and others, as probably as many more.

On the 23rd of September, 1670, Sir Thomas Modyford sent to Lord Arlington a "Survey of the Island." by Thomas Tothill, Receiver General.\* The estimated population of the whole of the parishes was as follows:—

|  |    |    |    |    |                    |

In 1673, the inhabitants were thus classified:—

|          |    |    |    |    |              |
|----------|----|----|----|----|--------------|
| Whites—  |    |    |    |    |              |

d. Parliamentary Returns to the House of Lords, March, 1839.

In June, 1844, the first Census was taken by legally appointed Officers, when it was found that there were in the Island:—

|         |    |                |          |    |                |
|---------|----|----------------|----------|----|----------------|
| Males   | .. | 181,633        | White    | .. | 15,729         |
| Females | .. | 195,800        | Coloured | .. | 68,576         |
|         |    | <u>377,433</u> | Black    | .. | 293,128        |
|         |    |                |          |    | <u>377,433</u> |

In 1861 another Census was taken under an Act of the Legislature when the population was returned as follows:—

|         |    |                |          |    |                |
|---------|----|----------------|----------|----|----------------|
| Males   | .. | 213,521        | White    | .. | 13,816         |
| Females | .. | 227,743        | Coloured | .. | 81,074         |
|         |    | <u>441,264</u> | Black    | .. | 346,374        |
|         |    |                |          |    | <u>441,264</u> |

The total population by the Census of 1861 compared with that of 1844 showed an increase of 63,831 in the 17 years notwithstanding the two visitations of Cholera, one of Scarletina and one of Smallpox which occurred within that period. "These pestilences carried off between fifty and sixty thousand persons by over one hundred daily, while Cholera desolated."\*

During the ten years that followed there was no epidemic or other cause to affect the natural increase of the people and the numbers in 1871 were 64,890 in excess of those of 1861 namely:—

|         |    |                |          |    |                |
|---------|----|----------------|----------|----|----------------|
| Males   | .. | 246,573        | White    | .. | 13,101         |
| Females | .. | 259,581        | Coloured | .. | 100,346        |
|         |    | <u>506,154</u> | Black    | .. | 392,707        |
|         |    |                |          |    | <u>506,154</u> |

Compared with 1861 there was in 1871 a decrease of 715 white inhabitants, and increase of 19,281 coloured and 46,333 black inhabitants.

The population of Jamaica by the Census taken on the 4th April, 1881, was, 580,804, or 74,680 in excess of the population in 1871. The totals were—

|         |    |                |            |    |                |

## POLITICAL CONSTITUTION.

## HISTORIC NOTES.

In the first two years after Penn and Venables conquered the Island of Jamaica in 1655, control was by Commissioners. In 1657 Doyley governed by Court Martial. In 1661 Doyley was made Governor, with the advice of an *elected* Council. Later the Governor's Council was nominated by the Crown, in the main on the recommendation of the Governor. In 1663-4 the first elected House of Assembly met. Soon after this the Council had a dual existence as a Privy Council and, while the Assembly sat, as a legislative Upper Chamber. It kept the two sets of its minutes in the same minute book in chronological order. The Council was often recruited from the Assembly, and not unfrequently a patriot left the Assembly and became a King's man in the Council. There was constant jealousy between the Board (Council) and the House (Assembly).

Lynch in 1671 sent home "The present state of the Government of Jamaica, on the 20th of August, 1671." "His Majesty is sovereign and proprietor is stiled King, &c. and Lord of Jamaica; and the Governor and Lieutenant Governor are appointed during his pleasure. The present Lieutenant-Governor has a council of 14 of the best men in the island, viz., Major-General Jas. Banister, Sir Jas. Modyford, Colonels Thos. Modyford, John Coape, Thos. Freeman, and Thos. Ballard, Lieutenant-Colonels Wm. Ivy, Robert Byndlos, Chas. Whitfield, and Thos. Fuller, Major Anthony Collyer, Capt. Hender Molesworth, Lieutenant Colonel Robert Freeman, Secretary, and John White, Chief Justice; they may be suspended for misdemeanour, but the Lords of the Council of Foreign Plantations must judge if it is reasonable. There is an assembly numbering 18, viz., two from each of the districts of St. Catherine, Clarendon, St. Andrew, Port Royal, St. John, St. David, St. Elizabeth, St. Thomas, and North Side; these are chosen indifferently by the people, and make laws which are of force for two years, and ever after with the Royal Assent. The people look on it as their Magna Charta, that they shall be governed by these municipal laws and those of England, and not have anything imposed on them but by their own consents as in Barbadoes and the Caribbees."

In March, 1674 a Draught Commission for the Earl of Carlisle, appointed by his Majesty Governor of Jamaica, was offered to his Majesty by the Council for Trade and Foreign Plantations. The Council was to consist of 12 persons, seven to be a quorum. Vacancies to be certified to his Majesty by the first opportunity, meantime the Governor to fill up the number to nine, and no more, out of the principal freeholders of the island. With power to administer the oaths to each of the Council and Deputy Governor, and to suspend or expel any member of Council. Also with consent of the Council to call general assemblies of the freeholders, according to the custom of the island, whose representatives, duly elected, shall have power, with consent of the Governor and Council, to make laws as near as may be agreeable to those of England, which shall be of force for two years, and no more unless confirmed by his Majesty. To exercise a negative voice in the passing of all laws; to dissolve all general or representative assemblies, with consent of the Council, to establish courts of judicature, and appoint judges, justices, sheriffs, and other necessary officers, transmitting copies of all establishments for his Majesty's approval; to pardon offences before or after sentence, treason or wilful murder excepted in which cases he may grant reprieves till his Majesty's pleasure be known; to present to churches, chapels, and other ecclesiastical benefices; to levy and arm persons under his Government for resisting enemies by land or sea and transport them to any of his Majesty's Plantations in America for defence of the same from invasion of enemies, and to execute all things which to a captain-general belong. To raise and build cities, boroughs, towns, and fortifications, and arm them or demolish or di-mantle them; to erect a Court of Admiralty, and exercise all powers of a vice-admiral in those seas according to Commission and Instructions from Commissioners for executing the office of Lord High Admiral of England;

to grant lands on moderate quitrents, to hold fairs and markets, and appoint ports and havens, customhouses, warehouses. But not to dispose of any office granted by His Majesty under the great seal. All inhabitants of the island to be obedient to him, and in his absence to the Deputy Governor, who shall exercise all powers hereby granted. In case he shall happen to die or be absent, and there be no Deputy Governor upon the place, the present Council of Jamaica to take upon them the Government and execute this commission. And lastly to hold office during his Majesty's pleasure.

Money bills originated with the Assembly and were a constant source of dispute. In 1678-80 an attempt was made, by Carlisle without success, to force the principle of Ponnyings's laws (i.e. laws made in England) on Jamaica.

The Colony soon realized that it was desirable to have an agent to solicit its affairs in England, and Jamaica was so represented from 1664 to 1845, when the office was abolished. In 1797 the Assembly and Council quarrelled over the control of the agent.

In 1725 full legislative power was ceded to the colony in return for an annual subsidy granted to the King for the support of the civil government and subject to the proviso that no Act should be passed repugnant to the laws of England and that the Crown had power of disallowance within a limited period but the money bills and "tacking" were a constant source of trouble.

The antagonism shown by many of the planters first to the abolition of the slave trade and later to Emancipation created an attitude hostile to the colony in the minds of many politicians in England.

Emancipation in 1834 was met by many of the planters in an unsympathetic manner. At the same time it encouraged the black people and coloured population to take an interest in the political affairs of the Colony. The dissenting missionaries became their strong advocates, and thereby earned the enmity of many of the planting class.

The Assembly resented the action of the Mother Country in bringing the Apprenticeship system to an early conclusion in 1838, and regarded the legislating for the better government of prisons as an infringement of their rights. A deadlock ensued under Sir Lionel Smith, and a law was passed in the Imperial Parliament to arrange for government by the Governor and Council if the Assembly refused to act. Sir Charles Metcalf did much to throw oil on troubled waters; to reconcile the colony with the Mother Country, and to conciliate all classes of the colonial community.

In the Lieutenant Governorship of General Berkeley (1846) the British Act equalizing the sugar duties on British and foreign production raised the active hostility of the Assembly, and in a petition to the Queen was said to be "a flagrant violation of national faith, consistency and honour." And during the whole six years of Sir Charles Grey's administration (1847-53) a war of Retrenchment was waged. The treasury became bankrupt and a deadlock ensued, the Assembly declining to do any business with the Council. This state of affairs welcomed Sir Henry Barkly to the colony in 1853.

In 1854 an Act was passed for the better government of this island and for raising a revenue in support thereof. (Vic. 17 Chap. 29). By it the old council ceased to exercise its functions as a Legislative Council and a new Legislative Council was appointed consisting of seventeen members, the old members of the Council retaining their seats. The Council enjoyed like political powers and authority exercised and enjoyed by the House of Lords of Great Britain and Ireland. By the same Law the Governor was authorised to appoint three persons members of the Assembly, and one person a member of the Legislative Council to form an Executive Committee for the assistance of the Governor in the general administration of the finances of the island. No member of the Executive Committee was to be the holder of an office of emolument.

Sir Charles Darling (1857-62) fell out with his Executive Committee on the question of the intention of the government in passing the Act for the better government of the island which deprived the Assembly of the right to initiate the money bills, and they resigned.

The appointment of the Executive Committee had led to no permanent improvement, for after the first few years a constant struggle for place and power was maintained, and partisanship became more bitter than before. To use the words of Gardner, "The House of Assembly was generally felt to be a barrier in the way of all progress, and in no proper sense of the word could it be regarded as a representative body;" and Dr. Bowerbank, a former member, said it was "the curse of Jamaica." Its deliberations were often interrupted by scenes of confusion and strife.

Jamaica, with a population of upwards of half a million, was divided into twenty-three parishes or electoral districts, returning forty-seven members in all. But in 1864 the united registries showed only 1903 persons qualified to vote, and only 1,457 persons exercised their privilege.

With such small constituencies, as Gardner points out, it was an easy matter for any man anxious to obtain a seat to do so, and in parishes where bribery and corruption could not be supposed to influence the votes, there was no representation of the great body of the people for whom the assembly was assumed to legislate. That many upright and honourable men were elected by such small constituencies must be admitted, and yet such men occasionally complained to their intimate friends that they were fast losing their self-respect.

In 1864 the island was not prosperous, the American war had raised the price of American bread stuffs, and the Governor was at variance with the Assembly. Agitation ended in riot at Morant Bay on October 11th, 1865. The Commission which reported on the matter said that "the disturbances had their immediate origin in a planned resistance to lawful authority, which resistance was caused, in manifold ways, by a desire to obtain land free of rent, a lack of confidence on the part of the labouring class in the tribunals before which most of their disputes were adjudicated, and, in some cases, hostility towards political and personal opponents and a desire to attain their ends by the death or expulsion of the white inhabitants of the island."

After the suppression of the disturbances, Governor Eyre urged on the Legislature the unsuitability of the then existing form of government to meet the circumstances of the community, and the necessity of making some sweeping change by which a strong government might be created. The Legislative Council, in their reply, assured His Excellency that he "might confidently rely upon their giving their best consideration to any measure tending to establish that strong government so necessary for the well-being of this community" and the Assembly expressed their "full conviction that nothing but the existence of a strong government would prevent this island lapsing into the condition of a second Haiti." These assurances were followed by the passing of the 20th Vic., Chap. 11, declaring that "from after the coming into operation of this Act the present Legislative Council and House of Assembly, and all and every the functions and privileges of these two bodies, respectively shall cease and determine absolutely." Another Act was also passed in the same session declaring "that it shall be lawful for Her Majesty the Queen to create and constitute a government for this island in such form and with such powers as to Her Majesty might best seem fitting, and from time to time to alter or amend such government." Effect was given to these acts of the Colonial Legislature by an Act of Imperial Parliament, 29 Vic., Chap. 12, entitled, "An Act to make provision for the government of Jamaica," which enacted that "in construing the secondly recited act the term government should be held to include Legislature and that the powers exercisable by Her Majesty under the two Acts should be exercisable by Her Majesty in Council."

In pursuance of these enactments a single Chamber was established under the designation of the "Legislative Council of Jamaica," by an order in Council dated 11th June, 1866. The Council thus created, consisted of, the Senior Military Officer for the time being in command of Her Majesty's Regular Troops within the Island, and the five persons for the time being exercising the respective offices of Colonial Secretary, of Attorney General, of Financial Secretary, of Director of Roads and of Collector of Customs; who were declared to be official members of the Council, *virtute officii*, and of six unofficial members nominated by the Governor and appointed by the Queen.

In 1883 a petition was sent from the inhabitants of Jamaica for a change in the Constitution of the Colony. By an order in Council of 19th May, 1884\* a "moderate step in advance" was granted: nine members of the Council were to be elected by the people. This did not give entire satisfaction.

For one session in 1893 the Governor was not a member of the Legislative Council, which was presided over by a nominated president.

In 1895 the Elected Members were increased to 14 (one for each parish,) the nominated members being increased to 10 (4 being in abeyance) and effect was given to a Resolution of the Council (known as the Kerr-Sharp resolution) to the effect that a member of Council must have been for a twelve month immediately preceding his election either a resident of the parish he represents or possess a clear annual income of £150 per annum arising from property on the parish possessed by himself or his wife. In 1899 the Governor added the dormant 4 to the nominated members of the Legislative Council to pass the Tariff Bill. They were thereafter withdrawn, but in 1900 they were reinstated.

The first registration under Law 22 of 1886 was in August, 1887. The revised lists showed that there was one elector to every 25 persons in the island.

At the General Election, January, 1896, there were 38,376 registered voters. The *estimated* population on 31st March, 1896, was 694,865.

At the General Election, January, 1901, there were 16,256 registered voters. The Registrar General's *estimate* of population on 31st March, 1901, was 755,730.

The number of registered voters on the lists of 1905-06 was 8,607. The Registrar General *estimated* the total population on 31st March, 1907 at 820,437. The estimated population in 1910 on 31st March, was 862,422. The estimated population in each of the succeeding years since 1911 is as follows:—

On 31st March, 1912—845,767; 1913—853,682; 1914—861,864; 1915—883,185; 1916—892,406. On December, 31st, 1917—893,884; 1918—891,040.

The following table shows the number of voters on the Electoral Lists in 1911 and 1921 and the votes recorded in contested elections in 1920. The population as ascertained at the censuses of 1911 and 1921 are also given:—

## PRESENT CONSTITUTION.

The Political Constitution of Jamaica consists of a Governor, a Privy Council and a Legislative Council.

## THE GOVERNOR.

The Governor is appointed during His Majesty's pleasure, but his tenure of Office is as a rule confined to a period of six years.

## THE PRIVY COUNCIL.

The Privy Council consists of the Senior Military Officer in the island, not being below the rank of Lieutenant-Colonel, the Colonial Secretary, the Attorney-General, and such other persons, not to exceed eight in number, as may be named by the sovereign, or provisionally appointed by the Governor, subject to the approval of His Majesty. The tenure of office of members so named or appointed is limited to five years. The Governor is to consult in all cases with the Privy Councillors, excepting only when the matter to be decided would in his judgment sustain material prejudice by consultation, or is too unimportant to require their advice. The Governor is authorised to act in opposition to the advice and decision of the Privy Council, if in any case it shall appear right to do so, and to report to the Secretary of State for the Colonies the grounds and reasons of his opposition and any member may record on the minutes the nature of the advice or opinion offered and rejected.

## THE LEGISLATIVE COUNCIL.

The Council consists of the Governor, as President; five *ex-officio* members, the Senior Military Officer for the time being in Command of His Majesty's regular troops in Jamaica and the persons for the time being lawfully exercising the functions of the respective offices of Colonial Secretary, Attorney General, Director of Public Works and Collector General nominated members not exceeding ten in number from time to time provisionally appointed, and fourteen Elected Members, elected one for each parish of the island.

No person shall be capable of being elected a Member of the Legislative Council of Jamaica for any electoral District, or having been elected shall sit or vote in the Council, unless he either has resided in that Electoral District for twelve months immediately preceding the day of election, or possesses a clear annual income of 150*l.* arising from lands in that district belonging to him in his own right or the right of his wife.

The Governor, if present, or in his absence any member of the Council appointed by him in writing, shall preside and be possessed of an original vote, and also of a casting vote, if the votes be equally divided.

The votes of the *ex-officio* and nominated members of the Council shall not be recorded in respect of any Law, vote, or resolution imposing any new tax, or appropriating any public revenue for any purpose other than the payment of the salary or allowances of any public officer in respect of an office to which he was appointed before the date of the Order in Council of 3rd October, 1895, or of the pension or gratuity payable in accordance with the rules in force at the date of that Order affecting pensions and gratuities to any person in respect of an office to which he was appointed before the date of this Order, if not less than nine elected members shall have voted against such law, vote or resolution, unless the Governor shall have declared his opinion that the passing of such law, vote or resolution is of paramount importance to the public interest.

The votes of the *ex-officio* and nominated members shall not be recorded against the unanimous votes of all the elected members on any question unless the Governor shall have declared his opinion that the decision of such question in a sense contrary to the votes of the elected members is of paramount importance to the public interest.

Six members, besides the Governor or Presiding Member, form a quorum; and the Council shall not be disqualified for the transaction of business by reason of any vacancy or vacancies among the *ex-officio* or elected members.

In the transaction of business and the passing of laws the Council was required to conform to the Royal Instructions of the 29th July, 1837. Any member of the Council may propose any question for debate. The Governor is not to assent to any bill of any of the classes hereinafter specified unless such bill shall contain a suspension clause, or unless the Governor shall have satisfied himself that an urgent necessity exists requiring that such bill be brought into immediate operation, in which case he is authorized

ARRIVAL OF THE COMMISSION FROM THE COLONIAL OFFICE  
13th December, 1921

ADMIRAL SIR WILLIAM C. PAKENHAM, K.C.B., INSPECTING  
GUARD OF HONOUR, AT KINGSTON  
15th November, 1921

to assent to such bill, unless the same shall be repugnant to the law of England or inconsistent with any obligations imposed upon His Majesty by treaty:—

1. Any bill for the divorce of persons joined together in holy matrimony;
2. Any bill whereby any grant of land or money, or other donation, or gratuity, may be made to himself;
3. Any bill whereby any increase or diminution may be made in the number, salary or allowances of the public officers;
4. Any bill affecting the currency of Jamaica or relating to the issue of bank notes;
5. Any bill establishing any banking association, or amending or altering the constitution, powers or privileges of any banking association;
6. Any bill imposing differential duties;
7. Any bill the provisions of which shall appear inconsistent with obligations imposed upon Her Majesty by treaty;
8. Any bill interfering with the discipline or control of Her Majesty's Forces in the island by land and sea;
9. Any bill of an extraordinary nature and importance whereby the Queen's prerogative, or the rights or property of her subjects not residing in the island, or the trade, or shipping of the United Kingdom and its dependencies, may be prejudiced;
10. Any bill whereby persons not of European birth or descent may be subjected or made liable to any disabilities or restrictions to which persons of European birth or descent are not also subjected or made liable;
11. Any bill containing provisions to which Her Majesty's assent has been once refused, or which have been disallowed by Her Majesty.

No private bill is to be passed whereby the property of any private person may be affected in which there is not the saving of the rights of His Majesty, her heirs and such successors, and of all bodies politic and corporate, and of all other persons except such as are mentioned in the said bill and those claiming by, from, through, and under them. The Governor is not to assent to any such private bill until proof has been made before him in Privy Council and entered in the Privy Council Books that adequate and timely notification was made by public advertisement, or otherwise, of the parties' intention to apply for such bill before it was brought into the Legislative Council; and a certificate must be annexed to every private bill signifying that such notification has been given and declaring the manner of giving the same. The laws are to be styled "Laws enacted by the Governor and Legislative Council of Jamaica."

The seats of the nominated members are vacated by a dissolution but they may be re-appointed.

Public officers hold their offices on condition of serving as nominated members of the Council if so required.

Provision is made for the suspension by the Governor (subject to disallowance by the King) of nominated members, and for provisionally supplying the places of nominated members suspended or incapacitated or absent from the colony.

*Qualifications of Elected Members*—No person shall be capable of being elected a member of the Council, or, having been elected shall sit or vote in the Council, who—

- (1) Is the holder of any office of emolument under the Crown, or under the Government of Jamaica; or,
- (2) Is not entitled to vote at the election of a member of the Council for some electoral district; or,
- (3) Does not possess one of the following qualifications, viz:—
  - (a) A clear annual income of 150*l.* arising from lands belonging to him in his own right or in right of his wife.
  - (b) A clear annual income of 200*l.* arising partly from lands belonging to him as aforesaid and partly from any freehold office, or any business, after deducting all charges and expenses of such office or business.
  - (c) A clear annual income of 300*l.* arising from any freehold office, or any business, after deducting all charges and expenses of such office or business.
  - (d) The payment annually of direct taxes or export duty, or both, to the amount of not less than 10*l.*

No person shall be capable of being elected a member of the Council for any electoral district, or having been elected shall sit or vote in the Council, unless he either has resided in that electoral district for twelve months immediately preceding the day of election, or possesses a clear annual income of £150 arising from lands in that district belonging to him in his own right or the right of his wife.

*Qualification of Voters.*—Every male person is entitled to be registered in any year as a voter for a division of a parish who is qualified as follows, that is to say:—

- (1) Has attained the age of twenty-one years.
- (2) Is under no legal incapacity.
- (3.) Is a British subject by birth or naturalization.
- (4.) Either—
  - (a.) is on the 31st day of January in such year, and has since the 1st day of April then preceeding, been an occupier as owner, or tenant of a dwelling house, or in possession of real property within such parish capable of being, during such occupation or possession, rated in respect of the parish general rate, and has during the said period paid taxes to the amount of not less than ten shillings,
  - (b) is on the 31st day of January in such year possessed of personal property in respect of which he has, since the preceeding first day of April, paid within such parish taxes to the amount of not less than one pound and ten shillings, and ordinarily resides within such division of such parish, or
  - (c) possesses a salary qualification, that is to say is in the parish in which he claims to be registered as a voter in the receipt of salary or wages aggregating fifty pounds a year or upwards; or
  - (d) possesses an income qualification, that is to say, is in the parish in which he claims to be registered as a voter, tenant of a dwelling house or part of a dwelling house or of a tenement or part thereof in which he carries on his business or practices his profession and in respect of which he pays rent amounting to not less than ten pounds during the year and is in receipt of an income amounting to fifty pounds a year and upwards.

Every female person who is qualified according to the requirements set out above, as modified by Law 22 of 1919, entitled to be registered as a voter.

The modifications are:—

- (1) Has attained the age of 25 years.
- (2) Is literate.
- (3) Is qualified under 4 (a) above and has paid taxes to an amount not less than £2 during the specified period.
- (4) Is qualified under 4 (b) above and has paid taxes to an amount not less than £2 during the specified period.

Provided:—

- (1.) That no person shall be registered as a voter who has been sentenced by any Court in His Majesty's Dominions to death, or penal servitude, or imprisonment with hard labour, or for a term exceeding twelve months, and has not either suffered the punishment to which he was sentenced, or such other punishment as by competent authority may have been substituted for the same, or received a free pardon from His Majesty;
- (2) That no person shall be registered as a voter in any year who has, since the preceeding first day of August, received any relief from public or parochial funds.

## COLONIAL SECRETARY'S OFFICE.

[*Temporary Office, at Vernon House, King Street, Kingston.*]

As a consequence of the change in the Constitution of the Island in 1865 one of the first steps taken was the reconstruction of the administrative system, in conformity with the form of government to be brought into operation. By an Order of the Queen in Council, dated 11th June, 1866, the offices of Colonial Secretary and of Financial Secretary were created and the duties up to that time exercised by the Executive Committee, together with those previously performed by the Governor's Secretary and new duties arising out of the altered form of administration, devolved upon these officers who were each assigned a salary of £1 500. The office of Revenue Commissioner was also created, the performance of the duties thereof, which were in the nature of a direct supervision of the Revenue Department, being required of the Financial Secretary. As in 1870 the finances of the colony had been satisfactorily re-organized, and a complete reconstruction of the Revenue Departments had been secured whereby the necessity for the special services of a Financial Secretary no longer existed, the opportunity was taken on the occurrence of a vacancy in the office of Colonial Secretary to abolish the office of Financial Secretary and to transfer its duties to the Colonial Secretary, whose salary was then fixed, upon special grounds, at £2,000 per annum, £1,500 being fixed as the stipend of any future holder of the office. Provision was at the same time made for the appointment of an Assistant Colonial Secretary.

## PUBLIC WORKS DEPARTMENT.

*[Head Office, Port Royal St., Kingston.]*

## MAIN ROADS AND BRIDGES.

AMONG the first of the statutes that were passed after the English conquest of Jamaica was "An Act for the High-ways" (1681). These highways were kept in repair at the expense of the respective parishes through which they ran, but as the progressive spirit of the new settlers induced them to go further inland in search of land "to plant," the parochial funds became insufficient and had to be supplemented by annual grants from the Legislature and tollage on the great highways. This system continued until the year 1836 when the Justices and Vestry of each parish were entrusted with the power of raising money at their discretion for repairing roads other than roads laid out and maintained under turnpike trusts. But this arrangement was not satisfactory and a Committee of the House of Assembly reported in 1843 against its continuance. Their report was not agreed to and the annual grants were continued, the amount for each parish being made payable to the members of Assembly of such parish. The result was that, notwithstanding the large sums voted, the roads were, to quote Phillippo's "Jamaica, its past and present state," "a disgrace to a civilized community and militated considerably against the agricultural prosperity of the country. Even the lines of communication between the principal towns were very little better than river courses which placed the life of every traveller in jeopardy: deaths from this cause indeed were of frequent occurrence."

In 1851 the Legislature with the hope of permanently improving the highways, passed a law repealing all former road Laws and settling a new system for the management

these roads. The system comprised a Board of Commissioners of Highways and Bridges in each parish. To this Board was entrusted the exclusive care of all roads and bridges not being turnpikes. This system of road supervision continued until 1857, but without any appreciable benefit to the highways. In the latter year "it was thought advisable, with a view to facilitate the means of communication between the several parts of the island," to transfer the most important sections of roads (including the turnpike roads) to the care of a body styled the Main Road Commissioners, and to provide for the appointment of County Engineers. To carry out this new system a main road fund was constituted, to which the land-tax and the land-tax redemption and all tolls and special grants for road purposes were transferred. Besides these sources of revenue loans were authorised, for the interest and eventual repayment of which the general revenue was made liable.

In 1859 a loan of £56,000 was raised, but a much larger sum was required to effect a solid reconstruction of the roads and to provide for the bridging of more than one rapid and dangerous river. Other loans were accordingly raised and the work of reconstruction was proceeded with. The whole scheme, however, soon failed.

The law granting the power to redeem the land-tax was repealed in the session of 1862, and the toll bars which had become a fruitful source of discontent—in some parishes leading to open riot—were abolished in October 1863. Consequently, when the Main Road Commissioners ceased to exist (on the change in the form of government) and their functions were transferred to the Director of Roads, the main road fund was hopelessly insolvent and the roads were but tolerably good. The Government had to assume the entire debt, which at the time that this was finally effected (1870) amounted to £133,045—£100,350 being for loans and £32,695 for overdrafts from the Treasury.

From that time until 1890, the expenditure on main roads was defrayed from the General Revenue of the Island with the exception of a few cases in which roads and bridges were constructed by grants from the Parochial Road Revenue Fund and afterwards taken over and maintained as main roads. A number of bridges were erected during this period.

The most important of these bridges is that over the Dry River, at May Pen which was completed in the year 1874. The necessity for this structure had long been felt. The river had been known to rise as high as 37 feet above the bed within a few hours. The bridge consists of three spans, the centre span being 150 feet in the clear and the two outer ones 75 feet each, the underside of the girders is 46 feet above the bed of the river, that is nine feet above the highest known level of the flood water. The cost of this structure was £16,901, exclusive of the cost of land and of approaches. This was subsequently used as a Railway bridge as well as a Highway bridge.

By Law 7 of 1881, power was given to raise a loan for building Bridges over the Yallahs and Morant or Johnson Rivers in St. Thomas, and the Rio Grande, Buff Bay, Spanish and Swift Rivers in Portland, but this power remained for several years in abeyance. By Law 33 of 1887 power was given to apply a portion of the above-mentioned loan to the building of Bridges over Roach's Gully, the Devil's River, and Harbour Head River in St. Thomas, Priestman's River, and White River in Portland, and the Dry River and Pincar River in St. Mary. In 1888, Sir Henry Norman, with the approval of the Secretary of State, ordered the construction of all the Bridges in Portland and St. Mary named in the above Laws, and of the Bridges in St. Thomas named in Law 33 of 1887. The works were begun in the Spring of 1889, and the several Bridges were completed and opened to the public during 1890-91.

All these bridges have wrought iron superstructures, and, with the exception of the Harbour Head Bridge, which is carried on screw piles, all are supported on concrete piers and abutments. The bridges over the seven rivers between Annotto Bay and Port Antonio are all of one type, differing only in the number of openings which are all of 76 feet clear span.

The Rio Grande Bridge was the last of these bridges completed, and is one of the largest in the island, being 520 feet long, and having six openings. The easternmost pier is founded at a depth of 33 feet below low water and has a total height of 48 feet. Its completion was a source of satisfaction to the inhabitants of the parish, who had suffered greatly by the frequent interruptions of communication caused by floods in these dangerous rivers.

It was ultimately found inadvisable to carry out the erection of the bridges over the Yallahs and Morant Rivers in the manner contemplated at the time of the passing of Law 7 of 1881, and Law 1 of 1891 was then passed, under the powers of which a new main road was constructed from the 11th mile post on the Windward Road by Cambridge Hill, Ramble, Cedar Valley and Trinity Ville to Morant Bay on the line of which the

following bridges were erected, viz., at Easington, Ramble, Negro River, Allan Spring, Palmetto Gully, York River, Sandy Gully and Johnson's River. On the completion of this road, an extension from the point where it crossed the Johnson's River Bridge to the town of Bath, and a branch road from where the interior road crossed the Negro River Bridge through Belvedere, to join the coast road on the western side of the Johnson's River were constructed under authority of Law 7 of 1894.

The loans for the system of roads and bridges authorized by these four laws above-mentioned amounted to £120,000, the principal and interest being made a charge against General Revenue.

The rapid growth of the cultivation and export of fruit and the consequent call for improved means of communication induced Sir Henry Blake to provide for the transfer of a considerable mileage of the more important Parochial Roads to the category of Main Roads, and for improved maintenance of the remainder by the consequent relief given to the road funds of the several parishes by the passing of Law 17 of 1890. Under this Law certain taxes were appropriated for providing interest and sinking fund on a loan of £140,000 to be expended in reconstructing the roads so taken over as Main Roads, and also an annuity equal to about £20 per mile per annum for their maintenance. In the succeeding three years an aggregate length of 981 miles were thus added to the schedule of Main Roads. The revenue raised by the appropriated taxes fell off very appreciably in the years 1896-97, and at the same time the average allowance of £20 per mile proved inadequate for the maintenance of the roads. Law 4 of 1898 was therefore passed providing for the maintenance of all the Main Roads from General Revenue and for the merging therein of the net revenue from the appropriated taxes after paying interest and sinking fund on the loan.\*

By Law 20 of 1892 a Loan of £100,000 was authorized to be raised chargeable against General Revenue for the erection of bridges over the rivers, on the most important roads of the island, and under the provisions of this Law many bridges were erected.\*

By Law 13 of 1895 authority was given for a loan to be raised for the construction of Mountain Roads in St. Andrew, St. Thomas and Portland, and a new driving road was made from the Cooperage near Gordon Town, via New Castle and over Hardware Gap to Buff Bay in Portland, with a branch to Silver Hill Gap. Surveys were also made of the road from Gordon Town via Guava Ridge to Windsor Forrest, and from Bath via the Cuna Cuna Mountains to the line of Portland, near Moore Town. During the period of the relief works following the hurricane of 1903, the construction of this road was somewhat advanced, and it was completed as far as Mavis Bank in 1908.

In addition to the work under Loan Laws many bridges and roads were constructed and improved by funds provided by General Revenue during the last 24 years.

In the year 1911, in order to facilitate a growing traffic, it was considered advisable and feasible to construct a driving bridge further down the Johnson River and a short distance above the old Main Road fording near Morant Bay. This Bridge was constructed of reinforced concrete piles, with a superstructure of steel beams and concrete floor, having 16 spans of 50 feet each giving a total length of 800 feet, being the longest in the Island. The total cost including road approaches amounted to £6,450. It was opened in the early part of 1912 by H. E. Sir Sydney Olivier and it is known as the Olivier bridge.

Many other bridges of less magnitude have been built on all important roads including a ferro-concrete spandril arch bridge at Tucker's river, St. Mary, 50 feet span, and Chepstow Bridge over the Spanish river in Portland of 80 ft. span—as well as many smaller ones.

It became necessary in 1914, owing to the continued filling up of the bed of the Yallahs River at Ramble to replace the old bridge by a new structure 220 feet in length and of similar construction to the Olivier bridge, at a more favourable site just above the junction of the Shooting River.

By Law 33 of 1919 a loan of £50,000 was authorised; £19,000 for opening up roads to Crown Lands and £49,000 for new main roads and road improvements.

The main roads have in many places been widened and improved. There are now 2,228½ miles open for traffic.

The average cost per mile for ordinary maintenance, excluding flood damages, for the financial year ended 31st March, 1922, was £8 15s 8d.

In 1920 the effect of the increasing motor traffic became very marked; the roads not having been originally constructed for such heavy axle loads, and an extensive programme of road reconstruction and strengthening had to be commenced.

\* For a list see Handbooks prior to 1909.

## PUBLIC BUILDINGS.

On the inauguration of the new Constitution in 1866, the Director of Roads also assumed the charge and supervision of the Public Buildings. But no new permanent buildings were taken in hand until the year 1870. Since then various buildings have been erected by the department for the accommodation of the public service in different parts of the island, including court houses, police stations, public hospitals, industrial and other schools, residencies for Inspectors of Police, &c.

Other public buildings have been enlarged and improved.

The new public buildings are situated on the east and west sides of King Street between Barry Street and Tower Street in the City of Kingston.

They form part of a general scheme for the rehousing of the Government offices, the remainder of the scheme includes laying out the land (purchased by the Government after the earthquake) which lies as a square between Peter's Lane on the west and Church Street on the east; Barry Street on the north and Tower Street on the south.

The two blocks of buildings are laid out so as to leave a strip of grass and trees about 71 feet wide and 187 feet long on either side of King Street, at the north end both blocks are wider and approach to within 61 feet of the centre line of King Street, so that even here the open space is 122 feet wide. This narrower portion is 124 feet long (N. and S.)

The following is the general arrangement:—

## ARRANGEMENT OF DEPARTMENTS.

*Western Block.*

The Post Office Department.

*On ground floor*—Circulation Branch. With access for the public to the following:—Stamp selling department, Registered Letters, Post Restante, Newspapers, Telegraphs, Parcels Post, Money Orders and P.O. Orders and enquiry office; and also the private letter boxes (and call bell for urgent telegrams at night; the latter is situated in Peter's Lane on N.W. side of building).

*1st floor*—Telegraph Operators, &c. Postmaster's private office. Post Office Correspondence and accounting branches, and Electrical Inspector's Office.

*On top floor*—G.P.O. Archives. Resident Telegraphist's quarters. Caretaker's quarters. In Financial Offices.

*Ground floor*—Surveyor of Customs; Stamp Office; Treasury and Collector General's Vaults.

*1st floor*—Treasury; Savings Bank; Collector of Taxes and Loan Board; Collector of Customs.

*Top floor*—Audit Office; Collector General's office.

*Eastern Block.*

*Ground floor*—Administrator General and Trustee in Bankruptcy; Inspector General of Police; Bailiff.

*1st floor*—Supreme Court and Registry; Attorney General's Office; Law Library; Kingston Court and Offices.

*Top floor*—Director of Education; Board of Education; Surveyor General; Registrar of Titles.

The two blocks of buildings are of similar design and are constructed throughout of re-inforced concrete on the Coignet system. The architectural work was done by Messrs. Nicholson & Corlette, of London.

Work was begun on the western block in November, 1908, and the building was taken over from the Contractor, in April, 1910. The total cost exclusive of furniture and fittings was about £31,000.

The second block on the east side of King Street, was completed in November, 1912.

## OTHER WORKS.

Among the other important works carried out by the Department are the establishing of the extensive Irrigation Works in connection with the Rio Cobre; the construction of the Vere Irrigation Works; the erection of the Post Office Telegraph lines; the erection of a large and convenient Market in Kingston, with public landing places on the harbour; the enclosing and laying out of the square as a Public Garden; the erection of Gas Works, in Kingston; the purchase of the rights of the Kingston Water Company and the improvement of the Works, whereby Kingston has been given a constant water service which is excelled in few places either for quality, quantity or pressure; the erection of Slaughter Houses for Kingston; and the establishment and working of a system of water supply for Spanish Town, Old Harbour, Morant Bay, Port Antonio, Port Maria, St. Ann's Bay, and Montego Bay; improvement to that at Falmouth and the erection of a concrete dam 45 feet in height at Port Antonio to form a large impounding reservoir.

## THE JAMAICA GOVERNMENT RAILWAY.

(Kingston Terminus: Barry Street.)

THE Jamaica Railway, under a private Company, was opened for traffic in 1846 to Angels Station—a distance of 14 miles 5 furlongs. In 1869 an extension from Spanish Town to Old Harbour was opened—a distance of eleven miles. In 1879 the Jamaica Railway Company was bought out by the Government of the island for the sum of £98,932, which at the time of the sale represented a capital expenditure of upwards of £267,000. The extension to Porus, 24½ miles from Old Harbour, was opened for traffic in 1885, and that from Angels to Ewarton, 14½ miles, later in the same year.

The Government sold the Railway in 1890 to an American syndicate, for £800,000, under covenants for the extension of the line to Montego Bay and Port Antonio. In 1894 the extension to Montego Bay was completed—66 miles. In 1896 the extension to Port Antonio was opened—54½ miles.

Under the powers reserved to the Government by the conditions of the agreement for the sale, the line was forfeited to the Government for default in payment of interest on the mortgage Bonds on which the capital was raised, and in 1900 the Supreme Court signed the order vesting the Jamaica Railway in the Government of the Island. It has since been administered as a department of the Government.

In 1913 an extension of 13 miles of line from May Pen to Chapelton up the Rio Minho Valley was opened for traffic, making the total length of line 197½ miles, and in April 1921, a further length of 2½ miles, from Linstead to New Works, was opened to traffic, making a total length of 200 miles.

#### CROWN LANDS DEPARTMENT.

[Office: Public Buildings, King St., (East Block) Kingston.]

SHORTLY after the commencement of Sir John Grant's administration a Survey and Lands Division of the Public Works Department was established and the Director of Roads was constituted its head. The officer in charge of the division was styled the Govt. Surveyor.

On the 1st October, 1890, the Survey Branch was organised as a separate service, and the Government Surveyor was appointed head of the Department under the designation of Surveyor General.

Government lands have now all been classified, their histories and titles (most of which were previously unknown) inquired into and surveys made and possession taken, in cases where, formerly, the lands had been either unpossessed or in adverse possession. In addition, the titles to lands held by trustees for certain Government purposes and those strictly parochial have been enquired into and verified, and the lands have been surveyed and placed upon stable and certain tenure, and those not required for Government purposes have been leased at fair rentals.

There were also at the time of the establishment of the Lands Department numerous properties all over the island in the possession of squatters, and there were vast tracts on which ordinary quit rents had not been paid for many years. Much of this land was either unowned or unrepresented.

By successive acts from 1867 to 1887 the Government became the trustee of all lands in the possession of persons without any legal or equitable title. The owners may recover the lands upon payment of the expenses incurred by the Government, but after seven

years the Government have the power to sell. In this way 27,073 acres have been recovered from 1,600 squatters. These lands are situated in various parts of the island and consist chiefly of abandoned estates and plantations, whose owners were either not known or who had so neglected their properties that they fell into the hands of squatters. Of this land much has been restored to its legitimate owners, much has been sold after the expiration of the seven years' trusteeship, and the remainder is still in the possession of the Government and leased to various persons. The rents from these lands and other amounted to £3,854 10s. 4d. for the year ended 31st December, 1921.

Law 5 of 1871, and its amendments up to 1896, regulate the forfeiture of lands for non-payment of quit rents. Under these Laws the particulars of no less than 966,197 acres have been investigated, the areas and boundaries ascertained, and the lands advertised as liable to forfeiture. Of this nearly 254,958 acres have been actually forfeited to the Crown; the quit rents on a great deal of the rest have been paid and much remains in process of forfeiture. These forfeited lands are located chiefly in the interior of the island and much of it is very advantageously situated and suitable for new settlements. A large part of it extends over the north-eastern portion of the parish of Portland and the central parts of Trelawny and St. Ann. All these regions consist of virgin lands and much is well watered with numerous springs, possessing a most salubrious climate, ranging from 2,000 to 6,000 feet in height, and embracing some of the finest coffee lands in the island. The geological formation is chiefly of white limestone series.

On the 16th November, 1895, a scheme for the sale of Crown Lands to small settlers was brought into operation. Under this scheme not less than 5 acres nor more than 50 can be sold to any one person. A deposit of one-fifth of the purchase money for the land required must be made by the applicant, after which a survey of the land is made and the applicant is placed in possession, the remaining four-fifths of purchase money together with £2 for the cost of survey, being payable in ten years by 10 equal yearly instalments. If within the period of 10 years the purchaser shall have brought one-fifth of his acreage into good bearing in kola, coffee, oranges or other permanent crop-producing plants, he is released from payment of, or is refunded, as the case may require, one-fifth of the purchase money. The scheme had been partly suspended during the past few years owing to the large amount of land that was out on credit, and on 3rd December, 1914, it was started afresh under amended rules. Under the new Rules Land Boards have been created, and no more than 300 acres will be granted to one purchaser, nor less than 5 acres, except in cases specially approved by the Governor. Up to 31st Dec. 1921, 5,635 lots covering 47,465 acres have been sold and put in possession of instalment and out right purchasers who have paid £48,196 7s. 5d.

The following table shows the Government lands that are under lease; those that are unoccupied, and the parishes in which they are situated:—

Note.—For Rules as to sale of Government Lands see Part XI.

The stir created by the Government in regard to lands squatted on and land liable to forfeiture for non-payment of quit rents, has induced many people to look after properties which they before deemed almost valueless; and it is believed that many more squatters have been evicted by private individuals than by the Government, and numbers of persons have been induced to pay up the quit rents upon their outlying land.

From time to time 1,298 leases have been effected, covering 150,242 acres.

The Government have realized £61,250 9s. 9d. from sales of land, while the lands escheated have been valued at £3,159.

The Survey Department has also had numerous references from the Colonial Secretary's Office and other Departments, involving considerable investigations; searches in the Island Record Office and reports; also correspondence with and instructing the several Government Bailiffs in possession of Government lands all over the island, and receiving and checking their accounts.

Numerous plans, of particular places as well as of districts, for the use of the Government in various ways, have been prepared; and surveys for the Rio Cobre Canal, Railway extension, and for new roads, &c., have from time to time been made.

The Survey Branch has also prepared, in duplicate, cadastral plans, on a scale of four inches to one mile, for the use of the Collectors of Taxes, of all the parishes of the island. These plans represent every property and parcel of land from ten acres and upwards, and show their extent, area, boundaries and names as well as the names of the owners; also the roads, rivers and other topographical details.

In 1889, when the Jamaica Railway was sold to Mr. Frederick Wesson and his associates on condition that the existing lines were extended to Montego Bay and Port Antonio from Porus and Bog Walk, respectively, the Surveyor-General was charged with the duty of acquiring lands for the tracks of these extensions. The tracks are 120 miles long and cover 1,160½ acres of land acquired from 915 landowners, and cost, to 31st March, 1905, £82,639 8s.

Under the 34th section of the agreement attached to Law 12 of 1889, the Promoters of the Railway were entitled to one square mile of Government land for each mile of Railway constructed, and 74,443 acres, or 116½ square miles of land were conveyed to them, leaving 2,367 acres, or 3½ square miles selected by the Promoters, and to be conveyed to them on forfeiture. These lands which were in the hands of the Administrator-General on behalf of the Receivers of the West India Improvement Company of New York, have recently passed back into the hands of the Government by purchase at 5/ per acre. A large part of them extends over the northern portion of the parish of St. Thomas and the southern part of Portland. All this region consists of virgin lands and is well watered with numerous springs and rivers. It possesses a most salubrious climate and ranges from 2,000 to 6,000 feet in height, and it embraces some of the finest coffee land in the island. The geological formation is chiefly of trappean and metamorphosed series, and it is of the same character as the once rich coffee lands of the parishes of St. Andrew and St. Thomas; but as these are getting worn out this land is the only remaining coffee land of a first class character in the island. It possesses minerals: copper, cobalt, lead and manganese having been discovered in several places. The climate in the higher parts is extremely cool and is suited to the labour of white men in the open air. European fruits have been cultivated in some of these localities.

## GEOLOGICAL DEPARTMENT.

In September 1921, Mr. C. A. Matley, D.Sc., F.G.S. was appointed Government Geologist for the purpose of reporting on the prospect of finding water in various parts of the Island.

Dr. Matley arrived in October 1921, and devoted much of his time to investigations in Trelawny. He has worked also in St. James and Clarendon and on the Hermitage scheme to supply water to Kingston from Hermitage in St. Andrew. His functions were extended in 1922 to geological investigations for economic purposes generally, but water supply matters occupy most of his time.

Government Geologist—C. A. MATLEY, D.Sc., F.G.S.

## JAMAICA WEATHER SERVICE.

*(Is now at the Director of Public Works Office.)*

A Meteorological Service was established in 1880 in order to have the usual instruments read and recorded at Kingston, to encourage the registration of the rainfall throughout the island, and to give warning of approaching hurricanes. An annual grant of £150 was made for this purpose, and Mr. Maxwell Hall was put in charge of the service; he had to supply the necessary instruments, and to provide for his own assistants.

A first class station was equipped in Kingston. The registration of the rainfall was encouraged by issuing a monthly Weather Report to all the contributors. Mr., now Sir Daniel Morris, established a very fine high-level station at the Cinchona Plantation, 4,900 feet above sea-level, and also took readings on the Blue Mountain Peak.

A large number of investigations referring to such matters as cyclones, wind movements, earthquakes, lightning, magnetic variation, tides, &c., were published from time to time in the Weather Reports, which were so arranged that they could be bound into volumes. In 1892 Rainfall Maps of Jamaica were published by the Institute of Jamaica. A second edition entitled "The Rainfall of Jamaica from about 1870 to end of 1909 with maps" was published in 1911.

In 1889 the United States Weather Bureau established a first class station at Halfway Tree, as a part of their service in the West Indies and South America. All their stations reported more or less continuously to Washington, and storm-warnings were issued from Washington which were of great service to the whole of the West Indies. The local Weather Service was disestablished at the end of the financial year, and an annual grant of £50 was made to continue the Weather Reports. The observers at Halfway Tree were recalled, and the instruments were sent to the offices of the Direct Cable Co. in Kingston. The hurricane of 1903 occurred; and the earthquake of 1907 wrecked the instruments. In 1907 the Weather Service was re-established; the United States Weather Bureau undertook to establish a first class station at the Public Works Office, and the Kingston observer was to supply them with cablegrams during the hurricane months. Mr. J. F. Brennan of the Public Works Department was appointed as observer in Kingston and the late Mr. Maxwell Hall was given charge of the whole service.

The new service commenced under very different auspices; not only had the rainfall maps been published, but in 1904 the more important results of observation as detailed in the Weather Reports, which were issued monthly between 1881 and 1902, and which form Vols. I, II and III of the *Jamaica Meteorological Observations*, were published in the form of small pamphlet by the Institute of Jamaica.

The service now a first class station at Kingston;

Second class stations at Morant Point Light House, Kempshot, Negril Point Light House, and Climatological stations at Castle on Gardens, Hope Gardens, Sony Hill Induria School, Hill Gardens.

Storm warnings are based on the general circulars issued from Washington, and are modified, if necessary, by the local service; notices are posted at all the telegraph stations, and the shipping in the port are duly warned, according to the system published at the commencement of each hurricane season.

Government Meteorologist—J. F. Brennan, ASSOC. M. INST. C.E., F.R. MET. S.—£150.

Assistant Meteorologist—Miss C. Maxwell Hall £125.

## AUDIT OFFICE.

[Public Buildings (West Block), King Street.]

THE expenditure of the various Government Departments is checked and examined every month.

Under a law passed in 1888, the Parochial Boards' Accounts are subjected to an examination in the Audit Office, and half-yearly inspection of the Accounts is made locally by an officer of the Audit Office. The value of these local inspections has been fully demonstrated. In September, 1914, the audit of the Railway accounts was placed under the direction of the Auditor General.

The financial year of the colony is from the 1st of April till the 31st of March.

## TREASURY.

[Public Buildings (West Block), King Street.]

THE Receiver General's Office, the headquarters for the collection of all duties, was one of the most ancient institutions of the colony. It was at first established at Port Royal and the records narrowly escaped destruction in the great fire of 1703. In that year it was (with other public offices) transferred to Kingston.

In 1733 a law was passed requiring the Receiver General or his Deputy to attend at his office on all working days from 9 to 11, and from 2 to 4, under a penalty of £20 for every default; and in 1802 he was granted a salary of £7,000 currency (equal to £4,200 sterling) in lieu of commissions, except the five per cent. payable to him under the Permanent Revenue Act of 1728. Subsequently the salary was reduced to £3,000 which was the amount received by John Edwards, the last patentee of the office.

The Receiver General was, by a law passed in 1733, prohibited from lending out the public moneys or of being concerned in any commercial or other transaction, or of holding any other office or appointment whatsoever. His salary was reduced to £1,000 in consequence of the appointment of an Auditor General, but in 1851 it was increased to £1,200 per annum, and the commissions payable to him under the Permanent Revenue Act, and all such fees as he had been accustomed to receive, were made payable into the Treasury for the use of the island.

Law 4 of 1868 repealed the previous Law, in which the rate of interest payable by the Bank on the daily cash balances was specified, and enacted "that the Governor, with the advice of the Privy Council shall from time to time establish such rules and regulations as may be necessary for keeping the accounts of the Receiver General with such bank or banking institution, and also for the payment and appropriation of the moneys paid therein." Under one of the rules now in force the same rate of interest as heretofore, namely, 3 per cent. is payable by the Bank on the daily cash balances.

Law 3 of 1868 granted to the Governor the power of prescribing regulations and forms for the guidance of all parties having the receipt, collection and payment of the public revenue, and repealed all previous acts detailing these duties.

Law 10 of 1868 abolished the office of Receiver General and created the office of Treasurer giving him all the power and charging him with all the duties hitherto performed by the first named officer. The third clause of this law placed the Treasurer's department under the supervision and control of the Revenue Commissioner appointed under Law 8 of 1866. At the same time the Customs was formed as an independent department, Law 4 of 1869 created the office of Collector General who is now charged with some of the duties of the Receiver General. Until the earthquake of January, 1907, the Treasury was in Harbour Street, where it was first established in 1703.

A Parochial Treasury was established in every parish in 1868, the Collector of Taxes being placed in charge as Local Treasurer. Formerly there was no means of making local payments, however small the amount, except by bills on Kingston. Persons receiving small salaries and all others who had to receive small sums of public money, such as parochial road contractors for example, were seriously inconvenienced under this system, for they could not get their Bills cashed on the spot, without submitting to a heavy charge by way of discount. The smaller the bill and the poorer the holder the more discount he had to pay to get his own money; and this occurred while the Collector of the parish might be put to some risk and difficulty in remitting his collections to Kingston. Under the new system all local payments, so far as local receipts may make it possible to do so, are paid at the Parochial Treasuries under orders, general or special, from the Chief Treasurer.

On the 1st May, 1879, an Inland Money Order System was also established in connection with the Treasury. Orders obtained at the office in Kingston are payable at any Parochial Treasury, and each Parochial Treasurer is authorized to issue orders payable at the Treasury in Kingston or at the following Parochial Treasuries: Morant Bay, Port Antonio, Port Maria, St. Ann's Bay, Spanish Town, May Pen, Mandeville, Black River, Savanna-la-Mar, Falmouth, Montego Bay, Lucea. The commissions chargeable are as follows:—

|                        |       |                             |         |
|------------------------|-------|-----------------------------|---------|
| For sums under 10s.    | 2d.   | For sums of £5 and under £6 | 7d.     |
| “ of 10s. and under £2 | 3d.   | “ of 6 “                    | 8d.     |
| “ of £2 “              | 3 4d. | “ of 7 “                    | 8 9d.   |
| “ of 3 “               | 4 5d. | “ of 8 “                    | 9 10d.  |
| “ of 4 “               | 5 6d. | “ of 9 “                    | 10 11d. |

For sums of £10 1s. and 6d. for each additional £10 or fractional part of £10 up to £50.

## GOVERNMENT SAVINGS BANK.

*[Public Buildings (West Block) King Street.]*

The Savings Banks were first established in the Island in the year 1837 under the Act 7 William IV c. 6; but it was not until 1870 that the Government found it necessary to start a Government Savings Bank and Law 20 of 1870 was passed, which Law was amended by Law 33 of 1882. The Government Bank was carried on with success, but on the Commercial Banks starting Savings Branches, which gave higher interest and greater facilities to their depositors, the deposits in the Government Savings Bank declined, and after pressure of public opinion it was decided to reorganise the Government Savings Bank, and as a result, Law 7 of 1917 was passed. This Law repealed the laws in force. Under Section 5, the Governor appointed a

New Regulations have been brought into force, with the object of giving the public facilities equal to if not better than the Commercial Banks.

The reconstruction of the Bank took effect as from 1st January, 1919, and the policy that the Board has decided to pursue is that of extending the facilities of the Bank in order that it must soon gain the confidence of the public. At the present time, it is estimated that over £2,000,000 of the savings of the people of Jamaica are deposited in the Savings Departments of the Commercial Banks, which savings are to a large extent invested by these Banks outside of Jamaica, with the consequence that Jamaica receives no benefit in its development from the savings of its people. In enacting Law 7 of 1917, provision was made that the funds of the Bank could be invested as under:—(i) In British and Colonial securities. (ii) In loans to Agricultural Loan Societies. (iii) In real securities in Jamaica. (iv) On deposit in Banks. (v) In any other manner authorised by the Governor in Privy Council.

The class of investment as detailed above assures the depositor of absolute security for his deposit over and above the Government guarantee, which is absolute. Besides, he knows that to a large extent the money that he deposits in the Government Bank is going to be used for the development of the Island in which his own welfare is wrapped up. If the Island prospers, it is up to him to gain by that prosperity and with thrift to increase his deposit. Consequently, for all Jamaicans and persons interested in Jamaica it is to their advantage to support the Bank. Among the advantages of the Bank are (i) Absolute security. (ii) Interest compounded half yearly at 3% per annum.

Deposits lodged on the first day of a month earn interest as of the month, and in like manner deposits withdrawn on the last day of the month earn interest.

Money lodged in Kingston can be withdrawn at any of the Branches of the Bank at the Parochial Treasuries, and money lodged at any of the Branches of the Bank can be withdrawn in Kingston.

Free postage and Stamp Duty.

The Bank has now 59 branches and postal agencies throughout the Island. In its first year under the new management there was an increase of 71%

## STAMP OFFICE.

[Public Buildings West block, King Street.]

STAMP DUTIES, which were first imposed in this colony in the year 1760, have always extended over a wide area, and, following the English Laws, made dutiable mercantile transactions, law proceedings, the transfer of property, probates of wills, legacies, powers of attorney, and surveyor's commissions, policies and various other documents of a similar character. The Commissioners of Public Accounts were first appointed to superintend the collection of these duties, they were succeeded by two Commissioners of Stamps, and finally the office was confined to one Commissioner, in association with the Receiver-General. The use of adhesive stamps was added to that of impressed stamps in the year 1855, but they are now legal only on Customs Warrants, Receipts and Bills of Exchange and Promissory Notes drawn abroad and in any manner negotiated in this Island, also letters of allotment and renunciation, Powers of Attorney for voting by Proxy and on Bills of Sight under the Customs Consolidation Law 1877.

The Governor may appoint Distributors of Stamps; and Collectors and Assistant Collectors of Taxes and District Postmasters are *ex officio*, Revenue Stamp Distributors. A discount of 2½ per cent, is allowed on purchases of £5 at a time made by vendors of adhesive stamps; in no other case is discount allowed.

Bills of exchange, inland and foreign, promissory notes and foreign bills of lading can now be stamped within seven days after execution. Any other document of the description of an agreement, power of attorney, &c. which is not liable to *ad valorem* stamp duty, should be stamped before the expiry of 14 days of its first execution, otherwise a penalty of £5 is incurred.

Any document, on which is payable *ad valorem* stamp duty such as conveyances mortgages, leases, &c., should be stamped before the expiration of 30 days so as to avoid incurring a penalty of £5 and a further penalty equal to the stamp duty thereon.

No penalty is imposed on documents first executed out of the island if stamped within 30 days after arrival in this colony. Spoiled stamps are exchangeable in amounts of 5s. and over within six months of the spoiling or return to the island of the instrument bearing the stamp. Unstamped documents, liable to Stamp Duty, are receivable in evidence in criminal proceedings.

A return of the shareholders of all banking co-partnerships, except those established by Royal Charter, is required to be lodged yearly at the Stamp Office. A composition of 3 per cent. is payable quarterly on the notes issued by any banking corporation, to whom also a yearly license is issued by the Commissioner of Stamps.

Stamps are affixed upon Petty Sessions process and licenses, indicating the duty thereon. They are not, however, returnable as stamp revenue except a small portion thereof.

Mortgages, conveyances bonds or other securities made or given to or by Building Societies, which were formerly exempt from stamp duty, are now made liable thereto, with the exception of mortgages to Building Societies which are not taxable till they exceed £500. A stamp duty of two shillings per one hundred pounds, and of one shilling per one hundred pounds is charged for registering and transferring Debentures, respectively, under Law 32 of 1887.

LEGACY DUTY is chargeable on all legacies, the rates varying according to the consanguinity of the legatee to the testator from 1% to 10%. Legacies however for the benefit of the husband or wife of the deceased are exempt.

A receipt for legacy must be stamped within twenty-one days from the date thereof.

ESTATE DUTY, and Interest collected from April 1st, '21 to 31st March, '22 was £36,838 17s. 8d.

The probate duty received for the financial year 1921-22 was £8 12s. The Legacy duty for the same period was £2,566 7s. 6d. The total collections on account of stamps for the financial year 1921-22, were £87,658 16s. 7d. Under the provisions of Law 20 of '98, Stamp Duty is payable on all 'Successions' to personal or real property. This Law came into operation in July, 1898. Duty collected for the year 1921-22 is £3,247 16s. 3d.

Law (40) of 1903. The following laws are read with or are cognate to this Law:—Law 16 of

Seventeen Laws and parts of Laws were consolidated and repealed by the Stamp Duty 1879—Legacy Duty Law; 27 of 1886—Imposing Duty on Building Society Mortgages &c.; 14 of 1898—A Law to Amend the Legacy Duty Law, 1879. 20 of 1898—The Succession Duty Law 1898. 7 of 1899—A Law to amend the Succession Duty Law, 1898. 6 of 1900—The Succession Duty Law, Amendment Law, 1900. 17 of 1910—The Stamp Duty Amendment Law 1910. 29 of 1911—A Law to amend 17 of 1910, and further to amend Law 40 of 1903. 3 of 1914—A Law further to amend the Stamp Duty Law of 1903. Law 21 of 1916 repeals the payment of Probate Duty. Law 10 of 1919—A Law further to amend the Stamp Duty Law of 1903. Law 13 of 1920, a Law further to amend the Stamp Duty Law, 1903.

Estate Duty Law 21 of 1916 imposes Estate Duty on the value of Real and Personal property according to the graduated scale denoted at sec. 18 of the Law. 18—(1) The rate of estate duty shall be according to the following scale:—

## CUSTOMS, EXCISE AND INTERNAL REVENUE.

THE Revenues of the Island—parochial as well as general—are collected and accounted for by a Department under the control and direction of an officer styled the Collector General of customs, excise and internal revenue, in whose office is a staff consisting of a chief clerk and eighteen other clerks, divided into three classes. In the Collector General's office (Public Buildings, King Street) in addition to the duties devolving on a department charged with the management and direction of the officers employed in the collection of a large and varied revenue, the accounts of the collecting officers are thoroughly examined, and the statistical returns for the whole island are compiled.

In Kingston separate establishments are maintained for the collection of customs revenue and the collection of the excise and internal revenues; but in the other parishes the whole of the duties are performed by the collector of taxes or by subordinate officers acting under his supervision.

The staff for the conduct of customs business at the port of Kingston consists of a collector, who is also shipping master and inspector of invoices; a Senior Clerk, three first class clerks; six second class clerks; four assistants; a surveyor; an assistant surveyor who is also chief tide surveyor, ten landing waiters; a tide surveyor at Port Royal and twenty out-door officers, divided into three classes. The staff for the collection of excise and internal revenue consists of a first class collector; a second class collector, one assistant collector; two first class lockers and gaugers; two assistants; and three second class lockers and gaugers.

The staff in each of the other parishes consists of a collector, one or more assistant collectors, landing waiters, lockers and gaugers, clerks and assistants.

Each collector of taxes is stationed at the principal town of the parish, and (except in Kingston) besides the duties devolving on him in connection with the collection of revenue he has to discharge the duties of parochial treasurer, and as such has charge of the local treasure chest, into which all local payments pass and from which all local claims against the Government are met. The Collector is *ex officio* manager of the government savings bank, and he issues and pays money orders drawn on and by the Treasurer in Kingston or any other collector of taxes. The collectors do not travel except in special cases when ordered by the head of the department. In their offices are prepared and kept the rolls of taxpayers and collections, the valuation roll, the militia register and the register of licenses.

Assistant collectors of taxes possess the same powers of collecting and enforcing the payment of taxes as collectors. One or more are allotted to each parish, according to its size and importance, and they are stationed either at the collector's office or at some place of importance, in the parish. They are subordinate to the collectors and aid them by receiving money at their offices and at fixed stations throughout the parish, which they visit periodically for the convenience of the taxpayers. The several distilleries in the island are under the inspection of these officers, who visit them at uncertain periods for the purpose of comparing the still house books and vouchers and checking the quantity of rum on hand.

Collectors and assistant collectors of taxes are also distributors of stamps.

All collectors and a few assistant collectors are provided with clerks to assist in filling up in-givings and receipts keeping the office records, and performing clerical duty generally. These officers are not allowed to receive revenue as they are not under security for that purpose. One clerk in each office is required to act as check officer and is styled treasury clerk. He is required to give security for the faithful performance of his duty. The treasury clerk initials all vouchers in proof of their correctness; he checks and initials the entries in the cash book, counts the cash at the close of the day with the collector to see that the public money in the chest agrees with the cash book and keeps a second key of the chest.

Collectors and assistant collectors are required to enter into substantial security for the proper collection of, and accounting for, money; and are guaranteed by the Jamaica Civil Service Mutual Guarantee Association.

Under Law 21 of 1900, "The Tax Collection Law," the tax collecting year was changed from 1st August to 1st April, in each year. The taxes, &c., which became due on 1st August, 1900, were collected for two thirds of a year to 31st March, 1901.

Section 2 of the above mentioned Law grants permission for quarterly payments of taxes where the gross amount shall exceed eight shillings.

## SCHEDULE OF TAXES.

## ON PROPERTY.

I.—*In aid of General Revenue.*

Under Law 15 of 1903—Property Tax Law, as amended by Laws 14 of 1907 and 5 of 1916—  
A tax at the rate of one shilling on every ten pounds or fractional part of ten pounds of the value of every property in the Island except in the parish of Kingston, where the rate is eight-pence.

## SUPERTAX ON PROPERTY.

## Law—43 of 1920.

One or more properties the total value of which amounts to or exceeds in the aggregate the sum of £15,000 a tax upon such property or properties as follows:—

Where the value amounts to £15,000 and does not amount to £20,000, three tenths of the total amount of property tax payable.

Where it amounts to £20,000 and upwards supertax shall be the same number of tenths of the total amount of property tax as the aggregate value of such property or properties contains multiples of 5,000.

II.—*For Parochial General Purposes.*

Under Law 16 of 1903 as amended by Laws 14 of 1907 and 17 of 1909 and 51 of 1920—A tax at a rate to be fixed every year on every ten pounds or fractional part of ten pounds of the value of property in each parish as shall be calculated to be sufficient to provide for the purposes to which the proceeds of the General Rate, formerly collected under Sec. 8 of the Parochial Finance Law of 1900, were applicable:

A tax payable into the Road Fund of each parish of such an amount not exceeding six pence on every ten pounds, or fractional part of ten pounds of the value of property in the parish as may be assessed and fixed by the Governor after giving due consideration to the recommendation of the Parochial Board, in the same manner as the Parish General Rate is to be assessed and fixed.

WAREHOUSE RATES.

The charges for storing goods in the King's Warehouse are on a similar scale to those laid down in the Wharfrage Law, 15 of 1895, as amended by Law 53 of 1920.

These charges cover storage for a period of three months, and for each additional three months or fractional part of three months an additional charge of one-fourth the original rate shall be made.

In case of any expense for carriage having been incurred in conveying the goods to the King's Warehouse, the actual cost thereof, when known, is charged in addition to the rent, but otherwise threepence for a single package and ninepence when more than one, for each quantity not exceeding an estimated single dray load.

No charge for rent or carriage is made for packages for the Government, Army or Royal Navy.

Charges for storing gunpowder at forts or magazines, or some proper place of security, approved by the Governor under Law 18 of 1877, section 95:—2/ per brl. of 100lbs. weight, 1/ per half brl., 6d. qr brl.

Charges for similarly storing arms, ammunition, and explosive substances other than gunpowder under Law 24 of 1855, section 37: Explosives—6d. per cubic foot for a space not exceeding 5 cubic feet and 3d. for each cubic foot in excess of 5 cubic feet; Arms—6d. per package and 3d. per 112lbs. loose arms.

IMPORT DUTIES.

A Law to Consolidate and Amend the Laws Relating to Duties on Imports.

No. 2—1922.

[5th April, 1922.]

BE it enacted by the Governor and Legislative Council of Jamaica, as follows:—

1—This Law may be cited as "The Tariff Law, 1922."

2—(1) On and after the coming into operation of this Law, there shall be raised, levied, collected and paid unto His Majesty, his heirs and successors, for the use of the Government of this Island, upon the several articles imported into this Island and enumerated in the First Schedule to this Law, the several duties therein set forth, subject to the following conditions, viz.:—

- (a) The rates of duties set forth in the column headed "Preferential Tariff" of the First Schedule shall apply to goods the growth, produce or manufacture of the United Kingdom or the Dominion of Canada or of any part of the British Empire to which any preferential tariff in force in the Colony for the time being has hereafter been made to apply by action taken under Sec. 26 of this Law: Provided that such goods shall be accompanied by such evidence of origin as may be prescribed by the Governor in Privy Council from time to time.
- (b) The rates of duties set forth in the column headed "General Tariff" of the First Schedule shall apply to all goods not entitled to admission under the column "Preferential Tariff" of such Schedule.

(2) The Governor in Privy Council may from time to time make Regulations for carrying out the purposes of this section. All such Regulations shall be published in the Jamaica Gazette and shall have the force of Law.

3—The articles enumerated in the Second Schedule to this Law shall be admitted into the Island free of duty.

4—Anything in the next preceding two sections to the contrary notwithstanding the articles enumerated in the Third Schedule to this Law when imported into the Island for temporary use either by an owner or by an exhibitor but not for sale, provided that

the articles enumerated in items 2 and 3 had been in use abroad, shall be admitted on the security of a deposit of thirty per centum of the duties leviable on similar articles if imported for Island use, such deposit to be refunded on the exportation of the articles by the owner or exhibitor within two months of importation. Should the articles not be exported within two months of importation the Collector shall withhold a sum equal to five per centum of the duty payable at time of importation for each month or part of a month during which such articles are kept in the Island beyond the specified period of two months up to the limit of eight months. But if not exported within eight months of the date of importation the articles shall be deemed to have been finally imported for Island use and shall be entered and the duty thereon paid in the manner prescribed by sections 48 and 49 of Law 18 of 1877, or by any Law passed in amendment thereof or substitution therefor, allowance being made for any deductions already taken and brought to account from the amount deposited.

Articles deemed to have been finally imported for Island use, if not entered and duty paid as aforesaid, shall if sold or kept in the Island beyond eight months be liable to be seized as "uncustomed" goods under the provisions of section 156 of Law 18 of 1877 or under any Law passed in amendment thereof or substitution therefor or the person appearing as the importer may be proceeded against under section 34 of Law 24 of 1885, or under any Law passed in amendment thereof or substitution therefor.

5—The articles enumerated in the Fourth Schedule to this Law shall pay duty at the rate of Five per centum ad valorem: Provided that if they are the growth, produce or manufacture of the United Kingdom or of the Dominion of Canada or of any other part of the British Empire to which any preferential tariff in force in the Colony for the time being has heretofore been made to apply for by action taken under Section 26 of this Law, such articles shall be admitted into the Island free of duty.

6—In every case in which the value of goods imported into this Island is to be ascertained for the purposes and in manner provided in section 241 of Law 10 of 1912 or under any Law passed in amendment thereof or substitution therefor and in which exchange is a part of such value the rate of conversion shall be taken as that prevailing between Jamaica and the country whence the goods are imported on the day that due report of the ship bringing the goods shall be made in pursuance of section 42 of Law 18 of 1877, or under any Law passed in amendment thereof or in substitution therefor.

7—(1) In this Law the expression "Cotton Piece-Goods" means all woven fabrics made entirely of cotton in piece lengths but shall exclude all cloth manufactured in the piece with a border or selvedge marking a point for cutting to make up into an article of a distinctive character.

(2) The Preferential Tariff for Cotton Piece-goods shall apply to the following parts of the British Empire:—Empire of India, Dominion of Canada, Newfoundland, Dominion of New Zealand, Commonwealth of Australia, Union of South Africa, British Possessions and Protectorates in Africa, Fiji, Malta, Gibraltar, Cyprus, Hong Kong, Ceylon, Straits Settlements, Mauritius, Falkland Islands, Seychelles, St. Helena, British Honduras, Bermuda, Bahamas, British Guiana, British West Indies.

8—Without prejudice to the generality of the power to make Regulations under other sections of this Law the Governor in Privy Council may by such Regulations provide for the certificates, invoices and bills of lading to be furnished in respect of all or any goods to which any Preferential Tariff in force in this Colony for the time being applies and may also by Regulations prescribe the conditions governing the direct importation of such goods and their passage through another country.

9—The ordinary outside casing or covering of any goods, wares or merchandise liable to a rated duty as set forth in the First Schedule, or exempt from duty as set forth in the Second Schedule shall be exempt from duty under this Law, except as hereinafter stated; but in respect of goods liable to duty on the value thereof, the value of all outside and inside coverings or receptacles containing such goods, together with the value of all labels, wrappers, or other attachments, shall be deemed to be a portion of the value of such goods for duty, and shall be included in such value. Provided, that all packages or coverings containing free or rated goods, apparently designed for use other than in the importation of the goods they contain, shall be subject to the same rate of duty as would thereon be levied if imported empty, or separate from their contents.

All outside packages containing goods liable to rated duties as set forth in the First Schedule as well as goods liable to advalorem duty, shall be liable to advalorem duty, and when the package contains advalorem and free goods, the outer package shall be liable to the same rate of duty as such advalorem goods.

10—In the case of spirits subject to duty according to their strength of proof, such

strength shall be ascertained by means of Sykes (or Sikes') Hydrometer; and in case such strength cannot be correctly ascertained by the direct use of the Hydrometer, it shall be ascertained by the distillation of a sample and the subsequent test in like manner of the distillate.

11—Whenever goods liable to duty on importation according to the value thereof are imported, the invoice of such goods shall include the value of all packages, receptacles, coverings and wrappers, in which such goods are packed or contained, together with all charges due or payable in respect of the preparing, packing and putting up of the goods in the condition ready for shipment, and import duty shall be payable on the value of such packages, receptacles, coverings, wrappers and charges.

12—It shall be lawful for the Inspector of Invoices or other proper Officer of Customs without prejudice to the power to take samples for examination conferred by the Customs Consolidation Law, 1877, or by any Customs Law for the time being in force in this Island or by this Law, to accept as prima facie evidence of the character of cement entered for Island consumption a declaration of the consignor attested in writing by a reliable cement tester, in the country of manufacture, recognized as such by the Governor of this Island, that the article so entered is cement, conforming to the standard fixed by the Governor in Privy Council.

13—Any person who, without lawful excuse, the proof of which shall be on the person accused, sends or brings into this Island, or who being in this Island, has in his possession any bill-heading or other paper appearing to be a heading, or blank capable of being filled up and used as an invoice, and bearing any signature or other attestation purporting to show, or which may be used to show that the invoice which may be made from such bill-heading or blank is correct or authentic, is guilty of a misdemeanour and liable to a penalty not less than £20 and not exceeding £100, or in the discretion of the Court, to imprisonment, with or without hard labour, for a term not exceeding twelve months, and the goods entered under any invoice made from any such bill-heading or blank shall be forfeited.

14—Wines and malt liquors may be converted into vinegar in any Bonded Warehouse, under such Regulations as the Collector General may approve, and thereupon such wines and malt liquors shall be liable to the duty on vinegar only.

15—Upon the re-importation of articles once exported, of the growth, produce, or manufacture of this Island, upon which no internal tax has been assessed or paid, or upon which such tax has been paid and refunded by allowance or drawback, there shall be levied, collected and paid in such manner as the Collector General may direct, a duty equal to the tax imposed by the internal revenue laws upon such articles, if identified as island produce, and if not so identified, then such articles shall be subject to the same rate of duty as other imported articles of the same kind.

Whenever any goods upon which a drawback has been allowed under section 20 of this Law are returned to this Island such goods shall pay the import duty in force at the time of such return.

16—Goods, wares and merchandise upon which any duty under this Law, or any previous Law of this Island shall have been paid, if duly exported within two years of their first importation, shall receive a drawback equal to one-half of the duty mentioned in the column headed Preferential Tariff of the First Schedule, provided that in the case of goods exported to the Turks and Caicos Islands and the Cayman Islands and in the case of Ships' Stores the drawback shall be equal to the duty mentioned in the column headed 'Preferential Tariff' of the First Schedule; subject to Rules to be from time to time made by the Governor in Privy Council for the regulation of such drawbacks. Provided that no drawback shall be paid in respect of textile manufactures.

17—The duty paid on provisions and stores supplied by local merchants or contractors to His Majesty's Navy or Military Authorities in this Island for the use of His Majesty's Navy or Army, or to Naval Officers, or Naval Messes or to other branches of the Public Service and to Public Institutions, shall be refunded under such conditions and regulations as may from time to time be prescribed by the Governor in Privy Council.

Provided that such drawback, or refund shall be limited to such articles as would have been entitled to be admitted free of duty, had they been in the first instance consigned to the purchaser.

18—There shall be paid a drawback equal to one-half of the duty paid on their importation on shipbuilding materials, or accessories of any kind for shipbuilding which shall have been imported into this Island and used in the construction or repairs of foreign-going vessels of any kind, on presentation to the Chief Officer of Customs at the port of importation of a certificate to the effect that such materials and accessories have been

used as aforesaid, under the hand of the builder or repairer of such vessel or boat, who used the same together with a declaration from such builder or repairer that he believes such ship-building materials and accessories to have been imported into the Island.

Paints and oils used in painting any foreign-going ship while temporarily in port shall be included in the term accessory.

19—Drawback of duties shall not be payable on goods which have become unmerchantable subsequent to importation or which have been in actual and bona fide use.

20—Where imported materials on which duty has been paid are used in the manufacture or putting up of articles manufactured or produced in this Island there shall be allowed on the exportation of such articles a drawback equal in amount to the duty paid on such materials so used: Provided, that when the articles exported are made in part from domestic materials, the imported materials, or the parts of the articles made from such materials shall so appear in the completed articles, that the quantity or measure thereof may be ascertained.

Provided also that where the actual quantity or measure cannot be ascertained by ordinary methods it shall be lawful for the Governor in Privy Council by regulation made under section 16 of this Law to approve an approximate scale of drawback.

21—On the exportation of bread or biscuit manufactured in this Island of imported flour, there shall be paid a drawback equal to one-half of the duty mentioned in the column headed "Preferential Tariff" of the First Schedule, on the flour used in making the same, but not to exceed one-half of the duty payable on a like quantity of bread or biscuit imported.

22—The several drawbacks under this Law shall be subject to the regulations and provisions of the several Acts or Laws for the time being in force with reference to such drawbacks.

23—In construing the language employed in Schedule 2 of this Law to describe articles intended to be free of duty the articles named as free must be considered in their primary character in relation to the use under which exemption is given. When the character of such articles has been added to, modified or changed by embellishment or combination with some other article whose primary character is other than that described against the article on the free list the consideration as to whether the composite article is liable to duty shall be the relative value of the component parts considered under the two schedules of the tariff, viz:—the schedule imposing duty and the schedule granting exemption. If the value of the dutiable portion exceeds the value of the portion coming under a description on the free list then duty shall be charged on the composite article; but if the value of the portion formed by any items appearing on the free list exceeds the value of the portion not exempted then the article considered in its complete character shall be exempt from duty.

24—No goods imported free of import duties under the provisions of any law, certificate or concession shall be sold or transferred without the importer notifying the Collector General, and paying such import duties as would be payable if the purchaser or transferee had, on the day of sale or transfer, imported the goods, and any such goods sold or transferred without such import duties being paid as are hereby declared to be payable, shall be liable to be seized wherever found and forfeited, and the person so selling the same shall be deemed guilty of an offence under section 157 of The Customs Consolidation Law, 1877 (Law 18 of 1877) or against any Law passed in amendment thereof or substitution therefor. The provisions of the last mentioned Law, and any laws amending the same or substituted therefor in so far as they relate to goods liable to be seized and forfeited under those Laws, or any of them, shall apply to goods liable to be seized and forfeited under this Law.

25—In amendment of The Customs Consolidation Law, 1877, (Law 18 of 1877) and Laws amending the same it is hereby provided that

- (a) The combined certificate of value and of origin and Form of Invoice set forth in the Fifth Schedule of this Law in respect of goods liable to ad valorem duties shall be declared to in all cases where the rates of duties set forth in the column headed "Preferential Tariff" of the First Schedule shall apply; and such certificate with the omission of the part headed "Origin" shall be declared to in all other cases of goods liable to ad valorem duties; and such certificate with the omission of the part headed "Value" shall be declared to in all cases where preferential duties other than those ad valorem shall apply and in all cases where duties other than those preferential and other than those ad valorem, General Tariff, shall apply the Form of Invoice alone shall be required. Invoices shall be presented in original and duplicate to the Collector of Customs who shall

retain the original; Provided that in the event of an importer not having received a duplicate Invoice the Collector shall retain the original Invoice; Provided that, for three months after the passing of this Law the Collector of Customs where preference is claimed may accept such evidence as is satisfactory to him in proof of value and of origin and waive the certificate referred to in this subsection: and provided further that for the same period one copy of the Invoice may be presented. And provided further that the combined certificate of value and of origin and Form of Invoice above specified may be altered and amended from time to time by the Governor in Privy Council as provided in section 2 subsection 2 of this Law.

26—The Legislative Council may from time to time by resolution extend to any part of the British Empire the whole or any part of the preference given by this Law to the United Kingdom and Dominion of Canada, and thereafter all the sections of this Law dealing with the Preferential Tariff shall apply to goods from such part of the British Empire in accordance with the terms of the Resolution.

By Resolution passed by the Legislative Council on the 6th July, 1922, under Section 26 of Law 2 of 1922 the Preferential Tariff was extended to embrace the Dominion, Colonies, and Dependencies, viz: The Dominion of New Zealand, the Colonies of Cyprus, Fiji, Bahamas, Barbados, British Guiana, British Honduras, Trinidad, Leeward Islands, Grenada, St. Lucia, St. Vincent, the Dependencies of the Turks and Caicos Islands and the Cayman Islands.

27—In this Law the letters "p.c." in any one of the tariff columns in the First Schedule represent and have the meaning of the words "per centum, ad valorem."

28—Notwithstanding anything to the contrary contained in The Revenue Temporary Protection Law, 1898 (Law 23 of 1898) no import duty paid during the month of March, Nineteen hundred and twenty-two under the provisions of the said Law 23 of 1898 in accordance with an Order issued under the said Law by the Governor in Council to the Collector General shall be repaid to the person who paid the same; and no import duty that would be liable to be paid by any person under the provisions of the said Law of 1898 shall be payable by any person prior to the date on which the duty on such article was increased in the Legislative Council on the following dates

|                |   |            |
|----------------|---|------------|
| viz:—Item 5    | } | 21st March |
| " 10           |   |            |

and no import duty that would be liable to be paid by any person in respect of any article in item No. 23 of the Second Schedule of Law 21 of 1911 shall be payable in respect of such article if it had arrived in this Island prior to the 2nd March, 1922.

29—The Laws mentioned in the Sixth Schedule to this Law are hereby repealed to the extent specified in the third column of that Schedule: Provided that any Regulations made under or by virtue of any of the Laws so repealed and in force at the time of the coming into operation of this Law shall continue in force, so far as the same may not be rendered inapplicable by any section of this Law, until fresh Regulations repealing or adding to the existing Regulations have been made under this Law.

30—The provisions of this Law relating to any preference given to the Dominion of Canada or to any part of the British Empire shall remain in force for and during the term of the agreement made with the Dominion of Canada and subject to the terms of such agreement.

*Rules made by the Governor in Privy Council, under Section 12 of the Tariff Law 21 of 1911, regulating the Drawback of Duties on the exportation of goods from Jamaica.*

Notice of intention to export goods on which Drawback is to be claimed must be given by the Exporter in the following form at least two working hours before the attendance of the Examining Officer is required:—

Jamaica,

Collector of Customs,

19

Port of

I hereby notify you of my intention to export\*

on the

for

on which Drawback

of duty will be claimed, and to request that an officer be detailed to examine and take account of the goods at

I am, &c.,

The entry on exportation required by section 100 of Law 18 of 1877 must be made previous to the Customs Officer's inspection of the goods.

A list giving the details of the goods for drawback must be furnished by the Exporter to the Customs Officer, who will check each item with the list and retain it for verifying the Drawback claim in due course.

All goods for Drawback must undergo the personal examination of the Customs Officer and the contents of each package must be ascertained and certified on the drawback papers by him.

In the case of unenumerated goods before certifying the shipment and exportation the original invoices must be produced to the officer and compared by him with the Drawback claim in respect of values, etc., and the certificate of the officer is to be in the following form:—

\* Here give general description of the goods.

I hereby certify that the goods above-mentioned were packed in my presence, and the value of £                      was found to agree with the Invoice values upon which Import Duty was paid, and that the said goods were duly shipped on the                      for                      as per warrant No.                      dated                     

In the case of rated goods each package must undergo examination including weighing, gauging, etc., and the full particulars of such examination, including tares, returned on the Drawback papers by the Examining Officer, and the certificate of shipment and exportation for rated goods is to be in the following form:—

I hereby certify that the above-mentioned                      \*were weighed in my presence and found to contain                      and that they were duly shipped on the                      for                      as per warrant No.                      dated                     

The name of the import ship and the number and date of the export warrant must be shown in the notice to export required by section 112 of Law 18 of 1877.

In the case of rated goods, drawback will not be allowed when the quantity exported is less than one whole original package, complete and unbroken as when imported.

Drawback on goods exported will not be granted when the amount of duty to be refunded would be less than four shillings.

When Drawback is claimed on liquids, exported in bottles included in items 1, 45, 46, 49, 59, 60, 61 and 71 of the First Schedule Section 2 Tariff Law 1911, the Officer must examine the contents of one bottle at least of each package, and when in bulk, the contents of each cask or other package. The strength of the contents of each bottle, cask or other package of spirits, brandy, whisky, gin and such like, so examined, must be ascertained by means of the Hydrometer, and recorded on the Drawback papers by the Customs Officer.

When the following goods are entered for drawback samples as hereunder set forth shall be taken and sealed up by the Customs Officer at the time of inspection, the Officer shall then forward such samples to the Collector after affixing to each one a label showing the particulars of exportation

Made by the Governor in Privy Council this fourteenth day of May, 1912.

F. L. PEARCE, Clerk Privy Council.

*Rule made by the Governor in Privy Council under Section 9 of Law 21 of 1911. "The Tariff Law, 1911."*

Concessions made by the Governor in Privy Council under Section 9 of Law 21 of 1911 may be either (a) general or (b) limited. In the former case all articles of the character designated may be passed on ordinary free entry; in the latter the entry must be accompanied by a certificate in the following form signed by the importer, and in which is embodied a declaration to the effect that the goods for which free entry is made fall within the intentions and limits of the concession:

*For Original Importer.*

I.....do solemnly and truly declare that I am the importer of the merchandise described in the annexed entry and invoice, that the goods have been imported for the purpose of.....  
.....  
and that I am in a position to make this declaration by virtue of the goods remaining under my control until they have been put to the use in connection with which exemption from duty has been granted by the Governor in Privy Council under Section 9 of Law 21 of 1911.

*For Middleman.*

I.....do solemnly and truly declare that I am the importer of the merchandise described in the annexed entry and invoice, that the goods have been imported for the purpose of.....  
.....  
and that I am in a position to make this declaration by virtue of the goods having been specially prepared for the purpose and being prima facie unsuitable for other purposes than the use in connection with which exemption from duty has been granted by the Governor in Privy Council under Section 9 of Law 21 of 1911.

## WHARFAGE AS AMENDED BY LAW 53 OF 1920.

Public Wharfrage is regulated by Law 15 of 1895 and Law 53 of 1920 and the following Schedules limit the charges of Wharfingers:—

- I. A Wharfinger in Kingston shall in the case of any of the goods enumerated in Schedules A and B to this Law which shall be landed or received at his wharf, be entitled to demand and receive wharfrage at and after the rate stated in the first column of the said Schedules respectively opposite to such goods and in the case of any such goods landed at his wharf as shall be re-shipped from his wharf, wharfrage at half the above rate.
- II. The Wharfinger of any wharf out of Kingston shall be entitled, in respect of any of the goods enumerated in the said Schedules A and B, which shall be landed or received at his wharf, to demand and receive wharfrage at and after the rate stated in the second column of the said Schedules respectively opposite to such goods and in the case of any such goods landed at his wharf as shall be re-shipped from his wharf, wharfrage at half the above rate.
- III. A Wharfrage includes receiving from, or delivering to, the ship (if alongside the Wharf) or lighter and stowing, shedding, weighing, skidding, gauging, securing and delivering together with all labour involved therein.
- IV. In Kingston the storing referred to is limited to 14 clear days in respect of goods landed and enumerated in Schedule A and to three months in respect of those landed and included in Schedule B while in respect of goods received for shipment, the rates cover a period of three months prior to the arrival of the ship in which they are to be shipped.
- V. At Outports the charge for storing goods landed is covered by the Wharfrage rate for a period of three months, the time in cases in which by the terms of the Bills of lading, the goods are to be delivered free of Wharfrage to be calculated from the expiry of 14 clear days and in other cases from the time of landing while in the case of goods received for shipment the rates cover a period of three months as in Kingston.
- VI. For storing goods specified in Schedules A and B for any period in excess of the period of 14 days or three months, as the case may be, a Wharfinger is entitled to charge at the rate of one-fourth the specified rate for every additional month or part of a month.
- VII. For lumber and coal the rates specified in Schedule C and D shall be charged: column 1 referring to Kingston and column 2 to the outports. In the case of lumber the charge covers a keeping on the Wharf for three months and in the case of coal for six months.
- VIII. Before extra wharfrage shall be charged the person chargeable or his Agent shall be given 3 clear days' notice of the Wharfinger's intention to charge extra wharfrage.
- IX. For use of a Wharf for shipping fruit the Wharfinger shall be entitled to wharfrage at the rates stated in Schedule D.
- X. Any goods not specifically named shall be charged for in proportion to the rates fixed provided that in respect of machinery and other heavy packages exceeding two tons in weight the charge shall be fixed by special agreement. Where any goods are left on a wharf after the time allowed by this Law a Wharfinger may by giving notice in writing by registered post to the consignees or shippers of such goods, request that such goods be removed from his wharf within such time as may be specified in such notice being not less than three months after the date of such notice; and in default of such goods being removed, storage may be charged at the full rate for each month or part of a month during which such goods may remain on the wharf.

## VALUATION COMMISSIONER.

A VALUATION of all real property in the island was undertaken in 1901, under Law 22 of 1901 to enable the Government to see whether one tax for general, and one for parochial purposes could be made to take the place of the many different rates then payable by landowners.

Prior to this, holders of real property were required to pay a house tax on its annual value, a property tax on each acre of land according to the cultivation or crop upon it, and a school tax on the annual value of houses. They also paid a quit rent of one penny per acre, and a holding tax according to the size of their holding. In addition to these, poor, sanitary and other rates were levied for municipal purposes.

A Valuation Commissioner was appointed to direct and bring to completion the preparation of the valuation rolls.

This law was a tentative measure to last for five years, but on its expiration in 1906 the condition of the country did not appear to warrant a re-valuation, and the time was extended for a further period of five years. The law was from time to time amended and in 1911 a consolidation and amending permanent law was passed, Law 3 of 1911, under which a general revision of the values previously obtained was made. This law was amended by Law 23 of 1919 under which the Valuation Commissioner ceased to be a member of the Board of Assessment and the number of members appointed by the Governor was increased to four in each Parish.

Under these laws every person is required to render an ingiving of the description and value of his property, and where no ingiving is made the Collector issues his assessment. For the purpose of settling cases in which the ingiver and Collector cannot agree as to the value of the property, a Board of Assessment for each parish has been appointed. The Board is composed of the Resident Magistrate and the Chairman of the Parochial Board of the parish and four other persons appointed by the Governor. The following persons have been selected for the several parishes:—

## POST OFFICE.

[Historical details of the development of the Post Office will be found in issues of the *Hand-Book* prior to 1898.]

The General Post Office in Kingston is situated in the Public Buildings, West block, King Street.

THE Circulation Branch, Money Order Office, Parcel Post and Telegraph Offices, are all maintained at the north-west portion of the Public Buildings, King Street. The Control Branch, Cash on Delivery and Detained Packet Offices, and the Telegraph Office are on the first floor of the same building.

The ordinary office hours of the Circulation Branch are from 8 a.m. to 4 p.m.; but the office is opened earlier or later should the arrival or departure of important ship mails render it necessary.

The Money Order and Parcels Post Offices are kept open from 9 a.m. to 3 p.m. each working day.

District Post Offices are open for the transaction of all business from 7 a.m. to 5 p.m. daily.

† N.B.—Any publication, printed and published in the British Islands or in some British possession, which is registered at the London General Post Office as a Newspaper, may be sent to any address within the Island at the local newspaper rate of  $\frac{1}{4}$ d for each copy. All other newspapers are subject to postage at the rate for "Printed Papers," i.e.  $\frac{1}{2}$ d. for each 2 oz. of weight.

‡ No receipt is given for parcels sent under this scale, they are treated as ordinary letters and should be posted in the letter box.

## REGULATION\*.

**I. Letters.**—No letter for delivery in Jamaica may exceed 18 inches in length, 9 inches in width or 6 inches in depth, except it be sent to or from a Government Office.

Letters sent in open envelopes are not admitted at rate for "Printed Papers."

Letters, newspapers, prices current and book packets which are wholly unpaid will be liable to a surcharge equal to double the prepaid rate; and, if they be insufficiently prepaid, to a surcharge equal to double the deficiency.

At the General Post Office, Kingston, circulars, accounts, &c., (but not newspapers) may be pre-paid in money instead of postage stamps; provided that the articles are chargeable with an uniform rate of postage, that the amount paid is in no case less than 10s., and that they are tied in bundles representing a postage of 2s. 6d. each, with the addresses arranged in the same direction. Such mail matter must be presented at a time pre-arranged with the General Post Office.

**II. Post Cards.**—Private post-cards prepaid by means of penny postage stamps may be sent by the Inland Post on the following conditions:—They must not exceed  $5\frac{1}{2}$  by  $3\frac{1}{2}$  inches nor be less than 4 by  $2\frac{1}{2}$  inches. The right hand half of the face is reserved for the postal directions and address; the left hand half is available for the purposes of the sender, subject to the following restrictions:—In addition to stamps for prepay-

ment post cards may bear small labels showing the name and address of the sender and the addressee; and engravings and photographs on very thin paper may be affixed to the back and left hand half of the address side, provided that they are *completely adherent*. Newspaper cuttings may also be attached to the back and left hand half of the address side. A post-card must not be enclosed in a cover of any kind.

Cards bearing the title "Post Card," or its equivalent, are admitted at the rate for printed matter, provided that they conform to the general regulations respecting printed papers: if they do not conform either to these regulations or to the rules applicable to post cards they are treated as letters.

Cards must be manufactured of cardboard or paper of such consistency as not to hinder manipulation.

*III. Printed Papers.*—The following are considered as Printed Papers, and allowed to pass as such :—Newspapers and periodical works, books, pamphlets, sheets of music, visiting cards, address cards, proofs of printing with or without the relative manuscript, engravings, photographs, and albums containing photographs, pictures, drawings, plans, maps, catalogues, prospectuses, advertisements and notices of various kinds, printed, engraved, lithographed or mimeographed, and in general, all impressions or copies, obtained upon paper, parchment, or cardboard, by means of printing, engraving, lithography, autography, or any other mechanical process easy to recognise except transfers and the typewriter.

Reproductions of a manuscript or type-written original, when they are obtained by a mechanical manifolding process (chronography, &c.) are treated like printed papers; but in order to pass at the reduced postage, these reproductions must be brought to the counter of a Post Office to the number of at least twenty copies, precisely identical.

Printed papers which bear any marks whatever capable of constituting a conventional language or, save the exceptions specifically authorised below, those of which the text has been modified after printing, cannot be sent at the reduced rate applicable to printed matter.

It is allowed :—

- (a) to add in manuscript, on printed visiting cards and also on Christmas and New Year Cards the address of the sender, his title, as well as any formula of courtesy, expressed in five words at most or by means of conventional initials (p.f., &c.);
- (b) to enclose the "copy" with corrected proofs, and to make in those proofs alterations and additions concerned with corrections, form, and printing. In case of want of space these additions may be made on separate sheets;
- (c) to correct also errors in printing in printed documents other than proofs;
- (d) to insert or correct in manuscript or by a mechanical process figures in prices current, tenders for advertisements, stock and share lists, market quotations, trade circulars and prospectuses, as well as the traveller's name, the date, time and place of his intended visit, and the address at which he is staying, in travellers' announcements;
- (e) to indicate in manuscript in advices of the departures and arrivals of ships, the date and time of those departures and arrivals, as well as the names of the ships and the ports of departure and arrival;
- (f) to add a written dedication consisting simply of an expression of regard on books, pamphlets, newspapers, photographs, engravings, sheets of music, and in general on all literary or artistic productions, printed, engraved, lithographed or mimeographed, as well as to enclose the relative invoice;
- (g) to add, in manuscript or by a mechanical process, to cuttings from newspapers and periodicals, the title, date, number, and address of the publication from which the article is extracted;
- (h) in forms of order or subscription for publications, books, newspapers, engravings, pieces of music, to indicate in manuscript the works required or offered, and to strike out or underline the whole or part of the printed communications.

Address cards and all printed matter of the form and substance of an unfolded card may be forwarded without wrapper, envelope, fastening or fold.

The undermentioned articles are *excluded* from transmission at the rate applicable to printed papers:—

Postage stamps, whether obliterated or not, and in general all printed articles constituting the sign of a monetary value.

Blank paper, note paper or envelopes (with or without printed address), and all other articles of stationery pure and simple.

*IV. Commercial Papers* comprise all papers or documents written or drawn wholly or

partly by hand (*except letters or communications in the nature of letters, or other papers or documents having the character of an actual and personal correspondence*), documents or legal procedure, deeds drawn up by public functionaries, copies of or extracts from deeds ~~under private seal~~ written on stamped or unstamped paper, way bills, bills of lading, invoices, receipts for goods or money, and other documents of a mercantile character, documents of insurance and other public companies, all kinds of manuscript music, the manuscript of books and other literary works, letters and post-cards of old date which have already served their original purpose, and pupils' exercises either in original or with corrections, but without any comment on the work, and other papers of a similar description.

For fuller details concerning this class of mail (III and IV) reference should be made to the London Postal Guide, pp. 49 to 51.

A local packet of "Printed" or "Commercial" Papers may not exceed 3 pounds in weight, nor 2 feet in length, nor 1 foot in width or depth, except it be intended for transmission as a parcel.

The LOCAL rate of postage on "Printed" and on "Commercial" Papers is the same (viz.,  $\frac{1}{2}$ d. for each 2oz.) but for FOREIGN *mail the rate differs*. See p. 181.

V. *Parcels*.—Under scale (1) a parcel may not exceed 11b. in weight, 2 feet in length nor 1 foot in width or depth (Under this scale the postage is 1d. for each 2 oz.)

Under scale (2) a parcel may not exceed 11lbs. in weight nor 1.000 cubic inches in size, three feet in length and 1 foot in width or depth. (Under this scale the postage is 4d. per lb.)

Rules for the mode of packing, &c. of inland parcels and samples are identical with those relating to foreign parcels and samples. (See pages 172 and 175.)

Newspapers, price current, book packets and parcels must be posted without a cover, or in a cover open at the ends or sides *so as to admit of the contents being easily withdrawn for examination*. The mere clipping of the corners or of the sides of an envelope or other cover is insufficient. They must not contain any letter or communication of the nature of a letter, nor anything that may *injure the officers of the Post Office or the contents of the mail bags*.

If any letter or communication of the nature of a letter be found in a newspaper, price current, book packet or parcel the entire packet will be surcharged at the *unpaid-letter rate of postage*.

### REGISTRATION (Inland).\*

Any letter or other mail matter may be registered on pre-payment of the registration fee and postage. Packets containing money, jewellery or other value, *must be registered* and must be prepaid at the *letter rate of postage*. Any packet found to *contain value*, but not registered, will be liable to a surcharge equal to double the registration fee.

#### I.—FEES.

The fees payable over and above the postage, and the respective limits of compensation, are as follows:—

|                       |   |
|-----------------------|---|
| Fee                   | 2d., 3d., 4d., 5d., 6d., 7d., 8d., 9d., 10d., 11d., 1s. |
| Limit of compensation | £2, £10, £20, £30, £40, £50, £60, £70, £80, £90, £100.  |

These fees *include* the ordinary registration fee 2d. The highest amount of compensation obtainable for any one packet is £100.

#### II. COMPENSATION FOR LOSS.

1. The Postmaster for Jamaica is not legally liable for any loss or inconvenience which may arise from the loss, damage, delay, non-delivery, or mis-delivery of anything sent by post, and he does not, in any circumstances, pay compensation in respect of unregistered letters, post-cards, printed matter, packets, newspapers or local parcels. But subject to the rules stated below, he pays compensation voluntarily and as an act of grace in those cases and in those cases only in which there has been a total loss of the contents of correspondence of the following descriptions not being loss due to breakage or damage.

2. No compensation is given in respect of correspondence compulsorily registered.

3. Compensation in respect of money of any kind (coin, notes, orders, cheques, stamps, &c.) will only be given in those cases in which the money is enclosed in one of the registered letter envelopes sold by the Post Office and the packet is tendered for transmission by registered letter post. The compensation given in respect of coin, which should be packed in such a way that it cannot move about, will in no case exceed £2.

\* Conditions governing registration of inland correspondence differ from those governing foreign correspondence. See p. 127.

4. It must appear that the loss occurred in the post, and did not arise wholly or in part by the fault of the sender, as, for instance, from inadequate fastening.

5. The compensation given will not exceed the value of the article lost. The right is reserved of reinstating the contents of an envelope instead of giving pecuniary compensation.

6. In the case of loss of contents the envelope should be retained for inspection as nearly as possible in the state in which it was delivered. If complaint be made that the contents of an envelope have been abstracted the envelope must be produced.

7. In the case of bank notes, money and postal orders, cheques, bonds, and similar documents, particulars sufficient for their identification must be furnished.

8. No compensation for loss is given in respect of an envelope containing anything not legally transmissible by post, or an envelope not posted in the manner prescribed; or in respect of glass crockery, greases, liquids or semi-liquids, colouring powders, eggs, fish, meat, fruit, or vegetables, sent by letter post.

9. No compensation is given for injury or damage consequential upon—i.e., indirectly arising from—the loss of anything sent by post.

10. Without prejudice to any of the preceding rules, the Postmaster for Jamaica will if he thinks fit, refuse to give compensation for loss on any ground on which a common carrier might in like case claim exemption from legal liabilities.

11. The final decision upon all questions of compensation rests with the Postmaster for Jamaica.

12. In these rules the term "money" means—(a) coin, and (b) paper money. The term "coin" means coins of all kinds whether or not current in Jamaica or elsewhere. The term "paper money" means notes of the Colonial Bank, Bank of Nova Scotia, or Royal Bank of Canada or of any bank of issue in the United Kingdom, and notes current in any Foreign State or British Possession, money orders and postal orders, unobliterated postage and revenue stamps, exchequer bills, bank post bills, bills of exchange, promissory notes, cheques, credit notes which entitle the holder to money or goods, and all orders and authorities for the payment of money, whether negotiable or not, bonds, coupons, and securities for money, whether negotiable or not.

*Advic. of Delivery.*—The sender of registered correspondence may obtain an acknowledgment of its receipt by the addressee on payment of an extra fee of 2d. in addition to other charges.

(b) By the signature and official designation of the Head of the Department, or other duly authorised officer or functionary, on the lower left hand corner of the envelope or cover. The envelope or cover must be superscribed with the words "On His Majesty's Service."

2. The envelope or cover must be addressed to the head of the department or to a public officer or functionary who is entitled by the authority of His Excellency the Governor to receive official correspondence free of charge for postage.

3. No public officer will be permitted to make use of any stamp for franking letters or to frank letters without the authority of the Governor.

4. Heads of Departments and all postmasters must exercise vigilance to prevent any abuse of the franking privilege, and any evasion or attempt to abuse the privilege or any departure from the rules, must be reported, with full particulars, to the Colonial Secretary or to the Postmaster for Jamaica.

5. The franking of envelopes, &c., either by means of the franking stamp or by signa-

No application can be entertained for compensation for alleged injury from the non-payment of a money order at the expected time. When a money order is applied for it must be on the clear understanding that no such claim will be allowed, and that the Post Office is not liable, under any circumstances, to more than one payment of a money order, even when, notwithstanding the precautions that are taken, the order has been paid to a person not entitled to receive the money. Re-payment to the remitter of a money order cannot be made until the chief office of the paying country has been communicated with; and applications for re-payment should be accompanied by a sum equal to the original commission on the order.

A Through Money Order Exchange also exists between Jamaica and *certain* British Colonies and foreign countries via the United Kingdom. Such through money orders are subject on payment to a deduction of two-pence for each £1 with a minimum charge of four-pence. The full name and address of the payee of a through money order must be given to enable the Chief Money Order Office, London, to forward to the payee a money order for the net amount payable, the money order issued to the remitter being only of value as a receipt for the amount paid and should be retained by the remitter.

**TELEGRAPH MONEY ORDERS.**

The system of Telegraph Money Orders is in operation between the United Kingdom and Jamaica. The remitter of a Telegraph Money Order is required to pay, in addition to the M.O. commission, the cost of the Telegram of Advice at the ordinary rate (2/6) or at the "deferred" rate (1/3) per word. Every word in the telegram has to be paid for;

§*Note*—For complete list of places in which Money Orders are issued and paid, see London Postal Guide, pp 638 to 645.

\*British Postal Orders are also issued and paid in these countries. See "Postal Orders." page 156.

†British Postal Orders are paid at certain Offices in Canada, but are not issued in Canada.

in the case of a "deferred" telegram, the instruction "L.C.O." is charged as one word, and the word "Postmaster" has also to be sent in every case and must be paid for. Further details may be had from the Chief M.O. Office, Kingston or from Parochial Treasuries.

### POSTAL ORDERS.

*Amounts and poundage.*—The only Postal Orders sold in Jamaica are British Postal Orders, and they are issued and paid at all the Post Offices in the Island. They are available for use in the colony and in the British Colonies and other places abroad marked with an asterisk \* on page 155.

The commissions charged on orders issued are as follows:—

|                                    |      |
|------------------------------------|------|
| At 6d. 1s., 1s. 6d., 2s., 2s. 6d.  | 1d.  |
| At 3s., 3s. 6d., 4s., 4s. 6d., 5s. | 1½d. |
| At 7s. 6d.                         | 2d.  |
| At 8s., 10s.                       | 2½d. |
| At 20s.                            | 4½d. |

*Postage Stamps Affixed to Postal Orders.*—The sender of a Postal Order, whether made payable in the United Kingdom or elsewhere (excepting Canada), may increase its value by an amount not exceeding 5d. by affixing Postage Stamps not exceeding three in number to the face of the Order. No credit will be given for stamps which are in excess of three or which are affixed elsewhere than in the spaces provided. Odd half-pence will not be paid. Stamps perforated with initials or marks, or embossed or impressed stamps cut out of envelopes, post-cards, &c. cannot be accepted for this purpose.

*Period during which Orders are payable.*—If an order be not paid within three months from the last day of the month of issue, a commission equal to the original poundage will be charged. The commission thus paid must be affixed in Postage Stamps to the back of the Order. Postal Orders which are not presented for payment within six months from the last day of the month of issue are not paid until reference has been made to London.

*Filling in of Order.*—The purchaser of a Postal Order must, before parting with it, fill in the name of the person to whom the amount is to be paid, and is recommended to fill in the name of the Office of Payment as a precaution in case the Order should be lost or stolen. If the purchaser does not know which Post Office is most convenient to the payee, he should insert the name of the town, village or district where the payee resides. The Order will then be paid at any Post Office in the place named.

*Counterfoils.*—Every person to whom a Postal Order is issued should tear off and retain the counterfoil. Its production will facilitate inquiry if the Order should be lost.

*Miscarriage or loss.*—The Postmaster cannot undertake to consider any application respecting a Postal Order which has miscarried, or which has been lost or destroyed, unless the counterfoil be produced, and unless proof be given to his satisfaction that the name of the payee was inserted in the Order before the holder parted with it.

After a Postal Order has once been paid, to whomsoever it is paid, the Postmaster will not be liable to any further claim.

*Payment to the public.*—Before a Postal Order is paid the name of the payee and the name of the office of payment must have been filled in and the order must be properly receipted.

*Payment through Bankers.*—If a Postal Order be crossed, payment will only be made through a bank; and if the name of a bank be added, payment will only be made through that bank.

*Repayment to sender.*—The sender of a Postal Order can obtain repayment of the amount (but not the poundage) on presenting the Order and the Counterfoil at the issuing Office. If the Order has been crossed for payment through a bank the sender must first cancel the crossing by writing across the face of the Order the words "Please pay cash" and adding his initials.

*Erasures, alterations, &c.*—If any erasure or alteration is made, or if the Order is cut, defaced, or mutilated, payment may be refused.

*Postal Orders not negotiable.*—Postal Orders do not, like Bank of England Notes represent value in themselves. If an Order is lost or stolen no person into whose hands it may fall, though himself innocent, is entitled to receive the amount of the Order. The rightful owner is alone entitled to cash the Order.

### REPLY COUPONS.

All countries, whether they issue reply coupons or not, exchange reply coupons presented to them for a stamp or stamps *representing the postage on a single-rate letter*. Reply coupons are to be regarded as valid only for two months from the date of issue (six months in the case of countries beyond sea), and not more than 10 coupons may be sold to or exchanged for a single applicant on any one day. Coupons are sold at the money order office, Kingston for 6d. each, and are cashed at the rate of 3d. for a 50-centime, and 1½d. for a 25-centime coupon.

## MAIL COACH REGULATIONS.

**PASSENGERS**—At intermediate stations a passenger must take his chance of finding a vacant seat in the coach, and must, if there be a vacancy, then pay his fare to the local postmaster, or contractor's agent.

In either case the amount for such ticket must be paid in cash, and the ticket must be handed to the driver or guard of the coach before the passenger takes his seat.

In all cases if a passenger intends to leave the coach between stations he must pay the fare to the next station beyond.

The **PERSONAL LUGGAGE** of each passenger is limited to 20lbs. by weight or 2,000 cubic inches by size. Any excess must be paid for as freight, and such excess may not exceed 10lbs. in weight, or 1,000 cubic inches in size. Dogs are not allowed to be carried by coach.

## OVERSEA MAIL COMMUNICATION.

**I. UNITED KINGDOM**—Letter mail for the United Kingdom is sent and received by each available opportunity via the United States, and by the Elders and Fyffes, and Leyland and Harrison Lines of Steamers via Liverpool or Bristol. The Department endeavours to forward mail for the United Kingdom by the most expeditious route in each case. Parcel post mail is conveyed only by the direct steamers.

**II. UNITED STATES OF AMERICA**—Mails (both letter and parcel) for the U.S.A., are conveyed by the steamers of the United Fruit Co., Atlantic Fruit Co., Clyde S. S. Co., and Jamaica Fruit and Steamship Co., the most expeditious opportunity being utilized as far as possible.

**III. CANADA**—Letter mail for the Dominion of Canada is sent and received by each U.S. mail. Parcel post mail is, however, conveyed only by the steamers of the Pickford and Black Line trading between Halifax N.S. and Jamaica, and the Canadian Government Merchant Marine trading between Montreal and St. Johns and Jamaica about once every three weeks.

**IV. CENTRAL AMERICA**—Mail communication with these countries is maintained by the steamers of the United Fruit Co., Elders and Fyffes Ltd., and Clyde S. S. Co. For special information regarding parcel post mail for these places see page 178.

**V. WEST INDIA ISLANDS**—Letter and parcel post mails for the West India Islands, are exchanged regularly by way of the U.S.A. The Windward Islands Line also maintains a direct service to Haiti and several of the British West India islands.

The Canadian Government Merchant Marine maintains a direct service between Jamaica, British Honduras, the Bahamas and Bermuda.

**VI. CAYMAN AND TURKS ISLANDS**—An irregular mail service to and from these Islands is maintained by means of schooners and sloops. Letter mail for Turks Island is also exchanged via U.S.A.

**VII. CUBA**—Mails are exchanged about once a week. There is no direct parcel post exchange with Cuba.

By courtesy of the United Fruit Co., the following schedule of routes, etc., of their regular mail-carrying steamers is furnished.

**NEW YORK-JAMAICA-PANAMA-COLOMBIA SERVICE:** A steamer leaves New York every Wednesday p.m. and calls at the following ports:—

Kingston (arrives and leaves Monday), Cristobal, Cartagena, Puerto Colombia, Santa Marta, Cristobal, Kingston (arrives and leaves Saturday), New York, (arrives Thursday p.m.)—a round voyage of 22 days.

**NEW YORK-CUBA-JAMAICA-HONDURAS-GUATEMALA SERVICE:** A steamer leaves New York every other Saturday calling at the following ports:—

Santiago, Kingston, (arrives and leaves Friday,) Belize, (or Puerto Cortez\*), Puerto Barrios, Tele, Puerto Castilla, Puerto Barrios, Kingston (arrives and leaves Thursday), Santiago, New York.

Elders and Fyffes Ltd. maintain a weekly mail service with the United Kingdom, but as the sailing days and routes of these boats vary somewhat according to the season of the year their movements cannot be reduced to the precision of a schedule. In addition to the regular weekly closing on Saturdays for New York by the United Fruit Co.'s steamers, a mail for the U.S.A. is made up every Tuesday for despatch (via Port Antonio) by one of the Atlantic Fruit Co.'s steamers.

The service maintained by the steamship companies named above provides, on an average, two weekly receipts from and five fortnightly despatches to the U.S.A., Canada, and Europe, and one weekly receipt from and despatch to Central America.

In the foregoing the term "Letter Mail" refers to Letters and Post Cards, and Packages of Printed and Commercial Papers and Samples.

\*Alternate sailings calling at Belize one voyage, Cortez the next.

## POSTAL UNION.

## POSTAGE.

Foreign Correspondence is divided into the following classes:—

- (a) Letters. (b) Post-cards. (c) Printed Papers. (d) Commercial Papers. (e) Samples. (f) Parcel Post Parcels.

For the Rates of Postage on all classes of mail-matter, limits of weight and size, &c., see Table, page 181.

(a) *Letters* posted wholly unpaid or insufficiently prepaid are forwarded, but are charged on delivery with double the deficiency.

Unpaid and insufficiently prepaid letters from places abroad are charged double the deficient postage.

Letters or articles paid at the letter rate of postage may not exceed the weight of 4 pounds 6 ounces, nor in their dimensions exceed 18 inches in any one direction, except that when in the form of a roll they may not exceed 30 inches in length and 4 inches in diameter.

(b) *Post Cards*: See Inland Regulations. p. 147.

(c) (d) *Printed and Commercial Papers*: For definition and description of these see Inland Regulations pp. 148 and 149\*

(e) *Samples*: The use of the Sample Post is restricted to (1) bona-fide Trade Samples or Patterns of Merchandise without saleable value, and (2) natural history specimens, dried or preserved animals and plants, geological specimens, and scientific specimens generally, keys, fresh flowers, tubes of serum and pathological specimens rendered innocuous by their mode of preparation and packing, when sent for no commercial purpose. Packets containing goods for sale or consigned in execution of an order (however small the quantity) or articles sent by one private individual to another which are not actually trade samples or patterns or scientific specimens, &c., cannot be forwarded by Sample Post.

It is recommended that every sample should be marked "Sample—not for sale," or otherwise defaced in such a way as to render the article unsaleable in the ordinary way of trading.

Packages of Printed and Commercial Papers and Samples if only partly prepaid will be chargeable on delivery with double the deficiency; if wholly unpaid, they will not be forwarded.

*The privilege of not prepaying or of prepaying partially does not apply to letters, post-cards, or to other articles sent with the evident intention of avoiding payment of postage.*

*Special regulations as to certain articles.*—Though under the regulations of the Postal Union articles liable to Customs Duty may only be sent by the Parcel or the Insured Parcel Post, this rule is relaxed for samples in certain countries. In some instances samples liable to customs duty are delivered either free or on payment of the duty, but in others they may be withheld from delivery. Samples of tea exceeding eight ounces in gross weight are not in any case accepted for transmission abroad; and some countries have fixed a still lower limit both for tea and for certain other articles. Samples liable to customs duty are ordinarily admitted into the United Kingdom when sent in quantities so small as to have practically no saleable value; but the importation of tobacco, cigars, cigarettes, &c., by Sample Post is prohibited, with the sole exception of packets of type samples of unmanufactured tobacco not exceeding six ounces in gross weight, which are delivered on payment of 2s. 6d. customs duty.

*Samples of Spirits* (except perfumed spirits) may be sent to the United Kingdoms provided that the samples are plainly marked "*Spirits (not perfumed).*" Each packet is liable to a charge of 3s. (d. customs duty. Samples of wine are admitted free of custom charges. The gross weight of any sample packet containing wine or spirits must not exceed 12 ounces.

*Samples of Tea* not exceeding 8 oz. in gross weight may be sent to U. K., provided that the packets are plainly marked as containing tea. Each packet, exceeding 3 oz. in weight, is liable to a charge of 2d. Customs Duty. Packets of tea exceeding 8 oz. in gross weight and sent by Sample Post are liable to forfeiture by the Customs.

Sample packets containing *liquids* and *greasy substances* can be sent to countries in the Postal Union: also *live bees* (except when prohibited by the special regulations of the country of destination). They must be made up so that they can be easily opened for purposes of inspection, with the exception of packets containing live bees, which must be enclosed in boxes so constructed as to allow the contents to be ascertained without opening.

\* The inland rate of postage on "printed" and "commercial" papers is the same, but the foreign rate on "commercial" papers differs from the inland rate, see p. 181.

The bottles used for enclosing liquids must be of glass, and all articles of glass must be securely packed in boxes of metal or wood.

*Liquids, Oils, and substances* easily liquefied must be enclosed in glass bottles, hermetically sealed. Each bottle must be placed in a wooden box furnished with sawdust, cotton, or spongy material in sufficient quantity to absorb the liquid in the event of the bottle becoming broken. Finally the box itself must be enclosed in a case of metal with tightly fitting lid, of wood with a screwtop, or of strong and thick leather; but when perforated wooden blocks are used having a thickness of at least 2½ millimetres (about an eighth of an inch) in the thinnest part, sufficiently provided inside with absorbent material and supplied with a lid, it is not necessary for the blocks to be enclosed in a second case.

*Fatty Substances* which are not easily liquefied, such as ointments, soft soap, resin, etc., must be enclosed in an inner cover (box, bag of linen or parchment, etc.) which must itself be placed in a second box of wood, metal, or strong and thick leather. Dry *colouring powders* must be placed in bags of leather, rubber-dressed linen, or stout oiled paper; but non-colouring powders may be packed in boxes of wood, metal, or cardboard. It is essential that in both cases the bags or boxes of powder shall be themselves enclosed in bags of linen or parchment.

Articles of all kinds which might spoil if packed so as to be easy of inspection, may, as an exception, be accepted for mailing even when hermetically sealed. In this case the postal administrations concerned may require that the senders or the addressees facilitate the examination of the contents of the sealed articles, either by opening whichever of the articles that may be designated for examination or provide for an examination of contents in any other satisfactory manner.

Any article of glass must be securely packed in a box. Except in the case of a glass bottle containing liquid, &c. (see above), the box may be either of metal or wood.

*Dangerous* articles, such as scissors, knives, razors, forks, steel pens, nails, keys, watch machinery, metal tubing, pieces of metal or ore, are eligible for transmission by Sample Post, provided that they are *bona-fide* samples without saleable value, and are packed and guarded in so secure a manner as to afford complete protection to the contents of the mail bags and to the officers of the Post Office, while at the same time they may be easily examined.

*Explosives are absolutely prohibited.*

(f) *Parcel Post Parcels.* See pp. 174 to 180.

IT IS FORBIDDEN to send in any letter, packet of printed or commercial papers, or sample to a country of the Postal Union—

1. Gold or silver, bullion, pieces of money, jewellery or precious articles (except to Great Britain and countries named in foot note).\*
2. Any packet (other than a parcel post parcel) containing articles liable to customs duty in the country of destination. The special letter-mail prohibitions to each country of the Union are shown in col. 9 p.p. 521 to 567, London Post Office Guide.
3. Any article of a nature likely to stain or injure the correspondence.

The insertion in any letter, packet of printed or commercial papers, or sample of opium, morphine, cocaine, or other narcotic is strictly forbidden.

#### REGISTRATION (Foreign).†

If it is proved to his satisfaction that a letter or packet duly admitted to Registration has been entirely lost whilst in his custody the Postmaster undertakes to pay an indemnity of 50 francs (£2), except in cases beyond control (e.g., tempest, shipwreck, earthquake and war). No compensation, however, is payable except in the case of the loss of the entire letter or packet; and no claim will be admitted if made more than a year after the letter or packet was posted.

The Postal Administrations of all countries and colonies included in the Postal Union give the same undertaking in respect of registered letters or packets lost whilst in their custody.

If it is desired to obtain compensation in the case of abstraction of contents of a letter, or to provide for a higher maximum than 50 francs, recourse must be had to the *Insurance system.* See *Insurance* below.

The fee chargeable for registration to places abroad is 2d.

*Conditions of Registration.*—No postal packet addressed to initials or in pencil (except copying ink pencil) is admitted to registration.

\*Coin, gold, silver, &c., may be sent by REGISTERED LETTER MAIL to the following places: Ascension, Australis, Barbados, Canada, Canal Zone, Cape of Good Hope, Cuba, Germany, Gibraltar, Grenada, Guatemala, Malta, New Zealand, South Africa (British), United Kingdom, United States of America and possessions of U. S.

†Conditions governing registration of foreign correspondence differ from those governing inland correspondence. See p. 149.

Every letter presented for registration must be enclosed in a strong envelope securely fastened, preferably in one of the registration envelopes sold by the Post Office.

It is recommended that the name and address of the sender be written on the outside of every registered postal packet.

Registered packets must be prepaid as regards both postage and registration fee.

Packets to be registered must be given to an officer of the Post Office, and a receipt obtained for them; they must on no account be dropped into a letter box.

*Advice of Delivery.*—The sender of registered or insured correspondence addressed to any foreign country or British colony in the Postal Union, may obtain an acknowledgment of its receipt by the addressee on payment of an extra fee of 2d., in addition to other fees.

#### INSURANCE—Foreign. (*For Letters only.*)

Letters tendered for insurance will be accepted by the Post Office on payment of the fee and subject to the conditions stated below:—

Fee—6d. for every £12 of value in addition to the postage and registration fee.

As few stamps as possible should be used to prepay the postage and insurance fee, and the stamps must not be folded over the edge of the cover. When more stamps than one are used they must be adixed with spaces between them.

A LETTER is the only article of mail matter which will be accepted for insurance. Post Cards, Printed Papers, Commercial Papers or Sample Packets will not be accepted.

Letters containing coin, anything made of gold or silver, precious stones, jewellery, or any article liable to customs duty in the country of destination cannot be sent by insured letter-post. Objects of value which cannot be sent in insured letters may generally be sent in insured *parcels*, (see page 177.)

The insurance system is specially applicable to letters which contain bank-notes, coupons, securities, bonds and other documents of the kind.

A letter tendered for insurance must NOT be addressed to initials, or in pencil and it must be enclosed in a strong cover, and be securely fastened and sealed with fine wax in such a way that it cannot be opened without leaving traces of violation. Envelopes with black or coloured borders must not be used. Seals must be placed over each flap, or seam, of the cover of a packet; and if the packet is tied round with string or tape, a seal must be placed on the ends where they are tied. In the case of long envelopes with a seam down the centre, the seam should be secured with seals placed not more than three inches apart. All the seals must be of the same kind of wax, and must bear distinct impressions of the same private device. Coins must not be used for sealing; and the device of the seal must not consist merely of straight, crossed or curved lines which can be imitated readily.

The onus of properly enclosing and sealing the letter lies upon the sender, and the Post Office does not assume liability for loss arising from the defects of the cover or the seals, which may not be observed at the time of posting.

The amount for which a letter is insured must not exceed its actual value, and must be written by the sender both in words and in figures at the top of the address side of the cover, thus:—"Insured for £12, (Twelve Pounds)" or whatever the amount may be.

Alteration or erasure of the inscription will not be allowed, if a mistake be made the entry must be completely struck out and a new entry made by the sender. The seals on an ordinary envelope of an insured letter must be placed as shown below:—

Letters which do not fulfil the foregoing conditions will not be accepted for insurance.

Insured letters will have all the safeguards of the Registration system, and a certificate of posting must always be obtained by the sender of an insured letter. An acknowledgment of receipt of the delivery may also be obtained under the same conditions as those applicable to registered letters, i.e., on payment of a further fee of 2d.

Compensation for the loss or damage in the post of an insured letter, or its contents, will not exceed the amount of the actual loss or damage, and will not be paid at all for a packet containing any prohibited article, for any packet which has been delivered without external trace of injury and has been accepted without remark, or for damage caused by the fault or negligence of the sender or arising from the nature of the article; nor does it follow as a matter of course that compensation will be paid when loss arises from tempest, shipwreck, earthquake, war, or other causes beyond control. Indirect loss or loss of profits is not taken into consideration. No compensation will be paid for any loss or damage resulting from acts of the King's enemies. No claim for compensation will be admitted if made more than a year after the packet was posted. The sender of a parcel may waive his claim in favour of the addressee.

Legal liability to give compensation in respect of any letter for which an insurance fee has been paid will not attach to the Postmaster for Jamaica either personally, or in his official capacity. The final decision upon all questions of compensation rests with the postal administration of the country in which the loss has taken place.

Insured letters will only be forwarded by steamers going direct to a British port.

For list of countries to which letters may be insured and the limit of insurance, see Table pp. 183 to 189.

### PARCEL POST.

A Parcel Post Exchange exists between Jamaica and the countries against which parcel post rates of postage are shown in Cols. 9 to 12, pages 183 to 189. Parcel post business is transacted at all Post Offices.

The parcel mail for the United Kingdom, United States of America, Canal Zone, Canada, Panama, Honduras, and Turks, Cayman and Bahama Islands is forwarded by each available direct opportunity. That for the majority of the W. I. Islands is sent and received via New York, and also by any direct opportunity offering.

The parcel mail for Costa Rica, Ecuador, Nicaragua and Venezuela is forwarded via Panama.

Parcels for the majority of other countries are forwarded via the United Kingdom.

*Postage, Dimensions and Weight*—No parcel may exceed eleven pounds in weight.

For postage, maximum dimensions, and other particulars, see Table of Rates of Postage, &c., pages 183 to 190.

*Foreign (except to U.S.) and Colonial parcels cannot be registered*, but they may be insured to certain countries under the conditions specified on page 177.

### GENERAL REGULATIONS.

#### *Customs Declaration and Despatch-note.*

*Parcels are subject to Customs regulations.* The sender of each parcel is required to make, for Customs purposes—upon a special form or forms, which can be obtained at any Post Office—an accurate statement of the nature and value of the contents and other particulars. The sender's name and full address must also be filled in. The forms should be filled in, in ink. Two forms of Customs declaration are in use:—(1) A yellow form, No. 711, intended to be affixed to the covers of parcels for British Colonies and Possessions and for a few foreign countries; and (2) a white form, which is used for parcels for all other foreign countries. Several identical copies of the latter form must in many cases be made out (see Table on pages 183 to 189, col. 14). *When a white form is used the sender must also fill up a despatch-note. Undervaluation of the contents or failure to describe them fully may result in seizure of the parcels, and in the case of parcels addressed to the United States of America in the imposition of heavy fines, which will not be remitted even if the parcels are returned to the senders. The net weight or quantity of the different kinds of articles contained in a parcel should be separately stated.* Any other particulars should be given which would facilitate the assessment of Customs Duty, such as the material of which clothing is composed, and whether it is new or not. In the case of articles returned to the country where they originated, the fact should be stated. For further particulars as to declarations, see note against the names of the various countries in the Table of Rates pp. 183 to 189 (col. 14).

The postage on parcels must be wholly prepaid by postage stamps.

The Post Office Department will not be responsible for the loss or damage of any uninsured parcel. This rule is modified in case of parcels between the U. K. and Jamaica, see page 177.

\*See page 178.

Each parcel must be plainly directed, such directions setting forth the name and full address of the person for whom the parcel is intended. *A parcel must not be posted in a Letter Box but must be taken into a Post Office and presented at the counter to the Postmaster or person in charge.*

A certificate of posting will be given to the person posting a parcel but no liability attaches to the Post Office in respect thereof.

Customs duties will be collected before delivery.

A parcel may *not* contain dangerous articles, perishable articles, articles likely to injure other parcels, or the officers of the Post Office, liquids unless securely packed in proper cases and surrounded with absorbent material, or any contraband articles or substances. A parcel must not contain another parcel or other postal packet intended for delivery to a person other than the addressee of the first-named parcel.

If on examination of any parcel there shall be found in or with the same *any letter or communication of the nature of a letter* such paper or communication will be withdrawn therefrom, and will be forwarded to the addressee thereof; or, if it be *not* addressed, to the addressee of the parcel in or with which the same was found enclosed, and the said letter will be surcharged for delivery at the unpaid rate of postage.

An undelivered parcel may be re-directed to the sender in the country of origin on payment of a rate equal to that originally paid on it, such additional postage may either be paid in the country from which the parcel is returned, or be collected from the sender on delivery. This does not, however, apply to parcels from U.S. and Canal Zone.

Parcels re-directed or returned from one country to another will be charged a fresh postage at the rate payable to the country of destination.

If a parcel cannot be delivered as addressed, or is refused, the sender, will be communicated with by the Post Office as to the manner in which the parcel shall be disposed of, except in case of U. S. and Canal Zone (see page 178.)

Parcels which cannot be delivered will be kept for a reasonable time before being finally disposed of.

Parcels should be *securely and substantially packed* with due regard to length of journey, conditions of transit, climatic conditions, &c.; e.g. cardboard or ordinary brown paper is not in general sufficient packing for parcels sent to places abroad. Light and bulky articles should be packed in strong wooden cases. In some cases seals may be found necessary; if wax is used it should be of the special quality which will withstand a hot climate. Parcels to U.S.A. may not be sealed.

Parcels containing coin, anything made of gold or silver or other precious article cannot be forwarded to a country participating in the insurance scheme except the parcel is insured.

Parcels containing articles of an aggregate value exceeding £50 will not be accepted for transmission. This does not apply to insured parcels (for the limit of the value of which see pages 183 to 189 Col. 8.)

Parcels received at Jamaica from places over sea are, in terms of the Post Office Law Amendment Law, 1886, opened at the Head Office, Kingston, for the purpose of the amount of import duty on the contents being assessed.

After such assessment the parcels are delivered, and the amount of duty collected in the same manner as the postage on unpaid or insufficiently prepaid mail matter.

Parcels are delivered in Kingston if addressed to a place within the house delivery limit by letter carrier; if beyond such limit, at the Parcel Post Office; in the country, across the Post Office counter.

The amount of duty assessed on any such parcel must be paid before delivery, or before the delivery of the parcel from the custody of the Post Office.

All complaints relating to Customs duty on parcels should be addressed to the Collector of Customs, Kingston, as the Post Office has no control in the matter of duty.

### SPECIAL REGULATIONS.—I. UNITED KINGDOM.

*A.—Cash on Delivery System.* A Cash on Delivery System of parcels is in existence between this Colony and the United Kingdom.

Parcels up to the value of £10 each may be sent either way, and the value together with the fees attendant on the exportation collected from the addressee, and remitted to the sender.

A Cash on Delivery parcel may only be retained at the office of destination for 15 days from the date of arrival, after which if unclaimed it is forthwith returned to origin.

Any further information including fees charged can be obtained from the Parcel Post Office, Kingston, to which office at present, the service is limited.

*B.—Prepayment of Customs Duties and other charges on Parcels Post Parcels to the United Kingdom.* Persons sending parcels to the United Kingdom and certain other countries, may if they so desire, take upon themselves the prepayment of the Customs duty and other charges which in ordinary cases are leviable on the addressee. The sender will be told at the time of posting what the approximate amount of these charges will be, and a deposit will be taken of the estimated amount. A settlement will subsequently be made when a statement of the total amount of the charges has been received from the British Post Office. The following are the conditions:—

- I. Parcels to be sent under this arrangement must be handed in at the Parcels Post Branch at Kingston, or at any district post office.
- II. The cover must be marked by the sender "To be delivered free of charge."
- III. The sender must fill up and sign a formal undertaking to pay on demand the amount of the charges due. Forms for this declaration may be had on application to the Parcels Post Branch at Kingston
- IV. Parcels for free delivery will only be accepted from persons whose settled residence is in Jamaica. If the sender is residing only temporarily in Jamaica a parcel cannot be accepted for delivery free of charge
- V. A fee of 6d. per parcel is charged for the cost of the service in addition to the postage and deposit for duty. This fee must be paid by a stamp or stamps affixed by the sender to his form of undertaking in the place indicated.
- VI. A fee of 2d. for delivery charges must be added to amount deposited for duty.
- VII. The sender must make such deposit on account of the charges for which he desires to provide as the clerk in charge of the Parcels Post Branch at Kingston or the district postmaster may, in each case, decide. This deposit will, for the present, be the amount of the estimated duty and must be paid by stamps affixed to the form of undertaking in the place indicated.
- VIII. One form of undertaking will suffice for two or three (but not more) parcels posted together by the same sender to the same addressee. In such cases the fee will be 6d. for each parcel.
- IX. The following are the articles liable to duty under the United Kingdom Tariff which are likely to be despatched from Jamaica by parcels post, together with the rates of duty, (and in the case of Tobacco, of certain fines) thereon. These rates are subject to considerable change and should be read as approximate:—

|   |    |         | £ | s. | d.  |
|---|----|---------|---|----|-----|
| Coffee, kiln dried, roasted or ground                         | .. | per lb. | 0 | 0  | 6   |
| Tea   | .. | per lb. | 0 | 1  | 0   |
| Tobacco, manufactured, viz.:                                  |    |         |   |    |     |
| Cigars  | .. | "       | 0 | 15 | 7   |
| Cigarettes  | .. | "       | 0 | 12 | 7   |
| Cavendish or Negrohead  | .. | ..      | 0 | 11 | 10½ |
| Other manufactured tobacco                                    | .. | ..      | 0 | 10 | 4½  |
| Tobacco, unmanufactured, containing 10% or more of moisture:  |    |         |   |    |     |
| if stemmed or stripped  | .. | ..      | 0 | 8  | 2½  |
| If unstemmed or unstripped                                    | .. | ..      | 0 | 8  | 2   |
| Tobacco, unmanufactured containing less than 10% of moisture: |    |         |   |    |     |
| If stemmed or stripped  | .. | ..      | 0 | 9  | 1   |
| If unstemmed or unstripped                                    | .. | ..      | 0 | 9  | 0½  |

Information concerning the duty levied in the United Kingdom on rum, wines and other spirits can be obtained from the Collector-General's Department.

- X. Parcels will be accepted in the United Kingdom and certain other countries for delivery in Jamaica free of Customs duty on conditions similar to the foregoing. Such parcels are liable to examination on arrival for Customs purposes, and all pains and penalties attaching for undervaluation or misrepresentation of contents or to prohibited goods will be enforced against the goods themselves or against the parties assuming the charge, as may be decided by the proper authorities.

*C.—Insurance of Parcels to the United Kingdom and certain other Countries.*

1. Every insured parcel must be packed carefully and substantially, with due regard to the nature of the contents and the length of the journey and must be sealed with wax or lead in such a way that it cannot be opened without either breaking the seal or leaving obvious traces of violation. For instance, seals must be placed over each join and loose flap of the covering of a parcel; and, if string be used in packing, a seal must be placed on the ends of the string where they are tied.

2. All the seals on an insured parcel must be of the same kind of wax or lead and must bear distinct impressions of the same private device. Coins must not be used for sealing; and the device must not consist merely of straight, crossed, or curved lines which could readily be imitated.

3. Parcels containing coin or bullion (not to exceed £5 in value, except in the case of coins clearly intended for purposes of ornament,) watches, jewellery, precious stones or any article of gold or silver must be enclosed in strong boxes or cases, which must be sewn up or otherwise fastened, in wrappers of linen, canvas, strong paper, or other substantial material. In such cases the seals must be placed along the edges of each join and loose flap at distances not more than three inches apart. The address of such parcels must be written on their actual covering.

4. If a parcel tendered for insurance does not, in the opinion of the officer of the Post Office to whom it is tendered, fulfil the foregoing conditions as to packing and sealing, it is his duty to refuse to insure it. Nevertheless the onus of properly enclosing, packing, and sealing the packet lies upon the sender, and the Post Office assumes no liability for loss arising from defects which may not be observed at the time of posting.

5. The amount for which a parcel is insured must be written by the sender both in words and in figures at the top of the address side of the cover, thus:—"Insured for fifteen pounds (£15)". No alteration or erasure of the inscription is allowed. If a mistake is made, the entry must be completely obliterated and an entirely new one made by the sender.

6. No parcel can be insured for more than its actual value, or for more than the sum entered against the name of the country to which it is addressed (See Table pp. 183-189, col. S.) A parcel of which the contents have no saleable value may, however, be insured for a nominal sum in order to obtain the safeguard. *Over-insurance is an obstacle to compensation.*

7. All parcels post parcels addressed to the United Kingdom (or other places to which the insurance system extends) containing articles of jewellery, watches, bullion or other articles of gold or silver, must be insured and cannot otherwise be forwarded to destination.

8. The countries to which parcels may be insured, the sum payable for Insurance in addition to the postage which must be affixed to the parcel, and the limit of insured value are shown on Table pp. 183 to 189.

Rules in respect of compensation for insured *lettres* apply generally to insured *parcels* also.

*D.—Compensation for loss or damage of UNINSURED parcels between the United Kingdom and Jamaica.* The Postmaster for Jamaica will (not in consequence of any legal liability, but voluntarily, and as an act of grace) give compensation for the loss or damage of *uninsured* parcels sent by parcels post between the United Kingdom and Jamaica, when such loss or damage takes place while the parcels are in his custody, and does not arise from any fault or neglect of the senders or from the nature of the contents.

1. The compensation paid will in no case exceed £1.

2. The obligation of paying the indemnity shall rest with the despatching office, but, until the contrary is shown, the responsibility for the loss, damage, or abstraction shall rest with the office which, having received the parcel without making any observation, cannot prove its delivery in good condition to the addressee, or in the case of a transit-parcel, its regular transfer to the next office.

3. The compensation payable will be in accordance with the general regulations as regards insured parcels (see above), so far as these regulations are applicable.

## II. United States of America and the Canal Zone.

The following are the special regulations which govern the exchange of parcels:—

A declaration of contents and their value with the sender's signature and address, the date of mailing, and the place of address must be made on the authorised form and fixed to the parcel.

An acknowledgment that a parcel to a stated address had been posted will be given to the poster, but no liability attaches to the Post Office in respect thereof.

Letters, post-cards and written matter of the nature of personal correspondence *must* not be enclosed in a parcel.

If such be found the letter will be placed in the mails, if separable; and, if the letter be inseparably attached, the whole package will be rejected. If, however, any such should inadvertently be forwarded the country of destination will collect double rate of postage according to the Postal Union Convention.

A parcel may not contain any other parcel intended for delivery at an address other than that borne by the parcel itself. If such enclosed parcel be detected it must be sent forward singly, charged with new and distinct parcel post rates.

Each parcel must be so wrapped or enclosed as to permit its contents to be easily examined by any Postmaster or Customs Officer whose duty it may be to do so; and each parcel will be subject in the country of destination to all Customs duties and all Customs regulations in force in that country for the protection of its Customs revenue.

A parcel for United States and Canal Zone may be *registered* on like conditions to those that govern the registration of other correspondence; and on payment of the sum of twopence additional to the first charge, the sender can obtain a receipt for such parcel from the addressee, but parcels for the United States and the Canal Zone may not be insured.

Parcels must be so carefully packed as to be safely transmitted in the mails of either country, both in going to the Post Office of exchange of the country of origin, as well as to the office of address of the country of destination; and they must **NOT BE SEALED OR CLOSED AGAINST INSPECTION**, that is, they must not be secured by means of wax, lead, or in any manner which would not admit of their easy examination by the Customs Authorities in the United States. Parcels closed by means of nails and screws are admitted.

The country of destination, may, at its option, levy and collect from the addressee, for inland service and delivery, a charge not exceeding twopence half-penny (or five cents) on each single parcel of not more than one pound weight; and, if the weight exceed one pound, a charge equal to one half-penny (or one cent) for each four ounces or fraction thereof.

If a parcel cannot be delivered as addressed, within 28 days of its receipt, or is refused, it will forthwith be returned to the senders, who must pay at the office of origin an amount equal to the postage originally paid thereon.

Any request that a parcel may be re-addressed or returned must be accompanied by the amount of postage at the original rate for its further pre-payment.

The Post Office Department of either of the countries will not be responsible for the loss or damage of any package; and no indemnity can consequently be claimed by the sender or addressee in either country.

Payment of Customs duty cannot be undertaken by the sender.

For prohibitions, see page 179.

### III—Canada.

The regulations governing the Parcels Post Exchange with Canada are identical with those of U.S.A., with the following exceptions:—

There is no prohibition or limitation of the numbers of cigars or cigarettes which may be exported.

Parcels for Canada can neither be insured or registered.

Unclaimed or refused parcels are reported to the office of origin which will advise as to their disposition.

If no reply is received to the report, after 3 months from the date of issue, the parcels are sent to the Kings Warehouse.

### IV—Panama, etc.

A Parcels Post Exchange now exists between Jamaica and the Republics of Panama, Costa Rica, Ecuador, Nicaragua and Venezuela, via Colon.

The regulations governing the exchange with these countries are identical with those of U.S.A., with the following exceptions:—

(1) Parcels must be sealed with sealing wax, lead or other material which must bear the special mark or impress of the senders.

(2) Parcels for these countries may not be registered.

(3) Cigars and cigarettes may be sent in any quantity.

**CONDITIONS AND PROHIBITIONS IN CERTAIN COUNTRIES.**

The transmission of any letter whatsoever, no matter to whom addressed, in parcels for the majority of countries is forbidden. The few exceptions to this rule can be ascertained by reference to the London Postal Guide, col. 8 pp. 570 to 635. If any letter or communication of the nature of personal correspondence be found in a parcel, and it can be separated therefrom, it will be forwarded to its destination surcharged at unpaid letter rates. But if such letter, &c., can not be separated, the whole parcel will be liable to unpaid letter rates of postage.

*Plants* are not in ordinary conditions admitted into most of the countries of Europe, for fear that phylloxera may be introduced with them. There are, however, special conditions in which parcels of plants (except vines) are admitted into some of these countries. The chief conditions are that the plants must be packed securely, but in such a way that they can be easily examined, and must be accompanied by a declaration of the sender attested by some competent authority, that there has been no vine in or near the ground from which the plants come.

A parcel may not contain any dangerous or perishable articles, any article likely to injure another parcel, any liquid (unless securely packed in a proper case as described on p. 172 nor any article specially prohibited from importation into a particular country or place (See below)—

**II.—SPECIAL PROHIBITIONS.**

**AUSTRALIA.**—Opium, except under prescribed conditions; hop extracts and similar preparations; essence of lager beer; essences of whisky, rum, brandy, cognac and oil of cognac; horns and hoofs; tobacco, cigars, cigarettes and snuff, unless bona-fide samples or for the personal use of the addressee, who must satisfy the Commonwealth Customs authorities as to the facts.

**BOLIVIA.**—Brandy; alcohol; tobacco in any form; plants.

**BR. GUIANA.**—Spirits.

**BR. HONDURAS.**—Tobacco packed with other goods, tobacco sweetened; saccharin, etc.,

**CANADA.**—Letters; wines and spirits; adulterated tea; prison-made goods; trade labels in metal; skins and other parts of wild birds; bees, used or second-hand hives, raw hive goods or products except honey or wax; potatoes; all nursery stock, including trees, shrubs, plants, vines, grafts, scions, cuttings or buds. Parcels containing bulbs, green house-grown florists' stock, cut flowers, herbaceous perennials and bedding plants are, however, admitted if accompanied by a detailed statement of the contents.

**ECUADOR.**—Sugar-cane, brandy or its combinations.

**EGYPT.**—Artificial tobacco; seeds and juice or extract of tobacco, raw or refined sugar.

**FRANCE.**—Tobacco, except in limited quantities for addressee's use, essence of tobacco,

**INDIA.**—Coffee seeds and plants.

**ITALY.**—Unmanufactured tobacco; sugar; brandy and liqueurs; coffee.

**JAPAN.**—Tobacco.

**NIGERIA.**—Spirituous liquors and wines.

**PANAMA.**—Sweets, paste; fats and substances which easily liquefy.

**PERU.**—Tobacco in any form.

**PHILIPPINE ISLANDS.**—Same as U.S., except that cigars and cigarettes are admitted without restrictions as to quantity contained in single package.

**PORTUGAL.**—Tobacco.

**ROUMANIA.**—Tobacco.

**SPAIN.**—Unmanufactured tobacco; tobacco seed and juice.

**SWEDEN.**—Tobacco of all kinds, except manufactured tobacco which may be imported by tobacco merchants.

**UNITED KINGDOM.**—Not available at time of going to press.

**UNITED STATES OF AMERICA.**—Letters; opium and other narcotics; poisons; prison made goods; spirituous and intoxicating liquors of all kinds and bay rum; animals—living or dead, except insects and reptiles when thoroughly dried; feathers and skins of wild birds (except ostrich feathers), unless intended for scientific or educational purposes; cigars and cigarettes, unless sent in quantities numbering at least 3,000 in a single package; potatoes, cereals, cotton lint (including cotton waste and all forms of unmanufactured cotton), cotton seeds and pods, and the products of cotton seed except oil; sugar canes or cuttings or parts of sugar canes, citrus, nursery stock, and all growing or living plants, seeds and other plant products for propagation (including bulbs, roots and tubers and the seeds of trees and shrubs, but not vegetable and flower seeds and field seeds other than

cereals), unless addressed to and intended for the use of the Office of Foreign Seed and Plant Introduction, United States Department of Agriculture, Washington. Sealskins and articles wholly or in part made from them are not admissible, unless accompanied by American Consul's certificate of origin.

For further details, consult London Postal Guide, pp 571 to 635, Column 8.

### TELEGRAPHS.

The Government Telegraphs are under the control of the Postmaster for Jamaica. The Telegraph Offices are in the same buildings as the Post Offices.

The charge for telegrams throughout Jamaica is ninepence for any number of words up to twelve, and a half-penny for every additional word. The address and signature are both counted. The charge is paid in postage stamps affixed to the message.

If the Addressee reside within one mile of the terminal office the telegram is delivered by messenger without any additional charge; but if beyond that limit the following portage fee must be prepaid:—

- a. At the rate of 6d. per mile (one way) counting from boundary of free delivery.
- b. If delivery by horse messenger is required at the rate of 1/- per mile (one way) counting from the office.

The above rates are maintained whenever practicable. If messengers cannot be obtained at these rates the Postmistress is authorized to make the most reasonable arrangement possible.

The charges for the transmission and for portage of telegrams must be pre-paid by means of adhesive stamps.

Persons resident at a place to which the Island Telegraph Line has not yet been extended can benefit by its use on the following conditions:—

1. If the words "By Post" with the name of a telegraph station be written on a message it will be wired to such station and forwarded from thence to its postal address by first post.
2. If a letter marked "On Post Office Telegraph Business" be sent *by post* to the Telegraph Clerk at any station the message enclosed will be promptly forwarded *by wire* from such station. In this case the letter by post must be registered and the cost of the message enclosed in stamps or coin. Telegrams may also be handed to a mail courier on his way to a telegraph office, but the department does not take any liability for miscarriage.

3 No charge will be made in either case for postage or registration.

4. Telegrams may be sent to certain ports for outward transmission as letters. The senders must write "by post" before the addressee's name, and the name of the terminal Telegraph Office at the end of the address.

For example:—

"By Post," Brown, 12 Fifth Avenue, New York. Kingston "

In addition to the ordinary telegraph charge the sender must also pay the postage fee.

In such cases registered addresses cannot be used.

5. The office hours are from 7 a.m. to 5 p.m., daily—Sundays and Bank Holidays excepted.

Night, Sunday and holiday services may be obtained at the following rates:—

Between 6 a.m. and 8 p.m., double rate for telegram, plus a fee of 1/ to each clerk handling the telegram and 6d. for the messenger.

Between 8 p.m. and 6 a.m. double rate for the telegrams plus a fee of 2/ to each clerk handling the telegram and 1/ for the messenger.

The charges of 6d. and 1/ respectively for messengers refer only to telegrams for delivery up to one mile from the office.

On Public Holidays all offices are open from 7 a.m. to 9 a.m. and telegrams are accepted at the ordinary week day rates during these hours.

6. Full rate cablegrams for any part of the world may be handed in at any Telegraph Office on payment of the inland rate in addition to the amount charged by the cable coy.

"Deferred" telegrams at present are being accepted for Canada, Newfoundland, Great Britain and Ireland, France and certain other countries. The cable companies announce from time to time extensions to or curtailments of the "deferred" rate.

The inland rate for radio telegrams is, minimum 5d. for 10 words and  $\frac{1}{2}$  penny for every extra word.

Public telephone call offices have been established at Cross Roads and Halfway Tree post offices. The fee is 2d. for a conversation not exceeding three minutes.

Local telegrams sent by authorized Government officials, Members of the Legislative Council and certain other authorized persons on public business are transmitted free of charge.

\* Letters posted by members of H. M. Forces, bearing the stamp of certain Military Departments, are admitted at 1d. per ounce.

The sender of a parcel post parcel for any place abroad must fill up a Customs Declaration on a form provided for the purpose. There are two forms in use—one yellow, (No. 741) and one white. In column 14 of Table following, the letter "W" signifies that the *white* form must be used, and the letter "Y" that the *yellow* form must be used. The figure following the letter "W" shows the number of copies of the customs declarations which are required in each case. When the white form is used, the sender must also fill up a Despatch Note (supplied at all Post Offices) which must accompany the parcel.

Every parcel post packet addressed to the United Kingdom or any of His Majesty's Colonies or Dominions will bear an extra tax of 3d., *except those which are addressed to members of His Majesty's Navy and Army.*

On every parcel or packet containing dutiable matter arriving in the Island through the post a tax of 3d., will be collected.

NOTE---The rates of postage on foreign parcels shewn in cols. 9 to 12 are revised to date of going to press. As the British Post Office, however, frequently changes its rates of postage it follows that the postage on parcels from Jamaica to European and other countries, sent through London, are also subject to change during the next 12 months.

Reference should therefore be made to the latest Supplement to the July 1922 London Post Office Guide in computing postage on parcels addressed to such places. The rate is arrived at by adding 9d., 9d., 1s. 6d., and 2s. 3d. to the four steps of the British quadruple scale of postage.

## GOVERNMENT MEDICAL SERVICE.

For years the necessity of a Medical Service in Jamaica was pressed on the local Legislature and in opening the Session of 1852 Sir Charles Grey brought the subject prominently under their consideration. He stated that "the want of a sufficient number of Medical Practitioners was universally felt throughout the island by almost the entire body of inhabitants, whether high or low, rich or poor," and he strongly urged the Assembly "to make adequate provision" for such service. He assured them that "in some of the districts medical advice was not to be procured at all; in others only after a long delay and at a cost which virtually rendered it unattainable by the majority of the inhabitants. The loss of life alone (and the consequent loss of labour) which annually resulted from this deficiency," he added "was in itself a sufficient ground to justify any expenditure which it might be necessary to incur in placing the means of obtaining medical assistance within reach of the people generally." In the discussion of the question which ensured the Honourable Mr. Westmoreland stated that "the majority of the medical men were settled on the sea-boards, and those who lived in the country knew that for twenty to thirty miles no doctor was to be found." Doctor Bowerbank assured the House that "the people died from preventable diseases for want of medical aid," and showed that "the whole amount then paid to the members of the medical profession in the different parishes amounted but to £2,300 per annum." This state of things continued until

the year 1868 when Sir John Grant made provision to the extent of £3,000 for medical aid, and appointed on the 1st December fifteen Medical Practitioners as Government Medical Officers at salaries ranging from £200 to £300 per annum, chargeable partly to the poor rates and partly to the general revenue. At the close of the year there were forty medical districts defined and thirty-five Medical Officers appointed thereto, five being then vacant as no eligible Medical Practitioners were available.

The Department thus organised was placed under a professional head designated the Superintending Medical Officer, who was also constituted the Adviser of the Government upon medical and sanitary questions.

*The Duties of the Medical Officers* are specified in the following rules which were framed by the Secretary of State for the Colonies, for the guidance of candidates for employment, and contain the principles on which the service is regulated:—

1. The Colony of Jamaica is divided, for medical purposes, into districts of varying extent and population, to each of which, as a general rule, is attached one Medical Officer who is held responsible for the due discharge of all medical duties within his district.

2. The District Medical Officers, who must reside within the limits of their respective districts, are required in the discharge of their public duties, to undertake the medical charge of the paupers on the parochial rolls, and of any hospital, alms house or prison in their districts; to attend upon the Constabulary; to exercise a general control and superintendence over the Government dispensaries of their district; to vaccinate and to advise the Government and Parochial Authorities on questions affecting the public health; and for such public duties no fees are receivable by them.

3. Medicines for the Public Service are supplied by the Government.

4. District Medical Officers are expected to provide themselves with a small case of surgical instruments of the best make.

5. The immediate control of the Medical Establishment is exercised by a Superintending Medical Officer.

6. The fixed salaries of the district appointments are now £200 per annum.

7. The District Medical Officers are at liberty to take private practice. The value of the private practice varies from £600 to £150, exclusive of Court and Inquest Fees, and also Vaccinations fees, at a rate not exceeding 1s. for each certified successful case after the first 25 in each quarter, subject to the approval of the Governor. It must, however, be clearly understood that these figures are to be taken as only approximate, and that no guarantee as to the value of the private practice is given by the Government, and that it rests entirely with the Medical Officers themselves to develop the private practice of the districts in which they are placed, by securing the confidence of the population with which they are brought in contact.

8. The District Medical Service of Jamaica is, in fact, to be regarded as a system in aid, the object of which is to diffuse medical assistance throughout the several parishes by inducing Practitioners to locate themselves in districts which, without some contribution from Government, would be altogether destitute of medical aid and advice, and the pay received by the Medical Officer from Government may be regarded as a retainer for professional services to be given as a Private Practitioner within the area in which he resides.

9. The gentlemen selected for these appointments must possess qualifications in medicine and surgery, and must be registered in England or Jamaica, and will be required to present themselves to a Physician, who will be named by the Secretary of State for the Colonies, whose duty it will be to report upon their physical qualifications for service in the tropics, and to approve the surgical instruments with which they propose to provide themselves. They will be provided by Government with a passage out to Jamaica, subject, however, to the customary agreement made with the Crown Agents for the Colonies, that the cost of the passage shall be refunded by the Medical Officer, should he within the period of three years from the date of his arrival in the colony quit it without leave, or relinquish his appointment for other cause than bodily or mental incapacity to continue the performance of his duty.

10. Gentlemen who have had no previous experience of the diseases of tropical climates will be attached, on their arrival in the colony, to the Public Hospital in Kingston as Supernumerary Medical Officers, for such a period as the Governor shall in each case direct for the purpose of making themselves acquainted with the features and treatment of tropical disease. During this introductory service they will receive an allowance at the rate of £250 per annum, but will not be permitted to undertake private practice.

11. District Medical Officers will be entitled to leave of absence on half pay for a period of not more than six months after each period of six years service; it will, however, be

left to the discretion of the Governor, looking at the exigencies of the service, to decide in each case the exact period at which such leave shall be granted.

12. Medical Officers will also be granted leave on half-pay on account of sickness duly certified by medical authority, in such manner and under such restrictions as the Governor may prescribe.

13. The District Medical Officers hold office subject to summary removal by the Governor for misconduct or for neglect of public duties, or for inattention to the wants of their district in their capacity as Private Practitioners. They will be allowed pension at the end of 20 years' resident service; the pension to be calculated at the rate of one-sixtieth of the salary, exclusive of any fees, for each year's service, provided that the total amount does not exceed two-thirds of the salary.

14. It is to be understood that the full amount of pensions or indeed any pension will not be claimable as a right; and that it will be in the discretion of the Governor to withhold a pension, or to award a reduced pension, if the circumstances of any individual case appear to him to warrant such a course.

15. Gentlemen appointed Medical Officers will be expected to proceed to Jamaica within two months from the date of their appointment.

16. Candidates for appointment should apply to the Secretary of State for the Colonies who requires that all applications should be accompanied either by recommendations from persons known to himself, or by satisfactory testimonials from eminent members of the medical profession.

17. District Medical Officers have no vested interest in a district to which they may be appointed, or in the size of such district.

The Governor may at any time, in the interest of the public service, reduce or enlarge the size of any district.

18. District Medical Officers will be available for "any other duties" that the Governor shall call upon them to perform without any extra remuneration.

19. Should there be no hospital in a district, the District Medical Officer is required to keep and dispense drugs for constables, prisoners and paupers.

The drug supply is obtained from the Island Medical Stores.

20. No fees will be allowed to District Medical Officers for attendance on Indentured Immigrants located in the districts. The selection of a medical man to visit and to attend estates is left to the S. M. O. and Protector of Immigrants conjointly.

21. District Medical Officers are prohibited in future from entering into any business engagements unconnected with their profession. This prohibition does not extend to cases where land is necessarily attached to a house occupied by a District Medical Officer, and here he can supplement his income by having the land cultivated, without hampering himself in the discharge of his duties. This rule is to be considered prospective in respect to acquiring additional property on the part of those officers now in the service.

22. Under instructions conveyed in Colonial Secretary's Letter No. 6106/6163, dated the 7th October, 1886, District Medical Officers subsequently appointed are required to regulate their charges by the following tariff of medical fees which has been approved by the Legislative Council.

TARIFF OF MEDICAL FEES.

1. Advice and medicines at the District Medical Officer's residence or private or Government Dispensary—4s.

For each subsequent visit as above in the same case, 2s.

2. For each visit in town from 6 a.m. to 7 p.m., within a radius of one mile from the centre of Town—6s

3. For each visit in the Country or within a radius of one mile from the District Medical Officer's residence—6.

4. Mileage in addition to fee for visit for any distance over one mile from District Medical Officer's residence, 1s. 6d. per mile or part of a mile one way; that is to say, the mileage paid for the outward journey to cover the return.

The above charges to include ordinary medicines.

5. For night visits from 7 p.m. to 6 a.m., one half fee and half mileage extra.

6. If asked to stay for a day or night, according to agreement.

7. Consultation as Physician or Surgeon—21s., with mileage at the above rates. Consultation means "in consultation with another medical man."

Every subsequent consultation on the same case with mileage at above rates—10s. 6d.

Consultation by letter and medicines supplied if necessary—6s.

8. A medical certificate—2!s.

Ditto ditto if attending patient—10s. 6d.

9. *Midwifery*.—Ordinary cases for attendance at delivery—£2 2s. and mileage. Instrumental cases: extra according to circumstances.

10. *Surgical Operations*.—Minor operations—10s. 6d. Fracture of upper and lower extremities—2!s., appliances extra. Major operations according to agreement.

11. This scale of charges is not intended to interfere with any arrangements made between the Medical Officers and their patients and is intended to apply to cash payments only, that is, at the termination of the visit, or monthly, if attendance should be necessary for more than one month.

12. The Tariff does not apply to any but *bona fide residents* in the island.

23. Tariff of Medical Fees for attendance upon families of European sub-officers of Constabulary:—For each day visit—3s.; For each night visit—6s.; Advice at Dispensary 2s.; Midwifery—£1 1s.; Mileage at 1s. 6d. per mile, when necessary.

24. The Government in medico-legal cases before the Courts shall have first claim on the services of all Medical Officers who are in the Government Medical Service, and only such fees, if any, as are allowed by "The Witnesses Expenses Law" or its amendments, shall be given in payment.

In special cases in which a Government Medical Officer is with the consent of the Governor engaged to give expert evidence, such fees not exceeding £5 shall be paid as the Court in the discretion of the Presiding Judge shall allow.

25. Medical Officers joining the service after January, 1909, or on transfer after that date at their own request, are liable to be called upon by the Governor to hold outstations in such parts of their district as the exigencies of the public service appear to need. The Governor may appoint two such stations and no more for weekly visits to be held.

26. On outstation days, District Medical Officers will count mileage as from an outstation when the call is made at the outstation.

27. All Government Medical Officers whose—

(a) whole time is at the disposal of the Government,

(b) whole time is at the disposal of the Government, but who in addition are allowed consulting practice, are liable to perform any duty connected with their profession that the Governor may at any time call upon them to perform and that they reasonably are able to perform.

28. It is the duty of all Government Medical Officers who are in medical charge of Institutions such as Hospitals, Asylums, Sick Homes, Prisons, Penitentiaries, Industrial Schools, Reformatories, Public Schools managed by Trusts, whether under Government or otherwise, for attending which they receive fees or a salary, to call the attention of the responsible authorities of such Institutions to all matters affecting the sanitary condition and general sanitation thereof.

*Districts*.—There are 45 Medical Districts at present under the charge of 45 District Medical Officers, and the affairs of the Public Hospital have been entrusted to the direction of the Superintending Medical Officer, who has under him at that institution a Senior Medical Officer, whose duties are confined to purely professional work, assisted by 3 Resident Medical Officers, and two Supernumeraries who however, are liable to be sent away at any time to fill a temporary or permanent vacancy in any district. During the year 1886-87 the Lunatic Asylum was placed under the direction of the Superintending Medical Officer. A Medical Superintendent and 3 Assistant Medical Officers are employed and reside at the institution.

*Cost of Medical Service*.—The actual expenditure for the Medical Service of the colony for the year ending 31st December, 1921, was £106,564. The receipts were £4,299 and the actual cost after deduction of the receipts was £102,265.

*Leave and Pensions*.—As an outcome of the Report of the Royal Commissioners instructions were issued that District Medical Officers are not to be allowed to engage in any business unconnected with their profession; or to occupy land except in cases where the occupation of the land necessarily accompanies that of the house.

During the first year of the constitution of the Government Medical Service its officers received no concessions from the Government by way of pension or leave of absence. If a Medical Officer required to quit the island on the ground of ill-health he had to forfeit all his subsidised salary in order to provide a substitute, but in the year 1877 the arrangements set forth in the 11th, 12th and 13th sections of the Regulations given above in respect to leave of absence and pensions were sanctioned by the Secretary of State. Section 24 of the Pension Law, 34 of 1885, preserves the right to pensions to those District Medical Officers who entered the service before the coming into operation of that law, and officers joining the Department since and holding appointment at the time of the passing of the Pensions Regulation Law, 26 of 1892, or who may subsequently be appointed, will be at liberty to contribute to a Pension Fund.

*Medical attendance on the Poor*.—The subject of medical attendance on poor persons who, although not paupers, are unable to pay the fee of four shillings, nominally considered the lowest charge by the Medical Practitioners, having been under consideration for some time, the Governor, pending the establishment of Government Dispensaries throughout the island, passed in September 1880, certain rules for affording medical aid to them under a ticket-system. These rules were amended in September, 1904, and stand as below:—

1. The Governor will on the nomination of a Chairman of a Parochial Board or otherwise appoint gentlemen to be Distributors of Medical Relief Tickets, who will be furnished by the Superintending Medical Officer with copies of these Rules and with tickets of the respective values of 3s. and 2s., as respects all parishes other than Kingston and of the values of 2s. and 1s. as respects Kingston; and any appointment so made shall be subject to revocation.

2. Any person not on the Pauper Roll, who is really unable to pay the assumed minimum fee of 4s. may, if considered deserving of the relief, obtain from any of the gentlemen so selected a ticket which, on presentation at the Government Dispensary, or where there is no such Dispensary at the residence of the District Medical Officer, will entitle the holder, on payment of the fee represented on the ticket, to medical advice and medicines.

3. A separate ticket must be presented on the occasion of each application at the Government Dispensary or Medical Officer's residence; but, in the event of a second or third visit being necessary during the treatment of the case, two-thirds only of the amount representing on the ticket first presented will be demanded, and half for subsequent applications during the continuance of the same illness.

4. Any person in receipt of a ticket who may be unable to attend at the Government Dispensary, or at the Medical Officer's residence, by reason of serious illness or infirmity, (a note to this effect being made on the ticket by the gentleman making the recommendation) will be attended at home by the District Medical Officer of the district, if the applicant is able to pay the cost of mileage as well as the fee represented on the ticket.

5. Any such ticket presented to the Medical Officer of the district will require him to attend at the home of the patient, on payment of an amount for mileage at the rate of 1s. per mile going and 6d. returning.

6. The fees represented on such ticket must be paid by the applicant for relief, together with the cost of mileage in cases where the Medical Officer is required to attend at the home of the patient.

7. In case of prescriptions prepared at Government Dispensaries, or with Government Drugs, one-third of the fee received with the ticket shall be credited to the Government to cover the cost of the medicines and two-thirds to pay the Medical Officer; when made up by the Medical Officers from their own drugs the entire sum represented on the ticket shall be their fee.

8. Medical Officers having charge of Government Dispensaries will attend to the holders of tickets between the hours of 9 and 11 o'clock a.m. on two days in the week which will be fixed by the Medical Officer.

9. Prescriptions to be made up at Government Dispensaries will be attended to daily, Sundays excepted, between the hours of 11 a.m. and 4 p.m.

*Dispensing School*.—A Dispensing School has been established at the Public Hospital for the purpose of training efficient Dispensers for the several medical institutions of the colony; there are at present 10 students undergoing a course of instruction.

*Hospitals.*—The accommodation allowed in the Public General Hospitals and Lepers Home, as far as room for beds is concerned, is as follows, namely:—

|                           |         |                      |         |                           |         |

Admissions to the public general hospitals are now restricted to the following classes of cases by order:—1. Cases of serious accident; 2. Cases of acute disease requiring hospital treatment; 3. Cases likely to be benefited by operation, and, of course, constables and coolies who have to be admitted under the Law.

*Accidents and Acute Illness.*—Cases of serious accident or acute illness if in a condition to be moved should be sent to the nearest Public General Hospital, where they will be admitted at any hour of the day or night. If the person is too poor to pay for a conveyance the police should be informed and they will in such special cases make the necessary arrangement for removal to the Hospital. The following are the rules governing the admission of patients to the Public Hospital, Kingston, and to Public General Hospitals:—

*Regulations for the guidance of the Out-door Department at Public General Hospitals.*

1. There will be an Outdoor Department at each Public General Hospital.  
2. The Outdoor Department will be opened daily. Patients must attend between the hours of 9 and 10 a.m., Sundays excepted, or between such other hours as the Governor may sanction, and those patients only who come within those hours will be attended to by the District Medical Officer.

3. (1) Persons entitled by law or regulation to free medical attendance may, on presenting themselves, be treated as outdoor patients without prejudice to any other claim they may have on the services of the Medical Officer, such as persons on the pauper roll, constables, and East Indian Immigrants.

(2) Other persons seeking medical aid under this system must produce a written recommendation from a person authorized by the Governor in that behalf. A person with a ticket from a Ticket Distributor may also attend under the provisions of sub-section (4).

(3) Medical Officers may also treat under this system.

(a) persons who come without a recommendation but whose circumstances are known to them, and who are deserving cases for treatment;

(b) persons seeking admission to Hospital, but whose cases are unsuitable for treatment there;

(c) persons for whom there is no room in Hospital.

(4) Persons presenting tickets from distributors of medical relief tickets may also be treated, and for this purpose distributors are authorised to issue tickets representing fees of 3s., 2s. and 1s. respectively, the amount being determined in accordance with the measure of relief necessary in each case. One-third of these fees is to be credited to Government to cover the cost of drugs, etc., and two-thirds to be retained by the Medical Officer.

4. Any person who, except under the instruction of the District Medical Officer, has allowed more than one month to elapse between visits or applications for medicine must produce a fresh recommendation.

5. Persons authorised to grant recommendations shall be appointed by the Governor, and the Custos or senior Resident Justice of the Peace of each parish may nominate suitable persons to the Governor for such responsibility, and any appointment so made shall only be held during the pleasure of the Governor, who may at any time cancel the appointment.

6. Persons authorised to grant recommendations for outdoor treatment at a Hospital must in each case state from their own personal knowledge that the person recommended is unable to pay any fee for medical attendance.

7. Each patient treated and prescribed for shall have his or her name, age, and sex, with date of attendance, noted in a book to be called the "Register of Out-patients."

8. The treatment given to each patient shall also be entered in the register on each occasion on which he attends hospital and the name of the patient and date of attendance shall in each case be marked on the bottle or package of medicine delivered. Medicine shall not be prescribed for more than one week at a time.

9. Every patient shall provide his own bottle or may pay 1d. for a bottle.

10. Medicines shall be made up by the Government Dispenser at the Hospital daily.

# PUBLIC HOSPITAL, KINGSTON.

## *North Street.*

*Patients.*—The patients are divided into two classes, viz.:—In-door patients, admitted within the Wards of the Institution and out-door patients receiving medical advice and medicines at the Dispensary of the Institution. Applicants for admission as in-door patients of the Hospital will be seen daily by the Medical Officers between the hours of 10 and 11 o'clock a.m. Applicants for Medical advice and medicines as out-door patients must bring with them a Ticket of recommendation from the Custos of Kingston or the Inspector of Poor or such other persons as the Governor may nominate and appoint to grant tickets.

By notice in Jamaica Gazette dated September 7th, 1916, it is hereby notified, for general information, that any person who may be suffering from venereal disease (that is gonorrhœa, chancres or syphilis) or from complications of any form of venereal disease will be treated free of cost at the Out-patient Room of the Public Hospital, Kingston, if they attend at 11.30 a.m. Males—on Wednesdays and Saturdays. Females—on Mondays and Thursdays.

Those requiring subsequent dressing will be attended at 7 a.m. in the casualty room any week day.

They will be examined and prescribed for by the Resident Medical Officers at noon as follows:—Mondays and Thursdays—for Women and Children; Tuesdays and Fridays—for Men.

All cases of accident or emergency will be admitted at any hour of the day or night by the Resident Medical Officer on duty.

No seaman, hired, articleed or apprenticed to any vessel, and no person apprenticed to any person, shall be admitted into the hospital except on occasion of serious accident or other extreme emergency, until the consignee of such vessel, of the proprietor or agent of such estate, or the master or employer of the person indentured or apprenticed, shall have given a letter of guarantee to the Chief Medical Officer and Director undertaking to the extent of £20 for the payment of the hospital dues at the rate of 2s. 6d. per diem for each seaman and 1s. 6d. per diem for each apprentice, and for payment also of funeral expenses in case of death.

All persons (other than articleed seamen, indentured immigrants or apprenticed servants) who are admitted into the wards of the hospital for medical treatment as in-door patients, who are not wholly destitute of means may be required to contribute towards their maintenance in the hospital by payment of such proportion of the hospital dues fixed by Law as may be determined by the Chief Medical Officer and Director.

## *Board of Visitors.*

G. P. Myers, *Chairman.*      C. H. Beard.      Dr. C. Barrington Armstrong.  
R. W. Bryant, M.B.E.

## *Honorary Consulting Surgeons.*

F. H. Saunders, M.R.C.S. (Eng.)      J. A. Allwood, M.B., C.M. (Aberd.)  
C. V. Lockett, F.R.C.S. (Eng.), M.B., M.S. Edin.

## PUBLIC GENERAL HOSPITAL.

*Patients.*—All applicants for admission (except in case of emergency) shall be seen at the hospital by the medical officer between the hours of 9 and 11 a.m. In the case of immigrants they will be received daily up to 6 p.m.

Applicants for admission who are on the Parochial Pauper Roll shall be admitted free of all charges, provided the medical officer considers them fit subjects for hospital treatment.

Other applicants, not on the Parochial Pauper Roll, but who are unable to contribute towards their maintenance, shall be admitted into Hospital free of all charges on the written recommendation of the Custos or Chairman of Parochial Boards, or the Inspector of Poor or Clerk of Parochial Board, or of any member of Board of Official Visitors of the hospital, provided, on examination, they are found fit subjects for admission, and that there is accommodation available.

Creole and Coolie Labourers on Sugar Plantations shall be admitted free of all charges provided that, on examination, they are considered by the Medical Officer suitable cases for hospital treatment, and that there is accommodation available for them.

All cases of accident or serious illness will be admitted at any hour of the day or night.

Applicants resident in districts other than those served by Public General Hospitals should apply to the District Medical Officer of their District who will, if he considers their case suitable for hospital treatment, furnish a certificate to that effect, which the applicant should present at the nearest Public General Hospital not later, if possible, than 10 a.m. This rule however, will not prevent cases of accident or serious illness in special cases being admitted at any hour of the day or night as stated in Rule 74.

## JAMAICA LUNATIC ASYLUM.

THE foundations of the Jamaica New Lunatic Asylum were laid in 1843 for the accommodation of 250 inmates, but, in consequence of the financial embarrassments of the colony, the buildings were not completed and occupied until 1860, when the male patients who were confined at the old asylum—a part of the Kingston General Hospital—were transferred. The female inmates followed two years later.

The management of the old Asylum was vested in a body of Commissioners appointed by the House of Assembly.

Dr. Bowerbank, in 1861 secured the appointment of a commission to investigate the alleged abuses in the treatment of lunatics. In that year, an Act was passed for the better supervision and government of the new Lunatic Asylum, and a Board of Visitors in Inspector and Director, with a Medical Superintendent, were appointed to manage the institution.

Dr. Thomas Allen, Senior Assistant Medical Officer to the Suffolk County Asylum, was appointed Medical Superintendent and soon after the duties of Inspector and Director were imposed upon him. He was a most energetic officer, and worked assiduously to ameliorate the condition of the inmates and their surroundings. In a few years he had the satisfaction of seeing the death-rate of the institution reduced by 50 per cent.

In 1893 it was found necessary to extend the boundaries and increase the accommodation. For this purpose £45,000 were borrowed to build a new asylum for the accommodation of 450 female lunatics; the buildings were completed and occupied early in 1906. The congestion from which the asylum had suffered for years was thereby effectually relieved. Subsequently, however, the population increased at such a rate that a new ward for the accommodation of 100 female patients was completed and occupied in 1912, and at present the increase in lunacy is so marked that the necessity of a further extension of the buildings will, it is feared, have to be seriously considered by the Government in the near future.

The following table shews the most salient features in the management of the institution since 1905-6. It will be observed that with the growth of its population the maintenance rate is reduced. The percentage of recoveries has steadily increased.

| Year.      | Admitted during the year. | Total No. of patients under treatment. | Percentage of recoveries on admissions. | Percentage of deaths on total number under treatment. | Total Cost.  | Weekly Cost per Head. |

#### LEPERS HOME.

The Lepers Home, situated in the neighbourhood of Spanish Town, is under the direction of the Superintending Medical Officer. This institution contains 120 beds, and during the year 1921 the daily average of patients was 99.

#### Visiting Justice.

Hon. Geo. McGrath.

#### VICTORIA JUBILEE LYING-IN HOSPITAL, NORTH STREET, KINGSTON.

THIS Institution was founded in commemoration of the Jubilee of Queen Victoria, and the building was raised, to a considerable extent, from small voluntary contributions by the people of Jamaica in token of their loyalty to the late Queen and in honour of the great event, supplemented by a vote by the Legislature from general revenue. The Institution, however, is maintained by an annual vote from the Legislature.

It was felt by those best able to judge that great hardship and a large mortality resulted from the want of midwives who could undertake even the most simple cases of labour and it was considered that there was no more appropriate or useful way of commemorating Her Majesty's Jubilee in Jamaica than by establishing and maintaining an Institution, which tended to alleviate the sufferings of the sex for which Her late Majesty did much.

The Hospital, which was opened at the close of the year 1891, is a substantial brick building with verandahs along the sides in the tropical style. Accommodation was provided in the original building for 20 patients and 8 pupil nurses; it has however now been increased to 24 patients and 10 pupil nurses. The Matron, Assistant Matron, and two charge nurses are resident.

During the first twelve months only 89 patients were admitted. The number steadily increased year by year and in the year ending March 31st, 1904, 813 patients were treated. Owing, however, to the reduction in the number of beds and increased charges there has been a considerable diminution in the number of patients treated; for the twelve months ending 31st December, 1921, it was 836. The daily average of patients is 22. The total number of nurses trained up to the close of year ending 31.12.1921, was 260.

*Admission to Hospital.*—The following are the rules regulating the admission of patients into the Hospital:—

Cases of Instrumental labour and urgent cases will be admitted for treatment at any hour, and for this class of cases two beds shall always be kept in readiness.

In the event of the Institution being full, or from any other cause, it being undesirable to admit fresh inmates, the Matron shall in consultation with the Visiting Surgeon have power to refuse admission to any applicant, but shall at once notify the fact to the Police in order that other arrangements may be made.

Every other person desiring to obtain treatment in the Institution will be required to produce:

- (a) a certificate (gratuitous) from the Inspector of Poor that she is unable to pay for her treatment, and from the District Medical Officer that she appears to be a suitable case for admission to the Institution, or,
- (b) an approved agreement to pay 15s. and 1s. per day for every day's maintenance after 10 days in Hospital, as well as any other exceptional expense incurred such as for removal of patient or burial.

The Matron will attend daily at the Hospital at 10 a.m., to register applicants for treatment and to arrange for their admission.

Payment will, according to the foregoing rules, be required for the treatment and maintenance of any person admitted as an instrumental or urgent case, who may be in position to pay, and when necessary enquiry will be made as soon as practicable of the Inspector of Poor as to the ability of the patient, or her friends, to pay the hospital dues.

*Attendance at Homes.*—The following are rules regarding action to be taken in cases of childbirth occurring among poor persons who are at the time destitute of the means of procuring such aid and where, at the same time, there is danger to the woman's life:—

- (a) The cases to be relieved under this system must combine the two conditions of danger to the woman's life (or to that of the child) and evidence of destitution of the means to procure medical aid at the time.
- (b) The applicant for this form of relief in all cases where practicable is required to sign a promise to refund to the parish within a specified time the amount of the medical officer's fee and mileage, if any, in such instalments as may be named in the form.
- (c) Should the applicant bring any portion of the fee it should be accepted as an instalment and be brought to account as a refund by the Inspector. In cases where the medical officer receives any money (on being applied to in the absence of the Inspector) he should forward it to the Inspector, and it is the Inspector's duty to endeavour to procure the remainder, the Medical Officer being in all cases paid his claim in full by the Parochial Board.

The order to visit should ordinarily be sent to the District Medical Officer. When his services are not immediately available it should be sent to the nearest registered medical practitioner willing to attend for the fee and mileage allowed.

- (c) In the absence of the Inspector (or Assistant Inspector) application should be made to the medical officer direct.
- (f) The fee to a medical officer or practitioner for his services in a case of this kind has been fixed at one guinea, and mileage of 1/6 per mile one way.

The rules respecting Pupil Nurses can be obtained from the Matron.

## QUARANTINE.

THE practice of Quarantine in this Island has been considerably modified since the official investigation into its working in 1851. The laws now in force are 38 of 1893, 23 of 1894, 23 of 1895, 6 of 1903, 26 of 1908, 39 of 1909, 8 of 1913, 28 of 1914 and 11 of 1918.

The Governor in Privy Council is authorised to declare any port or place to be an infected port or place within the meaning of the Quarantine Law of 1893, and vessels arriving from such port or place are liable to quarantine, the duration, &c., of which depends upon the circumstances of each case, and is left to the discretion of the Quarantine Board.

Whenever a vessel arrives at any port in this island, not coming from any place declared by the Governor in Privy Council to be "infected," and not having at the time of arrival any infectious disease on board, or not having had any death from such disease during the voyage, the Health Officer or Visiting Officer is authorised to admit her to free pratique, or pratique under restrictions according to circumstances.

If a vessel on arrival is not provided with a bill of health from the last port touched at, the Visiting Officer shall, under the provisions of Section 2 of Law 28 of 1914, order such vessel to hoist a Quarantine Flag and anchor at the Quarantine Ground until released.

Vessels arriving with ballast are placed in quarantine pending the decision of the Quarantine Board. Provision is made for the discharge of ballast and subsequent admission to pratique of vessels with or without disinfection as may be ordered.

There is power to the Governor to appoint quarantine stations and to frame rules for the same.

*Rules.*—The following Rules were made in 1918 for carrying out the Quarantine Law:—

1. Ships placed in quarantine by the Visiting Officer are to hoist the yellow flag on the top of the main mast and are to take up their anchorage without delay in the quarantine ground where they are to remain until released by order of the Quarantine Board.
2. The quarantine ground shall be pointed out by the Health or Visiting Officer.
3. A Constable is to be placed on board each ship in quarantine and is to see that all Rules and Regulations in respect of quarantine are strictly carried out.
4. No personal communication is to take place between a vessel in quarantine and the shore without permission from the Quarantine Board. No boats from the shore or from other boats or vessels whether in quarantine or not, shall be allowed to have personal communication with a ship in quarantine without permission from the Quarantine Board.
5. No ship shall be allowed to make fast to the quarantine buoy at Port Royal placed to mark the quarantine ground there, or to anchor within a hundred yards of that buoy.
6. Lighters or boats conveying cargo or coal or other supplies to ships in quarantine may be towed to the quarantine buoy; and to prevent personal communication with a ship in quarantine, all persons on board such boats or lighters must then quit them and return outside the limits of the quarantine ground, unless otherwise ordered by the Quarantine Board.
7. The boats or lighters so left may then be towed alongside the ship in quarantine by her crew and unloaded, but no packages are to be returned to the boats or lighters from the ship. When the boats or lighters are empty they are to be towed back by the crew of the ship to the quarantine buoy, and after the men so employed have left them the persons who may be in charge of such boats or lighters may proceed to the quarantine buoy to fetch them away, unless otherwise ordered by the Quarantine Board.
8. All boats belonging to ships in quarantine are to hoist a yellow flag in the bow when absent from their ships.
9. Passengers in a ship that is placed in quarantine may, with the sanction of the Health or Visiting Officer, be landed in the ship's boats at such quarantine station or place as may be pointed out by the Health or Visiting Officer and subject to his instructions and supervision.
10. Cases of sickness among the crew or passengers of a ship in quarantine may, with the sanction of the Health or Visiting Officer, and under his instructions and supervision, be landed in the ship's boats at the quarantine station.
11. No articles of clothing or bedding that have been used in cases of disease shall be permitted to be landed without the permission of the Quarantine Board or Health Officer.
12. The mail bags from a ship in quarantine shall, before being handed over to the Postal Authorities undergo such process of fumigation as the Quarantine Board or Health Officer may consider necessary.
13. Any person who may have died on board a ship in quarantine shall be buried in such place as shall be pointed out by the Health Officer.

14. In case of a ship in quarantine proceeding to sea the Constable shall be previously landed at the quarantine station if so ordered by the Quarantine Board. The Pilot who accompanies the ship to sea shall proceed on his return to the quarantine station if so ordered by the Quarantine Board, and both Constable and Pilot shall remain there in quarantine for the same period as the ship would have been kept if she had remained at anchor.

15. Any person who may be found guilty of any infringement of any of these Rules or Regulations shall be subject to a penalty not exceeding ten pounds.

16. Quarantine Rules—1 to 17 passed in Privy Council, 2nd April 1874, are hereby cancelled.

The following further Rules were approved by the Governor on the 2nd April, 1884, for carrying out the Quarantine Law:—

"If at any time by reason of the failure to comply with any Rule of this Board or for any other sufficient reason, it should be found impracticable to receive passengers that are on board a ship placed in Quarantine into the Quarantine Station, or other place that may be approved of by the Quarantine Board, such passengers will be required to remain on board until the ship is released from quarantine or until arrangements can be made for removing them from such ship.

"No passenger or other person on board a ship in quarantine will be allowed to leave the ship for the purpose of being landed at the Quarantine Station, or other place that may be approved by the Quarantine Board, before payment has been made to the Visiting Officer of the amount payable, in accordance with the following scale, for the maintenance of such passenger during the period of detention in quarantine:—

The following is the scale of charges for maintenance of persons detained in quarantine approved by the Governor in Privy Council on February 5th, 1908 and 27th April, 1920:—

For first class passengers at the rate of 16/- per day. For second class passengers at the rate of 10/- per day. For third class passengers at the rate of 7/6 per day. Labourers, 4/- per day.

Children, according to class, charged as under:—

8 years of age and under 12 years—half rates. 3 years of age and under 8 years—quarter rates. Under 3 years of age—free.

These rates to be increased by half in the case of passengers under treatment in the hospital at the station.

The Governor in Privy Council has allowed a somewhat more liberal dietary being given the occupants of the Quarantine Station. Ice, soup, also coffee and tea at dinner; fruit, jam, marmalade and cocoa for breakfast and luncheon; mutton and English sausages once a week for 1st class passengers. An improvement in the diet scale for 2nd and 3rd class passengers, has also been made.

The following Rule was made by the Governor in Privy Council on the 16th January, 1889:—

Should the Master of any vessel that has been ordered into quarantine in any port of the island desire to proceed to any other port of the island before such vessel has performed, and been duly discharged from quarantine, he should give notice of such desire to the Visiting Officer of the port at which his vessel is in quarantine, and shall in such notice name the port to which he desires to proceed, and it shall be the duty of the Visiting Officer to furnish to such Master a certificate showing the number of days the vessel has been in quarantine, and the number remaining to complete the quarantine term; and thereupon it shall be lawful for him to proceed to such last mentioned port; but he must enter such port flying the quarantine flag, and proceed straight to the quarantine ground at such port.

The master of any vessel neglecting or contravening any of the provisions of this rule shall incur a fine or penalty not exceeding ten pounds.

The Governor in Privy Council on the 21th October, 1895, under Section 1 of Law 23 of 1894 declared the diseases of Scarlet Fever, Diphtheria, Measles and Whooping Cough, to be diseases against the introduction of which into this Island the provisions of the Quarantine Law 38 of 1893 were intended to provide; and His Excellency in Privy Council fixed the following periods for the purpose of the proviso to Section 2 of Law 38 of 1893, viz:

|               |           |                |            |

The following Rules for the government and direction of the Quarantine Station at Green Bay are binding on the officers, servants and inmates of the Quarantine Establishment.

1. During the existence of quarantine restrictions the Quarantine Station shall be under the direction of the Health Officer for the ports of Kingston and Port Royal for the time being.

2. It shall be the duty of the Health Officer, during the continuance of such restrictions to visit the Quarantine Station daily, if practicable, or as frequently, as may be deemed necessary with a view to ascertain the health of the inmates; and in case of the existence or outbreak of any contagious or infectious disease as plague, cholera, small pox or yellow fever, the Health Officer shall be empowered to take all necessary measures to secure the separation and isolation of those who are sick of any such infectious disorder from those who are well.

3. It shall be the duty of the matron to take charge and care of the equipment of the quarantine station to receive and issue stores, and to superintend the ordering and preparation of meals, to direct and control the nurses and domestic servants placed under her, and to maintain the cleanliness of the wards and dormitories.

4. The inmates of the Quarantine Station are strictly enjoined not to damage or destroy the property of the institution.

5. The inmates are also strictly enjoined to observe all the sanitary arrangements that may be made by the Medical Officer and the domestic arrangements made by the Matron and in case of the violation of any such arrangement any such inmate shall be liable to a fine or penalty not exceeding ten pounds.

6. Smoking within the dormitories is strictly prohibited under a fine or penalty not exceeding forty shillings.

7. All lights in dormitories other than those sanctioned by the Medical Officer shall be extinguished at 10 p.m., after which hour all loud conversation singing or noise must cease, and quietude conducive to sleep must be maintained during the night. Any person violating this rule shall be liable to a fine or penalty not exceeding five pounds.

8. It shall be the duty of the Constables placed in charge at the Quarantine Station to see that rules 4, 5, 6 and 7, are strictly observed.

The Quarantine Station which was opened on the 5th April, 1881, is situated at the mouth of the Harbour of Kingston at Green Bay, opposite Port Royal, from which it is distant about two miles, its distance from Kingston being six miles. It stands on a projecting cliff overlooking the harbour, and is some 50 to 60 feet above sea-level. The grounds belonging to it are ten acres in extent. The Quarantine Station buildings consists of blocks standing somewhat apart from one another. The 1st class quarters measures 112 ft. x 21 ft. x 20 feet, and has a spacious piazza on all 4 sides, 22 ft. wide. They consist of 24 rooms, 12 for males and 12 for females, with 4 rooms for married couples in addition.

The second class quarters were built to hold 10 male and 5 female passengers.

There are 160 cots for the accommodation of 3rd class passengers.

When the wards are full accommodation can be found in the piazzas for a large number of cots.

Each division is supplied with separate lavatory and bathroom.

The hospital is placed higher up the hill than are any of the other buildings, being about 100 feet above the sea level. Accommodation is provided for 8 male and 6 female patients with a dispensary and room for attendants. The Hospital at the station is now completely mosquito proof screened.

A second Hospital, mosquito proof to hold four patients has just been completed. It is situated higher up the hill than the old hospital.

There is a Lyon's Steam Disinfector at the station, where passengers clothes, bedding and other articles may be properly disinfected

Water is stored in two tanks having the following capacities: 13,500 gallons and 10,000 gallons. These have been recently made mosquito proof. A third tank capable of holding 10,000 gallons has been erected alongside the hospital

A jetty has been erected running out into the sea some 150 feet

Good fishing is abundant and there is a fine beach for sea-bathing and for a promenade.

The immediate neighbourhood of the grounds is an uncultivated hillside; but all the buildings commands extensive prospects. There is an uninterrupted sea view to south and south-east, and the inland view to the eastward is striking. Looking across the harbour there is the city of Kingston in the foreground, and beyond it lie the magnificent mountains of the eastern part of Jamaica; conspicuous among them is the Blue Mountain Peak, 7,360 feet above the sea. A fine sea breeze blows during the hottest part of the day, and the nights are cool.

The Secretary of the Quarantine Board, is responsible for the interior economy of the establishment; but when it is occupied by passengers the Health Officer at Port Royal is in medical charge. A superintendent, a labourer and a house-cleaner, reside permanently in the Institution, while a nurse and sewing woman generally reside in the institution, but may be removed when there is no one undergoing quarantine. Other nurses or servants are employed when required.

#### CONTAGIOUS DISEASES (ANIMALS).

On the 15th December, 1920, the Governor appointed Dr. G. O. Rushie Grey, Government Veterinary Consultant to be Commissioner for the Island of Jamaica, under Law 1 of 1909, Contagious Diseases Animals (Inland) Law, 1909.

#### BOARDS OF HEALTH.

From the year 1855, when the Act for the appointment of a Central Board of Health expired, there was no general Law in force in the Island providing as far as possible against the introduction or spread of contagious or infectious diseases until the passing of Law of 1867. Under that Law the Governor is empowered to appoint a Central Board of Health; and the Municipal Boards of the several parishes, now styled Parochial Boards, are constituted Local Boards of Health, subordinate to the Central Board, with power to adopt all necessary measures for suppressing nuisances and promoting the public health.

Law 14 of 1873, amended by Law 8 of 1874 gives these Boards the additional power of dividing their parishes into sanitary districts and of appointing Commissioners of Health for the inspection and control of such districts. This Law also empowers the Local Boards to impose a sanitary rate on household property for defraying the expenses incurred by them for sanitary purposes.

In 1874 these provisions were extended. The late Dr. Bowerbank, in a petition to the Legislative Council stated that "for many years he had been painfully impressed with the great want of legislative action in most important matters affecting the public health;" and with respect to Kingston in particular he expressed the opinion that the "sanitary status was retrograding rather than advancing." He particularly referred to the want of legislation for the isolation of persons affected with contagious diseases and for effectually preventing the spread of such diseases and he drew special attention to the English Sanitary Act of 1866 on these important points. In consequence of these representations Law 8 of 1874, in aid of Law 6 of 1867, was passed by the Legislative Council. For a time these Laws were considered ample, but later it became apparent that further legislation was needed. The consequence was the passing of Law 15 of 1887, This Law empowers the Central Board of Health to make rules and regulations (with the approval of the Governor in Privy Council) for the prevention or mitigation of contagious or infectious diseases. A principal object of the Law is the isolation of houses, streets, lanes, etc., and the keeping isolated therein of any person suffering, or suspected to be suffering, from any such disease. Any person who, on account of poverty, may be without proper lodging, food and nursing, may be removed to any Hospital or other place provided for the reception of persons suffering from contagious or infectious disease.

Under the 30th section of Law 21 of 1874, a law was passed for the establishment, regulation and management of the Kingston Cemetery at May Pen, the Central Board of Health have an important and a responsible duty to perform in the interest of the public health in representing to the Governor, in Privy Council, the places or burial grounds in the City of Kingston in which burials should be discontinued on sanitary grounds. The Governor, in Privy Council, is empowered under the same section of the law, to order that after a certain specified time burials shall be discontinued in the places or burial grounds which form the subject of the Board's representations. The Central Board of Health have largely availed themselves of the discretionary power vested in them by the section of the Law, the provisions of which have been extensively resorted to.

The corresponding provisions affecting the towns throughout the island generally are to be found in Law 7 of 1875, "A Law to regulate burials within the limits of towns and to provide for their discontinuance in certain cases."

Under the 5th section of this Law the Local Board of Health may empower any Health Officers or Inspectors of Nuisances to enter at all reasonable hours of the day time upon any building or lands within their respective districts for the purpose of inspection, provided in the case of private property that twelve hours' notice of the intention to inspect is given to the occupier; and the 7th section enacts that no grounds or places within the limits of any town or village in the island, not already opened or used as burial grounds or places of burial, shall be so opened or used without a license from the Local Board of Health.

Law 35 of 1910 is a law further to amend Law 6 of 1867 and the other Health Laws and under this Law general bye-laws for securing improved sanitary and hygienic conditions have been framed by the various Local Boards of Health, approved by the Central Board of Health and by the Governor in Privy Council, and now form part of the Law. Bye-laws regulating the duties of Medical Officers of Health have also been passed, under this Law by the Local Boards of Health, approved by the Central Board and confirmed by the Governor.

Law 31 of 1912 for the notification of Infective Diseases was passed on 21st May, 1912, under Law 48 of 1920. A Law in aid of the Public Health Law 1867, additional powers are given for the isolation of persons suffering from infectious Diseases, also for dealing with Contacts."

Bills of Health are granted by the Secretary to the Central Board free of charge. The Visiting Officers at the several outports also grant Bills of Health on certificates obtained from the Medical Officer of the port. Bills of Health are granted for Vessels leaving Port Royal by the Health Officer of the port.

#### MEDICAL AND SURGICAL PRACTITIONERS.

The office of enrolment of qualified Medical and Surgical Practitioners is the General Register Office, Spanish Town. A copy of the Register corrected to date is published in the Jamaica Gazette in May in each year.

No person not registered can hold any office or appointment in Jamaica as a Physician, Surgeon, Apothecary or other Medical or Surgical Practitioner in the Government Service, or of any public or Parochial Board or Friendly Society; and unless duly registered he cannot recover in a Court of Law any charge for medical or surgical aid, advice, performance of operation, medicine supplied, &c.

The procedure necessary for obtaining registration depends upon the nature of the qualification possessed.

Any person already registered in the United Kingdom can be registered in Jamaica upon producing to the Registrar General the diploma, license or certificate held by him, together with a declaration B (shown below) made by him before a Justice of the Peace, and impressed with a twenty shilling stamp, setting forth that he is the person referred to in such diploma, license, &c., provided that the name of such person appears in the

British Medical Register most recently published, or that he produces to the Registrar General a certified copy of the entry of his name in the British Register.

Any person not registered in the United Kingdom but holding a diploma, license or certificate evidencing the possession by him of such qualification as would entitle him to registration therein, can be registered on producing to the Registrar General such diploma &c., together with a declaration according to Form B, as in the other case above provided.

Any person not qualified as above but holding a diploma, license or certificate granted to him by any University, College or Faculty of Physicians or Surgeons, may become qualified and be registered on obtaining and producing to the Registrar General a certificate in form of Schedule C to Law 49 of 1908, setting forth that he has been examined and passed by the Government Board of Examiners

FORM B I residing at in the parish of  
do hereby declare that I am a member (or as the case may be) of (here state the College, Faculty or Society) and was authorised by such (here state the College, Faculty or Society which gave the Authority) on the day of 19 to practise medicine and surgery (or to practise medicine, or to practise surgery, as the case may be) as appears by my (here specify the diploma, certificate or other document evidencing such authority) now produced and shown to the undersigned Justice of the Peace

Declared before me this day of 19 Justice of the Peace (Signed)

#### DENTISTRY

The Dental Practitioners Law, 1905, (Law 11 of 1905) makes provision for the registration of persons practising dentistry in Jamaica.

Under Section 1 the General Register Office, Spanish Town, is the registry of dental practitioners and the Registrar General of Births and Deaths is the Registrar.

Section 2 provides for the keeping of a Register of qualified dental practitioners.

Section 6 enacts that the following persons upon satisfying the Registrar by such documentary or other evidence of their right to be registered, and upon payment of a registration fee of one guinea, shall be entitled to be registered

(a) Any person qualified or entitled to practise dentistry in the United Kingdom under any Act for the time being in force.

(b) Any person who, at the passing of this Law, is *bona fide* engaged in the practice of dentistry in this Island, and who holds a diploma, license, or certificate granted to him by any university, college, or institution recognized by the Governor in Privy Council, after and in consequence of his having passed through their course of study and examination in Dentistry, prescribed by such university college, or institution.

(c) Any person who, at the passing of this Law is and has been for not less than three years *bona fide* engaged in the practice of dentistry in this Island, and whom the Governor in Privy Council for special cause shown, permits to be registered without examination.

Sections 8, 9 and 10 provide as follows —

8—Any person who at the passing of this Law, is *bona fide* engaged in the practice of dentistry in this island, and also any person not qualified to be registered under section 6 of this Law, but who holds a diploma, license, or certificate granted to him by any University, College, or Institution recognised by the Governor in Privy Council, after and in consequence of his having passed through the course of study and examination in dentistry prescribed by such University, College, or Institution, and who wishes to be registered under this Law, may make application in writing to the Governor to appoint a Board of Examiners.

9—On receipt of such application the Governor shall appoint three persons, duly registered under this Law, as a Board of Examiners, and the persons so appointed shall thereupon fix a time and place for holding the examination.

10—The Candidate shall first satisfy the Board of Examiners that he was at the date of the passing of this Law *bona fide* engaged in the practice of dentistry in this Island, or that he holds a diploma, license, or certificate granted to him as aforesaid, and the Board of Examiners, is so satisfied, shall with reasonable dispatch fully and fairly examine such candidate accordingly; and, if they find him sufficiently informed and skilled, they shall give him a certificate to that effect, and he shall then be entitled to be registered under this Law, upon payment of the Registration fee.

The Board of Examiners consists of three dental practitioners nominated from the list of registered practitioners and appointed by the Governor from time to time.

A list of the Colleges recognized by the Governor in Privy Council under Section (b) will be found in the Jamaica Gazette of Sept 21st 1905, and in the Handbook of Jamaica for 1911 and previous issues.

#### MIDWIFERY.

The Midwifery Law, 1919 (Law 25 of 1919), makes provision for the registration of persons qualified to practise midwifery in Jamaica.

The Registrar under the Law is the Registrar General of Births and Deaths, General Register Office, Spanish Town.

The following persons may be registered as Midwives—

- (1) Any person who has before the passing of this Law practised successfully as a midwife for more than three years as shown by a certificate signed by a District Medical Officer.
- (2) Any person who produces to the Registrar a certificate of competency from a Board appointed, under Section 7 of the Law, partly by the Central Board of Health and partly by the Governor to examine candidates for certificates of competency. Examinations are to be held in January and July in every year.
- (3) Any person who produces to the Registrar a certificate of competency as a midwife granted by the Examining Board of the Victoria Jubilee Lying-in Hospital or by any Body or Institution approved by the Governor in Privy Council.

Fee for registration under (1) is one shilling (1/); but registrations thereunder must have been made within twelve months from the first day of January, 1920.\*

Fee for Registration under (2) is ten shillings and six pence (10/6).

Registration under (3) is free.

\*Time extended under certain conditions by Midwifery Amendment Law 1922, Law 12 of 1922.

#### POLICE.

In 1866 it was considered necessary to abolish the old police force, dating from 1834, and a law was passed in 1867 (No. 8) establishing a new and improved police or constabulary force. Under that Law the Governor is empowered to appoint an Inspector General and a

staff of inspectors and sub-inspectors; and the Inspector General is authorised to admit persons as sub-officers and constables. No person is eligible for membership unless he can produce a certificate of character from a magistrate or other gentleman of position and can pass a satisfactory medical examination. He must not be less than five feet eight inches in height and 33 inches round the chest; not less than 20 or more than 25 years of age, and unmarried; and be able to read, without hesitation any printed or written document and to write a fair hand. Every candidate is enrolled for five years (3 months on probation—Law 2 of 1901) and he is bound to serve and reside in any place to which he may be appointed—his native parish and the parish with which he may be connected by marriage or family ties not being one of the districts to which he may be sent.

The Officers, Sub-Officers and men are trained in Military exercises for the purposes of enabling them to protect themselves, their prisoners, and their barracks, and to act in unison and with alertness and effect in cases of danger and alarm, such as riots and fires.

But although trained as a semi-military police the constabulary are bound to perform all the duties appertaining to the office of constables. They are required to preserve peace, to detect crimes, to apprehend or summon persons found committing any offence against the criminal or the conservancy laws, to execute all summonses, warrants, subpoenas and other processes issuing from any Court of Justice or by any Justice of the Peace in a criminal matter, to aid the health and sanitary officers in the execution of their duties, to apprehend smugglers and others found contravening the revenue laws, to seize all contraband goods and all taxable property for the non-payment of taxes, and to keep order at all markets, theatres, courts and other public places and assemblies.

As a preventive force they are required to patrol the town and highways, both by day and by night, and to visit the estates, pens, plantations and villages. To ensure regularity in their patrols the sub-officers and men of each station are so distributed as to furnish the necessary quota for this indispensable and important duty, whilst providing for the due performance of the miscellaneous work of the district.

The constabulary, by means of this effective system of patrol in town and country, not only materially prevent the committal of crime, and especially depredations on property, but are at all times prepared to furnish the authorities with accurate information respecting places, persons, and occurrences. They are required promptly and correctly to report to the Inspector General and to the custodes the approach of any political festival, meeting, assembly, or demonstration, illegal drilling, or other circumstances connected with, or in any wise affecting the peace or tranquillity of the country or the safety of life or property.

The Detectives are specially charged with the duty and responsibility of tracing felonies and other serious offences and apprehending offenders. They are aided by the ordinary constabulary and by the district constables, but their actions are greatly facilitated by the system of criminal registration which forms an important element in the present police arrangements of the colony. The antecedents of every habitual criminal are carefully collected, recorded and circulated, with his photograph, and he is bound once in every month to report himself to a chief officer of police. He is taken under police supervision the moment he leaves the General Penitentiary or other prison and every movement of his is carefully watched and reported. The history and actions of all other persons convicted of crime but not sentenced to police supervision, are similarly noted and circulated; but criminals of this class are not required to report themselves to the constabulary.

The Water Police of Kingston, Port Antonio, Savanna-la-Mar, Montego Bay, Black River and Port Henderson are auxiliaries to the regular Police and are charged with the prevention and detection of larcenies, smuggling, &c., from the wharves and shipping in the harbour and on the rivers of their respective districts. The strength of the Force, ordinarily 947 was increased in April 1920 by 116 Sub-officers and men, 16 of these being for the Water Police Branch. The strength of the force was further increased in April 1921 by 26 Sub-officers and men, and since reduced in April 1922 by 59 Sub-officers and men.

The District Constabulary Force was organised for the purpose of connecting the main police system with the remote parts of the Island. Their principal duty is the suppression of the crime of Larceny of growing produce and small stock, but they have all the powers of constables both in the departments of justice and of revenue. They have, in fact, a power in excess of the ordinary constabulary. If a district constable suspects that stolen property is concealed in the house, premises, or lands of any person who has ever been convicted of larceny, or of receiving stolen goods, he can, without a search warrant, enter and search for such property and arrest the offender. The district constables are resident householders of the districts. They report themselves periodically at the

nearest constabulary station, where they give and receive information and obtain instructions as to the manner in which they should act for the prevention and discovery of crime. The district constables are distinguished when on duty by a badge and a baton, and the whole force is under the supervision and control of the officers of the constabulary.

**SUB INSPECTORS**—The following are the Main Regulations relating to the appointment of Sub-Inspectors of Police:—

(1) Appointments will in future be made to the posts of Sub-Inspector of Constabulary in British Guiana, Trinidad and Jamaica, in accordance with the following regulations.

(2) All appointments will be made after examination, which will be either competitive or qualifying (see paragraph 6). A certain proportion of the appointments in each Colony will be reserved for candidates resident in the Colony. Such candidates must receive a nomination from the Governor.

(3) All other candidates must receive a nomination from the Secretary of State for the Colonies. For the steps necessary in order to obtain this nomination see paragraph 15 of this memorandum.

(4) Candidates must be unmarried, and between the ages of 19 and 26 years, and will be liable to removal from the service if they marry except in accordance with the Constabulary Regulations in force in the Colony in which they are serving.

(5) Candidates must be at least five feet eight inches in height with adequate chest measurement, and their physical development must be good in all respects. They will be required to be certified physically fit for service by one of the Medical Advisers to the Colonial Office, or, if nominated by the Governor (see paragraph 2), by the Surgeon of the Colonial Constabulary.

(6) Should the number of suitable applicants for nomination by the Secretary of State exceed the number of vacancies to be filled from this country, the selection will be made by competitive examination, which will be conducted by the Civil Service Commissioners. Otherwise candidates, whether nominated by the Governor or by the Secretary of State, will be required to pass a qualifying examination. The fee for the examination, whether competitive or qualifying will be £2 for each candidate examined in London, and £3 for each candidate examined elsewhere.

(7) The following will be the subjects of examination, and the maximum number of marks for each subject:—

|   |     |
|---|-----|
| 1. Arithmetic   | 200 |
| 2. English Composition, including Spelling, Handwriting and Precise   | 500 |
| 3. Geography, with especial reference to that of the British Colonies | 150 |
| 4. British History, including that of the Constitution                | 200 |
| 5. The Elementary Principles of Law—                                  |     |
| (a) Criminal Law  | 150 |
| (b) Law of Evidence   | 150 |
| 6. One of the following:—   |     |
| Latin Translation and Composition                                     | 200 |
| or French Translation, Dictation, Composition and Conversation        | 200 |

---

1,550

Candidates must pass to the satisfaction of the Civil Service Commissioners in each of the prescribed subjects.

(8) Candidates who are declared to be successful at the examination, and are certified to be physically fit for service will be required to proceed to Dublin to undergo a course of training at the Depot of the Royal Irish Constabulary. The fees for this course will be paid by the Colonial Governments unless candidates are otherwise informed, each candidate should provide himself with bedding and towels during his course of training.

(9) Such candidates while undergoing instruction at Dublin, will receive pay, at the rate of £125 per annum from Colonial Funds. They will be in all respects subject to the same discipline as Cadets of the Royal Irish Constabulary and they will be required to provide themselves with uniform as soon as possible. They will be regarded as on probation, and their ultimate appointment to a Colonial Constabulary, will be conditional upon satisfactory reports upon their conduct and efficiency being received from the authorities of the Royal Irish Constabulary.

(10) A candidate on being finally selected for appointment to a Colonial Constabulary will be provided with a free first class passage to the Colony, upon his entering into an agreement with the Crown Agents for the Colonies by which he will be bound to repay to the Colonial Government the cost of his passage, and also, in the case of British

Guiana and Trinidad, the uniform allowance of £35. Jamaica provides £25 per annum uniform allowance to Sub-Inspectors, in the event of his relinquishing his appointment of his own accord within three years of the date of his arrival in the Colony for any other reason than mental or physical infirmity. He will draw half the salary of his appointment from the date of embarkation, and full salary from the date of his arrival in the Colony.

**DISTRICT CONSTABLES**—The District Constables Law (5 of 1899) gives power to Resident Magistrates, the Inspector General of Police and the officers in charge of parishes to inflict fines on the district constables. All fines so inflicted are paid into the District Constables Fund, which fund will be used for the benefit of the district constables alone, in payment of rewards or in other ways, as the Governor may direct.

**LAWS**—The Laws affecting the organization, &c., of the Police Force, are as follows:—

22 Vic. chap. 20, Law 8 of 1867, Law 6 of 1869, Law 46 of 1869, Law 34 of 1870 Law 2 of 1879, Law 20 of 1885, Law 18 of 1895, Law 5 of 1899, Law 2 of 1901, Law 28 of 1902, Law 28 of 1903, Law 14 of 1904, Law 19 of 1907, Law 41 of 1908, Law 4 of 1910, Law 8 of 1914 and Law 39 of 1914.

## SPECIAL CONSTABLES.

THE object of Law 14 of 1904, is to empower the appointment of Special Constables, who are liable to be called out to assist the Civil power in cases of apprehended disturbances or other occasions calling for extraordinary measures for the Public Safety.

Under Section 1 where it is made to appear to two Justices of the Peace for any Parish that any tumult, riot or felony has taken place or may reasonably be apprehended and the Justices are of opinion that the ordinary Police are not sufficient for the preservation of the Peace, then such Justices may appoint in writing and swear in as many of the householders or other persons residing in the parish as they may think fit to act as Special Constables, informing the Inspector of Police of the names of the persons so appointed and also furnish a full report of same to the Governor.

Under Section 3 the Governor may cause Special Constables to be appointed and sworn in for the whole of the Colony, and may signify, if he sees fit that no person shall be excused from being appointed and sworn in by reason of any exception.

Special Constables shall be subordinate to the Inspector or other Chief Officer of Police of the Parish to which they are appointed and shall obey all lawful orders. Each Special Constable will be provided with a distinctive badge and a suitable baton.

If any Special Constable refuses or neglects to serve, or to obey such lawful orders as may be given him for the performance of his duties, he shall be liable to forfeit a penalty not exceeding Five Pounds, unless he proves to the satisfaction of the Court, that he was prevented by sickness or such unavoidable accident, as may, in the opinion of the Court be a sufficient excuse. Special Constables are liable to be removed from Office by the Inspector of Police for the Parish or by the Justices of the Peace by whom they were appointed.

Every Special Constable, shall not only within the Parish for which he was appointed, but also throughout the whole Colony have, exercise and enjoy all such powers, authorities, advantages and immunities and be liable to all such duties and responsibilities as any regular Police Constable.

Any person convicted of assaulting a Special Constable in the execution of his duty is liable to a penalty not exceeding Twenty Pounds. Special Constables shall be paid for their services according to rates fixed by the Governor in Privy Council.

The Law was put into operation in 1918 when 1057 Special Constables were appointed by the Governor and sworn in for the various Parishes, Kingston excepted. In January 1920 the Law was applied to Kingston and 163 Special Constables were sworn in.

## PRISONS AND REFORMATORIES.

## PRISONS.

The General Penitentiary at Kingston—erected on land originally part of the Hope Estate—covers an area of eleven acres within the walls. The outer walls are 22 feet high and five feet six inches thick at the base, tapering to 18 inches at the top. There is accommodation for 645 male convicts, who are all provided with separate cells. The female Prison adjoins the male Prison and has accommodation for 198 inmates.

The men are classified according to their sentences, but they work in association. They are employed in burning bricks, breaking stones, and in working at various trades. A number of them also work at a lime-stone quarry at Rock Fort which forms part of the Penitentiary property. All juvenile prisoners—under 21 years of age—are located and worked by themselves and do not come in contact with the adult criminals. A Prison Farm was established at Kingston Pen in 1917.

To the north of the Penitentiary are the quarters of the Superintendent and other officers, covering about 13½ acres. The brickfield, in which are the brick kilns, is connected with the Penitentiary proper by means of an underground tunnel.

The subordinate officers are now as a rule selected from men who have served with good conduct, either in the Army or in the Constabulary and who have therefore a knowledge of order and discipline. The mark system as in force in the English convict prisons has been adopted.

Upon the female side of the penitentiary a system of classification is now carried out by the separation of those convicted for the first time from the re-convicted criminals.

There is a District Prison at Spanish Town, which includes a County Gaol and a Debtors Prison, affording accommodation for 634 prisoners with a prison farm and Reformatory attached.

The net cost of the Prisons has therefore been £45,177 15s. 7d. The total estimated value due of labour yielding no return in money was £13,705 10s. 9d.

In 1885, a new system of affording religious instruction to the prisoners of the General Penitentiary, came into operation and the scheme known as the Corporate Chaplaincy

ceased to exist. By the new arrangement a separate chaplain is nominated for every denomination of which there are not less than 10 prisoners in the penitentiary, and he receives remuneration according to a fixed scale, 10/- per head per annum for each of the first 50 prisoners and 3/- for each above that number. Under certain restrictions two or more religious bodies may unite and have one chaplain. Provision is made for teaching the prisoners the elements of education.

The Governor is authorised by Law 18 of 1882 to appoint in respect of each of prisons two or more justices of the peace as visiting justices. The judges of the Supreme Court, and the Resident Magistrates are by virtue of their offices visiting justices and severally have and exercise the powers of two visiting justices. The Director of Prisons has also the power of two visiting justices.

The total daily average number of prisoners in custody in the prisons of the Colony in the year ended 31st December, 1921, was 1,810.

### INDUSTRIAL SCHOOLS.

IN 1881 the several laws relating to Reformatories were consolidated and amended, the principal provisions of the new enactment (Law 34 of 1881) being the following: For the erection of suitable buildings and premises, separate and distinct from the Reformatory of Stony Hill, as a Reformatory for girls; the establishing of Industrial Schools for boys and girls in the neighbourhood of Kingston and Montego Bay; the committal of criminal children to Reformatories and pauper children to Industrial Schools; and the detention of all children in these institutions until they attain the age of 16.

Under Law 34 of 1881, the St. Mary's Industrial School for girls at Alpha Cottage, Kingston, was certified in December 1889, and in May 1891, an Industrial School for boys at the same place was also certified. Bishop O'Hare, S.J., of the Roman Catholic Church, is the Manager of both these Schools. An Industrial School for Girls (under Archbishop Nuttall) at Stony Hill was also certified on the 27th Oct., 1892. In January 1891, a Government Industrial School was started at Hope Gardens with 20 boys transferred from the Industrial School at Stony Hill; and in April 1892, one for girls was opened at Shortwood, St. Andrew. This was the commencement of the movement to separate non-criminal from criminal children, to further which the Industrial Schools were in May, 1891, placed under the Education Department, the Superintending Inspector of Schools being then appointed Inspector of Industrial Schools.

Hope closed in 1909. Shortwood closed in 1914.

The Reformatories became Industrial Schools by the passing of Law 32 of 1910.

#### BOYS AND GIRLS INDUSTRIAL SCHOOL, STONY HILL.

The boys at Stony Hill are trained as tailors, carpenters, masons, blacksmiths and bakers. Fifty boys and 7 apprentices were employed during the year 1921 in the carpenter's shop; they made articles of furniture of the value of £646 5s; 30 boys and 1 apprentice were employed as masons and bricklayers; they did work valued at £277 13s. 6d. The work in the tailoring branch was performed by 30 boys and 1 apprentice, they made all the clothing, coats and mattresses for the institution, valued at £261 15s. 4d. In the blacksmith's shop the value of work was £166 13s. 11d. Other boys worked in the bakery,

garden and fields. By their steady application to labour the cultivation, which in 1878 was only half-an-acre, is now extended to 43 acres, comprising coffee, vegetables, provisions, guinea grass, bananas, corn, cocoa, oranges and grape-fruit.

The gross cost per head per diem for the 506 inmates who were in the institution during the year ending the 31st December, 1921, was 16.08d. and the average earnings per child for that period, £12 7s. 6d.

The girls are taught washing, sewing, hat making, house cleaning and some are taught cookery. During the year ending 31st December, 1921, 267,463 pieces of clothing were washed, the work being valued at £1,671 6s. 8½d. The girls made and mended clothing valued at £139 10s. 7½d.

#### REFORMATORY FOR BOYS.

In 1911 a Reformatory for boys was established at the Saint Catherine District Prison, Spanish Town, under the provisions of Law 32 of 1910. The inmates at first consisted of boys transferred from the Industrial School, Stony Hill, for disciplinary treatment, and a law was passed in 1912, (Law 29 of 1912) authorising the Governor to transfer certain juvenile prisoners from the regular prisons to the Reformatory branch. This has increased the usefulness of the Institution. These boys are separately located and worked on a farm of their own and do not come in contact with the inmates of the District Prison. They attend school daily under the instruction of the schoolmaster and are taught on the farm the best methods of agriculture.

When due for discharge efforts are made to secure those in need of employment work on plantations. The number of boys in the Reformatory on the 30th June, 1922 was 35.

## REGISTRATION.

THE offices of Registrar General and Deputy Keeper of the Records have been amalgamated and are located in Spanish Town.

*General Register Office, Spanish Town.*

Compulsory registration of births and deaths came into force on 1st April, 1878. During the years 1844 to 1855 there was a voluntary system of registration of births and deaths under the Acts 7 Victoria chapter 54 and 8 Victoria chapter 47. These Acts were repealed in 1855 by the Act 18 Victoria chapter 29 as the voluntary system of registration was found to be ineffectual

Baptisms and Burials by Ministers of the Church of England were, previous to 1st April, 1878, recorded at the Island Secretary's Office, Spanish Town (now the Island Record Office). These registers have been transferred to the custody of the Registrar General.

From the 1st April, 1878, births and deaths have been registered throughout the island, each parish being divided into registration districts with a Registrar for each district, the central office being at Spanish Town.

The present system of registration of marriages came into operation in 1880. There are in the registry records of marriages by ministers of the Church of England beginning in 1666, and by ministers of other denominations beginning in 1840.

#### BIRTHS.

When a birth takes place personal information of it must be given within 42 days to the Registrar of the district in which it took place, and the register be signed in his presence by one of the following persons:—1. The father or mother of the child; if they fail; 2. The occupier of the house in which the birth took place; 3. A person present at the birth; or 4. The person having charge of the child.

The duty of attending to the registration thus rests firstly on the parents. One of them must within 42 days of the birth give to the Registrar *by word of mouth* the information needed and must sign the register in his presence. If they fail, without reasonable cause, they become liable to a penalty of forty shillings. In case of their failure one of the other classes of informants above named must give personal information and sign the register within the same period.

If at the end of 42 days registration has not been effected the Registrar may send a requisition to any qualified informant requiring him or her to attend for the purpose and any person who fails to comply with such requisition is liable to a penalty of forty shillings.

After three months a birth can only be registered on the informant's making, before the Registrar and some Justice of the Peace, or in place of such Justice some other respectable witness, a solemn declaration as to the correctness of the particulars required to be registered and on payment of a fee of one shilling to the Registrar.

After twelve months a birth can be registered only on the express authority of the Registrar General and on payment of a fee of ten shillings.

It is often of great importance to persons of all classes to be able to prove their age and the place of their birth. Legal proof of these is to be obtained from the civil registers as kept by law. Parents owe to their children, therefore, a careful attention to registration.

#### DEATHS.

When a death takes place personal information of it must be given within five days to the Registrar of the district in which it occurred, and the register be signed in his presence by one of the following persons:—

1. The nearest relative of the deceased present at the death, or in attendance during the last illness; if they fail
2. Some other relative of the deceased in the same Registrar's District. In default of any relatives
3. (a) A person present at the death; (b) the occupier of the house in which the death happened. If all the above-named fail
4. (a) An inmate of the house; or (b) the person causing the body to be buried.

Relatives present or in attendance are, therefore, firstly required to attend to the registration. One of them must give to the Registrar of the district *by word of mouth* the information needed and sign the register. In case of their failure one of the other persons above-named must give personal information and sign the register in their stead.

When a registered Medical Practitioner has attended the deceased during the last illness the Practitioner must sign and give to some person qualified as an informant

certificate of the cause of death, and the person so receiving the certificate must deliver it to the Registrar at the time of registration. The penalty for not giving or duly delivering the certificate is two pounds.

It is advisable that every death should be registered and a certificate of registry (which is given free of charge) be obtained from the Registrar before the funeral. This certificate should be delivered to the Minister or other person who performs the funeral of religious service.

If no such certificate of registration is thus delivered the Minister or person who buries, or performs any funeral service, or who presides at the burial, must, within seven days after the burial, give notice thereof in writing to the Registrar of the district, and if he fails so to do he is liable to a penalty of ten pounds.

After twelve months a death can be registered only on the Registrar General's express authority and on payment of a fee of two shillings.

A careful attention to these requirements is likely to prove of the highest importance to the surviving relatives and friends of the deceased persons.

## MARRIAGES.

There are four ways of obtaining the necessary legal authorisation for the performance of a marriage in Jamaica, (Law 25 of 1897 and Law 28 of 1905).

*I.—Publication of Banns*.—In this case the persons intending marriage must each give written notice to a Ministerial Marriage Officer of the congregation to which he or she belongs, or to any Ministerial Marriage Officer having charge of a place of worship in the parish in which they reside (when both belong to the same congregation a single notice will suffice, or when one does not reside in Jamaica a single notice by the other will suffice) and thereupon the Marriage Officer, if satisfied that the notice is conformable to law, will publish the banns in legal form for one Sunday, or one Saturday in the case of persons professing the Jewish religion. In addition to such publication the particulars of the marriage notice must be entered on a specified form and affixed on the outside of the principal door of the place of worship at which the banns are published for a period of seven clear days. After due publication the Marriage Officer will give a certificate of the fact to the person who gave the notice and thereupon the marriage may be contracted and solemnized (a) by or before a Ministerial Marriage Officer, according to such form and ceremony as the parties may see fit to adopt, provided that the requirements of the Marriage Laws as to witnesses, &c., and the form of contracting words be observed; or (b) in the presence of a Civil Registrar of Marriages and two credible witnesses, with the declaration and form of contract provided. No religious service is permitted before the Civil Registrar.

*II.—By a License from the Governor*.—In this case application must be made and the prescribed form of declaration be furnished to the Colonial Secretary, together with the sum of five pounds; the value of the stamp to be borne upon the Governor's license. Immediately upon the issue of such license the marriage may be solemnized by or before a Ministerial Marriage Officer, or in the presence of a Civil Registrar of Marriages as above described in the case of banns.

*III.—By Public notice at the Office of a Civil Registrar of Marriages*.—In this case residence in the parish for not less than fifteen clear days before the giving of notice is requisite. When both persons intending marriage reside within the same parish a single notice will suffice. When one of them does not reside in Jamaica a single notice by the other will suffice. The notice must be posted up in a conspicuous place on the outside of the Civil Registrar's Office during seven clear days, at the end of which time a certificate of due publication will be given by that officer, and the marriage may then be solemnized in either of the ways already described as after publication of banns or Governor's License.

*IV.—By License from a Justice of the Peace, &c., Law 28 of 1905*.—By special license from a Justice of the Peace for any parish, the Clerk of the Resident Magistrate's Court for the parish in which the parties or one of the parties intending marriage resides, or any person appointed for the purpose. Before the granting of such license there must be produced to such Justice of the Peace, Clerk of the Resident Magistrate's Court, or other appointed person, a notice of marriage signed by the applicants for the license, together with a statutory declaration from some minister of religion (being a marriage Officer), stating that the applicants are well known to him and that the statement

made by them in their marriage notice are to the best of his knowledge and belief in every particular just and true. Before the issue of any marriage License, the person issuing it must secure that such license be stamped with revenue stamps to the value of two shillings and sixpence, and shall himself cancel the stamps before he delivers the license.

If the marriage is not solemnized within three months from the date of the license or certificate of publication the license or certificate becomes void and of no effect.

*Registration, Certified copies, &c.*—Indexes of marriage, birth and death registers, are kept at the General Register Office, Spanish Town. Searches can be made there and certified copies of entries in Registers be given on application and payment of the prescribed fees.

## TRADE MARKS.

Law 37 of 1911 consolidates and amends the Laws relating to Trade Marks. It came into operation on March 1st, 1912, and supersedes Law 17 of 1888 and the Laws amending the same. Rules made thereunder will be found in the Supplement to the Jamaica Gazette of 13th March, 1915.

The Registrar General is the Registrar of Trade Marks, and he keeps a Register of Trade Marks at the General Register Office, Spanish Town.

Any person claiming to be the proprietor of a Trade Mark who is desirous of registering the same must apply in writing to the Registrar in the prescribed form, copies of which can be obtained from the General Register Office.

A registrable trade mark must contain or consist of at least one of the following essential particulars:—

- (1) the name of a company, individual, or firm represented in a special or particular manner; (2) The signature of the applicant for registration or some predecessor in his business; (3) An invented word or invented words; (4) A word or words having no direct reference to the character or quality of the goods, and not being according to its ordinary signification a geographical name or a surname (5) Any other distinctive mark, but a name, signature, or word or words other than such as fall within the descriptions in the above paragraphs (1), (2), (3), and (4), will not, except by order of the Court, be deemed a distinctive mark,

Special provision is made as to the registration of trade marks used before 1st April, 1889, and of Trade Marks registered in England.

Applications have to be advertised and the procedure to be followed in opposed and unopposed applications is prescribed.

The following Order by the Governor in Privy Council was made March 11, 1919.

UNDER the provisions of section 24 of Law 7 of 1918, I, the Governor in Privy Council do hereby prescribe that the fee payable for the registration of Trade Marks to be placed on packages of produce of the kind mentioned in the fourth schedule to the said Law and exported from this Island shall, in lieu of fees prescribed by me in such cases under the Trade Marks Law, 1911, (Law 37 of 1911) be as follows, viz:—

|  |     |
|--|-----|
| On application to register a Trade Mark for one or more of the articles mentioned in the said Schedule .. .. .   | 2/6 |
| For registration of a trade mark for one or more of the articles mentioned in the said Schedule .. .. .          | 5/  |
| On application to register a subsequent proprietor in cases of assignment or transmission of one or more marks:— |     |
| For one mark .. .. .   | 5/  |
| For each of the other marks .. .. .  | 2/  |
| For renewal of registration of a mark at expiration of last registration ..                                      | 5/  |
| Additional fee under Rule 70 of Trade Marks Rules, 1913 .. .. .  | 2/6 |
| Additional fee under Rule 71 of Trade Marks Rules, 1913 .. .. .  | 5/  |

Made this 11th day of March, 1919.

## REGISTRATION OF BOOKS.

The Registrar General is also Registrar of Books under Law 2 of 1887. Under this Law three copies of every book printed in the colony must, within one month of the printing thereof, be delivered to the Registrar-General by the printer at the General Register Office, Spanish Town, together with a memorandum of the particulars of the book. A form of the memorandum may be obtained at the General Register Office.

## COPYRIGHTS.

The local laws as to Copyrights were repealed in 1913. An Imperial Act on the subject is now in force in the colony. No registration is required.

The owner of any unpublished original literary, dramatic, musical or artistic work is entitled to copyright therein if at the date of the making thereof the Author was a British Subject or resident in Jamaica or in some other place in His Majesty's Dominions to which the Imperial Act extends. The owner of a published work is entitled to Copyright therein if the work was first published in Jamaica or in some other place on His Majesty's Dominions as before mentioned. Copyright extends throughout all parts of His Majesty's Dominions to which the Imperial Act extends.

## ISLAND RECORD OFFICE.

*Spanish Town.*

THIS office was established under Law 6 of 1879 in place of what had been the ancient office of "Island Secretary," which had existed for a period of 220 years, and been held under letters patent until the year 1853, after which the Governor exercised the power of appointment, subject to the Queen's approval.

The Chief Justice for the time being is *ex officio* Keeper of the Records and has an official title as such. All public records and all registered deeds and writings formerly in the office of the Island Secretary are under his charge and superintendence, and every office or place in which public records under his charge are deposited is a branch of the Record Office.

The Deputy-Keeper of the Records is appointed by the Governor: his functions are precisely those which belonged to the Island Secretary. All laws wherein reference is made to the Island Secretary's Office or to the Island Secretary take effect as if such reference were made to the Record Office and the Deputy Keeper of the Records. His duties comprehend the enrolling in proper registers of all deeds and conveyances, patents, wills which have been admitted to probate, annual produce accounts of estates and accounts-current of executors, administrators, trustees, attorneys, agents and persons acting in a fiduciary character, as well as the custody and preservation of the authenticated impression of the laws of the island. Law 23 of 1886 (the Incorporated Companies and Societies Law) requires a register of all Companies incorporated under the provisions of the 27 Vic., sess. 2, chap. 4, of all Friendly Societies established under the provisions of the 6 Vic., chap. 27 and of all Building Societies established under the provisions of the 28 Vic., chap. 17, to be kept in the Record Office. Transcripts of the Rules and Regulations of these Societies (when certified by the Attorney-General) are to be filed in the Record Office; and the annual general statements of the funds and effects of the Societies and certain of the Companies are to be sent to the Deputy-Keeper of the Records and by him published in the Jamaica Gazette. The Island Record Office is under Law 16 of 1918 (the Registration of Business Names Law, 1918) the office for the registration of firms and persons under that Law and under Law 37 of 1919 the office for the registration of Trade Union and under both Laws the Deputy-Keeper of the Records is the Registrar.

Deeds affecting unregistered land will not unless recorded within the prescribed time, be good against other purchasers or mortgagees *bona fide* for valuable consideration of the land, who shall duly prove and record their deeds within the prescribed time. The time allowed for the recording of a deed affecting unregistered land is, in most cases, 90 days from its date. In some cases the period is less and in others it is more.

No instrument passes any estate in land, which has been registered under the Registration of Titles Laws, until the instrument has been registered in the Office of Titles, Kingston.

Abstracts or notes from the registers may be taken by persons interested in searching the records, but copies of all public records must be made and certified as a true copy and sealed with the seal of the office at the cost of the person desiring the same. Office copies so made and certified are evidence in all Courts of Justice, without further proof in every case in which the original record would have been received as evidence.

Deeds or writings presented for Registration shall, if required, and on production of the receipt be returned at any time after registration, but if application for the return of the deed or writing be not made within two months after the same has been recorded and the record thereof examined and certified, it shall be returned to the party presenting it by registered letter, addressed to him at the postal address furnished in the declaration of counting. No public record may be taken out of the Record Office unless under an order of some competent Court. The expenses of the office, including salaries, are limited to the sum of £1,200 per annum. All revenue is paid over to the Treasury for the use of the public.

## OFFICE OF TITLES.

*Public Buildings, Kingston.*

THE Registration of Titles Law, 21 of 1888, came into operation on the first October 1889, and is now extensively used

The manner of bringing lands under the law is as follows:—

An application describing the lands, stating the value and giving the names and addresses of the persons in possession, and of the owners and occupiers of the adjoining lands is made (on the printed form to be obtained from the Registrar) to bring the lands under the law and to have the certificate of title issued either in the name of the applicant or in that of some other person. The deeds or other documents in support of the title to the lands, with a certificate from the collector of taxes for the parish in which the land is situate, that the taxes on such land have been paid up to the date of the application, must accompany the application. Upon their receipt by the Registrar he enters the application in a book kept for that purpose and then submits the application and papers to one of the Referees of Titles.

After the Referee has given his approval in writing of the applicant's title notices of such application are published in the Jamaica Gazette or newspaper as directed by the Referee and served by registered letter through the post office upon the occupiers of the land, the occupiers and owners of the adjoining lands and such other persons as the Referee may direct. These notices set forth the purport of the application and intimate that unless objection be made, by lodging a caveat in the Office of Titles within the time mentioned in the notice, the land will be brought under the operation of the law and a title will be granted to the applicant, or to the person in whose name the certificate of title is directed to be issued. The Referee may refuse his provisional order of approval or may call for further evidence in support of applicant's title.

If a caveat is lodged the Registrar will suspend proceedings until it is withdrawn or lapses, or until an order in the matter is obtained from the Court.

If no caveat is lodged the land is brought under the law by registering a certificate of title in duplicate. Space is left in these certificates for the endorsement of subsequent dealings with such land. One of the certificates of title is bound up in the Register Book and the other called the duplicate is given to the owner of the land.

Applicants for registration have to contribute  $\frac{1}{4}$ d. in the £ upon the value of the land towards an assurance fund. Persons deprived of their land through the registration thereof may in certain events recover compensation out of the assurance fund.

The fees payable are contained in Law 19 of 1922.

## GOVERNMENT LABORATORY.

ORIGINALLY instituted in 1870 by Governor Sir J. P. Grant, the Laboratory was mainly concerned with analyses for medical and judicial purposes until 1901, when it was made a branch of the Agricultural Services and its work largely extended so as to embrace various aspects of agricultural research and analysis.

The present building was erected in 1902, on the Hope lands, some 200 yards below the main entrance to Hope Gardens and is conveniently situated on the car line.

In 1901 the Laboratory was considerably extended to carry out researches on Sugar and Rum in connection with the scheme for carrying out the provisions of the Sugar Experiment Station Law (45 of 1903.)

The Staff includes, besides the Deputy Island Chemist, a Microbiologist and an Entomologist and technical work in Mycology, Microbiology and Economic Entomology is now established in suitably equipped Laboratories. Special facilities for Sugar Analysis, the testing of canes and the investigation and propagation of the ferments of Rum have also been provided. An experimental distillery for practical researches on Rum Manufacture has been built and from time to time special courses of training for distillers have been held.

Three Scholarships of the annual value of £60 each, tenable at the Government Laboratory for three years, are offered to young men desiring to qualify themselves to undertake Chemical work on Sugar Estates or to act as Laboratory Assistants. Applicants for these scholarships are required to possess a Senior Cambridge Certificate or the equivalent. Apprentices are also received for training.

The Laboratory dealt with 1,497 samples during the year 1922. The Chemist, Microbiologist and Entomologist are always available for advice and consultation free of charge.

The following scale of fees for analyses performed for private persons are payable to the Treasury.

## IMMIGRATION.

*Office in Port Royal Street.*

SINCE the commencement of Asiatic Immigration in 1845, 36,584 East Indian immigrants have been introduced into the colony up to the end of 1916, of whom 13,075 have returned to India. 1,152 Chinese have also been introduced.

In 1871 the system of permitting immigrants returning to India to make remittances by Government bills was inaugurated, and since then 11,709 men, women and children have returned, taking bills to the amount of £130,769.

Under the Immigration Laws any person wishing to employ indentured immigrants is required to pay (as at present fixed) to the Immigration Fund in respect of each immigrant—(a) £18 16s. 9d. in cash on allotment; or (b) £2 in cash; £2 2s. at the end of one year, and £4 2s. at the end of two, three, four and five years, equal to a total of £20 10s. by deferred payments;

and any person employing immigrants who have completed their indentures but have not resided for 10 years in the colony, must pay, also into the Immigration Fund, £2 10s. per annum or 1s. per week for each immigrant employed.

The estimated East Indian population on 31st December, 1921, was:

|  |        |
|--|--------|
| Number serving under indenture                             | —      |
| Number who have completed residence of 10 years and others | 18,219 |
| Total  | 18,219 |

## GOVERNMENT PRINTING OFFICE.

(Duke Street.)

THE Government Printing Office was established in October, 1879. The whole of the Legislative and Departmental printing is performed by this department as well as a large amount of work for the Parochial authorities. The Government Printing Office also imports and distributes the stationery for all public departments.

■ The Office is situated in Duke Street, Kingston and conveniently adjoins the Legislative Council Chamber and Office.

The buildings include the Monotype room, Machine and Press room, the Composing rooms, Bindery, Warehouse, Stereo foundry, Type Store, Photo Process room, and offices.

## BOARD OF SUPERVISION.

By Law 15 of 1881 certain powers were vested in the Governor in questions of poor relief, but it had not been found practicable to carry out any real supervision under that law, even when the Parochial Boards were nominated by the Governor, and this difficulty was increased when Boards came to be elected, while various circumstances led to the conviction that it was essential to have some central authority to lay down and enforce general principles of poor relief and to interpose when there was neglect.

These requirements were provided by Law 6 of 1886, which vests all matters relating to the poor in a Board of Supervision, consisting of nine members appointed by the Governor. The Board, in so far as its authority goes, is analogous to the Local Government Boards in England, Scotland and Ireland. These latter Boards control the administration of other acts than those of the relief of the poor, notably those relating to the public health, besides many others which it is not necessary to enumerate here.

‡ With travelling allowance on the official scale.

There was considerable opposition to the local law while it was in progress through the Legislature, chiefly from the Parochial Boards, some of which transmitted petitions against it to the Secretary of State for the Colonies, while on the other hand other Parochial Boards petitioned in favour of the law.

The then Secretary of State (Earl Granville) answered in detail the objections urged against the law and stated that he thought it was "likely to prove a very useful measure," and that he was "unable to agree in the opinion of the petitioners that supervision and control over the Local Bodies entrusted with the administration of poor relief is unnecessary," and that there did not "appear to be reasonable ground for complaint that the system of supervision by a Central Board, established by this Law, had been substituted for the much greater power of interference vested in the Governor by the previously existing law." Both the Secretary of State and the Governor expressed the hope that the law would be accepted by the community in a spirit of loyalty and that the various Parochial Boards would continue to conduct that important branch of their duty which embraces poor relief with zeal and good will. With reference to this it may be remarked that the Board of Supervision in its first annual report stated that "it only remains for us to add with gratification, that with very few exceptions the Parochial Boards of the island have accepted the provisions of the law and have joined with more or less cordiality in working with the Board of Supervision under it, realizing no doubt that the interests and aims both of the Parochial Boards and the Board of Supervision are not antagonistic." The Governor also in his report on the Blue Book of the colony for the year 1886-87 addressed to the Secretary of State for the Colonies, stated that in their first annual report the Board of Supervision, gave "evidence of the good service of organization upon which they have been engaged" and that the opposition to the constitution of this Body had died away in the face of experience of the Board's working, "greatly owing to the tact and good reason which have characterized the proceedings of the Board."

The general duties of the Board of Supervision are thus described in the 10th Section of Law 6 of 1886:—

"It shall be lawful for the Board of Supervision to examine into the manner in which poor relief is administered in the several parishes, and in cases where it shall appear to the Board that the arrangements in any parish are defective, to require the Parochial Board of such parish to remedy such defect, to audit the accounts and books of the Parochial Boards in so far as these relate to the relief of the poor, to investigate and determine all charges of misconduct against the Inspectors of the Poor, Masters of Poor Houses, Medical or other officers who may be appointed by the Parochial Boards, and to investigate and report to the Governor any charge preferred against a District Medical Officer, such charge having been brought to its notice in writing and duly authenticated, to settle any question of difference arising between two or more Parochial Boards or the officials of such Boards: to hear and decide appeals from poor persons who have been refused relief, or who may consider the relief afforded them inadequate, and generally it shall be the duty of the Board of Supervision to see the law effectually administered, by the several Parochial Boards, without injustice to the persons entitled to relief on the one hand and with due regard to the interest of the taxpayers on the other, and so far as may be to secure unity of system in its practical administration throughout the island."

The total number of paupers on the 31st December, 1921 was 7,713. Increases occurred in the parishes of Clarendon and St. Catherine.

The percentage of paupers to the population was highest in the parish of Kingston viz., 2.2, and lowest in the parish of St. Mary, viz., 0.5, while the average for the island was 0.9.

The total cost of inspection of the poor in the various parishes allowed by the Board of Supervision on the 31st December 1921, was £3,536, the area to be inspected 1,207 square miles, the estimated population 862,625, the out-door poor 6,224, the in-door poor 1,489 making a total of 7,713. The total cost of the relief of the poor in 1921 was £98,090

THE INSTITUTE OF JAMAICA.

(FOR THE ENCOURAGEMENT OF LITERATURE, SCIENCE AND ART.)

(*East Street.*)

THE Library is open daily from 9 a.m. till 9 p.m. The public reading room is in the centre of the ground floor with the books arranged on either side. Upstairs are the members' room, the West India Reference Library, and a Lecture Hall, in which are hung portraits and pictures forming the Jamaica History Gallery, open from 9 a.m. to 5 p.m. The Museum is open daily from 9 a.m. till 5 p.m.

HISTORY.—One of the earliest of the important scientific societies in the island was the Royal Agricultural Society of Jamaica, which was founded as the General Agricultural Society of Jamaica in 1843 during the governorship of the Earl of Elgin, although there had existed from time to time, since 1807, various local agricultural societies in certain of the parishes and in 1830 the Jamaica Society had taken steps towards founding a natural history museum in Kingston. Eleven years later, 1854, during the administration of Sir Henry Barkly, the Royal Society of Arts was established, under the patronage of Queen Victoria and the Prince Consort. In the year 1864, these two associations were amalgamated, by the passing of Act 27. Vic., chap. 22, with a view "to the augmentation of the sources of public industry and the extension of the arts and manufactures of the colony," and became the Royal Society of Arts and Agriculture, of which the Governor for the time being was President. In 1873, owing partly to the fact that the annual grant of £150 was not sufficient for its needs and partly to the fact that voluntary subscription had failed, the Society was wound up. The articles in the museum were handed over to the Government and were, with the Sawkins and Brown collection of minerals illustrative of the geology of the island, placed under the care of the Island Chemist in Date Tree Hall (where a Public Library was opened in 1874), and they now form part of the Museum of the Institute.

The Institute of Jamaica was constituted during the governorship of Sir Anthony Murgave by Law 22 of 1879, which created a Board of Governors consisting of seven members, (increased in 1889 to eleven and in 1908 to twelve) appointed by the Governor, their duties being to establish and maintain an institution comprising a library, reading room and museum to provide for the reading of papers, the delivery of lectures, and the holding of examinations on subjects connected with literature, science and art to award premiums for the application of scientific and artistic methods to local industries and to provide for the holding of exhibitions illustrative of the industries of Jamaica. Members of the Board held office for four years and any casual or recurring vacancy is filled by the person or persons appointing. The vote is at present £2,269. The law above mentioned transferred to the Institute the libraries of the House of Assembly and the old Legislative Council, both of which had ceased to exist in the year 1866, and the museum of the Royal Society of Arts and Agriculture, together with the building in East Street, Kingston, known as Date Tree Hall.

By the earthquake of 1907, the Museum was wrecked, the Library building seriously damaged, and the Art Gallery rendered unsafe. The new Institute, built on the old site, of reinforced brick and concrete, from designs by Mr. A. E. Herschel, was completed in November, 1911, and the Library and Museum objects were at once removed back from 133 Orange Street, which had been their temporary home for upwards of four years, to East Street, the new Institute being opened on the 6th January, 1912.

LIBRARY.—The books, newspapers and maps on Jamaica and books on the West Indies form a special feature in the Library. In addition to the volumes of scientific, historic and general literature, there is a collection of popular works, whilst the quarterly and other leading reviews and periodicals of the day are regularly obtained from Europe and America.

There are 21,826 volumes catalogued in the Library, made up as follows:—

*In the General Library.*—West Indian, 421 Theology and Ecclesiastical Hist. ory, 463 Philosophy, 40; History, 2,118; Biography, 1,658; Travel 869; Laws, Politics, Sociology, 601; Education, 545; Art, 653; Science and Natural History, 1,861; Poetry and the Drama, 591; Linguistics and Philology, 99; Prose Fiction, 2,860; Miscellaneous, 988; Dictionaries and works of Reference, 760; Reports of Societies, 917; Juvenile, 348; with a total of 16,155.

*In the West India Reference Library.*—Jamaica Books and pamphlets, 2,393; Jamaica Newspapers, 565; West Indies (excluding Jamaica) 2,506; West Africa 213 with a total of 5,677.

MUSEUM.—The collections aim at representing as completely as possible the fauna and

flora of the island, along with its geology and anthropology. The Mammals are represented by various species of bats, the Jamaica Coney (*Capromys brachyurus*, Hill), the Manatee, Mongoose, etc. The collection of native Birds is nearly complete, and has, in addition, a series of migrants obtained from America. The Snakes, Lizards, Chelonians, the Crocodile, and the Amphibians of the colony are nearly all represented. The series of Fishes, does not contain all the species known from the surrounding seas. Of the Invertebrates, many Insects, Decapod Crustaceans, Scorpions, Arachnida, and Myriapods are shown, but much yet requires to be done upon these groups. The land Mollusca abundant in the island, are partly exemplified. The Echinodermata—star fishes, sea urchins, sea cucumbers—are illustrated, and the Coelenterates—sea anemones, corals, sea-fans are represented but these suffered from the earthquake. Conchology is well represented by the valuable Vendryes collection of the Land and Fresh water Shells of Jamaica. A Herbarium contains examples of many of the dicotyledons, orchids, grasses, sedges and ferns of Jamaica, and is often consulted by amateur collectors for the purpose of naming specimens. Collections of the economic woods of the island cut and polished serve for purposes of reference, and there is a collection of water-colour drawings of Jamaica plants.

The mineralogical and palæontological specimens include the collections formed by the Officers of the Geological Survey during the years 1860 to 1866. Tertiary and Cretaceous fossils are represented, but the older formations are almost entirely wanting in Jamaica. The series is so arranged as to show what is obtained from each district in the island, while maps, illustrating the geology of the several parishes, are available for reference. A map of Jamaica, modelled in relief, shows the confirmation of the surface of the island.

The objects connected with the Arawaks the aboriginal Indian inhabitants include a large series of stone implements, mostly petaloid in shape all carefully finished, and some highly polished others are wedge or chisel shaped, while a few are made of shell. From the numerous kitchen middens or refuse heaps are shown collections of perforated shells, broken pottery, fish, coney and crab-bones, beads and ashes. The relics from caves, consists of human skulls and bones, and the more perfect examples of Indian pottery. Photographs of various rock carvings are on view and several examples of aboriginal images. Slavery relics, include an iron cage gibbet in which criminals were hung to die of starvation. Many of the cases have the specimens arranged and described specially for educational purposes.

In the grounds is a small Vivarium containing, a pelican, various doves, an iguana lizard, mongoose, conies and land turtle.

**HISTORY GALLERY**—The Jamaica History Gallery contains Portraits of Jamaica Governors and other persons celebrated in the history of the island (to the number of 235); and paintings and engravings (including a series of Jamaica scenery in oils by Lady Barkley and Pine's oil painting of "Rodney on board the Formidable" and two water colour drawings by Pocock and a series of engravings illustrative of Rodney's victory over De Grasse and the subsequent fate of some of the fleet) and autographs, coins, medals and other works of art, as well as the Spanish bell of the old church of Port Royal, submerged during the earthquake of 1692, the papers found in a Shark's maw, which led to the condemnation of the Brig "Nancy" at Kingston in 1799 and the two silver gilt maces, formerly used on state occasions, one of which was erroneously supposed to be the "Bauble" removed from the House of Commons by order of Cromwell. A carved tortoise shell comb and case of the year 1671, recently acquired, the earliest known specimen of Art workmanship made in Jamaica.

In the Vestibule downstairs is a small War Memorial Collection.

**MEMBERSHIP**—Honorary members, who are subject to no charge, may be elected to the number of twenty, from men distinguished in literature, science or art or for special services rendered to the Institute. Corresponding members, who are exempt from payment of subscriptions, consist of persons residing outside Jamaica or, under exceptional circumstances, of residents, who can be helpful by correspondence or otherwise in promoting the objects of the Institute. Subscribing members, the number being unlimited, are nominated and elected at the monthly meetings of the Board of Governors; ordinary subscribing members pay an annual subscription of five shillings and life members a single payment of two guineas.

By Law 3 of 1909 the members of the Kingston Athenæum and other similar institutions in other parts of the island are entitled to be admitted as members of the Institute of Jamaica for each current year, without subscription, on their applying to the Secretary

and satisfying him that they have paid their subscription to their respective institutions: Members of the Kingston Athenæum, the Kingston Young Men's Guild, the St. Ann Athenæum, the Library of the Trelawny Citizens Association, the Vere Young Men's Association, the Kingston Teachers Association, the Santa Cruz Literary Association, the Wolmer's Old Boy's Association, The Hampton Old Girls Association, the Wolmer's Old Girls Association, the Mandeville Ladies Club, the Technical and Continuation School, Kingston, the Black River Young Men's Social and Literary Club, the Stony Hill Branch of the Agricultural Society, the Spaldings Literary and Social Club, the St. Thomas Subscription Library, the Frankfield Shakespearean Club, the East Queen Street Baptist Temperance and Literary Society, the Claremont Social Club, the Liguanea Agricultural Society, the Titchfield Girls' Club, Portland Subscription Library, Grand Cayman Public Library, Young Men's Christian Association, Mico Old Students Association, Montego Bay Self Help Home, The Jamtoco Library, The Rialto Club, The Vere Readers Club have taken advantage of the law. There is in addition a Free Lending Department for borrowers who make a deposit or support their application with a guarantee.

Members have the right of borrowing books and periodicals, and the use of the special reading room referred to above. Members residing outside Jamaica pay hall fees.

Books are sent free by post to and from the Institute.

Subscribers to the Library deposit £1 and pay, for three months, two shillings, for the right to borrow two books and one magazine.

In November, 1922, there were 10 honorary members, 29 complimentary members, 20 corresponding members, 552 subscribing members and 1,015 free members enrolled under Law 3 of 1909, making a total of 1,626 with 7 subscribers to the Library and 566 borrowers (133 adults, 433 juniors) in the Free Lending Department, making a grand total of 2,199.

**BRANCHES**—With a view to enabling those at a distance to participate in the use of the Library, boxes of books are lent at a charge of £1 5s. per 100 volumes per annum to local societies, at Montego Bay (2), Bath Corporation, Portland Subscription Library, Wolmer's Girls' School, Wolmer's Boys' School, the St. Thomas Subscription Library, the Stony Hill Branch of the Agricultural Society, the Clarendon Subscription Library, Calabar High School, Diocesan High School, Brown's Town Westwood High School, in addition to boxes sent to affiliated societies—1,200 volumes in all.

**TEACHERS LIBRARY**—Twenty-six sets of 25 books each, 650 volumes in all, form the nucleus of a Teachers Library, the works in which are in circulation amongst Elementary School Teachers Associations—at Frankfield, Central Cornwall, Port Antonio, St. George's East Portland, Chapelton, North-west Manchester, North Manchester, Falmouth, Upper Trelawny, Claremont, Bath, Mountainside, West Manchester, Blue Mountain Valley, Montego Bay, Springfield, South Eastern St. Thomas, North West St. Catherine, Dry Harbour Mountains, Cave Valley.

**LECTURES**—Various Lectures are given from time to time at the Institute.

**PUBLICATIONS**—In November, 1891, was published the first number of a journal of the Institute, devoted to those objects which the Institute was founded to promote and containing notices of Transactions of the Institute dealing with Literature, Science and Art, and miscellaneous subject cognate thereto. Fourteen numbers (making two volumes) were issued but in view of the curtailment of the grant to the Institute the issue had to be suspended. The first of a series of "Annals" dealt with the Decapod Crustacea of Jamaica, by Miss Rathbun of the Smithsonian Institution.

Other publications of the Institute are "On the Geology of Jamaica" and "On Mining in Jamaica," by the Rev. H. Scotland (1890). "The economic Geology of Jamaica," by F. C. Nicholas (1899). "The Mineral Springs of Jamaica," by J. C. Philippo, M.D. (1891). "The Rainfall Atlas of Jamaica," by Maxwell Hall, M.A. (1892). "The Meteorology of Jamaica," by Maxwell Hall (1904). "The Mosquitoes or Culicidae of Jamaica," by F. V. Theobald, M.A., and M. Grabham, M.A. (1905). "Systematic Catalogue of the Land and Fresh Water Shells of Jamaica," by Henry Vendryes (1899); and a Supplement (1915); "Bibliotheca Jamaicensis;" "Some Account of the principal books on Jamaica in the Library of the Institute" (1895); "Studies in Jamaica History" (1900), *Bibliographia Jamaicensis*: a list of Jamaica books and pamphlets, magazine articles, newspapers and maps, most of which are in the Library of the Institute" (1902); a "Supplement" to it (1908); "Bibliography of the West Indies excluding Jamaica" 1909; "Biographical Annals of Jamaica," 1904, and "Jamaica Place Names;" (1909); "Some Notes on the History of Secondary Education in Jamaica" (1911); "Catalogue of the Portraits in the Jamaica History Gallery" (1914); "Historic Jamaica" (1915); "Jamaica in 1922" all by

the Secretary; and "Jamaica under the Spaniards," 1920, by the Secretary and Mr. J. L. Pietersz.

**MEMBERS' MEETINGS.**—On the 4th of November, 1891, there was held the first of a series of Members Meetings. At these, papers are read on matters connected with Literature, Science and Art.

**ARTS AND CRAFTS.**—In June, 1897, the Institute held Competitions in Literature, Science, Arts and Crafts, and awarded two bronze (Musgrave) medals in addition to numerous other prizes consisting of books, works of art and money; and since 1902, these competitions have been—with few exceptions—held yearly.

**KINDRED SOCIETIES.**—The holding of the Cambridge Local Examinations in Jamaica was instituted by the Governors of the Institute during the year 1882-1887, the examinations were held under their auspices, and from 1904 to 1918 the Secretary of the Institute was Honorary Secretary to the Local General Committee. In 1907 he accepted the position of Honorary Representative in Jamaica of the Associated Board of the Royal Academy of Music and the Royal College of Music, the Examinations of which Board are held in the island yearly.

Premiums are given in connection with the Arts and Crafts Exhibitions and the Music Examination of the Associated Board.

**INTERNATIONAL EXHIBITIONS.**—Jamaica has from time to time taken part in International Exhibitions, not infrequently through the instrumentality of the Institute—Paris, 1855; London, 1862; Amsterdam, 1883; London (Fisheries), 1883; New Orleans, 1885; London (Colonial and Indian), 1886; Chicago, 1893, Buffalo, 1901, Crystal Palace (Colonial and Indian), 1905. The Institute is represented on the Permanent Exhibitions Committee by Mr. H. G. DeLisser and the Secretary.

#### RULES FOR ADMISSION TO THE CIVIL SERVICE OF JAMAICA.

WHEREAS it is deemed expedient to alter the Rules under which persons are admitted to the Civil Service of Jamaica, I, the Governor in Privy Council, do hereby order that the Rules made by the order of the Governor of Jamaica in Privy Council and dated the 11th day of May, 1905, for admission to the said Civil Service, shall be and the same are hereby superseded.

1. To fill such vacancies as may occur in the Offices of the Public Service the Governor may employ young men who shall be known as "Assistants" and who shall not be on the permanent Establishment of the Civil Service.

2. An Assistant will be paid salary at the rate of eight pounds six shillings and eight pence per mensem for the first year and will be granted after 12 months efficient service and good conduct (as to which the Head of the Department in which the Assistant serves shall certify) an increase of £1 5s. 0d. to his monthly salary, and after each period of 12 months service a further increase of £1 5s. 0d. per month, until the salary of such Assistant reach £13 6s. 8d. per month.

3. No one shall be admitted to the Public Service as an Assistant who is under 16 or over 25 years of age: Provided nevertheless that the Governor shall have power to make an exception in any case in which he considers special circumstances justify him in doing so.

4. An Assistant shall be liable to have his services dispensed with at a month's notice, which notice may be given at any time, by the Head of the Department, with the approval of the Governor. In the case of misconduct, he shall be liable to dismissal by the Governor without notice, or to such other and less punishment as the Governor may think fit to order.

5. Subject to the requirements of the Public Service, an Assistant may be granted 4 weeks vacation leave of absence in a year, or not more than 8 weeks leave of absence during and in respect of any two years. He may be granted the same departmental leave and sick leave as are allowed under the local regulations governing the same to officers on the Civil Establishment.

6. As a rule vacancies in the subordinate offices of the permanent offices of the Civil Establishment will be filled by selection from among the Assistants, and while seniority will always be taken into account, it is to be distinctly understood that regard will chiefly be had to superior merit and official qualifications.

7. In addition to Assistants, it shall be in the discretion of the Governor to appoint temporary Officers in any Office or Department as circumstances may require and with such remuneration as His Excellency may see fit.

8. The following are the Rules for the selection of "Assistants."

I. Every candidate will be required to show attainment of a certain educational standard. This standard shall be either

- (a) The certificate of the Cambridge Senior Local Examination, or
- (b) An educational record of equal value in the opinion of the Governor

II. Each candidate shall obtain a recommendation from either

- (a) a Head of a Department of the Public Service, or
- (b) the Custos of the Parish in which the candidate resides, or
- (c) a Member of the Legislative Council.

and such recommendation shall be in the form of a certificate that the candidate is, in the opinion of the person certifying, a fit and proper person for admission to the Civil Service of Jamaica, and the certificate shall also contain a brief statement by the person certifying of the particulars known to him concerning the antecedents and character of the candidate.

III. Candidates may make their application at any time and will be notified when their names are entered in the List of approved candidates. They are expected to inform the Colonial Secretary if at any time during the year for which their names have been entered they cease to be candidates for appointment. The List will be made up annually on the 1st April in each year, and only those will be re-entered as candidates who renew their application to the Colonial Secretary before that date.

IV. On a satisfactory compliance with the requirements of Rules I and II the Governor shall cause the candidate's name to be placed on the list of persons from whom Assistants are to be selected, such list to be kept by the Colonial Secretary.

V. When an Assistantship becomes vacant the selection of the person to be recommended to the Governor for appointment to fill the vacancy shall be entrusted to a Public Service Selection Committee to be appointed by the Governor.

VI. Such Public Service Selection Committee shall consist of the following:—

- (a) As permanent members, the Colonial Secretary (Chairman), and two other persons to be appointed by the Governor, to whom shall be added on each occasion as a temporary member.
- (b) the Head of Department in which there is the vacancy, or, if he is already on the Committee, some other person.

For the purposes of this last provision the Attorney General shall be regarded as the Head of the Offices of the Resident Magistrate's Courts.

VII. The permanent Selection Committee shall at some time interview each approved candidate and on the occasion of a vacancy the full Committee specified shall consider the following points in respect of each candidate, viz.:—

- (a) his educational record
  - (b) his general fitness.
  - (c) any previous service he may have in a Government Department or in outside employment, and
  - (d) any reports they may choose to call for, e.g., from the Head Master of a candidate's school or from any referees named by the candidate
- and shall then submit to the Governor the name of the candidate whom they recommend for appointment.

The Selection Committee may, if they think it necessary, test the educational qualifications of candidates by special examination.

VIII. The Governor will usually appoint the candidate so recommended, but it shall be open to His Excellency for any cause which may seem to him fit to abstain from so doing and to ask the Committee for another recommendation.

9. These Rules shall come into force on the 1st April, 1911.

Approved by the Governor in Privy Council, 4th January, 1911.

### SECURITY OF PUBLIC OFFICERS.

The following are the ways in which Public Officers can give security for their fidelity in office, as laid down in Law 45 of 1872 and Law 2 of 1893.

1. By personal bond and deposit with the Treasurer, to the extent required, of Jamaica Government debentures, or debentures of any public commission by law established in Jamaica, duly endorsed in favour of the Treasurer, or by personal bond and lodgment in the Government Savings Bank to such extent, in the name of the Treasurer.

2. By personal bond and the guarantee of any association of civil servants of the Crown in Jamaica for purposes of mutual guarantee; whereof the business is conducted according to the rules that shall be approved by the Governor in Privy Council, as may be notified from time to time in the "Jamaica Gazette." (*See previous article.*)

3. By personal bond and the guarantee of any public company or association, provided such company or association has been approved of by the Governor in Privy Council as a company or association whose guarantee may be taken.

Under Law 14 of 1905 every person in public employment who is required to give pecuniary security for the due discharge in any respect of the duties of his office, but who is not entitled to give such security through the guarantee of the Jamaica Civil Service Mutual Guarantee Association, may give such security by his own personal bond and the bond or bonds of one or more sureties; provided, such surety or sureties are approved by the Auditor General.

### OFFICIAL CORRESPONDENCE.

Persons in the colony, whether public functionaries or private individuals, who have any representations to make to Government should address them to the Governor of the colony through the Colonial Secretary. The following are the Local orders on the subject:

The Captain-General and Governor-in-Chief requests that all persons having occasion to address His Excellency, or the different Departments of the Government, will do so on foolscap, or large paper, and in official terms.

The practice of writing applications or communications on sheets of note paper, and in the form of private notes, is very inconvenient and contrary to official usage.

His Excellency also requests that persons will sign their names in distinct characters as much of his time is lost in endeavouring to decipher illegible signatures.

The attention of the Governor having been called to the great number of petitions addressed to His Excellency on matters in which he cannot interfere, and to the prevalent practice of affixing to petitions marks purporting to be those of the persons whose names are attached thereto, but unaccompanied by any authentication, and also to the fact in some instances, that the names of persons have been subscribed to petitions without their knowledge, or that the petitioners have subsequently represented that their case has been misstated in their petitions. His Excellency has been pleased to direct it to be notified for the information of those concerned, that in future no attention will as a rule, be paid to any petition treating of a purely private matter, or of a question which either is in course of settlement or has been settled by a court of law, and no petition will be entitled to consideration which does not conform to the following rules as respects the signatures:—

1. The marks of persons unable to write their own names must be attested by the signature of some person of position, or of respectable character, as witness to the fact of such marks having been made in his or her presence, and that the person or persons was or were fully aware of the facts and objects of the documents to which the marks are so appended.

2. In the case of the names of persons being written for them in their absence, the name and abode of the persons assuming the power of attaching such signatures must be written at full length, and in the handwriting of such persons.

Ministers of Religion, Schoolmasters, and others who are brought in communication with the humbler classes of petitioners are requested, when opportunity offers, to explain this requirement.

Petitions having been in many instances addressed in an informal manner to the Governor and to the Governor in Council, it is hereby notified, for general information, that petitions can be conveniently addressed to His Excellency on all matters requiring Executive action on the part of the Government; and that it will facilitate the consideration of such petitions if they are enclosed to the Colonial Secretary in the first instance for submission to His Excellency.

2. Petitions to the Governor and Legislative Council may be sent by bodies or by individuals to the Clerk of the Council, or they may be presented by any member of the Council when the Council is in session, as required by the rules.

The Governor requests that all petitions and letters to His Excellency on questions of an official character, or requiring official action, may be addressed to the Colonial Secretary instead of being addressed to the Governor direct.

### TRAVELLING ALLOWANCES TO PUBLIC OFFICERS.

THE following re-imbursements will be allowed to Public Officers who travel on duty on account of their travelling expenditure under the condition stated:—

(1) The amount actually and reasonably disbursed by a Public Officer for hire of transport when travelling on duty, will be repaid to him, on an account to be certified by him and supported by Vouchers where practicable. All expenditure for which it is not possible to produce Vouchers must be certified by the Officer concerned.

(2) (a) Officers using their own vehicles and horses for driving instead of travelling by Public conveyance will receive twenty shillings for each day or part thereof actually spent in travelling on duty.

(b) Officers riding their own horses, ten shillings for each day or part of day so spent.

(c) Officers using their own motor cars instead of travelling on duty by public conveyance will receive an allowance of one shilling per mile.

(d) Officers using their own motor cycles when travelling on duty will receive an allowance of fourpence per mile.

(e) Officers using their own ordinary bicycles when travelling on duty for long distances outside the limits of Kingston will receive an allowance of threepence per mile.

(f) An Officer conveying in his own Motor Cycle with side-car attached, another Government Officer travelling on duty will receive an allowance of fourpence a mile in respect of such Officer so conveyed.

(g) A Government Officer will be granted an allowance at the rate of two pence per mile below 75 lbs., and of fourpence per mile for weights above that amount for the conveyance on service of his instruments and baggage by his own Motor Cycle with side-car attached.

(3) In addition to any of the re-imbursements provided for in the foregoing paragraph, daily allowance to cover all personal expenses on the following scale will be payable:—

|  |        |
|--|--------|
| To Heads of Departments and Officers drawing salaries of £600 a year and upwards | £1 1 0 |
| To other Public Officers   | 0 17 6 |

(4) In cases in which the duty involved permits of the Officer returning to his home or Office on the same day, only actual expenses disbursed will be allowed.

When an Officer has been travelling for more than one day, he will not be paid any personal allowance for the day on which he returns to his Office or home beyond the refund of expenses actually incurred.

Donations to servants are not to be included in claims for refund of out-of-pocket expenses.

All claims must be accompanied by a daily itinerary of the route travelled.

(5) The following Officers are excepted from the operation of the above rules:—

- (a) Resident Magistrates and other Officers of the Court who received fixed amounts allowance or rates.
- (b) Heads of Department receive a fixed travelling allowance.
- (c) Inspectors of Schools.
- (d) Inspectors of Constabulary.
- (e) Superintendents of Public Works.

## RULES GOVERNING ALLOWANCES TO PUBLIC OFFICERS ON REMOVAL.

Public Officers shall be entitled to the following removal allowances only when removal is required through the exigencies of the service or on promotion.

Allowances for removal on request will only be granted in very special circumstances, subject to the approval of the Government.

In no case shall any Officer removed under censure be entitled to removal allowances.

A whole time Officer in receipt of salary of £200 and upwards shall be entitled to Transportation charges, by Steamer, Coach, Buggy or Motor Car, for himself and family. Family means wife and children up to four in number including the officer himself. Baggage not exceeding four tons will be allowed for. The term baggage includes furniture.

An Officer in receipt of salary less than £200 per annum will be allowed transportation charges for himself and family, as in the case of Officers referred to above, with the exception that he will only be allowed two tons for baggage.

Subsistence allowance of £1 per diem will be granted when the journey occupies more than six hours from station to station.

All claims for removal expenses must be supported by vouchers except in the instance of subsistence allowance and Officers will be required to take the shortest practicable route to their destination, taking advantage of the Railway wherever possible.

If an Officer's family does not accompany him on his transfer the expenses of their removal subsequently will only be allowed if his family follows him within six months.

Approved by the Governor in Privy Council on the 10th February, 1920.

## REGULATIONS AS TO LEAVE OF ABSENCE.

(Extracts from Colonial Office List.)

84. Subject to the necessities of the service leave of absence on half pay may be granted without any special grounds after six years' resident service from first appointment in the colony. It may be given after a less duration of service in cases of serious indisposition, or of urgent private affairs, if the Governor is satisfied that the indulgence is indispensable. In cases of serious indisposition the state of the Officer's health must be certified by his medical attendant, or, if required by the Governor, by a medical board. In cases of urgent private affairs, the nature of such urgent affairs must be stated confidentially to the Governor.

85. In the absence of special grounds half pay leave must not exceed one-sixth of the Officer's resident service in the Colony. On special grounds it may exceed that period by six months.

86. Half-pay leave is primarily intended to enable an officer to recruit his health by change of climate, and it must not be granted to be spent in the Colony except in special circumstances.

87. The Governor may not in any case grant more than twelve months' half-pay leave, but may report to the Secretary of State the period for which the leave may be extended without injury to the public service. The Officer seeking an extension must apply to the Secretary of State in sufficient time, if practicable, to allow of reference to the Colony. Leave will not be extended as a matter of course nor unless public convenience permits.

88. When an officer receives in addition to the salary of his appointment an allowance granted to himself personally and not permanently attached to his office, he may, when absent on half-pay leave, draw only half of such personal allowance, the remaining moiety being left undrawn and lapsing to the Colonial Treasury. The undrawn moiety of the increments of salary of the absent officer will similarly lapse.

89. Governors will report to the Secretary of State each case in which leave of absence

has been granted, transmitting a certificate in the form given in Appendix 3. The officer proceeding on leave will be furnished with a duplicate of the certificate to enable him to draw his salary. A third copy of the certificate will be sent direct to the Crown Agents for the Colonies when the officer's salary is to be paid through them, with instructions to issue the salary accordingly as it becomes due.

90. In special cases where an officer has served in one Colony for some years with little or no leave immediately preceding his transfer to another Colony, the Governor of the latter Colony may, as an act of grace, recommend him for special leave in respect of his service in the former Colony, such recommendation being accompanied by any necessary particulars of former service and of the last leave taken in respect thereof. The amount of leave which should be shown on his leave certificate as his proper claim should be calculated according to the length of service in the Colony in which he is serving.

91. When an officer is entitled to half-pay leave no private arrangement made with the object of securing to him more than half-pay will be allowed.

92. An officer on leave may receive so much of any allowance for house rent as may not be required to cover special expenses for housing accommodation incurred by the acting officer, the amount so allowed being reported on the leave certificate.

93. No part of any horse or travelling allowance and no fees will be paid to an officer on leave.

94. On arriving in this country (England) the officer on leave will report his arrival by letter to the Colonial Office, mentioning his address and he will similarly notify any subsequent change of address. Treasurers and auditors of colonies whose accounts are subject to audit in this country should also send their addresses to the Director of Colonial Audit.

95. Except in very special cases, as of unbroken official residence in the same Colony for fifteen years, no extensions will exceed six months at a time nor will any officer on leave be allowed to receive half salary continuously for more than the following periods in respect of the following Colonies:—

|  |           |
|--|-----------|
| Mediterranean Colonies                                     | 9 months. |
| West Indies, Bermuda, St. Helena and Falkland Islands      | 18 "      |
| Mauritius, Ceylon, Hong Kong, Straits Settlements and Fiji | 21 "      |

96. The foregoing regulations do not apply to vacation leave not exceeding, in the case of ordinary civil officers, three calendar months during and in respect of any two consecutive years' service. It is not necessary that any specific period should elapse between two successive grants of vacation leave; but an officer will not be granted his full three months at the beginning of a biennial period without some special reason.

97. In the case of judicial or educational officers, such vacation leave may extend to, but must not exceed the ordinary vacations of the Court or institution to which they belong; and they may generally when absent on half-pay leave, receive full pay during any ordinary vacation of such court or institution which may occur during the period of their leave of absence. In Colonies where there is not ordinary vacation of the court or no vacation exceeding one month at one time, a judicial officer may have the leave allowed to ordinary Civil Officers.

98. Vacation leave need not be reported to the Secretary of State unless the officer intends to visit the United Kingdom, in which case his departure must be reported as required when half-pay leave is granted. There is no abatement of salary during vacation leave; but the leave must be duly recorded and arrangements must have been made and approved by the Governor, for the adequate discharge of the officer's duties without cost to the public, except in very special circumstances.

99. Short periods of absence from duty owing to sickness are allowed on full pay, in accordance with the local rules of each Colony, without affecting vacation leave. (In Jamaica for 28 days in periods not exceeding 10 days.)

100. An officer applying for leave with the intention of retiring must only receive such term of leave as will allow time for a decision upon his application for retirement; and the Governor giving leave under such circumstances will report the matter to the Secretary of State. An officer's salary will in such case cease and his pension commence when his retirement is sanctioned.

101. If an officer retires during his leave of absence without having originally given notice of his desire to do so, the date at which his half-salary is to cease will be determined according to the circumstances of the case.

102. Leave will count from the date of relinquishment to that of resumption of duty. In Jamaica a Head of Department is allowed to take and give to members of his staff

leave of absence not exceeding six days at a time or a fortnight in a year (conditionally on reporting the same to Government) without such leave interfering with the regular full pay vacation leave referred to in the above regulations; a Resident Magistrate may give himself short departmental leave or take it on informing the Government 24 hours before he intends to leave.

Copyists, Clerical Assistants, Typists and Stenographers, permanently employed in the public service may be allowed a total period of 4 weeks leave of absence on full pay during any one year. Such persons may accumulate their yearly leave, so that in respect of any period of two years they may obtain a total absence on full pay leave of eight weeks. C.S.O. Circular 11,054—18.7.13.

### RETIREMENT ON ACCOUNT OF AGE.

THE following instructions were issued by circular to Heads of Departments and by advertisement in the Jamaica Gazette, January 22nd, 1914.

I am directed by the Governor to inform you that he has had under consideration the question of regulating the retirement of public officers on the ground of age and has decided to adopt the system in force in the Civil Service of the United Kingdom. The general principles governing this system have hitherto been acted on here but they have not been promulgated by Circular.

2. Under Section 10 of Law 24 of 1904 it is competent for the Governor in Privy Council to require any Public Officer to retire from the Public Service of the Colony at any time after he attains the age of 60 years.

Similarly any Public Officer at that age may claim to be allowed to retire from the Public Service.

Officers whose services are not considered to be of sufficient utility to warrant their continuance in Office will at the age mentioned be required to make way for others showing greater capacity or energy.

Officers of approved merit will continue to hold office unless the exigencies of the Service should necessitate their superannuation.

3. Retirement shall be compulsory for every officer on attaining 65 years of age. But in special cases the Governor may extend an Officer's employment for a further period, not exceeding five years, on being satisfied that such Officer's retirement at 65 would be detrimental to the interests of the Public Service.

The main grounds on which it is considered that the retirement of an officer at 65 might be detrimental to the interests of the Public Service are:—

- (1) When the number of Officers in a Department above the prescribed age is such that their simultaneous removal would cause grave inconvenience.
- (2) When an Officer possesses peculiar qualifications which are essential to the performance of the duties of his office and which it would be difficult to replace by a fresh appointment.
- (5) Where an Officer has been entrusted with the execution of a particular duty which is approaching completion and it is found that the transfer of the work to another Officer who is necessarily less familiar with it would be attended with inconvenience.

## INCOME TAX DEPARTMENT.

THE first Income Tax Law (No. 24 of 1919) introduced into this Island received the assent of the Governor on 20th June, 1919.

The introduction of an Income Tax into Jamaica marked a definite turning point in its fiscal system, and the Governor aptly described the new impost as a "very great financial engine."

Under this Law—subject to certain specified exemptions—all persons (including corporate bodies) in receipt of incomes in excess of £100 for the preceding year, were brought within the purview of the tax. Duty on such incomes is imposed on a graduated scale commencing with 2½d. in the £1 up to the first £400 of income (less relief in respect of the first £100 thereof), increasing by progressive stages of ½d., 1d., 2d., and 3d., on various ranges of income above £400, and culminating in a rate of 2/- in the £1 on every pound of income beyond £10,000.

On the arrival from England, on 26th November, 1919, of Mr. C. H. Rickman, a retired Special Commissioner of Income Tax, as an expert in Income Tax matters—"to advise and assist the Colonial Government in connection with the introduction of an Income Tax," steps were taken to put the new enactment into active operation.

The Income Tax Law, 1919, came into operation on the 1st January, 1920, and by 5th February, the Assessment Committee, which under Section 16 (1) of the Law was to consist of three persons appointed by the Governor, was finally constituted.

The "Rules" came into operation on 1st April.

Under section 45 of the Law which authorises the appointment of persons to assist persons to make out the Returns required by this Law, the Governor duly appointed as such the Collectors in each Parish or Place, as being best suited for that duty.

**Return Forms**—The total number of Return Forms supplied to the Collectors of Taxes for service for the year of assessment 1921 on persons whom they considered possibly liable to the tax—as being in receipt of incomes in excess of £100 per annum—was approximately 17,500; 2,030 further Forms were subsequently issued from this Department.

It has since been recognised that the smaller class of cultivators in this Island do not keep proper—if any—Accounts, and hence find it difficult to enter their actual profits in the Return Form in general use. To meet this condition, the use of a simpler form applicable to those persons whose incomes are mainly derived from the cultivation of land—the total value of which does not exceed £400 on the Valuation Roll—has been prepared and approved, and will be brought into use for the next year of assessment.

**Rules**—Section 26 of the Income Tax Law 24-1919—as amended by Section 10 of the Income Tax Amendment Law 39-1920—enacts that Income Tax payable on official salaries and wages may be deducted therefrom. The Governor in Privy Council on 15th June, 1920, approved of Rules giving effect to the above provision.

Section 24 (3) of the Income Tax Law, 24-1919, provides that the Chief Justice may—with the concurrence of the Puisne Judge—make Rules Governing Appeals. The necessary "Rules of Court" were accordingly made on 28th April, 1920.

**Appeals**—Under Section 23 (1) of the existing Law, when once a person has been charged to Income Tax by the Assessment Committee, no alteration or adjustment, however trivial and even if agreed as between the parties involved, can be dealt with other than by way of a formal Appeal to a Judge in Chambers being lodged by the person disputing the assessment or any part thereof.

The total number of Appeals so listed in the year ended 31st March, 1922, was one hundred and fifty six, of which however in eighty-seven cases, the amount of the reduction, etc., had been agreed in this Department prior to the hearing of the Appeal. This pro-

portion becomes still more marked in the period from 1st April, 1922, to 20th September 1922, when out of the eighty-six cases listed for Appeal, all but fourteen were settled "out of Court". The proceedings at the Appeal Court in all these agreed cases were therefore restricted to obtaining the formal approval of the Judge in Chambers to the necessary amendment of the Assessment.

**Meetings of the Assessment Committee.**—The Assessment Committee met on fifty-four occasions during the financial year under review, for *—inter alia—*the purposes referred to in Section 21 of the Income Tax Law, No. 24-1919, viz., (a) to consider the Returns rendered—after their exhaustive examination, etc., in this Department, and "to assess the amount of Income Tax payable by every person liable thereto," and (b) in cases where no Returns have been rendered "to determine according to the best of their judgment "the amount of the income of the person liable and to assess him accordingly."

**Progress of Work**—For the year of Assessment, 1921, the number of persons on whom assessments were made by the Assessment Committee up to 31st March, 1922 was 6,606 (including Public Officials, etc.)

**Legislation**—Income Tax Amendment Law, 1920 (39-1920) passed 31st July, 1920, extended exemption from duty to the incomes of Parochial Boards, the Kingston General Commissioners, and any Government Institutions, also to the pay and allowances of members of His Majesty's Regular Forces on the Active List, wounds and disability pensions, and war gratuities.

No provision was made in the original Law for repayment of duty except (under Section 13) in the case of incomes "doubly assessed." This omission was remedied in the Amendment Law.

Income Tax Amendment Law, 1920 (50-1920) passed 29th November, 1920, laid down the precise basis on which the Returns of the assessable incomes of Life and other Insurance Companies should be rendered.

Income Tax amendment Law, 1921 (21-1921)—The Bill preliminary to the above contained several important provisions, the principal being the repeal—at the instance of the Secretary of State for the Colonies—of Section 39 of the Original Law, which dealt with "Double Income Tax within the Empire." By such repeal a large amount of duty—estimated at £ 27,000—would have been automatically added to the Jamaica Income Tax Revenue entirely at the expense of the Home Government, the total aggregate duty payable by persons assessed to Income Tax both in this Island and the United Kingdom remaining unaltered. A further repeal proposed was that of Section 15 of the Original Law which allowed as a reduction from the Income Tax payable by any person, one-third of the Property Tax paid by such person.

Relieving Sections permitting the trading, etc., losses of one year to be carried forward and set against the profits of the three following years, and a deduction in respect of "Obsolescence" in cases where Plant and Machinery is replaced by that of an improved type were also included. The Bill was, nevertheless, thrown out on the motion for its third reading. It was, however, with the omission of the Section repealing the Property Tax Allowance (section 15) and the addition of a Section repealing Section 27 of the original Law by which Interest were charged on Income Tax in arrear, re-introduced in a subsequent Session and passed its third reading, on 2nd September.

With the passing on 2nd September, 1921, of the Income Tax Amendment Law, No. 21-1921, containing twelve Sections, and the fact that the previous Amendment Law of 1920 contained twenty-nine Sections—total forty one Sections as against forty-six sections in the Original Law, No. 24-1919—the imperative necessary for a "Consolidation Bill" was obvious. Such Bill was therefore drafted and the opportunity taken to include there in certain non-contentious administrative amendments, the principal being a much needed alteration in the existing Appeal procedure. Under the new provisions any person who objects to an assessment made upon him gives notice of his objection to the Assessment Committee instead of lodging an Appeal to a Judge in Chambers. The former body is thereupon empowered to review and, if necessary, to revise the assessment as originally made. Effect is given to any agreement arrived at by consent, the assessment being amended without further trouble. It is evident that the contemplated alteration would result in the saving of considerable trouble and expense to taxpayers generally, and also prevent the time of the Judge in Chambers being taken up unnecessarily in dealing with any cases capable of being settled "out of Court."

For the fore-going reason—inter alia—it was hoped that the Consolidation Bill would have been passed in the Autumn Session of 1921, but such Session was of but short duration, and other matters were given precedence.

The actual net duty collected during the year to 31st March, 1922, was £137,366 19/5½d. of which £136,276 19/11½d. was paid to the local Collectors of Taxes, and £1,089 19/6d deducted by the various Public Departments on payment of official salaries, etc., as against the net duty collected to 31st March, 1921—per paragraph 9 of my last Report—viz., £82,103 10/- of which £81,414 7/- was paid to the local Collectors and £689 3/- deducted departmentally.

The following statistics relating to the year of assessment ended 31st December, 1921, based on the incomes of the preceding year ended 31st December, 1920, will be of interest:—

TABLE I.—YEAR OF ASSESSMENT, 1921.

## PENSIONS AND GRATUITIES.

Up to the time of the passing of Law 34 of 1885 (the 16th November, 1885) all applications from Officers in the Public Service of Jamaica for pensions and gratuities were dealt with under the Imperial Superannuation Acts, the various Treasury Minutes thereunder, and certain Regulations drawn up in the year 1879, known as the "Jamaica Pension Regulations."

A law was passed in 1885 confirming these pensions and further providing for persons in the Public Service at the time of the passing of the Law. Another Pension Law, 26 of 1892 was passed enabling public servants who were not provided for in the Law of 1885 to qualify for pension by contributing 2 per cent. of their salaries annually to a Pension Fund. Both these laws were repealed by Law 24 of 1904 which embodies the provisions of both laws and which regulates all Public Service pensions now granted. Law 4 of 1910 "Police Pension and Reward Fund Law" provides for payment from Public Revenue of pensions to sub-officers and constables of the Police Force. Law 16 of 1912 provides for payment from General Revenue to subordinate officers of Prisons. Law 22 of 1912 provides for payment of pensions and gratuities to Railway Employees.

## WIDOWS AND ORPHANS.

THIS Fund, created by the Public Servants of the Colon under the provisions of Law 11 of 1875, and amending laws, and which at 31st March, 1903, stood at £100,393 11s. 11d. was, under the provisions of Law 32 of 1903, absorbed in the general revenue of the island, the Government thereafter receiving all revenues appropriable for making provision for the Widows and Orphans of deceased Public Officers and assuming all the commitments—immediate and contingent—of the Association, which thereupon ceased to be an independent organization.

By Law 21 of 1904, the several laws having reference to the granting of pensions to Widows and Orphans of Public Officers were revised and consolidated and brought within the compass of a single enactment.

Besides safeguarding rights and privileges acquired under repealed laws, provision is made by this Law for the Widows and Orphans of future public servants, the following being among its main features:—

- I. All Public Officers on being appointed to an office with £100 a year or upwards to contribute 4 per cent. of their salaries to general revenue.
- II. Such contributions to continue for 35 years or to age 65, if Public Officer remaining in the public service so long.
- III. Provision is made for adjusting pensions in cases where contributions are increased or reduced from any cause or where they cease before the full number of payments have been made.
- IV. And for refunding a portion of their contributions when leaving the Public Service or completing their term of contribution, to bachelors or childless widowers.
- V. Pensions to Widows and Orphans are calculated under the tables attached to the law, these having been constructed on the actual mortality experience of the late Association during its operation, extending over 28 years.
- VI. Pensions to Widows and Orphans are not concurrent but are payable to the Widows until marriage or death, and are then divided among the Orphans in the following proportions;—

If three in number or less each receives one-fourth; but if more than three the pension is equally divided among them all. The pensions of boys cease at the age of 18 and of girls on marriage or at the age of 21 years.

The administration of the law is vested in an officer styled the Comptroller, and his report for 1921-22 shows that in that year pensions to the extent of £10,870 6s. 0d. were paid; the refunds to members were £235 0s. 2d.

PART VI.  
JUDICIAL AND LEGAL.

SUPREME COURT OF JUDICATURE.

*(Public Buildings, East Block, King Street.)*

THE Supreme Court of Judicature of Jamaica as it now exists was constituted by the Judicature Law 1879. The Court is a Superior Court of Record and now exercises the jurisdiction, power and authority formerly possessed by the Supreme Court of Judicature, the High Court of Chancery, the Incumbered Estates Court, the Court of Ordinary, the Court for Divorce and Matrimonial Causes, the Chief Court of Bankruptcy, the Circuit Courts or any of the Judges or those Courts or the Governor as Chancellor or Ordinary acting in any Judicial capacity and all ministerial powers, duties and authorities incident to any part of such jurisdiction, power and authority.

The Supreme Court now consists of a Chief Justice and two Puisne Judges.

In case of an appeal from the judgment of one of these Judges, such Judge does not sit in the Full Court on the hearing of the appeal but his place is taken by the Judge of the Kingston Court who while sitting rank after the junior member of the Court.

The Full Court holds a Session in Kingston three times a year, but a special sitting of the Court may at any time be appointed by the Chief Justice.

## APPEALS FROM THE SUPREME COURT OF JAMAICA TO HIS MAJESTY IN COUNCIL.

By Order of King Edward VII in Council made (in pursuance of the provisions of the Imperial Statute 7 and 8 Vic. c. 69) on the 15th day of February, 1909, it was ordered that any person may appeal to His Majesty, his heirs and successors, in His or their Privy Council.

- (a) as of right, from any final judgment of the Supreme Court of Judicature of Jamaica where the matter in dispute on the appeal amounts to or is of the value of £300 sterling or upwards, or where the appeal involves directly or indirectly some claim or question to or respecting property or some civil right amounting to or of the value of £300 sterling or upwards and:—
  - (b) at the discretion of the said Court, from any other judgment of the said Court whether final or interlocutory if, in the opinion of the Court the question involved in the appeal is one which, by reason of its great general or public importance or otherwise, ought to be submitted to His Majesty in Council for decision,
- the person feeling aggrieved to apply to the Court by motion or petition for leave to appeal within 21 days from the date of the judgment to be appealed from, notice of the intended appeal to be given to the opposite party. And the Court is empowered to direct that the Judgment appealed from shall be carried into execution or that execution shall be suspended pending the appeal as to the Court may seem just. In all cases security is to be given by the Appellant in the sum of £500 for the prosecution of the appeal and the payment of any costs which may be awarded to the Respondent—such security to be entered into within a period to be fixed by the Court, but not exceeding three months from the date of the hearing of the application for leave to appeal.

By this Order the Court appealed from is required to certify and transmit to the Privy Council a copy of the evidence, proceedings, judgments, decrees and orders made in the case appealed under the Seal of the Court, and also a copy of the reasons given by the Judges of the said Court for or against the judgment appealed from.

The order also contains directions as to the transcript records to be sent by the Registrar of the Supreme Court to the Registrar of the Privy Council and the printing of such transcript by the Appellant or his Agent and as to the power of the Judicial Committee of the Privy Council to suspend or relax the regulations of the Order. Directions as to the form and type used in the printing of these proceedings in appeal are also contained in the said Order.

By this Order it is directed that in appeals from any judgment of any Court in the colonies the reasons given by the Judges of such Court for or against such Judgment shall be by the Judges communicated in writing to the Registrar of such Court to be by him transmitted in original to the Registrar of the Privy Council at the same time when the record is transmitted.

## INCUMBERED ESTATES COURT.

By an Order of Queen Victoria in Council dated the 28th May, 1889, reciting that the West Indian Incumbered Estates Acts, 1854 to 1872, were then in operation in this Island, and further reciting that an address from the Legislature of this Island had been presented to Her Majesty praying for an Order of Her Majesty in Council to be made directing that the said West Indian Incumbered Estates Acts, 1854 to 1872 shall cease to be in operation in this Island. It was then ordered, that subject as in that order is mentioned the West Indian Incumbered Estates Acts, 1854 to 1872 should cease to be in operation in Jamaica as from the 1st August, 1889, thereafter referred to as the appointed day. It was by the said order further provided (i) That the order should not affect the operation of the said Acts nor anything done thereunder prior to the appointed day. (ii) Proceedings commenced but not completed before the appointed day should be completed as if that order had not been made. (iii) States when proceedings shall be deemed completed. (iv) Provides the transfer of money, stocks and funds to the account of Her Majesty's Paymaster General, and further orders that any money in the Commissariat Chest in Jamaica standing to the account of the Commissioners shall be paid to the Treasurer of Jamaica in trust to attend the Order of the Supreme Court of Jamaica (sects. VI, VII) relates to the disposal of unclaimed moneys and the proceedings with reference thereto.

The Act creating a Local Court (Law 17 of 1873 entitled the Incumbered Estates Law, 1873) which was passed on the 19th June, 1873, and came into operation on the 1st September 1873, continues in force, but upon coming into operation of the Judicature Law, 1879 (Law 24 of 1879), on the 1st January, 1880, the Local Incumbered Estates Court

was consolidated with other Local Courts under the name of "The Supreme Court of Judicature of Jamaica."

The rules of this Court form a portion of the General Rules and Orders under the Judicature Law, 1879, published in the Jamaica Gazette of the 13th April, 1882, and came into operation on the 1st July, 1882, as per notification in the Gazette of the 27th April, 1882.

The result is that the Imperial Court has been abolished in Jamaica and the Local Court has been consolidated in the Supreme Court of which it now forms a portion.

It may not be amiss to state as connected with this subject that consignees or factors' liens were abolished from and after the 31st July, 1886, by Law 17 of 1885, which provides for the registration in the Record Office of all claims to such liens existing at that date.

## ADMIRALTY COURT.

*(Public Buildings, East Block, King Street.)*

UNTIL the 1st July, 1891, Jamaica possessed a Vice-Admiralty Court under the Imperial Statutes 26 Vic., ch. 24, and 30 and 31 Vic., ch. 45. This Court has ceased to exist under the provisions of "The Colonial Courts of Admiralty Act, 1890" 53 and 54 Vic., chap. 27, passed on the 25th July, 1890, published in the Jamaica Gazette of the 20th Nov., 1890, page 741, by which these two Statutes are repealed.

By the second section of the last-mentioned Statute every Court of Law in a British possession that has therein original unlimited Civil Jurisdiction shall be a Court of Admiralty with the jurisdiction therein mentioned and may for the purpose of that jurisdiction exercise all the powers which it possesses for the purpose of its other civil jurisdiction and such Court is in the Statute referred to as a Colonial Court of Admiralty.

By the Statute it is enacted that the jurisdiction of a Colonial Court of Admiralty shall, subject to the provisions of the Statute be over the like places, persons, matters and things as the Admiralty Jurisdiction of the High Court in England, and may exercise such jurisdiction and have the same regard to international law and the comity of nations as the High Court in England.

The Statute also provides for Local Admiralty appeals and appeals to the King in Council, rules of Court fees and costs, droits of Admiralty and of the Crown, power to the Admiralty to establish Vice-Admiralty Court Judges and other Officers. The 10th section provides that whenever there is not a formally appointed Vice-Admiral in a British possession the Governor of the possession shall be *ex officio* Vice-Admiral thereof, and the 16th section provides that the Act shall come into force in every British possession on the 1st July, 1891. The Admiralty Court is now part of the Supreme Court with the same officers.

By Law 38 of 1894 (23 May, 1894) as amended by Law 18 of 1906 (14 May, 1906) provision is made for the appointment of an Admiralty Bailiff of the Supreme Court.

Rules of Court were prepared by the then Chief Justice under the 7th section of the Law. These rules were approved by Queen Victoria in Council, on 30th January, 1893, and were published in the Jamaica Gazette of 13th April, 1893.

## ADMINISTRATOR-GENERAL'S OFFICE.

*(Public Buildings, East Block, King St.)*

THE want of a duly authorized Officer to take charge of the property of persons who died either intestate, or without leaving executors who will act, having for a considerable time pressed itself on the consideration of the Government, a law was passed in 1873 (Law 34 of 1873) for the appointment of an Administrator-General. Under this Law the Administrator General is bound to administer on the estates, of which the personalty amounts to £50 and upwards, of persons (1) who die intestate without leaving a widower, widow, brother, sister or any lineal ancestor or descendant, or leaving such relative, if no such relative shall take out letters of administration within three months or such other time as may be fixed by the Court; (2) who die leaving a will but leaving no executor, or no executor who will act, if no such relative as aforesaid of such deceased shall take out letters of administration within the same period. He may administer on the estate of any person who shall appoint him the sole executor of his will, but he cannot act as a co-executor with any other person. The Administrator-General may be appointed trustee of any real or personal property in the same way that any other person might be appointed. He may also be appointed guardian of any infant, committee of any lunatic or idiot and receiver in chancery.

The Administrator-General is subject to the immediate control of the Supreme Court of Judicature, he being an Officer of that Court and accountable to it for the due and efficient discharge of his duties.

This Department was combined with that of the Stamp Commissioner on the 1st September, 1893, but was again separated on the retirement of Mr. Chapman.

The amending Law, 26 of 1894, provides that the Administrator-General shall be paid such salary as the Governor may from time to time determine; and that all commissions, fees and remuneration of office, other than salary, formerly payable to the Administrator-General, shall be paid into the Public Treasury, and form part of the General Revenue of the Island.

It also provides that all expenses of clerks and assistants, together with all expenses incurred in and about the duties of his office which formerly had to be defrayed personally by the Administrator-General, shall be paid out of the general revenue.

During the year 1921, Letters of Administration to the estates of nine deceased persons. (Three with Wills annexed.) Probate Cessate of the Will of one and probate of the Wills of two other deceased persons were granted to the Administrator-General in the Supreme Court.

There were also granted to him in the Kingston and Resident Magistrate's Courts of this Island, Letters of Administration to the estates of 39 deceased persons (two with Wills annexed.)

The Administrator-General was also appointed to act under three Powers of Attorney, one Assignment of Trust for the Benefit of Creditors and three Appointments of New Trustee.

The estates of 265 deceased persons who died in Panama, Costa Rica and Cuba, were also during this period referred to the Administrator-General to be dealt with under the provisions of Law 21 of 1906.

At the 31st December, 1920, the amount at credit of the Estates of Deceased Persons, Lunatics, custodian enemy property, Receiverships and Trusts was £509,228 19s. 5½d.

The accounts of the Administrator General are audited and passed half-yearly by the Supreme Court

#### BANKRUPTCY.

The Bankruptcy Law of 1879 declares that the Administrator-General for the time being shall be *ex officio* the Trustee in Bankruptcy in the Supreme Court, and it places the administration of debtors' estates in bankruptcies occurring in that Court in the hands of that officer, who is directly accountable to the Supreme Court of Judicature. The same Law provides for bankruptcy administration in the Resident Magistrate's Courts of the Island the Clerks of which Courts are Trustee in their respective Courts. The Law as amended by 24 of 1892 places the question of a Bankrupt's discharge, and of the conditions to be attached thereto, in the hands of the Court, and gives the Court the power of inflicting punishment for culpable bankruptcies or other fraudulent transactions. The amending law now in force makes it incumbent on bankrupts to pay 10s. in the £; otherwise their discharge is suspended for two years, and it also provides for the administration of deceased person's estates in bankruptcy.

The following table shows the number of persons who took the benefit of the Insolvent Debtor's Law during each of the eight years previous to 1868:—

|      |    |      |    |      |    |      |    |
|------|----|------|----|------|----|------|----|
| 1861 | 16 | 1863 | 75 | 1865 | 39 | 1867 | 64 |
| 1862 | 76 | 1864 | 40 | 1866 | 47 | 1868 | 39 |

The following table shows the number of persons declared bankrupts in the Supreme Court during each of the last 16 years under the provisions of the new Bankruptcy Law:—

|         |    |         |    |         |    |         |    |
|---------|----|---------|----|---------|----|---------|----|
| 1906    | 16 | 1910-11 | 16 | 1914-15 | 42 | 1918-19 | 10 |
| 1907    | 3  | 1911-12 | 38 | 1915-16 | 18 | 1919-20 | 3  |
| 1908    | 3  | 1912-13 | 23 | 1916-17 | 19 | 1920    | 7  |
| 1909-10 | 7  | 1913-14 | 27 | 1917-18 | 14 | 1921    | 64 |

The judicial statistics of the Colony show that the bankruptcies which took place in the period between May, 1840, and May, 1845 (when the full force of Emancipation may be assumed to have been felt) and the 9 years between 1877 and 1885 stood as follows:—in the former period the total amount of liabilities was £1,423,371 7s. 5d. and in the latter period the total amount of liabilities was £241,884 19s. 6d.

During the year 1921, there were 63 Provisional Orders in Bankruptcy made in the Supreme Court upon Creditors' Petitions, of which 24 were made Absolute, and 21 were revoked; whilst the remaining 18 were pending at the end of the year.

One Absolute Order was made against a Debtor on his own Petition.

Absolute Orders in respect of proceedings commenced in previous years were made in two cases.

On the 31st December, 1921, the amount at credit of Bankrupt Estates was £10,566 12s. 10d.

The accounts of the Trustee in Bankruptcy (like those of the Administrator-General) are audited and passed half-yearly by the Supreme Court.

## PRIZE COURT.

PRIZE JURISDICTION in Jamaica is vested in and exercised by the Supreme Court, that Court being the Local Court of Admiralty under the Imperial Statute 53 and 54 Vic. c. 27. This jurisdiction is derived from the warrant of the Lords Commissioners of the Admiralty (published in the Jamaica Gazette of the 7th December, 1905,) authorizing the Supreme Court to act as a Prize Court. The warrant by its terms defines and limits the jurisdiction which became exercisable when the proclamation of the outbreak of war was made. There is an appeal to His Majesty in his Privy Council.

The Order in Council prescribing the Rules and Tables of Fees to be observed and taken in Prize Proceedings is published in the Jamaica Gazette of September 12, 1914.

The Judges of the Court are the Chief Justice (President) and the Puisne Judge; the Registrar is the Registrar of the Supreme Court, and the Marshal is Mr. R. E. Seaton.

During the war the following causes were adjudicated by the Court:—

(a) "The Bethania" captured at sea by H.M.S. "Essex" (Captain Hugh Dudley Richard Watson). The ship was delivered to the Crown by order of the Court on an undertaking being given. Part of the cargo was condemned and sold, and part released to neutral claimants.

(b) The Lighters 1/16, 2/16, 3/16 and the "Atlas" (a launch) were seized in the port of Kingston by Officers of the Customs and orders of detention made.

These orders were subsequently superseded and orders of condemnation made and the Lighters and "Atlas" were delivered to the Crown on an undertaking being given as provided in the Prize Rules.

## THE KINGSTON COURT.

By Law 36 of 1909, a special Court was created "to transact the civil jurisdiction of the Resident Magistrate's Court for the parishes of Kingston and St. Andrew." This Law came into operation on 1st January, 1910, by proclamation of the Governor, and the late Jasper Farmer Cargill, Esq., was appointed to be the judge, under letters patent, during His Majesty's pleasure.

## DATES FOR THE HOLDING OF THE KINGSTON COURT, 1923.

January, 8th and 22nd; February, 5th and 19th; March, 5th and 19th; April, 9th and 23rd; May, 7th and 21st; June, 11th and 25th; July, 2nd and 16th; August, 6th and 20th; September, 3rd and 17th; October, 1st and 15th; November, 5th and 19th; December, 3rd and 17th.

N.B.—The above dates are only dates on which actions are returnable. Special fixtures are made for contested cases and Judgment Summonses.

## RESIDENT MAGISTRATES COURTS.

On the coming into operation on the 2nd April, 1888, of Law 43 of 1887, the Resident Magistrates Law, 1887, the District Courts, which had been in operation since the year 1867, ceased to exist. Law 43 of 1887, with its amending laws have been consolidated

by The Resident Magistrates Law, 1904, (Law 28 of 1904). The Resident Magistrate not only presides in the Court of Petty Sessions but holds a Court of his own, where he sits alone. Almost the same jurisdiction as that of the former District Courts is conferred upon the Resident Magistrate's Court and it is the Intermediate Court between the Supreme Court and the Courts of Petty Sessions. There is a Resident Magistrate's Court for each parish of the Island, with as many stations as may from time to time be fixed by the Governor.

The Governor is empowered to appoint not less than nine and not more than fourteen Resident Magistrates for the Resident Magistrates' Courts, and an Assistant Resident Magistrate for the parish of Kingston. Each Resident Magistrate has the Resident Magistrate's Court of one parish assigned to him. But in addition to this a Resident Magistrate shall, if the Governor so direct, also have and exercise the jurisdiction of the Resident Magistrate's Court in any other parish or parishes, either generally, or at such one or more stations therein as may from time to time be assigned to him by the Governor.

Every Resident Magistrate is Coroner for the parish or parishes to which he is assigned by the Governor.

The qualifications for a Resident Magistrate are that he must be a member of the English or Irish Bar or of the Faculty of Advocates of Scotland, or a Solicitor of the Supreme Court of Judicature of England, Scotland, Ireland or Jamaica, or a Writer to the Signet of Scotland.

The Resident Magistrates Law also provides for the appointment of Clerks to the Courts in the several parishes, whose qualifications are the same as those of a Resident Magistrate, or the passing by an Assistant Clerk of Courts of an examination equal to that required of an Articled Clerk presenting himself for examination prior to being admitted as a Solicitor, of Assistant Clerks of the Courts, and of Bailiffs of the Resident Magistrates' Courts.

*Tariff of Fees in the Resident Magistrates' Courts for Practitioners, for Court Fees, and for Bailiffs' Fees published in the Jamaica Gazette of the 18th February, 1892, 2nd March, 1899, and 11th December, 1902, and referred to in Section 142 of Law 28 of 1904.*

#### FEEES FOR PRACTITIONERS.

The following shall be the scale of costs and fees, as well between party and party, as between Solicitor and client, payable in all cases in the Resident Magistrate's Court where Solicitor's costs or Counsel's fees shall be awarded, except where by any Statute or Law special provisions as to costs or fees have been enacted.

Solicitor's costs in contested cases in Common Law and equity, when a Barrister is not employed:—

|  |        |
|--|--------|
| When the amount recovered or the value of the claim does not exceed £10                  | £2 2 0 |
| When the amount recovered or the value of the claim exceeds £10 and does not exceed £20  | 3 3 0  |
| When the amount recovered, or the value of the claim exceeds £20 and does not exceed £30 | 4 4 0  |
| When the amount recovered, or the value of the claim exceeds £30 and does not exceed £50 | 5 5 0  |
| When the amount recovered or the value of the claim exceeds £50 and does not exceed £200 | 7 7 0  |

Where a Barrister is employed, one half the above rates.

#### *In cases which are not contested—Common Law.*

|  |        |
|--|--------|
| Where the amount recovered does not exceed £10                 | 0 13 0 |
| Where the amount recovered exceeds £10 and does not exceed £20 | 0 17 0 |
| Where the amount recovered exceeds £20 and does not exceed £50 | 1 8 0  |

Provided that when the defendant satisfies the plaintiff's claim within four clear days of the service of the summons, the defendant will not be liable to pay a larger sum for Solicitor's costs than the amount prescribed in the following table:—

|   |        |
|---|--------|
| In cases where the claim does not exceed £10        | 0 8 0  |
| Where the claim exceeds £10 and does not exceed £20 | 0 12 0 |
| Where the claim exceeds £20 and does not exceed £50 | 0 18 0 |

#### EQUITY.

|  |       |
|--|-------|
| Cases going by default or settled before hearing | 3 3 0 |
|--|-------|

#### *Fees to Counsel.*

|   |                 |
|---|-----------------|
| When the subject matter or the sum recovered does not exceed £10                  | 1 1 0           |
| When the subject matter or the sum recovered exceeds £10 and does not exceeds £50 | £2 2 0 to 3 3 0 |

|  |    |   |   |
|--|----|---|---|
| When the subject matter or the sum recovered exceeds £50 ..  | £5 | 5 | 0 |
| When the trial lasts more than one whole day, or is adjourned for want of time, further consideration, or upon payment of the costs of the day, a refresher may be allowed by order of the Judge not exceeding £1 1s., in cases where the subject matter or sum recovered exceeds £20 and does not exceed £50: and where the subject matter or sum recovered exceeds £50 from £1 1s. to .. | 2  | 2 | 0 |

In Equity Cases where, from the number of attendances or from the difficulty of the case, the Judge shall think the highest of the above fees insufficient remuneration for the services performed, or when any such case shall have required extraordinary skill and labour, and the same has been satisfactorily and speedily disposed of, the Judge may augment the Solicitor's costs and Counsel's fees charged on the basis of this tariff by a further sum not exceeding £10

In any action in which the title to any real or personal property is bona fide in dispute or which is brought to try a right in addition to or irrespective of a right to damages the Judge may allow to the successful party such costs as he may think fit, not exceeding in amount what would be allowed if the demand exceeded £200.

In any action where the trial has in the opinion of the Judge, been unnecessarily protracted by reason of the calling of unnecessary witnesses or otherwise by the conduct of the Solicitor or Counsel in unnecessarily prolonging the proceedings, the Judge shall be empowered to award in addition to the above rates costs not exceeding £3 3s., per day for every day of the trial after the first day

*In Actions under Section 149 of the Resident Magistrates Law, 1901, and Judgment Summonses*

|  |    |    |   |
|--|----|----|---|
| In cases where the claim exceeds £2 and under £10 .. | £0 | 8  | 0 |
| Do. do £10 do. £20 ..                                | 0  | 12 | 0 |
| Do. do £20 and up to £50 ..                          | 0  | 18 | 0 |
| In Judgment Summonses where unpaid debt exceeds £5—  |    |    |   |
| £5 and under £10 ..                                  | 0  | 10 | 0 |
| £10 and under £25 ..                                 | 0  | 15 | 0 |
| £25 and up to £50 ..                                 | 0  | 18 | 0 |

Costs as provided by Section 150 of the Resident Magistrates Law, 1901

In cases where an order is made under section 227 of the Resident Magistrates Law, 1904, in addition to the costs which may be awarded on the recovery of the amount, Solicitor's costs may be allowed on the following scale:—

|   |    |    |   |
|---|----|----|---|
| Where the judgment debt does not exceed £5 .. | £0 | 10 | 0 |
| Exceeding £5 and not exceeding £10 ..         | 0  | 15 | 0 |
| Exceeding £10 and not exceeding £25 ..        | 0  | 18 | 0 |
| Exceeding £25 ..                              | 1  | 1  | 0 |

PROBATE AND ADMINISTRATION.

|  |    |   |   |
|--|----|---|---|
| In non-contentious cases when the real and personal estate does not exceed £100 .. | £2 | 2 | 0 |
| Exceeding £100 ..  | 3  | 3 | 0 |
| In contentious cases where the real and personal estate does not exceed £100 ..    | 5  | 5 | 0 |
| Exceeding £100 ..  | 7  | 7 | 0 |
| In contentious cases where a Barrister is employed, one half the above rates.      |    |   |   |

*Fees to Counsel.*—£3 3s. in cases up to £100. £5 5s in cases exceeding £100.

LAND.

In any contested or non-contested suit under the land jurisdiction of the Court, inclusive of any claim for rent or mesne profits (Sections 85 to 106, inclusive, of the Resident Magistrates Law, 1904):—

£2 2s. to £7 7s. in the discretion of the Judge when Counsel is not employed.

When Counsel is employed £1 1s. to £2 12s. 6d.

*Fees to Counsel.*—£2 2s. to £5 5s. in the discretion of the Judge.

#### REPLEVIN AND INTERPLEADER.

£2 2s. to £5 5s. in the discretion of the Judge when Counsel is not employed.

When Counsel is employed, £1 1s. to £2 12s. 6d.

*Fees to Counsel.*—£2 2s. to £5 5s. in the discretion of the Judge

#### *New Trial.*

On every motion for a new trial .. .. £0 10 6

Costs of new trial to be allowed on same scale as the original trial

#### *Adjournment*

For attendance in Court when the case is called on and adjourned .. 0 5 0

#### *Arbitration.*

Attending reference with Counsel or without Counsel, the same as at the hearing in Court of a contested case.

Fee to Counsel for each sitting, sum paid not exceeding the rate payable on the trial of a case of the same amount in Court

Witnesses' expenses as provided by Laws 35 of 1896 and 9 of 1899.

Note—Costs of Counsel and Solicitor, or of a Solicitor on attending reference shall be in the award of the arbitrator, unless otherwise provided by the order of reference.

#### *Travelling Expenses.*

No travelling expenses shall be allowed for Barristers or Solicitors, except by the special direction of the Judge, which direction the Judge is hereby authorized to give if he thinks the travelling expenses ought to be allowed. When any such direction is given the Judge shall himself fix the amount to be allowed.

#### *Appeal.*

Lodging an appeal including all that is required to be done by the appellant before transmission of the papers to the Court of Appeal .. £1 1 0

Note—The costs of an appeal after the transmission of the papers to the Court of Appeal will be regulated by the order of the Court of Appeal.

When the defendant is successful, Solicitor's costs and Counsel's fees shall be on the basis of the above scales, but calculated on the amount claimed, or when the matter does not admit of such calculation, on the value of the property or thing in dispute

*Applications for Sale of Lands under Section 223 of the Resident Magistrates Law, 1904.*

In cases where the judgment debt and costs have been satisfied, or the application is withdrawn within 14 days of the service of the order for the sale of the land .. £2 2 0

In addition to the above fee of £2 2s. in cases where the land sold realizes less than £20 .. 1 1 0

More than £20 but not less than £50 .. 2 2 0

More than £50 but not less than £100 .. 3 3 0

More than £100 .. 5 5 0

Provided that where from the number of parties to be served, or from the course adopted by the owner of the land, or any claimant or encumbrancer, the Judge shall be of opinion that the above scale does not afford sufficient remuneration for the necessary work connected with or incident to the application, he may allow the Solicitor a further sum not exceeding 5 5 0

When costs of parties other than the judgment creditor's are awarded, the Judge shall fix the amount of such costs.

#### COURT FEES.

The following shall be the scale of fees payable in all cases to the Clerk of the Court by the party requiring anything to be done in respect of which any such fee is payable:

On lodging every plaint and issuing summons thereon where amount claimed does not exceed £2 .. £0 2 0

On lodging every plaint and issuing Summons thereon, where amount claimed exceeds £2 .. 0 0 9

in the £ or part of the £.

This scale shall apply to fees required by Section 154 of the Resident Magistrates Law, 1904, to be paid by any Defendant giving notice of a counter-claim

Provided that in Plaints for the recovery of damages for trespass to land

(other than claims under the Cattle Trespass Law) the minimum fee payable on lodging a Plaint shall be .. £0 10 0

On every Plaint in proceedings under Section 9 of Law 25 of 1914 .. 0 15 0

On every injunction .. 0 5 0

|   |        |
|---|--------|
| On each Judgment Summons .. .. .  | £0 4 0 |
| The same fee shall be paid on the occasion of giving any notice under Section 227 of the Resident Magistrates Law, 1904   |        |
| On every application for the sale of land under Section 223 of the Resident Magistrates Law, 1904 .. .. .   | 0 15 0 |

| Issuing Warrant to Levy, of Commitment, of Attachment of Execution, or any other warrant .. .. .  | 0 1 0  |
| Copies of evidence or documents, or extracts from or copies of the books for every sheet of 160 words, or fraction of a sheet .. .. .   | 0 0 0  |
| For entering every Appeal .. .. .   | 0 10 6 |
| In addition there shall be paid by the Appellant, at the rate above prescribed, for copying the evidence, judgment and such documents as require to be copied for the Court of Appeal before the papers shall be transmitted to the Court of Appeal.  |        |
| On lodging every plaint or other document requiring transmission through the post .. .. .   | 0 0 6  |
| NOTE.—In all plaints for the recovery of any debt or damages the Court fees shall be estimated on the amount of the demand; but where the plaintiff recovers less than the amount of his claim the difference between the Court fees, according to that amount, and the Court fees, according to the amount recovered, shall be paid by the plaintiff and shall not be charged as cost against the defendant. |        |

## REPLEVIN

|  |        |
|--|--------|
| For a warrant to replevy .. .. .   | £0 2 6 |
| For a replevin bond, when the claim or value of the property does not exceed £20 .. .. . | 0 2 6  |
| Where it exceeds £20 .. .. .   | 0 5 0  |

In an action of Replevin where the property sought to be replevied has been seized as a distress, the amount claimed shall be deemed to be the amount of the rent or other claim in respect of which such property has been distrained, or the value of the property sought to be replevied, whichever shall be the smaller amount; in any other case it shall be deemed to be the value of the property sought to be replevied, which value shall in the first instance be assessed by the plaintiff. Provided that the Judge at the hearing shall assess such value, and shall direct by whom, and when and how, any excess over the fees originally paid shall be paid.

## INTERPLEADER.

|   |        |
|---|--------|
| In all cases (to be paid by the Claimant before the issue of the Summons) .. .. . | £1 0 0 |

All necessary and proper expenses out of pocket incurred by the Bailiff, may be allowed on taxation.

For all other necessary and proper business done by the Bailiff he shall be paid on the same principle, and as nearly as may be, the same fees as those provided for similar work by Schedule D to Law 43 of 1887.

*Solicitors Fees.*

Solicitors employed may charge and shall be entitled to have taxed and allowed to

them for work done under the Bankruptcy Jurisdiction of the Resident Magistrates' Courts, the following remuneration, viz.:—

- (a) Where the Assets of the Bankrupt are sworn not to exceed in value the sum of £50, then after the rate of one-third of the amounts chargeable and allowable for similar work in the Supreme Court.
- (b) Where the Assets of the Bankrupt are sworn to exceed in value the sum of £50 then after the rate of two-thirds of the amounts chargeable and allowable for similar work in the Supreme Court.

*Note 1*—The above scale shall apply as between Solicitor and client, as well as between party and party.

*Note 2*—All accounts shall be taxed by the Clerk of the Courts, and approved by the Judge. Every such taxation and approval shall be subject to reviewal by the Judge, on the application of any person interested therein but no such reviewal shall be made, unless the person desiring the same shall, within seven days after such approval, give a notice in writing to the Clerk of the Courts, and to the person preferring the account, naming the items to which objection is taken.

The costs of such reviewal shall be in the discretion of the Judge.

19. All necessary expenses out of pocket incurred by a bailiff in performing his duties and not covered by the above fees shall be allowed on taxation by the Clerk of the Court.

**HOLDING OF COURTS**

Under section 69 of Law 28 of 1904 it is the duty of every Resident Magistrate on or before the 31st day of October in each year to fix the times and places for the holding during the ensuing year of Courts of Petty Sessions and Resident Magistrates' Courts throughout the parish or parishes assigned to him by the Governor.

These fixtures are however subject to the approval of the Governor in Privy Council, who may alter the times and places proposed as he may see fit. Should a Resident Magistrate fail to fix the times and places within the time aforesaid, it is lawful for the Governor in Privy Council to fix them without reference to the Resident Magistrate.

The Law also requires that notice of the times and places fixed for the holding of the Courts shall be published in the Gazette, and shall be put up in some conspicuous place in each Court House in the parish and in the Office of the Clerk, at least one month before the time appointed for the holding of the Courts. This provision applies also to any alteration on in the times fixed, which it may be found desirable to make, but does not in any way interfere with the powers of the Resident Magistrate or in his absence, of a Justice of the Peace, or failing a Justice, of the Clerk or Assistant Clerk, by declaration in open Court, to adjourn any Court to any day or place whether or not such day or place has been fixed and approved as provided in the first paragraph of Section 69.

The Resident Magistrate has the power also to hold his Court for the exercise of its Criminal Jurisdiction at any time and place that he may see fit.

Power is given by Section 70 to the Resident Magistrate to sit in Chambers and there to make Orders as to the mode of trial of persons brought before him charged with any indictable offence, to hear and determine any application for a change of venue from one station to another in his parish, for any stay of execution, for a habeas corpus to bring up any writs or prisoner, and any application respecting the taxation of costs, and also any unopposed application for Probate or Administration and also any application that may properly be made *ex parte* and without notice to the other side.

A sitting in Chambers may be fixed by the Resident Magistrate for any place or time, and he has jurisdiction to act without notice of such sitting being given.

In order to provide the means of dealing as early as possible with persons charged with indictable offences, the law enacts that the Resident Magistrate shall at all times be deemed to be sitting in Chambers for the purpose of making Orders as to the mode of trial of such persons.

The Resident Magistrate may refer any matter brought before him in Chambers to be disposed of in Court, if owing to its importance or for any other reason he thinks it should be so disposed of.

## COURTS OF PETTY SESSIONS.

PETTY SESSIONS COURTS were established in this island shortly after the English conquest of the Island when the judicatories for the peace and good order of the island were settled. They are constituted as in England. Justices of the Peace are appointed to each parish by commission from the Governor under the great seal of the island as conservators of the public peace. They derive their power from their commission and their jurisdiction is conferred by various local laws. Generally one of the body is selected by the Governor and appointed Custos—an office similar to that of Custos Rotulorum in England. Where there is no Custos the Magistrate next in seniority to him or the Senior Magistrate of the parish and resident in the parish and in the habit of acting as Justice of the Peace therein, is the individual falling under the designation of Custos. (18 Vic., chap. 31, section 6.) The course of procedure in the Courts of Petty Sessions is regulated by the 13th Victoria, chapters 21 and 35, which consolidate the previous provisions on the subject.

By Section 21 of Law 28 of 1904 every Resident Magistrate appointed under that law is *ex officio* a Justice of the Peace for every parish of the island.

The Clerks of the Courts act as Clerks in the Courts of Petty Sessions and in the Resident Magistrates' Courts and Circuit Courts. They are authorised to take information on oath and to issue summonses, warrants and subpoenas in criminal and quasi-criminal cases. The Assistant Clerks when appointed by the Governor as Deputy Clerks of the Courts, have similar powers except that of issuing warrants.

## PETTY SESSIONS COURT FEES.

"All proceedings in cases of persons charged with indictable offences, and all proceedings before a Justice of the Peace or Justices of the Peace in Petty Sessions, on summary trials for larceny or under any act or law now or hereafter to be passed making the case a public prosecution, and all proceedings instituted by any member of the Constabulary Force in his capacity as such, shall be free of all stamp duty, whether imposed by this or by any other law."—Law 3 of 1870, s. 9. In other cases the following fees are payable—

The Supreme Court of Judicature is established at St. Jago de la Vega and held every three months.

Chief Justice: Samuel Long (late).

Judges: John Colebeck, Samuel Bernard, Samuel Barry.

Attorney-General: Edmond Duche

Registrar: Reginald Wilson.

Provost Marshall: Edward Yeomans.

Judge of the Admiralty: Richard Brayne.

William Wood in his Preface to "The Laws of Jamaica" published in 1716 says:—

"In each Province or Precinct, the Colonel or Gentleman of the best Ability or Estate is the Custos Rotulorum, and with other Justices of the Precinct, holds Quarterly a Session for punishing misdemeanors, and those Crimes that are there Cognizable; and have Clerks of the Peace, Deputy Marshals, Juries, &c., and there every thing is determined and regulated by the Laws of England, or the Municipal Laws of the Island, for the Peace and good Government of the Precinct.

In each Province or Precinct, is likewise held a Court, this in nature of Court-Baron or Sheriff's-Court, where the ablest Gentleman is Judge, and has two of the Justices to be his Assistants, and there very justly and formally, are heard, and determined all Actions, Pleas, &c., arising among the neighbours in the Precinct, not exceeding 20 if it does, they take a Justicias out of Chancery, that, for the People's Ease, is always granted; but nevertheless, by the Certiorari, Writ of Error, &c., they may bring causes out of these Courts into the Grand Court."

| 1918 | .. | 3,375,798  | 1921 | .. | 5,473,790  |

(a) In 1909 at the request of the Board of Trade the financial period was made to coincide with the calendar year, to bring the Jamaica statistics into line with those of other British possessions.

The Imports for the past two years were apportioned between the five general headings into which all imports are divided in accordance with Board of Trade requirements, thus:—

|  | 1920.       | 1921.      |
|--|-------------|------------|
| 1. Food, Drink and Tobacco ..                          | £3,280,059  | £2,085,342 |
| 2. Raw materials and articles mainly unmanufactured .. | 1,296,105   | 620,491    |
| 3. Articles wholly or mainly manufactured              | 5,724,856   | 2,750,341  |
| 4. Miscellaneous and Unclassified ..                   | 8,390       | 4,216      |
| 5. Bullion and Specie ..                               | 3,872       | 13,400     |
|  | £10,313,282 | £5,473,790 |

Taking the whole of the Imports the Island's Custom was distributed in each of the last four years in the following proportions, viz:—

|                       | 1918. | 1919. | 1920. | 1921. |
|-----------------------|-------|-------|-------|-------|

## CURRENCY OF JAMAICA.

THE Acts relating to the metallic currency are 3 Victoria, chap. 39, "to provide for the assimilation of the currency of this island with the currency of the United Kingdom, 5 Victoria, chap. 28; 6 Victoria, chap. 40; 7 Victoria, chap. 51; Law 49 of 1869; and Law 13 of 1880; and the several Proclamations bearing on the coinage are of the following dates: 14th September, 1833, 19th August, 1853, 9th March, 1854, 23rd October, 1863, 10th November, 1866, and 11th November, 1869.

A Proclamation was issued on 23rd October, 1863, calling attention to the fact that the fractional parts of the dollar of Foreign States were not a legal tender, and prohibiting their reception in payment of Customs duties or taxes. Subsequently, under Law 8 of 1876, the silver dollar itself ceased to be a legal tender.

By Law 49 of 1869 the issue of a nickel currency of pennies and half-pennies is authorized, and these coins are a legal tender to the extent of one shilling and of sixpence respectively. Law 13 of 1880 authorizes the issue of nickel farthings, which are a legal tender to the extent of threepence in one payment.

In 1904 the Currency Note Law was passed constituting a Board of Commissioners to issue notes called currency notes of the value of 10s. each, redeemable on demand at the office of the Commissioners. This Law was amended by Law 17 of 1918 authorising the issue of Currency Notes of such denominations as may be approved by the Secretary of State.

The Island Act regulating Banks not established under Royal Charter or by Act of Parliament is the Act 7 Victoria, chap. 47.

Under the Currency Note Law 27 of 1904 the Commissioners of Currency issued their first notes on the 15th March, 1920 aggregating £17,500.

The notes in circulation on the 31st December, 1922, amounted to £77,465 10s. as under :—

|        |           |       |              |        |              |

|--------|-----------|-------|--------------|--------|--------------|

During the year the Commissioners withdrew from circulation the 2/6 issue and to the 31/12/22, £30,510 10/- of these notes were redeemed.

The Commissioners had on the 31/12/22 invested in British Securities £50,297 10/.

The paper money within the island consists of the notes of the Colonial Bank, the Bank of Nova Scotia, the Royal Bank of Canada and the Canadian Bank of Commerce. These notes are no longer legal tender since the Proclamation in Extraordinary Gazette on the 20th August, 1914, under Law 36 of 1914, repealed by Gazette Notice, No. 457 of 2nd July, 1919. Currency Notes of One pound and of Ten shillings value issued by H. M. Treasury under the Currency Bank Notes Act of 1914, were made a legal tender "in the same manner and to the same extent and as fully as Sovereigns and Half Sovereigns are current."

The money of account in Jamaica is pounds, shillings and pence, sterling. By the present Law of Jamaica all silver coins above the value of sixpence current in Great Britain are legal tender here to any amount while those under 6d. are made legal tender to the extent of forty shillings in one payment, but to no greater extent (7 Vic. chap. 51); and all copper coins current in Great Britain are legal tender here to the extent of twelve pence in one payment, but to no greater extent (6 Vic., chap. 40); but there is now no copper coinage current in Great Britain, and the bronze coinage which has superseded it has not been made current here by Proclamation. The other coins current here are all American gold coins of \$5 and upwards at the rate of £1 0s. 6d. per \$5 (one dollar gold pieces are only current at 4s. 1d.); gold coins current in Great Britain and Ireland, and British silver crowns, half-crowns, florins, shillings and sixpences, all of which are legal tender to any extent.

## PART VIII.

### EDUCATION.

#### SECONDARY EDUCATION.\*

Requests were from time to time in years gone by made for the education of the children of free people, but these were to a great extent misappropriated and mismanaged, and the trust funds would have all disappeared had not the Government in 1865 taken possession of what remained, paying a high rate of interest.

In 1879 a law was passed putting all these endowments under the control of the Jamaica Schools Commission, and all are now expended in the cause of secondary education. (See below "Schools Commission" and "Endowed Schools"). From 1881 a Jamaica Scholarship was awarded yearly, and since 1912 one for boys and one for girls were awarded.

The Secondary Education Law of 1892 provided for the establishment of secondary schools in any important centres declared by the Governor in Privy Council, on the recommendation of the Board of Education, to be without adequate provision for secondary education. A secondary school was established under the law at Montego Bay in 1895, and in 1911 it was moved into new buildings at Pleasant Hill with accommodation for boarders, and by an amending law its control was transferred from the Board of Education to the Jamaica Schools Commission.

During the year 1909 the attention of the Jamaica Schools Commission was drawn to a letter from the Secretary of the Board of Education in England, in which it was stated that amongst other ways of assisting public education in different parts of the Empire, the Board of Education undertook "to meet so far as they could the desire of the Government of any Colony for an English Inspector to go out either to inspect the schools or to consult with the educational authorities as to the best means of improving the educational conditions. In this case the Board would make no charge for the services of the Inspector, but would only ask that the travelling and maintenance expenses should be defrayed by the colony in question."

The Commission communicated with the local governing bodies of the various Trust Schools in the Island on the subject; and, on favourable replies being received from them, a request was sent to the Government, that arrangements might be made by the Government with the Board of Education for the sending out of an English Inspector to inspect the Secondary Schools of the island on the lines indicated above. Besides the schools actually under the control of the Commission at this time, Westwood High School, at its own request, and the Montego Bay Secondary School, with the concurrence of the Board of Education, were included in the scheme. As the result of later negotiations Mr. H. H. Piggott, M.A., H. M. Inspector, arrived in the island on the 20th January 1911, and after inspecting the schools finally left the colony on March 22nd. The report received by the Schools Commission in July, 1911, afforded a most useful account of the state of secondary education in Jamaica and gave wise and helpful advice as to development of secondary education in Jamaica in the future. Another visit by Mr. Piggott which had been arranged for 1915 was abandoned on account of the war.

In the Session of the Legislative Council in 1914, a Law consolidating and amending the Laws relating to Secondary Education was passed.

In 1917 a Consultative Committee for Secondary Education was formed by the leading head masters and mistresses, with the Director of Education and the Secretary of the Jamaica Schools Commission.

Regulations for grants-in-aid of Secondary Schools were passed by Resolution of the Legislative Council on the 28th May, 1910 and came into force on the first of August following. Two-thirds of £7,000 was voted for the Michaelmas and Easter terms, the Commission being the authority for administering the Regulations, the Director of Education administering the moneys in accordance with the provisions of the Regulations and the requirements of the Commission. The Commission is required to establish a List of Schools recognised by it as efficient under the Regulations, the List to include the Schools on the Grant List and Schools not eligible or not applying for grants but which apply for recognition and which the Commission determines to be efficient upon inspection. £5,870 was voted for the financial year 1922-23.

\* For a fuller account of the History of Secondary Education, see the Handbook for 1911.

## ELEMENTARY EDUCATION.

Elementary education for the people cannot be said to have existed in Jamaica prior to Emancipation in 1834. For five years subsequent to complete emancipation £30,000 a year was granted by the British Parliament to Jamaica for education, and for five years longer the grant was continued on a diminishing scale. There was for a short time great enthusiasm amongst the people, but the schools established being of a very inferior character the results did not fulfil their expectations and the enthusiasm gave place to entire indifference. Although there was a Board of Education appointed by the Government in 1845, replaced subsequently by a Board of Public Examiners which existed from 1860 to 1864 this state of affairs—owing in great measure to lack of financial support—may be said to have lasted until when Mr. Savage was appointed Inspector of Schools, and, with the active co-operation of the Governor, Sir John Peter Grant, elaborated and established the system which was the foundation of that in force for many years. In that year there were in the Island 490 schools (of which 289 received Government assistance) with an attendance of 18,850. Advance from this time on was rapid.

In 1885 a Commission was appointed to consider and report what changes were necessary to be made in the system of elementary education in the colony. This Commission reported in 1886, but it was not till 1892 that two laws were passed by the Legislative Council giving effect to some of its recommendations. The first of these provided for the creation of a Central Board, to be presided over by the Head of the Education Department, the functions of which would be mainly advisory, but without the recommendation of which no new school should receive aid, nor any change be made in the code of Regulations. Fees were abolished, a special grant made in lieu thereof, and provision made for the enactment by the Governor, in his discretion, on the recommendation of the Board, on or after the 1st January, 1895 of compulsory attendance at elementary schools in such towns or districts as he might designate; for the establishment of small scholarships to assist needy scholars from the elementary schools to obtain higher education in the Secondary Schools; and for the enforcement of a conscience clause. At the same time provisions were also made for the gradual reduction of the limits of age of children in elementary schools from 5-16 to 6-14. The Code then in force was to remain so, until altered on the recommendation of the Board.

Together with the passing of these measures and largely as a result of the abolition of school fees, another wave of educational enthusiasm passed over the island. The reduction of the limits of age did not at once take effect, and the enrolment and attendance at elementary schools went up almost at a bound. Number on books 1895, 104,149; average attendance 1894, 64,695. The reaction, powerfully assisted by the gradual putting into force of the reduction in age limits, at once set in, and in spite of the increase in the population, the figures dropped to 86,491 and 50,978 in 1900. From this time attendance has gradually improved, and in 1903 there was every indication of a rapid increase, but the cyclone in August of that year dealt a blow to the schools from which they did not recover for two or three years and the recovery was checked by the earthquake in 1907. The attendance in the year following the cyclone fell to 50,612, below that for 1900. In 1915-16 it reached 65,302.

In December, 1897, in accordance with a resolution of the Legislative Council, another Commission was appointed, similar in purpose to that of 1885. The Commission consisted of His Honour Mr. Justice Lumb, LL.D. (Chairman), the Most Rev. Archbishop Nuttall, D.D., the Rt. Rev. Bishop Gordon, D.D., two Members of the Legislative Council, viz.—The Hon. D. S. Gideon and the Hon. Jas. Johnston, M.D., and the Rev. Wm. Gillies, D.D. The Commission held in Kingston and other parts of the island 46 public meetings and examined 277 witnesses, and in November, 1898, presented its report accompanied with the evidence it had taken. The Legislative Council at its session in 1899 passed an amending Education Law, and there was a further amendment of the Code, in both of which were embodied, with modifications, some important features of the report, including some change in the powers and duties of the Board of Education, provision for the closing of schools and amalgamation of schools, change in school age, and special provision for Infant Schools with a view to Kindergarten teaching. The Board of Education having approved of other recommendations in the Report to wit:—that no new elementary school recognized by Government should be denominational; that both in training Colleges and in Elementary Schools increased and special attention should be given to agriculture and manual training; and that for the majority of students in Training Colleges a course of two years of training should be provided instead of three; these recommendations were introduced into the Code and came into force as provided

by the Law, during the session of the Legislative Council in 1900. The period of training for students is now ordinarily three years.

The recommendation in the Report of the Commission that schools found to be unnecessary should be closed, and that other schools should be amalgamated, where economy and efficiency could thereby be promoted, was at once carried into effect to a considerable extent, with the result that on the 1st of January, 1900, there were 757 Elementary Schools, including Infant Schools, receiving Government grants.

The Board of Education has met regularly since its appointment, and was, for the first six months, through its Standing Committee and Sub-Committees, constantly at work revising the Code. The Revised Code was finally submitted to His Excellency the Governor in February, 1893, and was approved in Privy Council in July of the same year. Subsequent revisions were approved in 1895, 1899, 1900, 1902, 1911, 1920 and 1921. The chief provisions of the Code are given below.

The following are the latest statistics:—

No child is allowed to be admitted into any public elementary school under seven years of age or to be retained after completing his fifteenth year, except that with the special sanction of the Inspector a limited number of children may be given an extra year at school and serve as monitors. In Infant Schools the limit of age is from 4 to 8 years.

Public elementary schools are inspected and examined by Inspectors and Assistant Inspectors of Schools, and the scholars are examined in the prescribed subjects.

#### COURSE OF STUDY AND STANDARDS OF CLASSIFICATION.

The scholars in all schools on the Annual Grant List are classified according to standards.

Previous to the revision of the code in 1920 the schools were ranked in three classes, according to the number of marks awarded to them at the annual inspections, when the results achieved during the year were measured. Speaking generally schools with 56 marks or over were first class; with 44 marks or over but under 56 second class, and with 32 marks or over but under 44 third class; provided that in each case the prescribed proportion of marks was obtained in each of the chief elementary subjects.

Grants are now made by the Government, based on the average attendance, the schools being placed in grades according to size and salaries with annual increments fixed for each grade for Head Teachers, who are also graded according to qualifications and length of service. Salaries of Assistant Teachers are also provided on a fixed scale with increments, depending upon qualifications and experience. The payments to Pupil Teachers depend upon their qualifications. Special Grants are paid for Advanced Manual Training where taught and for sewing in schools which have no woman teacher on the staff, also for School Appliances and equipment. The average attendance on which grants are made is the mean of the average attendances of the three preceding calendar years, and for the average attendance of each year the best 288 sessions only are taken.

Any person who pays a fee of 5s. may be examined with the Pupil Teachers of any year,

and is informed of the results of his examination: a fee of 2/6 is paid for the preliminary examination which is largely taken by pupils still in attendance at Elementary Schools. In July, 1921, 344 Pupil Teachers and 2,203 other candidates presented themselves for examination.

Annual building grants of £1,500 were given from 1867 to 1896, inclusive, and £500 was voted in 1897, 1900 and 1901, £250 in 1902, and £500 in 1903. No building grant was voted in 1898 or 1899. In 1910 the sum of £1,000 was voted, in 1911 £2,000, in 1912 £4,000, in 1913 £500, in 1914 £250, none in 1915 or 1916, in 1917 £500, in 1918 £614, in 1919 £614, in 1920 £2,500, in 1921 £2,000, and in 1922 £1,500.

After the disastrous cyclone in 1903 a special sum of £3,000 was voted for the rebuilding and repair of school buildings destroyed or injured by the storm, and as not much of this could be spent before the end of the financial year the remainder was reprovided in 1904. A further sum of £3,000 was voted in 1905.

In 1908 £3,000 was voted for repairing schools damaged or destroyed by the earthquake of the 14th January, 1907. In 1909 £860 was voted as a distress grant for the assistance of schools in the districts afflicted by the drought of the two previous years. In 1910 £1,000 was voted for restoring and improving the schools in Kingston, and in 1911 funds were again made available for the same purpose.

After the hurricane of November 1912, the sum of £250 was voted for providing temporary accommodation at schools destroyed (chiefly in the three western parishes) and £3,000 for grants to voluntary schools damaged or destroyed. Out of 126 school houses in St. James, Hanover and Westmoreland, 57 were completely destroyed and 41 more or less seriously damaged in this disaster, and 19 teachers' houses were destroyed and 26 damaged. In addition to the money voted as above £1,300 was made available to complete the restoration of the voluntary schools in the Estimates for 1913-14. Opportunity has been taken to replace many of the voluntary schools with Government Schools where more central situations which rendered amalgamation practicable could be found. Altogether the sum of £14,000 was voted for school buildings for the year 1913-14 apart from the ordinary building grants and £5,600 for the year, 1914-15.

In August, 1915, the Government school at Port Maria was destroyed by wind and sea. £600 was voted for a new building and the Legislative Council approved of the expenditure of £1,500 for the repair of damage caused by the hurricane of the 15th August, 1916, to school buildings and teachers' houses. A hurricane on the 23rd September, 1917, destroyed a large number of schools and teachers' houses especially in Portland and St. Thomas £2,767 10s. 6d. was paid for rebuilding.

The control of the Elementary Schools is as follows.—

Government, 109; Church of England, 180; Baptist, 118; Wesleyan, 77; Moravian, 57; Church of Scotland, 6; Presbyterian, 50; Congregational, 22; Methodist, 10; American Missionary, 5; Roman Catholic, 31; Society of Friends, 3; Undenominational, 18; Government (for East Indian children) 4. According to parishes they are divided as follows:—

|            |    |              |    |               |    |
|------------|----|--------------|----|---------------|----|
| Kingston   | 31 | St. Ann      | 59 | St. Elizabeth | 71 |
| St. Andrew | 45 | Trelawny     | 27 | Manchester    | 65 |
| St. Thomas | 32 | St. James    | 33 | Clarendon     | 65 |
| Portland   | 41 | Hanover      | 31 | St. Catherine | 71 |
| St. Mary   | 61 | Westmoreland | 12 |               |    |

By an Order in Privy Council dated the 17th November, 1910, school attendance was made compulsory as from 1st January, 1911, for all children between the ages of 7 and 13 within the towns of Kingston, Lucea and Falmouth, and within the parish of Port Royal, whilst in 1920 provision was made for extending compulsory attendance to eleven new areas, making over such area for each parish in the island. The regulations on the subject of Compulsory School Attendance under Section 18 (3) of Law 31 of 1892, and the names of the members of the Kingston, Falmouth, and Lucea School Boards first appointed by the Governor were printed in the Handbook of Jamaica for 1911. In March, 1914, a Law consolidating and amending the Laws relating to Elementary Education was passed.

The following duties are assigned to these Boards by the Board of Education.

- (a) To consider and advise the Board of Education upon any matters connected with the working of Public Elementary Schools in the parish, and particularly any such matters as may from time to time be referred to it by the Education Department or the Board of Education.
- (b) To make recommendations to the Board of Education with regard to the establishment of new schools, Infant Schools or Departments, Continuation Schools and Manual Training Schools or Centres, the closing or amalgamation of Elementary Schools, and generally with regard to the better working of the schools of the parish.
- (c) To make By-Laws, for the conduct of the business of the Board and the regulation of its proceedings in accordance with Section 9 of Law 3 of 1910.
- (d) To make recommendations to the Board of Education as to the introduction of compulsion in any part of the parish, and local regulations concerning the same.
- (e) To be the Board of Appeal in connection with the appointment or dismissal of Attendance Officers.
- (f) To supervise the general working of the Government Schools in the parish, and to act as a Board of Appeal from District School Boards in cases affecting teachers employed in or scholars attending Government Schools in the parish, which within the provisions of the Code admit of such appeal.
- (g) With reference to Voluntary Schools, to consider summaries of the results of Annual Inspections of such schools which shall be forwarded by the Education Department, with a view to the general improvement of the schools in the parish. These reports may, if thought necessary, be sent down by the Parish School Board to the District School Boards for their opinions or suggestions; but all recommendations based upon the consideration of such reports shall in due course be addressed by the Parish School Board to the Department and not to the Managers of such Schools.
- (h) To receive and consider reports from the District School Boards as to the buildings and accommodation, equipment and furnishing, and the staffing of such Schools, and make recommendation to the Department thereupon.
- (i) To negotiate with the Managers of Voluntary Schools when the transfer of such schools from the class of Voluntary Schools to that of Government Schools is offered, with the concurrence of the authorities of the Denomination with which such school is connected. Such transfer shall be made only with the consent of the Education Department and of the Board of Education.

And it is declared that the foregoing provisions may from time to time be repealed, altered or varied by the Board of Education with the approval of the Governor.

The Board of Education, with the approval of the Governor, assigned and delegated to each District School Board the following duties and powers in respect of educational matters:—

- (a) To manage all the Government Schools in the District. One member of the Board shall be the Correspondent for each Government School. The same member may act as Correspondent for more than one school. By management shall be meant all those duties which are set forth in Arts. 7, 7a, 7b, 8, 9, 30c, and 38 of the Code of Regulations of the Education Department.
- (b) To appoint from their number or otherwise one or more Visitors for each Government School (Code Art. 6) in the District, who will report to the District School Board (for further report to the Parish School Board if desirable) as to the condition and state of repair of the buildings, sanitary conditions, sufficiency of size in view of average attendance, appliances and fittings; and on such other particulars as are referred to in Art. 7 of the Code.
- (c) To perform such duties as the Parish School Board may from time to time specially delegate to it, and to carry out such orders as the Parish School Board may lawfully issue, and particularly those duties provided for in these Regulations.
- (d) To appoint from their number or otherwise one person acceptable to the Corresponding Manager of a Voluntary School in the District to be a Visitor of such schools: who shall report to the District School Board (for further report to the Parish School Board if desirable) as to the condition and state of repair of the buildings, sanitary condition, sufficiency of size in view of average attendance, appliances and fittings.

(c) In all cases where a building grant is asked for the District School Board is to be consulted, through the Parish School Board, before the grant is allotted.

When a District School Board has by any Order made under Section 18 of Law 31 of 1892 (and Section 5 of Law 35 of 1912) been named as the Authority to enforce compliance with the Order such District School Board may appoint an Attendance Officer or Officers. Such Officers shall be subject to the control and direction of the District School Board and may, subject to the approval of the Parish School Board, be dismissed by it at any time. They shall receive such remuneration as may be fixed by the Governor on the recommendation of the District School Board forwarded through the Board of Education.

### TRAINING COLLEGES.

The following means are also employed by the Government to promote Elementary Education:—

1. 40 students are supported at the Mico Training College in Kingston who are being trained as schoolmasters. In addition to the number supported by the Government there are 20 students on the original foundation supported by the Mico Trustees in England. The Trustees having closed the Mico College in Antigua, now provide also for training 6 students from Antigua at the Mico College in Jamaica and 6 students are received for a two years' course from the Government of British Guiana.
2. A Training College is maintained at Shortwood, in St. Andrew, for women, in which 54 students are under training for the work of school keeping. Six students are also received for a two years' course from the Government of British Guiana.
3. Provision is made for the payment of grants to the managers of certain voluntary Training Colleges for a specified number of resident students under training, and of an additional grant for every student, resident or non-resident, who passes the yearly examination. Under this provision 23 women students are trained at Bethlehem, a Moravian College in the Santa Cruz Mountains, and 6 women students at St. Joseph's (Roman Catholic) College in Kingston.

There are also regulations providing for an annual examination of students in Training Colleges and of teachers of Elementary Schools with a view to the granting of Certificates after a period of four years probationary work in school to those who are successful.

The number of Certified Teachers is about 500.

Between 1900 and 1912 eleven courses of lectures on Agricultural Science and Practical Agriculture were delivered in Kingston and the Santa Cruz Mountains, at which about 562 teachers were present; a few have attended more than one course. A short course of lectures in Domestic Economy was added in 1911. Great interest has been evinced by the teachers in these courses. There are now nearly 500 School Gardens many of which receive visits from Agricultural Instructors as well as from the Inspectors of Schools. In 1913 a course of lectures in domestic training, (viz. cookery and laundry) was given at the Kingston Technical School, and two courses in Kindergarten method for training college students and one course for teachers were held in connection with the Government Infant School.

### BOARD OF EDUCATION.

The Board of Education was constituted under Law 31 of 1892.

The Board's functions are—

To consider and advise upon any matters connected with the working of Public Elementary Schools in Jamaica, particularly:—

- (1) Any such matters as may from time to time be referred to it by the Governor;
- (2) Any changes in the Code that it may think desirable to be made or that may be referred to it by the Governor;
- (3) Any changes that may be necessary for the working of compulsory attendance when brought into force;
- (4) The establishment of new schools, and the closing of or withdrawal of assistance from superfluous, unnecessary or inefficient schools;
- (5) Any changes in the Education Laws it may consider advisable to be made.

It is also provided that when alterations are made in the Code, "all such alterations shall either have been recommended by the Board of Education or shall have been submitted to that Board for its consideration and advice."

## BOARD.

P. J. O'Leary Bradbury, M.A., Director of Education, *Chairman, ex-officio*, Ven. Archdeacon Simms, M.A.; *Vice-Chairman*, Right Rev. C. F. G. DeCarteret, D.D., Rev. S. C. Ashton, Rev. E. Price, B.A., B.D., Right Rev. Bishop O'Hare, S.J., Mrs. Bourne, Hon. Rev. A. A. Barclay, Hon. D. T. Wint, Rev. A. Kirby, Hon. A. G. Nash, B.Sc., E. V. Lockett, B.A., Hon. Rev. G. L. Young, Miss K. J. ## MICO TRAINING COLLEGE.

INSTITUTIONS and Schools under the Lady Mico Charity were founded in the year 1834 by the late Sir Thomas Fowell Buxton. The idea was to afford the benefit of education and training to the black and coloured population of this and the other West India Islands, as well as to train out of this population Teachers for their own Schools and the Schools of all denominations of Christians.

Training institutions were established in Jamaica and Antigua; and schools in Trinidad, Demerara, Bahamas, St. Lucia, Mauritius, and the Seychelle Islands. Of these the Training College in Jamaica alone remains.

The origin of the Charity is as follows:—

Jane Mico, widow of Sir Samuel Mico, Knt., of London, a member of the Mercers Company, who died in 1666, bequeathed the sum of £1,000 "to redeem poor slaves." This money was invested by direction of the Court of Chancery in certain London properties which were conveyed to Lady Mico's executors.

The original sum towards the middle of the 19th century increased to £120,000, and in 1834 Sir Thomas Fowell Buxton conceived that the interest of the money might be legitimately applied to the Christian instruction of the children of West Indians, a purpose as charitable as that for which the money was originally left. A charter was obtained, and the British Government added a grant of £17,000 per annum for five years. The system adopted from the commencement was liberal, comprehensive and undenominational in schools and training colleges.

The original Trustees were:—

James Gibson, The Rt. Hon. Stephen Lushington, D.C.L., Sir Thomas Fowell Buxton, Bart., Thomas Richard Warren, Q.C., John Gurney Hoare, John Elliott Drinkwater Bethune. The present Trustees are:—

Alfred Fowell Buxton, *Chairman*, Sir Samuel John Gurney Hoare, Bart., *Treasurer*; Eliot Howard, Henry Fowell Buxton, Miss Susan Lushington, Brig.-General Stephen Lushington; *Secretary*, John Barnett, 111 North Station Road, Colchester.

The institution in this island belonging to the Charity was for many years situated in Hanover Street, in Kingston, and consisted of a training college for 65 students and a school for 120 scholars. In the year 1891, however, these premises were sold to the Government for a graded elementary school, and the Trustees purchased Quebec Lodge at the north of the race course where they erected a spacious set of buildings at a cost of over £12,000. The college was wrecked by the earthquake of 1907, and was rebuilt. It was destroyed by fire in February, 1910, and again rebuilt in 1911.

The expenditure of the training college and school is about £5,294 per annum. Of this sum £2,250 is allowed by the Local Government for training forty teachers, and the day schools earn upwards of £800 per annum from the Government.

Students are admitted once a year, after a competitive examination, by a selection committee. They are expected to remain three years and go out as teachers in elementary schools on the completion of their college course. During residence they receive free teaching board, lodging and medical attendance. Each student pays an entrance fee; First year £10. Second year £7 10/. Third year £7 10/. There are now sixty-one students in residence, including eight students from Demerara.

The objects for which the institution was originally founded are being more and more realized. Its benefits are not confined to the people of any creed, class or colour. It holds out its advantages to all.

The practising schools in connection with this institution occupy a high place among the first class elementary schools of the island, and the results of the annual examinations of training colleges by the Education Department show that the Mico Training College, which is the largest school of its kind in the West Indies and the oldest training college

for teachers in the Western Hemisphere, is also one of the foremost in respect of the attainments of the young men under training for the office of teacher in the elementary schools of the island.

A fully equipped workshop is fitted up for manual training, and the students receive instruction in practical agriculture from a visiting Instructor. There is a model school garden at the college.

The Governor of the island for the time being is the patron of the institution. It is locally managed by a Board of Directors consisting of fifteen clergymen and laymen.

#### SHORTWOOD TRAINING COLLEGE FOR WOMEN TEACHERS.

This College was established in September, 1885, to meet the want, long and pressingly felt, of a greater number of trained women teachers for the elementary schools of the island. Formerly under the management of a Board of Visitors consisting of ladies and gentlemen appointed by the Governor, it is now under a Board of Directors similarly constituted. The college is strictly undenominational; students are admitted after a competitive examination by a selecting committee which considers also (1) their position in the Pupil Teachers' List, and (2) the recommendation of responsible persons in the districts to which the girls belong. A fee of six pounds for each year of residence is charged. Students are boarded and lodged during the period of their training, subject to an undertaking on their part to teach in Jamaica elementary schools for six years at least.

The ordinary College course occupies two or three years, during which the instruction is in accordance with the schedule attached to the Government Rules for Training Colleges.

The course of training includes the study of subjects generally taught in the public Elementary Schools and, in addition, History, practice in teaching and the management of a class and Domestic Economy, both theoretical and practical. In addition a limited number of students are received who undergo a course of training for domestic work only, extending over a period of not less than four terms.

Under the will of Michael Cuff Morgan, two scholarships of £9 a year each are held at this college, tenable for two years by two respectable poor girls of the parish of St. Elizabeth.

#### MORAVIAN TRAINING COLLEGE FOR WOMEN, BETHLEHEM.

A school for the training of female teachers for service in the day schools belonging to the Moravian Church was opened at Bethabara, in 1861, by the Rev. J. J. Seiler. It is now also made use of for the higher education of the daughters of the native Jamaica

ministers and missionaries of the church. In 1885 the School was placed on the Government list of voluntary training colleges, in consequence of which the number of students was increased and the premises at Bethabara were found to be quite inadequate. New buildings were therefore erected by the Moravian Church at Bethlehem in the Santa Cruz Mountains, the school meanwhile being temporarily removed to Salem. The new school was opened in February, 1889. In the course of 1895 the building was considerably enlarged and improved. It has now accommodation for 30 students. The Government granted 25 maintenance scholarships to the school for the current year. Boarders pay £32 annually. All students pay an entrance fee of 47 10/.

*Principal*—Rev. S. C. Ashton, Bethlehem, Malvern.

*Teachers*—Miss Wookey, Miss Edwards, Miss Westphal.

### GOVERNMENT CONTINUATION TECHNICAL AND COMMERCIAL SCHOOL, KINGSTON.

This school takes the place of the Manual Training School which was established by the Government in January, 1896, as a "model school" and for the purpose of introducing a system of "hand and eye training" into the schools of the island.

Until the earthquake in 1907, the Manual Training School was situated in Hanover Street, Kingston, in premises formerly occupied by the Mico Training College. It included three departments,—Kindergarten, Boys and Girls—having accommodation for 500 pupils and a fully equipped manual training room. After the earthquake the boys' school was removed to new quarters in the Elletson Road, and in September 1911 the present school was opened in reconstructed buildings at 82 Hanover Street. The manual training and technical work which was at first carried on temporarily in the old Treasury buildings in Harbour Street, was transferred to Hanover Street in 1913: it now includes metal work.

The chief purpose of the school is to extend the education given in the ordinary Public Elementary Schools of the Island and to provide special vocational training—Technical and Commercial for boys, and Domestic and Commercial for girls. Day and Evening Classes are held. The school also provides Manual Instruction (Woodwork and Metalwork) for boys and Domestic Instruction (Cookery, Laundry, etc.) for girls for selected pupils from the Public Elementary Schools in Kingston. Nearly one thousand pupils are in attendance.

The Principal, in addition to controlling the work of the school, is attached to the teaching staff of the Mico Training College as instructor in manual training; conducts classes for the instruction of teachers in these subjects and, as Organising Inspector of Manual Training, supervises and examines the work of the other Manual Training Centres in the Island.

The Technical School is affiliated with the City and Guilds of London Institute, and many local teachers, having been trained in the school, have gained the full Teachers' Diploma of the Institute for Manual Training (woodwork).

The centres for advanced Manual Training, working in connection with the school, are situated respectively at:—Mico Training College, Mandeville, Porus, Lucea, Falmouth, Port Antonio, Brown's Town, Montego Bay, Old Harbour, Savanna-la-Mar and Spanish Town. Facilities for this advanced manual training are gradually to be established at all the town centres in the island.

The school is under the general control of the Education Department with an Advisory Committee appointed by the Governor.

## KINGSTON GOVERNMENT INFANT SCHOOL

This school was re-opened in September, 1911. It takes the place of the Board (Infant) School which formed a part of what was known comprehensively as the Kingston Manual Training School and was closed after some eleven years work in 1907 when, as a result of the earthquake, the building was needed for other purposes. The aim of this school is to provide suitable instruction in methods of Infant School teaching for Training College Students and Women Teachers as well as to serve as a model Infant School. It is temporarily closed.

## EXAMINATIONS.

## UNIVERSITY OF LONDON EXAMINATIONS.

Correspondence relating to Examinations in Jamaica is conducted directly between the University and the Jamaica School Commission, and all applications, as well as requests for fuller information must be made to the Secretary of the Commission.

Examinations for Matriculation and for the Degrees of B.D., B.A., LL.B., and B.Sc. are appointed by the Senate from time to time, upon the application of the Commission, desiring that Kingston may be constituted a centre. The Examinations are held on the same dates as the corresponding Examinations in London.

In the case of the Examinations in Science, and of the Examinations in the scientific subjects which involve practical work and which lead to Degrees in Arts, the University requires an assurance that the Commission will provide Assistant Examiners to supervise the Practical Examinations in adequate Laboratories and report thereon to the University Examiners. But such Examinations, especially when the applications for them are made for the first time, are necessarily the subject of somewhat protracted negotiations.

The Examinations of the University are held in or commence in the months stated—the Matriculation in January and June; the Intermediate Examination in Arts and the Intermediate Examination in Science in July; the Intermediate Examination in Divinity and the B.A. Examination in June; the Intermediate Examination in Laws and the LL.B. Examination in September; the B.A. and B.Sc. Examinations in October.

In and after 1921 all Final (Pass and Honours) Examinations, hitherto held in October and November of each year will be held in the Summer of each year. The Examinations in Arts and in Science will commence about the middle of June, and those in Laws and Economics one week later.

In and after 1921, the June Matriculation Examination will be held about the first week in June, and the M.A. Examination will begin in the last week in May.

Applications to sit must reach London three months before the Examination begins and must be in the hands of the Secretary of the Jamaica Schools Commission four months before the holding of the Examination. They must be accompanied by Vouchers showing that the fees have been lodged in the Colonial Bank to the Credit of the Jamaica Schools Commission, University of London Account. In the case of Matriculation a birth certificate and a certificate of good conduct must be enclosed. Applicants must also give a list of the subjects in which they intend to present themselves for examination, chosen according to the Regulations. For the B.D. Honours Examination applications must reach London not later than the 14th February preceding the Examination. They must therefore be in the hands of the Secretary of the Commission by the end of the previous December.

If a candidate withdraws his name after having entered for, or if he fails to pass or to appear at the Examination, the fees shall not be returned to him, but he can enter again at a subsequent Examination; for this he must again pay the required University fee and make application as above described and the Commission may, for sufficient reasons, excuse the local fee.

The fees are:—

Matriculation—University, £2 12s. 6d. Local £2 2s. 0d. Total £4 14s. 6d.

Intermediate or Final—University £7 7s. 0d. Local £3 3s. 0d. Total £10 10s. 0d.

The following have taken London Degrees in Jamaica:—

A. E. Harrison, B.A., 1890.

Rev. J. L. Ramsay, B.A., 1891, M.A. 1893.

Rev. G. S. Grange, B.A., 1891.

H. E. Vaughan, B.A., 1893.

C. A. Cover, B.A., 1895.

A. A. Kennedy, B.A., 1898.

J. L. King, B.A., 1904.

Rev. P. W. Gibson, B.D., 1917.

G. S. McDonald, B.A., 1917.

B. C. O'B. Nation, B.A., 1917.

A. B. Adams, B.A., 1920.

## UNIVERSITY OF CAMBRIDGE LOCAL EXAMINATIONS.

The University of Cambridge Local Examinations were held in Jamaica for the first time in December, 1882, the Governors of the Institute of Jamaica taking the necessary steps to establish a Local Centre. At the outset none but Senior and Junior Candidates were presented, but in 1895 the Preliminary Local Examination was introduced: the Higher Local Examination was held for the first time in 1901, and the Higher School Certificate Examination, (on the results of which the Jamaica Scholarship and the £60 Scholarship are awarded), in July, 1919.

The examination of Junior and Senior candidates is now held every December and July. The Preliminary Examination, which has been discontinued in England, is held in December only and the Higher School Certificate Examination in July only.

The Senior Local Examination, according to the revised Syllabus introduced in 1917, is intended to be a test of general education for pupils in a form of the average age of 16-16½ years before they begin to specialise in any particular branch of study. It is hoped that, for the examination as designed, whole forms may be sent in rather than selected candidates.

The Higher School Certificate Examination is designed to test the work of students whose age is about 18, and who have as a rule given about two years' study mainly but not exclusively to some definite group of subjects.

In December, 1921, there were centres at Kingston (Boys and Girls), Jamaica College—Montego Bay, (Boys and Girls), Savanna-la-Mar, Brown's Town, Port Antonio, Westwood, Spanish Town, Mandeville. For the Senior and Junior Examinations, 357 Candidates entered; 43 passed in Honours, 155 not in Honours.

In July, 1921, there were centres at Kingston, Calabar and Munro College.

The fees are as follows:—Higher Local University, £1 10s.; Local, 10/; = £2. Higher School Certificate, £3 5s.; Local 7s. = £3 11s.; Senior, University, £2 2s.; Local 7s. = £2 9s.; Junior, University, £1 5s.; Local 7s.; = £1 11s. Preliminary, University, 15s.; Local 5s. = £1. "Over age" candidates pay an extra Local fee of 1/. Late fee, University, 5/; Local 1s. = 6s.

## EXAMINATIONS IN MUSIC.

In April, 1908, the examinations of the Associated Board of the Royal Academy of Music and the Royal College of Music, of London, England, for local examinations in Music in the British Empire, were held for the first time in Jamaica.

The examinations of the Associated Board are as follows:—

*1st School Examinations:* (a) for individual certificates (to which students receiving private tuition are also admitted) in four divisions, viz: Primary, Elementary, Lower, and Higher; (b) A general school examination for a collective report on the teaching generally; (c) A class singing examination.

*2nd Local Centre Examinations:*—Intermediate and advanced grades for individual certificates.

*3rd Examinations for the Licentiatehip of the Associated Board,* (a) for teachers: (b) for solo performers of concert standard.

The colonial examinations, which are precisely similar to those held in the United Kingdom, are held in Australia, New Zealand, Canada and elsewhere.

As far back as 1896 the Board of Governors of the Institute of Jamaica, recognising that they were the highest form of musical examinations obtainable, commenced a correspondence having for its object the holding of the examinations of the Associated Board in Jamaica. Arrangements were made to hold the examinations in this colony in 1907, but the earthquake caused their postponement till 1908, when there were 78 candidates. Since then they have been held yearly.

The Board offers annually, to candidates in its Examinations in Jamaica, one Exhibition, entitling its holder to free tuition at the Royal Academy of Music, or the Royal College of Music, London, for two or possibly three years. The Exhibition is awarded on the recommendation of the Examiner to the Candidate showing the greatest musical promise. Exhibitions were awarded in 1908 and yearly from 1915. There is no limit of age, but the Board may decline to award the Exhibition in any year in which, in its opinion, sufficient promise has not been shown by any Candidate. The Board of Governors of the Institute of Jamaica offers a Prize of £12 to the best candidate in the advanced grade Local Centre.

In 1922 Mr. Algernon Lindo, one of the Examiners of the Associated Board, conducted the Practical Examinations in pianoforte, violin and singing, at eight centres—Mandeville, Brown's Town, Westwood, Montego Bay, Hampton, Spanish

Town, Kingston and lower St. Andrew, at which centres with the exception of lower St. Andrew, the Theory Examinations were also held. As a result of the examination 354 certificates. (1 Licentiate, 73 Local Centre and 279 School) were awarded, there being 109 failures (5 Licentiate, 38 Local Centre and 60 School).

The examinations will be held in March and April, 1923.

The Honorary Local Representative in Jamaica of the Associated Board is Mr. Frank Cundall, Institute of Jamaica.

#### EXAMINATIONS IN DRAWING.

The examinations of the Royal Drawing Society (for the encouragement of the natural development of drawing as an integral part of general education) are held at certain schools in Jamaica. The examinations are held in June at schools of recognized standing which pay a fee of £1 ls. a year and in addition 6d. for each paper drawn upon in the examination. There are seven divisions of the examination, ranging from the Preparatory to Division VI. The examination in Division VI. is in four different parts, including, painting, figure drawing, pictorial composition and decorative composition.

A full Honours Certificate is awarded to these candidates who obtain Honours in Divisions I, II, III, IV, V, and in one part of Division VI.

The general prospectus of the Society can be obtained by payment of 6d. from The Art Director, the Royal Drawing Society, 50 Queen Anne's Gate, Westminster, S.W., England.

The Illustrating Syllabus provides for examinations of six grades for more advanced student Candidates who have secured the full honours certificate of the Schools Examinations are excused from Divisions I and II of the Illustrating Syllabus.

An Exhibition of Work from Schools is held in London each Spring. Exhibits which have to be mounted must be forwarded in January.

#### SCHOLARSHIPS.

GRANTED BY THE GOVERNMENT OF JAMAICA.

*Regulations as to the Scholarships awarded annually.*

##### I.

SCHOLARSHIP OF £60 PER ANNUM FOR THREE YEARS.

1. One Scholarship of £60 per annum, tenable for three years, shall be granted each year to the candidate in the University of Cambridge Higher School Certificate Examination.

- (a) Who was born in Jamaica, or of parents who were domiciled in Jamaica at the time of the candidate's birth, or have been domiciled in Jamaica for at least the five years next preceding the Examination;
- (b) Who has resided in Jamaica for at least the five years next preceding the Examination: provided that short absences from the Island on holiday trips, need not, at the discretion of the Governor, disqualify in this respect;
- (c) Who is not less than eighteen nor more than nineteen years of age on the 15th July in the year of examination: provided that candidates for the 1919 Scholarship who would have been eligible for the examination in December 1918, had it been held under the previous regulations, shall be eligible for the 1919 Examination;
- (d) Who is shown to be of good and steady personal character;
- (e) Who has written on or before the 1st March in the year of examination, to the Director of Education, stating that he is a candidate for this scholarship, and transmitting satisfactory evidence that he has fulfilled all the foregoing require-

ments. Along with this application a certificate from a Registered Medical Practitioner approved by the Director of Education must be sent in as to the candidate's fitness to hold this scholarship; and

- (f) Who shall be reported to the Governor by the University of Cambridge Local Examinations Syndicate as the candidate most deserving of this scholarship among those who have submitted themselves to the examination for the Jamaica Scholarship (Boys) [see Jamaica Scholarship (Boys) Regulations I (f)] after excluding the winner, if any, of that scholarship and are eligible for and willing to take up this scholarship.

2. The Scholarship shall begin on the first of July in the year in which it is granted, or, with the special permission of the Governor on the recommendation of the Jamaica Schools Commission, in the following year. It shall be paid quarterly to the scholar on production of a certificate signed by the recognised authority of any efficient College or School in the Island of Jamaica in which he is prosecuting his studies, stating that such scholar is thoroughly well conducted and industrious, and that he is duly proceeding to the Examinations for some Degree of the University of London, or that he is following a course of useful study (approved of by the Jamaica Schools Commission) unconnected with London University, leading to a definite profession or occupation in an institution in which success is attested by recognised degrees, certificates, or diplomas. A Collegiate Institution or School shall be considered efficient for the purposes of this clause if the Jamaica Schools Commission is satisfied that sufficient provision has been made within the College or School for all tuition required to prepare the scholar for the Degree, Certificate or Diploma to which he declares his intention of proceeding. The Jamaica Schools Commission may, in any special case, to be considered on its merits, if it is satisfied that the necessary tuition for attaining any Degree, Certificate or Diploma approved of, cannot be obtained in Jamaica, waive the requirement that the Scholarship shall only be tenable at some College or School in Jamaica, making in each case such alternative conditions as it may think fit.

3. No person shall, in any circumstances, be allowed to hold the Jamaica Scholarship or the Rhodes Scholarship and this Scholarship at the same time.

## II.

### THE JAMAICA SCHOLARSHIP (BOYS).

1. A Scholarship of (i) £270 per annum, tenable for three years, or (ii) of £187 10s. per annum tenable for four years, or (iii) £150 per annum tenable for five years, at the option of the holder and the discretion of the Governor in Privy Council, will be granted each year to the candidate in the University of Cambridge Higher School Certificate Examination.

- (a) Who was born in Jamaica, or of parents who were domiciled in Jamaica at the time of the candidate's birth, or have been domiciled in Jamaica for at least five years next preceding the examination;
- (b) Who has resided in Jamaica for at least the five years next preceding the examination; provided that short absences from the island on holiday trips need not, at the discretion of the Governor, disqualify in this respect;
- (c) Who is not less than seventeen nor more than nineteen years of age on the 15th July in the year of examination; provided that candidates for the 1919 Scholarship who would have been eligible for the examination in December 1918, had it been held under the previous regulations, shall be eligible for the 1919 examination;
- (d) Who is shown to be of good and steady personal character;
- (e) Who has written, on or before the 1st March in the year of examination, to the Director of Education, stating that he is a candidate for the Scholarship, and transmitting satisfactory evidence that he has fulfilled all the foregoing requirements. Along with this application a certificate from a Registered Medical Practitioner approved by the Director of Education must be sent in as to the candidate's fitness to hold the Scholarship; and
- (f) Who shall be reported to the Governor by the University of Cambridge Local Examinations Syndicate as the candidate most deserving of the Scholarship among those (after excluding any candidates who may be or who may have been elected to a Rhodes Scholarship) who have taken the prescribed examination which will be conducted (in Kingston only) in July of each year.

The provisions of this section as to the examination on which and the manner in which the Scholarship may be awarded may be varied at any time by the Governor after not less than twelve month's notice, published in the Jamaica Gazette.

2. No person shall, in any circumstances be allowed to hold this Scholarship and a £60 Scholarship or a Rhodes Scholarship at the same time.

3. Candidates for the Scholarship must comply with all requirements of the University of Cambridge Local Examination Syndicate as to fees, forms, and date of entrance, &c., as to which information may be obtained from the Honorary Secretary of the Cambridge Local Examinations Committee.

4. The name of the successful candidate will be reported to the Governor by the Secretary of the University of Cambridge Local Examinations Syndicate through the Director of Education, and will be duly announced by him to such candidate, and published in the Jamaica Gazette.

5. The successful candidate shall enter, not later than Michaelmas Term in the year in which the Scholarship is granted or, with the special permission of the Governor on the recommendation of the Jamaica Schools Commission, in the following year, as a student of one of the Universities of Great Britain or Ireland, or of any other University, Agricultural or Engineering College or other institution in the British Empire at which success is attested by recognized degrees, certificates, or diplomas in the pursuit of any course of useful study, to be approved by the Governor on the recommendation of the Jamaica Schools Commission.

If he enters any University or Institution in Great Britain or Ireland, he shall report himself in due course to the Director of Colonial Scholarships, London,\* and he shall transmit to him quarterly a certificate signed by his College Tutor or other recognized authority, stating that he is thoroughly well conducted and industrious. Subject to the fulfilment of the conditions the scholar will be paid quarterly by the Crown Agents, for the Colonies, the Scholarship to commence on the 1st of July in the year in which it is granted.

If a Canadian Institution is selected and approved the scholar must transmit to the Colonial Secretary, Kingston, Jamaica, the required quarterly certificate in time for him to instruct the Government Agents in Canada to pay the instalment of the Scholarship due for that quarter.

Each scholar shall also transmit in the beginning of June in each year to the Secretary of the Jamaica Schools Commission, Kingston, Jamaica, a certificate signed by his Tutor or other authority as aforesaid, stating that he is making satisfactory progress in his studies and is proceeding towards the attainment of such degree, certificate or diploma, as may have been approved as aforesaid; and if he fails to obtain such certificate, or does not read for Honours, in the event of the authorities of his College deciding that he should do so, the Scholarship shall be withdrawn summarily.

6. In all cases of doubt, or questions arising in the Colony or in Great Britain as to the construction of the conditions under which the Scholarship is competed for, and the payments attached to the Scholarship are made, the Governor and the Secretary of State for the Colonies respectively shall have full power and authority finally to decide.

7. The provisions as to the examination on which and the manner in which Scholarships will be awarded may be varied at any time by the Governor in Privy Council and a copy of the Regulations in force at the time, setting forth the conditions on which Scholarships are awarded and held, shall be laid upon the table of the Legislative Council at the beginning of each Session; and may from time to time be amended in accordance with Resolutions of the Council, provided that no amendment shall come into force until twelve months from the date of its publication in the Jamaica Gazette.

NOTE—In special circumstances, at the discretion of the Governor, an advance not exceeding £30 may be made to the holder of the Scholarship to enable him to proceed abroad. The advance will be recoverable from the amount of the Scholarship.

### III.

#### THE JAMAICA SCHOLARSHIP (GIRLS).

1. A Scholarship of £250 per annum beginning on the 1st of July in the year in which it is granted and tenable for three years, will be granted to the candidate,

(a) who was born in Jamaica, or of parents who were domiciled in Jamaica, at the time of the candidate's birth, or have been domiciled in Jamaica for at least the five years next preceding the examination;

\* Office of Crown Agents for the Colonies, 4 Milbank Westminster, London, S.W.

† At present Messrs. Lewis Lazarus & Son, Royal Bank Buildings, Toronto.

- (b) who has resided in Jamaica for at least the five years next preceding the examination, provided that short absences from the Island on holiday trips need not, at the discretion of the Governor, disqualify in this respect;
- (c) who will be not less than eighteen nor more than twenty years of age on the 1st of October in the year in which the Scholarship commences.
- (d) who is shown to be of good and steady personal character;
- (e) who, except in case of illness certified to the satisfaction of the Governor, previously has (1) passed the London Matriculation Examination or (2) has passed in the subjects required to secure exemption therefrom either in the Cambridge Senior Local Examination or in the examination conducted by the Oxford and Cambridge Schools Examination Board for the Higher Certificate or for the School Certificate, (with permission in the last case to substitute one of the additional optional subjects for Greek) or (3) has met the requirements for admission to one of the Women's Colleges at Oxford or Cambridge: provided that before January 31st in the year of award each candidate shall submit certificates entitling her to exemption in all the subjects required for the entrance examination at the University or other Institution of her choice.
- (f) Who has written on or before the 1st April in the year preceding the award to the Director of Education stating (i) that she is a candidate for the Scholarship (ii) the subjects she will take in the examination (see sec. II. below) and (iii) the name of the University in Great Britain or Ireland or other Institution in the British Empire at which she proposes to hold the Scholarship, at the same time transmitting (iv) satisfactory evidence that she has fulfilled the requirements mentioned in (a) (b) (c) (d) above. A form will be supplied by the Director of Education for this purpose. Along with this form (v.) a certificate from a Registered Medical Practitioner must be sent in as to the candidate's fitness to hold the Scholarship and (vi.) a Treasury receipt for an entrance fee of £1 ls. paid by the candidate.
- (g) Who shall be reported to the Governor by the Examining Body as the candidate most deserving of the Scholarship among those duly qualified as above, who have submitted themselves to the Examination hereinafter provided.

II. An examination of the duly qualified candidates shall be conducted in Kingston by means of special papers at the same time as the Cambridge Local Examinations in December: the papers all to be 2½ hours papers except where otherwise provided in these regulations, and of a standard to which candidates may reasonably be expected to attain within twelve months of their having passed in Honours in the Cambridge Senior Local Examination.

The Subjects of examination shall be as follows:—

(i) Compulsory:

- (a) An English Essay, a considerable selection of subjects to be offered and in the selection of subjects due weight to be given to the fact that the candidates will have been educated in Jamaica, and that some of them will offer Languages as their Principal Subject, others Mathematics, and others Science (one paper): (b) A general English Literature paper—the questions being confined to principal authors and their works—for the Scholarship to be awarded in 1914 and each alternate year thereafter in the period 1579-1740, A.D. and for the Scholarship to be awarded in 1915 and each alternate year thereafter in the period 1741-1850 A.D. (one paper).

(ii) Principal subject: any one out of the following three—

- (a) Languages: Latin and Greek or French or German or Spanish (four papers)
- (b) Mathematics, viz., Pure Geometry: Algebra: Plane Trigonometry and one other chosen out of the following:—(a) Elementary Geometrical Conic Sections and Analytical Conic Sections (either or both.) (b) Elementary Statics. (c) Elementary Dynamics. (d) Elements of the Differential and Integral Calculus (four papers).
- (c) Science: any two out of the following three:—  
Physics (Mechanics, Heat and Light): Chemistry: Botany: (four papers—two theoretical, two practical—3 hours).

(iii) Subsidiary subject: any one out of the following (but see below): two papers in each subject—

- (a) Languages—Latin or Greek or French or German or Spanish.
- (b) Mathematics—Geometry and Algebra and Plane Trigonometry.
- (c) Science—Physics or Chemistry or Botany.

- (d) Geography of the British Empire and English History—general questions for the Scholarship to be awarded in 1914 and each alternate year thereafter in the period 1066-1688 A.D.: for the Scholarship to be awarded in 1915 and each alternate year thereafter in the period 1688-1900, A.D.

The questions in the Subsidiary Subject shall be of a lower standard than in the Principal Subject and the papers in this subject shall be two-hour papers. And if ii (a) be taken as Principal Subject, no part of iii (a) may be taken as Subsidiary Subject; if ii (b) be taken as Principal Subject iii (b) may not be taken as Subsidiary Subject; and if ii (c) be taken as Principal Subject no part of iii (c) may be taken as Subsidiary Subject. In the consideration of the examination results the examiners will assign 15% of the maximum marks obtainable in the whole examination to i (a): 10% to i (b): 60% to ii; and 15% to (iii).

III. The successful candidate shall enter, not later than Michaelmas Term in the year of her election, or with the special permission of the Governor on the recommendation of the Jamaica Schools Commission, in the following year as a student in one of the Universities in Great Britain or Ireland or other Institution in the British Empire at which success is attested by recognised degrees, certificates, or diplomas in the pursuit of any course of useful study leading to a definite profession or occupation to be approved by the Governor on the recommendation of the Jamaica Schools Commission.

If she enters any University or Institution in Great Britain or Ireland, she shall report herself in due course at the Colonial Office, London, and she shall transmit quarterly to the Secretary of State for the Colonies a certificate signed by her College Tutor or other recognised authority, stating that she is thoroughly well conducted and industrious, subject to the fulfilment of the conditions, of which the Secretary of State will advise the Crown Agents for the Colonies, the scholar will be paid quarterly by the Crown Agents.

If a Canadian Institution is selected and approved the scholar must transmit to the Colonial Secretary, Kingston, Jamaica, the required certificate in time for him to instruct the Government Agents in Canada to pay the instalment of the Scholarship due for that quarter.

The scholar shall also transmit in the beginning of June in each year to the Secretary of the Jamaica Schools Commission, Kingston, Jamaica, a certificate signed by her Tutor or other authority as aforesaid, stating that she is making satisfactory progress in her studies and is proceeding towards the attainment of such degree, certificate or diploma as may have been approved as aforesaid; and if she fails to obtain such certificate, or does not read for Honours, in the event of the authorities of the College deciding that she should do so, the Scholarship shall be withdrawn summarily.

IV. In all cases of doubt, or questions arising in the Colony or in Great Britain as to the construction of the conditions under which the Scholarship is competed for and the payments attached to the Scholarship are made, the Governor and the Secretary of State respectively shall have full power and authority finally to decide.

V. The provisions as to the examination on which and the manner in which the Scholarship shall be awarded may be varied at any time by the Governor in Privy Council and the Regulations in force for the time being shall be laid on the table of the Legislative Council at the commencement of each Session and liable to amendment in accordance with resolution of the Council: provided that no amendment or alteration shall come into force until 12 months from the date of its publication in the Jamaica Gazette.

NOTE.—In special circumstances, at the discretion of the Governor, an advance not exceeding £30 may be made to the holder of the Scholarship to enable her to proceed abroad. The advance will be recoverable from the amount of the Scholarship.

#### (PART OF LAW 34 OF 1914.)

The Legislative Council may by Resolution on or before the 30th April in any year determine that any Scholarship established under this Law shall not be awarded for the year commencing on the first day of January next ensuing, and in that case such Scholarship shall not be awarded for such year, but such Resolution shall not affect any Scholarship previously awarded.

A copy of the Regulations in force at the time, setting forth the conditions on which Scholarships established under this Law are awarded and held, shall be laid on the table of the Legislative Council at the opening of each Session; and may from time to time be amended in accordance with Resolution of the Council; provided that no amendment shall come into force until twelve months from the date of its adoption.

## THE RHODES SCHOLARSHIPS.

Under the will of the late Mr. Cecil Rhodes, a Scholarship of £300 a year, tenable for three years at Oxford University, is awarded each year in respect of this colony.

The terms of the Will are given in the Handbook for 1909.

Candidates must have taken the examination prescribed for the Jamaica Scholarship (Boys), now the University of Cambridge Higher School Certificate Examination.

A fee of one guinea must be paid into the Colonial Bank to the credit of the Committee of Selection.

*Rhodes Scholarships Fees Account*, and the receipt shewing that payment has been made must be forwarded to the Secretary of the Jamaica Schools Commission.

An examination in Responsions is not held in Jamaica.

The Trustees of the Will of the late Mr. Cecil Rhodes issued in June, 1921, the following Memorandum for the information of educational authorities and intending candidates for Scholarships in Jamaica.

## MEMORANDUM.

*The Rhodes Scholarships in Jamaica.*

1. An Annual Scholarship is assigned to Jamaica. A Scholarship is of the value of £300 a year, and is tenable for three years, subject to the continued approval of the College at Oxford of which the Scholar is a member. In addition a Scholar will receive, until further notice, an annual bonus of £50.

2. Subject in all cases to review and confirmation by the Trustees, appointments will be made by the Committee of Selection.

3. The Committee of Selection shall consist of:—

His Excellency the Governor, or Officer administering the Government (Chairman).  
His Honour the Chief Justice.

The Director of Education.

The Chairman of the Jamaica Schools Commission.

Hon. T. L. Roxburgh, C.M.G.

The first four members of the Committee hold their places *ex-officio*, and their places will be filled as vacancies occur, by their successors in office. The fifth member will be elected by co-optation, subject to the approval of the Rhodes Trustees, when a vacancy occurs. Three members of the Committee shall form a quorum. The Chairman shall have both an original and a casting vote in decisions made by the Committee.

4. The following are the conditions under which Candidates are eligible to compete:—

- (a) Candidates must be British subjects and unmarried.
- (b) The parents or recognised guardians of candidates must be actually domiciled in Jamaica, such domicile to include at least seven years' residence in Jamaica immediately preceding the election.
- (c) Candidates must have passed five years of their life, between the ages of 6 and 18 in Jamaica.
- (d) Candidates must have passed the Responsions Examination of the University of Oxford or its equivalent. The Committee of Selection is free to apply to candidates, or to any selected number of them, such further intellectual tests as they may consider necessary.
- (e) Candidates must be of such an age that they will have passed their nineteenth and not have passed their twenty-fifth birthday by October 1st of the year for which they are elected.
- (f) Every third year the selection of the Rhodes Scholar will be made from candidates who have lived in Jamaica for the whole of the seven years preceding the date of the selection. This restriction will apply to the years 1924, 1927, 1930, and so on. In the case of a candidate under this rule having been off the Island for the benefit of his health during this period, the Committee of Selection may decide, if they think fit, that this does not interfere with his eligibility.

5. In any doubtful cases of eligibility the decision of the Committee of Selection shall be final.

6. In the event of funds being required to meet expenses in connection with the selection, the Committee may charge a fee to each candidate with a view to covering such expenses.

7. The election must be completed in any year by November 25th. Candidates must send their applications with all the required material, to the Secretary of the Selection Committee for Jamaica, not later than *October 20th*. They should make use of the Application Form attached to this Memorandum.

8. The material to be submitted by any candidate is as follows:—

- (a) A birth certificate.
- (b) Evidence as to the subjects he has studied and any examinations he may have passed.
- (c) A statement by himself as to his general interests and activities, the line of study which he proposes to follow at Oxford, and the character of the work at which he aims in after life. (If the candidate has left school before applying for a Rhodes Scholarship, he should also state his occupation since he left.)
- (d) Four testimonials from persons well acquainted with him.
- (e) References to not more than four other persons, under at least two of whom he must have studied.

9. As soon as the election is completed, the successful candidate's dossier must be forwarded forthwith, entire, by the Secretary of the Selection Committee to the Oxford Secretary to the Rhodes Trustees, 9, South Parks Road, Oxford.

10. Immediately after receiving notice of his appointment, the Scholar-elect must write to F. I. Wylie Esq., Oxford Secretary to the Rhodes Trustees, 9, South Parks Road, Oxford, indicating, in the order of his preference, the Colleges to which he would most wish to obtain admission. This list should contain eight names.

11. Negotiations with the Colleges have to be conducted in the Lent Term, and to that end it is necessary that all the required material should be in the hands of the Oxford Secretary in the early part of January. Colleges are unwilling to consider applications from Rhodes Scholars until *all* are in; the failure of one or two Committees to elect in time, or any delay in the despatch of the material, may hold up the whole machinery.

12. The Scholar will begin residence at Oxford in October of the year for which he is elected.

13. Greek is no longer an obligatory subject at Oxford.

14. Should a Scholarship be vacated, owing to marriage, resignation, or any other cause, it will not be filled up until the year in which it would naturally expire.

15. It should be realized that £350 (the value of the Scholarship, plus bonus) will not meet the expenses of a full year, including vacations. Scholars will therefore find it necessary to supplement their Scholarship to some extent.

16. Information as to Oxford Colleges and Courses will be found in the Oxford University Handbook\* which can be obtained of the Oxford University Press. (American Address: 29-35, West 32nd Street, New York.)

17. Copies of this Memorandum can be obtained from the Secretary of the Jamaica Schools Commission, who acts as Secretary to the Committee of Selection, or from the Offices of the Trust.

The Rhodes Trust, Seymour House,  
Waterloo Place,  
London, S.W.1.

June, 1921.

*Principles governing the Selection of Scholars.*

1. The Trustees desire that the selection of Rhodes Scholars shall be carried out with careful regard to the definition of fitness given by Mr. Rhodes in his will, viz.:—

(a) Ability and scholastic attainments.

(b) Force of character and capacity for leadership as shown by "manhood, truth, courage, devotion to duty, sympathy for and protection of the weak, kindness, unselfishness and fellowship."

(c) Physical vigour as shown by "fondness of and success in manly outdoor sports."

2. Mr. Rhodes wished his Scholars to be chosen especially for the possession of those mental and moral qualities which would be "likely in after-life to guide them to esteem the performance of public duties as their highest aim." He explained for the guidance of those who would have the choice of Scholars that his ideal Scholar would be characterized by a strong combination of the first two sets of qualities. While he also desired that all his Scholars should have manliness and physical vigour, his main emphasis was laid upon intellectual and moral force, and he did not intend that his Scholars should be chosen for "athletic" pre-eminence in the narrower sense of that term. The Trustees hope that Committees will bear these wishes of the Founder most carefully in mind when determining the weight to be attached to the different qualities in each of the candidates who offer themselves for selection. Some distinction either of character or of intellect should be looked for, and close attention should be given to Mr. Rhodes' wish that the performance of public duties should be his Scholars' highest aim.

3. The Committee will summon to a personal interview such of the candidates as they choose. Save under exceptional circumstances, no candidate will be appointed without such an interview. Should the interview be dispensed with, a statement of the reasons will be forwarded to the Trustees.

4. Poverty does not give any special claim to a Scholarship. The Trustees desire that the strongest candidate be appointed, irrespective of his financial circumstances.

5. In the absence of strong candidates, the Trustees hope that Committees will make no appointment.

6. Committees are responsible for satisfying themselves, before nominating a candidate to a Scholarship, that he fulfils the conditions as regards age, domicile, academic qualification, etc. No exceptions to the age conditions can be admitted.

7. While candidates are eligible so long as they will not have passed their 25th birthday on October 1st of the year for which they are elected, this upper limit should be regarded as intended to cover exceptional cases. Normally, it is desirable that a candidate should be younger than this when he comes into residence—say 20 or 21 years of age.

*Notes on the Memorandum.*

1. Memo. 4 (d.). Candidates for Rhodes Scholarships are required to communicate with the Secretary of the Committee of Selection not later than July 20th, in the year in which they compete, showing how they are qualified for exemption from Responsions if they have not passed that Examination, or inquiring what steps they should take to determine the question. Quote 283/22.

2. Memo 4 (f). The date of selecting a candidate for 1921 is November, 1923. The candidates coming before the Committee of Selection in 1923 must have lived in Jamaica the whole of the seven years preceding the election.

\* This book is at present out of print. Failing the Handbook, Candidates are recommended to get a pamphlet entitled "General information" (price 6d.), and the Examination Statutes (price 3/6) both of which are published by the Oxford University Press.

3. Memo. 6. The fee of one guinea from each candidate should be paid into the Colonial Bank to the "Committee of Selection, Rhodes Scholarships Fees Account" and the voucher should be sent to the Secretary.

4. The Secretary may give unofficial advice to a candidate, but the Committee of Selection can accept no responsibility in the matter.

JAMAICA SCHOOLS COMMISSION.

THE Legislature in 1879 passed a Law (34 of 1879) creating a corporate body called the Jamaica Schools Commission: (1) to be the governing body for the management of a school to be called the Jamaica High School (now called Jamaica College) to be so conducted as to promote the higher education of the country, and (2) to have power to make visitations of endowed schools and to prepare and execute schemes for the reform of governing bodies and the better application of endowments for education throughout the island. The Schools Commission acts as Board of Management of the Jamaica College, and exercises supervision over the other endowed schools of the island. By Law 7 of 1911 it controls the Montego Bay Government Secondary School (now) Cornwall College.

It also advises the Government on matters connected with Secondary Education generally.

ENDOWED SCHOOLS.

JAMAICA COLLEGE.

*Hope.*

Provision was made by Law 34 of 1879, for the establishment, under the control of the Jamaica Schools Commission, of a School to be called "The Jamaica High School," at which there should be provided a good liberal education.

Under this law "The Jamaica Free School" in St. Ann, and all funds and property thereof were absolutely vested in the Schools Commission, and are used for the purposes of the Jamaica College.

The School Buildings at Hope, in the parish of St. Andrew, about 5 miles from Kingston, on the car line, were opened by Sir Henry Norman, on the 9th of July, 1885. A College was opened in September, 1890, in connection with the School. By Law 26 of 1902, the Jamaica High School and University College were amalgamated under the

name of the Jamaica College. It contains accommodation for the head master and his family, five other masters, seven students and seventy boarders.

The buildings were much damaged by the earthquake of 1907; they were repaired so that they could be used within a few weeks, and were completely restored during the following year with the help of a vote of £2,500 made by the Legislative Council in the session of 1907.

The Jamaica College has an income, irrespective of fees, of £1,696 (£700 Government Grant, £996 Endowment), besides a Government grant of £500 for payment of debentures, and the sum awarded under the new scheme for Grants-in-Aid to Secondary Schools (in 1920-1921, £688 6s. 8d.).

Regulations for the management of the College have been framed by the Schools Commission, of which those of most general interest are the following:—

The College is open to all religious denominations.

*Scholars*.—The College consists of the following classes of boys:—

- I.—*Foundations*. (a) Drax scholars (ten in number), elected from the parish of St. Ann, (b) Foundations other than Drax Scholars elected from parishes other than St. Ann, thirteen in number. II.—*Holders of Endowed Schools' Special Scholarships*. III.—*Paying Term Boarders*. IV.—*Paying Day Boys*.

*Admission of Foundations*.—Foundations are elected by the Schools Commission subject to the results of an Examination and to their meeting certain requirements:—

1. Boys are eligible as Candidates for admission as Foundations only in case of the inability of their parents to provide a liberal education for their children.
2. Their age must be between 9 and 13 on Jan. 1st in the year in which their tenure of the Scholarship begins.
3. Satisfactory testimony must be furnished as to their good character.

*Special Scholarships from certain Endowed Schools*.—It has been deemed desirable that certain Endowed Schools, which do not provide advanced Secondary Education, should found Scholarships to be held at the Jamaica College or some other School approved by the Commission, which does give such advanced education, by boys and girls entitled to enjoy the benefits of the said Local Endowed Schools. The general qualifications for competition for such Scholarships are fixed and the scholars are elected by the Local Trustees, provided that the boys or girls nominated by them must be prepared at least to pass such Examination as is required by boys coming in to the Jamaica College as paying boarders. At present there are no such scholarships provided.

*Exhibitions*.—The Schools Commission is prepared to grant exhibitions to paying terminal and weekly boarders either at admission, or, on the report of the Examiners and Head Master, to boys already in the School. Exhibitions are given as the reward of merit only, and vary in value according to merit and the financial resources at the disposal of the Commission.

*Entrance Examination of Paying Boarders*.—Those who come in between the ages of 9 and 11 are subject to an Examination of the same nature as that for Foundations. Boys entering after the age of 12 years are subject to an examination which tests their ability to take a proper place in the School. Information on this point will be supplied to intending applicants by the Head Master.

*School Terms*.—The annual work of the School is divided into three Terms. The Lent Term commences on the third Wednesday in January in each year and ends on the second Friday in April, irrespective of the time at which Easter falls. The Summer Term commences on the fourth Wednesday in April and ends on the third Friday in July. The Christmas Term commences on the second Wednesday in September and ends on the Saturday on which the Cambridge Local Examination ends. In the event of any of these dates falling on a public holiday the Term commences or ends as the case may be on such day nearest thereto as may be most convenient.

*Payment for Scholars*.—Payments must be made in advance at the beginning of each Term. Term boarders pay at the rate of £18 6s. 8d. per Term if under twelve years of age. If over twelve years of age at the rate of £20 per Term. Day Boys under twelve years of age pay for tuition and breakfast at the rate of £5 per Term; over 12 years at the rate of £6 per Term. Day Boys may have dinner with the boarders for £2 a term. The charges of the School for the holders of Endowed School Scholarships are at a sum not exceeding £40 each per annum. The whole of this must in each case be paid by the Treasurer of the Endowed School to the Treasurer of the Jamaica College; but it will be a matter for local arrangement whether any portion of such charges be contributed to the Local Trustees by parents or guardians, or whether the Scholarships granted by Local Trustees shall be in all cases sufficient to cover the whole cost of £40.

*Secular Instruction.*—The School is divided into a Junior and a Senior School.

In the Junior School the subjects of Secular Instruction include the following subjects:—English, Latin, and French, Arithmetic and Mathematics, Geography and History, the elements of Natural Science, Drawing and Bookkeeping, Vocal Music, Drill.

In the Senior School the same subjects are continued and extended and in addition boys shall take such additional subjects as the Head Master may arrange, such as Greek, Commercial Subjects and Political Economy.

*Age at which Scholars leave the College.*—Foundationers shall not remain in the school after the end of the calendar year in which they attain the age of sixteen years; and no boy shall remain in the school after the end of the year in which he attains the age of eighteen years except with the express permission of the Schools Commission, on the recommendation of the Head Master. The Commission, however, will be prepared, on the advice of the Head Master, to retain at the School any Foundationer showing marked ability or special diligence for such further period beyond the age of sixteen years as they may determine.

At the end of the Christmas Term of 1921 there were in the College 10 Drax foundationers, 12 Open Foundationers, 59 Paying Boarders and 62 Day Boys, making a total of 143.

All communications respecting boys, or on school matters, should be addressed to "The Head Master, Jamaica College, Kingston;" letters on general business matters affecting the school should be addressed to "The Secretary of the Jamaica Schools Commission, Kingston."

#### WOLMER'S SCHOOLS.

*Marescaux Road, Kingston.*

THIS Trust was established in the year 1736 by an Act of the Island Legislature (9 Geo. II. cap. 6) to give effect to the bequest of John Wolmer, of Kingston, a goldsmith, who by will dated the 21st May, 1729, devised, after some small legacies mentioned therein the rest and residue of his estate for the foundation of a Free School in the parish in which he should happen to die.

The school is now administered under the following scheme of the Schools Commission:

I. Trustees—Six Members of the Mayor and Council of Kingston elected from time to time, and five other persons nominated by the Schools Commission and appointed by the Governor, three of whom are required to be persons of position and influence connected with Kingston, and the remaining two chosen for their scholastic attainment and experience. The Chairman and Vice-Chairman are elected annually by the Trustees: the quorum consists of 5, except in certain specified cases when it is reduced to 3.

II. The funds and property are devoted to the maintenance of a modernized Grammar School, with classical and commercial sides, and with additional special subjects suitable to girls. The head master and head mistress are appointed by the trustees, and all other masters and mistresses are appointed by the trustees on the recommendation of the head master and head mistress, respectively. The school consists of such number of foundationers as may be fixed in the by-laws, and of other scholars paying such fee as may be similarly fixed. The boys and girls who are eligible as foundationers are the children of inhabitants of Kingston who are not able to pay for such higher education; and "inhabitants of Kingston" are defined to be persons who have continuously lived in Kingston for not less than two years. The trustees are to arrange for such annual examination of the school as may be satisfactory to the Schools Commission, and they have power to appoint a Committee of Lady Visitors to the Girls' School.

11. Religious teaching is given in all sections of the school, and it is required that this teaching shall aim at securing a knowledge of the leading facts in the Old and New Testaments, especially the history and teaching of the Lord Jesus Christ; but any scholar may be exempted from this on the written request of the parent.

There are three terms in the year. The first term begins on the fourth Monday after the Saturday in the Cambridge Local Examination week, so long as this Examination continues to be held in December, and ends on the Wednesday before Easter Sunday. The second term begins on the Thursday after Easter Sunday and ends on the second Thursday in July. The third term begins on the ninth Thursday after the close of the Summer term and ends on the Saturday of December before the Cambridge Local Examination week.

In 1908 a special law was passed empowering the trustees to move the school to the Quebec Lodge Lands, in the parish of St. Andrew, north of the Race Course. The new buildings were occupied for the first time for the first term of 1909. In December 1922 there were 168 paying scholars, 35 foundationers and 4 exhibitors in the Boys' school, and 270 paying scholars, 37 foundationers and 7 exhibitors in the Girls' school.

#### CALABAR HIGH SCHOOL.

(Chetolah Park, Kingston.)

THIS school was opened on the 12th September, 1912. At first it was a simple endeavour on the part of the Baptist Denomination to extend the scope of Calabar College in order to provide education for the sons of its own Ministers. The scheme, however,

was modified at the request of some parents outside the Baptist Churches who proposed to send their sons if opportunity were afforded, and in response to this demand accommodation was provided for 20 boarders and 20 day boys. The preliminary prospectus set forth that an endeavour would be made to give a thoroughly modern education in a definitely religious atmosphere, with a view to earnest life in the professional or commercial world either in Jamaica or elsewhere, and that the whole aim of the school life would be to develop self-reliance, honour and courage, and to train boys to these by allowing them as much liberty as possible and by the introduction of self-government under the monitorial system. The school was soon full, and a demand for further places led to an increase in the accommodation, until now there are over 100 boys in attendance, more than half of whom are boarders. In 1914 a chapel was added.

All ordinary school subjects, English, Latin, Greek, Spanish, Mathematics, History, Hygiene, Geography, Woodwork and Drawing are taught, and the school's curriculum each year is arranged in order to prepare for the Cambridge Local Examinations. The year begins in September. The fees are as follows—For Day-Boys, £8 per annum (£9 for those entering over 13 years of age); for Boarders from £18 to £51 per annum. Books are charged extra.

The School is in no sense sectarian. Families of every branch of the Christian Church have their boys at the school; but parents who do not share the convictions of the Governors as to the importance of definite Christian instruction are not invited to send their children.

The School is recognised by the Jamaica Schools Commission under the 1920 regulation as a Secondary School of the First Class, and receives from the Government a grant-in-aid. It is also recognised by the Education Department as one at which its scholarships may be held. The Purcell Scholarships are tenable at Calabar only.

#### MUNRO AND DICKENSON'S SCHOOLS.

ROBERT HUGH MUNRO, of the parish of St. Elizabeth, by his will dated 21st January 1797, and a codicil of 23rd May, 1797, bequeathed the residue of his real and personal estate in certain contingencies in trust to his nephew, Caleb Dickenson, and the churchwardens of the parish of St. Elizabeth, and their successors, to lay out the same in the endowment of a school to be erected and maintained in the said parish for the education of as many poor children of the parish as the funds might be sufficient to provide for and maintain; and if necessary, to apply to the Legislature for an Act for the regulation of the Charity and to carry out his intentions. The Trust maintains two schools situated in the Santa Cruz Mountains.

The income of the Trust is £1,100 4s. 7d. a year as perpetual annuity on the sum of £3,337 sunk under the provisions of the Act 28 Vic. cap. 23, and interest on island debentures to the extent of about £5,000, bought from annual savings since the Act 18 Vic., cap. 52, was passed.

#### Trustees.

*Ex-Officio*.—The Custodes of St. Elizabeth and Manchester; the Chairmen of the Parochial Boards of St. Elizabeth and Manchester.

*Elected by the Parochial Boards*.—O. E. Tomlinson and Hon. P. W. Sangster, (St. Elizabeth); W. H. Coke, (Manchester).

*Appointed by the Governor*.—Henry Maxwell, E. T. Forrest, Rev. John Maxwell, W. A. C. Farquharson, J. Calder. *Secretary*—F. B. Bowen.

## MUNRO COLLEGE.

MOTTO:—*In arce sitam quis occultabit.*

IN 1918 the name of the School was changed from Potsdam (the name of the property then purchased by the Trustees) to Munro College.

Boys between the ages of 9 and 12 years who reside within the limits of the old parish of St. Elizabeth are eligible for admission to the school on the Free and £20 Foundation. There are also 5 vacancies on the £20 foundation tenable by boys from any other parish. Candidates for admission are examined in reading from the Fifth Standard Reading Book, dictation from the same, the first four rules of Arithmetic, Simple and Compound, the outlines of the Geography of Jamaica and Europe, the classifying of words under their parts of speech, and the leading facts of the Old and New Testaments. Boys between 11 and 12 years of age further examined in French and Latin Accidence and Vulgar Fractions, Practice, Proportion and Interest in Arithmetic; but failure in French and Latin will not disqualify for election. Foundationers are required to leave the school on attaining the age of sixteen: but the Trustees may, with the advice of the Head Master, retain at the school any boy shewing marked ability or special diligence, for such further period beyond the age of 16 years as they may determine.

The buildings have been enlarged and accommodation provided for 10 boys who are educated and boarded free of charge, and 20 who are educated and boarded for £20 a year, together with about 70 paying boarders whose fees vary from £55 to £60 per annum. The course is adapted for boys preparing for the Universities, Civil Service, Oxford and Cambridge Local Examinations, and business: it is calculated to combine a sound literary training with the requirements of a modern scientific education. In December, 1921, there were 10 Free Foundationers, 10 £20 Scholars and 85 paying full fees—making a total of 105.

HAMPTON SCHOOL.

MOTTO—*Summa virtute et humanitate.*

THE school is housed in fine buildings in the most bracing climate of the island. The buildings include the Calder Hall, the largest school hall in the West Indies, class rooms, library, eleven music rooms and dormitory accommodation. A bungalow of nine rooms with a large verandah was completed in 1921: its chief use is that of a sanatorium. The buildings are surrounded by a large common and the provision for games includes a small hockey court, tennis courts and a badminton court.

The aim of the school is to provide a sound and liberal education for girls morally, intellectually and physically, and so to fit them for the duties and responsibilities of their future lives and to enable them to use their leisure to the best advantage.

The curriculum includes Scripture, English, History, French, Latin, Mathematics, Natural Science (including Botany, Geography and Hygiene) Music, Drawing and Handicrafts. The girls are prepared for entrance to the Universities, for all examinations of the Associated Board of the Royal Academy and Royal College of Music, and for the examinations of the Royal Drawing Society.

Games, school singing, country-dancing and gardening are encouraged, and cups are offered for the most successful forms. Two silver medals, the Wooliscroft Medal and the Farquharson Medal, are offered annually to the school.

The fees are for girls under 13 years of age, £45 a year; for girls over 13, £50 a year, exclusive of fees for Music Lessons and for advanced drawing and painting. The games subscription is 4/ a term and the Library subscription 2/ a term.

## CORNWALL COLLEGE.

The school was opened in September, 1896, at the Barracks Montego Bay, as the Montego Bay Secondary School under the provisions of Law 32 of 1892, the Rev. Adam Thomson being first Chairman of the Local Board of Management. It was removed in 1911 to Pleasant Hill adjoining Spring Hill Hotel. In 1919 the Spring Hill Hotel buildings were added by purchase to the school. Its object is to furnish boys with a secondary education; the curriculum provides for Religious Instruction, Latin, French or German or Spanish, Arithmetic, Euclid, Algebra, Plane Trigonometry, Book-keeping, History, Geography, Natural Science, Drawing.

The school year consists of three terms:—Jan. 9th to April 10th; April 21st to July 17th; Sept. 18th to Saturday before Cambridge Examination week.

Fees for tuition are for day boys £8 per annum, for boarders £36 per annum. A reduction is made in the case of brothers.

Boys, before admission, are required to furnish a satisfactory testimonial of age and character, and to pass an entrance examination.

There are 34 acres of land, which are being devoted to agricultural purposes in connection with the school and for a playground.

There were in September 1922, 150 boys of whom 70 were boarders.

## MANNING'S SCHOOL.

*Savanna-la-Mar.*

THOMAS MANNING in 1710 left thirteen slaves with land and the produce of a pen at Burnt Savannah and cattle, to endow a Free School in the parish of Westmoreland.

It was incorporated in the year 1738 and since then has flourished in the town of Savanna-la-Mar, proving of great advantage to the inhabitants of Westmoreland and the neighbouring parishes.

In addition to the fees of paying scholars the income of the school consists of £471 2s. 3d. per annum being a perpetual annuity to the charity under the 28 Vict. c. 23 in lieu of £7,852 14s. 8d. appropriated by the Government.

In 1920 a Government Grant was given to such Secondary Schools as satisfied certain requirements. The main object of the grant was to increase the salaries of the members of the staff. Manning's School obtains about £180 annually by this means.

A new scheme was drawn up in the year 1897 by the Schools Commission for the future management of this school and was approved by the Governor in Privy Council under the 36th Section of Law 34 of 1879. The scheme which has since been amended provides for the maintenance of both a boys and a girls school furnishing a good middle class education up to Cambridge Local Examination standard. There are 27 boys and 45 girls in the schools.

By the by-laws it has been provided that 15 boys and 15 girls shall be on the foundation and shall be educated free of cost, 7 boys and 7 girls shall be elected on the same condition as the foundationers, but shall pay £4 per annum, owing to the difficulty of securing satisfactory boy candidates, the School Commission has allowed the Manning's Trust to elect girls to fill the vacancies on the boys foundation when necessary. Girls are only elected for a year at a time.

Paying scholars are received who pay £8 per annum, with a reduction to £6 in the case where two members of a family are in the school at the same time.

The Head Master and the First Mistress have authority to receive boarders on such financial terms as may be approved by the Trustees.

In 1897, a sub-centre for the Cambridge Local Examinations was established in connection with the school.

#### *Trustees.*

### RUSEA'S SCHOOL.

#### *Lucea.*

MARTIN RUSEA, a French refugee, in grateful recollection of the hospitality manifested towards him on his arrival and settlement in the colony left by his will dated 23rd July, 1764, all his real and personal estate, which afterwards realized £4,500 (£2,700 sterling), for the establishment of a free school in the parish of Hanover

The devise was disputed; but in 1777, an Act was passed (18 Geo. 3. cap. 18) settling the Trust and establishing an undenominational school. The income from the endowment amounts to £270 per annum being a perpetual annuity secured to the charity under the Act 18 Vic. chap. 23.

Eight boys and eight girls are received on the free foundation, and the Trustees admit in addition, paying pupils at a maximum fee of £9 per annum. Only the children of persons belonging to the parish of Hanover are eligible as foundationers.

The school is now held in the Long Barracks, Lucea, where instruction is given to both boys and girls. There are excellent grounds for recreation surrounding the school premises which are situated in a most healthy locality. Organized games consist of cricket, football and tennis.

The curriculum includes Latin, Greek, French, Mathematics with the usual English and commercial subjects, and pupils are prepared for the Cambridge local examinations. Instruction in manual occupation is also given.

The school year is divided into three terms, fees being payable (i.) at the re-opening of the school in January; (ii.) at the re-opening in April; (iii.) at the re-opening of the school in September.

*Trustees*—Hon. G. A. L. Sanftleben, *Chairman and Treasurer*; Rev. D. A. Rothnie, M.A., Cecil J. Browne, Rev. J. I. Kirschmann, D. W. Talbot, Rev. J. A. McIntosh.

*Secretary*—G. R. Levy.

*Head Master*—G. S. McDonald, B.A.

*Assistant Mistress*—Miss C. U. Bell (2nd Class Hons. Camb. Senior).

## TITCHFIELD TRUST.

*Port Antonio.*

THE Titchfield Trust was established under the Act 26 Geo. III., cap. 7, by which 350 acres of land adjoining the town of Port Antonio, or Titchfield, were vested in certain Trustees for erecting a Free School and for creating a fund for its endowment and support. The school was in active operation from its foundation till 1855, when it got into difficulties, after which it was relieved by the Government, and in 1884 it was placed under the control of the Jamaica Schools Commission.

Under authority of Section 39 of Law 34 of 1879, schemes were drawn up and amended for the better management of the Trust School.

The school is managed locally, subject to the supervision and control of the Jamaica Schools Commission, by a Local Board of nine Managers, seven of whom are appointed by the Governor on the recommendation of the Schools Commission, and two are members of the Parochial Board of Portland, elected by the Board.

Under the scheme a Day School for boys and one for girls were established in 1886, under the Head Mastership of Mr. W. H. Plant and there have been since added, an Infant Department, 1894, which is carried on on Kindergarten lines; a Secondary Department for boys and girls in 1897; and a Manual Training Department in 1902, with a fully equipped workshop, and a qualified master in charge.

In 1907 an amalgamation of the boys and the girls departments was effected.

The present Departments are: Secondary, Upper, Intermediate, Infant, and Boundbrook Infant School. All with co-education.

The Secondary School gives 18 Local Scholarships of £6, each, open to children of the parish of Portland with one £20 Scholarship for a pupil outside Port Antonio.

The School is housed in the old Military Barracks at Fort George in Port Antonio, which have been leased to the Commission by the Government. The attendance is nearly 700 and the buildings have become rather congested.

In 1904 a scheme was perfected by which the schools of the adjoining district, are affiliated to Titchfield, i.e., Norwich, St. Margaret's Bay, Fellowship, Nonsuch, Drapers, Boston, Sherwood Forest and Spring Bank.

In connection with the school there are two cricket clubs, a football club, a cadet corps, tennis and basket ball, and a miniature rifle club, a girls club and a club for present and past boys.

*Titchfield Lands.*

The Titchfield Lands of 300 acres, are now vested in and managed by Trustees partly ex-officio and partly appointed by the Governor. They are leased to various tenants.

### BECKFORD AND SMITH'S SCHOOL.

#### *Spanish Town.*

PETER BECKFORD, of the parish of St. Catherine, by his will dated 1730, bequeathed the sum of £1,000 towards the building of a free school or hospital for the poor. A further sum of £1,000 left by the same Peter Beckford was applied towards the same object. John Ellis bequeathed a sum of £200 towards the building of the school which was established in 1714 and remained open for many years as the “Free School of St. Jago de la Vega.” Other bequests about the same date were made by Thomas Barrett (£10 per annum in 1742) and Mary Baldwin (£50 per annum in 1759.) In 1749 the Assembly voted £100 for repairing the premises, which were situated at the corner of Young and Beckford Streets, Spanish Town.

Francis Smith, by his will dated 1830, bequeathed £3,000 to the Bishop of Jamaica, the Custos and the Rector of the Parish, “to be invested in some institution permanently for the instruction of the poorer classes of all colours, free and slave, in the doctrines of the Church of England, and the promotion of industry.” The school, known as Smith's Charity, and situated near the Cathedral was opened in 1833, but closed after a few years.

The amalgamation of the two schools was recommended by the Charity Commissioners in 1863 and was finally effected by legislation in 1869. The Beckford & Smith's School thus formed and placed under the direct control of the Governor in Privy Council, was opened in August, 1876. In 1895 it was the subject of a report made by the Schools Commission, who drew up rules for its management. The present Scheme and By-Laws of the School were drawn up by the Schools Commission and approved by the Governor in Council in 1914. The School buildings are now situated close to the Cathedral. There are six exhibitions open in the first place to boys of the parish of St. Catherine between the ages of 8 and 12. The fees per annum are £6 for boys under 10 years and £7 10s. for boys over 10 years of age, and include a supply of school stationery and the free use of class text books. The school year is divided into three terms of about 13 weeks each, ending respectively at Easter, the middle of July and Christmas. The Head Master is prepared to receive a limited number of boys as boarders in his private residence, the charge per term being £12 for boys under 12 and £14 for boys over 12. The school curriculum aims at keeping well above the minimum of what are considered to be the essential requirements of an up-to-date Secondary School. A thorough English Education is given, with Latin (or other foreign language), and Mathematics. Boys are prepared for the Cambridge Local Examinations and for professional or commercial life. Attention is given to physical exercises, games and manual training.

## VERE SCHOOLS.

SEVERAL persons of the old parish of Vere, which included a part of the parish of Manchester, having made several charitable donations, consisting of lands, slaves and money for the use of the said parish without giving any particular directions or making any particular appointments touching the management or disposal of the proceeds of these gifts, an Act of the Island Legislature was passed in 1740 vesting the funds of the Charity in certain Trustees for the purpose of erecting buildings and endowing a Free School at the Alley in the then parish of Vere, for the education and maintenance of as many poor children as the Trustees might approve of.

A Secondary School at the Alley, Vere, which was established in 1908, was closed in 1917.

The funds and property vested in the Trustees of the district schools of Vere are at present appropriated towards supporting certain schools conducted as free elementary schools according to the provisions of the Elementary Education Law by such aid towards the up-keep of the buildings and by such other form of assistance as are provided by the by-laws. The schools thus maintained are those at the Alley, Portland, Race Course, Milk River, Hayes and Mitchell Town. The funds also provide scholarships for boys and girls at recognized secondary schools in Jamaica.

*Principal Teachers of Schools.*

Alley—R. J. M. Lewin, Portland—A. O. Grant, Race Course—W. E. Morris, Milk River—C. A. Corniffe, Hayes—H. A. Reid, Mitchell Town—J. V. Williams.

*Correspondent*—Rev. S. Negus, Race Course.

*Secretary, Vere Trust*—Cyril C. Lewis, Milk River.

In connection with the Vere Trust Scholarships for 1923, two Scholarships for Boys (and) (or) Girls will be awarded on the following conditions. Age between 9 and 13 on 1st January, 1923.

The conditions are (a) Birth in Vere or (b) Parents resident in Vere for at least 3 years immediately preceding examination or (c) Attendance at an Elementary School in Vere for 2 years immediately preceding examination.

A qualifying examination will be held towards end of December, 1922.

Schedule of examination and all information can be obtained from Secretary.

## TRUSTEES.

Appointed by the Governor: Rev. S. Negus, *Chairman*, T. Harty, G. W. Muirhead, C. Watson, B. J. A. Robinson, M.R.C.S. Elected by the Parochial Board, the Chairman and Vice-Chairman of the Parochia Board of Clarendon; A. A. Lewis, H. B. Walcott,

*Secretary*—C. C. Lewis, Milk River P.O.

## MANCHESTER FREE SCHOOLS.

THE Trustees of the Manchester Schools are the Chairman and Vice-Chairman of the Parochial Board of Manchester; two members of the Parochial Board of Manchester to be elected from time to time by the members of the said Board and to hold office during the continuance of the said Board; and two other members appointed by the Governor on the nomination of the Schools Commission. The funds of the endowment are appropriated (a) to the maintenance of a School for boys and girls to be established for the purpose of providing a good middle class education; (b) to giving such aid to the Elementary Schools formerly connected with the Trust as the funds permit; (c) to the provision of such Scholarship or Scholarships at the Jamaica College as the remaining funds may be sufficient to permit.

The funds of both the Vere and Manchester Trusts have been made permanent loans to the island under the Acts 18 Vic. chap. 38 and 19 Vic. chap. 39, and bear interest at 8 per cent. per annum.

The income of the Manchester Trust is approximately £300 per annum.

## DIOCESAN HIGH SCHOOL,

*Brown's Town.*

THIS School began life in Brown's Town in 1907, as one of the Church of England schools in connection with the Deaconess Home, and was known as the Deaconess High School. In 1915, however, owing to the increase in numbers the late Archbishop of the West Indies, Dr. Nuttall, appointed a Committee to consider the advisability of establishing the school upon a somewhat firmer basis. The result of this was that in 1917 the Diocesan Council decided to take over the school and to establish it as the Church of England High School for the Diocese of Jamaica. Hence it became the Diocesan High School. The object of the school is to afford a liberal and thorough education for girls combined with moral and religious training in the doctrines of the Church of England.

The course of study in the Upper School is arranged each year to meet the requirements of the Cambridge Local Examinations.

Girls are also prepared for the Cambridge Higher Certificate, or the London Matriculation. In Music, girls are prepared for the examinations of the Associated Board of the Royal Academy of Music and the Royal College of Music; in Drawing and Painting and for the examinations of the Royal Drawing Society.

*Trustees.*—The Incorporated Lay Body of the Church of England in Jamaica.

## WESTWOOD HIGH SCHOOL FOR GIRLS.

THIS School was founded in January, 1884, at Manchester Pen, near Stewart Town, in the parish of Trelawny, to provide at a moderate cost, on Evangelical and undenominational principles, a higher education and training for Jamaica girls of all classes. In 1881-82 the Rev. William M. Webb, Baptist Minister of Stewart Town, brought the need to the notice of Dr. and Mrs. Trestrail of Bristol, who enlisted the aid of other wealthy and influential friends in England, and the result was his being placed in a position to found "The Trelawny Girls School."

In August 1895, the name of the school was changed to "Westwood High School for Girls," on its removal to its present site. Buildings were erected for the purpose, at a cost of over £2,500.

Generous English friends stood by the school, and gave financial aid till 1910, when it seemed able to stand alone. Four Scholarships have been established in the school, called respectively, the Trestrail, Underhill, Trafford and Webb Scholarships, in honour of the founders; and an effort is being made to raise an endowment sufficient to put these on a secure financial base and for general purposes. A fifth scholarship of

the annual value of £9 provided by an anonymous friend, is open to residents in Brown's Town, St. Ann. The school is a first class Secondary School, receiving a Government grant under Law.

The School is entirely undenominational.

## CONSULTATIVE COMMITTEE FOR SECONDARY EDUCATION.

A CONFERENCE of Head Masters of Secondary Schools was held in September 1918, at which the Director of Education and the Secretary of the Jamaica Schools Commission were present by invitation. At this meeting it was resolved that it was desirable that the University of Cambridge Higher School Certificate Examination should be made the Jamaica Scholarship Examination for Boys in July 1919 and thereafter. In 1917 a Committee, which adopted the above name, met in September, the Committee to consist of the Head Masters and Head Mistresses of all Secondary Schools in the Colony with a properly constituted governing body, together with the Director of Education and the Secretary of the Jamaica Schools Commission ex-officio. At that meeting the Regulations of the Jamaica Scholarship Examination (Boys) were considered in de-

tail in readiness to be laid before the Legislative Council. These Regulations were adopted by the Council in April 1918. At its request Archdeacon Simms joined the Committee and at a meeting held in September 1918, it was decided that the Committee should be convened by the Director of Education and should when in session elect its Chairman for the occasion.

#### LUDFORD BEQUEST.

THE following is an extract from the will, dated 12th July, 1875, of Thomas Ludford, of the St. Dorothy's district of St. Catherine:—

“And as to the residue and remainder of my said estate, I direct my said executors to pay the same to the Governor of this island, for the time being, to be by him appropriated in the establishment and maintenance of a school, first in the town or village of Old Harbour, and then of such other schools in the old parish of St. Dorothy as the Governor may think fit, with the view of providing for those of all denominations who are destitute of the means of elementary instruction, such as is provided by the 18th Victoria, chapter 54, in the parishes of Vere and Manchester. And I hereby declare that I leave to the Governor of this Island, for the time being, the establishment of such schools upon such rules and regulations for their proper conduct and government as he shall think best, so that whilst the instruction of the destitute poor may be provided for, others who may be in better circumstances may also be admitted to the said schools on such terms and conditions and under such regulations as the Governor may think proper.”

There are three elementary schools supported by the Trust, with the help of the usual government grant, at Old Harbour, Old Harbour Bay and Good Hope.

#### GUTHRIE DAVIDSON BEQUEST.

THIS Fund was founded by the benevolence of James Guthrie-Davidson, of Montego Bay and later of Ardgath, Scotland. The bequest of £1,000 sunk under the provisions of the 4th sec. of 28 Vic. cap. 23, yields a perpetual annuity thereunder of £50 for the maintenance and education of one boy and one girl of the parish of St. James.

The Jamaica Schools Commission drew up a scheme which came into force on the 1st November, 1898, under which the half of the bequest hitherto devoted to the education and maintenance of one boy was to be devoted to the education of four boys at the Montego Bay Government Secondary School (now Cornwall College), and the other half to the education of four girls.

Four boys are now being educated under the provisions of the trust at the Cornwall College. Four girls, elected as beneficiaries, are now being educated at the Church of England High School, Montego Bay. The election of beneficiaries is in the hands of the Parochial Board of St. James.

---

#### MORGAN BEQUEST.

THE will of Michael Cuff Morgan, proved 29th July, 1889, provides that a sum not exceeding £500 be paid from the residue of his estate to the Jamaica Schools Commission to provide two scholarships of £9 each at the Training College at Shortwood for two poor girls from the parish of St. Elizabeth, to be nominated by the Custos of that parish. £473 19s. 0d. was paid over in November, 1893, and invested in Inscribed Stock, bringing in an annual interest of £18.

The Trust is administered by the Jamaica Schools Commission under rules originally passed in 1895 and revised in 1907 and again in 1917. Application forms may be obtained from the Lady Principal, Shortwood College, Constant Spring P.O.

#### MERRICK'S CHARITY.

Charles Merrick of the parish of St. George (now a district of Portland) said in his Will, made in September, 1821:—

“I give and bequeath in trust forever to the two Members of Assembly, the Custos and three senior Magistrates of the parish of St. George for the time being, and to their successors, £2,609 currency for the uses and purposes hereafter mentioned, that is to say,

£1,000 to be put out at interest, on good security, and the interest arising therefrom to be applied towards the support of the poor and indigent of every description of colour of the said parish of St. George, and £1,000 to be put out at interest, in like manner for the express purpose of educating one poor boy, either a white or a free boy of colour, for three years, which period ought to be sufficient to afford such a share of instruction as it may be hoped would give to the person partaking of it the prospect of becoming a useful member of Society; then to be succeeded by another boy in like manner, and so to be continued for ever. But with regard to the last bequest it is my desire, in the event of an establishment being formed for the promotion of education in the said parish through the means of individual benevolence or legislative aid, the Trustees hereto before mentioned in this particular bequest shall be empowered, at their discretion, to unite the funds herein bequeathed for the purpose of promoting a more enlarged and extensive plan of education to those who stand in need of it."

The income of the Charity is derived from a sum of £1,200 sterling permanently sunk under the provisions of the 2<sup>nd</sup> Vic. chap. 23, and a further sum of £10 similarly sunk, which produce a yearly income of £96; this was supplemented by the sum of £138 which was paid by the Government out of the Education Vote.

The administration of the Trust was for a time carried out virtually by the Custos of the parish of St. George alone, but in 1871 a Law (14) was passed empowering the Governor to appoint a Trustee or Trustees in lieu of the then existing ones.

In 1872 the Buff Bay River Estate in the district of St. George was purchased and a Model School was established; it was attended principally by the children of the Charles Town Maroons. In 1888 after considerable correspondence had taken place between the Government and the Jamaica Schools Commission as to the disposal of the educational half of the Charity, the Governor decided in Privy Council that the school at Buff Bay River Estate should be abolished.

Under Law 18 of 1915, Scholarships are offered as follows:—

- (A) annually, beginning in January, 1917, a scholarship of the annual value of £15 at the Farm School for three years subject to re-election at the end of the first and second year, and
- (B) in alternate years, beginning in January 1917 a scholarship of the annual value of £45, tenable at a school approved by the Board of Education for Scholarships under articles 124-127 of the Regulations of the Education Department for four years, subject to re-election at the end of the first, second and third year.

The boys eligible for the scholarships must be the children of persons who,

- (a) are in the opinion of the Trustees unable to pay for such higher education as is to be given,
- (b) have continuously lived within the District consisting of the former parish of St. George for at least three years next preceding the year in which the Scholarships begin.

Candidates for the scholarship under A must be not under fifteen nor over eighteen years of age on the 1st day of January in the year in which the scholarship begins and are required to have passed the second year pupil teachers' examination either as pupil teachers (excluding the subject of teaching) or as volunteer candidates, prior to being admitted as candidates for the scholarship. Candidates for the scholarship under B, must be not under ten years nor over thirteen years of age on the 1st of January, in the year in which the scholarships begin.

## CALABAR COLLEGE.

(BAPTIST THEOLOGICAL HALL).

THIS Institution was projected immediately after the abolition of slavery but was not opened until the month of October 1843. It was commenced at Calabar near Rio Bueno. The buildings were erected by funds supplied by the Baptist Missionary Society in England in which the entire premises were vested in trust. The objects of the Institution, as set forth in the trust, were the education of Ministers of the Gospel and Day School Teachers for Jamaica, the neighbouring islands, and Africa. The institution has the distinction of being the first in the world for training for the ministry the converts of the modern foreign missionary movement.

Under the Rev. President David Jonathan East the premises were transferred in the year 1874 to a site at Kingston at the back of the East Queen Street Baptist Church, but were transferred in the year 1904 under the Rev. President James to Chetolah Park, Kingston.

The Normal Department for training Day School Teachers was closed at the end of 1900 owing to the withdrawal by the Government of all aid to Colleges for male students that were under denominational management. 235 students were trained in this department.

The Theological Department for the training of ministers is still continued, provision being made for an average number of eight students in residence. At the present time there are seven students in residence. In the year 1911 a new departure was made by extending the scope of the college's work to young men in England who wished to devote their lives to the ministry of the gospel in Jamaica, and three men have already been trained under this scheme. The outbreak of the war put a stop to the supply of students from England as well as in Jamaica, but it is now being renewed.

The ordinary course of study is four years. This may be extended to five in special cases. The students are examined annually by examiners in England.

The conditions of entrance are set forth in the annual report and can be obtained on application to the President. The minimum standard set forth therein for entrance is low, but in actual practice more is expected of and offered by candidates.

The Institution is maintained in the following way:—1. The Baptist Missionary Society in England appoints and pays the teaching staff. 2. The Baptist Churches of Jamaica provide for the board and residence of the Theological students and for the general current expenses of the College.

The local management of the Institution is vested in a Committee representing contributing churches in the island.

## TUTORIAL STAFF.

Rev. Ernest Price, B.A. Hons., B.D. Hons. (Lond.), and B.A. (Bristol), as President and Treasurer, and the Rev. Davis Davis, B.A., Adelaide, B.D. Lond.

## ST. PETER'S COLLEGE.

*Cross Roads.*

ST. PETER'S College was established, as the Church of England Theological College, at Spanish Town in 1874 (1) to assist in the preparation of candidates for Holy Orders in the diocese of Jamaica. (2) to direct and assist the catechists and evangelists in the diocese of Jamaica in their studies and in practical preparation for their work. Its name was changed to St. Peter's College in 1918.

The property of the College is vested in the Incorporated Lay Body of the Church of England in Jamaica. The general management of the college is entrusted to a General Committee, and the studies and discipline to an Executive Board. Further information may be obtained from the Statutes of the College, Section V. of Appendix to the Canons of the Church of England in Jamaica and the Annual Reports published in the Appendix to the Journal of Synod.

The College stands in its own grounds between Bishop's Lodge and Up-Park Camp. It is affiliated with Durham University.

### ST. GEORGE'S COLLEGE.

(*Winchester Park, North Street.*)

St. George's College was founded in 1850 and is under the direct control of the Fathers of the Society of Jesus who are personally responsible for the training of the students entrusted to their care.

The object of the college is to prepare students for a commercial or a professional career by solid and complete education which is based upon careful religious training.

The institution is a day school, though accommodations are offered by respectable families in and about Kingston to board such students as are desirous of attending St. George's College and are recommended by the faculty.

Applicants for admission to the college, unless personally known to some member of the faculty, must bring a satisfactory testimonial of good conduct. Those who come from other secondary schools must present a like testimonial from the school authorities.

The tuition fee is £2 12s. 6d. per quarter, payable in advance, as follows:—

First quarter payable January 10th, second quarter payable March 20th, third quarter payable May 30th, and fourth quarter payable October 10th.

The organizations at the College include The Debating Society, St. George's College Dramatic Association, The Athletic Association, the Sodality of Our Lady, and the League of the Sacred Heart.

### FRANCISCAN CONVENT OF THE IMMACULATE CONCEPTION.

The Sisters of the Third Order Regular of Saint Francis, established a Boarding School at 76 Duke Street in 1858 and since that time have devoted themselves to the education of the children of Jamaica.

Although the Course of Studies in the Boarding School is not mapped out to fit any particular examination, but rather to give a good general education, still those pupils whose parents desire them to sit for the Cambridge Local Examinations are prepared for those. The fee of £12 10s. a quarter include fancy work and embroidery. Drawing and Painting, Vocal and Instrumental Music form extra charges. In connection with the Academy there is a Business Course where girls are prepared for Commercial Life.

Besides the Convent and Academy in Kingston the Sisters have a country residence where with the Boarders they spend the vacation.

The Franciscan Sisters also have charge of Saint Joseph's Training College for Catholic women teachers, The Holy Family Continuation School, Saint Bonaventure's Preparatory School for boys, Saint Joseph's first class Elementary and Infant Schools on the premises, Saint Aloysius Boys School in East Street, Saint Francis School, Hope Road, Saint Ann's Elementary and Infant Schools in North Street, and Saint Anthony's Elementary School in Orange Street.

*Address*—Mother Superior, Convent Immaculate Conception, Duke Street, Kingston.

## CONVENT OF MERCY, ST. MARY'S ("ALPHA").

**HIGH SCHOOL, ORPHANAGE, HOUSE OF MERCY, INDUSTRIAL AND ELEMENTARY SCHOOLS.**

The Convent High School was opened for the benefit of the children of the upper classes. It comprises boarding and day schools in which a high class English education is imparted. If desired, pupils are prepared for the Cambridge Local Examinations and for the Musical Examinations of the Associated Board of the R.A.M. and R.C.M. This school has attained a high standard of excellence, and gained first-class diplomas for art needlework and kindergarten at local exhibitions. The boarding school in an admirably healthy situation, with spacious dormitory and beautiful surroundings, offers every advantage and home comfort.

The Orphanage contains at present 45 children. A sound elementary education is given them in addition to a training in such domestic duties as may assist them afterwards in the earning of a livelihood. This branch of the institution receives no manner of government or public support.

The House of Mercy is for the protection of young women of good character, irrespective of religious belief. The girls who have been in the industrial school are encouraged to pass on to this part of the institution where the training commenced in the industrial school is continued.

In the Industrial Schools there are 200 boys and 100 girls.

The boys in the industrial school, whilst being grounded in elementary education, at the same time receive practical instruction in the culture of vegetables, fruits and flowers. When old enough the boys are apprenticed to trades, so that on leaving the institution they are actually supporting themselves.

The elementary schools have 900 children on the books. There is a Kindergarten for the little ones, in which the latest methods and appliances are in use.

The Sisters are also in charge of the elementary school known as East Branch, an elementary school in Spanish Town, a High School and a voluntary school in Port Antonio, and a voluntary school in Gordon Town.

## BELMONT ORPHANAGE AND INDUSTRIAL SCHOOL.

*(Stony Hill.)*

The Belmont Orphanage was established by Archbishop Nuttall in November 1892, as a home and industrial school for orphan and destitute children, and is registered to accommodate twenty-six girls.

The object of the institution is to provide a comfortable, though frugal home, where a number of children, so limited as to be not much larger than a good sized family, may be cared for and trained for the duties of life, chiefly as domestic servants. The orphanage was built, and is partly supported, by voluntary contributions; it receives also the Government grant-in-aid under the Industrial Schools Law. The training provided includes the ordinary branches of household work, cooking, house cleaning, washing, baking and needlework. Straw plaiting is also taught, and orders for hats and baskets are executed. The children work a small field, and cure coffee, prepare starch, arrowroot, coco-nut oil, fruit preserves and cassava-flour chiefly for home use. Dairy work and the care of rabbits, pigs and the hand-rearing of calves are also taught, with the gratuitous use of Miss Nuttall's stock on land adjoining the Orphanage. The girls of school age attend the day school for three hours a day. They also attend the Sunday school and Church services at St. Jude's. Miss Nuttall who from its inception until 1921 conducted the Institution, now continues her interest and help as Secretary and Treasurer.

## BOARD OF VISITORS.

The Bishop of Jamaica, the Assistant Bishop, Canon Wortley, R. Foster, A. P. Hanson, J. J. G. Mair, Mrs. Nuttall, Miss Nuttall.

*Superintendent*—Deaconess Clara Pickering. *Manager* (for the purpose specified in the Industrial School Law)—The Bishop of Jamaica.

## HAPPY GROVE SCHOOL.

Happy Grove School is under the direction of the Friends Jamaica Mission. The school offers a secondary education, under Christian influences to boys and girls of good character. Well supervised manual training and domestic science classes are conducted as a part of the work of the school.

There are separate buildings of residence for boys and girls, but academic classes are held jointly. Happy Grove is located in the eastern portion of Portland, 25 miles east of Port Antonio on the main road between Port Antonio and Kingston. The property of 35 acres is well watered and located in a district entirely free from Malaria. The School has been recognized as efficient by the Jamaica Schools Commission.

## BOARD OF MANAGERS.

The Hon. and Rev. A. A. Barclay, *Chairman*; Mrs. H. A. Swift, *Vice-Chairman*; Rev. C. S. Vincent, Miss F. S. Stanley, T. A. Gray, J.P.; F. M. Jones, J.P.; H. M. Jones, Miss J. M. Hoover, Miss A. M. Andrews, *Treasurer*; M. E. Hoffman, B.A.; *Secretary*.

## TEACHING STAFF.

M. E. Hoffman, B.A., *Head Master*; Miss A. M. Andrews, B.Did., *Lady Principal*; Miss G. Smith, B.Sc.; T. A. M. Grant, (London Matric.); Miss G. K. Cunningham, (London Matric.); Miss Hyacinth Stimpson, *Instructor in Music*; W. Wilkie, *Student Teacher*; Miss C. Duffus, *Matron*; J. Burke, *Instructor in wood-working*.

## CHILDREN'S HOME, CONSTANT SPRING.

THE Children's Home which was opened at Halfway Tree in May, 1918, and was in 1921 removed to Constant Spring, is chiefly for destitute children of respectable parentage who are unsuitable for Industrial Schools or Alms Houses, and for whom no provision is made by Government. This Home is almost entirely supported by voluntary contributions.

The Matron in charge is a trained nurse. The children receive ordinary education and are trained in household duties, sewing, hat and basket-making, gardening, &c.

In connection with the Home, a home for East Indian Orphans was opened in 1921. A grant of £100 was made by the Government towards the cost of the buildings and the Immigration Department assists in the maintenance of six of the inmates.

There is accommodation in both Institutions for twenty-seven children.

*Hon. Superintendent*—Mrs. Wortley, Maurice Hill, Constant Spring.

## MANNING HOME

*St. Elizabeth.*

A VERY protracted period of drought, extending from 1907 to 1914, caused keen suffering in various parts of this parish of St. Elizabeth, but more particularly in the south eastern districts. Infantile mortality was particularly noticeable and the Parochial Board, on the suggestion of Mr. Bowen, opened food depots at several centres. These depots continued for over a year but they did not seem to check the mortality among the children. Then it was that the idea occurred to Mr. Bowen to take over all the children in the district, house, feed and clothe them. The late Hon. J. M. Farquharson, then Chairman, and other members of the Board adopted the suggestion and Sir William Henry Manning gave his support. Belvue house was then rented for the purpose of a Rescue Home and opened on the 14th April, 1913.

At present there are 69 children in the Home under the care of a matron. These children are taught to read, write, and do arithmetic. They are also taught hat making, sewing, elementary domestic work, agriculture, and in short, to make themselves generally useful.

The Home is financed by the Parochial Board aided by a grant from the Government. Several of the bigger girls have left for their own homes and are now earning their livelihood through the teaching they received at Manning Home. In February 1919 the Board bought the property. Consequent on the high price of labour, cultivation has been discontinued. Several boys and girls have been sent out to service, employment having been obtained for them.

## LYNDALE INDUSTRIAL SCHOOL AND GIRLS HOME.

For nearly 18 years, the Friends Jamaica Mission conducted the Industrial School for twelve East Indian girls at Happy Grove. When, in the early part of 1921, larger premises were secured at Highgate and the same was certified in June by the Governor as an Industrial School for East Indian Girls, the children formerly housed at Happy Grove were transferred to the Lyndale Home at Highgate. The Happy Grove Industrial School ceased to exist.

Seventeen of the eighteen certified places, are now occupied, and the Home has accommodation for 12 others who are supported privately or by the Friends Mission. The children attend the Friends School at Highgate. The various Home Arts are regularly taught in the home and every effort is made to provide recreation and an atmosphere that brings happiness along with training and work to child life.

*Board of Managers.*—Mrs. H. A. Swift, Miss A. M. Andrews, Mrs. H. B. Wolcott.

*Superintendent*—Miss S. F. Stanley.

*Assistant*—Miss F. Smith.

*Matron*—Miss D. Sibley.

## CHURCH OF ENGLAND DEACONESS HOME

(93 Hanover Street, Kingston.)

This institution was opened in the year, 1890. Its objects are the providing of a centre for the work of Deaconesses in religious, educational and social efforts, the training of Jamaica women as parochial workers and nurses; and also of some teachers for the schools connected with the Institution. The home is in the charge of Sisters from London. There is a Bureau at the Deaconess Home in connection with the Nurses Union whence nurses can be obtained for private cases on application to the Directress either personally or by telephone, telegram or letter. In connection with the same Union there are two district nurses working among the poor. The Archbishop Nuttall Nursing Home where private patients are received is at 116 East Street. They have there the advantage of skilled nursing, and can be attended by their own medical men.

There are eight schools under the superintendence of the Deaconess Home, namely a Boarding and Day School for girls, with a preparatory department to which boys under 9 years of age are admitted, at the Deaconess Home, Kingston; a Deaconess Home High School at 95 Hanover Street on the Deaconess Home premises, Kingston; Church Schools for girls and young boys at Richmond and Rockfort, Kingston; and a High School for girls at Spanish Town and Montego Bay. Arrangements can be made for boarding pupils attending the above schools on application to the Head Deaconess, Deaconess Home, Kingston, or to the local rector.

A book stall for the sale of Church Hymns, Prayer books, Bibles and devotional literature, etc., was opened in October, 1906, and is being carried on with increasing success.

The Earthquake of January 14th, 1907, rendered uninhabitable the premises at 93 Hanover St., but they were restored. The house at 23½ Charles St., their temporary residence and the house adjoining are now the home of boarders who are pupils of the Deaconess Schools, Kingston. In 1914 the property adjoining the Home at 95 Hanover St., was acquired and schoolrooms were built for the accommodation of the Deaconess Home High School. A few boarders are taken there.

## THE HARVARD ASTRONOMICAL STATION.

*Mandeville*

THE Astronomical Station of Harvard College, founded in 1912, on a site which had been used for the same purpose in 1901, is located about a mile and a half out of Mandeville, and is maintained as a private institution. The work on which it specializes is a study of the surface of the Moon and Planets. It is provided with an 11 inch refractor, a smaller photographic telescope, and some minor instruments. It is not open to the public at night. *Professor, William H. Pickering.*

## PART IX.

### ECCLESIASTICAL AND RELIGIOUS.

#### THE CHURCH OF ENGLAND IN JAMAICA.

THE early history of the Church of England in Jamaica, from its establishment in 1662 under the deputy governorship of Sir Charles Lyttelton up to the year 1866, the time of the inauguration of crown government, has been published in previous numbers of the Jamaica Handbook, and to these the reader is referred for such information as he needs prior to the advent in Jamaica of Sir John Peter Grant.

"Law 30 of 1870," Sir J. P. Grant stated in his Blue Book Report, "regulated the disestablishment and the gradual disendowment of the Church of England in this Island, and authorized a constitution to be formed for the future government of the Church on the voluntary principle; gave power to Her Majesty, whenever the proper time arrived, to incorporate by charter the duly appointed representatives of the Church Communion, after which incorporation the Governor would have the power to vest in such Corporate Body all Church property." The Law, framed on the Canadian and Irish precedents, also made provision "for the continuance of their stipends to those Clergymen upon the late Establishment who should continue in the due discharge of their ecclesiastical duties as members of the voluntary communion."

A constitution was then drawn up, by which the Church is governed to-day. The government of the Church vested in a synod consisting of a bishop, the clergy and the representatives of the laity chosen by the registered male communicants and by such of the non-communicant members as may declare themselves to belong to no other religious denomination. All representatives to synod are to be themselves communicants. A Diocesan Council consisting of twelve clergymen and twelve laymen, "to advise and assist the Bishop in all matters connected with the administration of the Diocese, not specially committed to the management of the Financial Board" is appointed annually. The Diocesan Financial Board administers such central funds as may be committed to its control, and the revenues of church property, according to such rules as the synod may approve, and consists of the bishop, the assistant bishop, the archdeacons and commissaries, the members of the corporate body and 12 elected members one of whom was annually to be chosen by the synod as chairman of such board. The corporate body (or rather the Incorporated Lay Body of the Church of England in Jamaica) holds the property and funds of the Church and exercises all the other rights and duties required of them under the law of disestablishment, and consists of four communicant lay-members of the church to be appointed by the synod.

The management of the parochial or local affairs of the Church is placed in the hands of church committees, elected by those qualified to vote for lay representatives, and to consist of not more than twelve members, two-thirds of whom should be communicants. The clergyman of the church served was given the power of nomination and was made chairman of the committee when in session. Two churchwardens were to be appointed for each church from the elected church committee—one to be chosen by the incumbent, the other by the church committee itself—and their duties were the care of the church buildings, churchyards, and other church property the allocation of pews and sittings and the preservation of order in the churches.

The Diocese of Jamaica is divided into fourteen Rural Deaneries, which are generally coterminous with the civil parishes of the Island. A Council called "The Parochial Council" is appointed in each deanery, and consists of the clergymen in the parish or deanery and one communicant member of the Committee of each Church. The Councils are principally advisory bodies to the Bishop and central bodies of the Church. The duties of a Parochial Council are to obtain the annual returns required by Synod, and to see that they are forwarded to the Secretary of the Synod, to receive reports every quarter from all the clergymen in the Deanery or combined Deaneries; to manage the local affairs of the Jamaica Home and Foreign Missionary Society; to enquire into the ecclesiastical condition and wants of the Deanery or Deaneries; the titles and tenure of land or property; the condition or repair of Churches and other buildings, any cases of complaint against a congregation or its clergyman, or any other matter referred to the Parochial Council by the Diocesan Council, or the Diocesan Financial Board.

Bishop Courtenay retired in April, 1879, after a connection of a quarter of a century

with the Diocese, and Dr. Tozer, formerly Missionary Bishop of Eastern Africa, was appointed as his successor; but Bishop Tozer, after six months' service, had to retire on account of ill-health. On the 15th July, 1880 a Special Synod was held for the election of another bishop. The Rev. Enos Nuttall, B.D., the incumbent of St. George's church, Kingston, was chosen, and was subsequently consecrated in St. Paul's cathedral, London, on 28th October, 1880. Dr. Nuttall returned to the colony on the 20th November, 1880, and immediately assumed his duties as bishop of Jamaica.

In 1893 Bishop Nuttall was elected Primate of the West Indian Province; and under date 3rd May, 1893, the then Lord Bishop of Antigua (as Senior Bishop) duly notified the election to the Bishops of the Province.

At a meeting of the Provincial Synod of the West Indies, held in London in July, 1897, Dr. Nuttall was unanimously chosen to be the first Archbishop of the West Indies.

In the year 1908 the Archbishop of the West Indies received the honorary degrees of D.C.L. and LL.D. from the Universities of Durham and Cambridge, respectively.

At a Special Synod held on the 12th September, 1888, it was unanimously resolved "that the appointment of an Assistant Bishop was necessary to assist the Bishop of Jamaica, in consequence of the growth of the Diocese and the heavy work which its missionary character entails on him." The Synod thereupon proceeded to consider the appointment, and having received a nomination of the Venerable Archdeacon Charles Frederick Douet, M.A., from His Lordship the Bishop, the question as to the confirmation of the nomination was put and unanimously agreed to. Archdeacon Douet proceeded to England and was consecrated a Bishop in Westminster Abbey on the 30th November. He returned to Jamaica on the 29th December, 1888, and retired from the office on the 30th September, 1914.

At the Synod of February, 1905, the matter of the appointment of a successor to Bishop Douet was duly considered, and it was decided to appoint a Co-adjutor Bishop, with right of succession.

The selection of his co-adjutor was entrusted to the Archbishop, and the Rev. Albert Ernest Joscelyne, D.D., Vicar of St. Peter's Islington accepted office. He was consecrated Bishop in Westminster Abbey on St. Luke's Day, October 18th, 1905, and arrived in Jamaica on 14th December, 1905. Towards the close of 1912 Bishop Joscelyne resigned office as from the 31st March, 1913.

The Synod of 1913 decided that the Archbishop's Assistant should be Assistant Bishop without right of succession. A special Synod was held on 15th July 1913 to receive the Archbishop's nomination of his assistant, with a view to his election and appointment if the Synod so decided. The result was the unanimous election of the Archbishop's nominee, the Rev. George Frederic Cecil deCarteret, M.A., Vicar of Christ Church, East Greenwich, London. He was consecrated by the Archbishop of Canterbury in Southwark Cathedral on 18th October, and arrived in Jamaica on 7th November.

On 31st May, 1916, Archbishop Nuttall died at Bishop's Lodge, Kingston, and Bishop deCarteret administered the Diocese till 10th August, 1916, when at a special synod of the Diocese he was unanimously elected Bishop of Jamaica. The election was also unanimously confirmed by the other Bishops of the Province of the West Indies.

At the Synod of February, 1919, the Rev. David Williams Bentley, M.A., Canon Missioner of the Diocese and Warden of the Theological College was, on the nomination of Dr. deCarteret, the Bishop of the Diocese, unanimously elected Assistant Bishop of Jamaica. His election was also unanimously confirmed by the Bishops of the Province, and he was consecrated in St. Paul's Cathedral on June 25th (Nativity of St. John the Baptist) by the Lord Bishop of London, in the absence of the Archbishop of Canterbury, and 17 other assisting Bishops. Soon after the Degree of D.D. was conferred on Bishop Bentley by his Alma Mater, the University of Durham.

According to the latest printed returns (with omissions supplied and mistakes corrected) there are about 41,000 registered communicants of the Church of England in Jamaica. This figure, however, does not include the large number of adherents of the church who, though they are nominally members and attend the services, have not been enrolled as full members taking an active share in the work and responsibilities of the Church.

At the Census in 1911, 266,178 persons returned themselves as belonging to the Church of England. In 1922, the number was given at 116,224.

In regard to the finances of the church for 1921 it may be stated that the receipts of money for all purposes paid into the credit of the Diocesan Church Fund for that year amounted to £25,405.

The Expenditure for Episcopal Supervision was £1,520.

The Diocesan Expenses Fund shows an expenditure of £2,060 16s. 3d. This fund has no endowment and the whole expenditure has to be met by assessments on the churches. It should, however, be borne in mind that this fund contributed £100 to the Clergy Pension Fund and £50 0s. 0d to a Special Clergy Pension Fund; £37 7s. 8d. for removal expenses of Clergy. The staff connected with the office—including Secretaries to the Synod, Diocesan Secretary, Diocesan Council, Diocesan Financial Board and Diocesan Education Board, the Accountant two Clerks, and the Auditor—costs £1,136 8s. 0d. The other items of expenditure in this account comprise grant towards the Insurance of the Cathedral, Travelling expenses of Diocesan Secretary, Printing, Postages, Stationery, Rent, Furniture, Books and Contingencies.

The grants from the General Sustentation Fund to the poor churches amounted in 1921 to £977 10s. 4d. Some portion of the money expended consists of grants made by societies in England which now pass through the books of the Diocesan Financial Board, the appropriation of some of which is regulated by the bishop of the diocese. The great bulk of the expenditure goes to meet the salaries of the clergy and catechists and may roughly be stated at £19,354. The capital funds of the church on 31st December, 1921, consisted of £39,350 in debentures, Imperial War Loan £36,800 15s. 0d., Canadian Victory Bonds, £2,045 2s. 3d., Jamaica Local Inscribed Stock £35,610, and Colonial Bishops Fund £2,700. Total £116,505 17s. 3d.

### THE CHURCH OF SCOTLAND.

THE Church of Scotland in Jamaica has twelve churches, four clergymen, one paid and two unpaid lay missionaries and 3,000 to 3,400 communicants, ten day schools, ten Sunday Schools with scholars to the number of 1,200 and upwards. Its adherents are over 8,000.

The General Assembly of the Church, which met at Edinburgh in May, 1890, gave its sanction and approval to the formation of a Presbytery, the members of which shall be the ordained Ministers of the Church labouring in Jamaica and in the Island of Grenada, along with a representative Elder from each Kirk Session.

There is one church in Kingston, and there are eleven others situated in the parishes of Manchester and St. Elizabeth.

The Scotch Church in Kingston was opened for service in the year 1819. It cost over £12,000 sterling in its erection. It was ruined by the earthquake; but was restored in 1910 at a cost of over £2,000. An organ built by Messrs. Rutt of London, England, was installed at a cost of £1,000.

The value of buildings and other property belonging to the Church of Scotland in Manchester and St. Elizabeth is about £5,000.

PRESBYTERY: Rev. J. Maxwell, *Moderator*. W. Morrison, Solicitor, Kingston, *Clerk*.

## ROMAN CATHOLIC CHURCH.

THE Roman Catholic population of Jamaica numbers about 40,000 souls, of whom 18,000 are residents of Kingston.

Their principal church is the Cathedral of Holy Trinity. It is situated at the eastern end of North Street. St. Anne's, in Oxford Street, forms a large parish.

Throughout Jamaica there are 79 churches, chapels or stations served by the Fathers from Kingston or by pastors resident in the outlying districts.

There are 36 Catholic schools in the island; 4 colleges, 2 continuation schools, 1 orphanage, 2 industrial schools, 1 hospital.

## JAMAICA BAPTIST MISSION.

THE report of the Jamaica Baptist Union for 1921 shows that there are 202 Churches in Jamaica and 22 in the Cayman Islands, Central America, Cuba and Corn Island (Nicaragua.) In the Jamaica Churches there are 30,574 communicant members and over 1,000 in the churches abroad. There are 2,769 inquirers. Chapel accommodation is provided for over 84,000. There are many very commodious and substantial places of worship belonging to the Baptists in the island, such as East Queen Street, (Kingston,) Spanish Town, Porus, Salter's Hill, Annotto Bay, Mt. Angus, Montego Bay (1st and 2nd), Mount Carey, Bethel Town, Falmouth, Brown's Town, Stewart Town, St. Ann's Bay, Jericho and many others. In 1921 the church's raised £3,797 13s. 6d. for building purposes, besides the amounts raised for pastoral support and home and foreign missions.

The statements given above relate only to the churches included in the Jamaica Baptist Union. There are numerous Baptist churches in the island which do not belong to the Union. The Officers of the Union for 1921 are:

*Chairman*—Rev. W. J. Thompson. *Vice-Chairman*—Rev. A. W. Meredith.

*Secretary and Treasurer*.—Rev. T. Gordon Somers, Stewart Town.

The following Denominational Institutions are connected with the Baptist Body in Jamaica:—Calabar College and High School, Jamaica Baptist Missionary Society and the Sunday School Society.

1. *Calabar College*, for the education of Ministers, with which is affiliated the Calabar High School for the training of boys.—Secretary, Rev. Leonard Tucker, M.A.

2. *The Jamaica Baptist Missionary Society*.—Secretary, Rev. A. G. Kirkham, Petersfield P.O. This society was founded, on its present basis, in 1855, and its objects are thus set forth: To provide for the spiritual destitution of various parts of the island—to support the Calabar Institution—to assist Sunday schools—to send the Gospel to Africa, Central America and the islands by which we are surrounded, and to aid churches in the Jamaica Baptist Union in their building operations.

There are at present 3 foreign and 4 home missionaries, connected with the society. The foreign missionaries are labouring in Bocas del Toro, Hayti and Cuba.

3. *The Sunday School Society*.—Secretary, Rev. W. Head, Cave Valley P.O.

This Society exists to encourage and stimulate the Churches in their Sunday School efforts. There are about 1,818 Teachers and 23,487 scholars in the 190 Sunday Schools.

The following are the recognized Baptist Ministers who reside in the Island, with their postal addresses:—

## PRESBYTERIAN CHURCH OF JAMAICA.

THE Presbyterian Church of Jamaica dates from 1823. In that year the Scottish Missionary Society (which, in 1796, was formed by Presbyterians of various sections in Edinburgh) received a request from several proprietors of estates in Jamaica to send out a minister to instruct their slaves.

In 1847 the Scottish Missionary Society handed over all its church buildings and congregations to the care of the Synod of the United Presbyterian Church, and these, together with the others since gathered or added, in all now seventy-two form the Presbyterian Church of Jamaica. They are scattered over ten of the parishes of the island. Besides what are counted regularly organized congregations there are nineteen out-stations where meetings are conducted for the worship of God and religious instruction.

In 1900 the United Presbyterian and the Free Church in Scotland were united to form the United Free Church of Scotland with which the Presbyterian Church of Jamaica is connected. The Theological College has its home at Woodlands, South Manchester. The Tutor is the Rev. Robert Johnstone, B.D.

The Synod of 1894 resolved to establish a mission to the East Indian immigrants in the island. In September of that year two East Indian converts who had been trained as Catechists in Trinidad by the mission of the Presbyterian Church of Canada arrived, and the mission was commenced. There are now six Catechists at work, all of whom are the fruit of the Mission in Jamaica.

Some schools have been established for the education of East Indian Children. This mission is superintended by the Rev. J. F. Gartshore, M.A.

The official organ of the Synod is "The Presbyterian," a monthly religious periodical edited by the Rev. D. A. Rothnie, M.A., The Manse, Lucea.

In 1913 the Broughton Industrial Home was established in South Manchester with accommodation for 20 boys. While under the control of the Synod it is undenominational. It is an Industrial School under the law and is open to receive boys from any part of the Island. In 1917 it was enlarged to accommodate 40 boys. In August, 1919, the foundation stone of a new wing was laid, which is now completed, providing increased accommodation for the staff and for class work. Another Industrial Home for boys has been opened at "The Farm," Montego Bay, and buildings have been erected at Carronhall in St. Mary for a Home for girls. These are also undenominational.

In 1884 the Presbyterian Incorporating and Vesting Law was passed by which all the mission property is held in trust. The Corporation are, Rev. R. Johnston, M.A., B.D., Rev. G. McNeill, Rev. A. W. Ross, Rev. D. A. Rothnie, M.A., Hon. T. L. Roxburgh, C.M.G., Chairman Rev. W. M. Lumsden and Rev. G. S. Grey.

*General Board*—Hon. Rev. A. A. Barclay, *Chairman*; Esq., *ex-officio*; Revs. S. McDowell, G. S. Grey, Jas. Maence, J. G. Peterkin, J. E. Robertson, B. C. Lumsden, W. B. Pouchie, A. W. Ross, C. M. Watler, G. Hicks, B.A., R. N. Dickson, R. Johnston, B.D.

The General Board meets three times a year—in August, January, and after Synod. It has the oversight of the Mission work of the church, and deals with the questions of finance and education.

Each congregation is under the government of a Session of Elders, chosen by the communicants, at whose meetings the Minister presides. From any decision of the Session there is an appeal to the Presbytery of the district, which consists of the ministers and an elder from each of the charges; and from their decision there is an appeal to the Synod, which meets once a year, and consists of all the ministers and an elder from each charge, presided over by a Moderator elected annually. There are six Presbyteries, North-eastern, South-eastern, Northern, Western, Southern, and Grand Cayman and in these the elders and ministers all vote as one order. The same is the rule of voting in the Synod.

On the roll of Synod there are 72 congregations, 19 outstations, and 30 ordained ministers, of whom 13 have been sent out by the Mother Church and 17 are natives of the island. There are 27 Catechists, 6 East Indian Catechists and 380 ruling elders in the various congregations. The communicants on 31st December, 1921 numbered 11,429, the candidates 904, Sunday Schools 116, Sabbath Classes 815, Adults in these classes 1,996, Children 8,111, Teachers 834, Day Schools 50, Scholars on roll 6,753, Average attendance 4,412, Money raised for all purposes £11,783 17s. 11d., for ministers' stipends £3,712 0s. 3d.

There is church accommodation for nearly 20,000 persons. The Moderator for the year 1922 is the Rev. A. W. Ross. The Clerk of the Synod is the Rev. D. A. Rothnie, M.A., Lucea.

## CONGREGATIONAL UNION OF JAMAICA.

(In connection with the Colonial Missionary Society, London, Incorporated.)

THESE Churches were founded by the London Missionary Society, which commenced its operations in Jamaica in 1834.

When the Society relinquished its responsibility for the maintenance of its churches in the island, the Congregational or Independent form of church government was adopted; and, in 1876, the Congregational Union of Jamaica was formed. The work is now carried on in connection with, and is subsidized by the Colonial Missionary Society, London, (Incorporated.)

In connection with this Union there are 32 churches, and a number of out-stations and meeting-houses. The principal preaching stations are given below.

There are 10 ordained ministers, 1 lay pastor, 3,212 church members (communicants), and 347 candidates and inquirers. In connection with the Sabbath schools there are 36 schools, 207 teachers, and 3,043 scholars.

The educational work of the churches is represented by 23 public elementary day schools, in which there are 2,852 children, with an average attendance of about 1,900.

The Secretary of the Union is Rev. Wm. Priestnal, Ridgemoor, Mandeville.

WESLEYAN METHODIST CHURCH IN JAMAICA.

THE Wesleyan Methodist Church in the West Indies is the result of the labours of the Wesleyan Methodist Missionary Society. Its history in Jamaica dates from 1789.

The Churches in the West Indies are grouped into five Districts under the care and control of the Wesleyan Methodist Missionary Society.

The Jamaica District, which includes missions in the republics of Panama and Costa Rica, numbers about 20,237 full and accredited members, 15,136 Sunday School Scholars, 45 Ministers and Preachers on trial, 484 Lay Preachers and 1,822 Class Leaders.

FOREIGN MISSIONS.

The Methodist Connexion in Jamaica commenced the work of Foreign Missions in 1888, by sending its first missionary to the Isthmus of Panama. There are now other stations, and resident missionaries are living in Colon, Costa Rica and Bocas Del Toro. In the last named, successful missionary work is being done among the aboriginal Indians.

Rev. John Currey is Chairman of the District and General Superintendent. Rev. E. A. Jones, is the Secretary. The Synod meets annually in Jamaica.

## UNITED METHODIST FREE CHURCHES.

THE United Methodist Free Churches were formed in 1857 by the union in England of two previously existing bodies—the Wesleyan Methodist Association, dating from 1835, and the Wesleyan Reformers, dating from 1849, both of which bodies were branches from the Wesleyan Methodist Church.

The Jamaica Mission consisting of nine groups of churches, comprising 44 individual churches and mission stations, was under the jurisdiction of the Jamaica District meeting.

The United Methodist Free Church has, as a Denomination, gone out of existence, but there are still two groups of churches, one in charge of the Rev. and Hon. G. L. Young, and another in charge of the Rev. G. Miller which still continue to be known as United Methodist Free Churches.

The others with the exception of two, Mizpah and Crooked River, have been incorporated with the Wesleyan Methodist Church.

## CHRISTIAN CHURCH.

THE Christian Church known in America as the Disciples of Christ represents in Jamaica a religious movement which was begun in America in 1809 and had for its object the union of all christians on the common ground of the teachings of Christ and His apostles. It is governed by no ecclesiastic body nor officer, but through its co-operative organizations is doing a great work in education in the homeland and a missionary work throughout the world of immense proportions.

The Jamaica Mission of this people comprises twenty-three churches and a number of other points where mission work is being done. In connection with many of these churches there are schools either in the buildings themselves or at outlying points.

Rev. S. H. Bartlett, who has his headquarters at 70 Duke Street, Kingston, recently came from America as Superintendent of this mission work.

The Churches and Ministers are as follows:—

Duke Street, Kingston, S. H. Bartlett; Torrington and King's Gate, J. Gordon Hay; New Bethel, Carmel and Friendship Brook, E. A. Edwards; Blocksburg, Mount Zion, Bushy Park and Mt. Olivet, A. N. Shirley; Providence, Chesterfield, Flint River and Mamby Vale, E. W. Hunt; Oberlin, Mannings Hill and Salisbury Plain, R. S. Bailey; Mt. Industry and Lucky Hill, C. S. Shirley; High Gate and Albany, in charge of S. H. Bartlett; Fairy Hill and Berea, A. O. Aitcheson.

### MORAVIAN CHURCH.

THE Protestant Episcopal Church of the Unitas Fratrum, or United Brethren (commonly and now officially, styled The Moravian Church, from the fact, that the original seats were in Bohemia and Moravia), commenced its labours in Jamaica as far back as 1754.

The number of communicants at the close of 1920 was 6,456, with a total membership of 13,493. There were 57 schools with an average attendance of 8,412. Of these schools 26 are first-class, 27 second class and 4 third. The latest census gives the number of professed adherents as 30,000.

The Church for many years maintained two training colleges, one for males at Fairfield, the other for women at Bethlehem. Within recent years these colleges have received Government aid. The Fairfield College was begun in 1839, under the direction of the Rev. Mr. Holland, and was successfully carried on till 1899, when, owing to the enlargement of the Mico Training College and the subsequent withdrawal of aid by the Government from voluntary colleges for training male teachers, it was closed.

The Training College for women was begun at Bethabara in 1861. It was temporarily removed to Salem in Westmoreland in 1888; but has now been established in commodious buildings at Bethlehem, in the Santa Cruz Mountains. The teaching staff consists of the Rev. S. C. Ashton, Director; with three resident instructresses.

The Church in Jamaica is governed by the Synod which meets, as a rule, once in three years. The Church is directed, between Synod, by its Executive, the Provincial Elders Conference, the members of which are Rev. J. Reinke, D.D., (Chairman), Rev. F. P. Wilde, B.D. and the Rev. S. C. Ashton, J.P. The Right Rev. Bishop Westphal, B.D., is the Bishop in the Jamaica Province.

The following is a list of the Ministers and Assistants with the congregations served by them:—

#### FRIENDS JAMAICA MISSION.

As early as the seventeenth century, Christian work was carried on in Jamaica by Friends from England. The founder of the Society, George Fox, and other prominent Friends visited the Island, holding meetings in Kingston and other parts, encouraging and strengthening the undertaking in behalf of the needy and appreciative negroes. After several years, for lack of sufficient support, the work was abandoned. Again, in 1881, Friends visited the Island, this time from America. Prominent among these visitors was the Rev. Eli Sharpless, who was so impressed with the great need of many neglected portions and the welcome accorded him that he continued his efforts, opening up work in the East End, becoming the founder of the present Friends Jamaica Mission. Since then the work has had a constant growth, along educational, religious and social lines. There are now 14 stations and out-stations stretching around the coast from Amity Hall in St. Thomas to Port Maria.

The following is a list of the Ministers and Missionaries, with the congregations served by them:—

Miss S. F. Stanley, *Highgate*; Miss J. M. Hoover, *Albany*; Miss L. P. Arms, *Highgate*; Mrs. H. Alma Swift, *Buff Bay*; Rev. C. S. Vincent, *Buff Bay*; Miss M. E. White, *Port Antonio*; Miss A. Andrews, Miss G. Smith, *Hector's River*; S. F. Stanley, *Secretary, Highgate*.

#### SALVATION ARMY.

KINGSTON, JAMAICA, is the Headquarters for the Salvation Army throughout the British West India Islands, Panama, Costa Rica, Cuba, British Guiana, British Honduras, Spanish Honduras and St. Thomas, V.I. The Offices of administration are at 98 Orange Street, Kingston.

The chief officers of the Salvation Army are Colonel and Mrs. John T. Hillary, resident in Kingston. General Secretary Brigadier George Batson, assisted by Mrs. Batson. The Accountant and Editor of "The War Cry," Staff Captain J. W. Hodgeson. The officers in charge of the Jamaica Division are Staff Captain and Mrs. Thompson (pro. tem.)

The official organ of the Army for the West Indies, "The War Cry," is published in Kingston, and has a circulation of 10,000 copies.

There are branches of work in the following towns and districts outside of Kingston, namely:—

Spanish Town, Port Antonio, Montego Bay, Buff Bay, Louisiana, Annotto Bay, Port Maria, St. Ann's Bay, Moneague, Dunsville, Black River, Southfield, Bluefields, Caledonia, Savanna-la-Mar, Logwoods, Haddo, Linstead, Cambridge, Hopewell, Delveland and other places.

In Kingston there are Halls at Jones' Pen, 18 Prince of Wales Street, Allman Town, Tower Street, and the Central Hall and Training Garrison, and Officers residence at 90 Orange Street.

*The Men's Metropole* is in Peter's Lane. Cheap lodgings are provided at this Institution for men only, and cases of distress are there dealt with.

A Lodging Home for women has also been opened beneath the Parade Court House. Prisoners and Ex-prisoners are visited and cared for.

There are 291 Officers, cadets and Employees working in the Territory. Brigadier George Batson and Staff Captain Alexander Thompson are appointed Marriage Officers.

### AFRICAN METHODIST EPISCOPAL CHURCH DENOMINATION.

THE African Methodist Episcopal Church Denomination was established in the city of Philadelphia, in the year 1787 by Free Negroes (persons of colour or African descent). They separated from the white Methodist Episcopal Church, because they felt an under-current of racial feeling which prohibited complete religious freedom in that church to persons having African blood in their veins.

This denomination was introduced and an organization formed in Jamaica, in August 1914, by the Rev. Alfonso Dumar, B.D., from the United States of America.

*Presiding Bishop*—Rt. Rev. William Alfred Fountain, A.M., D.D. Atlanta, Ga., U.S.A.

*Superintendent*—Rev. Alfonso Dumar, B.D., Kingston, Jamaica.

*Elders*—Rev. G. S. Patterson, Riversdale, Rev. O. H. Williams, Morant Bay, Rev. G. T. Hollar, Islington.

*Deacons*—Rev. Joseph Taylor, May Pen; Rev. Thomas B. Ulett, Montego Bay; Rev. Simeon S. Jones, Kingston. Rev. Robert Francis, Kingston.

*Licentiate*—Arthur G. Miller, Kingston.

### SEVENTH DAY ADVENTISTS.

THE first Seventh-day Adventist Church in Jamaica was organized in Kingston in 1894.

At the present time there are fifty-six organized churches and fourteen companies, with a membership of about two thousand. The Church employs eight ordained ministers, and four licensed ministers. Seventy-four Sabbath schools have been organized with a membership of two thousand.

In 1919, the West Indian Training School was opened at Mandeville. The school now occupies a property of one hundred and seventy-one acres two miles from Mandeville. Its object is the training of young men and women for Gospel service. There are seven professors and teachers. Agriculture and other industries are taught in connection with the common branches. Gospel methods and Bible study—W. H. Wineland, B.A., Principal.

## PENTECOSTAL CHURCH OF GOD.

On the 12th April, 1906, three hundred persons of various religious sects were led to congregate at Los Angeles, U.S.A., and pray for a revival and resuscitation of the Church as was established at Jerusalem on the Day of Pentecost.

The Church (Biblically called "The Church of Christ" and "The Church of God") now numbers more than 950,000 members, 5,000 assemblies, 7,000 ordained men and women, including Elders or Bishops.

In Jamaica, where the cause was begun in March 1916, by the Rev. J. Wilson Bell, D.Th., 95 North St., Kingston, now President of "The Jamaica Pentecostal Missionary Union" there are 9 places of worship, located as follows:—3 in Kingston, 1 in St. Andrew, 1 in St. Thomas, 1 in St. Ann, 1 in Clarendon, 1 in Westmoreland and 1 in St. Catherine.

The preachers and lay-workers at present in Jamaica are:—J. M. Parkinson, A. Watson, W. H. Tomlinson, R. C. Smith, G. H. Harper, J. Smith, and Mrs. N. Stapleton, "Helper."

## JEWISH CONGREGATIONS.

## PART X.

### PAROCHIAL INFORMATION

#### THE PARISHES.

#### GENERAL HISTORY.

In Hickeringill's "Jamaica View'd" published in the year 1661 appears what is probably the oldest English map of the island. With the exception of Guanaboa, The Seven Plantations, The Angels and St. Jago de la Vega, only towns on the sea-board are mentioned in it, and there is no attempt to divide the island into parishes.

In a census taken in 1662 the Island was divided into ten districts as follows:—the Precincts of Port Moranto; Morant; Yealoth; and Legene; the town of Saint Angelo Delvega [St. Jago de la Vega]; Between Black River, Bowen Savanna and thereabouts; In the Angels Quarter; In the Seven Plantations, Macaria, Quathebeca; In the Quarters Quanaboa and Quaradelena; and Upon Point Caugway.

Sir Thomas Modyford, in his "View of the condition of Jamaica, the 1st of October 1664," reprinted in the appendix to the first volume of the "Journals of the House of Assembly" (Spanish Town, 1811), says "there is in the said island but seven established parishes: *videlicet*, the town and parish of St. Katherine's, St. John's, the town and parish of Port Royal, Clarendon, St. David's, St. Andrew's, and St. Thomas, which are very large, and in them all but one church, that at St. Katherine's."

The parish of St. David was part of the precinct of St. Thomas-in-the-East and St. George was part of the precinct of St. Mary.

As a result of the survey ordered by Sir Thomas Modyford, and made by "Sergeant-Major John Man, Surveyor-General for His Majesty," who calculated that the island comprised seven millions of acres, a map was prepared by Man and copied by "Mr. Innians, the surveyor," and published in the Blome's "Description of the island of Jamaica" in 1671. There are included on this map in addition to two unnamed precincts occupying approximately the positions of the present Hanover and Manchester: the precincts of St. Catherine, St. Andrew, Port Royal, St. David, St. Thomas, St. George, St. Mary, St. John, St. Ann, St. James, St. Elizabeth and Clarendon.

In the year 1673, Vere was formed by cutting off a portion of Clarendon but it still remained part of the precinct of Clarendon; and in 1675 when an act was passed for dividing his Majesty's Island of Jamaica into several parishes and precincts, St. Thomas-in-the-Vale was taken from St. Catherine; and Clarendon lost another piece out of which was formed St. Dorothy, which parish became part of the precinct of St. Catherine.

In "The State of Jamaica under Sir Thomas Lynch, His Majesty's present Captain General and Chief Governour, September 20th 1683," prefixed to the "Laws of Jamaica," (London 1684), it states "since that time (1661) it has been divided into Fifteen Parishes and they into eight Provinces or Precincts."

The first act on record having reference to the parishes of the island was read on the 11th May, 1675, by the Council, and sent to the Assembly with this amendment, that the Magotty be annexed to the Sixteen-Mile-Walk, but continue still to pay all parochial duties to St. John's except to the repairing of the highways, until a church be built and a parish settled in the parish of St. Thomas-in-the-Vale (Journals of Assembly I. 9). A law was passed in 1677. The law itself had not been preserved, but it is recited in a law passed in 1681 (33 Car. 2) "An Act for the maintenance of Ministers and the Poor, and erecting and repairing of churches." ("The laws of Jamaica," London 1684): "and whereas this island, in the twenty-ninth year of His Majesty's reign, by an Act of this Country, was divided into fifteen parishes, which were called, distinguished and known, by the several names hereafter mentioned, that is to say, *St. Thomas, St. Davids, Port Royal, St. Andrews, St. Katherines, St. Dorothys, St. Thomas in the Valley, Clarendon, Vere, St. Johns, St. Georges, St. Maries, St. Anns, St. James and St. Elizabeths*; Be it therefore enacted and ordained by the Authority aforesaid, That all and every of the said Parishes rest remain and for ever hereafter be distinguished and known by the afore-

said respective Names, and by no other whatsoever, anything in this or any other Law to the contrary notwithstanding."

In 1692, on the destruction of the greater part of Port Royal by earthquake, most of the inhabitants that survived settled in hastily erected buildings in St. Andrew, on the harbour, and in the following year the parish of Kingston was formed.

In 1703, Westmoreland was formed out of a portion of St. Elizabeth. In 1723, Portland was formed, the land being taken partly from St. Thomas-in-the-East, and partly from St. George (by 10 Geo. I.); and Hanover was formed out of part of Westmoreland. In 1739 (12 Geo. II. ch. 6) parts of the Carpenters Mountains, heretofore esteemed part of St. Elizabeth and Clarendon, were transferred to Vere.

In 1758, the three counties of Surrey, Middlesex and Cornwall were created (by 31 Geo. II. ch. 15.) with a view to the more convenient holding of courts of justice. Kingston was declared the county town of Surrey; St. Jago de la Vega, that of Middlesex; and Savanna-la-Mar that of Cornwall. In the first named were the seven parishes of Port Royal, Kingston, St. Andrew, St. David, Portland, St. George and St. Thomas-in-the-East; Middlesex comprised St. Catherine, St. John, St. Thomas-in-the-Vale, St. Dorothy, Clarendon, Vere, St. Ann, and St. Mary; while Cornwall had but four parishes. St. Elizabeth, Westmoreland, Hanover, and St. James. The next change was in 1770 when Trelawny was formed out of a portion of St. James.

In 1814 Manchester was created by taking parts from Clarendon, Vere and St. Elizabeth, thus transferring a portion of Cornwall to Middlesex.

In 1809 a law was passed (50 Geo. III.) for fixing the boundaries of the several Counties and Parishes of this Island by which the extent and boundaries of the said several and respective Counties and Parishes of this Island, as laid down and delineated in the three maps of the representative counties and the general map of this Island, made and published by James Robertson, were taken as the bounds of the counties and parishes, and printed copies of the maps were recognized as evidence in all Courts of Justice in the Island of the boundaries of the said several counties and parishes.

In 1831, McGeachy and Smith, surveyors, proposed to publish by subscription maps of the three counties at £20 a piece. They received the names of eighty-six subscribers, but the maps were never published. (*St. Jago Gazette*, Feb. 12, 1831.)

In 1841, the last parish to be created in the history of Jamaica, Metcalfe, was formed out of the parishes of St. Mary and St. George, whereby Middlesex again gained land this time at the expense of Surrey. The parishes then numbered 22. In 1844, an Act, (8 Vic. c. 39) was passed defining the boundaries of Kingston harbour.

In 1867, was passed the law for the reduction of the number of parishes. In Surrey, Kingston was increased by taking part of St. Andrew, a part of the parish and the whole town of Port Royal. St. Andrew took the remaining part of Port Royal parish; and St. David was merged into St. Thomas-in-the-East, and St. George into Portland, which also took the Manchioneal district of St. Thomas-in-the-East.

In Middlesex the recently created parish of Metcalfe was merged again into the parish of St. Mary. St. Thomas-in-the-Vale, St. John and St. Dorothy were all merged into St. Catherine, and Vere again became part of Clarendon; St. Ann and Manchester remaining as they were. In Cornwall there was no alteration, the five parishes remaining as they were.

In 1900 Port Royal was made a separate parish for municipal purposes, remaining still part of the electoral district of Kingston.

#### KINGSTON.

*Topography.*—Kingston is the capital of the island of Jamaica and is the largest and most important commercial town in the British West Indies. It covers, with its suburbs an area of about 1,080 acres, and is beautifully situated on regularly sloping ground (of about 90 feet per mile) on the northern shores of the harbour bearing its name.

The streets, at right angles to the sea were originally laid out by compass north and south; those parallel to the general run of the shore line, east and west; but, in consequence of the variation of the compass, the north and south streets now have a bearing of north two degrees east, and the east and west street bear north-west and south-east eighty-eight degrees. In consequence of former neglect, in permitting flood waters to flow down the north and south streets, they are now so worn as to be much below the general level.

King Street, running north and south, was originally the centre of the town and laid out at 66 feet wide; Queen Street, also 66 feet wide, was the centre running east and west, but, in consequence of the town having been extended northerly and easterly, these streets do not now form the centres of the town. At the intersections of King and Queen streets

a plaza or parade ground was reserved, forming a square of ten acres in the centre of the town. This was formerly used as a market place and parade ground for the troops and militia, but the central portion is now enclosed and converted into a garden, which adds much to the appearance of the town and to the comfort and enjoyment of the inhabitants.

The soil is a gravel bed formed by the detritus of centuries, produced by the Hope river and other smaller streams from the Liguanea mountains. It may here be mentioned that the ancient course of the Hope river (which now discharges at the back of the Long Mountain, six miles to the east of Kingston) is distinctly traceable through Papine and Mona and near the Hope Road and down to the sea about a mile-and-a-half to the east of Kingston.

On account of the gravelly nature of the soil on which Kingston stands surplus water readily sinks and finds its way to the sea; it, therefore, has little opportunity of creating malarial conditions.

Kingston was originally supplied with water by wells, most of which, in consequence of the gravelly nature of the soil, had to reach the sea level before water was obtained. About the year 1848 a private company brought down water from the Hope River for the supply of the city. The government purchased the entire plant from the company and have very much improved the supply, not only by building reservoirs and filter beds and furnishing a larger quantity of water, but by extending the supply to districts formerly destitute of water. The pressure in the lower part of the town is sufficient, in cases of fire, to throw the water to the top of the highest houses. A further supply of water was obtained from the Wag Water, a river which flows to the northside of the island. This water is brought by a tunnel, of ancient construction through the main ridge of the island. The rights of Constant Spring and Temple Hall estates to this water have been purchased by the Government, as has the Mona Estates with its water rights. This further supply of water largely augmented the delivery; but the increase of population particularly in the suburbs, rendered it necessary to seek additional sources of supply and these were obtained by purchase of the water rights of the Ferry River, about seven miles to the west of the city.

*History.*—In 1848 a prize of £10 was awarded to Dr. Arnold for his History of the parish of Kingston, but there is no evidence that it was ever published. The site of Kingston was not the first chosen by the English for the commercial capital of the island. Port Royal flourished as such until 1692, in which year occurred the great earthquake which destroyed that place and caused the death of 3 000 of its inhabitants. That dealt it a fearful blow. Many people remained there but most of the survivors removed to the lower part of Liguanea in St. Andrew, then the property of Sir William Beeston, Lieut.-Governor of the Island. They procured for their settlement the status of a town, a plan for which was drawn up by Colonel Christian Lilly, under the direction of the Government, the name selected being Kingston. There was not at first much progress in its settlement, the recollection of the former wealth and greatness of Port Royal giving the colonists a continued preference for that place; but the fire of 1703 completely destroyed the favourite town, and the disheartened inhabitants went in large numbers to Kingston, which the Assembly caused to be divided into lots and given to those who had lost their houses. A law was also passed directing the slave owners in the parish of St. Andrew to send one out of every twenty of their slaves to build temporary huts for the refugees, and, as an encouragement for the early settlement of the new town, every house built within the year (1703) was exempted from taxes for seven years. Soon after this another law was passed declaring Kingston to be “the chief seat of trade and head port of entry” of the island.

From this time the prosperity of the town was assured, and in the year 1713 it was declared by law that the place should “for ever be taken and esteemed as an entire and distinct parish, with all the powers of any other parish,” and, further, “that it should have the right of sending three Representatives to the Assembly.”

So rapidly had the town grown that in 1716 it was thus described by a historian of the time:—

“Within the harbour and about six miles from the town of Port Royal lies the town of Kingston, first laid out and partially settled after the great earthquake. \* \* \* It is now become greatly increased in houses, stores, wharves and other conveniences for trade and business, so that it is by much the largest town in the island; and if the island shall increase in people and new settlements (the consequences of trade and riches) it is likely to be much the fairest town in all the Indies for 'tis most commodiously laid out, happily and beautifully situated, has many spacious houses in it, and more are daily building, is the residence of the greatest merchants and traders, and has resorting to it most of

the ships or vessels that come to the island, and in it is managed the greatest part of the trade of Jamaica."

In 1721 an Act was passed empowering the inhabitants to erect a Court House and Exchange: and for nearly half a century the town continued to grow in size and opulence and so important had it become in 1755 that the attempt was then made to constitute it the seat of government. The Governor (Admiral Knowles) twice proposed and the Assembly twice rejected a bill for that purpose, but at length the Assembly gave way and a law was passed giving effect to the arrangement. Soon after the public archives were removed to Kingston and the superior courts were established there. But the change was unpopular throughout the island and numerous petitions against it were sent to the King. On the 3rd October, 1758, (after Knowles had left) the disallowance of the law was proclaimed and the records were returned to Spanish Town, escorted by "a considerable body of military."

In 1780 the town was severely stricken by a great fire which broke out at about 2 o'clock in the morning of the 15th May and continued until the following evening. The large and closely built portion of the town lying between King and Orange Streets was burnt down, the destruction of property being estimated at £30,000. But the town soon recovered from the effects of the conflagration and prospered to such an extent that in 1802 it was granted a Corporation under the style of "The Mayor, Aldermen and Common Council of the City and Parish of Kingston." The Court of Common Council was given a seal and empowered to make and ordain by-laws, ordinances and regulations for the good order of the city, not repugnant to prerogative or to the laws of the island. The following is a description of the city seal: On the obverse the island arms, crest, supporters and mottoes. Legend, *Sibi Commune Civit: Kingston in Jamaica*. Reverse, Britannia in the dress of Minerva, holding a trident in one hand, and in the other a mirror, reflecting the rays of the benign influence of Heaven on the produce of the Island; behind her the British Lion, supporting her shield, a conch shell at her feet, and at a distance a ship under sail. Legend, *Hos fovet, hos curat, servatque, Britannia Mater*.

In 1843 another great fire devastated a large portion of the city. It began shortly before 10 a.m. on the 26th of August in a foundry situated at the east end of Harbour street and extended diagonally across the city until it reached the old Roman Catholic Chapel at the corner of Duke Street. Many of the best dwellings and much valuable property were consumed and a large number of persons were left in utter destitution. The sum of £10,149 16s. 2d. was distributed among the sufferers, of which £5,000 was voted by the House of Assembly. At this period a great deal of the foreign trade of Kingston had disappeared in consequence of the establishing of direct steam communication between the European and Spanish American States; still Kingston continued an important centre of commerce.

In March, 1862, another great fire occurred by which the commercial division of the city was devastated. Nineteen of the principal stores in Harbour and Port Royal streets, three wharves, and the extensive and well built three storied house in which the Commercial Hotel was kept, were burnt down at a loss of £30,000. The value of the merchandise, furniture, &c., destroyed was estimated at £60,830, making a total of £90,830. Of this £9,400 was covered by insurances, leaving £81,530 as the total loss to the owners of the premises and stock.

Three years afterwards Representative Government was abandoned in Jamaica, and Kingston ceased to be a corporate city. All the powers and immunities of the Common Council were transferred to a nominated Municipal Board created by Law 8 of 1866, the privilege of making ordinances for the regulation of the city being transferred to the Governor in Privy Council. Since 1885, its affairs have been administered by a Mayor and City Council, elected every three years, similar to the parochial boards of the other parishes.

For many years it had become evident that the convenience of the Government and of the general public would be best served by a transfer of the seat of government from Spanish Town, and in 1872 Sir John Grant, with the approval of the Secretary of State for the Colonies, gave effect to the change. The chief courts of law had been removed a few years before, as well as the offices of some departments of government and the transfer of the Governor's permanent residence and of the Colonial Secretariat alone remained to be effected. Room for this department was provided in the spacious premises known as Head Quarters House (the official residence of the Officer in Command of the Troops) which was purchased for £5,000, whilst Bishop's Lodge, (the former residence of the Bishops of Jamaica situated in the Liguanea plain, was also purchased for conversion into a Government House. The Legislative Council was thereafter con-

vened in Kingston and a Chamber for its deliberations found in the large hall of the ground floor of Head-Quarters House.

A calamitous fire occurred in Kingston on the 11th December, 1882, by which a large section of the business portion of the city was destroyed. The total number of houses entirely destroyed was five hundred and seventy-seven, whilst twelve were partially destroyed. These places were inhabited by about six thousand persons. The total loss of house property was estimated at between £150,000 and £220,000. The number of houses totally destroyed in the several streets and lanes reached by the fire was as follows: Barry Street, 36; Church Street, 26; Duke Street, 2; Harbour Street, 55; King Street, 30; Little Port Royal Street, 3; Orange Street, 69; Port Royal Street 55; Prince's Street 75; Tower Street, 58; West Street, 13; Luke Lane, 87; Mark Lane, 1; Matthew's Lane, 35; Peter's Lane, 36; Temple Lane, 9; and Water Lane 37; whilst one house in Duke Street, one in Orange Street, two houses in Port Royal Street, four in West Street, one in Luke Lane, two in Matthew's Lane, and one in Peter's Lane were partially destroyed; Amongst the buildings destroyed were the two Jewish Synagogues; the premises of the Ordnance Department; the Government Savings Bank; the office of the Jamaica Mutual Life Assurance Society; part of the premises of the Colonial Bank and several wharf premises.

On the 14th January, 1907, the city suffered great damage from the disastrous Earthquake of that date and from fire. Much the same area as that devastated by fire in 1882 was destroyed in the fire of 1907 in addition to the havoc caused by the Earthquake. The loss of life was variously estimated as between 1,000 and 11,500. The value of property destroyed amounted to between £1,000,000 and £1,500,000. A Mansion House fund for the relief of the sufferers, amounted to £55,395, and a free Imperial grant was made by Parliament of £150,000 and a loan of £800,000 was authorised. The relief funds were distributed by a Relief Committee afterwards the Assistance Committee, constituted by the Assistance Committee Law 20 of 1907. After considerable delay and much negotiations, and on the failure of an appeal in a test case to the Judicial Committee of the Privy Council, the Insurance Companies agreed to pay the claims to the extent of 85 per cent. on the face values of the policies, and the money was distributed in 1909.

The Imperial Loan was administered by a Loan Board created by Law. Up to 31st March, 1910, loans were made to the value of £125,000.

The city has in great measure recovered from the disaster of 1907. Myrtle Bank hotel is rebuilt; and in King street substantial structures have been erected. Among these may be specially named the Bank of Nova Scotia and the building of Messrs. Nathan and Co., Ltd. Messrs. D. Henderson & Co., the Royal Bank of Canada and the Bee Hive. On the western and eastern sides stand the blocks of the new Public Buildings. The western block houses the Post Office, Treasury, Audit Office, and Customs; the eastern block contains the Supreme Court and Law Offices, the office of Titles, Surveyor General and Inspector General of Police and Prisons and the Education Department. The Colonial Bank in Harbour Street also demands notice.

The Roman Catholic Cathedral in North street was opened for service on Sunday, 5th February 1911. It is dedicated to Holy Trinity and is a substantial building, beautifully decorated internally with mural paintings. In East street there is the rebuilt Institute of Jamaica. The Ward Theatre, North Parade, was presented to the city by the late Lieut. Colonel Ward, C.M.G., for many years Custos of the city. The offices of the Royal Mail Company in Port Royal street, are also worthy of note.

The population of the city by the Census of 1911, was 59,674; males 25,037, females 34,637. In 1921 the population was 62,707; 26,185 males and 36,522 females.

There are two Building Societies doing business in the city and many of the important Fire and Life Insurance Companies of the world are represented by agents in Kingston. Besides these a Discount Society, an Ice Company, a Marine Insurance Company, a Telephone Company, an Electric Light and Power Company, and an Electric Tramway Company are in successful operation. The Banks now doing business are the Colonial Bank, the Bank of Nova Scotia, the Royal Bank of Canada and the Canadian Bank of Commerce.

The city is lighted with gas, and many of the public and private buildings with electric light. The principal thoroughfares are traversed by electric cars. There is a commodious market at the lower end of King Street. In connection with this structure is a public bathing place; and another market in Orange Street, near the Parade. In the upper part of King Street and immediately opposite to the principal entrance of the Kingston Public Gardens is a statue of Queen Victoria, by G. Lawski, erected in commemoration of the sixtieth anniversary of her accession to the throne by a vote of the

Legislature. A statue of Sir Charles Metcalfe stands at the foot of King street. On the eastern side of the parade (just without the garden fence) stands another full length marble statue, that of Edward Jordan, C.B., "who through a long series of years and in times of danger, fearlessly stood forward as the champion of emancipation and for the removal of civil disabilities," erected by public subscription. The statue of another distinguished Jamaican, Doctor Lewis Q. Powerbank, was erected in the year 1881, on the northern side of the Garden, by his numerous friends and admirers. A statue of Father Dupont, a Roman Catholic priest, who for many years laboured among the poor of the city, erected at the north-east corner of the Garden, was destroyed by the earthquake of 1907. The Jamaica War Memorial, made of Jamaica stone and marble, unveiled and dedicated on the 11th of November, 1922, stands in Memorial Square, east of the Public Buildings. There is a building in Orange Street known as the "Night Shelter" for the convenience of the peasantry coming to the Kingston markets.

Lines of steamers touch at Kingston regularly, keeping up communication direct with England, the United States, Canada and Europe. Electric cars run to Constant Spring, to the north and Papine Corner to the north-east about six miles in each direction. A branch runs along the harbour shore to Rock Fort Gardens. Another branch runs through Up-Park Camp and connects with Cross Roads.

One daily and several weekly newspapers are published in the city and there are several monthly publications. Postal deliveries take place three times a day, and posts are made up for the home parishes and some of the country parishes daily and by all trains leaving Kingston, and for all the country parishes. The markets are plentifully supplied. Fruit, vegetables and fish are abundant at reasonable rates.

The climate is dry. The thermometer has been as high as 93° in the hot months and has stood as low as 66° in the cool months.

#### PORT ROYAL.

The Harbour of Kingston is enclosed to the southward by a narrow strip about 7 miles in length; at the western extremity of which, at the mouth of the harbour lies the old town of Port Royal. This strip is known as the Palisadoes, and the town formed part of the parish of Kingston until 1960 when a law was passed creating the separate parish of Port Royal with a Parochial Board consisting of 1 naval and 1 military member, and 2 elected members, with the Commodore as chairman *ex officio* until the removal of the Naval Authorities from Jamaica and the closing of the dock-yard on 31st March, 1905. By section 10 of the law (43 of 1900) it is provided that for purposes of collection of rates and taxes. Registration of Voters and for all judicial purposes the parish shall still form a part of the parish of Kingston. Port Royal was, prior to the great earthquake, "the finest town in the West Indies, and at that time the richest spot in the universe," the head quarters of the buccaners, and as such the emporium and mart of their ill-gotten wealth.

At half-past 11 o'clock on the morning of the 7th June, 1692, the town was shaken by a tremendous earthquake. The rector of the parish at that time states in his narrative of the occurrence: "Whole streets with their inhabitants were swallowed up by the opening of the earth, which when shut upon them squeezed the people to death, and in that manner several were left with their heads above ground, and others covered with dust and earth, by the people who remained in the place. It was a sad sight to see the harbour covered with dead bodies of people of all conditions, floating up and down without burial, for the burying place was destroyed by the earthquake which dashed to pieces tombs, and the sea washed the carcases of those who had been buried out of their graves." At Green Bay there is still the tomb of Lewis Galdy who, according to the inscription thereon, "was swallowed up by the earthquake, and by the providence of God was by another shock thrown into the sea and miraculously saved by swimming until a boat took him up. He lived many years after in great reputation, beloved by all who knew him and much lamented at his death."

As terror after the earthquake subsided new houses were erected and the place under the privateering system of the time, began again to flourish, but in the beginning of the year 1703 a fire broke out at one of the crowded warehouses where a quantity of gunpowder was deposited and in a few hours the whole town was in flames. With the exception of the Royal Forts and magazines not a building was left.

Notwithstanding these occurrences a number of persons who had left Port Royal returned to it and began its re-establishment. New houses were built and trade began to be restored; but on the 22nd August, 1722, a storm passed over the town which swept the greater portion of the buildings into the sea and destroyed a number of lives. Of

fifty vessels which were in Port Royal harbour on that day four men-of-war and two merchant ships alone rode out the storm, but with all their masts and booms blown away. This further calamity was in time forgotten and Port Royal was again crowded with houses and enriched by the profitable trade caused by the war in which Great Britain was then engaged.

In 1779 Nelson was in command at Fort Charles, when the island was in a critical state through fear of invasion.

In 1816 on the 13th July, about midday, a fire broke out which in a few hours destroyed nearly the whole of the town, including the naval hospital; and left many of the inhabitants utterly destitute. A subscription was set on foot for their relief, which was liberally responded to, Kingston alone subscribing eleven thousand pounds. Since the occurrence of the fire the town has ceased to be a commercial centre and Port Royal for several years was of importance only as a naval and military station. Its importance in this respect has, however, been much reduced by the recent abolition of the naval yard and the removal of the Commodore from the station. Victoria Battery and other parts of Port Royal were much injured in the earthquake of 1907.

The naval hospital, which is now in charge of the Military Authorities, is a very fine building, built of iron and stone and is 380 feet long and 57½ feet broad. It can accommodate about 130 patients in the upper portion, and the ground floor, which is available for use in the event of any emergency arising, will accommodate about half as many more. A yellow fever hospital was added by Dr. Thomas Colan, as Deputy Inspector General, in which yellow fever cases could be isolated and treated, and the necessity of the main hospital being put in quarantine is thus obviated.

Port Royal has always hitherto been considered important as a naval station. As recently as the American war and the French occupation of Mexico the fleet on the North American and West Indian station numbered some twenty-five ships, a goodly portion of which were constantly calling at Port Royal to coal, to obtain fresh provisions and to refit, and the Archduke Maximilian on his way to Mexico was met there by eleven ships-of-war.

A line of pipes laid by the Imperial authorities from Rock Spring at the head of the harbour along the Palisadoes supplies the garrison and town with water.

The place is generally reputed to be healthy, although as a matter of history epidemic of cholera, small-pox and yellow fever have occurred there. At one time Port Royal laid claim to be regarded as a sanitarium or marine resort, but owing to the want of house accommodation and other causes the people of Kingston do not now resort to it for change. In the church is a monument by Roubiliac. The streets of the town were first lighted by electricity in April, 1920. In 1911 the population was 1,269; 718 males and 550 females. In 1921 it was 1,004; 516 males and 488 females.

#### ST. ANDREW.

This parish was originally called Liguanea, and the name still lingers round the plain. It now consists of what before the passing of Law 20 of 1867 comprised the parish of Port Royal and the parish of St. Andrew, less the parts known as Smith's Village, Hannah's Town, Fletcher's Town and the town of Port Royal. There are no towns in St. Andrew and the principal villages are Halfway Tree, Gordon Town and Stony Hill, while a large settlement of villa residences has recently sprung up round Cross Roads where a market has been erected.

Halfway Tree, which is situated about three miles from Kingston, derives its name from a cotton tree dating from the conquest, which as late as 1866 stood at the intersection of four roads from Passage Fort to Stony Hill, and Spanish Town to Gordon Town, near the church. It is the head court station of the parish and has a post and a telegraph office, and a revenue office. It is also centrally situated in regard to the residences of the higher officials of the colony and of some of the leading merchants of Kingston. There is a market, a structure of iron and wood, which dates from 1881. The parish church, which was built in the reign of Queen Anne, has been enlarged and renovated from time to time at considerable cost. It was much damaged by the earthquake of 1907, but has since been restored and enlarged. The original church stood on the old burial ground between King's House and the Constant Spring Road. There are some interesting memorial slabs and stones in the church and churchyard. There is a good monument inside the church to James Lawes, son of Sir Nicholas Lawes, once Governor of the island, by John Cheer; monuments also to General Villettes, commander of the forces, to Admiral Davers, to Zachary Bayley and to Sir James Fergusson killed in the earthquake of 1907, whilst Lieutenant-Governor Rushworth, and Christopher Lipscomb, bishop of Jamaica, are

commemorated in the churchyard. In the centre of this village stands a clock tower erected in 1913 in memory of Edward VII. Not far from Halfway Tree is situated King's House, (rebuilt since the earthquake of 1907) the official residence of the Governor of Jamaica; and there is a large hotel at Constant Spring, three miles distant. Between Halfway Tree and Gordon Town on the Hope land are the Government Experimental Plantations with the office of the Director of Agriculture, the Island Chemist's Laboratory, the Farm School and the head works and reservoirs of the Kingston and Liguanea Water Works. The buildings of the Jamaica College stand on a portion of the Hope lands. The cars of the West India Electric Company run between Kingston and Halfway Tree, and between Halfway Tree, Constant Spring and Hope Gardens.

There are two social clubs, the Liguanea, between Half-way Tree and Cross Roads, and the St. Andrew by Cross Roads. At both lawn-tennis is a great attraction. At the former there is a golf course. There is another course at Constant Spring.

Gordon Town is distant about nine miles from Kingston, in a north-easterly direction, and contains a constabulary station, a court house and a post office and telegraph station. A little farther up, at the foot of the hill leading to Newcastle, is a picket house in connection with the cantonment at that place.

The detachment of British Infantry (before its withdrawal from Jamaica in 1905) was stationed at the military cantonment at Newcastle, on one of the spurs of the Blue Mountain Range. It is situated 3,974 feet above the sea amid charming scenery and in a very healthy climate.

Stony Hill is situated about ten miles from Kingston on the main road leading to Annotto Bay. The buildings at this place which formerly constituted the military barracks, are now used for the purposes of a Boys and Girls Industrial School.

Up-Park Camp Barracks, about 1½ miles north of Kingston, contain the headquarters of the West Indian Regiment and the Brigade, and other military offices and a chapel. The situation of this place is admittedly healthy and a constant sea breeze blowing over it makes the hottest days endurable. There is a splendid view of the harbour to be obtained from these barracks, which consist of parallel lines of buildings, two stories high. Most of them have been reconstructed since the earthquake of 1907. There is a Garrison Chapel, a hospital for the troops and a swimming bath of running water. The quarters of the field officers are separate buildings, each standing in its own compound.

On the northern boundary of Kingston are the Mico Training College—which was wrecked by the earthquake, rebuilt, later destroyed by fire, and again reconstructed—and Walmers School, removed from Kingston in 1908.

On the introduction of coffee into the island in the year 1778 it was planted in this parish of which it has ever since been the principal occupation. The coffee grown in St. Andrew, especially in the higher altitudes, commands a high price in the English markets. The properties were much damaged by the floods of 1909. In 1837 there were as many as one hundred coffee plantations in the parish but the number is now considerably less. The Government established, many years ago, a Cinchona Plantation at Bellevue, some 5,000 feet above the level of the sea, and the cultivation of cinchona was carried on by private proprietors, considerable tracts of crown lands being purchased under the very favourable terms connected by the Government with a view to the encouragement of cinchona planting. Owing, however, to the heavy fall in the price of bark the cultivation was discontinued and the exportation ceased. The cultivation of tea was taken up at the Government Cinchona Plantation but was not a success. The cultivation of tobacco is carried on principally at Temple Hall where it is conducted by Cubans. Bananas, pine apples and oranges are also productions of this parish. The area of the parish is 166 square miles. Resident Magistrates' Courts and Petty Sessions Courts are held at Halfway Tree, Gordon Town and Stony Hill. There is a house to house post office delivered very in part of lower St. Andrew twice daily.

According to the Census of 1911 the population of St. Andrew was 52,773; 24,861 males and 27,912 females. In 1921 it was 64,398; 34,717 males and 29,881 females. The parish is divided for the purpose of the parochial elections into 3 divisions, returning 15 members to the Parochial Board.

#### ST. THOMAS.

The parish of St. Thomas, which now embraces the old parish of St. David, is one of the oldest parishes in the island. It may have been named after Thomas, Lord Windsor, Governor in 1662. It was settled by the Spaniards and was thus described by General Venables of the army of occupation in 1655: "Morante is a large and beautiful bay, being four leagues in length, consisting of many small savannahs, and has wild cattle and

hogs in very great plenty, and ends at the mine, which is at the cape or point of Morante itself, by which towards the north is the port of Antonio."

In respect of physical beauty this parish ranks high in the island. The sugar estates and banana plantations in the Plantain Garden River district present a pretty view when seen from the eminence above them called Quaw Hill. From this point to Port Antonio the whole district was once covered by flourishing sugar estates but is now utilized largely for banana cultivation. There are still two large Sugar Estates in cultivation in the parish, Albion and Sarge Island where a dam, recently constructed on the property, supplies electricity for the factory. Recently a Sugar Factory has been established at Monlands, an old coffee plantation.

One of the oldest of Sugar Estates now established in bananas is Belvedere, the original proprietor of which, Robert Deane, was the first speaker of the House of Assembly.

In addition to the Dry River and the Falls river there are three important rivers in St. Thomas, namely, the Yallahs, Morant and Plantain Garden rivers, which when swollen by heavy rains, become formidable torrents and are quite impassable. Of late years additional bridges have, however, been built in the parish. The Morant Point Light House (erected by Sir George Grove, better known in connection with music) stands at the east end of the island in this parish. The principal towns or villages are Morant Bay, Port Morant, Easington, Bath, Yallahs Bay, Trinity Ville, Cedar Valley and Seaforth.

Morant Bay is the chief town and shipping port and is noted as being the principal scene of the disturbances of 1865. Nearly all the public buildings were then burnt down.

The town now contains a public general hospital, an almshouse, a court house, a constabulary station, a post office and telegraph station, three banks, an Episcopal church and Wesleyan and Baptist Chapels, a market and a system of Water Works. Morant Bay is an open roadstead and the only danger in approaching the anchorage is Galatea Rock which has only 10 feet of water over it. As the soundings shoal gradually, vessels of any draught can anchor at Morant Bay. There are five fathoms of water within three cables of the beach and three fathoms within half that distance.

Port Morant, lying seven miles eastward of Morant Bay, was formerly a shipping port of great importance. It is a very secure harbour, and vessels can, as a rule, leave as well as enter with the regular trade wind. The village of Trinityville, about 10½ miles from Morant Bay, is a populous and thriving place.

Bath is a populous village having a large number of dwellings, an Episcopal church and a Wesleyan chapel. A sulphurous hot mineral spring (of which an account is given in another portion of this work) is situated a little above the village. The original Botanic Garden of the island is in the village itself and is still maintained for the sake of its valuable trees and palms and for the propagation of cocoa. There are an Episcopal church (originally built in the 17th century) and Wesleyan and Baptist chapels at Yallahs Bay; and in the vicinity are two large salt ponds, which supply an abundance of fine fish and are a source of livelihood to the villagers.

Easington which is in the interior of the parish, was the capital of the parish of St. David before it was merged into that of St. Thomas-in-the-East. There is a steel girder bridge over the Yallahs river at Easington. Golden Grove is a collection of stores on the estate of that name, on which there is also a small Episcopal church, market, Cable Office and Post Office.

The area of this parish is 274 square miles. According to the census of 1911 the population of the parish was 39,330; males 18,573, females 20,457. In 1921 it was 42,501, males 20,508, females 21,992.

#### PORTLAND.

A lengthy essay on the Natural and Political History of Portland, by Andrew Gregory Johnston, was published in the "Literary and Scientific Journal" in 1848, having won one of the prizes of £50 offered to each parish of the island by the Government for the best account of such parish. This parish was named after the Duke of Portland, who was governor of the Island at the date of its formation. It includes the old parish of St. George and part of St. Thomas, from which it was originally taken in 1723 in accordance with proposals made by Sir Nicholas Lawes, a former Governor, for revesting in the Crown Lands in the North-east of the island to be made available for intending settlers from the Virgin Islands. It extends from the sea coast to the highest peak of the Blue Mountains and is noted for its fertility and the beauty of its scenery.

Port Antonio has two of the finest and securest harbours in the island. The western harbour is sheltered by a small islet called the Navy Island. The entrance has been

widened to suit the convenience of large vessels which can lie alongside its wharves. Port Antonio is divided into Upper and Lower Titchfield. Upper Titchfield stands on a peninsula and contains, besides the residences of the gentry, Fort George, the old military barracks, which have been converted into a school managed by a Local Board, the Titchfield School Board, financed by the Titchfield Trust, under the Jamaica Schools Commission. Lower Titchfield, or Port Antonio proper, extends along the sea shore where the stores, wharves, court house, and gaol are situated. The Episcopal church stands conspicuously in the lower portion of the town at the south-east end.

There is a light-house on the Folly Point at the entrance of the harbour, which is a great aid to navigation. The light shows a flashing white light which gives a flash of 2 seconds duration followed by 8 seconds darkness, visible 13 nautical miles over an arc of  $15^{\circ}$  and is a 4th order dioptric. It was first lighted in 1888. Port Antonio is supplied with very good water by means of pipes from a stream at Red Hazel, the reservoir being only a mile and a half from the town. The supply has been improved by the erection of a reservoir of 10 millions gallons capacity, and the use of mechanical pressure filters, the first of the kind to be used in the island. These improvements cost nearly £7,000. Port Antonio is a very favourite place with Americans. The Hotel Titchfield, which was totally destroyed by fire in January, 1910, was rebuilt during the same year and extended in 1911, to accommodate 250 guests.

There is a large and handsome Town Hall. The lower story contains the offices of the court and parochial offices and the upper story forms a town hall and court room. Market buildings were completed in Port Antonio, one on either side of West street in 1885; the north-eastern building has however been recently removed to the rear of the south-west building, and a square has been thus provided and is being laid out in palms etc. The building erected in 1886, was blown down in the hurricane of 1917 and was re-erected as a one story building for revenue offices. The extension of Port Antonio was previously retarded by the fact that all the lands in the immediate vicinity of the town are the properties of the Titchfield Trustees and the United Fruit Company. A law was passed giving power to sell the Titchfield lands, but it has not been thought advisable to put it in force. The Trustees have, however, realized the possibilities of the land, and are filling up the swampy portions and joining the Government and the Parochial Board in constructing concrete cement drains through them, also laying out new roads, and leasing the lands on easier terms. Five acres of these lands have been leased by the Parochial Board, who have laid it out as a Park and Pleasure Ground, called the Olivier Park, after a former governor, who opened it in 1904. The Port Antonio Cricket Club have also leased eight acres of the swampy land, reclaimed it and converted it into one of the best recreation grounds in the island. An American gentleman also purchased a property called the Folly adjacent to these lands and expended a considerable sum in erecting the first reinforced concrete building here, filled the adjacent swamps, and laid out the ground as a beautiful private park. Over £3,000 has been expended in recent years in improving the streets and laying concrete drains. Most of the residences, and all the streets and public buildings are lighted with electricity. The population of Port Antonio has increased from 1,754 in 1891 to a little over 7,000 at the census taken in April 1911.

The fruit trade, which was opened up in Portland in the year 1868, has made Port Antonio a town of considerable importance, and the parish of Portland one of the wealthiest communities in the island. Fruit cultivation is the business of the large proprietor as well as the peasant, and the shipment of fruits constitutes the great bulk of the trade of the port. Port Antonio is chiefly interested in the fruit business in Jamaica, several shipping companies having offices there. The United Fruit Company own a large acreage of land in the parish.

The Maroon settlement called Moore Town, is nine miles from Port Antonio on the banks of the Rio Grande, which is the second largest river in the island, but on account of the rapids formed by the hilly nature of the country through which it runs it is of no use for navigation.

St. Margaret's Bay is a thriving village on the west of the Rio Grande and on the railway line between Kingston and Port Antonio; it contains a substantial Episcopal Church and carries on an extensive business in fruit. There is a police station and the United Fruit Company have constructed a fine wharf here, and also at Hope Bay, a village lying a little further west. Hope Bay contains an Episcopal church, about 500 inhabitants, a Wesleyan church and a constabulary station.

Buff Bay was the chief town of the old parish of St. George; it lies between the Spanish River and the Buff Bay River and is on the railway line between Kingston and Port An-

tonio. This town contains a fine Episcopal church, and Wesleyan, Baptist and Roman Catholic chapels, a court house and town hall, the alms-house, a public general hospital, a constabulary station, a telegraph station and a market. Buff Bay is a rising and prosperous place, and is an important centre of the fruit trade, and there are two wharves, but owing to the exposed character of the coast they are only available in fair weather. At times during the "northers," the coast is unapproachable by vessels. About two miles out of the town, on one side of Buff Bay river, lies a township of the Maroons called Charles Town. From Spring Garden east of Buff Bay River, going up the Spanish River Valley for four and a half miles at Chepstowe there is a very fine waterfall known as "Fishdone." On Spring Garden are the ruins of an old fort constructed to repel the buccaneers. There are at Low Layton 105 feet above sea-level, the remains of an extinct volcano. The Rio Grande, Buff Bay, Spanish, Swift and White rivers which formerly presented formidable obstacles to the traveller during the rainy seasons, have now been bridged. The bridge over the Rio Grande is the longest in the island, the iron work alone being 480 feet in length, in six spans of 80 feet each.

Manchioneal lies on the north-eastern coast of the island; it is become of some importance since the fruit trade has been established. In the town are an Episcopal church, a Wesleyan chapel and a court house. Its principal exports are bananas and coco-nuts. The harbour, situated at the southern extremity of a coco-nut plantation, is very small; the entrance is only about half a cable wide and leads to an anchorage close off Shifto Point, barely exceeding one cable in diameter. From the anchorage to the southward is a narrow well-protected haven for small vessels. Manchioneal was the scene of some of the exploits of 'Tom Cringle,' recorded in his Log; and the Great House on Muirton is said to be one to which he was taken on his arrival from Cuba with yellow fever.

Darlingford, an extensive coco-nut plantation belonging to the heirs of Sir Charles Darling, a former Governor of Jamaica, stands around the village of Manchioneal.

There are great demands for lands with roads to them, especially by the small cultivators in the parish, owing to nearly all the large land-owners needing their lands for their own purposes, and steps are being taken to open up new roads, some of which will give access to Crown Lands. Strong representations have been made for providing more roads to open up the thousands of acres of fertile land so as to increase the output of the small cultivators.

The area of the parish is 285 square miles. According to the census of 1911 the population of the parish was 49,360: 24,813 males and 24,547 females. In 1921 it was 48,970; males 23,750 and females 25,220.

#### ST. MARY.

This parish was probably called after the Spanish port, Santa Maria. It includes the late parish of Metcalfe, as well as a part of the old parish of St. George, and possesses a great variety of agricultural resources, combined with much that is interesting from a geological, as well as a physical point of view. Nearly every product of the colony can be produced in it, although the supply of labour is very precarious, necessitating the somewhat extensive employment of East Indian immigrants. The roads, owing to the natural formation of the soil and the heavy traffic they are called upon to carry are difficult to keep in good condition. The copper mines at Job's Hill and the ferruginous springs of Newport only require easy means of access to become useful. The parish is exceptionally seasonable and is intersected by large rivers. The climate on the upland plains is warm and humid and vegetation is rapid; while in the hills it is cool though moist. Generally speaking the climate is healthy, the prevailing sickness being intermittent fever unattended with much mortality. The chief products are bananas, oranges, logwood, fustic, pimento, cocoa, coffee and coco-nuts and sugar (manufactured chiefly by the small settlers). Copra and coconut oil are also manufactured in fairly large quantities. The Banana cultivation is considerable, and the exports of the fruit exceed those of any other parish in the island.

The parish has three considerable towns, namely: Port Maria, Annotto Bay and Oracabessa, the last named having come into prominence as the result of the banana trade and of its good harbour. There are also in the parish several thriving villages and out bays; the chief of the former being Highgate, Hampstead, Gayle and Richmond and of the latter Salt Gut and Rio Nuevo.

The chief town and shipping port is Port Maria, situated somewhat nearer the western than eastern end of the parish with a fairly good harbour, its complete exposure to "northers" being broken by Cabaritta Isle, which acts to a certain extent as a natural

breakwater. Port Maria contains a public general hospital and an alms-house, a church, a kirk, a Baptist chapel, a Wesleyan chapel, a court house, a fine market, a post office and telegraph office and a government elementary school. The municipal buildings, which are very substantial and commodious, being built of stone, were erected out of the bequest of Thomas Manning. They contain the town hall, the court house and office of the revenue and parochial board offices and the constabulary station. The St. Mary Poor House at Simpson Hill,  $1\frac{1}{2}$  miles from the town built in 1896, at a cost of £1,200, has accommodation for 120 inmates and the staff. There are also several fine stores, seven wharves and a comfortable hotel. The Victoria Park, opened in commemoration of Queen Victoria's Jubilee, is in the old parade ground next to the church. Gray's Charity is on Fort Haldane, where evidence of its military uses in the past still exist, in the vicinity of, and possessing a commanding view of the town and harbour. Here a substantial building has been erected for the inmates connected with the charity. A supply of wholesome water is afforded the town by works constructed in 1886, and subsequently improved and extended. There is an organized fire brigade. There are social, tennis and cricket clubs.

Annotto Bay, on the railway line between Kingston and Port Antonio, is situated on the eastern side of the mouth of the Wag Water river (a corruption of *Agua Alta*) and is distant about sixteen miles from Port Maria and thirty miles from Kingston, from which it is approached by what is termed the Junction road. The town of Annotto Bay is intersected by three sluggish rivers which create swamps in the neighbourhood and render it, at certain seasons of the year, unhealthy; but the inhabitants on the whole enjoy tolerably fair health and longevity. It is a considerable shipping port, especially for logwood and bananas, the shipment of which is greatly facilitated by the recent construction of a railway to the siding at the sea beach. The town contains a public general hospital and alms-house, a court house and constabulary station, post office and telegraph office; also a fine large church at the eastern end of the town, Baptist and Wesleyan chapels and a government elementary school. The Maroon Town of Scott's Hall is situated on the Junction road behind Castleton Gardens, 11 miles from Annotto Bay and 19 miles from Kingston. The parochial board in the year 1910 furnished the town with a fine and abundant supply of water, meeting the cost, nearly £5,000 entirely from its own resources. The reclaiming of the swamp lands is receiving attention. There is an organized fire brigade. There is a central sugar factory at Grays Inn near Annotto Bay.

Oracabessa (Golden Head), situated eight miles west of Port Maria on the main road to St. Ann's Bay, has a safe little harbour, and is visited by steamers for bananas. It has a post and telegraph office, several small stores and wharves, a Baptist and a Wesleyan chapel and schools and a police station. The town is considered healthy and is visited as a health resort.

On the western side of the Gayle estate, is the village of Gayle. It contains a post and telegraph office, a market, pound and a constabulary station, a church and a school. The court house a mile away was destroyed by the earthquake in 1907, and the local courts are now held in rented premises.

The village of Highgate is eight miles from Port Maria on the main road to Richmond. Owing to the proximity to the railway station at that place, and being within a mile of the recently constructed railway siding it has made considerable progress within the past few years. There are a market, a number of shops, a post and telegraph office, a church and an elementary school.

The village of Richmond (Meek Spring) sprung into existence as the result of railway extension. Upon its selection for a railway station many stores, shops, and residences were erected, and now Richmond is a populous and thriving centre in which a large volume of business connected with the fruit trade is transacted; there is a court house and constabulary station, a post and telegraph office, a market, a pound and a social and tennis club.

It was near Rio Nuevo Bay that the last Spanish governor of Jamaica, Ysassi, built a fort when he attempted to re-conquer the island. The fort having been captured by the English, Ysassi escaped and left the island from Runaway Bay in St. Ann.

The chief rivers from east to west are the Dry River, Annotto River, Wag Water, Antrim river, Oracabessa river, Rio Nuevo and White river; there are also White Hall river, Haughton, Tiber, Flint and Pencar rivers, all of which are now bridged.

The area of the parish is 249 square miles. According to the census of 1911 the population of the parish was 72,906—37,523 males and 35,433 females. In 1921 it was 71,404; males 35,157 and females 36,247.

#### ST. ANN.

This parish has hitherto been supposed to have been named after Ann Hyde, wife of James II.; but the name really dates from the days of the Spaniards. It is the largest parish of the island and has been appropriately designated "The Garden of Jamaica." "When Columbus," says Bryan Edwards, "first discovered Jamaica he approached it 'on the northside, and beholding that part of the country which now constitutes the 'parish of St. Ann he was filled with delight and admiration at the novelty, variety 'and beauty of the prospect.'" Hill, in his "Lights and Shadows of Jamaica History," thus writes of the parish: "Earth has nothing more lovely than the pastures and pimento groves of St. Ann;—nothing more enchanting than its hills and vales, delicious in verdure and redolent with the fragrance of spices. Embellished with wood and water, from the deep forests, from whence the streams descend to the ocean in falls, the blue haze of the air blends and harmonizes all into beauty."

St. Ann's Bay, the "Santa Gloria" of Columbus, is a town of some importance, in which considerable trade is carried on. It contains an Episcopal church, a Wesleyan chapel, a Baptist chapel, a court house, a public general hospital, a post office, a telegraph station, a good hotel. There is a fine market, and an excellent water supply obtained from the Roaring river. The Old Vesry and Slave Records in the Board's Office at St. Ann's Bay provide interesting reading of bygone days. It does a large shipping trade, to which trade the regular steam communication between the United States and Jamaica has been a great incentive. Two miles to the westward of the town are the poor houses. Fine sea bathing can be obtained at the Drax's River, a beach for miles out from the town at the Drax Hall cove. The scenery between St. Ann's Bay and Ocho Rios is unrivalled.

Not more than a mile to the west of St. Ann's Bay is the site of the first capital of the island, "Sevilla Nueva" or "Sevilla d'Oro," as it was afterwards called. This town was founded by Juan de Esquivel, the first Spanish Governor of Jamaica, he having been commissioned and sent over by Diego Columbus (Christopher's son) the Hereditary Viceroy of the New World, to establish a colony there. Esquivel arrived in Jamaica in November 1509, accompanied by a number of the Viceroy's friends. "Bringing with them the refinements of taste and the means of displaying it, they assisted in the foundation of Sevilla Nuevo, whose fame long attested its superiority over every other town which has since been built here." The town contained many buildings worthy of note, amongst which were a monastery, a cathedral, a theatre and many palaces. Sevilla did not long, however, continue the capital, having been abandoned for St. Jago de la Vega. Various reasons for the change have been given; some say that it was owing to the Spanish inhabitants of Sevilla having in their wars with the natives been suddenly and entirely cut off, and others assigned the desertion to "a visitation of innumerable ants" that destroyed all the provision grounds of the people and compelled them to find a home elsewhere. Bridges attributes the abandonment to the depredations of the French filibusters, and states that "the northern coast of Jamaica afforded frequent spoils to this bold band of corsairs." As a matter of fact they found it unhealthy. To the eastward of St. Ann's Bay, at Drax Hall estate there is a narrow cove described in the maps as Don Christopher's Cove, where Columbus on his fourth and last voyage to the West Indies is supposed to have stranded his two remaining vessels. Priory contains the remains of an old English church. Midway between St. Ann's Bay and Ocho Rios are the Roaring River Falls, the largest in the island; the scenery there and for some miles round is much admired by visitors and is well worth a visit. Application to the gate keeper of Roaring River and the payment of a small fee for keeping the road in repair will always ensure permission to view the Falls, and a guide can easily be obtained.

Colonel Charles Drax left a sum of money and a claim on the estate for founding a free school, which was held for a time at Walton, near Monrovia. In 1885 this was, by law, merged in the Jamaica High School (now Jamaica College) at Hope, in St. Andrew.

Fonthill, once the property of William Beckford (now attached to Drax Hall), was named after Beckford's property in England, Fonthill Abbey.

Ocho Rios, formerly called "Chereras," the "Bay of the Waterfalls," lies about seven miles to the east of St. Ann's Bay. The town is increasing in importance and the har-

bour, which is easy of approach, affords good shelter for vessels. For this reason and on account of the facilities in the way of getting good water at the Sailors' Hole and provisions, Ocho Rios was at one time very frequently visited by British warships for the purpose of giving leave to the crews. There is an ice machine and refrigerating establishment. Near the town is Shaw Park estate where Ysassi, the last of the Spanish Governors, had pitched his tent and where he was discovered and pursued by the British troops. He subsequently escaped in a canoe to Cuba, from a spot about ten miles from St. Ann's Bay, which has since been known as Runaway Bay. Ocho Rios has an Episcopal church, Wesleyan and Baptist chapels, a post office and telegraph station, a market, court house and police station. On the way to Moneague the road runs through the celebrated Fern Gully. The Cascade Falls, 4 miles from Ocho Rios, are worthy of note.

Brown's Town is the largest of the rural townships of St. Ann, and is situated in the western interior part of the parish; it contains an Episcopal church and the Diocesan High School for girls, recently erected from the design of Major Caws, a Wesleyan chapel, a Baptist chapel, an Evangelist tabernacle, a court house, a government elementary school, a police station and a market called the "Norman Market," with a clock tower, in which is a clock presented by Sir Henry Norman.

There is a Corn Meal Factory that provides for the consumption of native grown corn and has enhanced the value of this product. It possesses a large reservoir that provides for the inhabitants of this dry district a constant water supply in the most severe draughts. The Diocesan High School for Girls here is now one of the foremost educational institutions in the colony, and there is also a secondary school for boys.

Dry Harbour, so called on account of there being no fresh water stream or well there, is a town increasing in trade and prosperity and the harbour affords excellent shelter for vessels. It was at Dry Harbour that Columbus landed and took formal possession to the island. There are some very large caves about a mile-and-a-half from the village; they are often visited by tourists and are well worth the trouble which is necessary to thoroughly explore them; a guide can always be obtained at Dry Harbour or Runaway Bay. There is a banana mill factory here.

In the Dry Harbour Mountains there is a fine underground stream (probably the Cave River) flowing through a natural tunnel which can be explored for a considerable distance. At Cave Valley there is a thriving market and a police station. At Moseley Hall in the south-eastern corner of the parish there is a very fine cave that used to be frequently visited and there are several smaller but not less interesting ones in other parts of the parish.

In the Pedro Hills is Edinburgh Castle on which property is situated the "sink hole" where the murderer Hutchinson is supposed to have thrown down the bodies of all his victims. At Pedro River there is a market.

The village of Claremont, (formerly called Finger Post) is increasing in size and importance; it has an Episcopal church and Wesleyan and London Missionary Society chapels, a post office and telegraph station, a market, a police station and a clock tower. Above Claremont on the Pedro Road is the Ramble tea estate the first and only extensive tea plantation and factory in the West Indies.

Moneague, ten miles from Ewarton, is situated in a cool and pleasant part of the parish; it has a court house, a police station, a post office and telegraph station and a market; a good produce business is done here. There is also a fine hotel on a commanding site. The building is a handsome and comfortable one, and situate as it is in one of the most charming districts of the island, attracts visitors from northern climates seeking to escape the severity of the winter. Here a lake of considerable extent is apt to appear from time to time and last for a year or more. It last rose in 1916 and disappeared in 1918. There is also an hotel at Holly Mount on Mount Diabolo whence very fine views are obtained.

The productions of this parish are principally sugar, rum, coconuts, pimento and coffee. The cultivation of bananas is extending, and the orange trees yield abundantly. Pimento, the "all-spice" of commerce, grows luxuriantly in St. Ann, in which it is indigenous.

The area of the parish is 476 square miles. According to the census of 1911 the population of the parish was 70,651; 34,024 males and 36,627 females. In 1921 it was 70,422, males 33,490 and females 37,732.

#### TRELAWNY.

This parish derives its name from a former governor of the colony, Sir William Trelawny, who died in Jamaica in 1772. It was taken out of part of St. James in 1770. The principal towns are Falmouth, Stewart Town, Duncans, Clark's Town and Ulster Spring.

Falmouth is a town of considerable importance, and is more regularly laid out than any other town in the island, except Kingston; the streets are wide and clean and the public buildings are substantial and handsome. The court house, a building erected in the days of Jamaica's extravagance, is lofty and spacious and affords accommodation for all the parochial officers. It contains full length portraits of General Sir John Keane, lieutenant governor from 1827 to 1829, and of Sir Charles Theophilus Metcalfe governor from 1839 to 1842. The other public buildings are the former district prison, now used as constabulary barracks and alms house, and the public general hospital. The Episcopal church, the Wesleyan chapel and the Kirk are all good buildings and well situated. The spacious Baptist chapel was erected under the auspices of William Knibb who played an important part in Trelwany both before and after Emancipation. His body lies in the Baptist Church yard. The military barracks, now used as the Falmouth Government School, are spacious, solid buildings and are capable of accommodating 700 men; they have always been regarded as being particularly healthy. The town is supplied with water from the Martha Brae river, it is conveyed to a reservoir built in the market square, from which the inhabitants are supplied by pipes laid down to their houses or by means of carriers employed for the purpose. There is a market in the square, and a Victoria Park.

The entrance to the harbour, which was difficult of access owing to a very narrow and intricate channel, has recently been widened and deepened. The depth of water in the harbour is ample and there is accommodation for a number of ships or steamers of large size.

Martha Brae, one-and-a-half miles inland from Falmouth, is supposed by some to have been the site of the old Spanish settlement of Mabila, which was abandoned soon after its establishment owing to the depredations of the French filibusters. The secret gold mine of the Spaniards is said to be in its neighbourhood.

Clarke's Town, ten miles from Falmouth, is the next largest town in the parish, and is becoming important by reason of its central position. There is a good trade in produce here, and the ground provisions from Ulster Spring are nearly all sold here. There is an Episcopal church, a Baptist church, a post office, a dispensary, police station and a court house.

Stewart Town is the centre of a considerable trade in produce from the interior of Trelwany and the neighbouring parishes. It contains an Episcopal church and spacious chapels of the Wesleyan and Baptist denominations, a post office and police station; and there is a high school for girls at Westwood, hard by. The new Webb memorial church makes a good addition to the town.

Duncans is a town not very distant from the sea coast in which a brisk trade is carried on. There is a post office, telegraph station and police station, court house and Wesleyan and Baptist chapels.

Rio Bruno was once an important shipping roadstead. A plentiful supply of water can be obtained a short distance up the river. It contains an Episcopal church, a telegraph office, police station and a Government school. There are other villages in the parish of some importance, namely, the Rock, Salt Marsh, Union Town, Warfield, Dossid, Sawyers, Ulster Spring and Albert Town. The last named has become a place of importance. The land is very fertile and there are numbers of prosperous small settlers in the district. There is a large Baptist church at a place called Spring Garden in the immediate vicinity. There are also a Wesleyan chapel and a Baptist chapel, court house, police station and telegraph office at Ulster Spring. Large schoolrooms are attached to each of these places of worship and are well attended by the children of the peasantry. There is a constabulary station and a telegraph office in this district. Albert Town is also a place of some importance possessing an Anglican church and post office.

The productions of this parish are principally sugar and rum, pimento, coffee, coconuts and ginger and a large quantity of dyewoods and some bananas. The parish is noted for its fine flavoured rum, the prices obtained for which enabled many of the estates to keep up cultivation in spite of adverse seasons when the price of sugar did not repay the cost of production. The estates have all along and still have a comparatively good supply of native labour. By the in-givings of 1837 Trelwany contained 76 fine sugar estates, two coffee plantations and several pens and settlements. It was then said that the parish produced more sugar than any other parish in the island. The cultivation of bananas was considerable. The parish offers fine scope for the operations of sugar factories. The area is 332½ square miles. According to the census of 1911 the population of the parish was 35,463; 16,132 males and 19,031 females. In 1921 it was 31,602; males 15,951, females 18,648.

There are 125 miles of main roads and 309 miles of parochial roads in the parish.

## ST. JAMES.

This, one of the smaller parishes of the island, was named after the Duke of York (afterwards James II). Montego Bay, the most important town in the parish ranks next to Kingston and Port Antonio in point of population. The chief buildings in the town are the court house, the Episcopal church, with the monument to Rosa Palmer by Bacon, and Trinity chapel, the Presbyterian church, the Roman Catholic Church, the chapels belonging to the Wesleyan and the Baptist denominations, the custom house and the old barracks. The terminus of the railway line from Kingston is at Montego Bay.

The sanitary condition of the town has been much improved by the filling up of the swamps adjoining the creek, which had been a nuisance of long standing. There is a large market, and extensive mercantile stores indicate the commercial importance of the town.

Montego Bay was called "Manteca Bay" by the Spaniards from its being the great emporium for lard. Sir Hans Sloane states that the boiling of swine's flesh into lard constituted the early commerce of the place. The bay is an open roadstead and the anchorage is quite safe during the period of the ordinary land and sea breezes which range from N.N.E. to S.E.; but between November and March, when northers sometimes blow in, accompanied by a heavy sea, a second anchor is sometimes necessary and accidents have been known to occur. Sea-bathing is a great institution at Montego Bay, the inhabitants claiming that the "Doctor's Cove" and the White Sands are the best bathing places in the island. The town has a supply of excellent water. There is an ice factory and a telephone system in the town, which is lighted by acetylene gas.

The surrounding hills are dotted with fine residences, some of which like Grove Hill (mentioned in "Tom Cringle's Log") have historic interest.

The Mt. Spring Hill Hotel, overlooks the Bay and is connected to Pleasant Hill, the Montego Bay Secondary School, with accommodation for boarders as well as day scholars.

The productions of this parish are principally sugar, rum, coffee and bananas.

At Ducketts, Seven Rivers, and Chesterfield, in a district of large rainfall, are considerable estates in banana cultivation, while the United Fruit Company have a large area under cultivation at Mocho, and Gardens near Catadupa station.

Cambridge, now the second place of importance in the parish, owes its position entirely to the fruit cultivation in its vicinity.

The provision of a road from Catadupa station into the interior has immensely stimulated the development of a district rich in agricultural resources, while the land in the Montego Bay river valley is eagerly sought and rapidly rising in value.

There is a central sugar factory at Rose Hall. The area is 234 square miles. According to the census of 1911 the population of the parish was 18,767 males and 22,609 females. In 1921 it was 34,602; males 15,954 and females 18,648.

## HANOVER.

Kingston and Port Royal excepted, this is the smallest parish in area in the island. When it was formed the Assembly wished to call it St. Sophia in honour of the mother of George I, but in this it was over-ridden by the Council, and the name was chosen with reference to the reigning family in England. The only town, Lucea, is one of the most picturesque of the towns of Jamaica. It contains amongst its principal buildings a handsome court house, Episcopal and Presbyterian churches and schools, and chapels belonging to the Wesleyan and Baptist denominations and a market. The Episcopal Church is beautifully situated at the entrance of the fine harbour. The whole western shore of the landlocked harbour is fringed with houses and the hills above are studded with residences embowered in foliage which are fanned the live-long day with the pure, fresh sea-breeze. The harbour, although of small dimensions, is one of the best harbours on the north side of Jamaica. Its entrance is about three cables wide, but within, it sweeps round into a most picturesque basin, about three quarters of a mile in diameter, capable of receiving vessels of the largest size. The banana trade has attained to considerable dimensions here, while the export trade in yams to the ports of the island and the Isthmus is vigorously maintained. Fort Charlotte, which was built for the defence of the harbour, stands on the peninsula that over-looks the channel. In the barracks is kept Rusea's school, which affords secondary education for boys and girls. The former prison buildings are used as constabulary barracks and an almshouse.

The village at Green Island, further westward, is a shipping port in which are Episcopal and Presbyterian churches, and a Baptist chapel. Of recent years this township has witnessed considerable development chiefly of the banana trade.

On the other side of Lucea, about 8 miles eastward, Mosquito Cove is buoyed and is a port of call.

There are some very valuable grazing pens in this parish, of which the best known is Knoekalva, which is between 4,000 and 5,000 acres in extent. A traveller who visited this property in 1866 wrote in a work subsequently published by him, that "the manager had introduced the Hereford breed and shewed grass-fed oxen of fine form and enormous size, which would attract admiration and possibly carry off prizes at the great English cattle shows." Shettlewood, Ramble, Houghton Grove, Burnt Ground and Chataoom Castle are amongst the other most valuable breeding pens in this parish. Shettlewood is now famous for its Indian cattle which are preferred by planters for working purposes to any other description, owing to their activity and hardihood as well as their immunity from the attacks of ticks.

The parish is mountainous and well watered, the highest summit is the Dolphin Head which affords a good land-mark for mariners.

The productions of the parish are principally bananas, sugar and rum, pimento, ginger and arrowroot. The peasantry are chiefly employed in planting ground provisions of which the 'Lucea yam' enjoys a great reputation in the island.

The area is 167 square miles. According to the Census of 1911 the population of the parish was 37,432; 17,615 males and 19,817 females. In 1821 it was 38,360; males 18,946 and females 20,314.

#### WESTMORELAND.

Westmoreland was so called because it is the westernmost parish in the colony.

Savanna-la-Mar, the chief town, is one of the most important towns in the island in regard to the extent of its commerce. The chief places of worship are the Episcopal church, the Presbyterian church, the Baptist chapel and the Wesleyan chapel. Distributed through the parish are at least 20 large and substantial places of worship belonging to all the principal Christian denominations. The town is supplied with water from one of the numerous springs which rise from the rock at Sweet River Pen, four miles distant. A drinking fountain and a horse trough were presented to the town by the late Mr. E. J. Sadler; a commodious new market was opened during 1892. There is also a telephone service and an ice factory. A reading room has been established and there is a Masonic Lodge and a Forester's Court.

Contiguous to the town of Savanna-la-Mar is Manning's Free School, managed by a local board under the Jamaica Schools Commission, which offers the means of obtaining a liberal education, and takes a good place among the educational institutions of the island.

The sad fate of Savanna-la-Mar in the hurricane of 1780 can never be remembered without horror. "The sea bursting its ancient limits overwhelmed that unhappy town and swept it to instant destruction, leaving not a vestige of man, beast or habitation behind. So sudden and comprehensive was the stroke," says Bryan Edwards, "that I think the catastrophe of Savanna-la-Mar was even more terrible, in many respects, than that of Port Royal."

Besides Savanna-la-Mar there are Bluefields, Parker's Bay, Scott's Cove, and Nerril as shipping places, and several small townships. Bluefields the site of the Spanish town of Oristan, was for a time the residence of Goss, the naturalist. The "Spanish road from Bluefields Bay to Marcha Brea, by the head of the Great River," as Long wrote, is said to be still in existence.

Some 10,000 to 12,000 acres of the parish are morass lands, which however afford maintenance in dry weather to numbers of stock. Making allowance for this, fully three-fourths of the remainder of its area consists of hills of moderate elevation, amongst which many of the chief breeding pens are located, the remaining one-fourth being lowlands of alluvial formation in which are situate the sugar estates.

Of late years an impetus has been given to the growing of sugar cane for which the parish has always been famous. In 1909 a large factory was established at Frome at which the canes grown on Belle Isle, Fontabelle and Frome are made into sugar.

Westmoreland is still fairly wooded, and has long been remarkable for the regularity of its annual rains, a natural advantage enabling its agricultural operations to be carried on without much fluctuation to the great advantage of its labouring population.

The water supply to Savanna-la-Mar has been improved at a cost of £2,744 the source being on Caraway pen. There is a building society which has been in existence since 1874, and there are two banks doing business, the Bank of Nova Scotia and the Colonial Bank.

Cane farming has increased considerably, also the cultivating of rice which affords a permanent source of income to the small agriculturists and East Indians.

The parish is also well watered by numerous rivers and streams, the principal of which are the Negril, New Savanna, Morgan's Gut, Smithfield, Bowen's river, Bluefields, Robins, Roaring river, Great river and the Cabaritta, the last named being navigable for boats of about 8 tons for some twelve miles from its mouth.

There is a considerable East Indian settlement at a place called Paul Island, where the marsh lands are suitable for the growth of rice. The coolies successfully grow large quantities of that article and sell it at remunerative prices to the shopkeepers in the neighbourhood. Considerable business is also done in logwood.

There is a factory at Water Works for the hulling of rice and it affords employment to several persons.

Coffee and ginger are cultivated to some extent in the higher lands and the abundance of logwood trees, as well as of flowering or fruit trees throughout the pens or other settled lands, afford encouragement to the keeper of bees. Rum, sugar, logwood, pimento, coffee and honey are the chief products.

A Dyewood Factory has been established at Paradise near Savanna-la-Mar, by the Yorkshire Dyewood Company.

Between 16th and 18th November, 1912, the parish was visited by a hurricane which caused destruction and destitution throughout the parish; only one life however was reported lost. Owing to the great destruction of houses and the need for accommodation for the poorer classes of persons the Parochial Board erected six tenement buildings, four on the Poor House land and two at Newmarket.

The area of the parish is 308 square miles. The population in 1911 was 66,456 males; 31,795 and females 34,661, the increase for the last twenty year-period being 13,006. In 1921 it was 68,853; males 32,437 and females 36,416.

#### ST. ELIZABETH.

Saint Elizabeth, one of the largest parishes, was probably named in honour of Elizabeth, wife of Sir Thomas Modyford. It comprises an area of 462 square miles.

The chief town and shipping port is Black River, situated at the mouth of the river of the same name. The appearance of the town has been very much improved during recent years. More business is transacted in Black River than in most places of the same size, while its unsavoury reputation for unhealthiness is perhaps scarcely warranted by the Registrar General's statistics. The principal buildings are the court house, the public general hospital—both of which are situated at some distance to the westward of the commercial part of the town—the parish church, the prison and the market. The court house presents a fine appearance from the sea and at once attracts the attention of the visitor. In the parish church are many interesting memorial tablets recalling to the memory of the living the many good qualities of the departed Saint Elizabeth gentry. The handsomest of these mural tablets are those on either side of the chancel to the memory of Robert Hugh Munro and Caleb Dickenson, founders of the Munro and Dickenson's Trust. The market place is a plain but graceful iron structure; excellent markets are held twice a week, on Wednesdays and Saturdays. The town enjoys an ample house to house supply of pure water brought from the Y. S. spring. It is lighted by electric light, and was the first town in Jamaica lighted by this means. Two buildings have recently been added to the town, one the Bank of Nova Scotia and the other the Colonial Bank.

An interesting feature of the town of Black River is the large quantity of logwood piled up on the wharves awaiting shipment. The bar at the mouth of the river is a serious hindrance to the speedy loading and despatching of the vessels; the lighters which convey the cargoes from the wharves on either bank of the river to the shipping frequently ground on the bar, causing waste of time and much extra labour. At Lacovia and Elim there is a factory for the extraction of dye from logwood. At Rahine there has been erected an up-to-date Sugar Factory, supplied with canes from extensive cultivation.

The principal villages of the parish are Lacovia, Santa Cruz, Balaclava, Newmarket, Siloah and Malvern. There is also a Maroon township called Accompong on the northern boundary of the parish. The precipice known as "Lovers Leap" is in Yardly Chase.

St. Elizabeth is more diversified by mountains and plains than any other parish of the island. The northern and north-eastern parts are mountainous while an extensive plain occupies the central and southern districts. Through this plain, dividing it into two sections, runs from north to south the Santa Cruz range of mountains; at the southern extremity the range terminates abruptly in a sheer precipice which descends 1,600 feet to the sea. This precipice is known as "Lovers Leap".

The Santa Cruz Mountains are well known for their charming climate which is at the same time both cool and dry. The thermometer seldom rises above 80° F. in the hottest months, while there is an entire absence of that excessive humidity which is a serious drawback to much of the higher land of the island. The district is a centre of educational activity. Foremost among the schools situated in the bracing air of these mountains are the two schools of the Munro and Dickenson's Trust, that for girls at Hampton and that for boys at Munro College, and the Moravian Female Training School at Bethlehem. On the slope of the mountain is the Manning Home for waifs and stray children.

At Malvern there are boarding houses. The lowlands of the parish may be divided into three parts: one portion—and that a very considerable one—being taken up with morass; a second consisting of savannahs; and the third comprising some of the finest country for stock raising and grazing purposes in the island. Rising far up in the northern interior of the parish, tumbling down through the gorges there until it reaches the plain and then sluggishly creeping through the morass, comes the Black River. The stream is navigable for lighters for nearly 30 miles of its course and forms a valuable highway for the conveyance of the produce of the upper parts of the parish to the sea, while goods are conveyed by the same means from the seaport to the interior. The Grosmond and Y. S. tributaries have been opened up. The river abounds with crocodiles; while in it as in the less important streams which flow through the morass, fish are plentiful. The Y. S. Falls are an object of interest to sight-seers, as are the Magotty Falls on the Black River.

The savannahs deserve some notice. In dry weather they are huge brown wastes but after rain no land recovers more quickly or is more wonderfully fertile. The well-being of the inhabitants of these districts therefore depends more directly than elsewhere on the rainfall. St. Elizabeth is the largest corn-producing parish in the island, most of it being grown on the savannahs, where, in good seasons, the yield is very large. Parts of the savannahs are also famous for horses, which are reckoned amongst the best bred in Jamaica. These are raised principally by settlers, some of whom possess beautiful specimens of the stud horse and brood mare. The abundance of corn naturally enables the owners to feed their stock well, and they declare that there is a peculiarly nutritive property in their savannah grass, which renders it superior to any other for horses.

The lowlands of St. Elizabeth boast of such properties as Gilnock, Font Hill, Pepper, Longhill, Goshen, Friendship and Warmister; these and many others being famous for the quality of their cattle, horses and mules.

St. Elizabeth produces sugar, rum, pimento, coffee, logwood, ginger and tobacco, besides the minor products. Some districts are particularly well adapted for the cultivation of ground provisions, of which there is usually a good supply throughout the parish. Recent experiments in banana cultivation have not been successful. Sisal hemp also grows freely, as is shown by the cultivation at Leticia by the Government.

At Santa Cruz there is a well organized alms house, with an infirmary attached. Poor relief is also afforded extensively on the out-door system. The parish is traversed in all directions by excellent roads. One hundred and ten miles of parochial roads were transferred to the Public Works Department under Law 17 of 1890, thus leaving a larger amount of local funds for the improvement and maintenance of the roads which still remain in the care of the parochial authorities.

According to the Census of 1911 the population was 78,700; 36,967 males and 41,733 females. The increase since the Census of 1891 was 16,444. In 1921 it was 79,381; males 36,090 and females 43,291.

#### MANCHESTER.

Manchester was created from parts of the adjoining parishes of St. Elizabeth, Clarendon and Vere in 1814, and was named after the Duke of Manchester who was then governor of the Island. In August, 1816, a meeting of the committee of the vestry was held to arrange the erection of a court house, church, gaol and parsonage to make the town of Mandeville. Sixty acres were purchased from Robert Crawford, owner of Caledonia property, and thus Mandeville, the chief town, and one of the prettiest towns in the island, came into being. Its situation on the top of a mountain 2,200 feet above sea level is very picturesque and the tidiness and cleanliness in which the buildings are kept are remarkable. It is in a central part of the parish and contains an Episcopal church, a Wesleyan chapel, a chapel belonging to the London Missionary Society, a Baptist chapel, a free school, a court house, a constabulary station and a public general hospital, a large and convenient market and an aerated water factory. It has billiard, tennis, golf, cricket, and ladies clubs, and polo and gymkhana grounds.

It has a very good water supply, two large reservoirs have lately been built, holding capacity being 800,000 gallons. The hotels, boarding-houses and hospital are supplied with water from the reservoir. There are a good private school for girls, a Diocesan school for boys and the middle grade school managed by the trustees of the Manchester schools. There is a branch of the Bank of Nova Scotia.

Mandeville is much frequented as a winter resort for visitors from Great Britain, Canada and the United States. The climate is salubrious and the temperature ranges from 70° to 75° in the day time, to 48° to 54° at night. Here is situated the Harvard College Observatory.

Porus is a populous village; containing an Episcopal church, a Baptist chapel and a fine chancel of the London Missionary Society, a court house and a constabulary station. Christiansburg is the centre of the ginger-growing district. Alligator Pond is a shipping port of some importance. There are four railway stations in the parish: Porus, Williamsfield, Kendal and Green Vale. The nearest station to Mandeville is Williamsfield, four miles distant. The Manchester orange has obtained a name in the American markets for its flavour, and is exported to a considerable extent. The principal products of the parish are coffee, pimento and ginger.

The Pimento Board has started to build another Reservoir to hold 1,600,000 gallons of water in addition to two already built holding 600,000 gallons.

A Government Elementary School of local stone, has recently been erected. The Cricket Club has been reorganized.

The area of the parish is 302 square miles. According to the Census of 1911 the population of the parish was 65,194; 30,931 males and 34,262 females. In 1921 it was 63,442, males 29,599, females 34,136.

#### CLARENDON.

This parish was named in honour of the celebrated Lord Chancellor. It is one of the largest parishes in the island and for electoral and revenue purposes it is divided into three districts, upper, middle and lower.

The principal towns or villages in the upper district are Chapelton, Rock River and Frankfield; in the middle district, May Pen, Four Paths and Hayes; and in the Vere or Lower district, the Alley and Milk River. The shipping ports and wharves are at Salt River and Carlisle Bay.

Chapelton is a town of considerable commercial importance and a trade in coffee is carried on there. A few years ago large quantities of sugar, cultivated by small settlers, cured in barrels, used to be sold in Chapelton, but that trade considerably declined during the recent years of depression in the sugar market. On better prices being obtained, however, the peasantry immediately resumed the use of the small sugar mills (commonly called "John Crow Mills," from the number of stock formerly killed in working them and devoured by the John Crows.) The owners of these mills had to submit to their being inspected and certified in terms of "The Prevention of Accidents at Sugar Mills Law," which was passed in 1888. Altogether there are about 800 small sugar mills in Clarendon, of which over 600 are in the Upper District. The Small Settlers around Chapelton call for estates come largely for estates in middle and lower Clarendon.

Chapelton is the railway terminus of the Rio Minho branch of the Jamaica Railway, and contains an Episcopal church, St. Paul's, recently restored; an Independent chapel Salem, in connection with the London Missionary Society; a small Presbyterian church; a court house, (containing offices of an Assistant Collector of Taxes, and the Clerk of the Courts, both stationed in Chapelton) constabulary barracks, and Inspector's quarters, a public general hospital, public works office and store, a large covered market, post and telegraph office, and several large stores. The population of Chapelton is about 900. It stands on a small hill which is naturally drained on every side, and is remarkably healthy, as in fact are undoubtedly the whole of Upper Clarendon and the Clarendon mountains.

Rock River is a small village about five miles to the east of Chapelton, near a sugar estate of the same name, and contains a constabulary station and a few shops.

Frankfield is an important village 12 miles to the northwest of Chapelton on a good driving road, and is the centre of a large and flourishing agricultural district and the proposed temporary terminus of the Rio Minho Valley Railway extension now under construction. In the village are a church, a post office, a dispensary regularly attended by the district medical officer from Chapelton, and several shops. A District Medical Officer has now been appointed for the Frankfield district resident near Frankfield.

May Pen is the head station of the parish, under Law 20 of 1867, and in the court house

are the courts office, collectorate and parochial offices. There is a police station, a market, and a post and telegraph office. It is an important railway station and collects the traffic of a large part of the valley of the Rio Minho. Close to the station the river (here called the Dry River from the fact of its bed being dry for the greater part of the year) is spanned by a handsome lattice girder bridge, used for both road and railway. A large trade in logwood is carried on. The public general hospital has been closed and the building loaned to the parochial board by the government for the purposes of an alms house, to take the place of those at Chapelton and the Alley which have been closed.

There is now a thriving Sisal Industry being carried on in the districts around May Pen, and two Fibre Factories have been erected in the vicinity in addition to a Cordage Factory located in the town.

A modern up-to-date mill has been erected at "Sevens" capable of grinding all the cane produced in the upper districts.

Four Paths is situated on the main road about four miles west of May Pen. There is a railway station in its immediate vicinity. The trade of the place has fallen off of late years. It has a public market, constabulary station and a post office.

Hayes is a small village about seven miles south of May Pen, built on a savannah of the same name. It would be difficult to account for its existence on so arid and unproductive a site, but it has nevertheless a substantial public market, generally well attended and supplied, post office, and numerous small stores. The water supply has been improved at the instance of the parochial board by the erection of a force pump in the only available well in the locality.

Milk River (formerly called The Rest) is reached by an excellent level road, a branch from the main road between Four Paths and Porus, or from Clarendon Park station, a distance of 10 or 11 miles. The village has a church, several good stores, a post and telegraph office, and a constabulary station. The Milk River is navigable for lighters for four or five miles. The river used to abound in crocodiles, but the constant passage of boats has made them scarce. The Milk River Bath (of which an account is given in another part of this Handbook) stands on the west bank of the river about three miles from the village.

The Alley, which was formerly the capital of the parish of Vere (now incorporated with Clarendon) is a small village on the banks of the Rio Minho and is rendered of some importance from the fact of its being in the immediate proximity to a large number of sugar estates. In this district may be seen some of the finest cane cultivation in the island, the estate of Money Musk, Amity Hall, Bog Moreland, Hillside, and having very large acreages in canes, while they have also all the latest and most improved machinery and appliances for the manufacture of sugar and rum. The village contains an interesting old Episcopal church, a court house, (with a sub-collectorate), constabulary station, a post and telegraph office; and in the vicinity is a large public general hospital and poor house. [For an account of the irrigation works see Vere Irrigation, Part XIII of this Handbook.]

Carlisle Bay is noted as being the spot where the colonial militia met the French under DuCasse in 1694, and after three days' gallant resistance drove them to their ships with a loss of 700 men. The invaders had already for nearly a month plundered and destroyed the sea-side plantations and murdered or kidnapped the gentry and their slaves. This, in words of Bridges, was "the most formidable attack which was ever made upon the shores of Jamaica."

Sawkins says in his report on the Geology of Jamaica: "The geology of this parish is perhaps more interesting than that of any in the island. The Clarendon mines at Charing Cross and Stanford Hill afford a nearer approach to true lodes or mineral veins than any of the other metalliferous deposits of Jamaica." Copper mining has been carried on in the neighbourhood from time to time.

There is a very fine main road from Chapelton to Cave Valley in St. Ann, and under the provisions of Law 17 of 1890, the Public Works Department has taken over and reconstructed some 90 miles of the most important of the old parochial roads, thus making wheeled traffic possible to nearly every district of the parish. Spaldings, a thriving agricultural centre, has a market and Post Office.

The Bull Head, rising to a height of 3,600 feet or thereabouts and situated near its northern limit, is the highest land in the parish. This mountain is as nearly as possible the centre of the island and is a conspicuous object to vessels making the island from the south. The ascent is easy and the view from it on a clear day magnificent. It

commands the entire parish; to the north lies the parish of St. Ann; to the west the Manchester hills, and eastward an uninterrupted prospect to the Blue Mountain Peak.

The Round Hill in Vere is a conspicuous object arising out of the plain, and seen from great distances. The climate of Upper Clarendon including the Mocho Mountains is unsurpassed in the island, and the scenery is beautiful.

The prospects of the Parish in the immediate future are promising, owing to the revival of the Sugar Industry. Extensive improvements have been carried out recently in the Factories on the various Estates in Vere and around May Pen.

A fine tobacco plantation was for some years worked principally by Cubans at Morgan's Valley, near Chapelton (once the property of Sir Henry Morgan, who settled it and called it after his own name). It was abandoned some years ago, but tobacco cultivation on a considerable scale has since been resumed. Several indigo walks were established in the Vere district by the early English settlers, but they had to be abandoned in consequence of the heavy import duty which was levied on the article in the English market. At one time 50,000 cwt. of indigo per annum were produced from these plantations. The area of the parish is 474 square miles. According to the census of 1911 the population of the parish was 73,914; 36,412 males and 37,502 females. In 1921 it was 82,455; 39,554 males, and 42,901 females.

#### ST. CATHERINE.

This parish derived its name from the Queen of Charles II. In the first act in which it is mentioned it is correctly spelled Katherine. It consists of what before the passing of Law 20 of 1867 constituted the parishes of St. Catherine, St. Dorothy, St. John and St. Thomas-in-the-Vale. The chief towns and villages are Spanish Town, Old Harbour and Linstead.

Spanish Town, or Saint Jago de la Vega, was the ancient capital of the island. It is situated on the banks of the Rio Cobre, from which it derives its water supply. Amongst the more important public buildings are the old King's House (formerly the official residence of governors of the island), the building formerly used for the House of Assembly and the Legislative Council, the cathedral, the court house, the Record Office, the Registrar General's Office, the Middlesex and Surrey County Gaol, the St. Catherine district prison, the Lepers Home, and the constabulary depot buildings. There are two Episcopal churches, namely, the cathedral church, dedicated to St. Catherine, and Trinity chapel. The remains of several of the Governors of Jamaica and of their wives and of the more eminent early settlers of the colony are interred within the cathedral or in the churchyard attached. There are several good monuments by Bacon, the Effingham tomb, the memorial to Archbishop Nuttall and others. The town also contains a Roman Catholic church, and chapels attached to the Wesleyan and Baptist bodies; and a Synagogue, the land for which was purchased in 1704. commodious markets, an alms house and a public general hospital, Beckford and Smith's Middle Grade School, partly endowed. There is also a town hall, in which there is a stage for dramatic representations, and a club and telephone service. At this town is the junction of the north and west branches of the railway.

Among the antiquities of the town may be noted the marble statue of Rodney, by Bacon, and the two large bronze guns which were captured by the Admiral in 1782 from the French fleet under Count de Grasse; the "Eagle House," once surrounded by a moat, and formerly the residence of the Earl of Inchiquin when governor of Jamaica; a tamarind tree in the grounds of the Infant School, which local tradition points out as that under which Colonels Tyson and Raymond were shot for mutiny in 1660, and the foundations of the old Spanish White Cross Church and of the Convent attached to it, which may still be traced in the street named thereafter.

The drive from Spanish Town to Bog Walk, past the power station which supplies the electric motive power for the Kingston tramways from the Rio Cobre, is a favourite with visitors. The "Bog Walk" affords one of the finest bits of scenery in the island.

"A torrent gushing in misty depths and fighting its downward course among scattered rocks, the narrowness of the long ravine or den through which it rushes, and the steepness and loftiness of the precipices on either side, with the richness and variety of tropical vegetation growing in all the exuberance of its foliage on every spot where a plant can rest—these features unite in imparting to the scene all the imposing effect of blending beauty and grandeur."—(*King.*)

Old Harbour contains a court house, an Episcopal church, a Wesleyan chapel and a public market. About a mile from the town stands the old parish church, built by the earlier English settlers. The town is supplied with water from a river six miles off. The Ludford endowed school is also here.

Old Harbour Bay was formerly called "Esquivel," after the Spanish Governor of that name, who established it as a ship-building port. It possesses a fine harbour studded with little low cays and rocky islets. When Columbus discovered it, it was inhabited by thousands of Indians, the most intelligent and the most civilized of all the aborigines of the Antilles that he had seen. There are an Episcopal church and a Baptist chapel in the village.

Linstead, which is situated in the centre of an almost circular hollow shut in by mountains, is a thriving township. It contains a court house, a Presbyterian church, a Wesleyan chapel, a public general hospital, an alms house and many fine stores. There is a good water supply and a market. An Episcopal church and a Baptist chapel are in the vicinity. The railway extension to this place developed the great resources of the surrounding country and rendered it one of the most important trading centres in the island. The Episcopal church near Linstead has become historical from the circumstance of all the public records having been deposited there under a militia guard during the period of the anticipated French invasion of 1805. Ewerton is the terminus of one branch of the railway which joins the Port Antonio branch at Bog Walk.

Six miles from Spanish Town to the south-east is Passage Fort, the landing place of the English conquerors in 1655, and the place where the Rio Cobre empties itself into the sea. It was once a port of some importance and was connected with Spanish Town (then the seat of government) by a line of stage-coaches; it is now a fishing village, with a few houses, the principal building being a small chapel belonging to the Baptist denomination.

About four miles from Passage Fort and six miles from Spanish Town lies the sea-side village of Port Henderson, which was once a place of considerable resort for change of air. It contains a mineral spring which is enclosed as a bath. The buildings afford comfortable accommodation for visitors. There is a main road between Spanish Town and this place. In the immediate neighbourhood is the quarantine station (of which a full account is given in another part of this work). On the hill at the back of the lodgings is Rodney's lookout, from which the admiral kept watch over the adjacent sea. On the grounds of the quarantine station (Green Bay) there is still the tomb of Lewis Galdy who was "miraculously saved" from the earthquake of 1692.

Not far from Spanish Town is Bernard Lodge Sugar Factory one of the most modern in the Island.

Between Port Henderson and Passage Fort (on the seaward) is Fort Augusta, which was once a military station. All ammunition and other combustible materials used to be deposited here by vessels proceeding to Kingston. The fort was planned by Captain Knowles (afterwards governor of the island) for the protection of Kingston.

There are many grazing pens in the plains of St. Catherine which are remuneratively managed as sheep and cattle farms; and the salt ponds district (lying between Spanish Town, Port Henderson, and Passage Fort) is noted for the excellent quality of its mutton, and for the fine fish taken from the large salt pond, especially the well known calipeva. The inhabitants of Spanish Town were formerly supplied with salt to the extent of 5,000 bushels a year from the pond referred to.

The principal products of the parish are sugar, rum, coffee, bananas, oranges, grape fruit, corn, tobacco, cocoa, grass and milk. The Rio Cobre canal which irrigates the St. Catherine's plains has proved a boon to the inhabitants in rendering profitable the cultivation of bananas and other fruits and various kinds of cereals. The cultivation of fruit, especially bananas, is fast superseding the sugar cane. There is an important factory of logwood dye at Spanish Town.

The area of the parish is 470 square miles. According to the Census of 1911 the population was 88,104, of whom 43,359 were males and 44,745 were females. In 1921 it was 96,701, males 47,650 and females 48,851.

## PAROCHIAL BOARDS.

THE Parochial Board of each parish, except Port Royal, consists of the person representing the electoral district in the Legislative Council, the Custos of the parish, and from 9 to 15 persons elected by the taxpayers who are qualified to vote at elections for members of the Legislative Council. In 1900 Port Royal was constituted a separate parish for all purposes of municipal administration, and a Board was formed consisting of the Commodore (Chairman), a Naval Officer, Military Officer and two elected members (Law 13 of 1900). When the naval station was abandoned the senior military officer became chairman. In Kingston the corporate name of the Board is the "Mayor and Council of King-

ston;" the Chairman of the Board is styled "Mayor of Kingston" and the members are called Councillors.

The Parochial Boards manage all the local affairs that had formerly been in the hands of the Municipal and Road Boards. This change was effected by Law 16 of 1885 now repealed, with amendment Laws; and Law 17 of 1901 in the consolidated Law.

The qualifications and disqualifications of members of a Parochial Board under Law 17 of 1901, Section 24 are as follows:—

No person shall be capable of being elected a member of the Parochial Board of any Parish, or, having been elected, of sitting or voting at any meeting of such Board:—

- (1) Who is not able to read and write English, or
- (2) Who is not entitled to vote at the election of a member of such Board, or
- (3) Who is not
  - (a) Either registered as a voter as aforesaid in respect of the payment of rates or taxes, or rates and taxes, to the amount of three pounds annually, or
  - (b) in receipt of the clear annual income of one hundred pounds or
  - (c) the owner or tenant of a house or land of the value of two hundred pounds or
- (4) Who is the holder of any office of emolument, the emolument of which is payable out of the funds of the Public or Parish, or
- (5) Who is either directly or indirectly pecuniarily or otherwise, interested in any contract with the Parochial Board of such Parish, although such contract shall, by virtue of the provisions hereinafter contained, be null and void.

Provided, that no person shall be deemed to be directly or indirectly pecuniarily or otherwise interested in any contract with the Parochial Board of any Parish, within the meaning of this section, by reason only of his having any share or interest in—

- (a) Any agreement for the loan of money, or any security for the payment of money only, or
- (b) Any newspaper in which any advertisement relating to the affairs of the Parish or Board is inserted, or
- (c) Any Incorporated Company or Society, which contracts with the Board, in which he does not hold more than one tenth of the shares:

Provided always, that no Member of a Board shall have any vote on any question relating to any contract within the meaning of this section:

Provided further, that the seat of a duly elected member of a Parochial Board shall not be vacated under the provisions of this Law, merely by reason of his being interested in a contract with such Board, unless it appears that the contract has been entered into with the actual knowledge of the member.

#### THE MAYOR AND COUNCIL OF KINGSTON.

The Council consists of twelve elected members.

R. W. Bryant, *Mayor*; Dr. E. E. Penson, *Vice-Chairman*; A. H. Jones, *Acting Custos*, Hon. H. A. L. Simpson, M.L.C.; B. W. Boyd, Dr. D. Jonathan Phillips, Geo. P. Myers; T. R. McMillan, L. H. Sherwood, Capt. Arthur Dawson, W. T. Connolly, A. Bain Alves, M. L. L. Abidid, F. A. Judah.

#### FIRE BRIGADE

The Brigade can be summoned in the event of fire, from 49 boxes—situated at certain points, the call being received in about 2 seconds. Calls can also be received by telephone through the "Exchange."

The entire staff has sleeping accommodation at the Central Station, with dining room attached.

The average time taken by the men in getting ready to answer a call is 40 seconds and that duty is practiced twice daily.

## PART XI.

### THE IMPERIAL DEPARTMENT OF AGRICULTURE FOR THE WEST INDIES.

THE Imperial Department of Agriculture was established on the 1st October, 1898, on the recommendation of the West India Royal Commission of 1896-7.

The work entrusted to the department is to aid in the maintenance and supervision of the botanic and experiment stations in the West Indies, devoted to the improvement of sugar and other industries, and the teaching of agriculture in elementary and secondary schools.

The present Imperial Commissioner of Agriculture is Sir Francis Watts, K.C.M.G. He corresponds directly with the Colonial Office upon all matters concerning the general work of the department; on matters affecting Colonial establishments and expenditure he corresponds with the several Governments concerned. The Commissioner supervises the botanic and experiment stations, maintained for the distribution of economic plants, and the improvement of sugar, cacao, lime, fruit, cotton and other crops, and local experiment plots at Grenada, St. Vincent, St. Lucia, Dominica, Montserrat, Antigua, St. Kitts-Nevis and the Virgin Islands. He visits these Colonies when required to afford assistance in regard to the administration of the local agricultural departments, the outbreak of diseases and the general development of planting industries. His services are also available as Consulting Officer in agricultural matters to the Governments of Jamaica, British Guiana, Trinidad, British Honduras, the Bahamas and Bermuda.

The Imperial Department of Agriculture is now amalgamated with the West Indian Agricultural College and its headquarters are, consequently, situated in Trinidad. A list of the principal officers attached to the Department and the College is given in the reference of the West Indian Agricultural College.

The publications issued by the Imperial Department of Agriculture have been temporarily suspended.

### THE WEST INDIAN AGRICULTURAL COLLEGE.

THE West Indian Agricultural College was incorporated in 1921 as the outcome of the recommendations of the Tropical Agricultural College Committee, whose report, published in the preceding year (Cmd. 562) had met with the approval of the majority of the British West Indian Colonies.

The College is situated at St. Augustine, Trinidad, seven miles from Port-of-Spain, provisional buildings have been provided for its accommodation and it was opened for teaching purposes on October 16, 1922. The College offers a three years' course of study leading to a Diploma in Tropical Agriculture. Special courses of study are arranged to meet the requirements of post-graduate students who desire to supplement their studies by courses of instruction given under tropical conditions.

The general objects of the College are to promote the study of agriculture and the cultivation of and preparation for market of tropical produce of every kind, to make provision for research and for the training of scientific investigators in matters pertaining to tropical agriculture.

The Imperial Department of Agriculture was united with the College as from April 1, 1922, under arrangement with His Majesty's Treasury.

The following are the principal officers of the College and Department :

*Chairman of the Governing Body:* Sir Arthur Shipley, G.B.E., LL.D., Sc.D., F.R.S.

*Deputy Chairman:* Lieut-Colonel Sir David Prain, C.M.G., C.I.E., F.R.S.

*Secretary:* Algernon Aspinall, C.M.G.

Registered Office, 14 Trinity Square, London, E.C.3.

#### OFFICERS STATIONED IN TRINIDAD.

*Principal of the College and Commissioner of Agriculture:* Sir Francis Watts, K.C.M.G., D.Sc., F.I.C., F.C.S.

*Professor of Entomology and Assistant Commissioner:* Henry A. Ballou, M.Sc.

*Professor of Mycology:* S. F. Ashby, B.Sc.

*Professor of Chemistry:* F. Hardy, M.A.

*Professor of Economic Botany:* T. G. Mason, M.A., B.Sc., Agr. A.

*Professor Agronomy:* J. Sydney Dash, B.S.A.

*Chief Clerk & Registrar:* Alleyne Graham Howell.

## DEPARTMENT OF AGRICULTURE.

THE following establishments are maintained under the Department of Agriculture:—

1. *Hope Gardens and Agricultural Experiment Station*, near the foot of the hills in the Liguanea Plain,  $5\frac{1}{2}$  miles from Kingston, consist of about 200 acres under cultivation. The inner portion is laid out as a botanical garden and experimental station. There are large nurseries containing plants, such as cocoa, citrus, nutmeg, tropical plants, fruit, etc., a large assortment of ornamental foliage and flowering plants. Elevation between 600 and 700 feet. Annual mean temperature  $76.1^{\circ}$  Fah.; average rainfall for 41 years is 53.85 inches.

2. *Castleton*, the Botanic Garden in the parish of St. Mary, on the road connecting Kingston with Annotto Bay, nineteen miles from Kingston and eleven from Annotto Bay, contains a large collection of tropical plants. The chief features are the palmetum and a collection of economic spice and fruit trees. Elevation 496 feet. Annual mean temperature  $75.4^{\circ}$  Fah.; average annual rainfall 118.45 inches for 48 years.

3. *The Hill Gardens*, in the parish of St. Andrew on the slopes of the Blue Mountain about 21 miles from Kingston, by way of Gordon Town.

Elevation, 4,900 feet. Annual mean temperature  $62.5^{\circ}$  Fah.; average rainfall 99.90 inches, both for 51 years.

4. *Kingston Victoria Park*, the public pleasure garden of Kingston, is kept up with shade and ornamental trees, flowering plants, and tanks for aquatics. Area 7 acres. Elevation 60 feet. Annual mean temperature  $78.4^{\circ}$  Fah.; average rainfall for 43 years is 39.48 inches.

5. *The Public Gardens*, Kingston, in the neighbourhood of the Public Buildings, with lawns, flower beds and palms.

6. *The Bath Garden*, St. Thomas-in-the-East. This old garden has been resuscitated and is now used as a centre for the propagation of cocoa.

7. *King's House Garden and Grounds*, 4 miles from Kingston, contain about 177 acres of which about 30 acres are kept up as an ornamental garden attached to the official residence of the Governor. Many valuable economic plants and fruit trees are also under cultivation, as well as the rarer tropical palms and orchids. Elevation 400 feet. Annual mean temperature  $78.4^{\circ}$  Fah.; average rainfall for 30 years is 45.81 inches.

## GOVERNMENT FARM SCHOOL.

The Farm School, situated at Hope, was founded in 1909. Buildings were altered and new ones put up, affording accommodation for 25 boarders. The first term opened January 25th, 1910, with a full complement of students. Provision was made in 1911 for receiving 12 additional students at the school, and in 1912 for 8 more.

The object of the Institution is to give young men and lads of over 15 years of age a sound knowledge of the principles of agricultural science and as complete a training as possible in all branches of practical tropical agriculture. The course includes:—1. Cultivation of staple crops and vegetables; 2. General management of live-stock; 3. Dairying; 4. Poultry rearing; 5. Bee-keeping; 6. Veterinary work; 7. Farriery; 8. Carpentry; 9. Land Measurement. Instruction is also given in English, Arithmetic and Book-keeping.

A full course extends over three years and at the end of that time successful students are granted a certificate.

All students must pay in advance a fee of £6 13s. 4d. per term to cover the cost of board. There are 3 terms in the year of 12 weeks each. Tuition is free. A candidate for admission must furnish:—

(a) Evidence of being over 15 years of age.

(b) A certificate of good character from a minister of religion or a justice of the peace.

Applications for admission, or for further information, should be addressed to the Director of Agriculture, Hope Gardens, Kingston P.O.

*Director in Charge*—Hon. H. H. Cousins, M.A., F.C.S.

*Staff*—*Head Master*—R. S. Martinez, Dp. Ag.; *Assistant Masters*—A. F. Thelwell and L. A. Powell; *Veterinary Consultant*—Dr. E. Tavares (acting); *Foreman*—J. W. Casey; *Apiarist*—C. N. Eddowes; *Drill Instructor*—A. F. Thelwell; *Medical Officer*—Dr. Lewis Crooks; *Matron*—Miss L. Davis.

## GOVERNMENT STOCK FARM.

This was started in 1910 by the purchase of a few cattle and horsekind. In 1911 and 1912 importations were made of Red Polls and Jerseys. Stabling and an equipment of Silos were provided, and in 1913 "Hope Estate" was purchased for £5,443.

The Farm has been mainly devoted to the development of tropical dairying. Milk is supplied to the public institutions in Kingston and when a surplus is available this is sold to retailers in the city. The Farm, by special authority of the Secretary of State, is operated on a working account at the Treasury. Any surplus revenue is employed in clearing and fencing the property and in the importation of improved breeds of stock.

The stock at the Farm consists of the following:—

*Cattle.*

|                                     |                                       |
|-------------------------------------|---------------------------------------|
| 45 Pedigree Red Polls (6 imported.) | 13 Pedigree Brown Swiss (5 imported.) |
| 33 Pedigree Jerseys (8 imported.)   | 32 Zebu Jerseys.                      |
| 6 Pedigree Guernseys (2 imported.)  | 215 Native Dairy Cows and Heifers.    |
| 6 Pedigree Ayrshires (3 imported.)  | 16 Plough Steers.                     |

The value of the live stock at the end of March, 1922, was set at £9,188. The gain on the year's working for 1921-1922 was £796. The average output of milk in 1921 was 293 quarts per diem and the Revenue for 1921-1922 was £4,813.

Bull calves are sold to the public at moderate prices. Female cattle are sold at public sale from time to time.

GOVERNMENT LABORATORY.

The Government Laboratory was in 1901 made a branch of the Agricultural service, and is now a part of the Department of Agriculture (*See part V.*)

For Sisal Plantation and Government Stud Farm, see further on.

JAMAICA AGRICULTURAL SOCIETY.

*Office*—11 North Parade, Kingston.

A Society of Agriculture was formed in 1895, with the Governor as President, the objects being to obtain useful information and disseminate it, encourage improved cultivation of products, improved breeds of stock, and watch over the interests of the agricultural industry generally.

A Board of Management was formed originally, consisting of the elected members of the Legislative Council, who were members of the board *ex officio*, 14 members elected by the society, and 14 members nominated by the Governor, who hold office for three years.

Changes have been made and the Board now consists of the Governor as president, the Director of Agriculture *ex officio*; three vice-presidents, and fourteen members elected by the Society.

The Society receives a grant from the Government.

The subscription for membership of the Society is four shillings per annum, foreign members five shillings.

One of the first matters undertaken was that of organizing local associations of agriculturists in different parts of the island; and there are now 250 affiliated Branch Societies at work in the various parishes. Some of the Branch Societies are important local organizations, holding shows and local competitions in agriculture, and watching over the agricultural interests of their community.

Premiums have been offered for new cultivations of staple products. Seeds and plants together with printed instructions, have been widely distributed. Lectures and demonstrations under the auspices of the Society are regularly given by the various Agricultural Instructors, of which there are now sixteen.

The attention of the society was early given to the important question of stock-breeding. Two Hackney stallions, one Welsh pony stallion and a number of well bred pigs, goats and poultry were imported from Great Britain, the United States and Canada. The good results of the action of the Board in this direction are now most marked. Premiums were also given for selected stallions and bulls, to stand in certain districts at reduced fees, but these having served their purpose were discontinued. The late Sir Alfred Jones presented to the society in 1903 two Aberdeen Angus bulls and one Shorthorn bull, and in 1906 presented two dairy Shorthorn bulls to the government which were placed in the care of the society. His late Majesty King Edward VII. presented the island with a Hereford and a Shorthorn bull from his herds at Windsor, and these were placed in the care of the society.

The society publishes a monthly journal, the first number of which was issued in January, 1897. It is sent free to all members of the society and up to recently of the local branches and has an issue of about 7,000 copies per month. Branch members under a new rule subscribe 6d. each per annum toward the cost of the journal. The society has undertaken a number of experiments in various products, has caused special investigations to be made, when necessary, into obscure diseases among live stock and fruit trees, has sought to encourage the extension of present industries and to start new ones and to open up fresh markets for island products. The office of the society is regarded in the light of a bureau of agricultural information, and constant applications, local and foreign, are received and dealt with by the staff on almost every conceivable subject connected with the agriculture of the colony. The office has also proved of great use as a medium for the supply of agricultural wants, and for the bringing of buyers and sellers of live stock, plants and seeds together. In 1901, the society appointed local agricultural instructors in Manchester, St. Ann, Trelawny and Clarendon, with the principal aim of improving the cultivations, and the quality of the produce of small settlers, and generally to advise them in their agricultural operations. In 1903, on the recommendation of the Society an arrangement was made by the Government with Elder Dempster and Co. for £500 per annum to be paid in lieu of the appointment of Instructor under the Direct Line Contract and with this amount an extension of the work of the society's Instructors was arranged. This sum ceased at the expiration of the contract in January 1911. The number of Instructors, however, has been gradually increased, as this work commended itself to agriculturists.

The following list gives the names of the Instructors and their postal addresses.

Supervisor of Instructors, The Secretary. Agricultural Instructors, W. Cradwick, Mandeville, J. Hirst, May Pen, J. Briscoe, Montpelier, L. A. Wates, Port Antonio, Thos. Powell, Mile Gully, R. C. Somerville, Bog Walk, A. P. Hanson, Stony Hill, M. Rennie, Brown's Town, H. W. Lynch, Myersville, C. C. Hastings, Cascade, J. A. Bunks, Richmond, J. E. E. Armstrong, Falmouth, O. P. Martin, Buff Bay. Assistant Instructors—W. Z. Buckley, Bath, U. A. McLaren, Yallahs, E. J. Gregory, Brown's Town P.O.

In December, 1900, a Banana Conference, in 1901 and 1905, Orange Conferences and in 1904 a Cotton Conference were held in Kingston under the auspices of the Society.

A competitive scheme for prizes for best kept small holdings was in force up till 1915 and groups of parishes were dealt with each year in rotation,—the amount awarded in each year in three classes being £25 for each parish competing.

A Competition for the Best Small Holdings, is again being carried through in each Parish. These Competitions, are being organized by the Instructors of the Agricultural Society and operated through the Branches.

Grants were also made to Agricultural Shows held under the auspices of the Branch Societies, for some years past, averaging ten shows a year, but these have been discontinued since 1915.

#### CULTIVATION.

RETURNS published by the Revenue Department for the year ending 31st March, 1921, and compiled from ingivings made by taxpayers under the provisions of Law 15 of 1903 show the acreage alienated from the Crown and vested in individuals or Trusts as 2,220,882. Of these 994,318 acres are returned as being in wood and ruinant, and 1,226,564 acres as under care and cultivation. This latter acreage may in its turn be divided into land appropriated to pastoral purposes, and that devoted to agriculture in the more limited application of the term; 924,947 acres of the whole being grazing

lands and 301,617 acres of lands which have been subjected to tillage. Of the tilled lands 55,318 acres are under cultivation of cane, and, besides providing for home consumption, the products of this crop exported during the year ended 31st December, 1921, were as follows:—Sugar, 536,738 cwt. valued at £509,902; Rum, 958,788 galls. valued at £191,754.

The area in cultivation of coffee is given as 20,493 acres of the crop lands, and the exports of the berry amounted to 61,579 cwts., valued at £161,447. The area in bananas is shown at 59,174 acres, the output of this fruit reaching the total of 9,959,144 stems valued at £1,543,672. Coco-nut palms are shown to cover an area of 38,355 acres, the Export Table giving the shipments at 24,224,448 nuts, valued at £145,346. The only other specific cultivation covering any appreciable area, is that of cocoa, which is returned as 15,219 acres, the exports being 64,960 cwt. valued at £97,439.

The following are the tables showing the area under cultivation in each of the last ten years:—

## CATTLE TRESPASS.

This matter is regulated by Law 13 of 1888, as amended by Law 14 of 1892, the provisions of which are briefly these: It is the duty of the proprietor of stock (including horse-kind, cattle, sheep, pigs, goats, and poultry) to take proper and effective measures to prevent such stock from trespassing on the land of other persons and he is responsible in damages in respect of any injury done by such stock trespassing on the land of other persons provided that within 48 hours of the discovery of such injury the party aggrieved gives notice of the nature thereof to the proprietor or person in charge of the stock, and allows him and his valuers free ingress to the land. No person in occupation of any land abutting on a public road is entitled to recover any damages for trespass by stock being lawfully driven on such road under proper care and control, unless the land is secured by a fence sufficient to keep out ordinary stock of the class of animal committing the trespass. If in any action under this law the owner of the stock proves that his land is enclosed by good and sufficient fences and that he has adopted all reasonable and proper precautions for the confinement of his stock and that they have nevertheless, through some accident beyond his control and which he could not reasonably have provided against, escaped from his land the party complaining will not be entitled to recover any sum unless he can show that he had fenced his land with a fence sufficient to keep out ordinary tame cattle and horsekind.

Any person who wilfully opens or leaves open any gate, or breaks down or injures any fence or other contrivance provided for the purpose of confining any stock, with intent to allow such stock to trespass off the land on which the same is confined, is liable on conviction in a resident magistrate's court, to imprisonment with or without hard labour for a period not exceeding twelve calendar months.

## POUNDS.

In 1897 the old Pound Laws 15 Vic., chapter 11, 22 Vic., chapter 17, and sections 1 and 7 of Law 16 of 1872 were repealed, and a new Pound Law, No. 19 of 1897 was passed.

It enacts that the control of all pounds be vested in the parochial board of the parish, and that charges shall be paid out of the General Purposes Fund to which all fees shall be paid in. Parochial boards to appoint keepers and make rules, with the approval of the Privy Council.

The owner of land may impound stock trespassing thereon. Animals to be impounded within 24 hours, unless a Sunday intervenes. The distrainer may claim seizure fees from the owner of any animal or from Poundkeeper when pounded.

The Poundkeeper when owner of impounded stock is known must serve a notice on him and may claim a fee for doing so as also on delivering animal to owner, a fee may be charged and expenses of keep if kept over one day.

Animals are to be kept separate and must be fed.

A separate enclosure must be provided for animals suffering from disease, and such animals may be destroyed, on the order of a Justice of the Peace, and the carcass burned.

Sheep need only be advertized in the Gazette for two weeks, and it is not necessary to advertize goats and pigs. A notice respecting the ponding of such animals must be posted at the pound and at the nearest constabulary station.

Animals may be sold with the consent of a justice of the peace after advertising the proposed sale. The title of a purchaser is secured under the Law. The owner of the animal so sold is entitled to the net proceeds of the sale if proving ownership within one month.

If proceeds do not cover expenses poundkeeper may recover from owner.

Goats, kids, hogs, pigs (or poultry—Law 6 of 1904) may be killed by the person on whose land they may be trespassing—but notice must be immediately given to the owner of the animal, who may have the carcass, which he must remove within six hours or it may be buried, destroyed or removed by the owner of land.

Enticing an animal to trespass, in order to pound it, is an offence under the law. The parochial board is responsible for the death of animals dying from want of food or care, unless there is proof that there was no wilful act of neglect.

It is an offence to illtreat or make use of pounded animals, or to rescue or attempt a rescue of pounded animals.

Animals are not to be impounded singly when there are more than one, to increase the expense to owner or the fees to the distrainer.

All actions under the Law must be commenced within three months of the cause of action. A penalty not exceeding £20 may be imposed where none has been specially provided for and may be recovered by summary process before a resident magistrate or two justices of the peace.

## SCHEDULE II.

## CROWN LANDS.

The following rules for the sale of Crown Lands to settlers were approved by the Governor. (See Gazette Notice, 168, March 16, 1916.)

1. A Land Board shall be appointed in each parish in which the Government owns sufficient Crown Lands to justify its creation. The Board shall consist of the Member for the Parish, the Chairman of the Parochial Board, the Collector of Taxes and two other members to be appointed by the Governor. The Board shall elect its own Chairman and the quorum shall be the Chairman and two others. The Board shall forward its recommendations to the Colonial Secretary.

2. The duties of the Board shall be to consider and advise the Government as to the best means of opening up Crown Lands for settlement and as to the methods of providing means for making and maintaining roads into such Crown Lands.

3. No more than 300 acres will be granted to one purchaser, nor less than 5 acres, except in cases specially approved by the Governor, nor shall any two grants of 300 acres be allotted to run continuously and contiguously without such approval. The Governor will so far as practicable adopt the general principle that out of every block say of 1,000 acres not more than one block of 300 acres should be sold.

4. The price at which the land will be sold may be learnt at the office of the Surveyor General or from the Bailiffs in charge of the different parcels. The value of land to be sold shall be fixed by the Surveyor General in consultation with the Local Land Board with the approval of the Governor.

5. Each applicant for the purchase of land must submit a recommendation from a person of good standing to whom he is personally known.

6. The Surveyor General on receipt by him of an application in the form endorsed hereon accompanied by a recommendation and on deposit of one-fifth of the price of the land shall cause a survey to be made of the quantity of land applied for, the applicant receiving notice as to the time when the survey will be made. Applicants' lots shall run continuously and contiguously with no blank land between lots, and possession will not be allowed to any applicant till survey has been made defining the lot purchased.

7. Any application may, however, be refused, and the deposit refunded, by the Surveyor General, at any time previous to the delivery to the applicant of the Certificate mentioned in Rule 10, whether the survey approved by the Surveyor General mentioned in Rule 6 entitling the applicant to possession has been made or not; and on tender of refund of the deposit the application shall be deemed to be withdrawn.

8. On the survey being made and approved by the Surveyor General, the applicant shall be entitled to possession of the land allotted to him on such survey, subject, as in Rules 7 and 9, to refund of deposit and cancellation of sale previous to delivery of Certificate.

9. If the applicant shall be dissatisfied with the situation or configuration of the land allotted to him on such survey, and shall within fourteen days after the survey give written notice thereof to the Surveyor General, or to the Surveyor who made the survey, or to the Bailiff in charge of the land he shall be entitled to a refund of one-half of the amount deposited by him as above and his application shall be deemed to be withdrawn.

10. If such notice shall not be given, the applicant shall on approval of the survey by the Surveyor General, be deemed to be the purchaser of and to be in possession of the land allotted to him on such survey, and as soon thereafter as practicable a Certificate shall be delivered to him by the Surveyor General, who shall keep a duplicate of such certificate in his office.

11. Such certificate shall be in the form following:—

#### SALE OF GOVERNMENT LAND TO SETTLERS.

Jamaica ss.

Office of Surveyor General, Kingston.

This is to certify that  
 Yeoman (hereinafter called the purchaser) did on the \_\_\_\_\_ day of \_\_\_\_\_  
 19\_\_\_\_, pay the sum of £\_\_\_\_, being one-fifth of the purchase money of £\_\_\_\_  
 in respect of \_\_\_\_\_ acres of land part of \_\_\_\_\_ in the Parish of \_\_\_\_\_  
 and that the situation and configuration of the said \_\_\_\_\_ acres are  
 as shown by survey thereof made by \_\_\_\_\_ on the \_\_\_\_\_ day of \_\_\_\_\_  
 19\_\_\_\_, which can be seen on application at the office of the Surveyor General in King-  
 ston.

The land comprised in this certificate is held subject to the following condition:—

(1.)—The remaining four-fifths of the purchase money and the cost of survey, together amounting to £\_\_\_\_, are payable in ten years by ten equal yearly instalments of £\_\_\_\_, each without interest, the first of such instalments being payable on the \_\_\_\_\_ day of \_\_\_\_\_ 19\_\_\_\_, and the subsequent instalments at intervals of one year thereafter. Provided that if within such period of ten years the purchaser shall have established one-fifth of his acreage in Coffee, Cocoanuts, Cocoa, Oranges, or other permanent crop-producing plants, and shall have erected and maintained in good order on the land a suitable dwelling house to the approval of the Surveyor General, he shall be released from payment of, or be refunded, as the case may require, one-fifth of the purchase money.

- (2).—Such payments shall be made to the Collector of Taxes for the said Parish of \_\_\_\_\_ and the receipt for each payment must be endorsed on this certificate which must be produced to the Collector of Taxes at the time of payment.
- (3).—The balance of the purchase money and costs of survey may however be paid in advance at any time subject to a discount of 3 per cent. and the Collector of Taxes is authorised to receive such payments whenever tendered.
- (4).—If the purchaser shall at any time be six months in arrear in respect of payment of any yearly instalment on account of purchase money and costs of survey, the Surveyor General on behalf of the Government shall give a notice calling on the purchaser or person in possession to pay the arrears due.
- (5).—Such notice shall be served either by being delivered to the purchaser or person in possession of the land, or by being affixed to some tree, or posted on some other conspicuous part of the land.
- (6).—If at the expiration of one month from the service of such notice the requirements of same have not been complied with, the Surveyor General may by himself, or some person appointed by him, enter into possession of the land and may either before or after such entry sell the same at public auction or private contract or otherwise dispose or deal therewith as he may deem fit. On re-entry or sale this certificate shall be deemed to be cancelled and the previous payments made by the purchaser shall be forfeited, the same being taken by the Government as rent for the time during which he occupied the land.
- (7).—On payment of the purchase money and costs of survey in full the purchaser or other person entitled thereto will receive from the Crown a conveyance or patent in fee simple in the usual form and with the usual reservations, including (a) a reservation to the Government of the right to make Railways and new roads or improve existing roads, free of costs, the Government paying the cost of any damage actually done to fruit trees, growing crops or cultivated ground, in making or improving such roads, (b) a reservation to the Government of all mines minerals and mineral oils whatsoever as are situate and lying either above or beneath in or under the said land and also with ample and sufficient powers for the Colonial Secretary, his workmen, agents and labourers to have free ingress, egress and regress in and over the said land or any part thereof at all times for the purpose of prospecting for mines, minerals and mineral oils using occupying enjoying digging for working and winning the hereinbefore excepted mines minerals and mineral oils and for making (without payment or compensation in respect thereof) any roads water courses or other works through over or upon the said land or any part thereof for the purpose of raising working digging and carrying away the products of such mines minerals and mineral oils at his will and pleasure and carrying the same through or over the said land or any part thereof and for digging cutting and getting stone, timber and other materials to be used in or about the said works or any of them without making any payment or compensation in respect thereof, (c) reservations to the Government of the right free of cost to lay water pipes and to construct and operate telegraph and telephone lines and wire ropeways and of the right to take and use free of cost the water on the said land for public water supplies and for the purpose of generating electric or other power for the running of railways or for any other purposes and the right free of costs to erect buildings and works for producing such power and for constructing telegraph and telephone lines and wire ropeways and public water supplies and also with power for the Colonial Secretary his workmen agents and labourers to have free access at all times on the said land for all purposes of such foregoing reservations. The Government paying the cost of any damage actually done to fruit trees growing crops or cultivated ground in carrying out such works.
- (8).—No transfer of, or dealing with the rights of the purchaser in the land comprised in this certificate shall be effectual until written notice thereof shall have been given to the Surveyor General duly authenticated to his satisfaction. No purchaser shall sell the land purchased by him or any portion of it until after the Surveyor General exercises a right of pre-emption at five per cent. above the price which has been bona fide offered for the land or declines to exercise that right.

## DIVIDING FENCES LAW.

PREVIOUS to 1888, the laws on the subject of Dividing Fences were 15 Vic. c. 22 and Section 24 of 15 Vic. c. 11.

Law 14 of 1888 placed the matter on a more satisfactory basis. Section 3 of the Law enact, that "every occupier of land shall, as between himself and the occupier of the adjoining land, be liable to bear one half of the expense of erecting and maintaining a sufficient dividing fence to separate their respective holdings," while section 5 provides for giving notice by the one occupier to the adjoining one, for construction or repairs of the fences, and enables the former to have the work done if his neighbour refuses, and to recover half the cost of the work so done.

Section 10 enacts with certain provisos that "where the occupier of land is not the owner thereof, and is not as between himself and the owner bound by the terms of his tenancy to bear the expenses of erecting or repairing the fence dividing such land from the adjoining land, he shall, on being obliged to defray any such expense under the provisions of this Law, be entitled to recover the same from his landlord as money paid at his request, or to deduct the same from his rent as the same falls due."

## PROTECTION FROM DISEASE IN PLANTS.

THE existing Regulations in operation for the protection of the Island from the introduction of Plant diseases, set forth in the Jamaica Gazette of April 5, 1917, under Law 3 of 1915, are as follows:—

1. In the case of any plants imported from the United Kingdom or the United States of America these shall be permitted into the Port of Kingston only, and all such plants having been removed from their wrappings, coverings or packages, shall, together with all such wrappings, coverings or packages, be fumigated in a fumigatory box (to be provided for the purpose by the Department of Agriculture) with Hydrocyanic Acid Gas at the rate of one ounce of Cyanide for every 300 cubic feet of space for a period of one hour. In the case of delicate plants with expanded foliage half the above dose of Cyanide shall be used and the exposure shall be half an hour only.

The officers responsible for this operation shall be—

- (a) In the case of large consignments requiring the use of the large fumigatorium at the foot of West Street, the Director of Agriculture and his officers.
- (b) In the case of small consignments landed at a wharf in Kingston the small fumigatorium at the King's Warehouse shall be employed and the fumigation shall be carried out by the officers of the Customs.
- (c) In the case of Postal Parcels the fumigation shall be carried out at the General Post Office in the small fumigatorium at that place by the officers of the Post Office Department.

2. In the case of any plants or of any agricultural tools or implements of labour coming from any country other than the United Kingdom or the United States of America and of all agricultural tools and implements of labour that have been used coming from any country whatsoever, the importation of these into the Island shall only be permitted if and when a written permit so to do has been obtained from the Director of Agriculture previous to their importation. Such permit may be granted by the Director of Agriculture for admission into the Port of Kingston only if he is satisfied that there is no danger of the introduction of disease by such importation. Every such importation shall be consigned to the Director of Agriculture and the Department of Agriculture shall decide in each case whether the plants, tools or implements, on arrival can safely be admitted, and shall carry out such disinfection or fumigation as may be considered necessary in such case in order to prevent the introduction of disease. Any consignment or part thereof imported under such permit which may in the judgment of the Director of Agriculture or his officers be dangerous or calculated to introduce or spread plant disease shall be destroyed and no compensation shall be payable to the importer of the plants or articles so destroyed. This rule shall not apply to plants, tools or implements, the importation of which may be otherwise prohibited.

3. Any plants or articles imported contrary to any of the provisions of this Order shall be destroyed by the officers of the Customs or of the Post Office, and no compensation shall be payable to the owners of the plants or articles so destroyed.

4. The Director of Agriculture shall be responsible for seeing that the appliances for fumigation are maintained in good order and shall supply the requisite chemicals in a form convenient for use by the officers of the Customs and Post Office Department.

5. The importer of any plants, or of any tools or implements of labour pursuant to a permit granted under section 2 of this Order shall be liable for the payment of any expenses incurred by the Government officers in moving or conveying the plants, tools or implements of labour for the purposes of fumigation or disinfection.

6. This Order may be cited as "The Importation of Plants and Tools Order, 1916."

7. In this Order the expressions "plant" and "plants" include any tree, plant root, herb, grass, cuttings, buds or grafts, or part thereof respectively, or any articles, coverings or packages in which the same may be enclosed, packed, or otherwise contained.

8. The Interpretation Law, 1900, (Law 9 of 1900) shall apply for the purpose of the interpretation of this Order in like manner as it applies to the interpretation of a Law.

### IMPORTATION OF ANIMALS.

THE Laws at present regulating the importation of animals are Laws 24 of 1890, 33 1893, 17 of 1895, 1 of 1898, 19 of 1909 and 23 of 1920.

By Law 23 of 1920, it is an offence if any person shall import into Jamaica any animal without the written permission of the Governor or some person authorised by the Governor and any animal imported without such written permission or in respect to which any prescribed conditions relating to its importation has not been complied with may be destroyed.

The following animals are exempt from the operation of this Law: Bulls, cows, oxen, heifers, steers, calves, horses, mules, asses, dogs, sheep, goats, swine, domestic poultry, cage birds, live turtle, live fish, rabbits, guinea pigs, cats, monkeys, bees.

Law 24 of 1890 defines the words, "cattle," "animals," "disease," and "foreign"—

1. "Cattle" means bulls, cows, oxen, heifers, steers and calves. Horses, mules and asses are included in the term by Law 1 of 1898.

2. "Animals," except where it is otherwise expressed, means cattle, sheep, goats and swine. Dogs are added by Law 19 of 1909.

3. "Disease" means cattle plague or rinderpest, anthrax, contagious pleuro-pneumonia, foot and mouth disease, sheep pox or sheep scab, or any other contagious disease which is known to attack cattle or other animals. Glanders and farcy are added by Law 1 of 1898 and rabies by Law 19 of 1909.

4. "Foreign" denotes a country outside of the Island of Jamaica and its Dependencies, and when applied to animals and things, means brought to Jamaica from a foreign country.

Law 24 of 1890 provides that "all cattle and animals" imported from a foreign country shall, on arrival and *before* being landed, be examined and inspected by an Inspector appointed by the Governor, and shall then be placed in a depot on the coast to be provided by the Government, and be there kept in quarantine at the risk and expense of the importer for not less than 14 days exclusive of the day of landing.

Cattle or animals, however, imported from the United Kingdom or any British possession or from the United States of North America are exempt from this provision provided the importer declares in writing that they are, and the inspector believes them to be, imported for breeding purposes only.

Law 33 of 1893 provides that, whilst cattle or animals are kept in quarantine, if it should appear to the Inspector that any animal is diseased, it shall be lawful for the Inspector, in his discretion, to cause such animal to be slaughtered; and the Inspector shall also keep in quarantine for at least 14 days, or such longer period as the Governor may from time to time determine from the day when any animal is found to be diseased any animal that shall have been within the same enclosure as such diseased animal.

Should it happen that disease breaks out among any cattle or animals in quarantine to such an extent that the Inspector considers that it would be dangerous to the Island to let them or any of them out of quarantine, all such animals shall be slaughtered with the approval of the Governor.

Cattle and animals quarantined under the Law must be inspected by the Inspector before being released.

The Governor in Privy Council is empowered—

1. To fix a scale of fees and charges to be paid by the owner or consignee of cattle or animals landed at the quarantine depot.
2. To make such general or special orders as he may think fit for prescribing the ports or limits of ports at which alone foreign animals may be landed.

At present Kingston is the only prescribed port at which cattle may be landed and the cattle quarantine ground of the port is at Rock Fort, 3 miles from Kingston.

#### *Fees for inspection of imported animals.*

The Inspector shall be paid by the person importing cattle or animals a fee of four shillings per head on "cattle" as defined above and 2s. per head on the smaller animals, i.e., sheep, goats, swine and dogs. All fees are to be paid before the animals are landed, or when in quarantine before being removed.

There is a standing order absolutely prohibiting the importation of dogs from any country but Great Britain.

The Governor in Privy Council is empowered at any time to make such general or special orders as he may think fit for the better execution of the Laws to prevent the importation of cattle or animals suffering from contagious or infectious diseases, or for the purpose of in any manner preventing the introduction or spreading of disease by carcasses, fodder, litter or other thing whereby disease may be introduced or spread.

## IMPORTATION OF BEES.

*Regulations approved by the Governor in Privy Council under Section 4 of Law 19 of 1910.*

1. No person shall import into this Island any Queen Bees without making application in writing to the Director of Agriculture for permission so to do and observing the terms and conditions by these Regulations imposed.

2. On every application as aforesaid for permission to import Queen Bees the Applicant shall pay to the Director of Agriculture with such application the following fees:—

Where the application shall be for a single Queen Bee, the sum of 4/.

Where the application shall be for more than one Queen Bee the sum of 4/ for the first and 1/ for each additional Bee.

3. The Director of Agriculture in granting permission on any such application as aforesaid may limit the number of Queen Bees to be imported under such application.

4. The Queen Bees shall be imported in packages addressed to the applicant c/o The Director of Agriculture, Kingston.

5. No person shall remove any Queen Bee from the package or cage in which the same shall be imported unless such person be authorised in writing by the Director of Agriculture so to do.

6. The person duly authorized by the Director of Agriculture for the purpose shall remove every Queen Bee from the package or cage in which the same shall have been imported and shall transfer such Queen Bee to a fresh package or cage with a fresh escort and food supply, and he shall immediately burn or cause to be burnt the original package and cage and also the original escort and food supply.

7. The Director of Agriculture shall exercise due diligence so that the Queen Bees shall be transferred as aforesaid and be redirected to the Importer, to the address furnished

by the application, with as little delay as possible, but he shall not be responsible for any delay or loss of any Queen Bees that may occur.

8. Every importation of Queen Bees shall be made entirely at the Importer's risk and no claim for damages shall be made or be sustainable by him, for any deaths or losses of Queen Bees that may occur in carrying out these Regulations.

9. The Regulations under section 4 of the Importation of Bees Law, 1910 (Law 19 of 1910) approved by the Governor in Privy Council on the 7th day of September, 1910 are hereby revoked.

### SEASONS AND PRICES FOR FRUITS, VEGETABLES, AND OTHER ECONOMIC PRODUCTS IN KINGSTON.

As there is a good deal of misapprehension with regard to the seasons for the various crops grown in Jamaica, and the duration of the season for each crop, the principal market in Kingston was visited by the late Mr. W. Harris, F.L.S., Superintendent of Public Gardens, once a week for some months for the purpose of noting the various products offered for sale, and the prices charged to consumers. These prices, which are revised from time to time, are at least one-third, and frequently three or four times higher than the prices paid by the retail dealers to the growers of the commodities enumerated. The prices noted for economic products such as ginger, anatta, &c., were those paid by a large exporting firm to the producers.

It will be readily understood that the seasons vary somewhat according to prevailing weather conditions and the prices also vary according to supply and demand. The prices of all commodities have fluctuated so much during recent years that those quoted are only approximately correct.

*Approximate Seasons for fruits, vegetables and other products.*

N.B.—The prices quoted are given as a rough guide to general value but are in no sense commercially accurate.

These rates are subject to an increase of 10% to cover cost to wharf owners for supplying from their wharf when the vessel requiring a supply of water is supplied from a wharf that is not owned or leased by the owner or charterer of the vessel so supplied.

Owners and lessees of wharves, who are not also the owners or charterers of the vessels supplied with water, will be allowed a commission of 10% on all shipping bills collected from Masters of vessels supplied when such wharf owners and lessees requisition the supply of water and pay therefor within fifteen days of the completion of the supply.

Sailing vessels in the coastal trade will be supplied from any wharf in Kingston at the rate of one shilling per hundred gallons on obtaining permission from the wharf owner to have the supply taken from his wharf and on the Master of the vessel paying the cost in advance.

BALLAST is obtained through the authorities at the General Penitentiary from the Quarry at Rock Fort. It is put on board vessels by convict labour, at a charge at the Quarry Wharf of 2/ a ton, and at Kingston of 3/6 a ton

#### RECEIVERS OF WRECK.

UNDER the 4th section of Law 14 of 1875, a law relating to wrecks, casualties to ships and salvage, which was passed in consequence of the old act, 53 Geo. III., cap. 25, having been found insufficient to protect the interests of ship-owners and insurers, and to give adequate redress to persons injured by wrecking, the Governor may appoint any officer of customs, revenue officer or other person to be a receiver of wreck in any district, and may fix, and from time to time alter, the limits of the district for which any receiver is appointed.

The existing districts of receivers of wreck and their limits as fixed by the Governor are as follows:—

- (1.) Kingston—Cockpit River on the West to Cow Bay inclusive on the East.
- (2.) Morant Bay—Cow Bay Point to Prospect Point.
- (3.) Port Morant—Prospect Point to Southern Bank of Hector's River.
- (4.) Port Antonio—Southern Bank of Hector's River to the Eastern Bank of Little Spanish River
- (5.) Annotto Bay—Eastern Bank of Little Spanish River to Don Christopher's Point.
- (6.) Port Maria—Don Christopher's Point to Eastern Bank of White River.
- (7.) St. Ann's Bay—Eastern Bank of White River to Western Bank of easternmost of the Three Rivers at Pear Tree Bottom.
- (8.) Dry Harbour—Western Bank of the easternmost of the Three Rivers at Pear Tree Bottom to Bengal Point.
- (9.) Falmouth—Bengal Point to Western side of Long Bay.
- (10.) Montego Bay—Western side of Long Bay to Round Hill Bluff.
- (11.) Lucea—Round Hill Bluff to North Negril Point.

- (12.) Savanna-la-Mar—North Negril Point to Whitehouse Point.  
 (13.) Black River—Whitehouse Point to Cuckold Point.  
 (14.) Milk River—Cuckold Point to mouth of Cockpit River.

The following public officers are Receivers of Wreck for the several districts:—

|                       |    |  |

| No. 14 Milk River     | .. | C. S. Hogarth, Landing Waiter.                 |

The duties of the receivers of wreck may be briefly classified as follows:—

- (a.) To render assistance in cases of stranded or distressed ships or boats, including the preservation of life and property, and the suppression of plunder, disorder or obstruction;
- (b.) To institute inquiries into wrecks and casualties at sea ;
- (c.) To see to the safe custody of wrecked property and the restoration thereof to the owners;
- (d.) To arrange the settlement of salvage claims;
- (e.) To see to the protection of the Customs Revenue in respect of wrecked goods.

The following table shows the fees payable to receivers, one moiety of which is paid into the Treasury and the other retained by the receivers for their personal use:—

|   |         |        |
|---|---------|--------|
| For every examination on oath instituted by a receiver with respect to any ship or boat which may be, or may have been, in distress a fee not exceeding | .. .. . | £1 0 0 |
|---|---------|--------|

But so that in no case shall a larger fee than two pounds be charged for examinations taken in respect of the same ship and the same occurrence, whatever may be the number of the deponents.

|   |         |         |
|---|---------|---------|
| For every report required to be sent by the Receiver to the Governor the sum of | .. .. . | £0 10 0 |
|---|---------|---------|

For wreck taken by the Receiver into his custody, a percentage of five per cent. upon the value thereof, but in no case shall the whole amount of percentage so payable exceed twenty pounds.

In cases where any services are rendered by a Receiver in respect of any ship or boat in distress not being wreck, or in respect of the cargo or other articles belonging thereto, the following fees, instead of a percentage, that is to say:—

If such ship or boat, with her cargo, equals or exceeds in value six hundred pounds, the sum of two pounds for the first, and the sum of one pound for every subsequent day during which the Receiver is employed on such service; but if such ship or boat with her cargo is less in value than six hundred pounds one moiety of the above mentioned sum.

## LIGHT-HOUSES.

THE care and management of all light-houses are by law S of 1900, vested in the Director of Public Works.

**MORANT POINT.**—This light-house is situated at the extreme east end of the island, and carries a revolving white light, elevated 100 feet above high water which is visible at a distance of 21 miles at sea in clear weather.

The illuminating apparatus is a third order holophotal light, revolving once in eight minutes, and giving a flash every minute. This was erected in 1889, in place of the original apparatus.

The illuminant used in this and the other Light Houses in the Island is mineral oil with the exception of Folly Point, where compressed acetylene was substituted after the destruction of original oil apparatus by hurricane in 1915.

The position of the light-house is in latitude  $17^{\circ} 55'$  north, and longitude  $76^{\circ} 12'$  west.

**PLUMB POINT.**—This light-house, built in the year 1853 on sand six feet deep down to water level on a platform of crossed logs of hardwood, which were found to be rotting when the light-house was stiffened after the earthquake at the base with a massive reinforced concrete casing. It stands on the Palisadoes, at Great Plumb Point, at the entrance to Kingston harbour. It is 70 feet in height, of stone and iron, and exhibits a third order dioptric light from an incandescent lamp and is arranged to show a white light over the entrance of the Eastern navigable channel and a red light over the foul ground and the south channel for a distance of 12 miles, thus reversing the arrangement existing previously. The white light is visible at a distance of about 20 miles in clear weather. The position of the light-house is in latitude  $17^{\circ} 56'$  north, longitude  $76^{\circ} 47'-30''$  west.

**FOLLY POINT, PORT ANTONIO.**—This light-house was built under the powers of law 17 of 1886, the mercantile community having guaranteed the Government that the revenue from dues would suffice to meet the cost of maintenance, and the interest and sinking fund on the first cost. The tower is constructed of masonry and is fire-proof throughout. The optical apparatus is dioptric of the fourth order shewing a flashing white light, which gives a flash of 2 seconds duration followed by 8 seconds darkness. The light is visible at 13 miles distance over an arc of  $153^{\circ}$ , the backward rays being reflected by a dioptric mirror. The illuminant used is compressed acetylene gas. The position of the light-house is in latitude  $18^{\circ} 11'$  north, longitude  $76^{\circ} 27'$  west.

**NEGRIL POINT.**—A light-house was erected at South Negril Point at the extreme western end of the island in July 1895.

The tower is of concrete 66 feet high above ground, and the light is elevated 100 feet above sea level.

The apparatus is a second order dioptric, with a 5 wick burner, occulting, exhibiting the light for  $57\frac{1}{2}$  seconds, with periods of  $2\frac{1}{2}$  seconds of darkness intervening.

The position of the light-house is in latitude  $18^{\circ} 15'$  north, longitude  $78^{\circ} 23'$  west.

**GALINA POINT (near Port Maria).**—This light consists of a continuous burning three-wick Wigham Lamp carried on a concrete tower. Its position is approximately latitude  $18^{\circ} 25'$  North Longitude,  $76^{\circ} 55'$  West.

The light is 44 feet above high water and is visible at a distance of 12 miles between bearings N  $40^{\circ}$  W and S  $68^{\circ}$  E.

## PART XIII.

### ADMINISTRATIVE BODIES.

#### THE RIO COBRE IRRIGATION CANAL.

THE total length of canals and branches constructed and at present under maintenance is as follows:—

|                               | Miles.    | Chains.   |
|-------------------------------|-----------|-----------|
| Main Canal .. .. .            | 5         | 73        |
| Subsidiary Channels .. .. .   | 0         | 35        |
| Old Harbour Branch .. .. .    | 9         | 28        |
| Subsidiary Channels .. .. .   | 6         | 30        |
| Port Henderson Branch .. .. . | 4         | 25        |
| Subsidiary Channels .. .. .   | 2         | 7½        |
| Cumberland Pen Branch .. .. . | 4         | 31        |
| Subsidiary Channels .. .. .   | 7         | 63½       |
| Caymanas Branch .. .. .       | 4         | 11        |
| Subsidiary Channels .. .. .   | 3         | 20        |
| <b>Total .. .. .</b>          | <b>48</b> | <b>31</b> |

The area embraced by the canal and its branches is nearly 50,000 acres. A portion of this cannot be irrigated, as it is broken and hilly ground; but, after making all deductions, including those for roads, gullies, Spanish Town, &c., there remain fully 30,000 acres capable of being irrigated. Nearly one-half of this land is very suitable for irrigation and, with water and proper cultivation, might be made to grow almost any crop, as it is a loamy soil, slightly porous and capable of taking up water without letting it through too rapidly. The remainder is a clay soil which produces, with irrigation, excellent crops of sugar-cane and guinea grass.

The total number of acres now under irrigation is about 13,000, and the aggregate quantity of water supplied was 16,255 cubic yards per hour in 1921-22.

The gross revenue in 1921-1922 was £16,051 8s. 4d. It is derived from the sale of water for irrigation, for watering stock, for supplying the Spanish Town water works, from the sale of fruit, &c., grown on the canal banks. A number of coco-nut and other fruit trees have been planted on the banks.

The natural slope of the ground over which the canal is carried is considerable, and the canal therefore is capable of yielding a large mill-power. It offers a good field for the establishment of central factories for the manufacture of sugar. Amongst the crops which may be cultivated with profit are the following: sugar-cane, bananas, plantains, cocoa, oranges and limes.

Below are the details of the acreage irrigated and of the water consumed for each description of cultivation for year ending 31.3.22.

| Cultivation                             | Acreage irrigated. | Cubic yds. of water taken per hour. |

| <b>Totals .. .. .</b>                   | <b>16,182</b>      | <b>16,255</b>                       |

The following scale of rates were settled by the Governor in Privy Council and published in Gazette of 25th Novr., 1920, together with regulations for the management and care of the works, etc., rescinding the regulations previously in force, and taking effect from 1st January, 1921.

1. Any person who shall use the canal or works in any of the following ways, without

permission in writing from the Director of Public Works, shall be liable to a penalty not exceeding Five Pounds.

- (a) Washing clothes or bathing in the canal.
- (b) Making tracks or ways or paths over or through the fences or along the banks of the canal.
- (c) Fishing or setting fish pots or catching turtle or other animals.
- (d) Floating on the canal or mooring to the banks, or putting on the banks of the canal any boat or raft or canoe.
- (e) Cutting any tree or shrub or grass or any plant from the banks or works.
- (f) Sinking any pump or well, or making any excavations within a distance of ten chains from any canal or watercourse belonging thereto, without permission in writing from the Director of Public Works.

2. Any person who, without authority from the Director of Public Works, shall interfere with any sluice or other contrivance for regulating the flow of the water in or from the canal shall be liable to a penalty not exceeding Twenty Pounds.

3. Any person who shall throw or put or cause to be thrown or put into the canal or on to the banks or works any rubbish or offensive matter, or any material which shall obstruct the free flow of water in the canal or works, shall be liable to a penalty not exceeding Ten Pounds.

4. Any person who shall trespass on the canal or works or upon the lands adjoining the banks, being part of the canal lands, or climb on, to or over the fences, or break the fences, or in any way injure the canal or works, shall be liable to a penalty not exceeding Two Pounds.

5. Water will be supplied to Consumers at the discretion of the Colonial Secretary, and will be paid for at the rate set out in Regulation 8 (b) hereof.

6. Any reduction of water under any Agreement whether such reduction be under any regulation or otherwise, shall be deemed to be an "accident or other cause beyond the control of the Colonial Secretary" within the meaning of Regulation 10 hereof.

7. The water is to be conducted to the fence line of the canal by appliances provided by the Director of Public Works. All arrangements, appliances or works for conducting and using the water beyond the fence line of the canal must be provided by the consumer; but, should he desire it, the Director of Public Works may consider any special application for the construction by his officers of such appliances or works at the cost of the consumer.

8. Payments according to the following scale of rates shall be made by persons who take water from the canals or works, provided also that no water, except as hereinafter provided, shall be supplied for any period less than six months:—

(a) When water is taken only for purposes other than irrigation the following rates shall be paid:—

1. For supplies of 5 cubic yards per hour or less, a sum of £12 per annum.
2. For supplies of more than 5 and not exceeding 10 cubic yards per hour, at the rate of £2 5s. per cubic yard per hour per annum.
3. For supplies of more than ten and less than fifteen cubic yards per hour at the rate of £2 2s. 6d. per cubic yard per hour per annum.
4. For supplies of fifteen cubic yards or over per hour, at the rate of £2 per cubic yard per hour per annum.

(b) When the water is taken and used for irrigation at the rate of £1 per cubic yard per hour per annum, not more than the quantity named in the following table to be issued for each acre of cultivation:—

|                   |    |                     |
|-------------------|----|---------------------|
| Bananas           | 1½ | cubic yard per hour |
| Canes             | 1  | do do               |
| Mixed Cultivation | 1½ | do do               |
| Coconuts          | 2  | do do               |

Provided that, if in the opinion of the Director of Public Works less water than that shown above be sufficient, not more than the quantities named below may be issued for each acre.

|                   |    |                     |
|-------------------|----|---------------------|
| Canes             | ¾  | cubic yard per hour |
| Mixed Cultivation | 1½ | do do               |
| Coconuts          | 2  | do do               |

(c) For permission, at the option of the Director of Public Works, to take water at bridges or other places for domestic use only, the rate of six shillings per annum shall be paid, unless a water cart is used, in which case the rate shall be twelve shillings per annum for each person.

- (d) Special prices and terms may be made by the Director of Public Works for water for driving machinery or for other special purposes.
- (e) When water is taken for irrigation, arrangements may be made at the option of the Director of Public Works, for giving an accumulated supply at certain fixed periods in lieu of a constant supply; also for varying the points of delivery.
- (f) The total water sold under the above Regulations 8 (a) to 8 (e) shall not exceed 16,000 cubic yards per hour. Provided that when in the opinion of the Director of Public Works 18,000 cubic yards per hour is available, the surplus of 2,000 cubic yards per hour may be distributed free amongst consumers.

9. Consumers must make arrangements for the drainage of their lands to the satisfaction of the Director of Public Works.

Should a consumer fail to provide proper drainage within ninety days of being called upon to do so in writing by the Director of Public Works his supply may be cut off and his contract cancelled.

10. If the stipulated supply of water should at any time be stopped or reduced in quantity by any accident or other cause beyond the control of the Colonial Secretary or purposely for the sake of altering or repairing the canal or any works in connection therewith, the Colonial Secretary shall not be responsible for any damage that may in consequence thereof accrue to the consumer; and the payments to be made by the consumer shall not abate in consequence of such stoppage. The flow of water in the canals will, in general, be stopped during continuous rainy weather and no abatement from the payments hereinbefore specified to be made by the consumer will be allowed on account of such stoppages of water.

11. The payments hereby prescribed are to be made to such officer or person as the Colonial Secretary shall appoint to receive the same and if any such payment be not made within fourteen days after the day on which it shall have become due, the Director of Public Works by his agents shall be at liberty to cut off and discontinue the supply of water without any notice whatever and without prejudice to the rights of the Colonial Secretary.

12. All existing Regulations for the management and care of the works and for all persons making use of the works, and for fixing the scale of rates to be paid by persons using the said works, or taking water therefrom are hereby rescinded as from the 1st day of January, 1921, on which day these regulations shall come into force and be substituted for the said rescinded regulations.

*Superintendent*—F. E. Taylor, £350, travelling allowance, £93 15s. appointed 1st Oct., 1897, and £100 as Secretary R. C. I. Advisory Board.

## VERE IRRIGATION WORKS.

THE Vere Irrigation Works were constructed and are being conducted under the provisions of law 39 of 1897 and various amending laws.

They are managed by a commission styled the Vere Irrigation Commission, consisting of 5 members, 3 of whom are nominated by the Governor and 2 elected by the owners of the properties, who guarantee the revenue necessary for the maintenance of the works and the redemption of the loans sanctioned by the laws.

The original works were constructed during the years 1901 to 1903, under the supervision of the Director of Public Works, and comprise the head-works or dam and sluice on the Milk River at St. Jago, in Lower Clarendon, to divert the water of the river into the main canal, which runs in a south-easterly direction across the plain of Vere, and was intended to carry about 7,000 cubic yards of water per hour, as far as the Rio Minho, and 6,000 cubic yards thence to the reservoir at Raymond's. Between St. Jago and the crossing to the Rio Minho at Dry River estate the canal is carried over ten gullies, by aqueducts consisting of steel troughing carried on abutments and piers of cement concrete. At Dry River it is carried under the Rio Minho by a steel syphon 650 feet long and 2 feet 6 inches in diameter, and thence continues, crossing five more gullies by means of aqueducts, to Raymond's estate, discharging into an impounding reservoir created there by the erection of a dam across the valley of the Raymond's gully. The total length of the main canal was sixteen miles four chains, and that of the aqueducts about 2,000 feet.

The reservoir at Raymond's was calculated to hold about 4,610,000 cubic yards, equivalent to about a month's supply at the rate of 5,000 cubic yards per hour, or to the amount required for irrigating 5,000 acres at one cubic yard per hour. Distribution channels for the supply of water to the estates west of the Rio Minho were taken off from the

main canal, and another one for the estates east of the river commenced at Raymond's dam, branching off in several directions to give the supplies where needed.

The Raymonds reservoir did not prove a success and the scheme was eventually worked independently of it.

The failure of the water supply in the Milk River rendered a reconsideration of the whole subject necessary in 1913, which resulted in the passing of Law 16 of 1913 for rendering certain relief to the guarantors of the original scheme and of Law 17 of 1913 authorizing the obtaining of a supply of water from the Cockpit river.

The following are the lengths of the Main and Distribution Canals on the Milk River scheme now in use.—

|   |    |    |    |
|---|----|----|----|
| Main Canal, St. Jago to Raymond's Reservoir | .. | M. | C. |
| Branches                                    | .. | 16 | 14 |
|   |    | 7  | 55 |
| Total                                       | .. | 23 | 69 |

The Cockpit scheme has now been completed and is in operation.

The water for the scheme is derived from the Cockpit river, a never failing spring fed river which issues from the Brazilletto hills near the 18th mile post on the road from Old Harbour to the Alley.

The river was repeatedly gauged during abnormal droughts, and no discharge of less than 20,000 cubic yards per hour has ever been recorded.

The present scheme utilises 5,000 cubic yards per hour, and is capable of being extended to over 10,000 cubic yards per hour.

The channels connecting the Cockpit river and the Irrigation channels formerly laid down for the purposes of supplying the various sugar estates in Eastern Vere have a total length of about  $7\frac{1}{2}$  miles, and are divided into two portions, a low level canal and a high level canal.

The low level channel, about  $2\frac{1}{2}$  miles long, extends from the Cockpit river to the pumping station where a pumping plant of the most modern type is erected.

It consists of a High Duty Worthington pumping engine, Babcock & Wilcox water tube boilers, Green's economiser, Induced draft fan, water purifier and de-oiler and all the most up to date accessories for a high-class pumping plant.

The pumping plant elevates the water to a height of about 70 feet, discharging it into the High Level Channel, which is concreted.

A length of about 5 miles of this channel conducts the water to the former channels laid down for the Milk River water which have been taken over by the Cockpit scheme and have also been concreted.

A length of 7 miles of each canal conveys water when available from the Milk River Scheme, for use by the Cockpit Scheme consumers, making the total length of canals in connection with this scheme  $14\frac{1}{2}$  miles.

Several analyses of the water have been made and it has been found to be admirably adapted to the purposes of irrigation.

#### THE KINGSTON GENERAL COMMISSIONERS.

By a law passed in the session of 1897 by the Legislative Council, called the Kingston General Commissioners Law, No. 24 of 1897, the several commissions hitherto governing the Kingston Markets, the Kingston and Liguanea water works, the gas works, the slaughter houses, and the Kingston Improvements, under the law of 1890, were amalgamated, and their united powers conferred upon a body of commissioners, called the Kingston General Commissioners. The various undertakings controlled and managed by this body are described in the following articles under their respective heads.

By order in Privy Council 20th November, 1907—under the powers given by section 20 of Law 24 of 1907—the Kingston General Commissioners were invested with all rights

powers, duties, immunities and discretions conferred on the Mayor and Council of Kingston by Laws 5 of 1883 and 24 of 1907, and the Commissioners were constituted the Building Authority for the purposes of these Laws.

By order in Privy Council dated 20th November, 1907, the Governor transferred the powers given by the Kingston Building Law, Amendment Law, 1907, from the Mayor and Council of Kingston to the Kingston General Commissioners, to take effect on 1st December, 1907. Mr. H. Gould is the surveyor under the law.

## KINGSTON GAS WORKS.

THE subject of lighting Kingston with gas was first mooted in 1864 by William George Astwood, and in 1865 a bill introduced by the late Hon. S. C. Burke in the Assembly became law. Nothing, however, was done in the matter till 1870, when Mr W. Climie applied to the Governor, Sir J. P. Grant, on behalf of some capitalists in England for a concession to erect gas works for the supply of the city, such concession to extend over a period of thirty years. The further terms proposed were: that the maximum price should be 18/- per 1,000 cubic feet; that the gas should be used for lighting the streets and all public buildings; and that all imported materials should be duty free. These terms did not prove acceptable to Sir J. P. Grant, who considered that such a concession would place it beyond the power of the inhabitants of Kingston to obtain gas on what he thought reasonable or anything approaching reasonable terms. The same answer was returned to the late Mr. T. L. Harvey who applied in 1871 for a similar concession; the Governor remarking that if gas was to be provided he would recommend that the provision be made for establishing Government gas works thereby avoiding all the very serious objections to long monopolies to private parties.

On Sir J. P. Grant referring the proposal to establish Government gas works to the Kingston Municipal Board he was met by the very curious objection that the lighting up of the streets would be attended with considerable disadvantage, unless accompanied by a more efficient Police Force, in consequence of the fact that the "unscientific and ignorant depraved class of the community have great fear of darkness and generally take advantage of the light of the moon for their operations." In other respects the proposal was hailed with satisfaction. The objection, somewhat surprised the Governor, who thereupon called on the Police Authorities for their opinion. Major Prenderville (the Inspector General) showed that of the 74 burglaries and larcenies committed between January 1870 and September 1871, inclusive, only eighteen were committed on dark

and partly moonlight nights, which were two hundred and fifty-four in number. The unanimous opinion of the Officers of Police was that street lighting would be a help to the Constabulary and a difficulty in the way of the thief.

Sir J. P. Grant, fortified by these opinions, caused a bill to be passed through the Legislative Council during the session of 1872, appointing as Gas Commissioners the persons holding for the time being the respective offices of Colonial Secretary, Director of Public Works, Auditor General, Custos of Kingston and Custos of St. Andrew, and empowering them to raise by debentures the sum of £30,000 for the purpose of erecting gas works and working the same.

The works were commenced early in 1875 and completed in 1877, the town being lighted with gas for the first time on the 10th May. The works were constructed under the superintendence of Mr. John Stiven. They consisted of a retort house containing six beds of retorts, a building containing the exhauster engine, the two scrubbers, the station meter, the governor and photometer, the purifying and lime house, the coal-shed, and two gas-holders capable of holding 30,000 cubic feet each, or about one day's supply. The cost of the works, including the mains and 699 street lamps for lighting the city, was £39,313 18s. 10d. The works are situated beyond the Railway station.

The retort house has now been extended, and new benches of four regenerative settings have been erected.

The quantity of gas made in 1921-22 was 31 million cubic feet; the coals carbonized amounting to 2,773 tons. The public lights consume about one half the quantity of gas made, the street lamps being lit on an average 190 hours per month.

The receipts for the year ended the 31st March, 1922, were £17,263 8 11 and the expenditure £12,624 0 2 without the charges for Interest, Sinking Fund, &c. The prices charged for gas, &c., are as follow:—

|   |    |    |    |   |  |
|---|----|----|----|---|--|
| For each street lamp, per annum                                 | .. | £8 | 0  | 0 |  |

| For coke, per ton   | .. | 3  | 3  | 0 |  |
| For tar, per gallon   | .. | 0  | 2  | 0 | retail.                                |
| For temper lime per puncheon                                    | .. | 4  | 0  | 0 |  |
| For temper lime, per barrel                                     | .. | 0  | 16 | 0 |  |

The introduction of incandescent gas lighting has effected a marked improvement in illuminating power, with a considerable reduction in consumption and consequent cost of lighting. With a single Welsbach burner and mantle an illumination equal to 100 standard sperm candles can be produced at the cost of one-third of penny per hour, a similar light by means of the ordinary flat flame burner would require 6 No. 5 burners costing 2½d. per hour, while the same illuminating power produced by an electric incandescent lamp, with current at one shilling per unit, would cost 4½d.

The Parade Gardens are effectively lighted by means of eleven self-intensifying incandescent gas lamps giving an aggregate of 3,300 candle power, a successful example of the latest development of incandescent gas lighting, and the incandescent principle is gradually superseding the old flat flame lamps.

#### KINGSTON AND LIGUANEA WATER WORKS.

The city of Kingston and the plain of Liguanea are supplied with water from three sources, namely, the Hope River, the Wag Water and the Ferry River. The town and district were formerly dependent entirely on water supplied by wells and that yielded by a few springs along the harbour. A company was incorporated in 1848 to supply Kingston from a subterranean source supposed to exist near Barbican. Many thousands of pounds were spent in sinking shafts, driving adits and constructing a tunnel to lead the water by gravitation to Halfway Tree. The scheme proved a total failure, but the company in 1849 was fortunate enough to be able to purchase from the Duke of Buckingham a portion of the Hope estate, together with the water rights to four-ninths of the supply in the Hope river. Reservoirs were built at Hope and Montgomery's Corner (now called Cross Roads) and a line of 9-inch mains was laid for the supply of the city. These works delivered an indifferent supply of unfiltered water once or twice a day for household purposes. The pressure was so poor that little or no protection was afforded to the inhabitants against fire.

In 1871 the Government purchased the rights of the old company for the sum of £51,200, and immediately set to work to construct new works at a further expenditure of £87,000. These works, completed in 1876, consist of:—

- 1st. A concrete culvert over three miles in length, from Hope to Cavaliers.
- 2nd. A large settling reservoir, 256 feet long by 160 in breadth and 20 in depth, capable of containing  $2\frac{1}{2}$  million gallons.
- 3rd. Two filter beds, each 200 feet long by 100 broad by 7 feet in depth. They contain the necessary filtering materials, such as small stone, gravel and sand, superposed in layers, and are each capable of filtering 1,500,000 gallons in 24 hours.
- 4th. A pure water tank, 200 feet by 180 and 20 feet in depth, capable of holding 3,000,000 gallons, an average day's supply to the city.

The water for the town supply is drawn from this tank, the bottom of which is 156 feet above the mean sea level, by a 21-inch main and is then distributed over the city by means of 12, 6, 4 and 2-inch cast iron mains measuring in the aggregate some 60 miles.

Owing to successive droughts the water supplied by the Hope was found insufficient for the growing needs of Kingston and St. Andrew, and in 1885 the Water Commissioners obtained powers to enable them to obtain the water rights belonging to Constant Spring estate. These were bought, together with nearly 800 acres of land, for the sum of £8,000. Works for utilizing this additional supply were begun in 1888 and completed in 1887 at a total cost, including the purchase of water rights and land, of £19,112.

The works themselves comprised an arched concrete intake on the bank of the river the opening being guarded by a stout iron grating. An open culvert conducts the water to the tunnel which is 23 chains in length and varies in size very considerably, being some 6 feet high by 4 feet wide at the north end, but diminishing to the south end to  $4\frac{1}{2}$  feet by 3 feet. This tunnel was constructed about a hundred years ago for the supply of Constant Spring estate and is stated to have cost with the immense masonry dam to the aqueduct, together with the expenses of a lawsuit caused by diverting the water of the river, some £50,000. A new tunnel, circular in form, and 5 ft. in diameter, has been constructed to a grade of 1 in 200 in place of the old one. The water after leaving the tunnel flows in 12-inch pipes to the gutter, where it is joined by a spring that rises on the south side of the range. From the junction the water is conveyed about 40 chains by an open conduit, terminating in a circular catch pit from whence the water is led into two reservoirs each 200 feet long by 100 feet wide by 16 feet deep. These reservoirs contain  $1\frac{1}{2}$  million of gallons each and are constructed of cement concrete, backed by a layer of clay puddle. A 10-inch and a 9-inch main, 3 miles long, carry the water to within half a mile of Halfway Tree, where a junction is effected with the existing system of mains. A 12-inch trunk main now connects Constant Spring with the Cavaliers works direct. Branch mains have been laid to supply Swallowfield, Penwood, Molyne, Cassia Park, Grants' Pen and Leader's lane. The town mains have also been extended along the Spanish Town road and the Windward road. In all upwards of 110 miles of mains have been laid in connection with these works, and several tracts of land in St. Andrew are now rendered available for building purposes which were previously of little value to the owners.

Law 37 of 1910 provides for increasing the water supply of Kingston by erecting a pumping station at the Ferry River, authorising a loan of £50,000.

This work was completed in February, 1912, and is now in operation. The Pumping station is situated about  $7\frac{1}{2}$  miles west of Kingston and consist of an intake sluice and channel, and engine and boiler house and coal store in which are installed two horizontal triple expansion, surface condensing Worthington pumping engines, with two multitubular Babcock and Wilcox boilers with superheaters and an economiser. The water is pumped to the Cavaliers reservoirs through a steel main 21 inches in diameter and  $7\frac{1}{2}$  miles in length. Each pumping engine is capable of delivering 3,000,000 gallons per 24 hours into the reservoirs.

The Mona Estate was purchased in April, 1914, and with it the right to the remaining five-ninths of the flow of the Hope River.

The suburbs of the town, such as Allman Town, Franklin Town, Torrington, Camperdown, and Campbell Town, are supplied with filtered water, from the Constant Spring reservoirs, by a new 12-inch main laid in 1899 to the top of Allman Town, branching to the east and west with 9-inch and 6-inch pipes. Filter beds have been built at Hope and at Constant Spring so that all water supplied by the Commissioners is now filtered, and to render the filtration even more efficient than it is at the present time the Commissioners have increased their filtration area by the erection of Pressure Filters at Cavaliers of the continuous type, having an additional capacity of 3 million gallons per diem, at the cost of £8,500.

The supply from all sources is on the constant and high pressure system, and the consumption by the town of Kingston and St. Andrew, amounts, on an average, to about 8,000,000 gallons in 24 hours, distributed to the ratepayers through 180 mile of connect-

ing services. A meter system is being gradually developed and at present there are upwards of 100 water meters installed.

The water supplied to Kingston is of excellent quality as shown by the following analyses by the Director of Agriculture and Island Chemist:—

The limits within which such rates are payable are as follows: From a line beginning at the harbour at the southern end of Paradise Street, running northerly to the Windward Road, then along that road to the eastern boundary of Brown's Town, thence northerly along the eastern boundary of Brown's Town, Passmore Town and Franklin Town to the northern boundary of the parish of Kingston, as defined by Law 20 of 1867; following that boundary westward as far as the South Camp Road; then southerly to the northern boundary of Villa Pen, then westerly to the Arnold Road; thence along the Arnold Road northerly to the northern boundary of Kingston, following that boundary westward to the Spanish Town Road, thence south-easterly along the Spanish Town Road to the Kingston Pen Road; thence southerly along the line of the Kingston Pen Road to the Harbour; and thence along the shore of the harbour to the point of starting.

The occupier of a property, used for any of the purposes mentioned in the 2nd subsection of the 6th section of Law 18 of 1875, pays in addition to the prescribed rate such sum as the Commissioners may in each case specially declare.

The occupier of a property not used as a residence, nor for any of the purposes last referred to, pays a sum equal to one-third of the prescribed rate.

The quantity of water to which each ratepayer is entitled under the 9th section of Law 18 of 1875 is as follows:—

|                  |                    |                  |                    |

Scales shewing the additional sums to be paid under section 10 of Law 18 of 1875 by ratepayers requiring an extra supply of water for purposes not comprehended in the 2nd sub-section of section 6:—

For a bath exceeding 200 gallons in capacity, 1s. 3d. per month for every 100 gallons of capacity or fraction of 100 gallons above 200, or such other payment as may be in any case specially agreed to by the Commissioners.

For a garden exceeding 600 square yds. in area, 1s. per month for every 200 square yds. or fraction of 200 square yds. above 600 square yds., or such other payment as may be in any case specially agreed to by the Commissioners.

For every fountain or stand pipe 2s. a month; provided that no ratepayer shall be required to pay for a fountain or stand pipe in a garden as well as for excess of area of a garden; but if a fountain or stand pipe be provided in a garden exceeding 600 square yards in area the ratepayer shall be charged, at the rate hereinbefore stated, for either the fountain or stand pipe only, or for the excess of area of the garden only, at the option of the Commissioners.

For extra supplies of water under section 10 of Law 18 of 1875 at the rate of 1s. for 1,000 gallons, except as hereinbefore provided for baths of large size, gardens and for fountains and stand pipes.

## MARKETS.

### THE VICTORIA AND JUBILEE MARKETS IN KINGSTON.

THE Victoria Market building is a handsome and commodious iron structure. It is within a rectangular space which is enclosed by an iron railing on a brick wall, the dimensions of the enclosure being 306 feet north to south and 159 feet east to west. In the centre of each of the four sides are the entrance gates, the principal one being on the western side from King Street; this entrance is by an arched way between two rooms which serve as offices, the whole being surmounted by a clock tower. There is a fountain immediately opposite the main entrance.

The building is supported by 40 cast iron columns fifteen feet in height and octagonal in form, placed at distances forty-five feet apart from north to south and twenty-four feet nine inches from east to west. The span of the roof trusses is forty-five feet and they are placed eight feet three inches apart. The roof covering is of galvanized corrugated iron, the area under cover being 3,837 square yards.

The building is entirely surrounded by a verandah, seven feet in width supported by eight columns of the same character as the main columns, giving additional protection against rain and the slanting rays of the sun.

There are 92 benches of cast iron with slate tops to receive the articles exposed for sale; each twenty feet long and four feet wide. They are so arranged as to form lanes twelve feet in width running north and south for the public to circulate in. Between the backs of the ranges of benches a space four feet nine inches in width is set apart for the sellers. These benches are so divided as to give 246 stalls with an aggregate lineal space of 1,840 feet.

The flooring of the market is of Portland cement on a strong bed of concrete, the drains being formed of the same material and covered with perforated cast iron plates. Water is laid on to 20 taps attached to columns, in various parts of the building. Sanitary arrangements of modern description are provided for the use of the staff, attendants and the public using the markets.

The cost of the market, including the lands purchased, was £22,778.

The public landing place of the city is opposite to the southern gate of the market; it is 105 feet in length and 21 feet in breadth, with wooden flooring and stone steps leading into the sea; the structure is covered with a light iron roof. The cost of this landing place, with that of an adjacent one for the use of trading boats, &c., was £2,238. This sum includes the cost of building a cut stone quay-wall along the beach and in front of the market 233 feet in length.

The total amount for these structures, £25,016, was raised by a loan, guaranteed by the Government, of £20,000, and an advance of £5,016 from the Public Treasury. The market was first opened to the public on the 21st May, 1872, when the Governor, Sir John Peter Grant, named it "The Victoria Market."

A Public Market called The Sollas Market was for over a century held in the upper part of Orange Street. It consisted of an open space, surrounded by a wooden structure, and was devoid of every convenience for those by whom it was frequented. The people, through rain and sunshine, sat huddled together on the ground in the centre space, without protection from the elements. For some time the Market Commissioners of Kingston contemplated the rebuilding of the market, but they delayed this necessary undertaking until the hurricane of 1888 blew down the fragile structure and compelled them to take action. A plan was obtained from Mr. G. N. Cox. Thirty stalls were erected in the new market and space was provided for a thousand persons. The stalls were covered with well constructed sheds and ten powerful gas lamps were distributed in the building. The total cost was £1,096 3s. 2d. It was opened by Sir Henry W. Norman on the 29th June, 1887, as part of the ceremonials in connection with the Jubilee of Queen Victoria and named "The Jubilee Market" in commemoration of the event. This market was considerably enlarged in 1894 at a cost of £956.

The revenue of both markets for the financial year 1921-22 was £5,490 11s. 8d. and the expenditure for maintenance, management, &c., £3,838 17s. 2d. without the charge of £199 14s. 6d. for interest and sinking fund.

#### PAROCHIAL MARKETS.

THE Law affecting market-places throughout the island, other than in Kingston, is Law 9 of 1874, "A Law to make provision for the erection and regulation of markets throughout the island," which consolidated and amended the laws previously in force in the matter.

All markets are placed under the control of the parochial boards of the parishes in which they are respectively situated. The income arising from the markets is to be applied to their support and maintenance and any surplus may be applied, with the approval of the Governor, to any local objects for the benefit of the town or of the immediate neighbourhood in which the markets concerned are situated.

This Law empowers the Governor to advance money from the Treasury, on the application of the Parochial Board of any parish, for the erection of market buildings, or the repair, improvement or enlargement of existing markets, on receiving such particulars and estimates of the proposed works as he may think fit to call for; such advances are charged on the income of the markets, the net balance on market account each year being applied in discharge or reduction of interest and principal of advances.

The Law further gives the parochial boards power to acquire lands under the Lands Clauses Law, 1872, and otherwise for market purposes; to alter, with the concurrence of the Director of Public Works, the public approaches to markets; to appoint and remove Clerks of Markets and other servants; to lease or rent markets or stalls in market; and to frame rules for the order and government of markets, to be approved by the Governor in Privy Council. The establishment of markets otherwise than in accordance with the Law, and the slaughtering of animals except in authorized places, are prohibited by this Law, under penalties.

As there was no provision in this law to prevent people from selling at places other than markets, and as it was desirable on many grounds that in places where markets might be established the people should be required to sell in these markets and nowhere else within certain limits, the subsequent Law, 5 of 1880, was passed by the Legislative Council to impose a limitation of sale of certain articles in the towns to which the Law is made to apply.

The following is a list of the markets throughout the island, under parochial authority, with the names of the persons in charge:—

Kingston—Victoria Market (E. C. Clarke.); Jubilee Market (A. A. MacCallum).  
 St. Andrew—Halfway-Tree (Clerk Parochial Board, Cross Roads).

#### KINGSTON SLAUGHTER HOUSE.

THESE buildings were erected by the Public Works Department under the provisions of Law 37 of 1872 for the purpose of securing to the inhabitants of Kingston a supply of good and wholesome meat.

The Slaughter House was first opened for use on the 1st day of March, 1876, at which date all private slaughter yards had been dispensed with, the value of them having been paid to the proprietors in accordance with section 24 of the Law.

The sum expended in the purchase of land, erection of buildings, cattle pens and wharf and for compensation to the owners of private slaughter yards was £10,406 10s. 8d.

The revenue for the financial year ended 31st March, 1922 amounted to £1,811 7s. 3d., the expenditure to £1,129 13s. 9d. without the charge of £500 for interest and Sinking Fund.

The number of animals, turtle, etc., slaughtered during the period referred to was as follows:—Oxen, 5,911. Sheep 850, Pigs 3,296, Turtle 406, Goats 1,414. Total 11,907.

The fees charged for slaughtering are as follows:—

| Animals slaughtered.  | Inspector's Fees | If the Slaughtermen and Dressers are provided by the Commissioners. | If the Slaughtermen and Dressers are provided by the Owner of the Animal. |

## KINGSTON IMPROVEMENTS.

Law 31 of 1890, provides for the sewerage of Kingston and for the re-construction of the streets. The Commissioners empowered under the law to carry out the necessary work secured the services of Mr. Osbert Chadwick, C.M.G., to prepare a project for the sewerage works and to advise the commissioners during their execution.

The plans prepared by Mr. Chadwick were approved by the Governor in Privy Council on June 3, 1893, and a resident engineer arrived in Jamaica to begin operations in October, 1893.

Mr. Chadwick's project is a system of self-cleansing sewers of the smallest practicable diameter, having ample falls so that there will be no stagnation or deposit even of a temporary character; and in order to reduce the size of the sewers, rain water is excluded as far as possible. The intercepting and outfall sewers are of cast iron, and the streets sewers and house drains of glazed fire-clay pipes. The intercepting sewer runs along the centre of Harbour street at a depth of 5 to 20 feet below the surface and will receive the sewage of the whole town and convey it to the pump well at the pumping station near the gas works. From the pumping station a cast iron pumping main is laid along Tower street and the Windward Road, and conveys the sewage to the sea near the mouth of the Hope River. At the pumping station 3 steam vertical single acting Plunger pumps are provided. The sewage is received into a pump well which is closed by an air tight deck. In the month of March, 1894, work on the intercepting sewer commenced and was completed on September 30th, 1895. The buildings at the pumping station were completed on 30th October, 1895, and all the pumping machinery erected and ready for working in 1896 and have been working continuously since then. The work on the street sewers has been completed. A total mileage of about 46 miles, including the corresponding house connections, have been laid.

The improvement of the streets and lanes was taken in hand in November, 1897. About 12 miles have been reconstructed to date. King Street and portions of Harbour and Orange Streets have been paved with vitrified bricks laid on a foundation of cement concrete; East Street, from Harbour to East Queen Street has been paved with sheet asphalt; Gold Street from Harbour to East Queen Street has been laid in tar macadam; the remainder of the streets reconstructed have been macadamised.

Extensive works for the diversion of storm water have been carried out in connection with the street improvements.

An extension of the sewerage system embracing the remaining portions of Kingston, not included in the original scheme, and portions of lower St. Andrew, is in contemplation. Additional pumping machinery in connection with this scheme has been erected consisting of three Rees-Roturbio patent revolving pressure chamber pumps, each capable of delivering 1,500 gallons of sewage per minute. Each pump is driven by a compound 2-crank forced lubrication steam engine.

### THE KINGSTON LOAN BOARD.

*Office: Public Buildings, Kingston.*

The Kingston Loan Board was constituted under the provisions of The Earthquake Loan Administration Law, 1907, for the purpose of making, administering and recovering loans out of the moneys raised under The Earthquake Loan Imperial Law, 1907.

The Board consist of eight persons, three of whom are appointed by the Governor, on the nomination of the elected members of the Legislative Council, and five appointed by the Governor together with the Chairman.

Loans under the law could be made in the defined district of any parish for the purpose of restoring or repairing buildings damaged or destroyed by the earthquake of 14th January, 1907, or subsequent fire; or for erecting new buildings of substantial value in the District damaged by the earthquake or fire to an extent not exceeding the amount of such loss or damage. No person was precluded from obtaining a loan from the Board, because he has prior to applying for same, replaced or restored or erected the buildings on the premises in respect of which the application is made. All loans made by the Loan Board are secured on a first mortgage of the freehold in respect of which the same is made. The making of loans has ceased. The Board has power, however, to make a new loan on the realization of a security. Such loans are very few in number.

The defined Districts under section 9 of the Law are:—

The whole of the parishes of Kingston, St. Andrew, Port Royal, St. Catherine, St. Thomas, Portland, and the Richmond District of the parish of St. Mary.

The loans are payable by annuities under the following scale.

| On a loan of £100 for | 7 years. | 10 years. | 12 years. | 15 years. | 20 years. |
|-----------------------|----------|-----------|-----------|-----------|-----------|
|                       | £ s. d.  | £ s. d.   | £ s. d.   | £ s. d.   | £ s. d.   |
| Annuities to be       | 17 8 8   | 13 1 0    | 11 7 0    | 9 13 4    | 8 0 0     |
| Quarterly payments    | 4 7 2    | 3 5 3     | 2 16 9    | 2 8 4     | 2 0 0     |

To 30th September, 1922, loans amounting to £372,825 had been made, and £347,473 received in payment at the same date. The balance of assets over liabilities was £31,735 4s. 3½d and is now 125.26% of the amount outstanding on loans.

## AGRICULTURAL LOAN SOCIETIES BOARD.

*Public Buildings, Kingston.*

A Law for the Encouragement of Agricultural Loan Societies was passed by the Legislative Council in 1912.

The Board framed rules under section 5, sub-section (1) for the control and superintendence of such societies as may borrow from the funds placed at the disposal of the Board by the Legislative Council for the purpose of making loans. These rules were approved by the Governor in Privy Council on 15th October, 1912.

To meet the situation caused by the hurricane and drought of 1912, the Legislative Council passed Law 36 of 1912; and resolutions approving of advances over £200 being made by the Treasurer, on the recommendation of the Board, to owners and lessees of sugar works and plantations damaged or destroyed by the hurricane, as well as on cane crops on the ground.

Under Law 36 of 1912, Agricultural Loan Banks were used as the medium for distributing loans up to £200 to hurricane and drought sufferers. Under this head, the Board made loans amounting to £48,821.

It was necessary to frame new rules to meet the situation; and such rules were approved by the Governor in Privy Council on 23rd January, 1913, rescinding those passed on 15th October, 1912.

Under the Resolutions of the Council, the Government approved of loans, on the recommendation of the Board, as under:—

|  |       |        |
|--|-------|--------|
| On cane crops on the ground                          | .. .. | £2,500 |
| To owners and lessees of sugar works and plantations | .. .. | 14,910 |

On 23rd September, 1915, the Legislative Council allocated £2,500 for the purpose of making loans to repair damage done by the storm of August, 1915.

In October, 1916, Law 37 of 1916, was passed to enable the Board, through the banks, to make loans up to £200 for the purpose of resuscitating cultivations damaged by the hurricane of August of that year. Funds were provided for the purpose as well as for making loans of over £200 on the same lines as in 1912 by the Government on the recommendation of the Board.

On account of the damage done by the hurricane of 23rd September, 1917, Law 24 of 1917, was passed on the same lines as Law 37 of 1916. Funds were provided for making loans under the new Law, under Law 6 of 1912 and direct of over £200 to Planters.

\*Off the Island, W. B. Isaacs acting.

The following is a summary at 31st August, 1922 of the transactions of the Banks with the Board.

|                             |          |    |    |
|-----------------------------|----------|----|----|
|                             | £81,933  | 10 | 5  |
| Repayments to 31.8.22       | 21,647   | 14 | 10 |
| Balance outstanding 30.9.21 |          |    |    |
| Total loans made            | £103,581 | 5  | 3  |

Of the balance outstanding, £9,287 was not due at 31.8.22. The Land Settlement scheme, started in 1920, whereby a Loan Bank is enabled to purchase a property for re-sale to small settlers has been taken up enthusiastically. Advances amounting to £47,124 to seven Banks have been made under this head, and £8,415 2 9 was repaid to 31.8.22.

## WATER SUPPLY.

THE name Jamaica is said to mean "Island of Springs," and the name is justified by the large number of springs and rivers of moderate size and the numerous water holes. Some of great beauty, which are found in the Island. The rainfall, except in certain areas near the seaboard, is not deficient, but occurs irregularly, the two principal rainy seasons being in May and October, but there is usually more or less rain all through the summer months.

The lack of water for domestic supply, cattle and irrigation purposes, from which considerable districts of the Island suffer periodically, is due chiefly to the large areas of porous limestone forming or directly underlying the surface. The rains are rapidly absorbed into this limestone, and flow in a large number of cases in underground channels, sometimes appearing on the surface at lower levels for a mile or two and then sinking again and finally discharge at or near sea level. In many cases small ponds have been constructed with clay bottoms on the limestone to retain water for cattle, and artificial catchment supply tanks for domestic use. Impounding reservoirs can be constructed only in certain places outside the limestone areas and are of small size.

Because of these conditions, if there is any temporary deficiency in rainfall the poorer people in the island are affected almost immediately, because they make little or no provision for storage during rains.

To supply this need as far as possible, the legislature passed Law 24 of 1873, to enable the Governor to advance money from general revenue to the municipal (now the parochial) boards for the purpose of constructing water works in their parishes, to provide for the repayment of such advances, to authorise the acquisition of land by the municipal boards, and to regulate the management of the works and the supply of water therefrom. The water supply was to be charged to those who used it, and any deficiency was to be made good from the poor rates of the parish in which the works were situated. Under the subsequent law of 1881 a compulsory water-rate was leviable in the particular district of a parish benefited by a water supply obtained by advances from general revenue under the provisions of Law 24 of 1873.

When the drought of 1854-55 occurred considerable privation was experienced in a large portion of the island. The Government again brought the necessity of devising plans for the supply or storage of water to the earnest attention of the parochial authorities, and Law 8 of 1886 was passed in amendment of the previous enactments. By this Law water-rates are made payable in respect of all houses in a district in which a water supply is established under the provisions of the recited Laws, and on all horse-kind and horned and other stock owned or possessed within such district by any resident therein. Law 29 of 1888, amended by Law 28 of 1889, was passed to meet cases in which the supply of water throughout the district was not uniform.

The assistance of the Government in making advances from general revenue for providing water-works has since been invoked for the districts of Savanna-la-Mar in the parish of Westmoreland, Morant Bay in the parish of St. Thomas, St. Ann's Bay and Brown's Town in the parish of St. Ann, Port Antonio in the parish of Portland, Port

Maria in the parish of St. Mary, Old Harbour and Linstead in the parish of St. Catherine Montego Bay in the parish of St. James, Lucea in the parish of Hanover and Black River in the parish of St. Elizabeth.

Because of the distress in 1912 and previous years in the dry districts from lack of water due to a series of dry years the Government appropriated a large sum of money in the Estimates for 1912-13 for the provision of tanks in aid of country water supplies and as a reserve against drought, and as a result a number of district tanks with catchments have been constructed by the Parochial Boards of St. Ann, Manchester and St. Elizabeth.

This is not considered by Government to be a complete and satisfactory solution of the problem of water supply, but it will be of very substantial benefit pending the utilisation of possible sources of continuous supply. A scheme for bringing water from Hermitage in St. Andrew to Kingston is under construction.

### THE SPANISH TOWN WATER WORKS.

In 1836, when the Marquis of Sligo was Governor, a Company was formed for supplying Spanish Town with water from the Rio Cobre, which was obtained by pumping and was distributed through the town in cast iron pipes. From that year until 1870 the company continued in operation, but the supply of water distributed was limited.

In 1870 the works were purchased by the Government and put in thorough order; the mains were relaid and extended suitable pumping machinery was erected, and a new masonry service reservoir built to hold 150,000 gallons.

The supply of water under the new arrangement was not continuous, each ratepayer being entitled to water only for a certain number of hours daily, Sundays excepted, when no water was supplied.

In 1877 a bill was passed through the Council (Law 16 of 1877) for providing Spanish Town with a constant supply of water from the Rio Cobre irrigation canal by gravitation. The new works were commenced early in 1879 and were sufficiently advanced by August in that year for pumping to be discontinued. From the reservoirs the water was conveyed to Spanish Town in an eight-inch cast iron main. Service pipes are laid on to every house in the town and the supply is continuous.

Owing to there not being sufficient fall from Hog Hole the pressure in the town was low, and at times the upper portion of the town was without water; in 1910-12 three powerful hydraulic rams were erected which can now deliver water into a steel tank 30ft. above the old water level in the reservoirs, the town supply is now connected to this tower, and the highest point of the town can be supplied.

The old settling reservoirs are still used for supplying the rams and the town with clean water. Extensive improvements at the headworks are now in course of construction.

The Rio Cobre Canal Commissioners, who were also the Spanish Town Water Commissioners, having been abolished, the Colonial Secretary of Jamaica, was by Law 23 of 1898, substituted for them. Within certain limits the water-rate is compulsory under the new system. The prevailing minimum rate is 1s. per month, while formerly for an intermittent supply it was 5s. per month.

#### WATER RATE.

The following is the compulsory water rates within the prescribed limits:—

One shilling per month, and in addition thereto one penny half penny for every £10 or fractional part thereof when the property shall exceed £40, provided that the rate payable shall in no case exceed 12s. per month.

Inns, taverns, wholesale or retail spirit stores, laundries, livery stables, lodging houses, manufactories, or printing offices, or for any trade or business requiring water other than for domestic use; such additional rate shall be paid, as the Colonial Secretary shall specially declare.

Under section 18 of Law 16 of 1877, the Colonial Secretary is prepared to enter into contracts with persons requiring services in excess of the above Service Pipe in accordance with the following table:—

For each  $\frac{1}{2}$ " service pipe supplied in excess of the first an additional water rate as calculated by paragraph 1 above.

For service pipes larger than  $\frac{1}{2}$ " as follows:—

$\frac{3}{4}$ "—one and one half times the water rate.

$\frac{1}{2}$ "—twice the water rate.

Above  $\frac{1}{2}$ " and not exceeding 1" three times the water rate.

4. Under section 29 the Colonial Secretary is prepared to enter into contracts to supply approved premises situated without the prescribed limits at one and one half times the water rates prescribed above.

These Water Works are under the management of the Director of Public Works.  
*Collector*—The Collector of Taxes for St. Catherine.  
*Superintendent of Works*—F. E. Taylor, salary £40 per annum.

### OLD HARBOUR WATER WORKS.

In 1876 L. F. Mackinnon, the Custos of St. Catherine, brought the necessity of a Water Supply for Old Harbour to the notice of the Government, and at the same time a petition was extensively signed for the construction of the works. It was decided in 1878 that the best available supply was to be obtained from Bower's River, at a point about five miles north of Old Harbour on the Colbeck Estate, and Works were commenced in 1881 under the supervision of the Director of Public Works (Law 18 of 1881, section 10). Water was delivered in Old Harbour and service pipes were connected to householders premises by April 1st, 1882.

The scheme as constructed included a double line of four inch cast iron pipes from the intake at Bower's River to Old Harbour and distributing mains in Old Harbour of 957 yards of four-inch and 2,024 of two-inch cast iron pipes. Hydrants for fire purposes and for flushing the mains are located in the town.

The water has been connected to 328 Houses through half-inch galvanized wrought iron service pipes. The service has since been extended to Old Harbour Bay, and Church and Bower's Pen district by stand pipe supply. The Jamaica Government Railway and several properties outside the original limits have been supplied with water at special rates.

The cost of the original scheme was £3,710 17s. 8d., and the Works were maintained by the Director of Public Works to August 1st, 1882, when they were handed over to the St. Catherine Municipal Board.

The Government subsequently made a further advance of £2,347 2s. 2d., for laying a four-inch auxiliary main and for the construction of a tank.

Some further improvements were carried out in 1912. About 1½ miles of open conduit, conveying water to the service reservoir have been replaced by a cast iron main. This has had the effect of improving the supply and of reducing risk of pollution.

The following is the scale of monthly rates for houses within the limits of the Old Harbour water supply district:—i.e. the whole reckoned as £20 of such value 1½, paid monthly in advance.

On all properties below £40 in gross value—Sixpence on each unit of £10.  
 And on all properties of £40 and over in gross value, an additional 2d. in every £10 of gross value or fraction thereof.

### LINSTEAD WATER WORKS.

In the month of July, 1885, the Director of Public Works had (through the Colonial Secretary) presented to the municipal board of Saint Catherine estimates and plans for a water supply to the village of Linstead, to be either taken from Spring Vale estate or from the Berkshire Hall lands, and recommending the Spring Vale supply as being the best and most economical. The Parochial Board made overtures to the owner of Spring Vale, for the water rights but failed to obtain them.

Of necessity recourse was had to the Berkshire Hall supply, the right to which was purchased from the owner for the sum of £370. Contracts were then entered into with Messrs. Purdon and Cox for the performance of the work, which cost in the aggregate £6,892 2s. 1½d. inclusive of the £370 above mentioned.

The supply is from two distinct streams, the one called the Berkshire Hall river and the other the Cistern gully.

The distance traversed in the laying of the mains is for the 4-inch pipes 2½ miles and for 6 inch pipes 6 miles. The source of the Berkshire Hall stream is 340 feet above Linstead, and that of the Cistern gully 540 feet. Linstead is now supplied by both streams.

The number of houses supplied at present is about 360, each having a ½-inch galvanized pipe, with stop cock, and the revenue derived is about £525 per annum.

The works were completed and came into operation in July, 1893, but rates were not collected until March, 1894. Several hydrants are laid in the streets of the town and a valuable supply of water is to be had in case of fire. The area in which the water pipes are laid is about  $1\frac{1}{2}$  miles in diameter.

The following is the scale of monthly rates for houses within the limits of the Linstead water supply district payable monthly in advance:—

On every property under the value of £40—One shilling.

On every property of the value of £40 and upwards but under the value of £70—One shilling and sixpence, and in addition thereto sixpence for every ten pounds or fractional part of ten pounds by which such value shall exceed £49.

On every property of the value of £70 and upwards but under the value of £210, two shillings and ninepence and in addition thereto threepence for every ten pounds or fractional part of ten pounds by which such value shall exceed £79.

On every property of the value of £210 and upwards but under the value of £360, six shillings and twopence and in addition thereto twopence for every ten pounds or fractional part of ten pounds by which such value shall exceed £219.

On every property of the value of £360 and upwards—eight shillings and sevenpence and in addition one penny for every ten pounds or fractional part of ten pounds by which such value shall exceed £369, provided always that the rate chargeable on any single and undivided property shall not exceed twelve shillings and threepence.

In accordance with Law 19 of 1900 these Water Works were taken over by the Director of Public Works on the 2nd July, 1900. The works were handed back to the Board on 1st April, 1908.

#### FALMOUTH WATER WORKS.

This company was established by an act of incorporation (40 Geo. III., chap. 29) in 1799 for supplying the town of Falmouth and the shipping resorting to the port with water from the Martha Brae river. The subscribed capital of the company was £12,000 in 400 shares of £30 each. There are extant but 299 of these shares.

The water is brought into the town from the Martha Brae river by 6 inch pipes a distance of about one and a half miles, being raised at the source of supply by a dam and Persian wheel; the works also included a steam engine and force pump, as an auxiliary to the Persian wheel when necessary.

In 1903 the plant and rights of the company were acquired by the Parochial Board of Trelawny for £1,600.

In 1906 plans were prepared for the improvement of the works, and for the provision of a new main from the headworks to the town.

The laying down of the main and the connecting up of service pipes was undertaken by the Public Works Department and completed in 1911.

The old dam at the headworks at Martha Brae was destroyed by flood in 1917 and after much delay occasioned by difficulty in procuring the necessary materials, a new dam was built by the Public Works Department and completed in 1919; the water supply to the town having been maintained in the meantime by a temporary steam pumping plant.

Further improvements at the head works were also carried out including the construction of a new masonry channel and the provision of stand-by pumping plant.

#### MILK RIVER BATH.

IS SITUATED on the right or western bank of the Milk river, at the base of a precipitous hill known as the round hill, in the south-western corner of the district of Vere in the parish of Clarendon, 12 miles from Clarendon Park railway station, 13 miles from the May Pen railway station, and two miles south of the Rest village where there are stores, a Market, a post and telegraph office, and about two miles from the sea. The curative powers of the waters of this bath are not surpassed by any mineral bath in the world. Gout, rheumatism, sciatica, lumbago, neuralgia, eczema and troubles of the liver are the complaints for which the Bath is specially recommended. The waters of this bath are not supplied by the large river whence it derives its name, and on the banks of which it has been built, but from a spring which issues out of the hill which slopes down to within fifty yards of the river's edge.

The analysis of the Milk River Bath water gives the following mineral constituents in 1,000 parts of water, viz.:

|                          |       |  |      |
|--------------------------|-------|--|------|
| Chloride of Sodium ..    | 20.77 | Chloride of Potassium ..                     | 0.16 |
| Sulphate of Soda ..      | 3.40  | Chloride of Calcium ..                       | 1.50 |
| Chloride of Magnesium .. | 4.12  | Besides traces of Lithia, Bromine and Silica |      |

There is a Post and Telephone Office at the Baths. All the lodging-houses are screened against mosquitoes. The following charges are made, (a) One person occupying 1 room in the Lodging Houses for 7 days or more at the rate of 4s. per day. (b) Two persons occupying 1 bedroom 5s. per day for a period not exceeding 14 days, except with the consent of the Directors.

For each bath taken by a Visitor to the 1st House or 2nd House 1s., 3rd House 6d., Boarding 10s. per day.

The river from the Bath to the sea is somewhat over a mile; it abounds in fish, and the scenery is very picturesque. A pleasure boat is kept by the directors for the use of visitors. There is fine tarpon fishing.

The distance from May Pen Station to the Bath is 13½ miles and the fares (for conveyance) are, for 1 person, 16s.; for 2, 24s.

It will be found to the greater convenience of visitors to take buggy at May Pen Station. At May Pen buggies may be obtained from Messrs. T. E. Doyen, T. B. Thompson, and D. A. Brown, and at Milk River from S. Briscoe. From Clarendon Park to the Bath the fares are, for 1 person 15/, for 2, 20/.

Vehicles are run from Milk River to Clarendon Park Railway station and also to May Pen Station.

#### BATH OF ST. THOMAS THE APOSTLE.

This thermal spring is situated a mile and a half from the town of Bath in the parish of St. Thomas. The road from the town to the spring follows the windings of a deep and narrow valley or gorge, in the bottom of which flows a perennial stream to which, rolling down the rocky sides covered in fern, numerous rills contribute.

The mineral springs occur in a short space, breaking out from the rocks at different levels, and by their warmth their waters are at once distinguished from the ordinary waters of the gorge. The largest spring issues from the face of a perpendicular rock. A covered reservoir of masonry has been built around its outlet, and a pipe fixed in it carries the water to the bath house, while a plug gives the means of emptying it and of preventing the flow of water to the baths. In wet weather the temperature of the water, as it runs from the rock, was taken at 128° F., and it rises in dry weather to 130° F.

A short distance further up the gorge is a spring surrounded with masonry in a similar manner to the main spring. Its temperature was taken at 120° F.

These waters are of special value in rheumatic, and kindred ailments. Tradition asserts that they were discovered by a negro who in his own person found their efficacy.

The legislature of the day granted £1,250 currency (equal to £750 sterling) to purchase the springs and 1,130 acres of land surrounding them. Directors were appointed and empowered to make a road, erect buildings and provide necessaries for patients. In 1749 the directors were empowered to dispose of part of the land and to form a town, and the town of Bath thus sprung into existence; it was for many years the resort of the *elite* of Jamaica Society. Dr. Dancer, the Island Botanist, was in charge of both bath and garden at the close of the 18th century.

The Government having disallowed the vote for the up-keep of the garden, the cor-

poration has taken it over. The Jamaica Agricultura' Society now uses it for a cocoa nursery. The acreage of land now in possession of the corporation is 179½ acres.

A building has been erected at the bath for the accommodation of visitors. It is two stories high, divided into two apartments for ladies and gentlemen, respectively. The upper part contains a spacious hall for gentlemen and a sitting room for ladies with a pleasantly situated piazza. This portion of the building is fitted up as a lodging. The lower part of the building contains a dressing room and two baths for ladies, and a sitting room for gentlemen, with four baths of the same size as the ladies' baths. There is also a matron's quarters.

The analysis of the Bath water gives the following mineral constituents in one gallon of water.

|                       |    |       |                       |        |      |
|-----------------------|----|-------|-----------------------|--------|------|
| Chloride of Sodium    | .. | 13.84 | Silica                | ..     | 2.72 |
| Chloride of Potassium | .. | 0.32  | Oxide of Sodium, com- | } 1.01 |      |
| Sulphate of Calcium   | .. | 5.01  | bined with Silica     |        |      |
| Sulphate of Soda      | .. | 6.37  |                       |        |      |
| Carbonate of Soda     | .. | 1.69  | Organic matter        |        | 0.99 |

By Law 23 of 1896, the Member for the Legislative Council, the Custos, the Resident Magistrate, the Collector of Taxes and the Chairman of the Parochial Board for the parish of St. Thomas, were incorporated by the name of "The Directors of the Bath of St. Thomas the Apostle" with power to sell, mortgage or lease the lands and other property, subject to the approval of the Governor in Privy Council. It was found that this law left much to be desired since the directors were (owing to the duties of their respective offices) unable to give the time and attention necessary to improve the corporation. Law 17 of 1904, the Bath Corporation Laws Amendment Law, 1904, was therefore enacted. This law makes the number of directors seven—the Custos and the Member of the Legislative Council for the parish of St. Thomas, together with five other persons to be appointed from time to time by the Governor.

The following are the charges at the Baths lodgings—single person, per night, 2/6; per week 14/. Two persons in one room, per night, 4/; per week, 24/6. One bath, 1/; two baths (taken on the same day), 1/6. A reduction of 25% is allowed on Baths and Lodgings for visitors staying a month or more. The terms for board may be ascertained from the matron. Stabling is provided without charge.

### MAY PEN CEMETERY.

THE land comprising the May Pen Cemetery, situated about one mile from Kingston on the main road to Spanish Town, was purchased in 1851 with a sum of money voted by the Legislature for the purpose of providing a new burial ground for the parish of Kingston. In consequence of questions which arose as to the persons entitled to a legal and equitable estate in the property under a deed of conveyance to the Bishop of Jamaica and the Rector and Churchwardens of Kingston, upon certain trusts which were not in conformity with the intention of the Legislature, it was deemed advisable to resort to legislation to vest the estate in the municipal board of Kingston. Law 21 of 1874 was therefore passed for this purpose, and for the establishment and general management of the cemetery, which latter is placed in the hands of the board, subject to the power of the Governor to make regulations and special orders. This law further provides for the assignment of portions of the burial ground to the several religious denominations, and for the discontinuance of burials in existing burial grounds by order in Council, and the imposition of penalties for contravention of such orders.

Many of the unknown victims of the earthquake of 1907 lie buried in May Pen Cemetery. A memorial was erected in memory of them in 1909.

The scale of charges for all interments and for permission to erect permanent monuments over or railings around graves (such monuments not exceeding 3 feet 6 inches in height) is as follows:—

For each interment, including the digging of a grave if for an adult

irrespective of bodies sent from public institutions .. £0 8 0

For digging of grave for children not exceeding 8 years .. 0 6 0

Such graves to be of the following dimensions:—

If for an adult, at least 5 feet deep, 7 feet long and 2 feet 6 inches wide; and graves for children shall be of such depth and dimensions as in the discretion of the keeper of the cemetery, may be found necessary in each particular case.

The fee must be paid to the Clerk at his office at the time of giving in the requisition for the grave.

#### TOMBS AND MONUMENTS.

## PATRIOTIC FUNDS ACCUMULATING TRUST.

THE Governor in October 1920 appointed Trustees of the "Patriotic Funds Accumulating Trust," on the grounds that schemes of a patriotic or philanthropic character are more likely to be carried out successfully if all moneys and property contributed or given voluntarily in aid of such scheme are vested in Trustees for investment until the sum of such investment and contributions shall reach a total sufficient to cover the cost of carrying out such schemes or schemes in a business like and satisfactory manner, and that it is expedient to provide for securing the accumulation and due administration of all moneys and property contributed or given for such charitable Trusts and for the beneficial application of such charitable funds. The terms of the Trust appeared in the "Jamaica Gazette" of October 21st, 1920.

## JAMAICA CIVIL SERVICE MUTUAL GUARANTEE ASSOCIATION

BEFORE the passing of Law 45 of 1872 the law in force in regard to the giving of security by Public Officers for fidelity in office was Law 33 of 1867, by which every person having the collection, receipt or payment of any moneys of the public revenue was required to enter into security to the Sovereign in one of two ways, viz., by giving a joint and several bond with one or more sureties or by giving the guarantee of the European Assurance Society. As bonds with sureties such as above indicated were considered by the Government an objectionable form of security, as the European Assurance Society has become bankrupt, as other persons besides the persons mentioned in Law 33 of 1867 were required to give security, and as it was felt necessary that a sound and uniform system of giving security should be established, Law 45 of 1872 was passed. By this law it is provided that every person in the employment of the Government of Jamaica who is required to give pecuniary security for the due discharge in any respect of the duties of his office whether in regard to money matters or otherwise, shall give such security in one or other of three ways of which one is "by personal bond and the guarantee of any Association of Civil Servants of the Crown in Jamaica formed for purposes of mutual guarantee and whereof the business is conducted according to rules that shall be approved by the Governor in Privy Council, as may be notified from time to time in the Gazette." This Law was amended by the passing of Law 25 of 1909 which authorized the Association to guarantee any person appointed by the Governor to hold an office paid from Public or Parochial Funds. It was further agreed with the introduction of that Law for the Association to guarantee the office held by an associate for a period of three months during the temporary absence of the holder.

The Jamaica Civil Service Mutual Guarantee Association was established under the first law; it is recognized by the Government thereunder; and is managed by a committee of four public officers, none of them being of a lower rank than chief clerk. The appointment of two managers is vested in the Governor and they hold office during his Excellency's pleasure; the other two are elected by the associates for a term of three consecutive years. At meetings of the committee the senior member by date of appointment is chairman and two members form a quorum. In the transaction of business the managers are bound by rules, approved by the Governor in Privy Council, the managers having the power to amend the rules on obtaining the assent of the Governor and of a majority of the associates.

Any civil servant of the crown who has obtained the Governor's permission to give security in the shape of the guarantee of the association, and who has expressed his willingness to be bound by its rules is eligible for membership, and the managers are required to give full and fair consideration within a reasonable time to all applications, deciding whether they will accede to them or not and communicating the result forthwith to the applicant and the government. When an associate has been admitted to membership he can withdraw only by obtaining the Governor's permission and giving the managers twelve months' notice, but by giving one month's notice the managers can exclude any associate from further membership.

Immediately on his acceptance and the guarantee of his fidelity being given an associate becomes liable to contribute, and is required to contribute by way of loan, a sum not exceeding 5 per cent. of the amount of his bond, payable monthly at the rate of one per cent. per annum for a period of five years. The managers however, have the power to call upon the associates to contribute a further loan at one fixed rate per cent., when they are of opinion that the ordinary loans are insufficient to yield the income required to carry on the business; there has never been any necessity to do this. On the contrary the interest accruing on the subscribed loans has so accumulated as to induce the managers during the year 1886 so to amend the rules of the association as to allow its division every third year, among associates whose bonds are then in full force and effect, and in terms of this amendment a sum of £1,164 1's. 2d. has been written up to credit of associates.

On the withdrawal from the association an associate is entitled to a refund of the full amount of his contributions and share of profits, if the Association has incurred no losses during his membership, or to the proportion remaining to his credit after the losses have been provided for.

The rules of the association were first approved by the Governor in Privy Council on the 27th August, 1872 and the preliminary arrangements being completed guarantees were issued on the 1st October in that year. From that date to the 31st March, 1921, a period of nearly forty-nine years, guarantees to the amount of £695,899 were issued and losses by the defalcations of associates incurred to the amount of £3,741 13s. 11d.

The loans of associates are levied at the Public Treasury from time to time as they become due and placed to the credit of the Managers, who are required to invest the amount in island debentures or deposit it in the Government Savings Bank. The assets of the association on 31st March, 1922, amounted to £9,229 3s. 4d., namely, Island Debentures and Inscribed Stock £6,552 7s. 6d.; War Loan £1,235; Jamaica 5% Inscribed Stock £500, Government Savings Bank £151 1s. 9d. Treasury £789 16s. 6d. But however satisfactory the financial position of the association may be, a review of the transactions of the period presents a more gratifying feature in the testimony it bears to the completeness of the supervision and audit of accounts and to the integrity of the officers employed in the collection and disbursement of public moneys. When it is considered that this association guaranteed more than nine-tenths of the public officers required to give security, and included in that number the whole of the officers charged with the collection of the excise, customs and internal revenue, all the Parochial Treasurers through whom local disbursements are made and many other disbursing officers, no stronger evidence can be adduced of the integrity of the public officers of the colony than the fact that the losses of the association for a period of upwards of forty-seven years have been under £80 per annum.

The office is at the Collector-General's Office, Kingston.

#### JAMAICA CIVIL SERVICE ASSOCIATION.

THE Jamaica Civil Service Association, which was founded on the 6th May, 1919, has for its objects the improvement of the status of the Public Service, the securing of efficiency in the service and contentment among the officers, and the development of the financial and social conditions of its members.

This association is the outcome of a movement in 1912 when public officers petitioned the Government to bring about an improvement in their status and salaries. The petition, though well received, was not granted owing to the low state of the finances of the colony at that time.

Nothing was done further until February, 1918, when at a meeting of public officers it was decided to present another petition to the Government. A committee, known as the Public Officers' Memorial Committee, representing all the Public Departments, was appointed to prepare this petition, and to report on the advisability of forming an association. This petition failed, and the Committee prepared a memorial to the Secretary of State which was forwarded to His Excellency Sir Leslie Probyn in July, 1918. The result of the work of this Committee was the granting by the Legislative Council of a

\*Off the island.

War Bonus to Officers in receipt of salary of £200 per annum and under from 24th January, 1918, to 31st March, 1919. The Committee was also instrumental in obtaining the grant of the "Temporary Allowance" from 1st April, 1919.

About this time the Memorial Committee reported on the question of forming an Association, and the Jamaica Civil Service Association came into being, with the approval of the Government.

All Heads of Departments are eligible to be Honorary Members, all other Officers on the Civil Establishment of the Colony, as set out in the Blue Book, are entitled to ordinary membership, and such other members of the Public Service, as well as pensioners, as the Managing Committee may from time to time deem eligible. There are at present 700 members on the Roll.

The work which was being carried on by the Public Officers Memorial Committee was on 6th May, 1919, merged into the work of the Association and the members of that Committee appointed as the Managing Committee of the Association until 31st December, 1919.

The Association immediately started work in connection with the improvement of the status and salaries of Public Officers, and forwarded to the Government a schedule of increased salaries and wages and improved status, which was considered equitable.

This document was referred to a Select Committee of the Legislative Council appointed to enquire into Public Departments, and delegates from the Association appeared before this Committee to support the claims of Public Officers.

The Report of the Committee was placed before the Legislature in December, 1919, and resulted in the permanent increase of salaries and wages of Civil Servants.

In consequence of the increased cost of living the Association made further representations to the Government, which resulted in a Grant-in-Aid of salaries at 25%, 20% and 12½% being allowed by the Legislative Council for the financial year 1920-'21.

This having proven inadequate, application was made for Grant-in-aid on the basis of 75% on the first £100 of salary, 50% on the second £100, and 25% on the remainder, as from 1st October, 1920, pending a general revision of salaries. The application was referred to a Select Committee of the Legislative Council who reported favourably thereon. The Secretary of State for the Colonies having approved of the application, sanction of the Legislative Council was, on the 15th February, 1921, obtained for payment at the increased rate, as from 1st October, 1920, to 31st March, 1921.

The revision of salaries was not dealt with during that year as was anticipated and a grant-in-aid on a less satisfactory basis was paid from 1st April to 31st December 1921.

During the year 1922 the Governor appointed a Commission to deal with the permanent increases sought by the Association, but the consideration of their report was postponed until the following year.

### BENEVOLENT AND TRUST FUNDS AND INSTITUTIONS.

#### RECTORS FUND

THE Jamaica Rectors Fund was established in 1797. It was intended to provide annuities for the widows and orphans of the then clergy of the island. The capital on the 31st March, 1922, was £9,385 6s. 4d., on which the Treasury pays six per cent. under the authority of law. By a legislative enactment Law 14 of 1882, the government has guaranteed the pensions at the full rates of £52 a year to widows and £26 and £17 6s. 8d. a year to orphans of each class respectively, as a set-off to the claims of the trustees in regard to lapsed rectories. After receiving a report on the condition of the fund by the actuary, the trustees, with the sanction of the Government, have, since 1st April, 1918, paid the following rates:—widows, £66; first class orphans, £40 a year. The act further constitutes the Incorporated Lay Body of the Church of England in Jamaica the residuary legatee of the Rectors' Fund.

Sons cease to receive the benefits of the fund at 18 years of age; daughters receive their annuities till marriage or death. The annuities paid by the Fund in 1921-1922 amounted to £750 7s. 0d. The Trustees are the members of the Diocesan Financial Board for the time being. *Secretary*, I. R. Latreille

#### ISLAND CURATES FUND.

THE Jamaica Island Curates Fund was established in 1844 by an act of the legislature. It is intended for the benefit of widows and children of deceased Island and other curates. The amount of twenty-five pounds four shillings a year was deducted by the Public Treasurer from the stipend of each island curate and credited to the account of the fund. The capital on 31st March, 1922, was £26,984 1s. 10d. This existing capital will still further be gradually reduced for payment of annuities as there are now no remaining subscribers. The allowances to widows are at the rate of sixty-six pounds per annum and to children £36 0s. 0d. per annum. Sons cease to receive the benefits of the fund when they come of age. Daughters continue to receive their annuities till marriage or death. The annuities paid by the Fund in 1921-1922 amounted to £2,145 0s. 0d. Under the provisions of the law, and subject to the advice of the actuary, the fund is managed by a Board consisting of the members of the Diocesan Financial Board for the time being. *Secretary*, Venerable Archdeacon Simms, M.A.

#### WIDOWS AND ORPHANS OF CLERGYMEN OF THE DISESTABLISHED CHURCH.

THIS fund provides pensions for the widows and orphans of deceased clergymen of the disestablished church of Jamaica.

It is maintained by abatements at the rate of four per cent. from the salaries of the non-state-paid clergymen; by amounts received as offertories from the churches for the purposes of this fund, by donations and bequests of property or money from societies, institutions or individuals and by the proceeds of insurances or other investments.

The pensions are thus regulated: On the death of an associate leaving a widow and children by such widow only his widow receives a pension according to the actuarial table attached to the canon regulating the fund, and on her marriage or death the amount is divided among the orphans of such associate in the following proportions: If three in number or less each receives one-fourth of the amount to which the widow was entitled, but if more than three the pension is equally divided between them. If the clergyman dies leaving orphans but not a widow the amount to which his wife would have been entitled had she survived him is divided among the orphans in the proportions above stated. If a clergyman dies leaving a widow and also children by a previous wife entitled to pensions the total pension is divided on fixed principles laid down in the Canon. The pensions of boys cease at the age of eighteen, and of girls on marriage or at the age of twenty-one.

From the amount received as donations or offertories the Financial Board may make such monthly or other grants to the widows and orphans of non-state-paid clergymen (whether they were associates or not) as to the board may seem necessary.

On the formation of the fund in January, 1881, 37 of the then non-state-paid clergymen became associates. It being compulsory "on every future clergyman of the Diocese to contribute to the fund," all the Clergymen who have since been ordained have been enrolled. The result was a membership of 92 on the 31st December, 1919. A canon was passed by the Synod of 1890 requiring medical examination in the cases of future associates. Of the number of clergymen who became associates 23 have died, two as bachelors and eighteen leaving widows and children. Fourteen widows are at present on the Fund.

The abatements from salaries during the year 1921 on account of the Widows and Orphans' Branch of the Fund amounted to £380 1s. 9d.; the interest on the money invested yielded £462 9s. 6d. Grant from guarantee account in aid of interest £231 4s. 9d. Matured and surrendered value of Policies, £300 0s. 0d. The sum of £1 8s. was received for interest on Ice Shares. The payments were, for insurance premiums, £87 0s. 4d. pensions £577 2s. 1d., surrender values, £38 15s. 5d., Doctors fees, £3 3s. 0d. Sur-dies, £2 5s. 6d., leaving a balance of £11,617 16s. 2d. to the credit of the Fund on January 1, 1922.

The lives of 18 clergymen are insured for £150 each (14 in the Jamaica Mutual and 4 in the Standard Assurance Company) on account of the Fund. The value of these policies is an asset of the Fund in addition to the cash balance just mentioned, as is also a balance of £1,592 16s. 2d. on Guarantee Account.

Fifteen churches contributed to the Voluntary Fund during the year 1921, giving a total of £22 5s. 0d., or an average of £1 3s. 7d. each.

From this fund £5 0s. 0d. was given to the widows of deceased clergymen, and there is a credit balance, of £36 15s. 2d.

A valuation of the Fund as it stood on December 31st, 1918 showed a surplus of assets over liabilities of £1,360, of which £1,200 was allocated in making additions to some existing and all prospective pensions.

The Financial Board is required to invest all moneys and property received on behalf of the Fund and to manage its general affairs. The details of management are left to a committee of the Board.

According to Law 14 of 1882 the Widows and Orphans branch of the Fund has been made the residuary legatee of the Rectors and Curates Funds of the late Established Church in Jamaica.

#### COMMITTEE OF MANAGEMENT.

The Rt. Rev. Lord Bishop of Jamaica. Ven. Archdeacon Simms, M.A.

J. M. Nethersole.

*Honorary Secretary:* Ven. Archdeacon Simms, Ropley, Gordon Town P.O.

#### PENSION FUND FOR CLERGYMEN OF THE DISESTABLISHED CHURCH.

This fund provides for the pensioning of superannuated clergymen of the disestablished church. Its resources consist of an annual contribution from the Diocesan Expenses Fund of the diocese of not less than one hundred pounds; of half the offertories made for this and the Widows and Orphans' Funds; and of donations, bequests, and collections made specially for this branch of the fund.

A clergyman on reaching 65 years of age may claim a retiring pension; and any clergyman who by a joint resolution of the Bishop, the Diocesan Council and the Financial Board may be declared superannuated (whether at, before, or after sixty-five years of age) may claim a retiring allowance. The pension is for the present fixed at the rate of £2 for each year of continuous service; but no pension can exceed £60.

No pension can be paid for less than ten years continuous service; but any clergyman who may be compelled to retire before he has completed that period may be paid a gratuity not exceeding five pounds for each year of service.

The fund opened the year 1921 with a credit of £6,375 1s. 2d. This, with a grant of £100 from the Diocesan Expenses Fund and £396 8s. 3d. for interest gives a total of £6,871 9s. 5d. Pensions amounting to £294 10s. 0d. have been paid, leaving £6,576 19s. 5d. as the balance, of the Fund at the end of the year 1921.

The Fund is managed by the same Committee of the Financial Board as the Widows' and Orphans' Fund.

### FLETCHER'S TRUST, KINGSTON.

MARTHA BELLINGER FLETCHER, by her will dated 15th July, 1847, devised and bequeathed her real and personal estate to the Hon. Hector Mitchell and Thomas B. Wiltshire upon trust to manage and rent out the same, and with power to sell and invest and apply the clear yearly revenue among such of the blind, poor and destitute of Kingston as should be recommended to the trustees by the ministers of the churches or places of worship to which they may belong. Hector Mitchell and Thomas Wiltshire proved the will and sold all the personal and certain portions of the real estate.

On the 27th May, 1853, Mitchell died, leaving Wiltshire surviving. By instrument made between Thomas Wiltshire of the first part, Rev. D. H. Campbell, Rev. W. West and Rev. D. J. East of the second part, and the churchwardens of Kingston of the third part, the churchwardens were appointed trustees in the room of Hector Mitchell and Thomas Wiltshire. It appears that Wiltshire never interfered with the management of the estate.

On the death of Mitchell his creditors filed a suit in chancery against his estate, and the churchwardens of Kingston on their appointment as trustees of Fletcher's Trust filed a petition in the suit for the recovery of the sum of £314 2s. 1d. which was in his hands at the time of his death. The result of this petition was that the sum of £187 19s. 3d. was recovered as the *pro rata* proportion of the debt which was due to the trust.

The sum received less solicitor's costs, namely, £130 0s. 0d., was by direction of the Chancellor paid into the Treasury and thereafter drawn out on the receipt of the churchwardens (Dr. C. Campbell and Mr. C. Goldie) and lodged to the credit of an account called "Fletcher's Trust" in the Government Savings Bank, where it remained until 1912 when it was invested in Local Inscribed Stock yielding  $3\frac{1}{2}$  o/o.

### SARAH MORRIS TRUST, KINGSTON AND ST. ANDREW.

This trust arose out of a legacy of a Miss Sarah Morris of Kingston, whose will was proved on the 22nd of December, 1809, in which, after making several bequests, she "bequeathed all the rest, residue and remainder of her estate, both real and personal, to be sold and invested, and the proceeds to arise therefrom, at interest, to be distributed from time to time unto and among the poor of the parishes of Kingston and St. Andrew, who receive the pay or bounty of the said parishes, in proportion to the number of the poor of the said parishes."

The money of the trust is invested in Island Debentures and in Local Inscribed Stock the total sum so invested being £2,150. The interest is divided between the parishes of Kingston and St. Andrew in proportion to their total pauper expenditure. Out of the sum received by Kingston, the City Council distributes annually during the Christmas season small doles to the poor in addition to their usual allowances. In view of the large amount at credit applicable to the Kingston poor from this trust the City Council gave during the Jubilee holidays a substantial dinner to the in-door poor as well as an extra allowance of money and clothing to the out-door poor.

### D'ESPINOSE BEQUEST.

CHARLES D'ESPINOSE, formerly a merchant in the city of Kingston, who died in Paris on the 7th of April, 1875, by his will dated 7th June, 1867, bequeathed the sum of one thousand pounds "in aid of any fund or establishment that may be formed for the relief of the destitute poor of Kingston." To this will there was a codicil, dated the 25th May 1872, declaring that this legacy should be increased to £2,000, "subject to the conditions and control already stated in the will."

In the absence of any fund or establishment which could be considered in keeping with the testator's intention, the executors and executor of D'Espinose's will in 1882 proposed to the City Council of Kingston that the money should be invested for the benefit of the City Dispensary, with the Bishop of Jamaica, and the Vicar Apostolic of the Roman Catholic Church, as Trustees, and the Board approved of this appropriation of the bequest.

## WOOD'S BEQUEST.

R. T. Wood bequeathed in 1879 a sum of £1,900 in Island Debentures to the City Council of Kingston, the interest to be distributed amongst the poor of Kingston. The interest is distributed annually at New Year.

## GREGORY'S CHARITY.

MATTHEW GREGORY, doctor of medicine (who died 31st December, 1779, aged 86) by deed, dated 22nd March, 1765, conveyed certain property in trust, the proceeds of which and profits arising therefrom were to be applied towards relieving any distressed persons in or from any part of the colony, to bind out poor children to trades, or to portion poor girls at marriage. By Law 34 of George III the trustees are the Chief Justice of the Island, the Custos of St. Catherine and the clergyman for the time being in charge of the Cathedral, Spanish Town; the last-named of whom has the administration of the fund, the annual income of which is £144 (vide 28 Vic., Cap. 23). 42 distressed persons receive help.

## FLETCHER'S CHARITY, SPANISH TOWN.

In March, 1714, George Fletcher by will bequeathed, after sundry intermediate devises, to the churchwardens and vestrymen of St. Catherine all his real estate to be applied to the use of three poor widows of the parish of St. Catherine, to be selected from time to time by the said churchwardens and vestrymen.

The real estate consisted of 800 acres of land in St. Elizabeth, 227 acres near Highgate, St. Catherine, a pen near the Angels, and a house in Spanish Town in which the widows were to reside. All the property has since been sold.

The moneys derived from the sales were appropriated to the use of the parish, part having been expended in the building of a House of Correction, now the District Prison.

The annual value of the trust property after the final sale of the lands was set down at £91 4s.

In 1817 the Act 10 Vic., cap. 45 was passed, which authorized the justices and vestry to raise a sum for the payment of the annuities as an item of parochial expenditure, but there is no record of any rate having been levied for this purpose, although provision was made for the widows' pensions each year in the parochial estimates.

By the Act 21 Vic. cap. 44 the power of the parishes to raise taxes was abolished and the liabilities of all the parishes were assumed by the Government. Since then provision has been made for the payment of the pensions at the rate of £30 8s. per annum out of general revenue.

Three ladies of Spanish Town are now receiving under the trust the pensions awarded by the Parochial Board of St. Catherine, fixed by the law.

## GRAY'S CHARITY

On the 10th of May, 1854, John William Gray, of the parish of Saint Mary, merchant, made a will, in which he directed that after his death a sum of £5,000 should be paid by his executors into the hands of the Governor of Jamaica for the time being, "to be by him appropriated for the use and benefit of the respectable poor of the parish of Saint Mary in the establishment of a poor house for the exclusive benefit of the respectable poor of the parish of Saint Mary, to be established and secured by legislative enactment in the manner he, the Governor, may deem best, so that it may be of lasting advantage."

Gray died in 1854, one month after making his will. Owing to delay in realizing the estate the bequest of £5,000 was not paid over to the Governor until the year 1863, when it was invested in the island securities.

Some correspondence thereafter ensued between the executors and the Government as to the best means of carrying out the wishes of the testator, but, with the exception of its having been arranged that Fort Haldane, at Port Maria, which was transferred to the Jamaica Government by the Secretary of State for War under the provisions of the Act 25 Vic. Cap. 4, should be sold to the Charity for the purposes of a poorhouse for the sum of £250, no practical step was taken in connection with the bequest until July 1872, when Law 42 of 1872, "A Law to establish and secure Gray's Charity, and to authorise the Governor to appoint Trustees for the management thereof," was passed. By this

time the bequest had increased by accumulation of interest to the sum of £8,056 14s. 6d. The Governor, Sir John Peter Grant, under this law, appointed as trustees the Auditor-General, the Custos of Saint Mary and the Inspector-General of Police.

Matters dragged on—still without any benefits being conferred by the Charity—until July, 1877, when rules for the management of the charity were passed by the Governor in Privy Council under the 6th section of Law 42 of 1872. These rules provide, *inter alia*, that fourteen inmates should be admitted to the poorhouse, who were to receive a weekly allowance of 8s., with water and furniture, but were to provide their own food. These rules further regulated the expenditure on account of the institution, the duties of the clerk and matron, and the arrangements for quarterly meetings of the trustees.

It does not appear that any inmates were received into the charity until the 15th of August, 1880; but since that date a home has been found in the charity for twelve suitable persons. The total amount of the funds of the charity was on 31st March, 1914, Jamaica 4% Debentures £2,400, Jamaica 4% Inscribed Stock £8,376, Jamaica 4% Local Inscribed Stock £3,700, Vere Irrigation Cuckoo Scheme 4½% Debentures £402, War Loan Stock 5% £763, National War Bonds at 5% £500, Deposit in Government Savings Bank £554 1s. 1d.; Total: £16,632 1s. 1d.

### HEBREW BENEVOLENT SOCIETY.

THIS society was established in 1851 immediately after the terrible epidemic of cholera which raged in that and the preceding year. Indeed, it owes its origin to that epidemic and to the energy and philanthropy of B. A. Franklin, who was untiring in his exertions to aid the afflicted of all denominations while the scourge continued, and it was during the prosecution of this good work that the extent of the distress which prevailed among the Jewish poor became apparent; the establishment of this charity was the result of the discovery. At this time out-door relief only was given, but in 1863 it was determined, if practicable, to establish alms-houses, and this was accomplished principally with the proceeds of a grand bazaar in Kingston which amounted to upwards of £900. The charity is supported by voluntary contributions, and a collector calls weekly on those who are willing to pay a regular subscription, which is fixed at 3d. per week, as the minimum.

The invested funds amount to about £800. The annual income from regular donations is about £150 0 0., and Mr. C. Lopez donates the beef used. There are 12 inmates in the home and also some receiving out-door aid.

*President*—R. E. Melhado, *Vice-President*—A. A. Samuels, *Secretary and Treasurer*—Roy Prandon.

### GEMILUT HASADIM SOCIETY.

THE Society which has been in existence for over a century has a membership of about 150. The objects of the society are primarily to provide for the burial of members of the Jewish persuasion and to afford relief to those in indigent circumstances, also for other worthy Jewish charities. The contributing fee of members is 2s. per month. The funds amount to about £650.

On the death of a member the society provides without any further charge all funeral expenses.

### NIGHT REFUGE AND PAROCHIAL DISPENSARY.

THE building at No. 3 Hanover Street used as a Night Refuge and Parochial Dispensary was destroyed on 14th January, 1907. The temporary office of the Inspector of Poor is at the old Wolmer's School, the entrance being from Church Street or

Temple Lane. The Dispensary is at No. 17 Mark Lane. There is a country peoples Night Shelter at the corner of Orange Street and Drummond Street, at a charge of 1d each per night.

### JAMAICA MASONIC BENEVOLENCE

THE purposes of this institution are the relief of necessitous and impoverished members of the masonic order, their widows, orphans or other dependent relatives, by weekly, monthly, or yearly allowances; by donations; by the granting to them of clothing, food or implements of workmanship; by providing education for their children; by aiding in their passage from the island; or by such other charitable means as may come within the scope and objects of the Association.

The funds are raised by voluntary donations and by annual subscriptions from lodges and chapters and from individual masons and others; and include collections made at masonic banquets and the proceeds of concerts, bazaars, dramatic and other entertainments.

The funds and general affairs of the association are under the control and direction of a board of directors consisting of the presiding officers of the district grand lodges of England and Scotland in the island and their deputies; the presiding masters and immediate past masters of the subscribing lodges, and twenty-four master masons annually elected from amongst the subscribers. Every mason subscribing 10s. or more per annum is entitled to vote for the members of the board of directors and to all the other privileges of membership.

A report of the transactions of the association is annually prepared by the directors and distributed amongst the lodges and individual subscribers to fund, but the names of the recipients of charity are not included in such report. Particulars in this regard are only furnished confidentially to individual subscribers or to subscribing lodges on application to the Treasurer. In cases of emergency the President (and in his absence from Kingston a vice president) is empowered to dispense in charity any amount not exceeding five pounds. The Income for 1919 was £18) 3s. 1d.

The grants to distressed brethren, widows, wives and children of masons, during 1919 amounted to £141 18s. 6d; for education fees, £21.

The working expenses, including printing, postage and stationery, amounted to £5, leaving a balance, on 31st December, 1919, of £7'9 9s. 7d; of this amount £500 are in Government Debentures, Masonic Association, £158, and £111 9s. 7d. in Bank of Nova Scotia.

### CITY DISPENSARY.

THIS institution was founded in 1876, upon the suggestion of W. C. Wright, and through the indefatigable exertions of B. A. Franklin. The object for which it came into existence and in the promotion of which it continues is to provide medical attendance and medicine for the labouring and artisan classes and others, at threepence per week.

Children of members admitted free of entrance fee, and attended up to two years free; and from two until ten years the subscription is at the rate of 1½d. per week.

Persons unmarried whose income does not exceed £250, and married persons £400, are eligible for admission to membership. Married women whose husbands and children are members are attended in midwifery free after one year's membership. Employers

may arrange for medical care of servants through the dispensary, with the right of substituting one name for another in case of change.

Entrance fee, one shilling; and one shilling for four weeks subscription. Subscription payable in advance weekly, monthly or quarterly.

The D'Espinose bequest of £2,000, which yields £80 per annum, enables the Dispensary to render aid to 75 free recipients, nominated by the trustees of the trust namely, Bishop DeCarteret and Bishop O'Hare. Further, from the growing resources of the institution provision is now made for the attendance of a qualified nurse in cases of confinement; the nurse holds an order to summon the medical officer if complications arise.

The nurses now employed hold certificates from the Jubilee Lying-in Hospital.

The building completed in 1895 was wrecked in the earthquake of January, 1907. It was rebuilt at a cost of £869 15s. 6d. towards which a grant of £500 was made by the Assistance Committee.

## JAMAICA HOOKWORM COMMISSION.

The Jamaica Hookworm Commission is the agency through which the International Health Board of the Rockefeller Foundation extends co-operation to the Government of Jamaica in the control of the diseases which are spread through the pollution of the soil with human bowel material. This class of diseases, including hookworm and the other intestinal parasites, typhoid fever, dysentery, the bowel complaints of children and many forms of diarrhoea, forms an important cause of death, sickness, and serious economic loss in all tropical countries.

It should be made clear that the object of a hookworm campaign is much more than making examinations for and treating this one disease. The object is to take hook-

worm as an example of a preventable disease and, through the different phases of the campaign to impress upon the people the desirability and necessity of practising disease prevention in their homes and of teaching them, by demonstration, the benefits of keeping well. Treatment for hookworm disease is always followed by increased bodily and mental strength and the ability to do more efficient work; the prevention of hookworm disease through sanitation also prevents typhoid, dysentery, and other bowel diseases. Such results are of vast economic and social benefit to the community; and hookworm control demonstrations in all parts of the world are being followed by a desire on the part of the people for increased public health administration.

The work of the International Health Board is always conducted through governmental agencies and under local government direction; and in every such co-operative campaign the aim always kept in mind is not to assume governmental functions, but to show that certain things can be done successfully, to devise the best methods and organize the best agencies for conducting local control measures, and then finally to have these agencies assumed by the community.

The working agreement under which the Jamaica Hookworm Commission is being conducted is (1) The sanitation of suitable areas by Government in advance of the treatment work, and (2) The examination and treatment of the people living in these areas by the International Health Board, working under the supervision of the Superintending Medical Officer and the Central Board of Health.

The Central Board of Health, representing the Jamaica Government is charged with the duty of having a suitable sanitary latrine installed at each home and place of work. The type of latrine and the method of installation are questions determined by Government, the International Health Board (Rockefeller Foundation) being concerned only as to whether the types of latrines installed will prevent the spread of the bowel filth diseases. After the sanitary and treatment work has been completed in an area, it devolves upon Government to see that a permanent system of follow-up inspection is instituted in order that the results of the campaign may be of more permanent value.

The treatment campaign is conducted by the International Health Board only in sanitized areas. Each such area is divided into districts and a trained assistant, known as a "dispensing nurse," is placed in each district. This nurse is provided with demonstration material, specimens of hookworms, albums of local photographs showing the effects of the disease and the results of treatment, charts explaining the methods of spread and of treatment, and printed handbills. With these he goes from house to house and explains the methods of the campaign; he then numbers each home, takes a census of the inmates, and leaves a specimen box for each person. The specimens are collected by the nurse on the following day and brought to the laboratory for examination.

Other educational work in an area consists of lectures with charts, magic lantern slides and moving pictures. Also, an officer of the campaign, the "pioneer" goes from yard to yard and demonstrates with a microscope, the hookworm eggs and larvae, and the manner in which the disease is spread. In all the educational work emphasis is placed upon the necessity of using the latrines in order to prevent reinfection.

After the specimens have been examined, those who have hookworm disease are visited in their homes by the medical director and each is prescribed for individually. Treatment is carried out by the nurse in charge of each district, the treatment being given in the homes, with the medicine taken in the presence of the nurse. Two treatments are given each patient, when a second specimen is obtained and examined to find if a cure has been effected.

Those found uncured are given additional treatments until they are shown, by microscopic examination, to be free from infection.

The treatment campaign began in May 1919 and up to the end of 1920 was conducted in the lower half of Clarendon parish. This section of the parish was divided into three areas with May Pen, Alley, and Race Course as centres. In these areas 16,824 people were censused, of whom 16,590 were examined, and 5,467 or 32% were found to be infected and treated. From January, 1921 until August, 1922, the campaign was conducted in the parish of St. Catherine with Spanish Town as the centre of a large area. In this area 17,037 persons were examined and 6,430 or 31.8% were found infected. The rate of infection in Spanish Town itself was 30.7%; in the neighbouring rural districts, 48.6%, but the average rate for the entire area was 31.8%. Examination and treatment work was also conducted in the St. Catherine district prison, the Poor House, the Rio Cobre Children's Home and the Leper Asylum. In July, 1922, the offices of the Commission were moved to Linstead, the centre of an area designated the Upper St. Catherine area. In this area, up to September 25th, 1922, 3,479 persons have been examined of whom

2,155 or 61.9% have been found infected. In some of the districts in this area the infection rate has reached 80%. In addition to the routine examinations and treatments as outlined above, since the beginning of the campaign 4,545 persons have been examined who did not live in the districts treated. Of these 2,792 were infected and 930 have been treated.

Taken as a whole, the results of the hookworm campaign in Jamaica are very gratifying. Many persons have been benefited in health and made able to earn more wages others who were in bad health and unable to work are now able to support themselves. A number of the inmates of the Clarendon and St. Catherine Poor Houses have been so benefited by treatment that they have left these institutions and are again caring for themselves. Estate owners and managers have expressed themselves as being highly pleased with the treatment benefits as shown in the increased working ability of their employees. Also, the institution of sanitary latrines has greatly lessened the incidence of dysentery, typhoid, and other bowel diseases. And there is no doubt of the fact that the people are becoming impressed with the importance of controlling the filth-borne diseases.

#### KINGSTON SAILORS HOME.

42 Church Street.

This institution was founded in 1864 through the exertions of the Rev. George Cheyne with the co-operation of other philanthropists.

The institution was maintained by annual subscriptions from the merchants and other leading members of the community, and for some years prospered. But in the year 1879 it was found that, while the contributions received were inadequate for the efficient support of the Home there were no means of preventing defalcations on the part of dishonest inmates and an appeal was made to the government for aid. A law was thereupon passed by the Legislative Council, Law 30 of 1879, placing the Institution on a more substantial footing than before. A corporate body was established for the management of the institution and the office of superintendent was created with definite powers. The principle on which government grants were to be made was laid down to be that of a sum equal to double the total amount of voluntary subscriptions received during the previous year. Since then the institution has annually received a liberal grant from the government. The section of the law providing for the government grant, has been amended by Law 32 of 1906, to read as follows—"or such less sum as the Governor may think necessary or desirable for the carrying on of the Home in a proper and efficient manner."

In the year 1883 the directors succeeded in providing better accommodation for the inmates. Having purchased a site in Church street they erected thereon suitable buildings at a cost of £1,065, and the same were formally opened by the Governor Sir H. W. Norman on Thursday the 6th March, 1884. The building was destroyed by the earthquake of 1907, but was rebuilt in 1908 and was re-opened for use in January 1909, by Sir Sydney Olivier.

### SAILORS REST AND READING ROOM.

18 Duke Street.

This institution was founded by the late Mrs. Denniston in 1898 to give sailors visiting the port a pleasant room in which to sit, read papers and books, play games and have music and write letters home. Cool drinks, cigars and cigarettes, tea, breakfast, dinner, lunch also and supper to order at reasonable rates. Soldiers are also made welcome.

This Institution was taken over by the British and Foreign Sailors Society after Mrs. Denniston's death in 1917.

In connection with the British and Foreign Sailors Society a Sailors Brotherhood has been organized: the object being to uplift seamen physically, morally and spiritually.

Clean and comfortable beds provided for any mercantile marine, naval men or soldiers having night liberty.

During 1919 the Rest was thoroughly renovated and there are now fifty beds available and with mattresses on the floor 60 men have been accommodated.

### KINGSTON AND ST. ANDREW UNION POOR HOUSE.

This institution opened on the 1st July, 1870, is situated on Admiral's Pen land in St. Andrew. It is maintained by the poor rates of Kingston and St. Andrew. No person who is capable of earning his or her own livelihood, can be admitted. Orders for admission must be obtained through the Inspector of Poor for Kingston or St. Andrew.

The institution accommodates over 700 inmates. The average cost of each is about 8½d. per day, including all expenses, with the exception of medical attendance, the medical officer for lower Saint Andrew visiting the inmates daily. The inmates are fed in accordance with a regular diet scale. The clothing is partly made up by the inmates under the superintendence of the master and the matron.

The institution is conducted by a board of managers composed of—the Mayor of Kingston and the Chairman of the Parochial Board, St. Andrew, and four other members from the Parochial Boards of the parishes of Kingston and St. Andrew. Three members form a quorum. The board elects its chairman and vice-chairman annually. The chairman for the time being has a casting, as well as an initial vote.

The remaining members of the Mayor and Council of Kingston and the Parochial Board of St. Andrew constitute an ex-officio board of visitors to the institution.

*Chairman*—Geo. P. Myers, J.P.; *Vice-Chairman*—Dr. D. J. Phillips; *Master*—E. M. Cresser, salary £275; *Matron*—M. Bowen, salary £100; *Clerk and Accounting Officer*—W. E. Armstrong, £180; *Storekeeper, Dispenser and Assistant to the Master*—E. A. Martin, salary £100.

#### MAXFIELD PARK.

Maxfield Park Children's Home, an annex to the Union Poor House, accommodates 74 inmates. It is under the governance of the above Board of Managers.

*Matron*—Miss F. E. Henry, salary £72; *Schoolmistress and Assistant to the Matron*—Miss M. R. Markland, £42.

### DISCHARGED PRISONERS' AID SOCIETY.

This society was formed in 1898 on the initiative of Mr. W. P. Clark, then Resident Magistrate of Clarendon.

In its efforts to assist discharged prisoners the society is influenced, so far as possible, by the evidences of individual desire, on their part, to help themselves. It will only recommend and help those who, upon thorough investigation into their record, and after careful inquiry into their conduct give evidence that they are anxious to live honest and industrious lives; and further state their willingness to hand over whatever gratuity shall be paid to them by the prison authorities, to the funds of the society, if this is required. This gratuity, however, must be wholly used for the individual to whom it was originally granted.

The funds of the society, other than prisoners' gratuities, are disbursed in one or other of the following ways:—

1. By the Executive of the Society according to arrangements agreed upon for each separate case brought before the monthly meeting, which meeting authorizes payments of money by the Secretary-Treasurer. When necessary, such authorized payments are forwarded to a Local Secretary, or other person approved (a member of the Society if possible) together with the name of the discharged prisoner in whose behalf it is sent, and the Local Secretary or other person, is desired to exercise a discretion in appropriating such sum so as to secure the best possible results in the work of reclaiming the recommended person.

2. In those parishes where the Parochial Committee elects to disburse its own funds, the Secretary notifies, on occasion, the Local Secretary of those prisoners to be discharged in his parish, to whom the Society's card will be issued; and the Parochial Committee in their discretion, distributes such funds as are in their hands for the benefit of those so recommended.

The aim of the Discharged Prisoners Aid Society is to help discharged prisoners to become better men and women, and useful citizens. It attempts to fulfil this object by aiding the ex-prisoners to find and secure work, by providing them with tools, and clothes when necessary, by helping them with food and lodging as a temporary provision when they are destitute, and attempting to influence them to attain a better moral and spiritual standard.

Outside the fact that the society's efforts are rigidly and painfully limited by the small sums subscribed to its funds, the main difficulty has been that of securing work for the ex-prisoners. There is, first of all, the fact that there are not in any case many opportunities for obtaining work open in this island, but the main difficulty lies in two further facts; first, there are few who are ready to employ ex-prisoners; and second, there does not exist in Jamaica a properly organized labour bureau in which information is focussed, showing just where labour is wanted. The very kind co-operation of a few employers is most gratefully acknowledged, and the Committee records with pleasure the fact that during the last year, a few more friends of the work have assisted in this way, but the task of getting work for the men and women who apply to the society is on the whole not only very difficult but in instances is practically impossible. It must be remembered that the society which receives meagre financial support from the public also does its work through a Committee and executive consisting of ladies and gentlemen already occupied with many other duties.

The society has Branches at Lucca and Montego Bay.

#### OFFICERS AND EXECUTIVE COMMITTEE.

*President*—W. P. Clark, R.M.; *Vice-President*—R. v. W. Priestnal; *Hon. Secretary and Treasurer*—Brigadier G. Batson S.A. *Executive Committee*—A. V. Kingdon, Revs. J. Reinke, D.D., J. F. #### KINGSTON CHARITY ORGANIZATION SOCIETY.

THE objects of the Society are the Charitable Relief and the general welfare of the Poor of Kingston and the adjacent parts of the parish of St. Andrew. It will seek:

1. To bring into harmonious co-operation with each other and the Poor Law Authorities, the various charitable agencies and individuals in the district, and thus to check the evils of overlapping relief caused by simultaneous but independent action.
2. To investigate thoroughly the cases of all applicants for charitable relief, and to secure from the proper charities, or from charitable individuals suitable and adequate relief for deserving cases.

3. To assist from its funds all suitable cases in which temporary aid will tend to permanent advantage, and for which adequate assistance cannot be obtained from other sources. This assistance may (when possible and desirable) take the form of loans, or gifts of money for the individuals needing it.
4. To repress mendicity by the above-named means, by the distribution of investigation tickets, and by dealing with cases of imposture
5. To inculcate habits of prudence, self-reliance and thrift on the part of those who are aided.
6. To promote the establishment of subsidiary efforts, dealing with such matters as
  - (a) Free Registry of all classes of labour; (b) Provision of food for hungry persons; (c) The proper housing of the Poor; (d) Assisting moneyless people to return home; (e) The establishment of suitable industries to supply work for the poor, including market-gardening or any other light agricultural work

## LADY MUSGRAVE WOMEN'S SELF-HELP SOCIETY.

*Corner of Harbour and Duke Streets.*

THE Women's Self-Help Society was founded by the late Lady Musgrave, and formally opened as a depository by Dr. Nuttall, (late Archbishop of the West Indies) on 1st November, 1879. During these years it has successfully carried out its objects, viz.: the development of some of the specially feminine industries of the island (thereby fostering self-help), and that of providing employment for poor needle women.

At the sale rooms of the society, there is a large assortment of Jamaica curiosities, baskets, jippi-jappa hats, drawn-thread work, embroidery, as well as native jams and pickles. An attractive show of antiques, in silver, brass and Sheffield plate will also be found.

The premises at 8 Church street, opened in 1890, were built in memory of Mrs. Charles and Mrs. Duncan Campbell, who were associated with Lady Musgrave in the foundation of the society, and by their untiring labours, aided in placing it in its present position of success and efficiency. These premises were destroyed in the earthquake and fire, but through the courtesy of the Mayor and Council of Kingston, who gave rooms in the Council building, the society's work was continued. A new building was erected in 1911 at the corner of Duke and Harbour streets.

The society is self-supporting, and has done so well in the past year, that they have been able to keep up their charities without the annual subscriptions formerly paid by the members of the committee. Depositors are charged 2s. in the £ commission on articles sold.

*Patronesses*—Lady Norman, Lady Blake, Lady Hemming, Lady Swettenham, Lady Olivier, Mrs. Dalrymple Hay, Mrs. Blackden, Lady Clarke.

*Hon. Treasurer*—Mrs. Frank Saunders; *Hon. Secretary*—Miss Burke.

## JAMAICA NURSES UNION.

THE Jamaica Nurses Union and District Nurses Fund was founded in 1904 by the late Archbishop of the West Indies, in conjunction with ministers of various denominations. Its object is to facilitate communication between nurses and medical men, or patients requiring their services, and to aid in keeping up the moral, social and professional status of nurses. At the bureau of information at the Deaconess Home, 93 Hanover St., a register of nurses is kept under the direction of the Sisters of the Deaconess Home. Two nurses are permanently employed by the committee for nursing among the sick poor in Kingston.

## MANAGING COMMITTEE.

## MOTHERS UNION.

THERE are 21 branches of the Mothers Union in Jamaica with about 670 members. Eleven branches are linked with branches in England.

*Diocesan President*—Mrs. Gruchy.

*Diocesan Secretary*—Mrs. C. O. Magnan, Kingston P.O.

## SOCIETY FOR THE PROTECTION OF ANIMALS IN JAMAICA.

THE object of the society, which was founded 1903, is, as its name implies, the *protection* of animals. It endeavours to attain this aim by education, encouragement, example and, where these fail, by recourse to the law. Two agents are employed to this end.

A subscription of 2s. 6d. entitles to membership; donations and subscriptions are thankfully received and are urgently required with a view to extending the work of the society. Many prizes have been awarded at Agricultural Shows throughout the country for animals showing the best care.

*President*—Sir John Pringle, K.C.M.G.

## EXECUTIVE COMMITTEE

Ellis Wolfe, *Chairman*; Frank Cundall, *Vice-Chairman*; G. P. Myers, Hon. W. Morrison F. N. Isaacs, Rev. J. F. Gartshore, F. E. Reed, M.A.; Capt. Furber, Mrs. G. ## UPWARD AND ONWARD SOCIETY OF THE WOMEN OF JAMAICA.

THE objects of the Society are to unite as many as possible of the women of Jamaica in the promotion of womanly virtue, pure family life, and a healthy public opinion on moral questions.

*Office-Bearers.*

*President*—Mrs. Priestnal; *Vice-Presidents*—Mrs. Reinke, Mrs. Swift; *Secretary and Treasurer*, Mrs. Percy Duff; *Auditor*—Percy Duff; *Editor of Magazine*—Miss May T. Jeffrey-Smith.

*Executive Committee.*

The Office-bearers, with Mrs. Brathwaite, Mrs. Vernon, Mrs. Wade.

There are branches of the Society in the following parishes, viz., Clarendon, Portland, St. Elizabeth, Manchester, St. James, St. Mary and Westmoreland.

## UPWARD AND ONWARD SOCIETY.

## MONTEGO BAY SELF HELP HOME.

THE object of the Home is to band together all women who are seeking to reach out a helping hand to uplift the womanhood of the Island, and to promote a pure family life and healthy public opinion on moral questions, these ends being essential to individual happiness and the welfare of the State.

The income for 1920 was £476 1s. 5d, of this £28 5s. 6d. was received in subscriptions. The balance was earned through the sale of needlework, embroidery and preserves, disposed of locally and otherwise, also by the increasing large orders for mattresses and a laundry.

To depositors and work rs have been paid £378 2s. 0d.

A Soup Kitchen, Crèche and Relief Work are carried on.

*President*—Mrs. Edmund Hart, *Vice Presidents*—Mrs. D. Mills, Mrs. W. Coke Kerr.

*Honorary Secretary and Treasurer*—Miss Belle Mills.

## CHILD SAVING LEAGUE.

THE Child Saving League was organized on November 16, 1916. Its object is the seeking of child welfare and taking all steps necessary for securing the attainment of this end. There are four centres of work beside the Crèche where children can be brought to be fed and where mothers can be advised about the care of their children. These centres are: Smith Village, South Kingston, Passmore Town and West Street. A Crèche has been established in the old Court House building on the West Parade. Children are there cared for and fed by a trained nurse. The hours are from 6 a.m. to 8 p.m., and the fee is two pence per day.

The League is supported by voluntary contributions.

The Mayor and Council of Kingston granted a sum of £50 toward the support of the League in 1918 and £50 in 1919 and £100 in 1920 for the same purpose.

The Government provides for the work, two nurses receiving yearly two weeks vacation full pay and an additional grant not exceeding £10 for substitutes, permits the purchase at cost price, of drugs from the medical store and grants the use of the rooms for the Crèche.

## OFFICERS

*Patron*—His Excellency the Governor; *Patroness*—Lady Probyn; *President*—His Worship the Mayor of Kingston. *Honorary Secretary*, Mrs. Latreille; *Honorary Treasurer*, Mrs. Lockett.

## WOMEN'S SOCIAL SERVICE CLUB.

THE objects of the Club, which was formed in 1918, are as follows:—

- a. To co-operate as far as possible with the different agencies and societies already existing, endeavouring to enlarge their usefulness wherever possible.
- b. To improve the health of the Womanhood of the island.
- c. To assist in segregating the physically unfit mothers and trying to procure for both mother and child the medical treatment necessary.
- d. To take all steps necessary for the enforcement or alteration of the present Laws governing child welfare.
- e. To spread information regarding the treatment of children and the cause and effect of many of the present prevalent methods of failure and mismanagement.
- f. Better housing for the poor.

The Women's Social Service Club has started a work room for girls at old Public Works Building, Parade, Kingston, with the object of teaching girls who leave school at the tender age of 14 a trade and so putting them for the battle of life and giving them a chance to remain decent and self-respecting.

In 1921 3 work rooms were started in affiliation with the Women's Social Service Club; one at Gayle with Mrs. A. A. Barclay as President, one at Oracabessa with Mrs. Webster as President, one at Mavis Bank with Mrs. Berry as President.

Any woman may become a member of the club by having her name sent to the Secretary by some member of the Club, and by payment upon enrolment of a membership fee of half a guinea. No one shall be a member in good standing until she has paid her annual fee, such fee being due and payable to the Treasurer before the annual meeting in each year.

*President*, Mrs. Michael DeCorlova

*Secretary*, Mrs. Latroille.

*Vice-Presidents*, Sister Madeline

*Treasurer*, Miss Myers.

Mrs. L. DeMercado.

#### JAMAICA CHRISTIAN ENDEAVOUR UNION.

THIS organization, which was formed in the year 1893, has for its objects the extension, consolidation and promotion of the general effectiveness of the Christian Endeavour Movement.

## ARCHBISHOP NUTTALL NURSING HOME.

116 East Street.

THE Archbishop Nuttall Nursing Hostel, situated at 116 East street, was established by the late Archbishop. After his death, through the generous gift of a friend, it was constituted a memorial to him. It is a private nursing home where patients are received and treated by their own medical men. There are 10 private rooms the fees for which vary from £5 5s. to £7 7s. per week. They have here the advantage of skilled and careful nursing combined with homelike comforts. New premises are being erected on Caledonia Avenue next to Bishop's Lodge.

### PUBLIC COMPANIES.

#### JAMAICA PERMANENT BUILDING SOCIETY.

This society, formed in the year 1878, was incorporated in 1906. The attractive feature of the society is its "Proprietary shares" which ensures a permanent fund of £11,530 as a special security to depositors, subscribing members and borrowers.

New rules passed in October, 1917 make provisions ensuring bonuses of £3 and £2 per share respectively to matured 10 year and 7 year advanced shares. Loans are made at 7½ per cent. interest; repayable by £20 shares to mature in 4, 7 or 10 years at 7½, 4½ and 2½ respectively and interest 2½ per month on each £20 advanced or loaned.

The amount of loans to the end of the year 1921 was £38,800 13s. 5d. and the sum of the subscription shares to the credit of members was £13,240 11s. 5d.; deposits at 5½ per annum £10,714 5s. 3d.; interest payable half-yearly. Funds are always available for making loans on security of approved freeholds, to non-members as well as members of the society.

#### THE VICTORIA MUTUAL BUILDING SOCIETY.

NO. 6 DUKE STREET, KINGSTON.

THIS, the second Building Society formed in Kingston, was established on the 1st December, 1878 under the patronage of Sir Anthony Musgrave, then Governor of the Island, and under the authority of "The Benefit Building Societies Act, 1865" and was incorporated December, 1898, under "The Building Societies Amendment Law, 1897."

The objects for which the Victoria Mutual Building exists are two-fold. Firstly, to provide for shareholders and depositors a perfectly sound and profitable investment for large or small sums of money; and secondly to employ the funds thus obtained in making advances by way of Mortgage on Freehold Property; principal and interest being repaid by easy monthly instalments. The system adopted by this society of requiring loans to be repaid by equal monthly instalments is such that, as each repayment included a portion of the capital sum, the margin of security is ever increasing and the possibility of risk is ever diminishing.

The ultimate value of each share is twenty pounds, (exclusive of bonus) realizable by monthly payments of two shillings and sixpence during a period of ten years.

Borrowers are charged interest at the rate of 7½% payable monthly, but in return the society awards interest and bonus. Thus one share on which £15 should have been paid will be worth at the end of ten years £20, irrespective of the bonus which may be granted. Loans on Mortgage of Freehold Property are granted for a period of ten years, but if at any time the mortgagor wishes to reduce his payments, he can do so with the permission of the Directors, by getting his loan capitalized. This means smaller payments for shares and interest, with the result that the capitalized loan continues for a further ten years period. This arrangement does not entail any additional Law charges.

The Law Charges vary from 50/- on a loan of £60 to £10 15/- on a loan of £400, and thereafter 20/- extra for every additional £100.

The society affords a means for investment of capital at an adequate rate of interest, combined with absolute security, at 5½ per annum, payable half-yearly on 1st June and 1st December.

## ST. THOMAS MUTUAL BENEFIT BUILDING SOCIETY.

This society was established in 1897, and has been very useful to the parish—the progress has been very steady.

The rate of interest is  $7\frac{1}{2}$  per cent. Subscription shares are 2s. 6d. each per month for a term of 10 years, at expiration of which each share is worth £20.

## ST. ANN BENEFIT BUILDING SOCIETY.

This society was inaugurated early in 1874 and incorporated in 1901. Its establishment was largely due to the efforts of its first president, the Hon. Michael Solomon, and its secretary and founder the Rev. Josias Cork both of whom died in 1892.

The history of the society shows a steady progress. Its benefits have been felt more in the parish and adjoining parishes generally, than at St. Ann's Bay recently. This is chiefly owing to the fact that there have been but few lots available for building purposes within the precincts of the town; and although the number of new buildings erected is, on an average, more than two in each year of the society's existence, purchases of house property, not requiring more than repairs, have taken place and the acquiring of freeholds which could not have been effected except with the aid of the society, besides many have been enabled by their savings to settle and help themselves in various ways who without the existence of the society would have found it utterly impossible. A feature of the society is a depositor's branch or savings department whereby Loans from £250 and upwards can be made without taking the full numbers of shares for re-payment for 7 or 10 years, quarterly payments of Interest at Special Rates.

## BROWN'S TOWN BENEFIT BUILDING SOCIETY.

The Brown's Town Benefit Building Society was established in the year 1893 and incorporated in 1899. The Reserve Funds at the end of its twenty-ninth financial year stood at £2,526 18s. 9d.; the assets were £43,336 8s. 8d. The net gain for the year was £651 4s. 0d. The total bonus payable on each £10 matured share was in Class A, 22%; Class B, 32%; and each share two years old and upwards, even if withdrawn before maturity, gets a bonus. This society issues subscription shares in four classes, viz.—Class A, 7 years; Class B, 10 years; Class C, 15 years; Class D, 20 years; and Paid Up Shares in Class A, 7 years. The value of each share in each class at maturity is £10 with bonus in addition. Deposits are also received and interest calculated thereon at 4 per cent. and 5 per cent. according to amount. Loans are made on landed security, under any one of the above classes of shares and also under the new system of limited shares and deferred shares, at rates varying from 6 per cent. to  $7\frac{1}{2}$  per cent. according to amount and period.

### TRELAWNY BENEFIT BUILDING SOCIETY.

THIS society was established on the 1st April, 1875. Incorporated 30th October, 1911, for the purpose of providing for the purchase, erection, repair and improvement of freehold houses for its members. A principal object of the founders was the improvement of the dwellings of the working classes of the town and parish.

Subscription Shares of the Society are divided into two classes, viz.:—A and B. The A shares of 4s. per month mature in 7 years, at the end of which, the principal, interest and profits are paid over. The B shares of 2s. 8d. per month mature in 10 years, at the end of which, the principal interest and profits are paid over.

The society makes loans on real property for a period of 7 or 10 years. Temporary loans are also made to shareholders on the security of their shares to the extent of two-thirds the amount standing to their credit.

Applicants for large loans need not hold an equal value in shares but balance must be met by half-yearly payments, each half-yearly payment reducing interest payable on the advance.

Interest is charged on loans as follows:—9% up to £200 and 7½% on any sum above £200.

Advances are made on a basis of two-thirds of the value of the security offered, an entrance fee of 1s. is charged on each new share taken. Pass Book 1s. No entrance fee is charged on new deposit accounts.

Sums of any amount from 1s. upwards are taken on deposit by the Society and bear interest at 5% per annum on each completed £ from the first day of the month after deposits till the last day of the month prior to withdrawal. Notice of withdrawals always waived.

### ST. JAMES BENEFIT BUILDING SOCIETY.

THE St. James Benefit Building Society was established in Montego Bay in July 1874 (incorporated in 1906). At the close of its first financial year it had on the register 285 shares, and on the 31st July, 1922, 4,327 shares. The amount at credit of Reserve Fund is now £3,000. Subscription shares "A" and "B" are payable by monthly instalments of 4s. and 2s. 7d. each for 84 and 120 consecutive months. Interest is credited on each share at the end of the financial year. Subscription shares participate in the Bonus of the financial year in which they become perfected and matured.

The Board of Directors accept deposits at interest at 4% per annum payable half yearly. The deposits amount to £25,104 12s. 2d.

Interest on loans is charged at 7½ per cent. per annum.

Loans are effected on the mortgage of real estate and on the security of shares of the society and are contemporaneous with the shares. Interest on loans is payable monthly. The total amount of loans on the 31st July, 1922, was £63,396 2s. 2d. Cash in hand £3,592 9s. 9d.

## WESTMORELAND BUILDING SOCIETY.

THIS society was established in January, 1874, and was incorporated in December, 1907. During the forty-seven years ended in December, 1921, its receipts have amounted to £142,623 1s. 11d. It has been the means of erecting and repairing a large number of houses in the parish of Westmoreland, and has considerably increased the value of land throughout the parish by affording facilities for sale and improvement, while its transactions have now extended all over the island.

The rate of interest on loans of under £250 is 9 per cent. From £250 and below £1,500 the interest is  $7\frac{1}{2}$  per cent., and from £1,500 upwards 7 per cent., and borrowers may repay a specified portion of the loan every year instead of taking shares if they prefer that arrangement. This society allows quarterly payments of shares and interest free of fines.

The price of a paid-up share is £15, with interest at the rate of 4 per cent. or twelve shillings per annum, if drawn before maturity. The value to be £20 with the bonus in addition when matured. Sums of any amount from four shillings upwards are received on deposit at 5 per cent. interest on each completed pound. The present capital is £237,676 1s. 3d. The gross reserve fund amounts to £20,868 10s. 2d., with a clear nett surplus of £15,922 15s. 2d., after providing for interest accrued on shares, &c. The total amount of losses during the first 45 years was £329 0s. 2d., while for the past 25 years a bonus of 50s. per share has been paid on all matured shares.

## MODEL DWELLINGS, LIMITED.

The Model Dwellings Limited was incorporated in 1910 under the Companies Laws 1864 to 1918, with a capital of £2,000 divided into 2,000 shares of £1 each.

The principal objects for which the company is established are—

To purchase and acquire from time to time parcels of land in the parishes of Kingston and St. Andrew for the purpose of erecting thereon residences, rooms, cottages, or other buildings to be let to tenants, or sold to tenant-purchasers at such rental or upon such terms as may from time to time be decided upon by the company—the intention being that such residences, cottages, rooms, and other buildings are to be occupied as dwellings of a better class than are at present available by working people of limited resource, at a moderate rental, and the profits and dividends on shares are to be limited to 5% on the amount of capital paid up from time to time after payment of all necessary working expenses. The company purchased premises No. 47 Highholborn Street, and has erected buildings containing sixteen rooms. There are also provided kitchens and a washhouse for the use of the tenants. The buildings were opened in November, 1910. They are well ventilated and provided with extensive verandahs.

The company has paid two dividends of 2½ per cent. each, and three of 4 per cent.

## THE WEST INDIA ELECTRIC COMPANY (LIMITED).

BOND ISSUE—\$600,000.

CAPITAL—\$800,000. (£160,000)

This company, which is incorporated under laws 33 of 1897 and 38 of 1898, acquired the property of the Jamaica Street Car Company in December, 1897.

The company acquired property and rights for the development of water power on the Rio Cobre near Bog Walk. This power has been developed and is transmitted 21 miles to the transforming station in Kingston, where it is distributed to the trolley lines through Kingston and St. Andrew for tramway purposes.

Construction was commenced June 23rd, 1898, and the whole system came into operation on March 31st, 1899. The construction is of the most improved description, and the plant is up to date and standard. There are in all 25 miles of track supplying not only a complete service in the city but extending into the residential suburbs as far as Constant Spring, and Papine at the end of the Hope Road towards the north, and out to the Rock Fort Gardens towards the east. The cars are all open, with ample seating accommodation. The area covered is divided into three districts, and the fares charged are twopence on one tramway in each district.

This company is also the lessee of the property and business of the Jamaica Light and Power Company, Ltd., of Canada, which company is the successor of the Jamaica Electric and Power Company, Ltd., and as such operates the electric lighting and power business of Kingston, St. Andrews, and St. Catharine.

## PEOPLE'S DISCOUNT AND DEPOSIT COMPANY (LIMITED).

THE People's Discount and Deposit Company (Limited) was established in 1879 by the Rev. W. Clarke Murray, aided by a few gentlemen to whom he made his plan known. His main object was to provide help for a large class of industrious and enterprising people who, not having influence to secure them business relationships with the Colonial Bank, were led to the necessity of applying to private individuals for the means necessary to aid them in their business undertakings. A company was therefore formed to raise a capital fund, by the issue of shares, for the purpose of discounting island and other bills of exchange or promissory notes, or other obligations, making advances of money on mortgage and other securities, and otherwise transacting business as bankers save and except the issuing of a paper currency or bank notes, and also to receive deposits on current accounts or otherwise.

## HOTEL COMPANIES.

THE necessity of providing hotel accommodation for visitors to the proposed international exhibition of 1891 caused the government to pass Law 27 of 1890, which law guaranteed the payment of interest at the rate of 3 per cent. upon capital invested in the erection and maintenance of hotels "on such terms and conditions as may be approved by the Governor in Privy Council." All building materials and furniture required for such hotels were to be admitted duty free, and debentures and other documents were to be free of stamp duty.

The facilities given by this law induced the formation of companies by which the following hotels were constructed:—

Myrtle Bank Hotel, Harbour street, Kingston, by the Kingston Hotels Co.

Constant Spring Hotel, by the American Hotels Co.

Queen's Hotel, Heywood street, Kingston, by the Jamaica Hotels Co.

Hotel Rio Cobre, Spanish Town, by the St. Catherine Hotels Co.

Monarque Hotel, St. Ann, by the Monarque Hotels Co.

These Hotels were taken over by the Government under section 10 of the law, on failure to fulfil the conditions of the contract.

A stimulus was given to hotel development by Law 15 of 1904 which enabled personal erecting an hotel of more than 40 bedrooms to obtain an import license from the Governor whereby they might obtain the importation free of duty of all materials, fixtures and furniture necessary for the building and equipment of the hotel and were exempt for 10 years from increased taxation—attributable to hotel buildings. This law expired on the 30th June 1907, but was renewed by legislation to extend the facilities thereof (except as regards taxation) to the Titchfield Hotel at Port Antonio and to the Myrtle Bank and South Camp Road Hotels in Kingston.

The Constant Spring Hotel was leased for some years to, but was finally bought by, the Elder Dempster Co., who closed it as a hotel but it was re-opened in March, 1920. The Rio Cobre Hotel has been offered for sale by the Government (1914.)

The Myrtle Bank Hotel was also leased to the Elder Dempster Company but it was completely wrecked by the earthquake of 1907 and the lease fell in. The site was sold to a local Company who have erected a modern hotel thereon. It is now the property of the United Fruit Company.

In 1904 a large and commodious hotel was built at Port Antonio known as the Hotel Titchfield. This was destroyed by fire in January 1910, but it was rebuilt in 1911.

## THE KINGSTON ICE-MAKING COMPANY, LIMITED.

This company was established in 1884. The present capital is in 27,436 old shares of £1 each and 6,632 new shares on which there has been paid £29,850 15s. The company commenced operations with a 5-ton machine; in 1885 a 12-ton was added. The demand for ice having increased and the necessity being apparent for spare machinery to meet daily requirements in event of a accident, a 24-ton machine was erected in 1888. In 1897 a machine of the latest improvements, capable of producing 60 tons ice per day was in-

stalled. Recently another machine of the same capacity has been installed as a safeguard against accidents. The plant and business of the Consumers' Ice Manufacturing Company were purchased by the Kingston Ice Making Company, which sells ice at 2s. per 100lb. wholesale, and retail 3 lbs. for one penny

Any other rates may be ascertained at the Company's Offices.

\* Deferred telegrams at half rate. Deferred telegrams at half rate to Japan via Azores only.

## DEFERRED PLAIN LANGUAGE TELEGRAMS.

Telegrams in plain language at half rate are accepted for places to which the service applies and are forwarded on the condition that they may be subjected to such delay as may result through the cables being occupied by traffic upon which full rates have been paid, but they will not be deferred for more than 24 hours.

The sender must write before the address one of the following indications which is charged for as one word:—L. C. F. French. L. C. O. Language of the Country of Origin. L. C. D. Language of the Country of Destination. Deferred telegrams without text are not admitted. Only plain language may be used.

Groups of letters forming commercial marks, or commercial or other analogous expressions in current use, are not admitted.

Numbers, except in the address, must be written in words.

Registered or abbreviated addresses may be used in the address: house and street numbers may be expressed in figures.

## WIRELESS.

The Company have a ship to ship licence for wireless working from their offices at Kingston, Jamaica (call signal "VQI"), for communication with ships at sea. Rate 10d. per word.

1. The Bermuda route is practically an All-Cable Connection between Jamaica and New York, Jamaica and Boston, and Jamaica and Ireland. There are two transmissions only, viz., at Halifax and Canso, as direct working from Jamaica to Halifax is secured by a special arrangement at Bermuda.

2. The Companies' arrangements secure to them several Atlantic cables, and telegrams to Canso for Great Britain pass over British territory only.

3. A complete land line and cable connection to all parts of Canada and the United States, &c., and the above Companies' working arrangements with the Canadian Pacific Railway Telegraphs (Head Office, Montreal) and the Postal Telegraph and Commercial Cable Companies (Head Office, New York), provide them with collecting offices and agents in all parts of Canada, the United States, Great Britain and Ireland and the Continent of Europe.

4. The Joint Telegraph systems are the most complete in the world. They are entirely free of all outside control, and have established a name for accuracy, speed and economy.

To their combined efforts is due the existence of the present low rates now charged on telegrams passing between Great Britain, Canada, the United States and the West Indies.

## JAMAICA CO-OPERATIVE FIRE &amp; GENERAL INSURANCE COMPANY, LTD.

This company was formed in July, 1873 (under the patronage of Sir John Peter Grant, then Governor of Jamaica, and under the chairmanship of Hon. L. Q. ## THE JAMAICA MUTUAL LIFE ASSURANCE SOCIETY.

At the close of the year 1843, W. Wemyss Anderson, (a founder of the Society) Alexander Barclay, Edward Jordon, James Davidson, John Samuel Brown, Henry Franklyn and John B. Purrier, met for the purpose of forming a Life Assurance Society in Jamaica for the encouragement of systematic thrift and providence on a co-operative basis among the people of Jamaica. Having arranged the necessary preliminaries a public meeting was held at the Kingston Court House on the 26th January, 1844, when it was agreed that "The Jamaica Mutual Life Assurance Society be now formed." Application was then made to the House of Assembly for the necessary Law of Incorporation and the draft Bill was referred to a Committee of the House. In Committee it was proposed to receive the Society's moneys at 5 per cent. John S. Brown, also one of the founders of the Institution, and for twenty-two years its valued and highly esteemed Secretary, did good service in his place as a member of that Committee by proposing and carrying an amendment for 9 per cent. instead of 5, on the ground that 6 per cent. was the usual interest of the island, and that the project was in the nature of a Friendly Society. Charles Darling (afterwards Governor of the Colony) then a member of Assembly, seconded and ably supported Brown's amendment and it was carried.

On the passing of the Law a Board of Directors consisting of the gentlemen first named, with Alexander Barclay as Chairman, was appointed, and the first Policy was issued, on the 1st May 1844. To the end of that year 53 policies were issued, assuring £31,450.

The Society commenced business without capital—not a shilling! Provision was made that should any policy become a claim by death before the Society's funds had reached the amount, interest should be paid to the claimant and the claim should be a first charge on the funds: this arrangement was never resorted to as the necessity never arose.

The success of the Society under the able and prudent management of the Directors during the past seventy-eight years has been remarkable; it has experienced uninterrupted prosperity, and this is strikingly demonstrated by the fact that in no instance have the Directors found it necessary to disturb the investments in order to meet any claims made on the society. It has also always declared a bonus every 3 years. The early-supporters and subsequent upholders can with plausible pride refer not only to the prosperity that has attended the Society, but to the substantial benefits conferred on the families of deceased Assurers; and it is with no little gratification that the Directors have been able to announce that the operations of the Society in 1921 reached over one and a half million sterling.

*Security.*—Every three years a complete investigation of the Society's financial position is made by a qualified Actuary and the surplus divided amongst the policy-holders.

*Protection*.—Policies are protected in case of non-payment of premiums so long as the indebtedness does not exceed the cash surrender value.

*Investment*.—Policy No. 853 .. .. £300 0 0

## INDEPENDENT ORDER OF ODD FELLOWS, MANCHESTER UNITY.

THE Manchester Unity of the Independent Order of Odd Fellows was established in Kingston under the jurisdiction of the Barbados District in the year 1885. Three Lodges, in that year, were opened, viz., the "Kingston Lily," the "Jamaica" and the "St. Lawrence." The "Jamaica" Lodge has since been closed. Since the formation of the Jamaica District 14 new Lodges have been opened.

The objects of the society are (a) to provide by entrance fees, contributions of the members, fines, donations and by interest on capital, for insuring a sum of money to be paid on the death of a member, or for the funeral expenses of any member's wife or child, or the widow of a deceased member; (b) for the relief or maintenance of the members (or in the cases in the general rules, or in the rules of branch provided) the wives, children, fathers, mothers, brothers, or sisters, nephews, nieces, or wards (being orphans) of members during sickness or other infirmity whether bodily or mental, in old age or in widowhood; (c) for the relief or maintenance of the orphan children of members during minority; (d) for providing proper medicine and medical attendance for members; (e) for granting temporary assistance to the widows and orphans of deceased members; (f) for providing members with assistance when travelling in search of employment; and (g) for assisting members when in distressed circumstances.

The "Pearl of the Antilles," the "Lily," every 1st and 3rd Wednesday and "Pride of the North," every alternate Tuesday; the "St. Lawrence," every alternate Thursday.

The regular meetings of the Jamaica District are held on the first Thursday after the second day in the months of January, May and September. The annual meeting is held in January.

## JAMAICA CLUB.

THE Jamaica Club—the successor of the Jamaica Club which existed in 1813 in Duke Street and in 1818 in North street—was first organized in the latter part of 1872 and was formally declared open on the 15th January of the following year at temporary and very circumscribed premises situated in King street. The present home of the club is at No. 59, 61 and 63 Hanover street, Kingston. The former club house, a massive brick structure, erected in 1891, was completely wrecked by the earthquake of the 14th January, 1907. The present club house is designed on a somewhat different plan, is less massive but in its construction all the known safeguards against earthquake effects have been introduced. No. 65 Hanover street has since been purchased, the building thereon taken down, and the land added to the club premises.

The club is managed by a committee consisting of 20 elected members, two of whom are by vote of the others chosen president and vice-president.

The election of candidates for membership is in the hands of the committee by ballot and every candidate must be proposed by one member and seconded by another, to both of whom he must be personally known. The names of candidates, their places of residence and professions, with the names of their proposers and seconders, must be recorded in the candidate's book at least 21 days prior to election, the book being placed for reference on the table of the reading room of the club.

The entrance fee is £7 7s. and the annual subscription is £8 8s. for members residing within a radius of 12 miles of Kingston, and £5 5s. 0d. for country members. For members residing permanently out of the Island, the subscription is 10s. 6d. Officers

of the army and navy are admitted, after the usual ballot, to membership on payment of an annual subscription of £4 4s. The Governor, the Commander of the Forces, and the officers of H.M. fleet visiting the station, are honorary members.

A gentleman on a visit to the island may be introduced once in any period of three months by a member as an honorary member, by entering the name of such gentleman and his own in the book kept for that purpose. On approval by the Committee at the next subsequent meeting, such gentleman may continue as honorary member, until the expiry of fourteen days from his introduction, without charge. Should he desire to have this period extended, the committee may, on application, accede thereto for a period not exceeding six months on payment by him of the sum of 21/ monthly in advance; but should he in the meantime become a permanent member of the club such payments shall be deducted from the regular subscription payable on election. The committee has power at any time to withdraw the privileges granted to an honorary member. No honorary member has the privilege of introducing a guest to the club. A member may not introduce as an honorary member any person who he shall have been notified is considered objectionable, by the committee. Games of hazard are not allowed, and the removal from the club house of books and newspapers is strictly forbidden.

### JAMAICA LEAGUE.

THE Jamaica League was founded on Emancipation Day, 1914, in order to get Jamaicans, of all colour, of all creeds and of all classes, to work together for the good of Jamaica. Its motto is "Jamaica's Welfare First."

The objects of the League are to promote patriotic sentiment and mutual interest, to encourage unity of aim and effort among all sections of the community, and to stimulate and foster individual and co-operative ventures tending to the intellectual, economic, social and moral improvement of the people of this island.

The League has held three exhibitions and promoted a Loan Bank which is now being worked as "The Jamaica League People's Co-operative Loan Bank, Ltd.," with C. E. Milbourn as President, S. M. Kitchin as Secretary and A. W. Burke as Treasurer.

There are now six Branch Leagues affiliated with the parent society at Kingston, Port Maria, St. Ann's Bay, Mandeville, Montego Bay and Halfway Tree.

The officers of the Jamaica League for the year 1920-21 are:—

### BOY SCOUTS ASSOCIATION, JAMAICA.

THE movement, which has its headquarters at 25 Buckingham Palace Road, London, S.W., was started in Jamaica soon after the parent association at Wolmer's School by the late Lt. D. P. Stephenson, who was then an Assistant Master at the School, and Mr. Harry Mills, an ex-Scoutmaster of a troop in Brighton, England, lately employed at the Jamaica Government Railway now serving as Lieut. R.G.A.

The first Troop, viz., 1st Kingston Troop, was registered in May 1911, and became the pioneer Troop in the island.

In November, 1911, Scoutmaster Mills was removed to May Pen in connection with work on the Chapelton Branch Railway and Mr. Duncan A. McCorkell, accepted the appointment of Scoutmaster and took charge of the Troop.

In January 1912, the Chief Scout, Lt. General Sir R. S. Baden-Powell, visited Jamaica whilst on a world-tour and was met at the Royal Mail wharf by a party of Scouts under Scoutmaster McCorkell.

The Chief Scout's visit was followed by that of Major T. Featherstonhaugh, a Commissioner appointed to organize the over seas Scouts.

The Major lectured to a large audience at the Convensorium in Kingston and also at Port Antonio. Monday 26th May, 1913, saw the inauguration of the 1st Spanish Town Troop. The history of scouting since then was one of hard work and active propaganda on the part of Scoutmasters McCorkell, of Kingston, and Messias of Spanish Town, with the result that the movement has become more and more popular.

A great deal of the success of the movement is also due to Brigadier-General L. S. Blackden and Lt. L. E. Ottley, former President and Commissioner, respectively, for their enthusiastic support and active help.

The following appeared in the "Jamaica Gazette" of January, 1915.

"In view of the public services which have been rendered by the Boy Scouts Association to the military authorities and offers of further services, which it is proposed to take

advantage of, the uniform of the Boy Scouts is recognized by His Excellency the Governor as the uniform of a Public Service non-military body."

The movement shows signs of increasing popularity and steady progress, its great educational value being fully recognized.

Scouts rendered services to the military at the Contingent Camp, and in connection with recruiting.

Over 50 Scoutmasters and Scouts joined the several Contingents and several went to England on their own account and enlisted in English Regiments.

Twenty four Scouts, chosen from troops in various parts of the Island, went to England in August, 1920 to attend the Jamboree or International gathering of Scouts at Olympia. Scoutmaster Duncan McCorkell was in charge of the Contingent and Mr. A. Noel Crosswell, Assistant Commissioner and Secretary for the Jamaica Scout Association also attended. The Scouts visited Liverpool, Sheffield and the battlefields in France and Belgium, and won the highest praise for their conduct and general services from all the Headquarters Officials with whom they were associated in Richmond Park.

Local associations are being formed in various centres of the Island.

A Successful Camp was held at Montpelier in August 1921.

#### JAMAICA CHAMBER OF COMMERCE AND MERCHANTS' EXCHANGE.

*Office:* Upstairs of the Bank of Nova Scotia, King Street.

A Jamaica Chamber of Commerce existed about 1840. A Jamaica Society of Agriculture was established in May, 1885, its objects being as follows: 1. To take action in all matters connected with the agriculture and trade of the colony. 2. To offer facilities for considering and discussing all schemes or proposals having for their object the increased development of the industrial resources of the colony. 3. To promote interchange of experiences among the members of the Society with reference to the improvement of the breed of stock, the opening up of new markets for the sale of cattle, horses. 4. To co-operate with kindred Associations in the West Indies and elsewhere, in constitutional efforts for the removal of all unjust fiscal or other disabilities, such as foreign export bounties, which deprive the colony of the natural advantages of soil and climate, and exert an injurious influence on every department of commercial and industrial activity. 5. To afford opportunities for reading papers, delivering lectures, or holding discussions upon subjects of general interest. 6. To aid the holding and conducting of agricultural shows, fairs and competitions in different parts of the island. 7. To perform in its capacity of a regularly constituted responsible Association the functions of a recognized medium of communication with the Government, conducting the

correspondence and representing the interests of its members in all matters falling within the province of the Society. 8. To exercise the province of Arbitrators (when solicited so to do by contending parties) in all matters agricultural or commercial, with a view to an economical and peaceable solution of differences.

The government of the society is vested in a council chosen from the general body of members in the month of October in each year. The election of members is entrusted to the council. Gentlemen residing outside the island are eligible for membership. The roll of to-day numbers 300 members. The society is now in communication with most of the Chambers of Commerce throughout the world to which its annual reports are regularly forwarded. Correspondence is regularly maintained with the West Indian Committee and the West Indian Section of the Incorporated Chamber of Commerce, Liverpool. Subscriptions £1 ls. annually are received thereto by the Secretary of this Society.

In February, 18-6, the Society opened for the use of members "The Merchants' Exchange," where the latest shipping intelligence may be obtained. In 1922 the title of the Society was changed to the Jamaica Chamber of Commerce and Merchants' Exchanges. The arrival and departure of vessels, the nature of their cargoes, the market quotations of imports and exports, are all recorded for the use and convenience of members. Corresponding Agents are also appointed at the outports who forward regularly to the Exchange valuable information. A signal station is maintained at Kingston, and by the courtesy of the Agent of the United Fruit Company at Bowden reports are received of vessels passing Port Morant.

Books are kept in which are posted the daily arrivals and departures of vessels from Kingston and the outports of the island, also of the imports into the island and exports therefrom, together with a record of passengers arriving at Kingston and departing therefrom by steamers, etc., and also a book of casualties in connection with which, through the courtesy of the Collector General, arrangements have been made for advising the "Exchange" immediately of all wrecks, strandings, etc., around the coast. These statistics form a valuable addition to the general information which the Merchants Exchange endeavours to supply to the public in fulfilment of the objects for which it was instituted.

The annual minimum subscription entitling the subscriber to the privileges of the Exchange is one guinea, which includes membership of the Society of Agriculture and Commerce. The Society also publishes statistics to Commercial men:—"The Weekly Confidential Records," the annual subscription to which is also one guinea.

### SUGAR INDUSTRY AID BOARD.

#### *Head Quarters House.*

A Law for affording temporary aid for the preservation of the Sugar Industry of the Island, and to enable Loans to be raised and used for the purpose was passed by the Legislative Council in 1921.

The Law authorised the Governor to raise a Loan not exceeding Four Hundred Thousand Pounds to be used and applied in making Loans to Owners of land under the provisions of this Law, and for no other purpose. Such loan to be raised by borrowing the whole or any part thereof from any Bank or Banks carrying on business in the Island, and such Loan to bear Interest at a rate not exceeding seven per centum per annum from the date on which the Loan is made, and to be repayable within fifteen months from that date, or in such extended period as might be arranged between the Government and the Lender.

The monies raised under the provisions of this Law were placed at the disposal of and vested in a Board of not less than seven members appointed to carry out the provisions of the Law, four of which members including the Chairman were appointed by the Governor, and three by the Legislative Council.

The Board received applications from owners and receivers for Loans for carrying on the cultivation and management of Sugar Estates in the Island, and having duly considered applications made Loans at interest in such amounts and to such owners and receivers as it thought fit. The total amount of Loans so made were advanced in such instalments from time to time as the Board thought fit.

Loans made by the Board bore interest at a rate not more than one per centum over the rate payable in respect of the Loans raised by the Government pursuant to the power conferred by the Law.

Before any money was lent by the Board under the provisions of this Law to any Owner, it was necessary for such Owner to first obtain the consent in writing of the several Incumbrancers against the land to such Loans, or to cause an advertisement to be inserted

in three consecutive issues of the "Gazette," and at least one newspaper of this Island giving notice to the persons holding Liens against such land of his intention to obtain such loan. If any Incumbrancer within 48 hours after the publication of such advertisement lodged an objection to any such loan being made, the Governor in Privy Council held the power to decide if in their opinion the consent of any Incumbrancer was unreasonably withheld, and such loan might be made by the Board on the authority of the Governor in Privy Council.

It being found advisable to continue to provide assistance to representatives of the Sugar Industry in 1922, a Supplemental Law was passed by the Legislative Council, authorising the Governor to raise a loan not exceeding Three Hundred and Fifty Thousand Pounds to be applied in making loans under the Principal and the Supplemental Law. Such loan to be raised on similar lines as provided under the Principal Law, and bearing Interest at the rate of 6½% from the date on which the loan is made.

It was expressly declared that any loan raised under the Supplemental Law was not in addition to the loan raised under the Principal Law, and that the aggregate liability of the Government at any time should not exceed the sum of Four Hundred Thousand Pounds.

The 1921-22 Season was, on the whole, disappointing, and the anticipated tonnage of canes was reduced by drought.

### TOURIST TRADE DEVELOPMENT BOARD.

THE Tourist Trade Development Board was established under the Tourist Trade Development Board Law, 1922.

The object of its establishment is to promote and increase tourist traffic to Jamaica. The duties and powers of the Board are to make enquiries and to collect such information as the Board think necessary for the purpose of promoting the thorough advertising of Jamaica as a Tourist Resort and for such other purposes as in the judgment of the Board will materially facilitate and increase the tourist traffic to and from Jamaica.

Power is conferred on them to adopt all such measures as they think necessary for thoroughly advertising Jamaica as a Tourist Resort and to appoint any such agent or agents as they think proper; to make such contracts as they deem necessary, and, subject to the approval of the Governor in Privy Council, make any contract for the provision of steamship communication.

The Law provides for a contribution not exceeding £3,000 from the Government for the year 1922-3 subject to the condition that a similar amount is contributed by any Hotel or Steamship Company or any Mercantile Company or by any person, but no amount is to be contributed out of the public revenue for the year 1922-23 unless contributions from private sources amount in the aggregate to at least £2,500.

## WESTERN ST. MARY CITIZENS ASSOCIATION.

THE Western St. Mary Citizens Association was formed on the 26th October, 1916, at a representative gathering of the people of Gayle and the surrounding districts.

met at the then Bank Office, now the Court House, on the invitation of the Rev. A. A. Barclay to consider the desirability of organizing an association that should deal effectively with communal questions. The association aims at fostering and developing the industrial, intellectual, social, moral and spiritual welfare of the people of Jamaica in general and of Western St. Mary in particular. A regular monthly meeting is held at Gayle, the headquarters of the association, on the second Wednesday of every month at noon. Local improvements that will tend to the advancement of Western St. Mary have been placed at the forefront of the association's programme; and the re-establishing of a Court House at Gayle; the launching forth of a Lands Settlement Scheme by which two fine properties, Pembroke Hall and Donnington, have been purchased through the help of the Agricultural Society Board and are now being sold in lots to the people; or anized social work among the girls of the community, a Post Office at Lucky Hill; the inauguration of a motor mail service, Gayle and Linstead, the rebuilding of the Lucky Hill school room, the formation of the first Fruit Exchange in Jamaica and the splendid case made out for Railway Extension to Gayle all go to prove the success that has already attended the efforts of the association.

## SOCIETY OF PROTECTION AGAINST PRAEDIAL LARCENY.

THE attempt to create a healthy public opinion against Praedial Larceny was started by the Rev. F. Wilson Coore at Cancheap, Lewisburgh, St. Mary, in June 1918 with the support of Sir John Pringle, K.C.M.G., and the assistance of Mr. T. McLean Gray, J.P., and Mr. T. J. Cawley, J.P. The peasantry themselves took up the work and laboured to bring out the praedial thieves to daylight and public rebuke.

In 1920 the movement was inaugurated as the above-named Society for the purpose of checking and suppressing by sustained efforts the evil of Praedial Larceny in the Community and to this end to create generally a higher standard of morality among the people and to apply means for their social, domestic, and industrial advancement and to co-operate with other organizations which have for their objects the well being of all Jamaica.

## TURNER'S CO-OPERATIVE LAND PURCHASE SCHEME.

THIS Scheme is one of genuine co-operative purchase of lands, the first in the island encouraging self-help and good-will among holders of lands.

It began in October, 1918, when Colonel Blagrove sold a run of 381 acres of land, known as "Turner's" within two miles of Browns Town, St. Ann, to be re-sold to small settlers, and seven men forming the Executive, undertook voluntary, and without individual gain to operate the Scheme. All the land was taken up within the first year of purchase, by thirty-two persons holding not less than five acres, and not more than thirty.

A road is constructed through the property to link up the Kingston Main Road with the Buxton Parochial Road a distance of about  $1\frac{1}{2}$  miles. Five acres of land is reserved for Communal purposes, and a sufficient quantity is offered the Parochial Board and Government for a public tank, to meet the needs of adjacent dry districts which suffer acutely from water famine. Loans are made to purchasers and also to members of the branch Agricultural Society, Brown's Town.

## VICTORIA LEAGUE OF JAMAICA.

THE Victoria League of Jamaica was formed at a meeting held at Wolmer's Girls School on February 4th, 1910.

The aim of the Victoria League is to promote mutual understanding between all citizens of the British Empire. Its work has been called the "organization of sentiment." Few people are without some feeling of sympathy with and interest in the distant lands which equally with their own, make up the King's dominions; and there are few who would not do something however small, to increase good feeling and serve the great cause of Imperial unity. The League is the outcome of an attempt to focus these feelings and aspirations, and to promote an organization through which members of the Empire may come into personal touch with one another and obtain the understanding which comes of mutual service. The Victoria League is absolutely outside of all party politics, comprising men and women of every shade of political opinion, and is so constituted that while carrying on a permanent organization for hospitality and educational work it can readily form a special committee to deal on non-party lines with any Imperial question which may be of interest at the moment.

To become a member of the Victoria League means to join a large body of people, living in all parts of the world, who are seeking to study the problems of the Empire, to exchange hospitality, and to become acquainted with all the aspects of life and the different points of view of the citizens of both mother country and daughter lands. The League provides opportunities for every one of its members to do something to attain these great ends, and to give practical expression to the feeling of Imperial responsibility.

The chief work done by the Jamaica Branch of the League is that carried out by the sub-committee known as the Hospitality Committee. This undertakes to entertain in some suitable form the men of the various ships of war of allied nations which visit Jamaica from time to time. There is a special fund open for this purpose as it is felt that the Officers do not want any entertainment while the men do.

A Sub-committee has been formed whose aim it is to collect Literature of all kinds, to sort it and send packets regularly to the Sailors' Rest, Y.M.C.A., Port Royal Institute and to visiting ships as occasion arises. The Manager of the Royal Bank of Canada kindly allows all parcels to be sent there.

Some children correspond with other children in different parts of the Empire.

Committee meetings are held quarterly or more frequently if necessary.

The subscription to the Jamaica Branch is one shilling per annum; but larger subscriptions are accepted in order to assist the Branch to carry out its objects. The membership is 201.

## CRICKET.

THE fine old English Game is exceedingly popular in Jamaica, and cricket clubs exist in all the parishes of the island.

The best known clubs are the Kingston, Lucas, Garrison, Kensington, Melbourne, Clovelly in Kingston, the St. Catherine C.C., the Middlesex C.C. in St. Mary, the Port Antonio C.C. in Portland, the Brown's Town C.C. in St. Ann, the Montego Bay C.C., and the Guild C.C. in St. James, and some newly-formed clubs in Savanna-la-Mar and in Clarendon.

In Kingston there are several yearly competitions, the most important being the Senior Cup Competition. There are also the Minor Competition, the Junior Competition and the Sunlight Competition for school boys. The winners for 1922, Senior; Kingston C.C.

There are also several competitions in the country parishes. All the competitors possess their own committees by whose rules and decisions they are governed, the most important of these is the Senior Cup Committee of which Mr. C. H. Burien is President and Mr. E. A. Andrews is Secretary.

The Jamaica Cricket Council was formed some years ago to foster and improve Cricket in Jamaica. Up to the present time their functions have been confined to bringing foreign teams here and entertaining them.

Teams composed of prominent English cricketers have from time to time made visits to the island and contributed greatly to the improvement in the standard of play. The last of these visited the colony in March, 1911, under the auspices of the M.C.C.; Mr. A. F. Somerset captained the team. Two matches were drawn and the third resulted in a tie after some exciting cricket.

Jamaica had two representatives on the team of West Indian cricketers which visited England in 1906 under the auspices of the West Indian Club.

The Kingston Cricket Club, the premier club, recently increased its monthly subscription to 6s. The Melbourne and Kensington to 5s; entrance fees remaining the same. Country members pay yearly 12s.

In almost all the clubs football is played, and in the Kingston Hockey is provided for. Lawn Tennis is played on every week day on all grounds except when cricket matches are being played.

A system of club prizes exists in all clubs, which are awarded at the close of each season to those who have excelled in the various departments. The Melbourne Club also provides for its members at Melbourne Park a hall in which there is a piano, magazines, billiard table and bridge tables.

## FOOTBALL.

FOOTBALL is very popular in Jamaica. The official season lasts from 1st August to 31st March, but the game is really played from October to February. It has been

thought advisable to permit the game to be played for a minimum time of 40 minutes instead of 60 minutes, the usual duration.

A Football Club was formed in Kingston in 1893 and for some years played against Military teams from Camp, Newcastle and Port Royal.

The Jamaica Association Football Challenge Shield Competition (commonly known as the "League") was inaugurated in 1893, and the Championship has always been won by Military Teams, except in 1907-08, and 1914-15, and 1919-20 when it was secured by the Kingston Club.

In 1913-14, this competition was, by mutual consent, placed under the direct control of the Jamaica Football Association.

The association is governed by a Committee consisting of the officers and eight other members annually elected. All past presidents are *ex-officio* members of this Committee.

Referees are examined and receive an honorarium to cover travelling expenses whilst several medical gentlemen have accepted appointments as honorary surgeons.

The Association also manages the Martinez Cup competition for civilian clubs only. This takes the place of a previous Martinez competition started in 1906 and ended in 1913-14 by the Kingston C.C. team winning the trophy outright.

A new Martinez trophy was presented to the Association for competition.

In 1909, the Governor, Sir Sidney Olivier, presented a Shield for competition confined to teams from secondary schools. At present it is held jointly by Munro College and St. George's College. St. George's College is the holder in the competition for a cup presented by Sir W. H. Manning for competition amongst secondary schools in and near Kingston.

A new trophy was presented to the Association in 1920 by Messrs Wilson & Co., (Chicago) through their local representatives Messrs. Cecil DeCordova and Co. This cup is to be played for annually in connection with the Martinez Competition and is to be won by the team having the best goal average for the season.

The following are the affiliated clubs:—

#### LAWN TENNIS.

THE Jamaica Lawn Tennis Association is affiliated to the Lawn Tennis Associations England, and is composed of the following clubs:—The Kingston C.C., the St. Andrew Club, the Garrison Club, the Melbourne C.C., the Liguanea Club, and the Kensington C.C. All these clubs possess excellent grass courts.

Towards the end of 1921 the Association decided to form a Junior Cup Competition on the same lines as the Senior Competition, and a suitable Cup was obtained by the Association for the purpose.

A yearly inter-club competition for a cup, and an annual "All Jamaica" Tournament have been held since the year 1904. These tournaments have been very successful and have proved beneficial in improving the standard of play in the island. The Tournament is also open to certain visitors to the Island and advantage thereof has been taken by visitors each year.

No tournament was held in 1915 or 1916, owing to the war but the Committee decided to hold that for 1917 late in the year and devote the proceeds to the Red Cross Funds. Only souvenirs were given and the result of the Tournament was a success in every respect; in particular adding a sum of well over £100 to the funds. The Tournament was held in 1918 for the same object and resulted in a sum of well over £400 being added to the Red Cross Fund. The tournament now takes place under the old conditions. The present holders of the annual Cup are the Garrison Lawn Tennis Club.

#### GOLF.

GOLF owes its introduction in Jamaica to the little Mandeville course which in about 1891 consisted of six holes at Brumalia, the property of Mr. Lewis. The course was later extended to nine holes but though the lies are naturally good, it is not found practicable to give much attention to the greens and upkeep generally.

In 1896 various leading gentlemen combined to inaugurate a club near Kingston. The result was the formation of the Kingston and St. Andrew Golf Club on the 10th October 1896—being registered under the English Golf Clubs Association. A site for links was chosen at Solomon's Pen. In 1902 it was decided to accept the offer of a site round the Constant Spring Hotel, which was offered free to the club. The course of nine holes was laid out, the club house was removed to the new course.

In June 1908 the old name of the club was changed to the Jamaica Golf Club. It is a matter for regret that this club must now be regarded as defunct.

A course was laid out in 1910 at the Liguanea Club at Knutsford Park, in St. Andrew, to which the Blue Mountains provide a beautiful background, particularly in the late afternoon. The ground is level and the hazards are mostly artificial, though there are traps in the form of gullies, trees, a pond and the race course. The greens of Bahama grass are generally in good order but during the rainy season it is difficult to keep under control the invasion of the newly established Seymour grass which forms a matted undergrowth and springs up quickly.

▶ The total length is about one and three quarter miles, the holes varying in length from 650 to 135 yards. The record for the 18 holes is 74, made by Mr. M. P. Tennant in 1917.

For the past few years a Canadian professional has been engaged for the winter months.

The annual competition for the Challenge Cup presented by the late Sir Augustus Hemming, which is practically the Amateur Golf Championship of Jamaica, is played for over the Liguanea Links in the month of April. The holder for 1922 is Major T. B. Nicholson. There is also a Ladies Championship. The holder for 1922 is Mrs. Ross.

Recently a semi-private club has been formed in the vicinity of Constant Spring Hotel, the members playing over a part of the old Jamaica G. C. links and partly on land belonging to Mr. J. C. Farquharson. On this site with its cool climate, varied natural hazards and beautiful surroundings there could be established an ideal inland links which prove a real attraction to the army of English and American golfers who now crowd the south of France and Bermuda courses. Unfortunately there are no funds available to meet the considerable initial expenses, the trouble with golf in Jamaica being that an attempt is made to maintain in close proximity two clubs whose united membership hardly justifies the establishment of one.

#### POLO.

POLO has been played in the Island for many years, there being before the war, seven recognized clubs of which the Garrison, Kingston and St. Ann were the oldest. During the war no Polo was played as many of the players were serving at the front, amongst others:—

W. G. Clark, H. E. Pittam, Dr. C. R. Edwards, S. C. Burke, C. Pringle, A. T. Calder, K. W. Calder, Captain A. M. Furber, E. M. Larnder (killed in action): Major Fink, R. H. L.; G. A. W. Wolferstan, Alec. M. Henderson, C. L. Roper, Dr. F. H. Cook, G. Cook, C. A. Grant, J. S. Powell, Dr. C. H. D. Farquharson, Otto Crowden, T. Dixon, H. S. McGrath, A. Roxburgh, T. Roxburgh, A. C. Paton, L. H. Peach, Earl Kitchner, Capt. H. C. Stuart, D.S.O., Colonel Bryan, Major R. R. Leader, Lt. Col. J. P. Bliss.

On several occasions teams from Jamaica have visited other West Indian Islands and Costa Rica, when they have invariably been victorious. A cup presented by Sir Thomas Dewar was competed for, for some years prior to 1906, when the All Jamaica Polo Association was formed and a Challenge Cup called the All Jamaica Polo Cup, was subscribed for by the several clubs. The Cup was originally played for in December of each year, but from 1908 till 1914 the competitions were held twice annually. In 1908 Sir John Pringle, presented a Cup to the Association for competition among junior teams. In 1911 the Handicap Points tournaments were inaugurated but they in common with the cup competitions lapsed after the summer of 1914.

Polo was revived in January 1920, and is now being played by the Garrison, Kingston and St. Ann Polo Clubs. In June 1922, the Senior Cup was won by St. Ann, and the Junior by St. Ann.

The Rules of the All Jamaica Polo Association are issued in book form, and can be obtained from the Honorary Secretary.

#### JOCKEY CLUB.

THE Jamaica Jockey Club, Limited, was in May, 1905, incorporated with a capital of £5,000, with the following among the chief objects for which the company was established:—

To restore racing in Jamaica as a sport, and to promote and carry on such racing on the principle of and subject to the rules governing racing in Great Britain with such modifications only as the directors shall resolve to be necessary to meet the local circumstances and the exigencies of any meeting. To promote inter-colonial racing. To undertake, promote and develop horse-breeding and to improve the breed of horses in Jamaica. To carry on in Jamaica the business of a race course company in all its branches and to conduct, hold and promote race meetings and athletic sports, polo, lawn tennis and other matches, agricultural, horse, flower, and other shows and exhibitions, and otherwise utilise the company's property and rights and to give and contribute towards prizes, cups, stakes and other rewards.

In the autumn of 1905 Knutsford Park property, near Kingston, was acquired and a racing track of one mile, a chain wide, was laid out with an inner exercise track  $\frac{1}{2}$  a chain wide, the inaugural meeting being held in December, 1905.

The fixed annual meetings are 1st and 2nd January, Easter Monday and Tuesday, 1st August and the day after, and a three day's meeting in the second week in December.

## JAMAICA SCHOOLS MINIATURE RIFLE ASSOCIATION.

THE Jamaica Schools Miniature Rifle Association was formed in 1906 in order to promote miniature rifle shooting in the secondary schools of the island. Mr. A. E. Perkins took a great interest in the movement and presented the Perkins Shield for annual competition: this trophy has been won once by Munro College, four times by Wolmer's School and nine times by Jamaica College.

The late Dr. G. C. Henderson was for many years president of the association and in order to perpetuate the memory of his connection therewith, the gold medal awarded annually (on certain conditions) to the boy who makes the best score in the competition for the Perkins Shield is now called the Henderson Medal.

In 1922 the Perkins Shield was won by Munro College and the Henderson Medal was awarded to J. Crook of Munro College.

## OFFICERS OF THE ASSOCIATION.

*President*, F. E. Reed, B.A.; *Vice-President*, Rev. Canon J. L. Ramson, M.A.; *Secretary and Treasurer*, H. C. W. Chambers.

## RIFLE SHOOTING.

THE West Indian Club, in its efforts to forward and encourage sport in the West Indies, arranged in 1910 with the various authorities there, to shoot annually on Empire Day, or within fourteen days before or after that day, and concurrent with the "Daily Mail" or any other competition. The cup is held by the winning team for one year and if not competed for within the fourteen days, it is deposited at the Colonial Bank in the Colony in which it is held. The competition is open to teams of ten, the best eight scores to count from either the Militia, Local Defence Force, Police, Volunteers, Rifle Club or R.F. Associations of at least one year's standing or a team made from a combination of those forces, of any island of the British West Indies including the Bahamas, the Permulas, British Guiana and British Honduras, and also home and home shoot, and members of H.M. regular forces, whether attached to any unit qualified to compete or not, are ineligible to be included in a team.

Distances, number of shots, targets, and conditions are the same as the King's 1st stage, as specified for the previous year's National Rifle Association meeting at Bisley. General rules are laid down for the pattern of rifle, time limits, dress, score sheets, status of range officer and other details. The following competitions have been held :

The great war stopped all further progress, but in 1921 notice of the resumption of the competition was sent to all the West Indian Colonies, and it is intended that this sport will be continued regularly in future. *Honorary Secretary*—F. E. C. Mesum.

## SWETTENHAM CUP RIFLE COMPETITION.

THE Swettenham Cup, of solid silver of Chinese workmanship, was presented by Sir Alexander Swettenham, then Governor of British Guiana, for Annual Competition by Teams of eight Riflemen each in the various West India Colonies, and was first shot for in the year 1903. It has been won as follows:—

Barbados, in 1903, 1904, 1905, 1909, 1910, 1911, 1912.

Jamaica, in 1906, 1907, 1908, 1913, 1914, 1915, 1916, 1917, 1920, 1921, 1922.

Trinidad, in 1918, 1919.

The highest team score recorded is 751 (the highest possible being 840) which was made by Barbados in 1911. The highest Jamaica Team score is 748 made in 1913. The highest individual score is that of Dr. Ernest Murray of the Jamaica Team, who in 1920 made 100 points out of a possible 105. The winning Jamaica Team for 1922, was composed of Dr. E. Murray, Sergt. Major Parker, A. F. Dunnett, C. A. Watson, H. H. Dunn, W. P. Hall, Corp. Archer and Rev. J. L. Ramson (Captain).

The Cup when held by Jamaica (as now) is kept in the History Gallery of the Institute of Jamaica.

## MOTOR CARS.

THE use of motor cars in Jamaica is regulated by Law 26 of 1905, amended by Law 9 of 1911 which gives power to the Governor in Privy Council to make regulations for the control of Motor Cars, the same to have the force of law.

Regulations of the Governor in Privy Council under these Laws were published in Gazette, February 1, 1912, and January 8, 1914, and a pamphlet has been issued containing these regulations and extracts from the laws from the Government Printing Office.

A "motor car" must not exceed 3 tons weight unladen.

A "Motor cycle" is defined as a motor carriage having not more than three wheels, weighing not more than 3 cwt.

Reckless driving is an offence. Every car must have a registration letter and a number for identification. The letters assigned to the several parochial registries are:—Kingston A; St. Andrew B; St. Thomas C; Portland D; St. Mary E; St. Ann F; Trelawny G; St. James H; Hanover K; Westmoreland L; St. Elizabeth M; Manchester N; Clarendon O; and St. Catherine P [Jamaica Gazette, 8th January, 1914.]

Refusal to stop and give name and address or giving a false name and address is punishable.

All motor cars must be registered with the Collector of Taxes and have a registered number on 2 plates—one in front and one at the back of the car—figures or letters 3 inches in height, white on a black ground.

The fee for registering motor cars is 10s., for motor cycles, 5s

Drivers of motor cars must be licensed by the Collector of Taxes, fee 5s.—duration of license 12 months.

Forging or altering a license, or allowing it to be used by others than the licensee is an offence.

Proper lamps must be used and horns or other means of giving audible warning must be carried.

Motor cars are taxed the same as any other wheeled carriages.

Offences may be tried summarily before a Resident Magistrate or two justices of the Peace.

The following amended regulation was published in November, 1913:—

Visitors to the island may bring in their auto cars, gasoline launches, carriages, horses, bicycles, guns, fishing tackle and such like articles for *personal* use without payment of import duty. Thirty per cent. of the amount of duty payable at time of importation must, however, be deposited, by way of guarantee, with the Collector who will return it on the article being taken away from the island within two months, and on receipt of a declaration made by such visitor to the effect that such auto cars, &c., have during that time been used solely for their personal use and not for gain or reward. Auto cars, carriages, horses and bicycles coming under this privilege may be used on the public roads free of taxes for six weeks. Should an auto car or other article admitted free under this rule be not exported within two months of importation the Collector shall withhold a sum equal to 5% of the duty for each month or part of a month during which such article is kept in the island beyond the specified period of two months up to the limit of the thirty per cent. deposited. If sold or not exported within eight months of date of importation the car or other article shall be deemed to have been finally imported and must be entered and duty paid according to law on value at time of importation, allowance being made for any interim payments already made under this rule. Articles not so entered and duty paid on being sold or kept in the island beyond eight months are liable to be seized as "uncustomed" goods under the provisions of section 156 of Law 18 of 1877, or duty may be recorded under section 32 of Law 21 of 1885.

The term "Visitor" for the purpose of this rule shall mean a person not domiciled in the island but one who is a temporary sojourner in search of health, pleasure, change of climate or some investment of capital or business.

## JAMAICA MOTOR CLUB.

THE Club was founded in 1911 and is affiliated with the Royal Automobile Club to take the place of the Jamaica Motor Union which has ceased to exist. Its principal objects are the encouragement of the use of mechanically propelled road vehicles; the discouragement of inconsiderate driving; the supplying of

information on general subjects connected with motoring; the opposing of public and private bills introduced in the Legislative Council and local by-laws embodying proposals restrictive of automobilism; and the negotiating with local authorities for the improvement of roads and the removal of dangerous corners.

There are 92 members. Cable "Jamotor," Jamaica.

#### OFFICERS.

*President*.—Vacant. *Vice-President*, Colonel O. H. E. Marescaux.  
*Hon. Secretary and Treasurer*, H. H. Dunn, 4 Duke street, Kingston.

#### SOLICITORS COMMITTEE.

Prior to the year 1896, persons wishing to enter the legal profession (Solicitor branch) in this island had to pass a preliminary examination in certain prescribed subjects conducted by some local examiner appointed by the Supreme Court, or if they had passed the University of Cambridge local examination, or such like examinations, they were exempted from preliminary examination and were allowed to enter into articles. At the expiry of due service under articles they were examined in Law by papers set by one of the Judges of the Supreme Court.

On the passing of Law 36 of 1896 the conduct of all the examinations was placed in the hands of a committee constituted under that Law, two of whom, namely, the Attorney General and the Crown Solicitor, are *ex-officio* members, and the other members (5 in number) practising solicitors appointed by the Judges of the Supreme Court. In addition to the preliminary and final examinations articulated clerks are required to pass an intermediate examination (Book-keeping being one of the subjects) as in England. The preliminary examination is conducted by the committee locally but the intermediate and final papers are set by the Law Society's examiners in England, and transmitted to the committee in this island through the Government. The syllabus of subjects for Intermediate and Final examination each year are published in the Jamaica Gazette.

In addition to the conduct of the above examinations, the committee has entrusted to it the investigation of complaints of parties alleging professional misconduct against any solicitor. Should the complainant establish a *prima facie* case of misconduct against the Solicitor a report is then made to the judges of the Supreme Court and the matter brought before that Court by motion and dealt with.

Under the Imperial Act (Colonial Solicitors Act, 1900) in certain cases mentioned in the Act and the Order of Council made in pursuance thereto on May 16, 1904, Jamaica solicitors who have been in practice before the Supreme Court of the island for not less than 3 years, and being male British subjects, on complying with certain prescribed requirements, may be admitted solicitors in any part of the United Kingdom, viz.: England, Scotland or Ireland, or in any two of those parts only, on application to the Master of the Rolls in England, to the Lord Chancellor of Ireland in Ireland and for admission as a law agent in Scotland to the court of sessions in Scotland. (A perusal of a copy of the Order in Council may be obtained on application to the Secretary to the Solicitors Committee.)

English solicitors are admitted to practice as solicitors in Jamaica on payment of a stamp duty and on satisfying the Supreme Court or a Judge of that Court as to identity, character, and that such applicant is a duly admitted solicitor in England.

Persons desirous of entering into articles are advised to refer to Laws 9 of 1869 and 36 of 1896, and the regulations made under the latter Law. The same can be had on application to the Secretary to the Solicitors Committee.

#### SOLICITORS COMMITTEE.

Hon. F. C. Wells Durrant, K.C., Attorney-General; A. J. Corinaldi, Crown Solicitor; William Morrison, S. R. Cargill, R. W. Bryant, Lewis Ashenheim, V. E. Mantion, H. H. Dunn, *Secretary and Solicitor to the Committee*

#### JAMAICA LAW SOCIETY.

In December 1919, the Jamaica Law Society was formed with the following objects:

(a) To support and protect the character, status and interest of the Legal Profession generally and particularly of Solicitors practising in the Island of Jamaica. (b) To pro-

more honourable practice, to repress malpractice, to settle disputed points of practice and to decide all questions of professional usage or courtesy between or amongst Solicitors. (c) To consider all questions affecting the interests of the profession and to initiate and watch over general measures affecting the profession and if necessary to petition the Government and Legislature of Jamaica, the Judges and other persons and bodies and to promote deputations in relation thereto and to procure any changes of law or practice, and the promotion of improvements in the principles and administration of the Law. (d) To encourage the study of Law by articled clerks of solicitors. (e) To promote information on legal subjects by such means as may appear expedient. (f) To create and maintain a benevolent fund for the benefit of poor and needy members of the profession and (or) their families. (g) To acquire hold and deal with such property real or personal and in such manner as may appear to be necessary or desirable for the objects of the society. There are sixty-four members. The annual subscription is £2 2s.

*Council*—A. J. Corinaldi, *Chairman*; W. Baggett Gray, W. Morrison, S. R. Cargill, V. E. Manton, L. Ashenheim, Hon. H. A. L. Simpson, O.B.E., R. W. Bryant, H. H. Dunn.

### BRITISH MEDICAL ASSOCIATION.

The Jamaica Branch of the British Medical Association, the first colonial offshoot of the parent association, itself incorporated in 1874 and now numbering over 22,000 members, was founded at Kingston in December, 1877.

The objects of the Branch, like those of the home association as declared in the articles of association, are the "promotion of medical and the allied sciences and the maintenance of the honour and interest of the Medical Profession." The laws of the branch are based upon those of the Reading Branch, Buckinghamshire.

The Executive consists of a President, a President elect, an Honorary Secretary (and Treasurer) and seven members of Council. The office bearers are elected annually.

All legally qualified and registered medical practitioners are eligible for admission, the election being determined by a majority at a general meeting. Applicants for membership must be proposed by three members, two at least of whom they are personally known, and are required to fill in a form of application which is to be obtained from the secretary. The elections take place at the general meeting following that at which the candidates are nominated. Members of the Association in England are admitted members of the branch on signifying to the Honorary Secretary their desire to have their names enrolled as such. The members of the branch number 40.

The general meetings are held on the last Wednesday in January, March, May, July, September and November when papers are read and discussed and notes of interesting cases are brought to the notice of the members. At the meeting in December the retiring President delivers a valedictory address and the President-elect assumes office.

There have been 21 Presidents since the foundation of the Branch, in the following order:

### MEDICAL COUNCIL OF JAMAICA.

THIS Council was established by Law 47 of 1872 and consists of five registered medical practitioners, appointed for three years by the Governor and eligible for re-appointment.

The appointment of a president and the election of a secretary are placed by the law in the hands of the Council.

The business of the Council includes—

- a. The framing of rules, &c., which have the effect of law after having been approved by the Governor in Privy Council.
- b. The consideration of the diploma, license, or certificate of any person claiming to be registered as a medical practitioner in this island.
- c. The removal from the register of any registered practitioner convicted of felony or misdemeanor, or who might be guilty of infamous conduct in any professional respect.

Law 28 of 1885 requires the registration of any person who holds a diploma, license or certificate "conferring or evidencing the possession by him of any qualification entitling him to registration." Any person not qualified to be registered but who holds a diploma, or license or certificate granted to him by any university, or by any college or faculty of physicians or surgeons, after and in consequence of his having passed through the course of study and examinations prescribed by such college or faculty of physicians or surgeons and who wishes to become qualified and to be registered as a medical practitioner in this island, may become so qualified and be so registered on passing a satisfactory examination in medicine, surgery and midwifery. Such examination must be conducted by a Board of Examiners to be appointed by the Governor from the Medical Council, and "shall be practically as searching as the least searching final examination required to be passed in the United Kingdom prior to, and as a condition of, the obtaining of a qualification entitling the person examined to be registered in the United Kingdom."

If the Board of Examiners find the candidate sufficiently informed or sufficiently skilled, they shall give him a certificate entitling him to be registered under the medical laws of this island. The fees for examination amount to £12 12s. and must be deposited before hand with the secretary. A fee of three guineas is given to each member of the Board of Examiners and three guineas to the Secretary of the Medical Council who is *ex officio* Secretary to the Board of Examiners. A fee of one pound is to be paid to the Registrar-General in every case of registration in ordinary cases. [See article on Registration Department, page 201 as to the registration of Medical and Surgical Practitioners and also Law 26 of 1896, "The Medical Laws Amendment Law, and Law 49 of 1908."]

## YOUNG MEN'S CHRISTIAN ASSOCIATION IN JAMAICA.

*(Affiliated to the National Council of Y. M. C. As., London.)*

THE Jamaica Y. M. C. A. Advisory Council was formed on December 17th, 1919, when the Field Secretary of the National Council of Y. M. C. As. (Mr. R. D. Pringle) laid proposals before a representative body of citizens.

This Council issued an appeal for funds and received in cash, during the eight months following, the sum of £3,570, together with promises, payable in 1921 and 1922, amounting to over £1,900. The Legislative Council also voted the sum of £1,000.

Spacious and central premises (formerly the Jamaica Hotel) in Hanover street, were purchased, structurally improved at a cost of some £70, fully equipped, furnished and repainted, dedicated to the use of the young men of Jamaica, and opened by H. E. the Governor (Sir Leslie Probyn, K.C.M.G.) on the 15th September, 1920.

Estate Welfare work by the Y.M.C.A. was started in Vere in December 1920. The Amity Hall Co. Ltd., and the Vere Estates Ltd., undertaking the necessary expenses. The Managing Director, Mr. A. W. Farquharson is President of this new branch of work.

## KINGSTON Y. M. C. A.

The Young Men's Christian Association of Kingston was formally established on April 9th, 1920. Its Headquarters are at Y.M.C.A. House, Hanover Street, Kingston, (as referred to above) where spacious Reading, Recreation, Dining and other rooms are provided for the members. There are also very comfortable residential quarters for the use of a limited number of young men. All young men, of respectable character, are, upon being introduced, eligible for membership, entirely irrespective of race or religion. The affairs of the Association are managed by a Board of Directors, who are required to be Communicant Members of a Christian Church, but the various sub-committees (Literary, Social, Religious, Athletic, etc.) are largely appointed by the members themselves.

Y.M.C.A. House is open daily from 9.0 a.m. to 10.15 p.m. (Sundays 3.0 p.m. to 10.0 p.m.) Among the various activities are frequent Concerts, Lectures and Debates. There is a Bible Study Circle and also Classes for Physical Culture. In connection with the Association there are Chess, Photographic, Football, Cricket and Tennis Clubs, as also an Orchestra and a first class Brass and Reed Band known as the "Kingston Red Triangle Band."

## JAMAICA YOUNG WOMEN'S CHRISTIAN ASSOCIATION.

In January 1921, Miss Grace H. Saunders on the invitation of the Upward and Onward Society came from England, sent by the World's Young Women Christian Association Committee. After preliminary enquiries, she at a meeting at King's House, called by Lady Probyn on February 8th, explained the object of the Association, which Association throughout the world numbers over eight hundred thousand members, and it was resolved to establish a Y.W.C.A. in Jamaica. An Advisory Council was appointed and until June when she was obliged to return to England had the guidance and assistance of Miss Saunders. In view of the then general business depression no special appeal was made for funds, but some hundreds of pounds were collected.

Lady Probyn interested herself in raising the funds needed for the purchase of premises and invited the assistance of ladies and Associations, too numerous to mention, throughout the island, and Montague House was purchased in February for the sum of £1,400 out of the £2,700 collected by the efforts of Lady Probyn. In February 1922, Miss E. Pieton-Tuberville, O.B.E., representing the World's Y.W.C.A. came to Jamaica, and her appeal work resulted in the collection of £1,164.

#### JAMAICA SCOTTISH SOCIETY.

In the days when Sugar Cane was King in Jamaica, when the price of sugar was high, and there were many sugar estates in Jamaica, mostly small, but mostly prosperous, many hundreds of young Scotsmen were brought out as Field Overseers and Engineers in the works. There was then a strong Caledonia Society in Jamaica, whose chief functions were to hold highland games and a Dinner once a year. With the advent of cricket and football, and their increasing popularity, the Highland Games were discontinued. For some years the Caledonia Society was moribund, but again was enthusiastically re-established as "The Jamaica Scottish Society" on new lines. It holds an Annual Dinner on St. Andrew's Day (30th November) and is also a Benevolent Society, having a fund to assist stranded or other unfortunate Scotsmen.

During the war period, substantial amounts were sent to "The Scottish Red Cross Society" the fund to aid Scottish Prisoners of War in Germany, etc.

*Joint-Secretaries*: J. B. Stiven, 13-17 Orange Street, Kingston.  
John Barclay, 11 North Parade, Kingston.

## JAMAICA PHILATELIC SOCIETY.

THE Jamaica Philatelic Society was organized on April 14th, 1920 from the dormant elements of the "Jamaica Philatelic Association," and the "Kingston Philatological Society." The objects of the Society are, the study and practice of Philately, the prevention and detection of forgeries, the publication of articles on Philatelic subjects, the bringing of all collectors and others interested in Philately in touch with each other.

## DEPARTMENT OF OVERSEAS TRADE.

THE Department of Overseas Trade (Development and Intelligence) is the clearing house for information to British traders. Trade Commissioners are at present established in India, Canada, Australia, New Zealand, South Africa, East Africa, Straits Settlements and the British West Indies. They are a part of the overseas organization of the Department of Overseas Trade which, under the joint control of the Foreign Office and the Board of Trade, collects and distributes commercial intelligence for the benefit of the manufacturers and exporters of the United Kingdom. It is the duty of His Majesty's Trade Commissioners to report to the Department on the following, amongst other matters:—(a) Contracts open to tender; (b) Demand for particular goods; (c) Lists of Importers of various goods (d) Suitable agents for British manufacturers and merchants; (e) Best methods of marketing and distribution, Credit conditions, Terms of payment, Nature of competition, and the best way of combating it; (f) Customs tariffs and regulations, etc.; (g) Statistics of imports and exports; (h) Shipping and Transport; (i) Sources of supply of raw materials and of goods not manufactured in the United Kingdom.

West Indian firms are invited to use the services of H.M. Trade Commissioner in obtaining from the United Kingdom quotations for their special requirements and in being placed in touch with British exporters generally. The Trade Commissioner is also glad to assist West Indian firms by obtaining information as to the markets for West Indian commodities in other parts of the world.

The British Industries Fair, which is held annually in London and Birmingham during the last week in February and the first week in March, is organized by the Department of Overseas Trade. It is a valuable means of bringing together manufacturers and buyers, and West Indian merchants are invited to time their visits to the United Kingdom so that they may have the opportunity of visiting the fair.

Through the wide ramifications of its overseas intelligence service the Department receives a constant flow of valuable information from all important overseas markets covering all commercial subjects of interest to British traders.

The aim of the department is to co-operate as closely as possible with the commercial community in its efforts to rebuild, and where feasible, to increase its pre-war export trade.

Representatives of British firms when travelling abroad can obtain much valuable information from a man who is in close daily contact with the commercial life of the country concerned. The Imperial Trade Commissioner for the British West Indies was first appointed in 1918.

*Imperial Trade Correspondent in Jamaica*—The Canadian Trade Commissioner 17 Port Royal Street, Kingston.

*H. M. Trade Commissioner in the British West Indies*—J. L. Wilson Goode, 12 Broadway (P.O. Box 225) Port-of-Spain, Trinidad.

*Head Office of the Department*—35 Old Queen St. London, S.W.I.

## CANADIAN COMMERCIAL INTELLIGENCE SERVICE.

THE Canadian Government maintains a Commercial Intelligence Service throughout the world, which assists in the marketing of Canadian Products. There are Trade Commissioners in all the principal countries of the world. The Canadian Trade Commissioners in the British West Indies are under particular instructions to extend the same measure of aid to West Indian exporters as to Canadian exporters.

The Trade Commissioner for the Carribbean was formerly situated in Havana, but the extreme depression in Cuba together with the increased liaison between Canada and Jamaica led the Dominion Government to transfer its Carribbean office from Havana to Kingston. From Kingston the Commissioner covers the entire area of the Caribbean (with the exception of the Windward Islands.)

*Canadian Trade Commissioner*— J. R. Stevens.— Port Royal Street, Kingston.

## PART XVII

### MEANS OF COMMUNICATION.

#### TRAVELLING IN JAMAICA.

By way of introduction to the information about means of travelling in Jamaica it will be useful to give a brief outline of the main roads of the island, these being the means usually adopted for through travel, although some of the better kept parochial roads are used to a considerable extent.

The island has been divided physically by nature, into the northside and the southside, the existence of the central mountainous country being the cause of the division. In the eastern end of the island the lofty range of the Blue Mountains extending from north of Kingston to the sea coast near Manchioneal accentuates the division. In the central and western portion it is by no means so marked, in fact in the very centre of the island there is a stretch of country running east and west of about 30 miles in length occupied by the valleys of three rivers, each of these sinking into the limestone soil and with no visible connection with the sea.

On account of the conformation of the island as above described, the system of main roads, until comparatively recent years, consisted of a belt line running round the island, with few exceptions, along the sea coast, with loop lines on the plains of St. Andrew, St. Catherine and St. Elizabeth, and with three cross connections from the south to the north; one by way of Stony Hill from Kingston to Annotto Bay; a second, from Spanish Town to St. Ann's Bay, by way of Mount Diablo, and the third from Savanna-la-Mar to Montego Bay via Mackfield; these three roads crossing the central range of hills at elevations of about 1,350 feet, 1,800 feet, and 1,000 feet, respectively. Commencing at Kingston and going to the east-end, then turning westerly along the northside until Green Island is reached and then returning by the southside to Kingston, the old system of main roads passed through all the principal ports and towns in the island. Founded on it as a basis, there have been, either constructed as new roads, or more generally taken over from parochial roads and reconstructed, a very large number of other main roads, creating with the original roads a network over the whole of the inhabited portion of the island, and affording communication between the old northside and southside lines by some fifteen different routes, the whole length of main roads aggregating at the present time 1,944 miles, of which nearly the whole are driving roads, of a width nearly everywhere sufficient for a double line of traffic, and generally maintained in very good condition, although necessarily liable in times of excessively heavy weather to severe damage from flooded rivers and landslips, and from the heavy scouring effect of the rains on the surface of the roads, especially those on steep gradients. On some of the roads, especially on some of the parochial roads recently taken over, heavy gradients are to be encountered, but it has been the aim in recent years to improve the roads in this respect. Many improvements in this direction have taken place, and in new roads steep gradients have been very carefully avoided.

Some of the main roads of recent construction attain much greater elevations than those of the original system. In St. Elizabeth the road over the Santa Cruz mountains reaches a height of 2,200 feet at Malvern; in Manchester the road from Shooter's Hill through Christiana to Ulster Spring touches the 3,000 feet level at Coleyville; the driving road up the Blue Mountain Valley in St. Thomas attains 2,750 feet at Arnully Gap; while the road from near Gordon Town via Newcastle to Buff Bay crosses the main ridge of the Blue Mountain at Hardware Gap at a height somewhat over 4,000 feet; and the road to Mavis Bank rises to a height of 2,800 ft. at the gap at Guava Ridge. All of these roads, as also many others in various parts of the island, afford exquisite views to the traveller, but the Newcastle road gives a succession of views of hills, plains and sea, which are surpassingly striking and beautiful.

g In addition a sum of £30,417 0s. 8d. paid to the Crown Agents by the Colonial Bank in connection with judgment given against the latter on 5th July, 1905.

h Gross Annual Receipts for 1909-10 are inclusive of £9,250, Insurance of No. 2 Pier, Kingston, destroyed by fire 18.5.09, and £789 12s. 9d., credit for coal over-charged to Locomotive Department during 1907-08 and 1908-09.

Working expenses for 1900-10 are inclusive of £8,710 rebuilding No. 2 Pier. Since the final Order of the Supreme Court vesting the Jamaica Railway in the Government of the Island, the railway has been administered as a Government Department. By a resolution passed on March 30th, 1911, the Legislative Council approved of a branch railway being built at an estimated cost of £92,250. This branch starts from May Pen station and runs up the valley of the Rio Minho to Danks, near Chapelton, (the station is called Chapelton) a distance of 13 miles. It was opened on Sept. 4th, 1913. In April 1921, a further length of line of 2½ miles, from Linstead to New Works, was opened to traffic.

The following tables give the times of departure from the several stations of the Trains on the Railway Line and the rates of fares between the Stations at the date of the printing of the Handbook but they are liable to alteration.

## SEASON TICKETS—TERMS AND CONDITIONS OF ISSUE.

(a.) Season tickets entitle the holders, for the period named therein, to travel, subject to the regulations, between the stations, and in the class of carriage for which the tickets are issued, by any of the ordinary passenger trains (exclusive of Sunday excursion and other special trains) stopping at such stations, and are issued for periods of one, three and six months.

(b.) Applications for season tickets must be made to the Accountant, Kingston, at least three clear days before they are required.

(c.) Season tickets are issued subject to the ordinary contingencies, and the holders are not entitled to any rebate of price or allowance of any kind in the event of their being, from illness or any other cause, unable to use such tickets during any period of time for which they are issued.

(d.) The right is reserved to alter and vary the trains without liability to the holders of season tickets. The railway will not be held accountable for want of accommodation in the trains, or for any stoppage or delay arising from any cause.

(e.) Holders of season tickets must produce their tickets when called upon to do so by officers or servants of the railway.

In case of default, the holder must pay the ordinary single fare for the journey he has made or is making.

Such amounts may be refunded on application, but the right is reserved to decline such in cases of wilful, habitual or unreasonable refusal on the part of the holder to produce his ticket when called upon to do so.

(f.) Season tickets are not transferable, and if used by any other person than the one in whose favour they are issued, they will be forfeited and the ordinary fare must be paid.

(g.) In the event of a season ticket being lost, notice must at once be given to the Accountant, Kingston, who will issue a new one upon payment of 2/6.

(h.) Season tickets will be issued at quarter rates to school children under 14, and at half rates to persons under 18 years of age, who are in employment, or are articulated apprentices, or who are travelling for the sole purpose of receiving instruction in any day school, upon production of a certificate duly signed by the employer, master or mistress, as the case may be, also to school teachers at half rates, subject to their *bona fides* being satisfactorily proved.

(i.) Season tickets at half rates will be issued to vendors of books and magazines, subject to the approval of the Director (and subject to such season tickets being cancelled at any time for any breach of the regulations or rules of the railway), for the purpose of selling newspapers, books and magazines on the trains. The maximum weight of books periodicals and newspapers which such vendors are allowed to carry free is 28 lbs.

(j.) Season ticket holders who wish to renew their tickets, must give at least three clear days' notice in writing to the accountant, Kingston.

All expired season tickets must at once be sent to the accountant.

(k.) The Government reserves the right to refuse to issue a new ticket except upon production of the old one.

(l.) It is to be understood that the contract for conveyance does not include baggage of any description for which the Government reserves the right to make an additional charge.

#### SPECIAL TRAINS.

(a.) On not less than 24 hours previous notice being given to the Director of the Railway, special trains may be provided on the following conditions:—

(b.) For a Single Journey.—Minimum 60 1st Class, or 120 2nd Class, ordinary fares. This entitles the number of passengers as above to travel. Any excess of passengers over 60 1st Class, or 120 2nd Class, must pay the ordinary fare.

(c.) For a Return Journey.—(1) If the return journey is commenced within 24 hours from the starting of the outward journey, the same minimum and rates as for a single journey plus 50 per cent.

(2) If the return journey is commenced after 24 hours from the time the outward journey was started, the rate will be double the charge for the single journey.

(d.) At night or on Sundays.—For Journeys made after 8 p.m. or before 6 a.m. or on Sundays, 25 per cent. additional will be charged. The additional 25 per cent. will be charged only on the proportion of the time occupied after 8 p.m. or before 6 a.m. or on Sundays, in making the journey, (delays on account of accident or unavoidable causes not charged for.)

(e.) Empty Miles.—The distance a train or engine has to run empty to commence a service will, in addition to the above, be charged for at 2s. 6d. per mile, subject to 25 per cent. additional for the proportion of the time after 8 p.m. or before 6 a.m. or on Sundays.

(f.) Detention.—The charge for a special train not starting at the time fixed or detained through no fault of the Railway beyond the time occupied in the running is 20s per hour or part thereof.

(g.) Cancelling Order for a Special Train.—A charge of £3 will be made for a special train ordered and cancelled, and in addition any empty miles run in either direction in connection with the same as per paragraph (e.) unless sufficient notice is given of the change so as to prevent the Railway from incurring any expense thereby.

(h.) Minimum Charge.—The minimum charge for any special train run on week days between 6 a.m. and 8 p.m. for a single journey is £12 and for a return journey is £18 plus 25 per cent. additional as per paragraph (d.) for the night or on Sundays.

The minimum charge for the running of a special train must be lodged in advance when the train is ordered.

Special trains will be run only at the option of the Government.

The right is reserved to the Government to forward any of its ordinary traffic by any special train, but no reduction of the special train rates will be made on account of the train being so utilized.

(m.) Servants and waiters on special trains will be conveyed free of charge to the following extent: 1 to every 10 First Class or 1 to every 20 Second Class passengers.

(n.) Special charges will be made for running special trains on Christmas Days and Good Fridays.

## GIVING UP TICKETS.

Passengers must, when nearing their final destination give up their tickets to any authorised servant of the Railway.

## ISSUE OF 1ST CLASS RETURN TICKETS AT FARE AND A HALF.

From 1st December 1914, until further notice First Class Return tickets will be sold at fare and a half, at all stations.

The ticket for the outward journey will be available for the day of issue only. The return ticket will be available on day of issue or up to 14 consecutive days thereafter

## BREAKING THE JOURNEY.

Clause 64.—Passengers must, when nearing their final destination give up their tickets to any authorized servant of the Railway.

Tickets are available for such length of time as allowed by the regulations, and any passenger desiring to break the journey within such time, may do so, but it is necessary that the ticket should be endorsed by the Guard, shewing at what station the journey was broken.

The holder of the ticket must see that this is done otherwise the ticket will not be valid when presented for the continuation of the journey.

Guards must advise passengers of this condition.

*Sunday Return Tickets* are available for the day of issue only.

*Date Expired Tickets.*

(a) Although unused are “dead” and unacceptable and no allowance can be made for them when passengers purchase new tickets or pay excess fares.

(b) Any refund will be made only on the authority of the Director.

In the absence of ledger accounts the onus of proving payments of the requisite amounts shall rest with the applicants for the passes.

## LIVERY STABLES AND GARAGES

The general charge for distances and where the hirer has the use of a buggy and horse for a period of twenty days is at the rate of 25/ per day. The hirer can arrange before starting on his journey, either that the livery stable keeper shall include the cost of feeding the driver and horses in the charge of hire, or that he himself pay them as he goes along. The rate paid for the driver's food is usually 2/6 a day, and the cost of feeding the horses varies according to the current price of corn and grass in the district visited.

The average price for hire of a motor car is usually one shilling and sixpence per mile paying both ways for 5 seaters, and two shillings per mile for 7 seaters.

## KINGSTON HACKNEY CARRIAGE.

*Regulations made on the 12th April, 1920, by the Mayor and Council of Kingston, under Section 3 of Law 36 of 1881, as amended by Law 12 of 1887.*

1. That Regulation 13 (1) and (2) of The Hackney Carriage Regulations made under the Authority of Law 36 of 1881 on the 6th August, 1888 be and the same is hereby repealed and the following Regulation substituted therefor:—

13. (1). No person shall drive any Hackney Carriage without first applying for and obtaining from the Council a Badge which shall be numbered and the number of which shall be registered together with the name and address of such person by the Clerk of the Council in the Hackney Carriage Register and a driver shall not lend or part with his badge to any other person.

(2) Such badge shall be of such material and design as the Council may by Resolution from time to time prescribe.

2. That Regulation No. 37 of The Hackney Carriage Regulations made under the authority of Law 36 of 1881 on the 6th August, 1888, be and the same is hereby repealed and the following Regulation substituted therefor:—

37. Every owner or driver of a Hackney Carriage plying for hire shall be entitled to demand and be paid for the hire of such carriage the rate or fare by distance or by time (as the case may be) prescribed by the following Tables, and in every case the hiring shall be by distance, unless the hirer expresses at the commencement of the hiring his desire to engage by time, in which case the hiring shall be by time.

*Table of Fares by distance, between the hours of 6 a.m. and 10 p.m.*

|  |     |
|--|-----|
| For every person conveyed in any Hackney Carriage between any two points in any one of the Districts set out below                         | 6d. |
| For every person conveyed in any Hackney Carriage between any two points in the Districts aforesaid involving travelling in both Districts | 9d. |
| For every half mile or part thereof beyond the boundaries of District No. 2. for every person carried                                      | 6d. |
| For every child above one year and under the age of 10 years, half of above rates.   |     |
| No charge shall be made for Infants under the age of one year.   |     |

DISTRICTS.

*District No. 1.*—Shall be the area within the following boundaries:—

From the Kingston Harbour at the foot of Kingston Pen Road up that Road to its junction with the Spanish Town Road, then up the Spanish Town Road to its junction with North Street, then along North Street to its junction with South Camp Road, then down South Camp Road to its junction with Victoria Avenue, then along Victoria Avenue to Higholborn Street, then down Higholborn Street to its junction with Laws Street, then along Laws Street to Fleet Street, then down Fleet Street to Tower Street, then along Tower Street to its junction with Charlotte Street, then down Charlotte Street to the Kingston Harbour.

*District No. 2.*—Shall be the area without District No. 1 and within the following boundaries:—

From the Kingston Harbour at the foot of Kingston Pen Road to the Spanish Town Road along the Spanish Town Road to North Street, along North Street to its junction with Bond Street; up Bond Street to Blount Street, then along Blount Street and Hospital Lane to Slip Pen Road, down Slip Pen Road into and along Drimmond Street, up Orange Street as far as York Villa, and then by a line drawn Eastward along the Southern boundary of the Race Course, along Hannah Street and into Kingston Gardens, thence Eastward along the remaining Northern and Eastern boundaries of Kingston Gardens into North Street, and along North Street to its junction with South Camp Road, and down South Camp Road to its junction with Victoria Avenue, and then Eastward along Victoria Avenue and the Windward Road to Paradise Street and down Paradise Street to the Kingston Harbour.

The limits of Boundaries of each district as defined above shall include the whole width of the said several roads and streets.

*Table of Fares by Time, between the hours of 6 a.m. and 10 p.m.*

|  |     |
|--|-----|
| For any time within and not exceeding half an hour, two shillings                        | 2/. |
| For any time above half an hour and not exceeding one hour, four shillings               | 4/. |
| For every additional half an hour or part of an hour after the first hour, two shillings | 2/. |

If the hiring by time be within the area of either or both the Districts above defined, such fares by time shall be in full for the hire of the whole of such Hackney Carriage and the Driver shall be compelled to carry, if so required, the full number of persons the Hackney Carriage is authorised to carry. If the hiring be to a place or places without the area of the two Districts aforesaid, then the Driver shall be entitled to be paid for each person carried in addition to the first, one-half of the above fares.

No hackney carriage shall be permitted to ply for hire unless a legibly printed copy of the table of fares be conspicuously exhibited in such hackney carriage for the information of passengers.

Any driver may agree to drive for a lower fare than those fixed, in such case he shall not demand more than the fare agreed upon.

If a hackney carriage is hired by distance and in the course of the hiring the driver is at the request of the hirer made to wait (including waiting before starting) the driver shall be entitled to charge (in addition to what is due to him for distance) an extra payment of 3d. for each period of 10 minutes completed, whether in one stoppage or in several stoppages; but the driver shall not be entitled to receive any extra payment for waiting if such waiting has not exceeded in the whole 10 minutes. Provided, if the total fare by distance together with the extra payment of 3d. for stoppages for every 10 minutes, amounts to less than 1s. 6d. for half an hour then such driver shall be at liberty to make a total charge of 1s. 6d. for every half hour so completed.

Every owner or driver of a hackney carriage shall have a right to demand his fare of the person or persons employing him, on their entering his carriage, or ordering him to wait, or to drive further, and may refuse to convey any such person who does not comply with such demand and may require any constable to remove and expel from the carriage any person so refusing to pay his fare.

#### STANDS FOR HACKNEY CARRIAGES

The following shall be the stands for hackney carriages:—Between Harbour street and Port Royal Street in the forenoon on the east side, and in the afternoon on the west side of the following streets: Orange, Church, Duke and East streets, and in King street as follows:—

## MILITIA HISTORY.

THE Restoration in England in 1660 was followed by the substitution in Jamaica of a Civil Governor for the Military Officer, who up till that time had administered the affairs of the Colony. This was followed in 1662 by the conversion by Lord Windsor, the first royalist governor, of the greater part of the garrison into five regiments of Militia. This militia was composed exclusively of European residents in the island, and negroes were rigidly excluded. In "The State of Jamaica under Sir Thomas Lynch," which appears as preface to the first edition of "The Laws of Jamaica" published in London in 1684, occurs the following account:—

"The Militia in this Island is better Armed, and much better disciplined than in England and do much more duty, as waiting on the Governors, guarding the forts, especially at Port Royal, where there are Ten Companies of about 200 in each, one of which watches every night. All the Militia is commanded by the Governor, as Captain General, according to His Majesties powers and the Act of Militia. There's eight regiments in the eight provinces, and a troop of horse in every province, that makes one regiment. At

Port Royal is a Captain of the Castle (and three honorary Captains of Forts) and twelve gunners and Matrosses, all paid by the King, out of the Revenue arising in the Island; these lodge in the Castle and forts, and take a constant care of the guns, arms ammunition, &c. In Port Royal is a castle and four forts, wherein are mounted 145 guns." In the 18th and early 19th centuries the organization was more or less feudal and each estate was called upon to provide its quota for the militia. Towards the end of the 18th century, natives were admitted to the force and records show that its strength in 1783 was 6,793; and in 1792 it was 8,172 of which one quarter were natives. It was then organized as 3 regiments of horse and 14 of foot. In 1805 during the war with France, the militia rose to what appears to have been its maximum strength, 10,000 foot, and 1,000 horse. There were three regiments of horse, one in each county, and eighteen regiments of foot, one for each parish.

The Volunteer movement in England was reflected by the establishment of a small Volunteer Force in Jamaica. This rose to a strength of 84 officers, 583 other ranks, and 260 horse. They were however, shortly afterwards disbanded, in 1906 the Kingston Light Horse alone remained in existence. After good service in the 1865 Rebellion, this also ceased to muster for parades and the volunteer movement died.

In 1879 a Militia Law was passed which was amended in 1887 and 1891. Under these laws, the Jamaica Militia Artillery and Jamaica Militia Infantry were raised. The latter was finally disbanded in 1906, in the belief that such a training school for citizens was superfluous in an age of established peace, and that in any case the people of the West Indies could not possibly be of any consequence in any imaginable war of the then future.

Some of the members of the Jamaica Militia Infantry formed themselves into the St. Andrew Rifle Corps, and this body was kept up at the expense of the public though never recognized as a military body by the Imperial Government, owing to their organization.

It was disbanded in August, 1914 and members of this Corps were re-embodied as the Kingston Infantry Volunteers.

## KINGSTON INFANTRY VOLUNTEERS

Prior to the outbreak of the war there existed an unrecognized Volunteer Corps known as the St. Andrew Rifle Corps. This Corps, though not recognized as a military body, was partly supported by the Government, grants being made to it each year for training and for ammunition and transport. The majority of its members had been members of the former Kingston Infantry Militia.

On the outbreak of war, when it was found desirable to enrol the Corps as part of the new Volunteer Force, it was decided to disband the Corps and to re-enlist the men in a Company of the Volunteer Force to be designated as "The Kingston Infantry Volunteers." The Commanding Officer of the Corps was accordingly authorized, under Warrant by the Governor, to enlist persons to serve as members of a Company of the Volunteer Force to be designated as the Kingston Infantry Volunteers. This was done and Commissions were issued to the Officers of the Corps.

The present Officers of the Kingston Infantry Volunteers, are:—

*Home for Disabled Men*—Recommendations for the erection of a home for disabled men were forwarded to the Government and His Excellency the Governor appointed the following committee to go into the matter:—

Dr. E. L. Hunt, c.m.g., Dr. D. J. Williams, Mr. William Wilson, o.b.e., Hon. H. A. L. Simpson, o.b.e., and Major C. S. Sanguinetti, President, c.s.a.c. This Committee met and reported to the Colonial Secretary on the 23rd January, 1922. The scheme has been approved, and the Home is now in course of erection.

*Contingent Sufferers Fund*—The following statement shows the position of this fund at 31st March, 1922.

| <i>Liabilities</i> —                           |        |       | <i>Assets</i> —                        |        |       |

It is proposed to use the interest derived from these funds towards the cost of maintenance of the home.

*Land Loans Department*—During the year 266 applications for loans were dealt with of which 188 were approved and loans completed for £3,859, making the total loans issued to 31st January, 1922, 405 for £8,223 17s. 0d.

The Committee is of the opinion that as the Land Loans Department had been in operation 2 years and 9 months up to 30.3.22 notice should be given that no further applications for loans should be entertained.

*Land Settlement Scheme*—No progress was made in settling men on the Crown Lands in the Rio Grande Valley but as applications for allotments were being renewed the Committee arranged for the repairs of the roads leading into the allotments and the cleaning out of the lines of the lots that had been surveyed and which were now grown up in bush, and it is hoped that allotments will be taken up in the near future.

*Applications for Employment*—A considerable portion of the time of the staff is taken up in answering letters from ex-soldiers, requesting that jobs may be found for them. As it is over three years since the last of these men were demobilized the Committee strongly urge that the time has now come when they should be informed that they must rely on their own efforts to obtain employment.

## COMMITTEE.

Major C. S. Sanguinetti, *President*, Dr. E. Langley Hunt c.m.g., s.m.o.; Hon. H. A. L. Simpson, o.b.e., m.l.c.; William Wilson, o.b.e.; D. N. Barr; J. Tapley; W. Baggett Gray; A. H. Jones; M. DeCordova; J. G. Peet; Capt. A. M. Furber, s.o.l.f.; *Secretary*, Col. A. H. Innock.

## WAR MEMORIALS

In 1919, the Governor appointed a Committee consisting of the Hon. F. E. Reed, B.A., Mr. Frank Cundall, Major B. F. Caws, Mr. J. G. Young and Mr. Robert Simmons, to make recommendations to His Excellency on all questions relating to the best materials, design and lettering to employ (1) for Memorial Tablets which should set forth the terms of the telegram from the Secretary of State for the Colonies, relative to the part taken by this Colony in the recent Great War, and (2) for other tablets in suitable places in each parish to contain rolls of honour with the names of the men of all ranks from the parish who gave up their lives in defence of the principles for which the Entente Allies contended.

In October, 1919, the Committee reported recommending that memorial tablets of cast bronze with raised Roman lettering containing the telegram of the Secretary of State, should be put up in every Court House in the Colony, and that memorial crosses should be erected in the respective parishes of the Island, and submitted designs. The tablets were duly ordered, and were sent for erection in the Court House of each parish in the Colony. Additional Tablets were sent to Turks Island and to the Cayman Islands.

On the Tablet appears the following inscription:—

"The Great War 1914-1918. Message to the Governor of Jamaica from the Secretary of State for the Colonies 16th November, 1918:—

"Now that the War has been brought to a victorious conclusion, I desire on behalf of His Majesty's Government to express to the people of Jamaica and her Dependencies the Mother Country's high appreciation of the Military effort they have made, their cheerful acceptance of compulsory service in the common cause and their unflinching support in the great struggle in spite of the difficulties in which visitations of nature have involved them at home. I recall with pride and gratitude the share of men of Jamaica in our final victory in Palestine."

As it was found that the money voted would not provide the fourteen crosses necessary, it was decided to erect one in each County, in Kingston, in Spanish Town and in Savanna-la-Mar. It was later decided to have one only, erected in Kingston.

The Memorial, designed by Mr. J. C. Young, A.R.I.B.A., and Mr. E. A. L. Martyn, A.R.I.B.A., which is situated in Memorial Square, east of the Public Building, Kingston, takes the form of a stone cross rising from a base and steps of the same material, and placed in the centre of a square paved enclosure surrounded by dwarf walls which have openings on all four sides and paths leading up to them.

The total height from the pavement to the top of the cross is twenty-nine feet and the bottom step is sixteen feet square. The second step bears in low relief the words, "Their name liveth for evermore." The octagonal base, which is ten feet six inches in height, has a wreath carved on the eastern face, and on the carved ribbon above are cut the dates "1914-1918."

The upper portion of the base has eight panels, in four of which are inserted marble slabs, and on that facing east is the inscription "In Memory of the men of Jamaica who fell in the Great War."

The cross, which is octagonal in section, is built in drums having a steel coil running from the base right up to the topmost stone.

The stone of which the Memorial is built is a hard lime stone from a quarry on Knock-alva, St. James, the estate of Mr. Maurice Malcolm. The marble is from Serge Island, St. Thomas, owned by Mr. H. Holgate. It is believed that this is the first time that Jamaica-quarried marble has been used for decorative purposes.

It has been found impossible to engrave on the Memorial the names of all those, upwards of 1,000, who gave their lives for their country and the empire, but these will be recorded in an account of Jamaica's Part in the War which is being prepared.

The cost of the Memorial and the laying out of the square is £3,000. Much of the expense is due to the fact that the men employed had to be trained by Mr. Treleven to do work of a class to which they were quite unused, and work to a degree of accuracy which was foreign to their previous experience. Consequently each stone had to be dressed, placed in position and then redressed.

In addition, much preliminary work was done in prospecting for suitable stone and marble. Quarries had to be opened up, and workmen had to be taught properly to quarry stone as well as to cut and polish marble.

The square has been laid out in grass with beds of plumbago and hibiscus arranged symmetrically.

### RIO COBRE HOME.

*For the children of War Contingent men.*

In response to representations that the children of men who had joined the various war contingents were not being maintained, the Legislature voted under the Head of "Defence" the sum of £1,200. The Rio Cobre Hotel at Spanish Town was handed over in May 1917, by the Government to be a temporary home for children of men who had enlisted. Mr. Frank Isaacs undertook the charge of the Home.

Children of school age attend the Government Elementary School at Spanish Town, and the children assist generally in the domestic work of the institution and in keeping the grounds clean and tidy.

On 31st Dec, 1922 there were 54 children remaining in the Home of various ages from 2 years to 14 years of age.

## CHILD WELFARE.

THE Committee appointed by the Governor to consider and to make recommendations for the solution of the problem of Child Welfare in Jamaica, reported in March, 1922, under the following heads:—

i. Introductory ; ii. Need for a Child Welfare Department ; iii. Scope of Department ; iv. Leading principles ; v. Comprehensive system ; vi. Institutions ; vii. Further Organization ; viii. The physically and mentally defective ; ix. Voluntary Organizations ; x. Enforcement of parental obligations ; xi. Finance ; xii. The reports referred to the Committee ; Appendices A, B, C, D, E, F.

The Committee considered that the problem of Child Welfare is now in Jamaica one that calls urgently for a solution, and that it should receive the immediate and most careful attention of the Government and the Legislature;

That the admirable work now being done by the social workers voluntary associations does not and cannot cover the ground;

That Child Welfare work has now become an essential part of government organization in almost every civilised country which takes into consideration the all important bearing which this question has on the broad principles of national progress and advancement;

That machinery already exists in Jamaica for the purpose of dealing with destitute and neglected children and juvenile delinquents, but the best use is not made of this machinery by reason of the fact that there is no provision for one central authority whose specific business it is to look after and co-ordinate all the institutions and societies caring for dependent children.

The Committee was unanimously of the opinion that a Department of Child Welfare should be established, with a responsible Head, which shall control and direct all government institutions for the reception, detention and training of juveniles, and supervise such other institutions as may now or in the future exist having for their aim and object the welfare of juveniles receiving aid from government or parochial funds.

The expenditure provided for in the current financial year by General Revenue on account of Industrial Schools, Orphanages and Foster Homes, including the cost of two nurses for the Child Saving League, amounts to £13,105. The expenditure by the parishes for the year 1920 for Industrial School children, children in Poor Houses and outdoor relief to pauper children amounted approximately to £18,575.

The additional expenditure called for by the recommendations of the Committee is estimated at £8,250, of which £1,500 would fall on parochial revenues, and includes £5,000 for the buildings, equipment and maintenance of a proposed Agricultural Farm.

The Committee suggested, alternatively, in order that a beginning might be made, that provision be made for 1922-23 of £2,222.

## COMMITTEE.

F. F. Reed, B.A., *Chairman*, Hon. & Rev. A. A. Barclay, George Batson, (S. A. Brigadier), Mrs. Judith DeCordova, Rev. Wm. Graham, John T. Hillary, (S. A. ## THE WEST INDIA HEALTH AND WELFARE SOCIETY.

THIS Society, founded in 1922, has for its objects the promotion of the health and welfare of the people of the British West Indies, and the reduction of the high rate of infantile mortality in these Colonies. The organization and rules of existing societies need not be interfered with. Under Health and Welfare are included Baby Saving Leagues, Tuberculosis Associations, Nursing Associations and Creches, and all similar societies. The Executive Committee, when appointed, will consist chiefly of Doctors, specialists in Sanitary Science and Tropical Medicine, some West Indian ladies interested in the movement, and some trained nurses, living in England.

The Society has the support of the West India Committee and the Society for the Propagation of the Gospel, and is in touch with the British Red Cross Society, the Overseas Nursing Association, the London School of Tropical Medicine, the British Medical Association, and the Royal Colonial Institute.

## PART XIX

### MISCELLANEOUS INFORMATION.

#### NATURALIZATION OF ALIENS, PASSPORTS, &c

##### I NATURALIZATION OF ALIENS.

By the 1st section of the Act 35 Charles II., cap. 3, the Governor of Jamaica is empowered, by instrument under the broad seal of the island, "to make an alien or aliens, foreigner or foreigners, being already settled in the island, or such as shall hereafter come to settle and plant in it, having first taken the oath of allegiance, to be, to all intents and purposes, fully and completely naturalized;" and the person so naturalized thenceforward has and enjoys for himself and his heirs "the same immunities and rights of, and unto, the laws and privileges of this island in as full and ample manner as any of His Majesty's natural born subjects have or enjoy within the same," or as if the person concerned had been born within any of His Majesty's realms or dominions.

The provisions of this Act have frequently been had recourse to, and this was especially the case in the years during which emigration to a large extent from Cuba and Hayti took place in consequence of the disturbances in those countries.

The procedure under this Act is as follows: A petition is presented to the Governor setting forth particulars of the individual desirous of naturalization, the fact of his having settled in the island or his intention to do so, as the case may be, and his willingness to take the oath of allegiance. To this petition should be affixed the signatures of at least two respectable citizens as a guarantee of the good character and *bona fides* of the petitioner. If after such further enquiry as may be deemed necessary the Governor should decide on granting letters of naturalization, a writ of *dedimus* is issued for the administration of the oath of allegiance to the applicant, and, when this writ is returned executed, the letters of naturalization are issued, and an intimation to that effect is published in the Jamaica Gazette by Authority. Letters of Naturalization are subject to a Stamp Duty of £2.

Naturalization under this Act confers no rights outside the limits of Jamaica.

Under the 6th section of the Act 14 Vic. cap. 40, any woman married to a natural born subject or person naturalized in Jamaica shall be deemed to be herself naturalized and to have all the rights and privileges of a natural born subject.

It has been held that the children of an alien who has been naturalized in the colony, born before their father's naturalization, do not become British subjects by the naturalization of their father, whether they are, or are not, of age at the time of their father's naturalization.

Certificates of naturalization granted in Great Britain give the holders the rights and privileges of British subjects in the colonies except in those Dominions which do not adopt Part II, of the undermentioned set.

#### *The British Nationality and Status of Aliens Act 1914.*

The above Act now regulates the Naturalization of Aliens in the United Kingdom. The following section gives the authority to the Government of any British Possession to grant Certificates of Naturalization to Aliens:—

8.—(1) The Government of any British Possession shall have the same power to grant a certificate of naturalization as the Secretary of State has under this Act, and the provisions of this Act as to the grant and revocation of such a certificate shall apply accordingly, with the substitution of the Government of the Possession for the Secretary of State, and the Possession for the United Kingdom, and also in a Possession where any language is recognised as on an equality with the English language, with the substitution of the English language or that language for the English language.

Provided that, in any British Possession other than British India and a Dominion specified in the First Schedule to this Act, the powers of the Government of the Possession under this section shall be exercised by the Governor or a person acting under his authority, but shall be subject in each case to the approval of the Secretary of State, and any certificate proposed to be granted shall be submitted to him for his approval.

(2) Any certificate of naturalization granted under this section shall have the same effect as a certificate of naturalization granted by the Secretary of State under this Act.

An applicant for a certificate of Naturalization must satisfy the Governor.

(a) That he has resided in His Majesty's Dominions for not less than 5 years, in the following manner, that is to say for one year immediately preceding the application in the colony and for a period of four years within the last eight years before the application either in the colony or in some other part of His Majesty's Dominions.

(b) That he is of good character and has an adequate knowledge of the English language and

(c) That he intends if his application is granted either to reside in His Majesty's Dominions or to serve under the Crown.

By Law 26 of 1922 persons landing or embarking at any place in the Island are to be in possession of a valid Passport or Permit issued not more than two years previously; Any Alien coming to the Island must have Passport, or Permit vided by the British Consul or Vice-Consul in the Country from which he embarks.

## II. PASSPORTS.

The following Rules, governing the issue of Passports, were published in accordance with instructions from the Secretary of State, 14th August, 1915:—

1. Applications for Passports must be made to the Colonial Secretary in writing in the authorised form (A) in time to reach his Office at least two clear days before the passport is required. All applications must be accompanied by a small unmounted photograph in duplicate of the applicant.

2. Under Law 40 of 1903 Stamp Duty of 5/- is payable on all Passports, and this sum must accompany the application.

3. Passports are granted to:—

(a) Natural-born British subjects.

(b) Wives and widows of such persons.

(c) Persons naturalized in the United Kingdom, in the British Colonies, or in India  
A married woman is deemed to be a subject of the State of which her husband is for the time being a subject.

4. Passports are granted:—

(1) In the case of Natural-born British subjects, upon the production of a Declaration by the applicant in the authorised form (A) verified by a Declaration made by a Magistrate, Justice of the Peace, Minister of Religion, Collector of Taxes or Clerk of the Courts resident in the Colony. The Applicant's Certificate of Birth and other evidence may also be required.

(2) In the case of Naturalized British subjects, upon production of a Declaration by the applicant in the authorised form (A) accompanied by the original Letters of Naturalization granted to the Applicant, and verified by a Declaration made by a Magistrate, Justice of the Peace, Minister of Religion, Collector of Taxes or Clerk of the Courts.

(3) In the case of children under the age of 16 years requiring a separate Passport, upon the production of a Declaration made by the child's parent or guardian in a Form (B) to be obtained from the Colonial Secretary's Office

5. No Passport will be issued to a Naturalized British Subject who has not been naturalized for upwards of one year, or to persons of Asiatic origin who desire to travel in the Republic of Costa Rica, the Government of that Republic refusing to permit the immigration of any such persons. There are also restrictions in the case of persons of Asiatic origin who desire to travel in the Republic of Panama.

6. Chinese, naturalized as British subjects, and the children of such Chinese, even if born within the British Dominions, are not entitled to protection in China, and a note to this effect will be made on Passports issued to such persons.

7. Naturalized British Subjects will be described as such in their Passports, which will be issued subject to the necessary qualifications.

8. Passports are not valid beyond two years from the date of issue. They may be renewed for four further periods of two years each, after which fresh Passports must be obtained. The fee for each renewal is 2/-.

9. Applicants are required to call at the Colonial Secretariat to affix their signatures to their Passports. In special cases passports may be sent by post.

10. Passports cannot be issued to persons not resident in the Colony. Such persons should apply to the nearest British Mission or Consulate. Passports must not be sent out of the Island by Post.

Passports for foreign travel are issued by the Governor also to born British Subjects on application, and on payment of a Stamp Duty of five shillings.

Under the Emigrant Labourers Protection Law, 23 of 1902, as amended by Law 5 of 1905, a permit is required by all persons proceeding as passengers from the Island to places proclaimed under the former Law. The following sections relate to the granting of such permits:—

On application in writing by a person desiring to leave the island for a proclaimed place a permit shall be granted to such person or persons as the Governor may appoint for the purpose, or by the Inspector or other Chief Officer of Constabulary (hereinafter referred to as the Inspector) of the parish of Kingston, subject to the following rules:—

- (i.) If the applicant establishes to the satisfaction of any person appointed as above provided, or of the Inspector, that he is not a native of or domiciled in this Island, or that he has already made such proclaimed place his temporary home, or is carrying on business there, or that, being a native of or domiciled in this Island, he is possessed of independent means sufficient to remove all risk of his having to be repatriated at any time at the cost of this Colony, or that he has deposited one Pound and five shillings in the Treasury to cover such risk, or that, if he has been recruited by a recruiting agent such agent has paid into the Treasury, the sum of one Pound and five shillings and entered into such agreement as is hereinafter mentioned, the permit shall be granted forthwith.
- (ii.) If an applicant for a permit who has deposited twenty-five shillings in the Treasury, is recruited by a recruiting agent who pays into the Treasury in respect of such recruit the sum of twenty-five shillings, as he is by this Law required to do, such recruit shall on application, have repaid to him personally or to his legal personal representative, the sum of twenty-five shillings deposited by him in the Treasury, and any permit granted to any such recruit by reason of the deposit by him in the Treasury of twenty-five shillings, shall on his being recruited as aforesaid, be void, and a new permit shall be obtained by him.
- (iii.) No person recruited by a duly registered recruiting agent shall receive a permit, unless a contract has been entered into between such person and the recruiting agent on behalf of his principal, and the form and substance of such contract has been approved by the Governor in Privy Council.
- (v.) Any such contract shall, *inter alia*, provide:
  - (a.) That the agent or his principal may not at any time deduct from the wages of the Emigrant or otherwise obtain from him, re-payment of the sum of one Pound five Shillings or any part thereof, paid by the said recruiting Agent under the terms of this Law.
  - (b.) That the contract shall be cognizable before, and enforceable, in the Courts of this Island, or of the place of employment, at the option of the Emigrant, and
  - (c.) That no person shall be at liberty to contract himself out of the provisions of this Sub-section of this Law.
- (v.) Any such permit as aforesaid shall be in force for six weeks from the granting thereof, and no longer.

Section 1 of Law 5 of 1905 provides that—Passengers to any Proclaimed place shall leave the Island from the ports of Kingston, Montego Bay, or Port Antonio, and from no other port, unless the Government shall in any case otherwise permit.

Law 36 of 1919 places certain restrictions on Immigration and provide for the removal from the Island of prohibited Immigrants. It repeals Law 25 of 1905.

## LETTERS PATENT FOR INVENTIONS.

THE legal formalities in the matter of the application for and obtaining Letters Patent for Inventions are enacted in the Act 21 Vic., cap. 30, "The Patent Law Amendment Act, 1857," as amended by Law 15 of 1891. A brief outline, in general terms, of the course to be pursued in applying for Letters Patent is given below:—

The person desiring that Letters Patent for an invention should be granted to him should first forward to the Governor his formal petition in the form annexed to 21 Vic., cap. 30, accompanied by a declaration that he is the true inventor or discoverer of the thing for which he desires the Letters Patent, together with a description or specification with drawings where necessary, shewing in clear and exact terms the nature of the in-

vention. He should then publish for at least four weeks in the Jamaica Gazette and in one local newspaper a notice of his having made such application stating in general terms the nature of the invention in respect of which Letters Patent are sought. Copies of the Gazette and Newspaper containing this notice should be lodged in the office of the Colonial Secretary.

The Governor will then give his order for the reference of these papers to the Attorney General for examination, and if the Attorney-General is satisfied that the application for the Letters Patent may properly be granted he returns the papers to the Governor with a certificate to this effect; and if he sees reason for disallowing the application he gives a certificate embodying his reasons for this conclusion.

The applicant for Letters Patent is required to send up with his petition the sum of £3, which is sent to the Attorney General as his fee when the papers are referred to him by the Governor. Letters Patent are subject to stamp duties to the amount of £2 10s. and 5s. on a Power of Attorney, if necessary.

Letters Patent have effect for a period of 14 years from the time of being granted which may be extended by the Governor for a further term of seven years.

## SURVEYORS.

THE law now in force relating to land surveyors is Law 31 of 1894, amended by Law 20 of 1902, which repealed Law 33 of 1869, the previously existing statute on the subject.

The law provides for the infliction of a penalty not exceeding £50 on any person (a) who runs a boundary, or opens lines between two properties, the occupier of which do not both concur in engaging his services; or (b) describes himself, or holds himself out as a surveyor of land, or falsely takes or uses in the Island any name, title or addition, implying a qualification as a land surveyor.

Section 4 of the law provides that no person shall be qualified to receive a commission as a land surveyor unless he is at least 21 years of age and produces satisfactory evidence as to character, and either a corporate member of the Institute of Surveyors of England, or of the Institution of Civil Engineers of England; or has passed the Cambridge Junior Local Examination in Arithmetic, Grammar, Dictation, Geography, Algebra, Euclid, plane Geometry and plane Trigonometry; has subsequently to his passing such examination been bound by indenture to serve for three years as an apprentice to a commissioned surveyor of land; and, has after the expiration of such terms of service, duly passed the examination referred to in sections 9 and 10 of the law.

Law 20 of 1902 amended this section by the insertion after the words "Cambridge Junior Local Examination" the words "or other examination or examinations of at least equal standard approved by the Governor in Privy Council."

Law 20 of 1908 further amended Section 4 of Law 31 of 1894 by inserting between the words "England" and "or" in the third line of sub-section 1 the following words:—"or possesses some other qualification of at least equal standards, approved by the Governor in Privy Council."

The sections of the law quoted below are those of greatest general importance:—

9—Any apprentice who has duly served his full term of three years in conformity with the provisions of this law may apply by way of motion to the Supreme Court for an order to be examined under the provisions of this law; and it shall be lawful for the Supreme Court, on being furnished with satisfactory proof, that such person is at least twenty-one years of age and is of good character, and that he has duly served for three years under articles of apprenticeship duly executed and recorded, and has otherwise complied with the requirements of this Law, to make an order directing the Surveyor-General and a commissioned surveyor to be appointed by the Court to examine such person as to his qualifications to receive a commission as a surveyor of land.

10—Such examination shall embrace the theory and practice of land surveying and levelling, and the accurate and neat delineation to scale upon paper of the notes taken in the field, the practical use of the principal instruments used therein and their adjustments, and topographical drawing;—and if the result of such examination shall appear satisfactory to the examiners, they shall certify to the Supreme Court, or to one of the judges thereof, in chambers, if the said court is not sitting, that such person hath been found qualified, and the said court or judge shall thereupon cause an order to be entered up in the office of the registrar of the court authorizing such person to take out a commission to act as surveyor of land.

11—On presentation to the Governor of an attested copy of the said order or, in the case of a person apprenticed before the coming into operation of this law, of an order made under section 8 of Law 33 of 1869, the person named therein shall be entitled to receive a commission as a land surveyor, which commission shall be impressed with a stamp duty of thirty pounds in lieu of all other stamps and fees whatsoever, and shall be signed by the Governor, and shall be published in the "Jamaica Gazette;" Provided, that if the stamp duty of thirty pounds on articles of apprenticeship made and entered into before the coming into operation of this law shall have been already paid then such commission shall bear a stamp of one pound only.

13—Any commissioned surveyor who shall intentionally, or through negligence, carelessness, or culpable ignorance, make an incorrect survey, or deliver an incorrect plan of any land, shall be liable on the complaint of any person aggrieved thereby to have his commission as commissioned surveyor cancelled by order of a judge of the Supreme Court, or to be temporarily suspended from the exercise of his office as a surveyor during such time as may be fixed by a judge of the Supreme Court, or to incur a penalty not exceeding fifty pounds, and such surveyor shall further be required to repay any sums of money that he may have received from the complainant in consideration of such survey or plan, if it be so ordered by such judge.

The following is the scale of fees which surveyors are entitled to charge under the law:—

PETROLEUM.

*Rules made by the Governor in Privy Council under sections 18 and 19 of the Petroleum Law, 1906. (Law 37 of 1906) for the importation, transportation and keeping for sale of petroleum.*

N.B.—Section 1 of the said Law defines the term “petroleum” as used in that Law and these rules. The section has been amended by Law 19 of 1920 by substituting one hundred and twenty degrees for one hundred and fifty degrees.

Section 3, as amended by Law 19 of 1920, prohibits the importation, storage or sale of petroleum giving off inflammable vapour at any temperature lower than 95 Fahr. in vessels other than are herein prescribed. Section 4 provides that any breach of section 3 shall be an offence against section 157 of the Customs Consolidation Law and that an offender shall on conviction be liable to the pains and forfeitures therein mentioned. Section 5 provides that petroleum imported, stored, or sold in contravention of section 3 shall be deemed to be an article included in the term “dangerous explosives” for the purposes of Law 6 of 1899.

Section 6 provides that no petroleum shall be kept in quantity exceeding fifty gallons, and that petroleum giving off inflammable vapour at any temperature lower than 95 Fahr. shall not be kept in quantity exceeding eight gallons other wise than in a building specially appointed for the purpose by the Governor and under conditions prescribed by him, and that any petroleum kept in contravention of this section shall be forfeited and the occupier of the premises where it is so kept shall be liable to a penalty of £20 a day for every day during which such petroleum is so kept.

*Definitions.*

The term “The Law” as used in these rules means the Petroleum Law, 1906 (Law 37 of 1906).

The term “gasolene” as used in these rules means and includes all petroleum which gives off an inflammable vapour at a temperature lower than 95 deg. Fahrenheit as defined in the Law.

The term “Petroleum Store” as used in these rules mean a building specially appointed by the Governor for the storage of petroleum.

The term “Prescribed” as used in these rules means prescribed, appointed or authorised by the Law, these rules, or the Governor.

The Laws affecting the Storage and Sale of Petroleum, are, 18 of 1877, 2 of 1905, 37 of 1906, 1 of 1907, 37 of 1908, 30 of 1912, and 19 of 1920.

RULES.

*Importation*—1. The master of any ship, drogher or other vessel arriving in any port of this Island having on board any gasolene, otherwise than in conformity with the Law shall be subject to the provisions of section 4 of Law 6 of 1899.

2. Gasolene landed otherwise than as prescribed shall be deemed to be prohibited goods at the port of arrival and dealt with accordingly by the Customs authorities.

*Transportation*—3. Petroleum shall not be transported along any public highway otherwise than such vessels as are prescribed for the storage of petroleum.

4. Care shall be taken to so load vessels containing petroleum on any vehicle that there shall be no risk of injury being done to them or any of them during the transportation thereof.

5. Vessels containing gasolene must be protected from the direct rays of the sun.

6. The person in charge of any vehicle carrying petroleum must be notified of the nature of the goods thereon and he must prevent any lighted candle, lamp, or any ignited tobacco or other substance from approaching or being near to any vessel containing it.

*Application for Petroleum Stores*—7. Any person desiring to have a petroleum store on his premises shall make an application in writing to the Director of Public Works requesting him to inspect the building which he wishes the Governor to appoint for that purpose, and to forward the application to the Governor, together with his report thereon.

8. If the Director of Public Works is not satisfied that the building complies with the requirements of the Law and these rules he will so inform the applicant and will not forward the application to the Governor. Otherwise the Governor's decision will be communicated to the applicant by the Colonial Secretary.

9. The Conditions to be prescribed by the Governor when appointing a building as a petroleum store under section 6 of the law as to the mode of storage, the nature of the goods with which petroleum may be stored and the testing of such petroleum from time to time are contained in these rules.

*Storage*—10. A petroleum store must be isolated from all other buildings, unless the entire building of which it forms part be constructed entirely of incombustible and spark-proof materials, and the petroleum store be completely separated from every other part of the building by solid fire-proof walls, ceiling and floor.

11. Every petroleum store must be externally spark-proof and so situated with regards to other buildings in the neighbourhood and to the nature and contents of such building that it may be deemed safe from ignition externally; and if any part of a petroleum store be within 30 feet distant from a dwelling house or store it must be constructed entirely of solid and incombustible materials.

12. Every motor car registered under Law 26 of 1905 requiring petroleum for its propulsion shall be deemed to be a petroleum store for a quantity not exceeding that required for a distance of 150 miles.

13. In order that the temperature of the petroleum may be kept low and to permit as free a perflation of air as possible, every petroleum store must be provided with floor and roof or ceiling ventilation constructed in such a manner as to prevent so far as is possible fire from being communicated to the interior of the store from without.

14. The doorways of petroleum stores must be of not less than three feet six inches clear width and the doors must open outwards so as to permit of the contents of the store being removed as quickly as possible.

15. No other inflammable goods shall be kept in a petroleum store.

16. Petroleum may be kept in the same vessels in which it is permitted to be imported, provided that such vessels are in durable and air-tight condition, or other vessels complying with the same conditions, including fixed metallic tanks the inlets and outlets of which must be closed by air-tight covers or taps, except when petroleum is being introduced or withdrawn. If the vessels are imported in wooden cases containing one or more they may be so kept in the store.

17. Any vessel containing petroleum which shall become defective in condition shall forthwith, on being found to be so, be removed from the store and the petroleum shall be transferred to a vessel in perfect condition which may be returned to the store.

18. Casks or vessels containing more than 25 gallons of petroleum each shall be stored in tiers or rows, the tier or row next any wall shall be not more than one cask or vessel in width and two in height, with a clear passage of at least four feet between it and the next tier or row; all other tiers or rows may consist of two casks or vessels in width and two in height, with a similar passage of at least four feet between the tiers or rows, and every such passage between the tiers or rows shall be connected with the door of the store by a passage of at least four feet in width.

Vessels or cases containing 25 gallons or less each shall be similarly stored in tiers or rows, and the first tier or row next any wall shall be not more than two vessels or cases in width and four in height, with a clear passage of at least three feet between it and the next tier or row; all other tiers or rows may consist of four vessels or cases in width and four in height, with a similar passage of at least three feet between the tiers or rows, and every such passage between the tiers or rows shall be connected with the door of the store by a passage of at least three feet in width.

19. Vessels containing gasoline must be stored apart from vessels containing petroleum of other descriptions and separated therefrom by a space or spaces not less than three feet in width.

20. The door of a petroleum store shall be provided with a strong lock attached to the inside of the door and also with a sufficient hasp and staple and a padlock on the outside, and if it be a double door the half to which the lock is not attached shall be provided with strong tower bolts at top and bottom on the inside. The keys of the locks must be kept by the proprietor in his own possession or in his absence in that of the person whom he leaves in charge of the premises. The door must be kept securely closed and fastened by both locks at night and by at least one lock in day time, except when petroleum is being received into or removed from the store.

21. No petroleum shall be received into or removed from any store except during daylight.

22. No lighted candle, lamp or lantern nor any match shall at any time be taken into a petroleum store under any pretence or for any purpose whatever. No smoking shall under any circumstances be permitted in any petroleum store.

A conspicuous notice containing these prohibitions shall be posted outside and inside every petroleum store.

23. If petroleum becomes ignited the application of water tends to spread the fire. Earth, sand or blankets and rugs should be thrown on the flames to extinguish them. A supply of about a cubic yard of earth or sand shall be always kept conveniently near every petroleum store.

24. Any Officer or Sub-officer of Constabulary or any Officer of Excise or Customs shall on demand at any reasonable time be afforded access to any petroleum store for the purpose of inspecting the store or testing the petroleum.

25. The Senior Officer of Constabulary for any parish shall inspect or cause to be inspected by a sub-Officer every petroleum store in that parish and its contents at least once in every year and shall take such lawful steps as may be necessary to enforce compliance with the law and these rules. In any case of persistent or continuous non-compliance such Senior Officer shall report fully to the Colonial Secretary through the Inspector General.

*Sale*—26. Petroleum for sale by retail shall be kept in such vessels as are prescribed for the storage thereof.

No quantity exceeding four gallons shall be delivered at one time to any single purchaser except in an air-tight metal vessel, unless an entire cask as imported be purchased. Smaller quantities may be drawn from a vessel kept for the purpose into bottles or suitable cans and so delivered.

Arrangements shall be made to the satisfaction of the Senior Officer of Constabulary for the parish for the preventing so far as possible the escape of petroleum in the process of transfer from the original container to the bottles or cans in which is delivered and for the collection of any petroleum so escaping in a metal receptacle from which it can be transferred to a safe place.

No lighted candle, lamp or any kind of tobacco or other substance shall be allowed to approach or to be near the place where petroleum is so kept or transferred. Vessels containing gasoline and the arrangements for its delivery in small quantities shall be completely separated from those for petroleum of other descriptions.

27. A copy of these rules shall be kept constantly posted on or near the door of every petroleum store. A copy of Rule 26 shall be printed on the back of every license to sell petroleum by retail.

*Penalties*—28. Any persons contravening any of these rules or refusing or neglecting to comply with any requirements under these rules or obstructing any person in the lawful exercise of any powers given by or under these rules, shall be liable to a penalty not exceeding five pounds.

Approved by the Governor in Privy Council on the 31st October, 1906.

## CALCIUM CARBIDE.

Law 5 of 1901 defines *Calcium Carbide* to mean "any substance capable of evolving *Acetylene* when treated with water" and enacts that after June 1st, 1901, no one shall sell or store Calcium Carbide without a License, under a maximum penalty of £20. Quantities not over 5lbs. may be kept in hermetically closed vessels each containing not exceeding 1lb., without a License. The Governor in Privy Council is empowered to make rules to govern the storage of Calcium Carbide, which rules are to be published in the *Gazette* and are not to apply to buildings distant more than 100 feet from other buildings. Licenses are granted and cancelled by the Colonial Secretary, and the granting or cancellation must be published in the *Gazette* and take effect from the date of such publication.

The law prohibits the sale of such impure Carbide of Calcium as may be liable to spontaneous ignition. All vessels containing the said Calcium Carbide shall bear in conspicuous characters the words "Calcium Carbide," "dangerous if not kept dry" with the following caution:—

"The contents of this package are liable, if brought into contact with moisture, to give off a highly inflammable gas;" and with the addition:—

- (a) In the case of a vessel kept of the name and address of the consignee or owner;
- (b) In the case of a vessel sent or conveyed, of the name or address of the sender;
- (c) In the case of a vessel sold or exposed for sale, the name and address of vendor.

The Customs or Police authorities may take samples of Calcium Carbide imported or offered for sale for analysis, and if impure it may be confiscated.

Offences against the Law not otherwise provided for, or against the Regulations made thereunder, may be punished by a maximum penalty of £5, which may be recovered summarily.

The following Privy Council Regulations were published on April 18, 1901.

#### RULES AS TO CALCIUM CARBIDE STORES.

A building used for the storage of Calcium Carbide must be isolated and distant *not less than 30 feet* from any dwelling and any other building in which any inflammable article is kept, unless it have walls, floor, ceiling, doors and shutters of incombustible material and be solidly and imperviously cut off from all communication with other parts of the block.

2. Every building used for the storage of Calcium Carbide must be so built and situated that the interior surfaces of the walls, ceiling and floor shall not be liable to become wet, and must be provided with ample floor and roof ventilation so constructed as to prevent the ingress of water. All doors and shutters must open outwards and be so constructed that when closed water will be prevented from entering the building. All doors and shutters must be kept securely locked, except when necessarily open to give access to the interior of the store.

3. No inflammable goods or damp goods shall be kept in the same store with Calcium Carbide.

Approved by the Governor in Privy Council on the 3rd April, 1901.

### GUNPOWDER AND EXPLOSIVES.

The importation, sale, storage and use of gunpowder and other explosives are governed by Law 6 of 1899, which consolidated and amended previous laws on the subject. "Gunpowder" is defined as meaning the kind of powder commonly known as "gunpowder, or blasting powder, percussion caps or cartridges adapted for use in connection with guns, rifles, revolvers or pistols."

The definition of "dangerous explosives" is dynamite, nitro-glycerine or other explosive substance other than "gunpowder" as above defined.

No gunpowder or dangerous explosive may be landed without a license under a penalty of £100. Such substances must be placed in the magazine nearest to the port of arrival of the vessel. Dealers in such substances and in fire-arms must take out a license; 100lbs. weight is the maximum quantity that can be kept other than in the public magazines.

Rules are laid down for the safe storage, packing and carriage of explosives, and justices of the peace may issue search warrants in case of suspicion of the storage of explosives and fire-arms in unallowed places. The Governor in Privy Council has power to frame regulations under the Law as may from time to time be necessary. A penalty of £20 may be exacted for any offence against the Law. See Rules made by the Governor in Privy Council under Section 22 of Law 6 of 1899 published in the Jamaica Gazette September 19, 1912.

### CONTAGIOUS DISEASES OF ANIMALS.

A Law was passed in December, 1922 which repealed Law 1 of 1909, Law 21 of 1910 and Law 23 of 1917. This Act gives very wide powers for executive action in the control of Contagious Diseases of Animals.

"Disease" is defined as Cattle Plague, Pleuropneumonia, Foot and Mouth Disease, Sheep Pox, Sheep Scab, Swine Fever, Farcy, Glanders, Rabies, Anthrax and any disease so declared by the Governor in Privy Council.

Every owner of an animal infected with or suspected of being infected with disease shall—

- (a) keep that animal separate from animals not so affected, and
- (b) immediately give notice to the Inspector of Police or other principal Officer of Police in the district where the animal is or to a commissioner appointed under the Law who shall report immediately to the Director of Agriculture.

The Law provides for the appointment of Commissioners and of a Chief Commissioner and calls for the services of a Government Veterinary Officer and of Inspectors.

The fullest powers are reserved (based on the Imperial Act) for the making of Orders

dealing with all contingencies associated with the control of Contagious Animal Diseases by the State. Penalties are provided for breaches of the Law and of Orders made thereunder.

Power to spend up to £10,000 on the Warrant of the Governor for the costs of administering the Law has been given.

## BIRDS AND FISH PROTECTION.

*Birds*—The indiscriminate destruction of fish in the rivers and streams of the island by the use of explosives and of poisonous and intoxicating herbs (of which latter there is great variety in Jamaica, and which are easily accessible to any one who wishes to make use of them), and the wholesale destruction of wild birds of all kinds in and out of season which prevailed, rendered a law for the protection of birds and fish absolutely necessary, Law 32 of 1885 was therefore passed by the Legislature.

In this law certain birds which were being rapidly exterminated on account of the value of their plumage, as well as others that are specially useful to agriculture as insect destroyers, are now absolutely protected, while certain edible birds, fishes and creatures have now a close season provided, during which it is unlawful to kill them.

The protected birds are divided into two classes: those named in the one class are protected all the year round and those named in the other class are protected during certain months only.

A general Consolidating Law, 33 of 1914, repealed, previous legislation on this subject and enacted under Section 2 of the Law, Schedule I, the following:—

Sec. 2—(1) Any person who shall kill, wound or take, any bird or the eggs of any bird specified in the first Schedule to this Law, or who shall have in his possession any such bird killed, wounded or taken, or the eggs of any such bird taken, after the passing of this Law, or any part thereof, shall be guilty of an offence against this Law.

### FIRST SCHEDULE (Section 2 as amended).

Sec. 3—(1) There shall be a close season for each of the birds, fishes and creatures, enumerated in the second Schedule to this Law. Such season shall, until another shall be provided in lieu thereof in manner hereafter provided, be the period set opposite in the said Schedule to the name of each such bird, fish or creature.

## SECOND SCHEDULE (Section 3) as amended.

## CLOSE SEASON.

Ground Doves or Groo-groo-doo—1st March to 15th August.

Coots—1st March to 25th July.

Pendoves—1st March to 11th August.

Whitewings or Jarwings—1st March to 11th August.

Pallpates—1st March to 11th August save in the parishes of St. Elizabeth, Westmoreland and Hanover, where the close season shall be from 1st March to 31st July.

Blue Pigeons—1st March to 25th July, save in the parish of St. Elizabeth where the close season shall be from 1st March to 15th July.

Ringtail Pigeons—1st March to 25th July.

Whitebelly—1st March to 31st August.

Parrakeets—1st March to 1st August.

Yellow-bellied Parrots—1st March to 11th August.

Sea Turtle—1st April to 31st October.

Oysters—1st May to 21st August.

Sub-Section 2 of section 3 gives power to the Governor to alter and amend the close season, thus prescribed, as may be advisable.

*Fish*—The laws referred to extend to fishes. The object is to prevent the indiscriminate destruction of fishes in the waters of Jamaica and its dependencies. The licenses under section 14 of Law 32 of 1885 are, under Law 38 of 1888, extended to all fresh water fish.

No fish can be taken in any river or stream between the 1st June and the 1st October, and any pot, net or engine used in any river or stream during that period may be destroyed by any person. In July, 1889, the Governor acting under Law 16 of 1889 declared that the provisions of Sec. 6 of Law 32 of 1885 should cease to apply so far as the Cabaritta River in Westmoreland and the adjoining morass are concerned, to Mudfish, Blackfish, Godamies and Eels. It is unlawful to use at any time any method of poisoning, stupefying, or intoxicating fish, or to destroy fish by explosion of dynamite or other explosive substance, in any harbour, bay, creek, pond, river or stream, or to make use of any seine, net, pot, or engine for catching fish with meshes or spaces of less than 1½ inches between knot and knot, or bar and bar. In any harbour or bay (but not in any river or stream) a cast or shrimp net not above 2½ fathoms long and not joined to any other net may be used. Land turtle are not protected.

Every offence against the Laws 32 of 1885 and 4 of 1887 is punishable on summary conviction with a fine not exceeding five pounds.

*Mammals*. On the 5th July, 1920, the Governor under section 3 of Law 33 of 1914 declared that Coney should be included in the Second Schedule to the Law and that the close season for Conies shall be from the 1st January to the 31st December in each year.

## THE BLUE MOUNTAIN PEAK.

The Blue Mountain Peak—an altitude of 7,388 feet at the highest point—was at one time a somewhat arduous undertaking as there was no riding road to the summit, and the ascent had to be made on foot by a very steep and ill-defined track. Through the generosity of Governor Sir Henry Norman, and a few gentlemen having property in the district, a riding road to the Peak was constructed, and the ascent can now be made, in good weather, on horseback or on foot.

Two days suffice for the trip. The first part of the journey, a distance of nine miles to Gordon Town, can be made by buggy; but the electric cars to Papine, will take the visitor to within a short distance of Gordon Town, and vehicles are obtainable thence to Gordon Town, where riding ponies can be procured. Buggies *must* be ordered in advance from Bellon's stables, Gordon Town, or his Duke Street Office. There is a small hut erected for the shelter of those who desire to spend the night on the Peak to witness the sunrise. Extensive views of the south, north and eastern coasts of the island may be obtained on a clear day—and the coast of Cuba is sometimes visible to the north.

Information as to this trip may be obtained from the Jamaica Tourist Association, 85 Barry Street, Kingston.

## ELECTION INFORMATION.

The duty of registering the persons entitled to vote at elections for Members of the Legislative Council and of the Parochial Boards (including the City Council of Kingston) is discharged by the Collectors of Taxes of the several parishes.

The lists are revised and settled in March and April of each year at Courts held for the purpose by the Resident Magistrates who are the "Revising Judges."

Under Her Majesty's Order in Council, of 3rd October, 1895, each parish of the island now of itself constitutes an electoral district having the right to elect a member to the Legislative Council.

Returning Officers for Legislative Council elections are appointed by the Governor under Section 2 of Law 21 of 1884, and for Parochial General Elections under Section 12 of Law 17 of 1901. At Bye-elections for the Parochial Board the Returning Officer is appointed by the Chairman of the Board.

## TRAVELLING EXPENSES.

*For Legislative Council and Parochial Election.*

Travelling Expenses shall be allowed according to the sums actually and reasonably incurred, but in no case shall there be an allowance for travelling expenses of more than 9d. for every mile travelled.

Where there is a Railway, or other public conveyance, the fare both ways only will be allowed.

For every night away from home, 13/6. Actual out of pocket expenses on last day of journey will be refunded. In the event of its being necessary to send a Presiding Officer to an outlying Polling Station, he shall be permitted to travel overnight and will be entitled to the same travelling and subsistence allowances.

## MISCELLANEOUS EXPENSES.

Expenditure incurred for such services as:—Hire of Room for holding Elections, carpenter's work, conveyance of ballot boxes, cleaning out polling station and incidental expenses will be allowed, provided the amount be reasonable, and must be supported by vouchers.

## VISITING POLLING STATIONS.

Not more than one visit should be paid by a Returning Officer to a Polling Station if at that visit the arrangements prescribed in Section 12 of Law 21 of 1884, can be satisfactorily made. If on any occasion it should be found necessary to pay more than one visit an explanation of the circumstances which rendered such visit necessary should be furnished.

The fees payable to Returning Officers as above shall include remuneration for services performed by them as Presiding Officers.

No person shall receive fees in respect of more than one Office at any one Election.

The Clerk of the Courts is usually the Returning Officer for each electoral district, and the Head Polling Station is at the chief town in each parish.

The following Table shows the District Polling Stations in the several Electoral Districts.

| 4 | Qrs.   | = | 1 Load    | = | 51½      | —        | —      |

The four last denominations are used for dry goods only. For liquids several denominations have been heretofore adopted, viz:—

For Beer, the Firkin of 9 Gallons, the Kilderkin of 18, the Barrel of 36, the Hogshead of 54, and the Butt of 108 Galls. Flour is sold nominally by measure but actually by weight reckoned at 7lbs. avoirdupois to a gallon.

## 4. MEASURE OF WEIGHT.

## DIVISION I.—AVOIRDUPOIS WEIGHT.

|     |          |   |                        |   |      |     |

| 20  | Cwt.     | = | Ton                    |   |      |     |

This weight is used in almost all commercial transactions and in the common dealings of life.

The particular weights belonging to this Division are as follows:—cwt. qr lb.

|    |        |   |         |   |    |   |    |                          |

| 12 | Sacks  | = | 1 Last  | = | 39 | 0 | 0  |                          |

## DIVISION II.—TROY WEIGHT.

|    |              |   |               |   |       |
|----|--------------|---|---------------|---|-------|
| 24 | Grains       | = | 1 Pennyweight | = | 24gr. |
| 20 | Pennyweights | = | 1 Ounce       | = | 480—  |
| 12 | Ounces       | = | 1 Pound       | = | 5760— |

These are the denominations of Troy Weights when used for weighing gold, silver, and precious stones, except diamonds. But Troy Weight is also used by Apothecaries in compounding medicines, and by them the ounce is divided into 8 drams, and the dram into 3 scruples, so that the scruple is equal to 20 grains.

For scientific purposes the grain only is used; and sets of weights are constructed in decimal progression from 100,000 grains downwards to 1.100th of a grain.

The *carat*, used for weighing diamonds, is 3½ grains. The term, however when used to express the fineness of gold, has a relative meaning only. Every mass of alloyed gold is supposed to be divided into 24 equal parts; thus the standard for coin is 22 carat fine, that is, it consists of 22 parts of pure gold and 2 parts of alloy.

## MEASURES.

*Length.*

[The Metric unit of linear measure is the METRE = 39.3708 inches. It is the 10 millionth part of the arc of the meridian from the equator to the pole.]

|            |                     |    |    |                                 |
|------------|---------------------|----|----|---------------------------------|
| Millimètre | = 1000th of a metre | .. | =  | .03937 inches                   |
| Centimètre | = 100th             | "  | .. | = .39371 "                      |
| Décimètre  | = 10th              | "  | .. | = 3.93708 "                     |
| METRE      |                     | .. | =  | 39.3708 = 3 28.09 ft.           |
| Décamètre  | = 10 metres         | .. | =  | 32.809 ft = 10.9363 yds.        |
| Hectomètre | = 100               | "  | .. | = 328.09 ft. = 109.363 yds.     |
| Kilomètre  | = 1000              | "  | .. | = 1093.63 yds. = 62138 miles    |
| Myriamètre | = 10000             | "  | .. | = 10936.33 yds. = 6.21382 miles |

NOTE 1.—Since the fraction of  $\frac{1}{5}$  is equal to the decimal .625, the Metric kilomètre differs but little from the  $\frac{1}{5}$ ths of an English mile; the difference being .625—62138 = 100362, which is less than the 4-1000th, or the 1-250th of a mile; so that by estimating a kilomètre at  $\frac{1}{5}$ ths of an English mile, we make an error in excess, of less than one mile in 250 miles. For the ordinary purposes of comparison therefore, we may regard 8 kilomètres as equal to five miles; so that the distance between any two places, expressed in kilomètres, may be converted into English miles, near enough for general itinerary objects, by multiplying the number of kilomètres by 5, and then dividing the product by 8; as in the instance in the margin, where we see that 40 kilometres make 25 miles.

In the measurement of *solids*, a cubic metre is called a *stère*, a 10th part of which is a *Décistère*, and 10 *stères* is a *Décastère*.

It will be seen, from the preceding Tables of Weights and Measures, that the Mètre,—the unit of *length*, is an element entering into even the system of *weights*, as well as into linear, superficial, solid, and quantitative measurements. It is on this account that this system of weights and measures is called the **METRIC SYSTEM**: it is *à la* the same time a *Decimal* system; because, proceeding from the fundamental unit, the ascending gradations are uniformly at a tenfold rate, and the descending gradations are uniformly by *tenths*.

## PARISH GENERAL RATES AND ROAD RATES.

THE following Parish General Rates and Parish Road Rates on every ten pounds (£10) or fractional part of ten pounds (£10) of the value of rateable property have been fixed in respect of the following parishes for the financial year, beginning on the 1st April, 1923, viz.:—

## DEPENDENCIES OF JAMAICA.

## TURKS AND CAICOS ISLANDS.

THE Turks and Caicos Islands, geographically the most south-eastern of the Bahama group of Islands, lie between 21° and 22° N. lat. and 71° and 72° 37' W. long.

These islands were discovered by John Ponce de Leon in 1512. It was long contended and with some show of reason, that "Grand Turk" was identical with "Gaanahani," the "Landfall" of Columbus on his first voyage, but the claim has been allowed in favour of another island of the Bahama group. The Turks Islands (so called from a peculiar species of cactus, somewhat in the form of a Turk's fez, at one time abounding there,) which consist of Grand Turk, Salt Cay and a few uninhabited Cays, were settled upon by immigrants from Bermuda in 1670, whose custom it was for many years to spend only a portion of the year upon the islands raking salt, returning to Bermuda when the season was over. After various attempts by the French and Spaniards to obtain possession of them it was thought necessary in 1766 to appoint some educated person there to protect the rights of the British Crown and an agent was sent from Nassau for this purpose. Referring to the appointment Mr. Secretary Conway wrote to the Lieutenant Governor of Jamaica as follows:—"The pretence for that violation (seizure of boat by the French) seems to have been that Turks Island was considered as derelict and the people supposed to be out of all protection. To prevent therefore any renewal of such a pretence, idle as it is, and, also for the better means of observing what views other Powers may entertain it has pleased His Majesty to appoint an Agent to reside there and by his residence on the spot to insure the right of the island to His Majesty. A Mr. Andrew Symmer is the person His Majesty has fixed upon for this purpose." By an order in Council dated the 29th June, 1781, sundry regulations were approved of for managing the salinas and for the preservation of order in general amongst the inhabitants.

In 1790 Colonel the Honourable Alexander Murray, second son of the fourth Earl of Dunmore, then Governor of the Bahamas, arrived as the agent of His Majesty, and in 1799, after great opposition from the Bermuda settlers, act was passed by the Bahama Legislature, which, by its consequence, placed the Turks and Caicos Islands under the Bahama Government, and so they remained, notwithstanding frequent protests until 1848 when, on the petition of 521 inhabitants of the Turks and Caicos Islands to the House of Assembly of the Bahamas, setting forth the difficulties of communication between Nassau and Turks Islands, a distance of 450 miles, and an account of conflicting interests, Her Majesty was pleased to grant a separate charter to the "Turks Islands and the Islands and Cays commonly known as the Caicos Islands, together with all Cays situate and lying to the eastward of the said Turks and Caicos Islands, which includes the Silver Cays and Banks, 100 miles to the eastward of Turks Islands. Under this charter the Islands enjoyed an elective Legislative Council and a President administering the Government but this elaborate system was found too burdensome in the face of altered circumstances, caused by the heavy fall in the price of salt, so that a petition was presented to Her Majesty the Queen from the Legislative Council, dated 17th February, 1873, praying for the abrogation of the charter. The Imperial Act, 36 Vic., chap. 6, and the Order in Council of the 4th August, 1873, setting forth the terms and condition on which the Turks and Caicos Islands were annexed to Jamaica was the result of this action on the part of the colonists. Under this new arrangement the Government is administered by a Commissioner, as chief executive officer, who is also President of the Legislative Board. The Legislative Board consists of the President, the Judge of the Supreme Court (who is an *ex officio* member) and not less than two or more than four other members nominated by the Crown. The Governor of Jamaica has a supervising power over the local government and is the medium of communication between the Commissioner and the Colonial Office. The assent of the Governor of Jamaica to the ordinances of the Legislative Board is necessary. Besides this the Legislature of Jamaica has the power to pass laws applying to the Turks and Caicos Islands. The Supreme Court of Judicature of Jamaica has jurisdiction in matrimonial and divorce causes, and has recently been constituted a Court of Appeal from the Supreme Court of the dependency.

Grand Turk is the capital of the group of islands and the Commissioner resides there. The town was described by Sir Henry Norman (in an account of his visit to this depen-

dency of his Government in March, 1884) as "neat and clean and without the appearance of poverty, although the inhabitants complain of depression and ruin. There are in the town several consulates, various stores where most moderate wants can be supplied, a good market place, and a public library and reading room. There are also an Episcopal Church, Wesleyan and Baptist Chapels, Masonic and other society lodges, a fairly commodious court house, a small prison and a school house.

Grand Turk is 7 miles long and  $1\frac{1}{2}$  miles wide. The island of Salt Cay, 9 miles S.W. of Grand Turk, has resident there a Government Officer, who performs the duties of revenue officer and foreman of works. Cockburn Harbour, on South Caicos, is on the west side of the Turks Islands passage about 22 miles due west of Grand Turk and has also a district Commissioner resident there. Grand Turk and Salt Cay in the Turks Islands group and Cockburn Harbour on South Caicos are the principal ports and salt-producing islands.

There are 231 acres of salt ponds at Grand Turk, 114 at Salt Cay and 248 at Cockburn Harbour. Roughly estimating each acre should yield about 4,000 bushels of salt per annum, but this is dependent upon fine weather. A heavy thunderstorm will upset all calculations. Salt is shipped in bulk in sailing vessels and about 40 bushels to each registered ton is roughly calculated as the quantity carried in a ship. A bushel of coarse salt weighs about 50 lbs. and one of ground salt about 95 lbs. A lighter, manned by ten men carries from 50 to 70 tons of salt to a vessel in a day, and a ship of 200 tons is by four boats often loaded in one day, which is very quick despatch.

The staple export is salt, which has a good reputation for quality and of which a large quantity is shipped annually to the United States as coarse salt, and a small quantity to British North America as fish or ground salt, for crushing which there are two steam engines at Grand Turk and one at Cockburn Harbour. Aermotor machinery for the same purpose has also been recently put up at Salt Cay. This description of salt brings a higher price than coarse salt.

Sir Henry Norman in the account of his visit above referred to remarked that "at Turks Islands, Salt Cay and Cockburn Harbour, the one anxiety is as to the out-turn of salt and the price at which it can be sold. It is alleged that owing to competition with other places and to a ring in the United States, to which the bulk of the salt goes, the price now obtained is not remunerative. When I was there," said His Excellency "6 cents a bushel was being given for 3,000 bushels shipping at Salt Cay. At that price I believe there is some slight profit, but at times only  $5\frac{1}{2}$  cents can be obtained. Never the less, I believe that the labouring classes at all events are prospering, even if the merchants do not do much more than clear their expenses. A good deal of money must be brought in and expended among those who take the salt and put it on board ship when we find that in a year of depression, as 1883 was considered, 1,705,000 bushels of salt were exported, valued at about £25,000. The total exports indeed were valued at £33,000 some of which no doubt, were goods in transit, but £6,265 was the value of cave-earth deposits. It is also significant to note that with a total population of 5,700 persons there were imports to the value of £24,557. I think these figures conclusively show that the position of the settlement is not as bad as some of the inhabitants would make out.

There are no port charges, but pilotage is compulsory. The light dues are fourpence per ton; they were imposed for the maintenance of a light at Grand Turk which, in the nature of a flashing light, is displayed in a circular iron light-house 60 feet high. The anchorages are open roadsteads about a quarter of a mile from the shore on the lee side of the several islands and are safe in ordinary weather.

There is no direct taxation. The revenue is mainly derived from the import duties levied according to a tariff, which was revised in 1905, and from the royalty on salt. This royalty paid on shipment, is at the rate of 10 per cent. on the market value, at present 3d. a bushel, and should yield annually about £2,500. This royalty is in lieu of rent formerly charge for the salinas, for which titles in fee simple were granted in 1862 on condition of the payment of such a royalty, which, up to 1874, was kept separate from the general revenue of the colony and was known as the crown fund. By recent legislation the larger part of the royalty collected in any year is refunded in the year following by way of grants to be expended in labour in the Salinas. £1,970 was so refunded in 1914. Since the commencement of 1918, this relief measure has been suspended.

According to the census of 1911 the population of Grand Turk comprised 169 whites, 1,512 coloured persons and blacks, and at Salt Cay there were 14 whites 384 coloured and blacks. In the Caicos Islands, comprising South Caicos (in which Cockburn Harbour

s situate) East Caicos, Grand Caicos, North Caicos. Providence, Caicos and West Caicos, there were 103 white persons, and 3,433 coloured and blacks. The population of the dependency is 5,615.

"The people in the Caicos Islands, says Sir Henry Norman, "are for the most part negroes. It is understood that they are principally the descendants of slaves brought over by loyalist refugees from Georgia after the declaration of their independence by the United States. These loyalist settlers constructed substantial stone houses and made roads, traces of which still remain. They had horses and cattle and raised crops, but the settlers themselves have long since disappeared. It is believed that some insects destroyed their crops and that this led to their departure. The blacks who remained lapsed into something little short of savagery and the islands became overgrown with bush. It is only of late years that efforts have been made to improve the condition of these people and to encourage them to undertake agricultural operations in a systematic manner. As yet not much progress has been made and education is lamentably backward, but attention having been once directed to these people it is to be hoped that continuous efforts will be made to raise them in the social scale and to put them in the way of adding to their material comforts.

The sea surrounding these small islands or cays on the Caicos Group contains fields of sponge of different varieties. The "sponging" as it is called, is carried on by two parties who have establishments on outlying cays of North Caicos. The sponges when gathered by the different boats engaged in the pursuit are dried, assorted and baled on the cays and sent to Grand Turk, from whence they are shipped to New York. The business has proved a profitable one and affords work to the natives at fair wages.

Here also is the home of the conch from which is obtained the valuable pink pearl. Prices run high even in the local market for this gem and one successful find may raise the lucky "Caiconian" to a boat of his own—the usual summit of his ambition. But of course for one "find" thousands of conchs have in local parlance, to be "dove" for. The expenditure of labour is not however wasted, for the conch is a universal article of diet among them and when "curried" is not to be despised even by more educated palates.

Since 1890, attention has been given to the cultivation of the pita or sisal plant and companies for this purpose have been formed, which have plantations at West Caicos, and Breezy Point, East Caicos.

There are four places of worship of the Church of England and the same number of the Wesleyan denomination with eleven belonging to the Baptist. There are ten government elementary schools, and a public grant is made of £600 a year in support of them.

A public library is maintained at Grand Turk partly by Government help and is located in a building erected partly by public subscription in commemoration of Queen Victoria's Jubilee. There is a Masonic Lodge in good standing, one Good Templars Lodge in working order, which have proved of great benefit, and several Mutual Relief Societies, also doing good work. These institutions are signs that though isolated, the people are not much behind those of more favoured places in their desire for mutual improvement.

There is not drinking water fit for human consumption in Turks Islands except rain water, and arrangements are made by the Government and by private individuals for collecting and storing it. There are several public tanks at Grand Turk capable of containing 230,000 gallons, one of which is built in the side of a hillock of rock from the top of which it derives its catch. There are also a few "springs" of water which are generally fresh enough for cattle and for washing purposes, but after a drought for any period the water gets too brackish for use.

Fresh meat, fresh fish and vegetables are scarce. Poultry can generally be procured but of small size. The want of fresh provisions make a residence to Europeans for any length of time very trying, but the climate is healthy. While a hurricane which passed over the islands on the 21st of August, 1891, did little damage to property, that of September, 1908, did damage to the extent of £13,000.

Clyde's steamers from New York touch at Grand Turk fortnightly on their trips to and from San Domingo and afford the only regular means of communication with other parts of the Empire.

Grand Turk is connected with Jamaica and the West Indies and with the United States, Canada and Europe by Direct Cable. There is Wireless Telegraphy and a Wireless Telephone System at Grand Turk.

## THE CAYMAN ISLANDS.

## CONSTITUTION.

IN the days of early settlement public affairs were managed by the Justices of the Peace appointed by the Governor of Jamaica acting with and under the direction of a locally elected "Governor." To this body elected vestrymen were subsequently added and in 1833 a Custos was commissioned. In 1863 an Act was passed by the Imperial Parliament (26 and 27 Victoria, Chapter 31) recognizing the existence of Acts and Resolutions passed by the local body and validating such as should be afterwards assented to by the Governor of Jamaica. Under this authority, the Justices and Vestry therein mentioned revised the local enactments, and twenty Acts, passed at various times between 2nd January, 1832, and 1st July, 1864, were submitted to Governor Eyre of Jamaica, and signed by him in assent on the 23rd March, 1865. Under the provisions of Jamaica Law 24 of 1898, as amended by Law 33 of 1920, the Governor of Jamaica has power to appoint a Commissioner to administer the affairs of the Dependency. The Commissioner performs the duties of Collector General and Treasurer and presides in the Grant Court where, when sitting alone he has the power of three Justices of the Peace.

## COMMUNICATIONS.

There are neither railways nor canals within the Dependency. A carriage road extends the length of Cayman Brac and half the length of Grand Cayman. Horseback riding is the usual means of locomotion along bridle-paths which connect the several localities. Intercourse with the outside world is maintained by small trading schooners which voyage to Jamaica, Cuba, the Central American Republics and the Gulf ports of the United States.

The Cayman Islands, forming part of the colony of Jamaica and consisting of Grand Cayman, Little Cayman and Cayman Brac, lie between the meridians of  $79^{\circ} 38'$  and  $81^{\circ} 30'$  W. and the parallels of  $19^{\circ} 16'$  and  $19^{\circ} 45'$  N. They were discovered by Columbus on May 10th, 1503, on his fourth and last voyage on his return from Porto Bello to Hispaniola just before he drove his weather beaten caravels into Jamaica. They were named by him Las Tortugas, on account of the turtle with which the coast swarmed, and for many years they formed a valuable source of food supply to Jamaica. The Island later became known as the haunts of pirates. The present name is supposed to be derived from "Caiman"—the alligator—which animal abounded on the islands of Cayman Brac and Little Cayman and even is now frequently caught there. The Lesser Islands were the first discovered and inhabited, Grand Cayman getting its name from the Lesser Caymans. Alligators were never seen on the largest island, Grand Cayman.

The prefixes "Grand" and "Little" sufficiently explain themselves, but the word "Brac" is not so easy. Cayman Brac is characterized by a large ridge of rock called the Bluff running down its eastern side, and it is from this the island gets its name Brac meaning a ridge or bluff.

Grand Cayman, which is the largest of the three islands, is distant W.N.W. from Negril Point 178 miles. It is 17 miles in greatest length east and west, 4 miles in breadth at the east end, and 7 miles at the west. The coast is in some parts bold and rock-bound but with no elevation exceeding 40 feet; the eastern and most of the northern shores are protected by coral reefs enclosing harbours of considerable size but of moderate depth, the entrances to which are however too narrow and intricate to admit other than small vessels. One of these harbours, the Great Sound, on the north, measures over 6 miles across. The usual anchorage for large vessels at Grand Cayman is off Georgetown, the capital of the island, but during a "norther" vessels have to shift their berths. Land fetches from £20 to £100 an acre in Georgetown: in the country from £2 to £10.

The island is well wooded and produces dyewood- and mahogany cedar and other timber. The palm thatch grows in abundance, and the opened leaves furnish an excellent thatch much in use, while from the fibre of the unopened "tops" ropes, fishing lines, hats, baskets, fans, and sieves are made.

The products of the soil are similar to those of Jamaica, as are its flora and fauna. There are, however, some orchids not found elsewhere. Parrots are plentiful. There is good pasturage, principally Guinea grass and horses, cattle, pigs, poultry, &c., are reared in sufficient numbers to meet local demand and to provide an export trade to Cuba and elsewhere occasionally. Cattle fetch ordinarily from £10 to £12 each, ponies £8 to £10, goats 5s. to 10s., poultry from 6s. to 9s. a lb. Prices have lately been raised some fifty per cent. Agoutis, locally known as rabbits, brought from Nicaragua have become thoroughly acclimatized, and run wild.

Phosphate deposits of considerable value exist but they have not been worked for some time.

Fish is not plentiful, but is usually sold at 3d. per lb. in Georgetown, 1½d in Bodden Town and 1d. at East End. Pink pearls are found. The principal occupation of the men is going to sea either as sailors on cargo vessels or on turtlers. There are no manufactures. Many go to the southern States of America and work there, sending home part of their earnings. Shipbuilding finds employment for a few in Georgetown and Cayman Brac. Among natural curiosities of the islands are a cave at Bodden Town which extends some hundreds of yards under the sea, and a natural cistern stated to be from 40 to 42 feet deep, containing clear sweet spring water, at East End. This cistern measures about 70 feet long and 50 feet wide, and is situate in the middle of a cliff of solid flint rock. It is said that on the approach of a storm the water assumes a turbid milky appearance and emits offensive smells. There is also a cave on the north side of the island, about 1½ miles inland from Old Man's Bay, containing wide subterranean passages.

The Cayman Islands were, as hidden treasure discovered from time to time shows, at one time the rendezvous of buccaneers, who preyed upon passing ships, which they boarded at night far from shore in large armed boats called piraguas. These marauders protected themselves against attack by means of heavy guns mounted upon the rocky shore within the coral reefs, where they could only be approached in boats. On finding the islands untenable, owing to the occasional presence of ships of war, the buccaneers escaped to America in their boats and landed on the shores of the Mississippi.

Between the years 1731 and 1741 Grand Cayman was formally colonized, and the following patents of land in the island are on record in the Island Record Office in Jamaica. 3,000 acres to Danl. Campbell, John Middleton and Mary Campbell, dated 7th September, 1734, including most of the land on the north, binding on the Great Sound.

1,000 acres to Mrs. Mary Bodden, dated 6th January, 1741, probably the site of the present Bodden Town.

1,000 acres to William Foster, dated 28th November, 1741, the site of the present George Town, capital of the island.

1,000 acres to Murray Crymble, dated 28th November, 1741, locality uncertain.

1,000 acres to Saml. Spofforth, dated 28th November, 1741, locality uncertain.

The names of Campbell and Middleton are now extinct. Murray Crymble was Receiver-General of Jamaica.

To some extent the present inhabitants are descended from the settlers under these patents and their servants, as each patentee was compelled to carry with him a certain number of white men besides slaves. According to Long there were in 1774 one hundred and six white persons on the island; they had a "Chief or Governor of their own choosing and Magistrates appointed by the Governor of Jamaica, and conducted their own affairs."

The destiny of the Cayman Islands has been in the hands of various officers.

The population in April, 1921 was 5,253 (1,994 white 2,431 coloured and 828 black). The chief industry is turtle catching on the banks, reefs and bars lying for several miles beyond the Mosquito Shore. The fishing rights have recently been regulated by a treaty with Nicaragua, by which a turtling vessel must pay five dollars for licenses and fifty cents for each turtle.

The turtle when caught are "crawled" at a convenient place in the locality of the fishing grounds and sold to the agents of foreign dealers.

The foregoing applies to green turtle the delight of lord mayors and aldermen but a considerable trade is done in the shell of the hawk's bill turtle, which is valuable. When this species is caught it is summarily deprived of its armour. Its flesh is poor. Another turtle, the "loggerhead," is also poor eating, and has no other use.

The chief towns or hamlets of Grand Cayman are Georgetown, the capital, Bodden Town, West Bay, Prospect and East End and there are several other villages of more or less importance; these settlements are all on the sea coast. There is a Presbyterian church, a court house, including public offices, a school house and a prison (a very inferior building) at Georgetown. There are chapels belonging to the Presbyterian church at Bodden Town, West Bay, and East End.

In addition to the turtle industry, about 1,700 cattle and 300 horsekind are reared. Rope made from the thatch palm is exported.

For judicial purposes the island is divided into six districts, and petty court and petty sessions courts are held periodically and as occasion requires. The Grand Court is held semi-annually at Georgetown in June and December. At this Court the Commissioner presides. There is an appeal from the latter court to the Supreme Court of Jamaica.

The revenue arises from import duties, a poll tax, a tax on schooners and canoes, anchorage dues from transient vessels, and a tax on cattle and horses.

The taxation is of an extremely mild character. There is no house or land tax.

Irregular postal communication exists between Grand Cayman and Jamaica. The Cayman Islands have been admitted into the Postal Union and issue stamps of their own to the values of  $\frac{1}{4}$ d.,  $\frac{1}{2}$ d., 1d.,  $1\frac{1}{2}$ d., 3d., 4d., 6d., 1s., 2s., 3s., 5s., and 10s.

There are post offices at Georgetown, Cayman Brac, West Bay and Gun Bay, but the bulk of the postal business is done at Georgetown.

The mails are despatched and received at irregular intervals to and from Jamaica by sailing vessels and irregularly to the Southern States of America.

A money order system is in operation under convention with the Jamaica Post Office and is availed of to a large extent, the principal business being with the United States of America. Aggregate of business in 1920, £10,608.

The climate of Grand Cayman is warm in the summer. In the autumn, winter and

spring, say from November to March, it is refreshingly cool, at times quite cold. There are imported cases of malaria occurring from time to time and digestive troubles traceable to starch food, but taking it all round the island is very healthy. 51.99 inches of rain fell in 1919.

There is a small pauper-roll, and little actual poverty. A feature in the domestic economy of the Island is that each family has its own homestead. A rented house is practically unknown.

The tidiness of the homesteads is a matter of remark by strangers visiting the island. Georgetown has been a port of registry since 1903, and there were 5 vessels registered with an aggregate tonnage of 282 in 1919.

Education has been neglected in the past but a system of free and compulsory education is now established. Schools are provided by the Government at Georgetown, West Bay, Prospect, Boddentown, East End and Northside. There are two schools on Cayman Brac and one on Little Cayman. Teachers are paid by the Board of Education. There are also a few small private schools receiving no aid from the Government. There are very few children who do not attend school where schools are provided.

Of the smaller Cayman Islands, Little Cayman is 9 miles long in an E.N.E. and W.S.W. direction and about a mile broad and Cayman Brac is 10 miles long E.N.E. and W.S.W. and about one mile in breadth. They lie in a north-easterly direction from East End, Grand Cayman, from which they are distant about 58 miles. The two islands are separated by a channel about seven miles wide and are consequently within sight of each other.

There is a population of 1,308 persons in Cayman Brac and Little Cayman.

In both places there are chapels connected with the Baptist denomination.

There are many vessels built here and the same may be said of Grand Cayman mainly out of native woods, such as mahogany, pempero, &c., and the builders are really masters of their craft and proud of their reputation. The vessels not built specially for local trade are taken over to Cuba and Central America, and find ready sale.

Three "lights" are supported by the Government, one at Georgetown and another at East End, Grand Cayman, the third being at Stakes Bay, Cayman Brac.

The affairs of the Cayman Islands are managed by a body styled the "Justices and Vestry" composed of magistrates appointed by the Governor of Jamaica and elected vestrymen. The enactments of this body become law when assented to by the Governor of Jamaica, whose power in this and other respects is defined by the Imperial Act 26 and 27 Vic., cap. 31.

Under the provisions of Law 24 of 1898, as amended by Law 33 of 1920, the Governor of Jamaica has power to appoint a Commissioner for the Cayman Islands, at a salary of not exceeding £600. The Commissioner, in addition to being the Chief Executive Officer, performs the duties heretofore assigned to the Collector General and Treasurer of the Islands, respectively, and the appointment annuls the existence of the office of Custos of the Islands.

For judicial purposes the Commissioner has, when sitting alone in the Grand Court the powers of three Justices, and in the Petty Sessions and Petty Courts, the power of two Justices.

## JUSTICES OF THE CAYMAN ISLANDS.

W. Conwell Watler, H. W. Ratty, A. E. Pantón, A. Crighton, William Farrington Samuel E. Bodden, J. T. Ebanks, M. McTaggart, L. Chisholm, H. O. Merren, J. S. Foster, R. W. Foster, G. N. Overton, J. J. Griffiths, W. T. Foster, Jr., J. N. Tibbets R. J. Watler, H. L. Ebanks.

There are Customs offices at Georgetown, East End and Cayman Brac.

Georgetown and Cayman Brac are the principal ports of entry. There is an *ad valorem* duty of 8½ per cent. on everything imported into the dependency with the following extra duties on:

Beer 4½d per gallon, Spirits 6s. per gallon. Wines and Bay Rum 1s. 6d. per gallon.

The following is the value of the Imports during the last three years, 1916-17, £26,916 1917-18, £37,949, 1918-19, £41,828; 1919-20, £50,831.

Coco-nuts, pay 1s. per thousand export duty. There is no other export duty.

*Internal Taxation.*

Sums received from Internal Taxation:

1913-14, £280; 1914-15, £372; 1915-16, £380; 1916-17, £255; 1917-18, £270; 1918-19, £295; 1919-20, £295; 1920-21, £375.

**Licenses**—Spirit licenses only are issued. £20 per annum. Beer, wines and tobacco may be sold without a license.

The chief Imports are food stuffs, sugar, flour, rice and canned goods, also dry goods, the majority coming via Jamaica from the United States of America. Very little is imported from the United Kingdom, owing presumably to the expensive freight and length of time elapsing between the order and delivery.

Lumber is imported in large quantities direct from the United States for house and ship-building.

The chief exports are:

Baskets, Hawk's bill and turtle-shell, rope, cattle and horses, dried skins, logwood, coconuts, conch pearls, conch shells.

The total value of the exports in 1916-17, £7,570; 1917-18, £5,229; 1918-19, £11,324; 1919-20, £28,531.

The great discrepancy between the value of Imports and Exports is due to the fact

RR

that many of the schooners built in the dependency are taken abroad and sold, their value not being included in these returns.

### THE MORANT CAYS AND PEDRO CAYS.

ABOUT the year 1825 some Jamaica planters in St. Thomas-in-the-East planted coconut trees on these cays for the use of shipwrecked sailors.

The Morant Cays and the Pedro Cays were taken possession of on behalf of the British Crown in the years 1862 and 1863, respectively, and it was at first intended that they should be annexed to Jamaica. It was, however, subsequently decided not to annex these cays to any colony but to give the Governor of Jamaica power to "deal with" all guano islands or cays within the West Indian naval station which were not already dependencies of any British Colony and which were, or might be, declared to be subject to British Sovereignty. Accordingly letters patent were issued in June, 1864, authorising the Governor of Jamaica to grant leases of and licenses to take guano from such islands. Leases have under this authority from time to time been granted by the Governor of Jamaica to different persons.

In 1882 complaints were made by Jamaicans who were then gathering guano that they had been subjected to outrages by an American vessel. Accordingly on the 12th October of that year Commander the Hon. W. J. Ward, acting on the instruction of Commodore Dunlop formally took possession of the Island for the British Crown.

The original intention was later carried out, and by letters patent under the Great Seal of the United Kingdom these Cays were formally annexed to the Colony of Jamaica, so as to give the Governor, Courts of Law and Magistrates full jurisdiction over them, and the then Governor, Sir Anthony Musgrave, on the 9th of May, 1882, under the authority of those Letters Patent, issued a Proclamation declaring that the date of annexation should be the 1st of June, 1882. For judicial purposes these cays form part of the parish of Kingston.

The Morant Cays are situated about 33 miles to the southeast of Morant Point, Jamaica and consist of three small islets. The sea birds arrive at these cays in great numbers during March, and in April the islets are covered with their eggs, which are collected and conveyed in schooners to Jamaica; later in the summer turtle are caught but the supply is becoming scarcer every year.

The Pedro Cays are situated some 40 or 50 miles to the S.W. of Portland Point on the south coast of Jamaica and consist of four Cays or islets, known, respectively, as North-east, Middle, South-west and South Cays. Temporary huts have been erected on these cays and coco-nut trees have been planted on the N.E. and S.W. Cays.

In 1906 the Morant Cays were leased for seven years to Captain S. E. Bodden, and the Pedro Cays for seven years to Captain John Greenwood.

### PLAGUE, CHOLERA AND YELLOW FEVER.

#### TO CAPTAINS OF VESSELS.

*Instructions particularly when there is no doctor on board, to enable them to carry out the provisions of the International Sanitary Convention signed at Paris on 3rd December, 1903, with respect to Plague, Cholera and Yellow Fever.*

#### GENERAL RULES TO BE ADOPTED BY VESSELS.

PRIOR to taking in cargo or embarking passengers at infected or suspected ports, ships should have clean holds, fore-castle and steerage, and the bilges and lumbers be free from odour or deposit. The water supply should be above suspicion (especially in cholera infected ports) and in such the drinking water should be boiled and all food should be protected against flies, etc. At places where plague prevails every precaution must be taken against rats, mice, and vermin of all kind. At such ports the vessel should, if possible, lie off in the stream or harbour when not taking in cargo or ballast. When moored alongside wharves or in dock, all ropes used for moorings should be provided

with suitable rat-guards, and the chain cables should be tarred from the hawse pipe to the water's edge. Similar precautions to be used when lighters are alongside, which latter should haul off at sunset and not come alongside until after sunrise (or when working hour commences). Where yellow fever prevails measures against the introduction of mosquitoes should be taken. Water tanks, barrels and other collections of water aboard the vessel shall be guarded, so as not to become breeding places for mosquitoes; and all such found on board should be destroyed. At such infected places, communication with the shore should be reduced to a minimum, and sleeping on shore at night prohibited. Earth, loam sand, street-sweepings or organic refuse should be refused as ballast. Passengers should not be shipped from an infected port if there is no Medical Officer on board nor should any crew be shipped either unless certified after *medical* examination as free from any symptoms of disease.

#### REQUIREMENTS WHILST AT SEA.

The "heads" latrines, water-closets, etc., and all places liable to harbour infection should be kept rigorously clean by frequent flushing and occasional disinfection. The bilge water should be pumped out and a strong solution of carbolic acid (one in twenty) or chloride of lime (Burnett's fluid) or other disinfecting fluid poured in. Free ventilation and cleanliness should be maintained in all portions of the ship during the voyage, and measures taken to destroy rats, mosquitoes and all vermin. If a case of sickness occurs among passengers or crew with symptoms suggestive of any of the three diseases to be described later on, it should be isolated without delay, and a member of the crew be detailed for his care—a volunteer among the passengers if the sick person is a passenger, or a ship-mate, if one of the ship's company is ill, is preferable. Communications between patient or nurse and others should be reduced to a minimum. The compartment from whence a sick person is removed should be disinfected and used clothes or bedding of nurse or patient should be immersed in disinfecting solution and boiling water poured on them. Yellow Fever patients should be placed under a mosquito net if such is available.

#### FORMULA FOR DISINFECTING SOLUTIONS.

|  |      |    |            |
|--|------|----|------------|
| No. I. Bichloride of Mercury (1-500) No. 1.  |      |    |            |
| Bichloride of Mercury or corrosive sublimate | ..   | .. | one part.  |
| Sea water                                    | ..   | .. | 500 parts. |
| No. II. Carbolic Acid 5 per cent. No. II.    |      |    |            |
| Alcohol (spts. of wine)                      | ..   | .. | 50 parts.  |
|  | mix. | .. |            |
| Carbolic acid, pure                          | ..   | .. | 50 parts.  |
| Add fresh water                              | ..   | .. | 900 parts. |

These solutions can be strengthened or weakened according as required.

The following methods of disinfection are given by way of a guide:—

Old, useless or badly soiled personal clothing, rags, infected dressings, papers and articles of no value (contaminated) should be burnt. Personal effects, mattresses bedding (infected) can be efficiently disinfected, either by a high pressure steam disinfecting chamber at a temp. of 100c., or by exposure to formal vapours. Articles such as coverlets and bed linen, etc., that can be steeped in anti-septic solutions without damage, can be disinfected by the No. I. or II. solutions. The period of contact must be from 4 to 6 hours.

To destroy rats or vermin, etc., various processes are recommended; the simplest and perhaps the most effective is by generating sulphur dioxide gas by burning sulphur rolls in an iron pot or Dutch oven standing in a bucket or tin dish containing a couple of pints of water, four lbs. of sulphur to 1,000 cubic feet of space is required, and the sulphur is best ignited by lighting with two or three oz. of spirits of wine or methylated spirits poured into a cone-shaped depression made in the middle of the sulphur in the pot when in position in the hold or compartment, care being taken to place it in a safe place away from any ignitable material and if possible on an iron disk or sheet of iron. The holds, fore-castle, cabins, lavatories, w.c., etc., etc., to be kept closed during the process of fumigation for at least four hours. It is desirable to remove all leather articles, steel and silver or plated goods, mirrors, etc., from such places during the process of fumigation.

If rats are dying in large numbers, they should be thrown over board care being taken

to use a pair of tongs or other implement as hand contact is dangerous. Every effort should be made to catch or destroy the vermin and rid the ship of them.

#### SYNOPSIS OF SYMPTOMS OF THE THREE DISEASES AND THEIR TREATMENT.

##### *Cholera.*

Incubation period said to be two or three days, sometimes less. First symptoms are: Diarrhoea with griping pain, "singing" or noises in the ear, a feeling of exhaustion and "sinking" with nausea and vomiting. Patient has anxious and pallid expression: soon diarrhoea becomes profuse and watery like whey or like water in which rice has been boiled, described as "rice water stools." The vomited fluid is of the same character. Soon cramps are complained of, at first in the feet then calves, sometimes in thigh, hands, chest and abdomen of an agonizing character. This is followed by collapse which appears in 6 to 8 hours. The surface of body becomes cold, livid and shrunken, absence of pulse at wrist, features have leaden hue and eyeballs are buried in their sockets; skin is often covered with profuse sweat. There is acute lassitude, apathy and suppression of urine. The disease terminates fatally in 12 hours, sometimes life lasts 24 hours or longer.

*Treatment.*—An early hypodermic injection of hydrochlorate of morphia  $\frac{1}{4}$  or  $\frac{1}{2}$  grain by inducing rest and sleep is recommended: water in moderate quantities at a time should be frequently given: weak fresh lemonade has been recommended. The burning sensation felt at epigastrium may be relieved by a mustard plaster: cramps are sometimes relieved by a strong stimulating liniment of Belladonna or chloroform with "Opodeldoe" (soap liniment) rubbed in vigorously with the hand. Stimulants in small quantities with effervescing drinks have been found useful: preparations of opium should be given guardedly and sparingly as they are liable to accumulate and if repeated in too large quantities may produce ill after effects: rest and sleep are the sheet anchors of treatment: during the reaction and convalescence the greatest care is required in dieting patient: if liquid nourishment induces vomiting the nourishment must be given by the rectum (small quantities of beef tea or chicken broth and a teaspoonful or two of brandy). Hot water bottles covered with flannel to be applied to body, etc.

##### *Plague.*

There are two varieties of plague: (a) Bubonic (b) Pneumonic. There are also minor forms. The period of incubation varies from 3 to 7 days. The onset is frequently sudden but there is generally a period of from 24 to 48 hours before the characteristic symptoms appear, during which time headache, weakness, vertigo and vomiting are present, also chills and fever. The next stage or bubo formation is associated with staggering gait, tremulous speech and restlessness; temp. 104 or over, pulse full 120 or more. The countenance presents an anxious, drawn, pallid appearance. Bubos or glandular swellings painful and tender to the touch rapidly develop in the groins, arm-pits, or neck. As the bubos enlarge the temp. falls as a rule 2 or 3 degrees also the pulse rate. This occurs on or about the 3rd day of the disease. The patient appears relieved, but invariably this is misleading: the fever again sets in and continues between 103 and 105 for about a week during which time the bubos become fully developed and soon are "ripe," or matter is formed in them, this occurs about the 10th day. The disease now assumes a more hopeful stage and becomes more a local than a constitutional one; but it is also a critical period as it is associated with heart failure and great debility, the patient requiring extra careful nursing, as well as stimulants and nourishing food of a suitable character. Convalescence is slow and liable to complication.

The Pneumonic variety of plague is generally very rapidly fatal in 3 or 4 days and there may be no bubonic enlargement or only very partial. It commences with rigors (shiverings), high temperature, pains in the limbs, headache, chest pain, cough (not always present), difficulty and accelerated breathing and delirium a very marked symptom, ending in coma and death. Expectoration blood stained and viscid, later it becomes watery and sometimes pure blood flows from mouth. Very few cases recover. This variety is said not to occur more than in a ratio of 3 per cent.

The treatment in ordinary bubonic plague is: abundance of fresh air, strength to be sustained by suitable nourishing food and stimulants, patient to be kept lying down for long period during convalescence, rest and sleep being the great factors as accessory

to food. The open bubos are to be carefully dressed twice a day, the dressing to be thrown overboard when ship is at sea, if in a roadstead to be destroyed by fire.

#### *Yellow Fever.*

This fever has, as a rule, a very quick onset. The first symptoms are headache general (malaise) discomfort and febrile disturbance. The temperature rises to 103 F. or 104 or more; the eyes assume an injected or "ferrety" appearance, face becomes flushed, soon severe backache (lumbar) is complained of, the stomach becomes irritable and everything is vomited (and with considerable violence as a rule); the epigastrium (or pit of stomach) is tender on pressure. The gums may be swollen and inclined to bleed, as well as slight bleeding from the nose—a symptom of much diagnostic value (at this stage). Constipation is the rule, and urine is scant and as a rule high coloured. About the 3rd day of the fever, a "lull" occurs, and patient and inexperienced attendant or nurse are sanguine that the sickness is about to abate. There is about then noticed commencing jaundice or yellow discolouration of the white of eye and skin (if a white subject) which increases in intensity; soon bleeding from the nose, gums, and "black vomit" set in—the urine has for some time become albuminous (if about a tablespoonful of the patient's urine is gradually boiled in a glass tube over a lighted spirit lamp to which 3 or 4 drops of pure nitric acid have been added, a deposit of what resembles curdled milk will be seen in the fluid urine, this is with the others already mentioned, an unvarying symptom of yellow fever.

*Treatment*—On suspecting the case to be one of Yellow Fever patient should be isolated in an airy apartment, if in the tropics in the open air, under an awning and with a mosquito net over patient day and night. All mosquitoes should be destroyed as far as practicable. Patient should get a full dose of castor oil to commence with, and small doses of calomel and Bi-carbonate of potash in powders gr. one of the former and five of the latter 4 or 5 times a day, or if the vomiting is excessive and continuous, the calomel alone placed on the tongue and wash down by a couple of tablespoons of iced (or cold water). A good way to get the calomel powders would be to weigh 12 grains of calomel and divide it into a dozen powders. The patient will require careful nursing and stimulants are pretty sure to be necessary. Iced hock, champagne or good French brandy and soda water in small doses are the best. The bowels will have to be moved by enema if necessary, or salines if they can be retained on the stomach. Diet: milk, egg-flip, chicken tea and bovril are indicated.

## JAMAICA EX-SERVICE MEN ASSOCIATION.

THE objects of the Association, which was formed in December, 1922, are (a) To afford Ex-Service Men of His Majesty's Forces resident in Jamaica support, both financial and otherwise, and to render them such assistance as the Association shall deem fit. (b) To acquire, hold, use and deal with such property real and personal and in such manner as may appear necessary or desirable for the benefit of the Members of the Association. (c) Generally to watch over and protect the interest of all Ex-Service men of H.M. Forces in Jamaica, and to promote their moral and industrial welfare. The Association is strictly non-political.

*Chairman of Executive Committee*—Captain R. S. Martinez.

*Secretary*—L. O. Gabay.

*Office*—61 Laws Street, Kingston.

## SISAL PLANTATION AND FACTORY.

## LITITZ.

THE establishment of Sisal cultivation was commenced in 1917 when a vote was provided for this purpose. The Crown Lands on the Lititz Savannah, containing about 1,100 acres in all, have been utilised for the sisal plantation. The total expenditure from General Revenue to the end of March, 1922, in establishing the plantation has been as follows:—

|           |    |    | £      | s. | d. |
|-----------|----|----|--------|----|----|
| 1917-1918 | .. | .. | 150    | 1  | 3  |
| 1918-1919 | .. | .. | 774    | 7  | 9  |
| 1919-1920 | .. | .. | 1,369  | 11 | 0  |
| 1920-1921 | .. | .. | 2,055  | 5  | 10 |
| 1921-1922 | .. | .. | 1,837  | 7  | 0  |
|           |    |    | <hr/>  |    |    |
|           |    |    | £6,186 | 12 | 10 |
|           |    |    | <hr/>  |    |    |

The factory has been placed at the northern extremity of the plantation so that the lands immediately adjacent thereto, which are in private possession may be established in sisal by the public and the leaves sold to the factory on a co-operative basis. The factory is prepared to pay 2 per cent. on the price of sisal fibre, f.o.b. Kingston, for leaves delivered at the factory. That is, if sisal be worth £30 per ton, the price of leaves delivered at the factory would be 12s. per ton. A bonus, representing half profits, will be paid in addition at the end of crop for leaves purchased by the factory.

There are about 1,000 acres of land within 2 miles of the factory suitable for sisal of which 200 acres have already been planted by one land owner.

The Lititz Board is willing to advance £2 per acre under the Agricultural Loans Law, (6 of 1887,) for approved plantation of sisal to be established within 3 miles of the factory.

*Capital Works*—Under the Loan Law, (22 of 1921), authority has been given for raising a loan of £27,000 for the establishment of the Fibre Factory at Lititz.

*Factory*.—The Factory started crop on the 1st December, 1922. The capacity of the machinery is in excess of 3 tons clean fibre per day of ten hours. The fibre is wasted brushed and baled by a powerful hydraulic baler for shipment.

## BOARD OF MANAGEMENT.

Director of Agriculture, *Chairman*. Hon. A. E. Harrison, Hon. A. G. Nash, A. C. L. Martin.

## STAFF.

*Supervisor*, R. A. Burgess; *Engineer*. H. V. Silvera.

## GOVERNMENT STUD FARM,

## GROVE PLACE.

The *Government Stud Farm* was established in 1920 during the administration of Sir Leslie Probyn, by the purchase of 'Grove Place' Pen in Manchester and its equipment with stock, buildings and accessories for use as a Public Stud Farm.

The main road from Mandeville to Mile Gully passes through the property, which is centrally situated so as to serve the convenience of penkeepers and owners of stock. The Jamaica Government Railway passes right through the lower portions of it at an elevation of 1,550 feet. The Railway has a siding at 'Grove Place,' with a suitable cattle dock so that animals can be delivered directly on the property when despatched by train and can be entrained at "Grove Place" for the return journey. A telephone service is installed. The area as purchased was 3,362 acres. Arrangements are, however, now in progress for the sale, mainly in small lots of about 800 acres. When taken over by the Government the area planted in guinea grass was set at 633 acres, while 520 acres were estimated to be in commons. Selected areas about 50 acres have been set aside for purposes of cultivation.

*Dipping Tanks*—Immediately on acquiring "Grove Place" the Government erected a public dipping tank with a capacity of 2,000 gallons. In the first year of its operation 9,530 head of cattle and horsekind belonging to the Farm and 8,227 head of visiting stock were passed through the tank.

*Public Weighbridge*—A Fairbanks Cattle Platform Scale has been erected at a convenient spot for the purpose. Stock are weighed for the public on demand at a small charge.

*Cows*—can be delivered at Grove Place for service by any bull desired at a fee of 10s with one month's free pasturage, thereafter 6s. per head per month.

*Mares*—can be delivered at Grove Place for service by either the Stallion or the Proof Ass at a fee of two pounds with one month's free pasturage, thereafter 8s. per month per head.

*Jennets*—will be admitted for service by the stallion ass on conditions obtainable from the Superintendent by request.

*Stud*—includes (1) The English Thoroughbred Horse "Water Jacket"; (2) The Kentucky Proof Ass, "Kentucky Boy"; (3) The English Hereford Bull, "Peacemaker"; (4) The English Sussex Bull, "The Arab"; (5) The English Devon Bull, "Northmoor Rentpayer"; (6) The English Aberdeen-Angus Bull "Popinjay"; (7) The American Red Poll Bull, "Panama"; (8) The American Jersey Bull, "Sophie's Jacoba Hector"; (9) The American Brown Swiss Bull, "Trumpeter"; (10) The Native Zebu-Jersey Bull, "Honourable Mr. Polo"; (11) The Native Guernsey Bull, "Liza First's Plato" (12) The Indian Montgomery Bull, "Dairyman of Pusa"; (13) The Indian Hissar Bull, "Pride of the Punjab" (14) The Indian Ongole (Nellore) Bull, "Majestic."

*Letters*—should be addressed to The Superintendent Government Stud Farm, Grove Place, Mile Gully P.O.

## OBITUARY FOR THE YEAR, 1922.

DAVID BALFOUR, who was born at Westray, Orkney, on the 30th of November, 1862, was educated at Edinburgh University, and was first prizeman in Conveyancing in 1886, Examiner in Conveyancing in 1887, and second prizeman in Political Economy in 1890. He was admitted a Solicitor in Scotland in 1888, and came to Jamaica in 1891, and practised for four years as a Solicitor of the Supreme Court. He became Clerk of the Courts in 1897 and was for many years stationed at Half-way Tree. He acted as Resident Magistrate in St. James (1897), Manchester (1902) and St. Andrew (1903). In 1906 he was appointed Stipendiary Magistrate for Kingston and two years later he was made Registrar General and Deputy Keeper of Records and Registrar of Titles. He supervised the taking of the Census in 1911 and 1921. He was a Justice of the Peace for Kingston, and author of a Student's Text Book on Scottish Court Practice (1891). He prepared an Index of registered lands in all parishes except Kingston. He died on the 20th of May at his residence at Half-way Tree.

Sir HARCOURT MORTIMER BENGOUGH, K.C.B., joined the 77th Regiment in 1855 and retired from the army in 1898. His War services comprised the Crimea, the Zulu campaign and the Burma Expedition. He commanded the Madras district in 1886-1891, the troops in Jamaica in 1893-4 and the first Infantry Brigade, Aldershot, in 1894-97. He administered the government of Jamaica from May to November, 1894. He wrote various technical works and published "Memoirs of a Soldier's Life" in 1913. He died at Bognor, England, in April in his 85th year.

DUGALD CAMPBELL was born at Cuildrynoch Tarbert in Argyshire, Scotland on the 3rd of October, 1841. He was educated at the parish school. He came to Jamaica in 1871 and entered on a planter's career and finally acquired Rose Hall in St. Thomas in-the-Vale. He was made a Justice of the Peace in 1879 and was for a time a Member of the Municipal Board of St. Catherine. In 1896 he was elected member of the Legislative Council for St. Catherine, and later became a Nominated Member, which office he held till shortly before his death. He served from time to time on several Commissions. He was a prominent member of the Board of Management of the Jamaica Agricultural Society, and his wide agricultural experience was ever at the service of the Island. He died after 51 years residence in Jamaica on the 20th of May at his residence Kilmurley in Lower St. Andrew which he had acquired a few years previously.

SOLOMON ALEXANDER GILBERT COX was born in Kingston on the 28th day of March 1871. He entered the public service at an early age and served in various parts of the island in the judicial department. Meanwhile he qualified in England as a barrister, and started in private practice. He founded the late National Club, and conducted a magazine called "Our Own." For several years he represented St. Thomas in the Legislative Council. In 1911 he emigrated to the United States, and settled at Boston where he practised as an Attorney at Law. He was also a notary public and a Justice of the Peace for the State of Massachusetts. He died in Boston on the 5th of December.

JOHN D'AETH, M.I.C.E., I.S.O., the son of James D'Aeth, of Waltham Abbey and Cheshunt, was born on August 10th, 1853, and was educated at Bishop's Stortford High School and King's College, London. At the age of 20 he was appointed to the staff of the Public Works Department, Jamaica, and served as District Engineer in various parts of the island, and supervised the construction of mountain roads. He did special work in Dominica in 1901 in the making of roads. He was promoted to be Assistant Director of the Public Works Department in 1902 and held that post till he retired in 1914. For his services on relief works after the hurricane in Jamaica in August, 1903, he was mentioned in dispatches. He received the I.S.O. in 1910. He died at Purley, England, on the 21st of November.

Admiral Sir ALGERNON DE HORSEY, the son of Spencer de Horsey of Great Glemham, Suffolk, was born on the 25th of July, 1827. He entered the Navy in 1840, becoming a sub-lieutenant in 1846. In 1851 he was flag-lieutenant to the Commander-in-Chief on the West Indies and North America Station. Two years later he became a commander, and a captain in 1857.

Captain de Horsey served the greater part of the eighteen years he held this rank on the West Indies Station. While in charge of the *Brisk*, he captured after a hard chase a celebrated Spanish slaver, the *Manuela*, of 702 tons, with 816 slaves on board. He was senior officer at Jamaica in the *Wolverine* during the riots in 1865, and for his ser-

vices on that occasion received the thanks of both Houses of Parliament. In opening the Legislative Session of 1865, Governor Eyre in referring to the matter, said—"To the senior naval officer, Captain de Horsey, of H.M.S. Wolverine, we owe it that we were enabled to carry out with promptitude and efficiency the arrangements necessary to control and suppress the rebellion."

de Horsey next served in Canada. In 1871 he was made A.D.C. to Queen Victoria; and in 1872 he became Commodore at Jamaica with his broad pennant in the *Aboukir*, the figure-head of which ship was in the Dockyard at Port Royal till 1921, when it was removed to Bermuda by the then Admiral on the station. Commodore de Horsey left Jamaica in 1875, when he was advanced to flag rank and became Commander-in-Chief on the Pacific Station. He became Vice-Admiral in 1879, and full admiral in 1885. He retired in 1892, and in 1903 he was made a K.C.B. He died, the father of the Navy, on the 22nd of October. He had served 25½ years actual sea time, 13 being on foreign stations.

EDWARD EARLE was born in London, England, on the 4th of February, 1866. When six years of age he came to Jamaica and was educated at Potsdam (now Munro College) and at the Jamaica High School (now Jamaica College.) He won the Jamaica Scholarship and the Gilchrist Scholarship in 1884 and went to University College, London, where he graduated, M.B., M.R.C.S., England and L.R.C.P. London with honours and gold medals for Clinics and Obstetrics. He soon afterwards entered the Jamaica Medical Service; and was District Medical Officer successively at Buff Bay, Lucea, Black River and May Pen, and from 1915 Health Officer at Port Royal. He was a Justice of the Peace for four parishes. He died at Port Royal on the 21st of May and was buried at Half-way Tree Churchyard.

ARTHUR GEORGE, who was born in St. Thomas-in-the-East on the 19th of December 1849, on leaving school entered on a commercial career and was from 1879 the Senior member of the firm of George and Brandy, commission and shipping agents and was a prominent member of the commercial life of Kingston. His firm became agents for the Canadian Pacific Steamship Service. He was a Justice of the Peace, and for a time a member of the Mayor and Council of Kingston. He was also a member of the Advisory Board of the Jamaica Government Railway and Consul for Denmark and Greece. He died at Ardenne, Half-way Tree, on the 22nd of January.

Sergeant WILLIAM J. GORDON, V.C. was born on the 19th May, 1864 and enlisted at Up-Park Camp in the West India Regiment on the 9th July, 1885. During the same year he proceeded with the 1st Battalion to Sierra Leone and two years later was promoted a Lance Corporal in the Drum Corps of the Battalion.

In February, 1892 he proceeded with E. Company 1st West India Regiment in detachment to the Gambia commanded by Major G. C. Madden, C.B., D.S.O.

On the 8th March the chief of Toniataba, a mud fort about 13 miles up the Gambia River, having refused to come to a palaver to which he was summoned by the Governor, Major Madden was directed by the Governor to proceed to Toniataba and endeavour to persuade him to submit and if necessary to arrest him.

On arrival before Toniataba Major Madden completed his dispositions and then summoned Suliman Santer, the chief, to come and talk. After some delay, it being evident that the chief had no intention of complying, Major Madden proceeded with Lance Corporal Gordon and 11 men, to the gate and endeavoured to break it in with a beam used as a battery ram. While so engaged a volley was poured into the party. Gordon, seeing the muskets being thrust through the loop hole within two or three yards of Major Madden's back, who did not realize what had happened, threw himself between Major Madden and the muskets, pushing that officer out of the way and exclaiming "Look out, Sir." At the same moment Gordon was shot through the lungs. By his bravery and self-devotion on the occasion he probably saved his commanding officer's life. For this act of gallantry he was awarded the Victoria Cross on the 9th November, 1892.

In 1896 he was posted to the Depot in Jamaica and was subsequently promoted Acting Sergeant Drummer. He was discharged from the service in 1902.

When granting the award of the V.C. to Gordon, Her Majesty the Queen expressed a wish that he should never be tried by Court Martial if the occasion should arise.

In 1897 Gordon went to England to the Queen's Jubilee and whilst there was summoned to Windsor Castle where he was received by the Queen.

Gordon died on the 15th August in Jamaica and was buried in the Military Cemetery at Up Park Camp.

Rev. WILLIAM GRAHAM, the son of John Graham, Provost of Lochmaben was born at Lochmaben, Dumfriesshire, Scotland on the 14th of May, 1859. He was educated at Edinburgh University and was licensed to the Ministry in 1885 and ordained two years later. In 1887 he went to Newfoundland where he was pastor till 1896 when he came to Jamaica as pastor of the Scotch Kirk, where he established for himself a reputation as a pulpit orator. He was a keen educationist and was for years a member of the Board of Education and of the Board of Management of Shortwood Training College of which he became Chairman on the death of Archbishop Nuttall. He was also a member of the Board of Visitors of the Kingston General Hospital. He founded a Young Men's Guild in connection with his church, and he published a monthly church magazine. He died at Edinburgh, on the 1st of July.

Commander EDWARD CODRINGTON HALL, R.N. retired, entered the Royal Navy in 1851 and served for twenty-one years and was present at battles in the Crimea and was mentioned in despatches and received the Crimean, Baltic and Turkish medals. On coming to Jamaica he purchased Hector's River in Portland, where he lived till his death which occurred there on the 22nd of June. He was Custos of the parish. He was a descendant of Jasper Hall, Receiver-General, and Speaker of the Assembly in 1778.

R. V. CANON JAMES PHILIP HALL, J.P., who was born in Devonshire, England on the 28th of July, 1851, came to Jamaica in 1883 and was ordained Deacon in the Church in the same year. He first worked in St. George's, Kingston, then at Darliston, at Montego Bay and at Aboukir. In 1887 he was made rector of Brown's Town, where he was instrumental in building the present church, and the Diocesan High School, towards which he contributed an Auditorium. He took an interest in Archaeology and was a Fellow of the Royal Geographical Society. He was made a Canon in 1920. He died on the 14th of September.

RALPH HENRY ISAACS, the son of Andrew Henry, later Isaacs, Cashier to the Kingston General Commissioners, was born in Kingston in August, 1866. He was educated at St. George's College; and, on leaving school in 1881 entered the service of the Kingston General Commissioners and steadily rose until in 1913 he became Managing Commissioner. He possessed the fullest knowledge of all branches of the work of the Commissioners in which he took the keenest interest. He was a Justice of the Peace for Kingston and St. Andrew. He died on the 30th of April.

Major LOUIS FREDERICK KNOLLYS, C.M.G., the third son of Canon W. F. E. Knollys, was educated at Radley and Marlborough, and joined the 32nd Light Infantry, becoming afterwards Major in the Cameronians. In 1872 he began his long association with Sir Arthur Hamilton-Gordon (afterwards the first Lord Stanmore), to whom, when Governor of the Mauritius, he went out as A.D.C., and whom he accompanied to the Governorship of Fiji in 1875. He received his decoration for his successful command of an expedition to suppress a rising in the mountains there in 1876. When Sir Arthur Hamilton-Gordon was appointed Governor successively of New Zealand and Ceylon, he again took Major Knollys with him as A.D.C. Then in 1886, Major Knollys was made Inspector-General of Constabulary and Director of Prisons in Jamaica, and in 1891 he returned to Ceylon as Inspector General of Police, the charge of the prisons being added in 1898. He retired in 1902. He died in December at Ross-on-Wye, aged 75 years.

CHARLES ARNOLD MALABRE, who was born in Kingston on the 15th of November, 1857, was educated at St. George's College, Kingston and at Stoneyhurst, England. On his return to Jamaica he entered on a Commercial career, trading as Arnold Malabre & Co., and holding important positions in connection with other trading and shipping companies. He was a Justice of the Peace, and Consul for France. He was a member of the Roman Catholic Church. He died on the 1st of February.

HORATIO EDMUND MAUNSELL, M.B., C.M., was the son of the Revd. Thomas Maunsell, a member of the Irish branch of an old family of Breton extraction. He was born in County Galway, Ireland, in the year 1847, and graduated at Trinity College, Dublin. He was for some years an Army Surgeon, but afterwards attached himself to the Kingston Public Hospital, and later bought a living in England. Owing however to the

fact that in treating a patient suffering from Diphtheria in Jamaica he had contracted the disease from which his throat suffered throughout the rest of his life—he was recommended by the late Sir Morell McKenzie, the great throat specialist, to return to the tropics. He first practised in St. Ann and when Dr. Izett Anderson left Jamaica in 1894 he acquired his Kingston practice. He was for many years attendant to the Mico Training College, and the Jamaica College, and was also Medical Referee of the Jamaica Mutual Life Assurance Society. He was a Member of the Central Board of Health, and a past President of the Jamaica Branch of the British Medical Association. He died in Kingston on the 29th of November.

JOHN WILLIAMSON MENNELL was born at Sheriff Hulton, Yorkshire, England in July, 1841 and was educated at Ardlith Holgate School, Yorkshire. He came to Jamaica in 1859. He was made a Justice of the Peace for Westmoreland in 1875. He was a Member and Vice-Chairman for many years of the old nominated Board and for nine years Chairman of the Parochial Board of the parish. From 1880 he sat, with only three years interval, as a Trustee of Manning's School for 39 years. He was for many years a lay representative to Synod of which he was the oldest member, and a member of the Diocesan Council of the Church of England in Jamaica. He died at Darliston, Westmoreland on the 11th of June.

Rev. PATRICK F. X. MULRY, S.J., was born in New York City on the 3rd of December, 1860.

He entered the Society of Jesus in 1877, was ordained priest in 1892 and in the following year came to Jamaica, when the Mission was transferred, on the death of Bishop Gordon, from the English Jesuits to the Maryland-New York Province. For twenty years he worked not only in connection with the Cathedral, being at many of the mission stations in the Colony, especially at Matilda's Corner and Gordon Town in St. Andrew.

He was an earnest preacher, a hard worker, a noted controversialist and a good fighter, without malice of any kind.

He was for a time Vice-Chairman of the Kingston School Board, and at times acted as a member of the Board of Education.

He died in St. Elizabeth Hospital, New York, on the 2nd of November.

DR. ROBERT OATES, son of George Hibbert Oates, of Jamaica, was born at Lucea on the 23rd October, 1827. He began his education at Lucea and continued it in Scotland and at the Bath Grammar School, Bath. He returned to Jamaica in 1845, but left the Island in 1849 to study medicine. He took his degree of M.B. at Aberdeen University in 1853 and his diploma of L.R.C.S. and certificate of midwifery at Edinburgh University in the same year. He also studied in Paris. He came back to Jamaica in 1854 and practised through the cholera visitation and until 1869, in conjunction with the management of his estate of Rowington Park, Clarendon and other properties. He was J.P. for Clarendon, and Surgeon to the Clarendon Troop of Volunteers and to the Police, and also Doctor to the Milk River Bath. He left the island in 1869, and travelled in Europe and the Near East and Egypt, and finally married and settled in London. He died in London on the 21st December, 1921, at the advanced age of 94.

ADAM ROXBURGH, J.P., who was born in Kingston on the 13th of October, 1854, became one of the leading penkeepers of St. Ann, and indeed of Jamaica. He was the second son of Thomas Francis Roxburgh, of Annandale, St. Ann. He was educated partly in England, and partly in Edinburgh, Scotland, and before returning to Jamaica, he spent three years at Baysham Court, Herefordshire, and there he acquired an extensive knowledge of stock which made him one of the best judges of cattle in the colony.

He was for sixteen years a member of the Parochial Board of St. Ann and for ten years its Vice-Chairman, and a prominent member of the Board of Management of the Jamaica Agricultural Society. He was District Grand Master of Scottish Freemasonry in Jamaica, and President of the Jamaica Masonic Benevolent Association. He died at his home, Mount Plenty, in St. Ann, on the 6th of December.

MOTHER MARY VERONICA O.S.F. who was born in Cork, Ireland in 1845 entered the Franciscan Order at Alleghany, New York in 1865. She came to Jamaica in 1879 and until 1914 laboured in the elementary schools and amongst the poor and needy. For six years of her later life she was Superioress of the Duke Street Convent, Kingston and for the last two Vicar-General of the Order. She died on the 15th of January.

Among the valuable memoirs on the geology of Jamaica published during the nineteenth century four were written by geologists who came to the colony to study the geology on the spot. The first was that of H. T. (afterwards Sir Henry) de la Beche, who laid the foundations of our knowledge of the geological structure and formations of the eastern half of the island in 1827. In 1869 there appeared the memoir and map recording the results of the official geological survey of Jamaica from 1859 to 1866 by Lucas Barrett, James G. Sawkins and others. This work, which contains also a report on the fossils by Robert Etheridge, describes for the first time the geology of the whole of Jamaica and is still the standard work of reference. Passing over many interesting papers in which fossils collected from Jamaican rocks are described, as well as some minor publications dealing with stratigraphy, we come to the important works of J. W. Spencer and R. T. Hill written at the close of the century. That of R. T. Hill, entitled "The Geology and Physical Geography of Jamaica: Study of a type of Antillean development," is especially valuable in that it clears up much of the confusion that had arisen in the official memoir of Sawkins and his colleagues as to the age, sequence and correlation of the limestone formations of the island.

After the appearance of Hill's 1899 memoir little was written about Jamaica geology for some fifteen years or more, with the exception of papers dealing with the causes and effects of the Kingston earthquake of 1907. Interest in our local geology has, however, lately been revived and our knowledge of the subject enriched by the publication of ten papers, the titles of which appear at the head of this article.

Of these new memoirs, that by a Bohemian, Dr. J. V. Danes, on the "karst" phenomena of Jamaica is the largest. It contains the most detailed account that has yet been written of the topography and morphological development of certain portions of the "karstland" or "White Limestone" country of Jamaica. Although his studies in Jamaica

were carried out in 1906 his paper was not published till October 1914 and copies did not reach Jamaica till eight years later, the delay in distribution of the paper being no doubt chiefly due to the fact that at the date of publication Bohemia was an enemy country.

In 1906 Dr. Danes had arranged to attend the International Geological Congress in Mexico and he visited Jamaica on his way there with the sole object of studying the limestone phenomena of this island. He had previously investigated the morphology of the karstlands of Western Bosnia and Herzegovina, but he found that the physiographical features of those regions were modified by intense tectonic disturbances and folding of the strata, and he selected Jamaica as a favourable area for his next field of study because he had ascertained from the published geological and physiographical descriptions of the island that its limestone areas had been relatively undisturbed. He arrived in Jamaica in July 1906, and after spending a few days for preliminary study at the Institute of Jamaica and in making preparations for his journey he set out on horseback to visit the most instructive of the limestone regions of the island, especially the "interior valleys." Except for a brief account of his work given to the International Geographical Congress at Geneva the publication of his studies was suspended for eight years, as already indicated, but the interval was partly occupied in visits by him to other "karst" regions, notably the Causses of South Eastern France, the Dinaric Alps, the island of Java and the Barkly Highlands of Northern Australia, so that when his paper was prepared he was exceptionally well qualified to write with authority on the subject.

In recent years much study has been given by physiographers on the Continent of Europe to the special types of landscape and of water drainage that characterize regions occupied by thick deposits of limestone. One of the results has been that they have introduced into scientific nomenclature a number of new terms mostly adopted from the languages of Southern Europe, and such words as *karst*, *polje*, *dolina*, *ponor*, etc., will be found freely employed in Danes's paper. These terms are not very familiar even to many geologists and no apology is needed for explaining them to the general reader for whom this article is chiefly written. The "Karst" or "Carso" is the barren, stony and almost waterless country lying to the east of the River Isonzo in Northern Italy, over which, it will be remembered, the Italians tried to force their way to Trieste against the opposing Austrians in the Great War. The term *Karstland* is now used geographically for any limestone district having the peculiar physical features that characterize the Carso, and Danes applies it to the White Limestone areas of Jamaica, though these differ from the typical barren karstlands of Europe in being thickly clothed with trees and other vegetation. *Polje*, a Serbian word meaning cultivated area, corresponds to what are known in Jamaica as "interior valleys." They are areas generally several square miles in extent, with flattish floors, surrounded completely or almost completely by steep limestone ridges, and usually drained internally by a system of sink-holes. After heavy rains the floors of some of them may form temporary lakes or swamps. *Dolinas* (or dolines) and *ponors* are smaller areas of inland drainage than the poljes, and are often funnel-shaped. *Dolinas* have bottoms filled with red earth and include the "cockpits" of Jamaica, while ponors are swallow-holes with open bottoms and are known in Jamaica as "sinks" or "sink-holes." The rough fretted surfaces of the white limestone which are so difficult to traverse and which are known in this country as "honeycombed" surfaces are now called by most physiographers *karren* or *karrenfelder* though French and Swiss geologists also term them *lapies*. We are now in a position to give a summary of Danes's studies of the Karstlands of Jamaica, and as his book is written in German a fuller account will be given of it than of the other works under review which are in English.

Before he began his field work Dr. Danes examined the local maps and geological literature in the Institute of Jamaica with the help of Mr. F. Cundall. The remarks of this foreign scientist on the maps of Jamaica are worth perusal by Jamaicans. They were certainly of interest to the present reviewer whose geological work in the island has also been much handicapped by the absence of suitable contoured maps. Dr. Danes's opinion is that none of the later maps are equal in quality to those published by James Robertson in 1804, on which, he says, "the complex and remarkable topography of the karstlands is, for its time, excellently portrayed," and he thinks it is regrettable that an up-to-date revision of Robertson's map has not been issued. He adds:—

"It seems indeed quite time for the administration of the colony, which is exemplary in many respects, to remove so serious a defect from this important area of cartography." (page 7.)

His opinion of the latest maps that he saw is that the physiographical data are quite

inaccurate and give a wrong impression of the orographical features. He also complains that there is no proper contoured map of the island, the small contoured sketch-map issued with R. T. Hill's Memoir being merely a makeshift as the necessary basis for constructing such a map (that is to say, a series of correctly measured elevations), does not exist. Such heights as are recorded are based upon barometric measurements and are only approximate and they "will certainly require to be fully corrected some day by a trigonometrical survey." He concludes his remarks on this head by saying:—

"The reproach that is frequently cast at England and the Colonial Administration for their neglect of Jamaica is very true as regards the surveys necessary for an exact knowledge of the island, and especially as regards the measurements of elevations."

Elsewhere he gives expression to the feeling that, when he wrote, Jamaica was behind hand in scientific investigation of her resources. Thus, he says that he could not obtain sufficient data about the changes of water level of the Rio Cobre, "probably no records had been taken although the water is used for industrial and irrigation purposes." Again he remarks that he did not get much information about the hydrographic problems of Jamaica "as a hydrographic observation service is still not in existence," and he could obtain "only very general and uncertain particulars from private individuals who kept no records and took little interest in the subject."

The introductory portion of Danes's paper extends to twenty-one pages. It is evident that he has carefully studied the principal geological literature relating to Jamaica. He gives a clear account, with some criticisms of his own, of the researches of De la Beche, the Survey Geologists, Hill and Spencer, and describes in outline the geology of the island. He does not accept Hill's view of the probably Pliocene age of the "Kingston Formation," i.e., of the sands, loams and gravels of the Liguanea and Clarendon plains. Danes regards it as of much later age, agreeing in this respect with the earlier geologists and with J. W. Spencer. He gives a full account of the investigations made by De La Beche, Sawkins and Hill into the remarkable physiography of the white limestone country and of the attempts of those authors to explain the causes and development of this special type of scenery.

In his travels through Jamaica which extended to about 220 miles (excluding railway journeys) Dr. Danes saw most of the limestone districts of the western half of the island. His descriptions of the country visited are sometimes given in considerable detail. They are full of interesting observations, many of which are in agreement with those of earlier geologists, while others are new. He accepts the view of previous workers that the basin of St. Thomas in the Vale was once occupied by a lake, the highest level of which he estimates at about 250 metres above the present level of the sea. This vale is now drained by a later river which occupies the Bog Walk canyon. He criticises the present geological maps of Luidas Vale as being incorrect in showing that the bottom of that valley is occupied by a formation older than the White Limestone. In Danes's opinion the formation is newer than and overlies the White Limestone. In other areas also he disagrees with the mapping recorded on the geological maps. His account of the later geological history of Luidas Vale, where as the first of the late Hon. J. V. Calder, he examined the area in detail, may be cited as an example of Dr. Danes's work. His opinion is that this depression or polje, though to some extent determined tectonically, is not an area of subsidence. It was probably filled in Pleistocene times by a lake, two stages in the level of which can still be recognised by terraces. The area is now dry, except at times of excessive rains, owing to the water level of the streams (mostly subterranean) that used to feed this lake, having sunk to a level below the floor of the polje. Considerations of space prevent any account being given of his detailed studies in other parts of the island, and it must suffice to conclude this review with the general conclusions at which he arrived. In the main they are as follows:—

The limestone country of Jamaica has been elevated without much disturbance. The strata in the middle of the island dip at low angles to the north and south from a principal axis that runs east to west. Local disturbances of the strata are probably not tectonic but consequent on the chemical solution of the beds below. Many tectonic lines cross this karst region, especially in two directions, one of which runs E-W, while the other varies from NNW-SSE to N-S. They affect the geological structure very little but have had a great influence on the development of the landscape, because they have been guiding lines along which chemical erosion has operated most easily. That these two directions prevail in the arrangement of the karst depressions is shown especially clearly in the Cockpit Country where the Karst troughs, blind valleys and rows of dolinas run

in both these directions, cross one another at almost a right angle and divide the original plateau into a maze of stumpy cliffy hills or short jagged ridges.

He agrees with Hill that the poljes or flat-bottomed Interior Valleys of Jamaica have been chiefly excavated by chemical erosion and in no way represent tectonic subsidences. They therefore correspond to the karst poljes of Bosnia and Herzegovina as explained by Cvijic. He traces the course of development, leading finally to destruction, of the poljes of Jamaica. He regards them as arising from the coalescence of a number of adjoining karst troughs or dolinas owing to the removal by denudation of the ridges that separated them. Remains of such separating ridges are still to be found in Queen of Spain's Valley, Cave River Valley and elsewhere. Some of the poljes (Luidas Vale, Whitney Valley) are in a mature stage of development; the river in them has a very flat bed and aids in the levelling of the polje. Others (Oxford Valley, Cave Valley) are in the stage of decay; here the rivers have excavated a deep bed in the plain which is being broken up anew to form an irregular and undulating surface.

He considers the Karstland of Jamaica to have reached an extremely advanced stage in the geographical cycle of development. The old limestone plateau once extended beyond the present confines of the island. It has not only been much reduced in extent but the area in which underground drainage occurs becomes continually smaller, owing to the direct surface drainage system gaining more and more ground. The largest and finest poljes of the island have already lost their hydrographical peculiarity of internal drainage, as their drainage now issues in an open, deep and narrow canyon valley (St. Thomas in the Vale, Appleton Valley), while others are approaching the same fate. The limestone circumference of the Queen of Spain's Valley is already breached in one or more places by streams draining into the Martha Brae River, and the Oxford Valley polje is separated from the head waters of a normal river only by a narrow ridge strewn with deep dolinas. The subterranean drainage system is also in an advanced stage. The rainy seasons never occasion a very lasting flooding of the poljes nowadays, the underground caves and channels having been sufficiently enlarged to cope with great volumes of water. The assumption of the Survey Geologists that the bottoms of most of the poljes lie in the older formations is not borne out by Danes's examination of some of them.

Finally, he says the Cockpit Country is a special type of karstland that is new to physiographers and he promises a fuller account of it in another memoir dealing with the *Guenoeng Sewoe* or *Poentoeck Sewoe* of Java, where similar country occurs. Unfortunately a copy of his Java paper has not yet reached Jamaica.

In giving the above resumé of Dr. Danes's memoir, the present writer thinks it is only right to say that he has been investigating the same phenomena in certain parts of Jamaica, chiefly in the parish of Trelawny in connection with questions of water supply, without being aware of Dr. Danes's work, and has arrived independently at conclusions which in many respects agree with those of Dr. Danes. These studies are being continued in other parishes and in due course will, it is hoped, be published. They have not so far confirmed or even supported Dr. Danes's opinion that more water flows in surface streams and less in underground channels than formerly. On the contrary there is some evidence in parts of Jamaica that the development of subterranean drainage is still in progress and that what were once important regular surface streams have lost their water by the enlargement of fissures in their beds and are now dry gullies except at times of flood.

The two papers by Mr. H. E. Anthony are concerned with a feature of West Indian geology that has received much attention from American zoologists and geologists during the last few years. The West Indies are remarkable for the paucity of their native mammalian fauna which, in Jamaica, consists (since the extermination of the rice rat by the introduced mongoose) of a single species of rodent, the Indian coney (*Geocapromys brownii*). The recent discovery of a more varied and extremely interesting extinct fossil fauna in the limestone caves of the other islands of the Greater Antilles has aroused much interest and induced the American Museum of Natural History to send Mr. Anthony and an assistant for four months to Jamaica to collect living and extinct mammals. They were fortunate in discovering five extinct kinds of rodents in a cave on the Wallingford Estate, Balaclava, all belonging to new species and to hitherto unknown genera. The most interesting find is *Clidomys ashborni*, a hystricomorph rodent of most unusual size, far exceeding in that respect any living rodent, and believed to have weighed perhaps 150 lbs. It is noteworthy that no remains of ground sloths were found, although they have been collected from the cave deposits of Porto Rico and Haiti.

The study of the fossil mammals of the West Indies promises to throw much light on the later geological history of the archipelago, and every opportunity should be taken of

making further collections in Jamaica, not only from the caves but from river gravels, especially the old river terraces. The Antillean mammals, living and extinct, are distinctly South American in their affinities with a common ancestry dating back probably to Miocene times. Two hypotheses have been advanced to account for the presence of these animals in the Antilles. Some investigators hold that they are the descendants of mammals which were floated across to the islands fortuitously on masses of vegetation swept out to sea during floods down the rivers of the mainland. The other, more probable, hypothesis for which there is also supporting geological evidence, is that the ancestors of the fauna walked over from South America in Upper Miocene times when there was a large land mass or continent in the Antillean area with probable land connections along the Caribbean arc to South America, through Cuba to Yucatan and through Jamaica to Honduras. The Antillean continent was subsequently broken up, probably in Pliocene times, by extensive dislocations and converted into an archipelago.

The causes of the earthquakes of Jamaica have given rise to many differences of opinion. No two writers have been in agreement as to the locus of the disturbance which produced the destructive Kingston earthquake of 1907, and two of them have put forward different views at different times. Most writers however, agree in placing the epicentre in the neighbourhood of Kingston. Maxwell Hall's "Historic Epicentre" for Kingston earthquakes is under the sea about ten miles south of Bull Bay, though he places additional epicentres on a line running north of that spot to the north coast at Bull Bay. Mr. Stephen Taber takes up the subject afresh in his paper on "Jamaica Earthquakes and the Bartlett Trough." The Bartlett Trough is the long and narrow trench-like depression of great depth, often over 3,000 fathoms, that extends almost from the Gulf of Honduras to Haiti and separates Jamaica from Cuba. After discussing the published accounts of the earthquakes from 1692 onwards Mr. Taber comes to the conclusion that the great earthquakes of 1692 and 1907 and probably other destructive shocks as well as many minor shocks, originated off the north coast of the island, are connected with the Bartlett Deep and are due to movements along a great fault-scarp lying in an east-to-west direction mostly below sea-level near the north coast.

The late Maxwell Hall's posthumous publication on the earthquakes from 1688 to 1919 contains his last studies on the seismology of Jamaica. This official publication is to be welcomed not only for his valuable investigations into the periodicity of the shocks but also for his map of the epicentres which indicates that the movements that produce the shocks arise in Jamaica itself, and not, as Taber supposes, off its northern coast. The earthquake phenomena of Jamaica have never yet been adequately studied from the geological standpoint owing to insufficient knowledge of the structure of the island and the imperfection of the geological maps. The epicentres noted by Maxwell Hall have little meaning at present to the geologist, but as geological field-work progresses in Jamaica we may hope to find that most of them will harmonize with structural lines on the new maps and that the actual fault planes along which movements take place and produce earthquake shocks in this country may be determined.

The article in the Mining Magazine on the mining possibilities of Jamaica is the outcome of a visit by Sir Stopford Brunton to Cuba and Jamaica. It consists largely of extracts from the Geological Survey Report of Jamaica, and its interest lies mainly in the comparison it makes between Cuba and Jamaica as regards the possibilities of mining development. He remarks:—

"The adjacent island of Cuba, under the supervision of the United States, has within the last twenty years developed enormous mineral resources; iron, copper, gold, and manganese. The geological relationships of Jamaica are similar to those of Cuba and offer the same possibilities for mineral deposition. The possibilities for mining locations are only fewer than those in Cuba because the island is smaller. In view of these circumstances it would seem reasonable that operations for the development of the mineral resources of the island might be undertaken which, if conducted along scientific and conservative lines, might result in profit to the individual investor as well as benefit to the Empire. \* \*

The logical conclusion of a careful consideration of the situation is that while the present industries carried on in the island are of an agricultural nature, and mining efforts have so far not met with success, the numerous indications of all sorts of minerals and the fact that the last geological work was done in the island before the value of economic geology was realized, would warrant the statement that the mineral resources of this island of the West Indies had not been given a fair trial."

Dr. Trechmann's two papers are the first fruits of his visit to Jamaica in the winter of 1921-22. In the first of them he deals chiefly with the assertion of Prof. R. T. Hill that at Catadupa and at other localities in Jamaica Cretaceous and Tertiary fossils occur associated together, giving a peculiar palaeontological mixture unparalleled in any other part of the world. Two American geologists (Dr. W. H. Dall and Dr. T. W. Vaughan) have already refused or expressed their reluctance to accept Hill's views on this matter, and Dr. Trechmann has now proved conclusively that Hill was mistaken. Trechmann made a detailed examination of the sections along the railway near Catadupa, and shows that there is no mingling of the two faunas. The confusion has arisen owing to the fact that Rudist Limestones with Cretaceous fossils occur there in close proximity to Yellow Limestones of somewhat similar aspect with Eocene fossils, the two limestones being however quite distinct. The fauna of the Yellow Limestone is briefly described and he states that it "strongly recalls that of the lower and middle Eocene of various localities in Europe, North Africa and Asia."

In his second paper Dr. Trechmann describes the *Barrettia* beds of Jamaica, especially their occurrence on Houghton Hall Estate near Green Island. The genus *Barrettia*, one of the most remarkable of all the mollusca, was first discovered in the parish of Portland in 1861 by Lucas Barrett and described by S. P. Woodward in 1862. Further specimens found in other parts of Jamaica by F. C. Nicholas in 1895 and 1896 were sent to New York and described by Whitfield, who, however, was very doubtful whether these strange fossils could be molluscs and thought that they were more probably allied to the cup corals. That *barrettia* is truly a Rudist mollusc there is however no doubt, as Douville and now Trechmann have proved. For the first time Trechmann has found the lid or upper valve in a good state of preservation. He gives a list of the other fossils found associated with *Barrettia*, and believes that the bed though occurring at a rather low horizon in the Jamaican Cretaceous limestone sequence, is of very late Cretaceous date, probably Maestrichtian. Since writing these papers Dr. Trechmann has paid another visit to Jamaica and we look forward for further contributions of value and interest from his pen.

Dr. R. T. Jackson's account of the fossil echini of the West Indies includes a few sea-urchins from Jamaica, with one new species. It is evident that Dr. Jackson had access to very few specimens from this island as his list for Jamaica is capable of being very considerably extended.

The latest contribution to Jamaica geology is Mr. Withers' description of a Cretaceous crab collected a few years ago by Dr. D. Woolacott from a Rudist shale near Trout Hall, Clarendon. The crab, which is of a new genus and species and has been named *Carcinereles woolacotti* is "not only one of the most complete Cretaceous crabs so far discovered but is especially interesting from both a morphological and evolutionary standpoint."

In addition to the works cited there are a number of publications by American geologists, chiefly by Dr. T. W. Vaughan of the United States Geological Survey, in which the correlation of the geological formations of Jamaica with those of other parts of the West Indies and of Central America, etc., is discussed. Earnest endeavours are being made to work out the geological history of the Caribbean area, not only for its local interest, but for its bearing on world-wide problems. The Caribbean appears to have been, tectonically, an extraordinarily unstable region that has experienced a remarkably complex sequence of great earth-movements both of elevation and depression from early Tertiary times onwards. These movements are still imperfectly known. Dr. Vaughan regards the West Indies as the key area on the study of which the problem of the geological development of, and the evolution of life in, the Atlantic, Indian and Pacific Oceans as a whole will be solved. For such studies no part of the West Indies is of greater importance than Jamaica, on account of its central position in the Caribbean region, and a concentration of effort on the geological problems of Jamaica should result in good service for the West Indies as a whole and, if Dr. Vaughan's views are accepted, for the geology of the ocean areas generally. It is to be hoped therefore that the renewed interest in the geology of this island will not be allowed to languish.

## A BIBLIOGRAPHY OF THE GEOLOGY OF JAMAICA,\*

## DEPENDABILITY FIRST—THEN THE PURCHASE PRICE.

Dodge Brothers have never solicited patronage on a basis of price.

They have chosen rather to build their Car so well that its intrinsic worth would be unquestioned.

Dodge Brothers will continue to build their Car so well, that it will always be dependable, and the purchase price will be as nearly as possible the last expenditure.
